"The petitions are all for FM channel assignments to small communities which cater to the tourist trade and thereby greatly expand their populations during the summer months. All of the petitions seek these assignments for low density population areas that are experiencing a high growth rate when compared to the national norm. None of these communities has its own daily newspaper. [While each] receive[s] some FM service, • • • none has its own FM broadcast assignment."

3. We requested *Roanoke Rapids*[1] and *Anamosa and Iowa City*[2] showings in order that we might decide which assignment would better serve Commission policy of providing service to unserved or underserved areas. Peconic's *Roanoke Rapids* study attempts to demonstrate that a station operating on the Southold assignment would provide a first FM service to 1,303 persons in a 9.5 square mile area and a second FM service to 8,828 persons in a 30 square mile area. Although of lesser importance, it would also provide a third FM service to 30,252 persons in a 151 square mile area. These data were generated by applying *Roanoke Rapids* criteria to all pertinent stations except East Coast's WLNG-FM (Channel 221A, Sag Harbor, New York). Peconic asserts that a rigid application of the *Roanoke Rapids* methodology produces data which will not reflect an actual picture of Long Island's North and South Fork broadcast facilities. Peconic alleges that it is unrealistic to assume WLNG-FM would operate with maximum facilities as that would create a duopoly problem with respect to East Coast's Center Moriches station [Rules and Regulations, Section 73.240(a)(1)]. Peconic also showed that, if the WLNG-FM

[1] Operational integration is presumed where a group of systems share a single administrative office and maintenance crew, and they are under the same local management.

[1] Form and instructions filed as part of the original document.

[1] 9 F.C.C. 2d 672 (1967). This case sets forth the standards for determining whether a first or second FM service would be provided.

[2] 46 F.C.C. 2d 520 (1974). This case is like *Roanoke Rapids* except that it extends to AM as well and considers first aural service.

transmitter were moved 4.5 miles to the east, thus avoiding a duopoly problem, it would change current coverage so that the Southold facility would provide second FM service to 6,759 persons. Peconic asserts that, more likely than not, East Coast would not incur the costs entailed in changing a transmitter site, which would be necessary so that WLNG–FM could operate at maximum power.

4. The Commission's staff estimates that, if WLNG–FM were operating with maximum facilities, the proposed Southold station would provide no first FM service but would provide a second FM service to 1,303 persons in a 9.5 square mile area, and third FM service to 38,000 persons in a 170 square mile area.

5. With respect to its '*Anamosa and Iowa City* study, Peconic states that although more than half of the South Fork's land area situated within the Southold 1 mV/m contour receives one nighttime AM service (WTIC, Hartford, Connecticut), there are no 2 mV/m or better, interference-free, standard broadcast services available to communities which have a population in excess of 2,500 persons and are within the Southold or Center Moriches 1 mV/m contour.

6. On the comparison between Southold and Center Moriches, Peconic states that two Class B FM stations are already licensed to Brookhaven Town, in which Center Moriches is located. These two stations, WBLI (Channel 291) and WALK–FM (Channel 248), both at Patchogue, New York, it says can be expected to render service to Center Moriches only twelve miles away. By way of contrast, it points out that neither Southold Town nor Southold community has an FM assignment. Moreover, Peconic asserts that the proposed Center Moriches station's 1 mV/m contour would cover only two-thirds of Brookhaven Town. The proposed Southold station however, would provide a contour that would include all the contiguous and some of the non-contiguous portions of Southold Town, part of Plum Island. Peconic also states that the "10-mile rule" [rules and regulations, § 73.203(b)] would alternatively allow Channel 269A to be used at two communities in Southold Town which currently have no FM assignment, Greenport (pop. 2,481) and Mattituck (pop. 1,995).

7. East Coast submitted a consolidated *Roanoke Rapids* and *Anamosa and Iowa City* showing with respect to a Center Moriches assignment, in response to the *notice of proposed rule making*. By using traditional *Roanoke Rapids* criteria, the study showed that the Center Moriches station would provide no first FM service but it would provide a second FM service to a 1 square mile area containing 82 persons, and a third FM service to a 4 square mile area containing 2,356 persons. If AM service were included as a factor, the study indicates that the station operating on the channel by East Coast would only provide a third aural service to 82 persons in a 1 square mile area and a fourth aural service to 2,356 persons in a 4 square mile area. Use of WLNG–FM's assumed site yields the following data: a Center Moriches station could provide a second FM (or a third aural) service to 163 persons located in a 2 square mile area.

8. East Coast's engineering statement also shows that part of two and all of six other communities that have populations in excess of 2,500 persons and would lie within the Center Moriches station's 1 mV/m contour, do not presently receive AM nighttime service of 2 mV/m signal strength. These eight populated areas do receive, however, a minimum of three and a maximum of five FM services of at least 1 mV/m signal strength.

9. The Commission believes that the public interest would be served by the assignment of Channel 269A to Southold rather than Center Moriches. This assignment would advance our policies concerning equitable distribution of FM assignments by providing FM service to the North Fork of Long Island where only one FM service is now available, WRCN, Riverhead, New York.[3] It would provide for more second and third FM as well as a third and fourth aural service to a significant portion of the South Fork. On the other hand, if the East Coast proposal were adopted, the two FM assignments for Long Island now under consideration would be made to two communities a mere 7 miles apart: Center Moriches and Westhampton Beach.

10. With respect to the proposed assignment at Westhampton Beach, the Channel 296A transmitter site would have to be located in the westernmost portion of the available site area. East Coast, referring to an FAA written communication, presents the argument that that site cannot be used because the tower required to achieve 300 feet above average terrain would constitute an airhazard. In reply comments Peconic mentioned an alternative site at Pikes Beach, New York, which would not interfere with air traffic, but would meet the city grade signal requirements and all mileage separation requirements. The station that would operate on a Westhampton Beach Channel 296A assignment from Pikes Beach also could provide a city grade signal to all of East Moriches, Shirley, Mastic Beach, and to more than 75% of Center Moriches. Selection of a site here would not be critical if the need for serving with a city-grade signal to East Moriches, Shirley or Center Moriches is not present.[4]

11. Also East Coast submitted comment in which it advanced the counterproposal of assigning Channel 296A to Hampton Bays, New York, rather than to Westhampton Beach. Hampton Bays (pop. 1,862) in Southampton Town, is located approximately 8 miles east of Westhampton Beach. East Coast asserts that this assignment is desirable because it could be used at Mattituck, 8 miles north, as a Southold Town station, or at Westhampton Beach, as a Southampton Town assignment. The Mattituck station's transmitter would have to be located on Long Island's South Fork within a 1.5 square mile area near Hampton Bays. Peconic opposed the East Coast counterproposal. It submitted engineering data which shows that, even if the transmitter were located in the easternmost portion of that potential site area, the Channel 296A at Hampton Bays station would provide 1 mV/m service to a notably smaller portion of the Southold Town population. Peconic states that, if the transmitter were to be located in the westernmost part of the permissible site area, Southold community would not receive a 1 mV/m signal from a Channel 296A at Mattituck station. An additional negative factor mentioned by Peconic is that given such a site, less than half, or approximately 8,215 persons, of Southold Town's population would receive a 1 mV/m signal from the station which East Coast posits would be a Southold Town station. The counterproposal is not meritorious. Not only does the Westhampton proposal appear preferable, as MAC correctly notes in its reply comments, but assigning the channel to Hampton Bays would be contrary to one of our regularly expressed requirements since no person has expressed a specific interest in a Hampton Bays station, *Atlanta, Georgia*, 48 F.C.C. 2d 1026, 1028 (1974).

12. In view of the foregoing, It is ordered, That effective September 22, 1975, the FM Table of Assignments, § 73.202(b) of the Commission's rules is amended, insofar as the cities listed below are concerned, to read as follows:

| City | Channel No. |
|---|---|
| Southold, New York | 269A |
| Westhampton Beach, New York | 296A |

13. Authority for the action taken herein is contained in sections 4(i), 303 and 307(b) of the Communications Act of 1934, as amended.

14. It is further ordered, That the proposals of MAC Broadcasting Corp. and Peconic Bay Broadcasting Corp. are granted and that the proposal and counterproposals of East Coast Broadcasting Corp. to assign Channel 269A to Center Moriches, New York; and Channel 296A to Hampton Bays, New York, are denied.

15. It is further ordered, That this proceeding is terminated.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083; 47 U.S.C. 154, 303, 307)

Adopted: August 1, 1975.

Released: August 8, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
*Secretary.*

[FR Doc.75-20878 Filed 8-8-75;8:45 am]

[3] See para. 3 of the further notice of proposed rule making in Docket No. 14185, adopted July 25, 1962 (FCC 62-867), and incorporated by reference in para. 25 of the *Third Report, Memorandum Opinion and Order* (40 FCC 747, 758 (1968)).

[4] Since our decision in this regard rests on our own study, not the representations of Peconic, the fact that East Coast did not have a chance to respond to Peconic's reply to its question on this point assumes no importance.

[FCC 75-903, Docket No. 20420]

## PART 87—AVIATION SERVICES

### Additional Frequencies for the Radio Control of Airport Lights From Aircraft

By the Commission: 1. A notice of proposed rule making in the above-captioned matter was released on April 10, 1975, and was published in the FEDERAL REGISTER on April 18, 1975 (40 FR 17271). The dates for filing comments and replies have passed.

2. The Federal Aviation Administration (FAA) has requested that the radio control of airport lights be authorized on additional frequencies to accommodate the anticipated expanded use of this function. Sections 87.183(h) and 87.201 (c) of the Commission's rules and regulations specify the frequencies available to aircraft for the control of airport lights. The additional frequencies requested by the FAA for this purpose are presently available to aircraft for air traffic control, aviation instructional operations, and communications with aeronautical advisory stations. The use of these frequencies for the control of airport lights would be on the condition that no harmful interference is caused to these operations.

3. Comments were filed by: Nevada Safety Council, Aircraft Owners and Pilots Association (AOPA), and the Soaring Society of America, Inc. No reply comments were filed.

4. All comments were in substantial agreement with the Notice. AOPA concurred with the need for radio control of airport lights, but expressed concern about the current lack of information available to the itinerant pilot on where this system is in operation and the frequency used at each location. The Commission has been informally notified by the Federal Aviation Administration (FAA) that they are presently in the process of incorporating this information in the FAA Airman's Information Manual.

5. The Notice stated that the Commission has the question of utilization and assignment of the aeronautical advisory frequencies under study in Docket 20123. The results of this study are still pending and the use of these frequencies for the control of airport lights will be addressed in Docket 20123. However, the use of frequencies currently available for air traffic control (ATC) and aviation instructional operations will be made available, at this time, for the control of airport lights on a non-interference basis to the regular use of the frequencies for ATC and instructional operations.

6. Editorial changes were made to the Appendix, as it appeared previously in the Notice. These changes were not substantive but merely consolidated the rule sections dealing with the radio control of airport lights.

7. In view of the foregoing, It is ordered, That pursuant to the authority contained in Sections 4(i), 303(b), (f), and (r) of the Communications Act of 1934, as amended, Part 87 of the Commission's rules is amended, effective September 15, 1975, as set forth below.

8. It is further ordered, That this proceeding is terminated.

(Secs. 4, 303, 48 Stat., as amended, 1066, 1082; 47 U.S.C. 154, 303.)

Adopted: July 29, 1975.

Released: August 6, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
*Secretary.*

Part 87 of Chapter I of Title 47 of the Code of Federal Regulations is amended as follows:

1. In § 87.183, paragraph (h) is revised to read as follows:

**§ 87.183 Frequencies available.**

* * * * * *

(h) Provided no harmful interference is caused to authorized voice communications, brief keyed RF signals, for the control of airport lights from aircraft, may be transmitted on:

(1) Any frequency listed in § 87.183(i) and any frequency, in the band 121.975 to 122.775 MHz, listed in § 87.201(b), where the frequency is assigned to a station at an airport for air traffic control.

(2) The aeronautical advisory frequencies listed in § 87.201(c).

(3) The aviation instructional frequencies listed in § 87.341(a).

* * * * * *

2. Section 87.201(c) is revised to read as follows:

**§ 87.201 Frequencies available.**

* * * * * *

(c) The frequencies 122.80, 122.85, 122.95, and 123.05 MHz, are available to private aircraft stations for communications (1) with aeronautical advisory stations in accordance with Subpart C of this part and (2) between aircraft while in flight provided that harmful interference is not caused to air-ground communications and such communications pertain to the safety of the flight.

* * * * * *

[FR Doc.75-20875 Filed 8-8-75;8:45 am]

[FCC 75-913; Docket No. 20120; RM-1508, 1592, 1733, 1751, 1905, 1991, 2053, 2084, 2132, 2300, 2317, 2318, 1841][1]

## PART 95—CITIZENS RADIO SERVICE

### Revision of Operating Rules for Class D Stations in the Citizens Radio Service

By the Commission: 1. On July 31, 1974, the Commission issued a notice of proposed rulemaking in this proceeding which was published in the FEDERAL REGISTER on August 5, 1974, (39 FR 28167). Comments were due by January 30, 1975, and reply comments by February 15, 1975. The reply comment date was subsequently extended to March 14, 1975. In that notice, the Commission proposed to amend its Citizens Radio Service rules to:

(a) Increase the frequencies available to Class D stations by reallocating the band between 27.230 MHz and 27.540 MHz.

(b) Restrict certain channels to single sideband emission following adoption of the rules and all single sideband emission at a later date.

(c) Make Class D Citizens antenna height restrictions applicable to receiving as well as transmitting antennas.

(d) Provide for an antenna acceptance procedure in the Citizens Radio Service.

(e) Reserve Channel 11 as a calling channel.

(f) Delete and simplify certain permissible communication rules.

(g) Reduce the present age requirement for licensing in the Citizens Radio Service from 18 years of age to 16 years.

(h) Simplify the station identification rule.

2. An estimated 600 comments and reply comments were filed in this Docket. They range from single page letters to detailed statements and were submitted by radio equipment manufacturers, individuals and groups or organizations representing many licensees. The Commission is now ready to make a decision on the following portions of the proposal: calling channel reservations; various permissible communications rule changes; antenna height amendment; and station identification rule changes. The remaining issues: frequency reallocation, type(s) of emission to be authorized, antenna acceptance, other technical standards, and lowering the age requirement, have some serious and unresolved questions (including international considerations). These must be resolved before final rules on each issue can be adopted. They will be considered and final action taken in a later further report and order.

3. There was no opposition to the proposal to amend § 97.37(c) to apply the antenna height restrictions to receiving antennas as well as transmitting antennas. We are adopting the proposal with a slight clarifying modification in language. Henceforth, all antennas (both receiving and transmitting) and support structures associated with or used in conjunction with a Citizens Radio Service station must comply with the rules as to height. The twenty foot limitation will continue to apply to all antennas other than those of the omnidirectional type antenna. Antennas attached to existing antenna support structures of another authorized radio station may now not exceed the 60 foot height limit imposed on omnidirectional antennas in § 95.37 (c)(5).

4. Most of the comments favor the proposal to establish Channel 11 as a calling frequency. One recommended that all channels be available as a calling channel. Some parties suggested that a calling channel be designated in the group of proposed channels numbered 60–99.

[1] RM–1841 Filed by the United CB'ers of America on July 1, 1971. To the extent subject matter of this petition is not considered in Docket No. 19759, it will be considered in this proceeding.

VOL 40 NO 155 AUG 11 75 XU

Since this matter is more appropriately tied to frequency expansion it will be decided when that question is resolved. In view of the widespread use of Channel 11 as a calling frequency, we believe that a single national calling frequency as proposed, will promote an efficient and orderly calling procedure. As stated in the Notice the designation of several regional calling frequencies may prove to be difficult for the Commission to administer and confusing for licensees to execute. Therefore, § 95.41 is amended to designate the frequency 27.085 MHz (Channel 11) as a national calling channel, i.e. to be used only to establish communications and arrange to move to another channel. Adoption of this provision does not exclude calling on channels other than Channel 11.

5. We are adopting § 95.81 as proposed. This provision sets forth clearly the permissible types of communications and is intended to clarify the purposes for which the Citizens Radio Service may be used.

6. We requested comments as to whether the provision prohibiting relay of messages should be elliminated. This would permit a message to be relayed by a third party under poor operating conditions. Most comments on this proposal considered it to be especially important for relay during emergencies. But, the rules presently permit relay of messages during emergencies as well as for five other well-defined exceptions. The Michigan CB Council suggested that a message relay provision for situations where conditions prevent transmission between units of different stations and be limited to a distance of not more than 150 miles from the originating station. One national organization representing many hundreds of users stated that evaluation of a specific request to determine if it is a valid exception under the current rules is difficult while serving as a monitor. Therefore, the restrictions on the relay of messages are deleted as they now apply to communications within a radius of 150 miles from the originating station. Relay of messages beyond this distance continue to be prohibited.

7. The proposal to reduce the silent period to one minute was universally accepted. Similarly, there was little opposition to the five minute restriction on communications between Class D stations. We believe that some time limitations are needed in order to prevent stations from needlessly transmitting for long periods of time. A requirement for a limited transmission time and silent period offers a reasonable time restriction to assure that all licensees will have an equal opportunity to the use of the frequencies. Hence, we believe it to be in the public interest to adopt Rule § 95.91 as proposed.

8. The general opinion concerning the restriction on the number of inter-station channels was that the restriction was not necessary, particularly in view of the proposed new channel allocations. Although we are postponing action on allocating new channels we believe that some immediate relief to channel congestion on the existing frequencies can be achieved though the removal of the inter-station communication restriction. The question of intra-station channel restriction on the proposed expanded frequencies in the 27 MHz band is reserved for such time as the matter of expanded frequencies is considered.

9. The removal of the current prohibition against hobby use was widely supported and Section 95.83(a)(1) is hereby deleted. The intent of our action should not be misunderstood. Many licensees have in the past expressed their belief that it was "impossible to key the mike without violating the rules." The belief, however unfounded, leads to other rule violations such as failure to identify properly. We believe that deletion of the provision, along with the adoption of § 95.81 (see paragraph 5, supra), should enable every licensee to understand the permissible uses of the service and comply with the rules. Voluntary compliance by most licensees is essential for an effective service. Our enforcement efforts need not be directed at the content of the communication but can be concentrated on the more significant violations such as unlicensed operation, failure to identify the station, over powered operation, out-of-band operation, obscenity and malicious interference.

10. The station identification rule, § 95.95, was generally favored. Under the amended rule a transmitting station will be required to identify only his station at the beginning and end of the transmissions. It will no longer be necessary to identify the station with which communications are being conducted. We believe the amended rule is in the public interest and that station operators will now be able to comply with the simplified procedure of identifying only their own station. It must be emphasized that while the rules do not prohibit the use of "handles", they may not be used in lieu of the assigned call sign for station identification. Accordingly, § 95.95 is amended as proposed.

11. The proposed provision in § 95.101 (c) for the station call sign to be clearly visible from outside the vehicle is not being adopted. Many comments stated that it would promote theft of mobile units. This, plus our wish to keep the rules as simple as possible, outweigh the limited enforcement aid that would have been obtained.

12. Highway Assistance Modulators (H.A.M.) petition (RM-2300) suggests that a separate CB channel 15 be dedicated for the use of moving vehicles. They contend that truckers and other moving vehicles using Channel 10 interfere with operations on Channel 9. The Commission is becoming increasingly concerned over the receipt of complaints regarding interference to Channel 9 (exclusive emergency and motorist assistance channel) as a result of "bleedover" from operations on Channel 10 in the Citizens Radio Service. Most of the interference emanates from mobile transmitting units along state and federal highways. Most licensees may be using equipment which is in full compliance with present technical specifications prescribed in the Commission's Rules. However, their unintentional interference is defeating Channel 9's purpose. In view of the Channel 9 and 11 reservation provisions we do not believe it to be in the public interest to subdivide the frequency band further by establishing another exclusive use channel. To do so would further decrease the limited number of channels for routine communications. Thus, this request for a separate exclusive frequency for highway users is denied. Nevertheless, in the interest of protecting emergency Channel 9 the Commission recommends that Citizens radio users who are members of the traveling public volunteer a good faith effort to prevent unintentional "bleedover" interference by reducing operation on channels adjacent to Channel 9 in the Citizens Radio Service. We recommend that all highway travelers communicate on a permissible channel other than Channel 10, preferably one several channels removed from channels 9 or 11.

13. In view of the foregoing, we are of the opinion that the amended rules as discussed above are in the public interest, convenience, and necessity.

14. Accordingly, pursuant to authority contained in sections 4(i) and 303 of the Communications Act it is ordered, That Part 95 of the Commission's rules is amended as set forth below. Effective September 15, 1975. It is further ordered, That this proceeding is continued with respect to those issues proposed in the notice and not disposed of herein.

(Secs. 4, 303, 48 Stat., as amended, 1066, 1082; 47 U.S.C. 154, 303.)

Adopted: July 29, 1975.

Released: August 7, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT E. MULLINS,
*Secretary.*

Chapter 1, Part 95 of Title 47 of the Code of Federal Regulations is amended as follows:

1. Section 95.37(c) and (c)(3) are revised to read as follows:

**§ 95.37 Limitations on antenna structures.**

• • • • • •

(c) All antennas (both receiving and transmitting) and supporting structures associated or used in conjunction with a Class C or D Citizens Radio Station operated from a fixed location must comply with at least one of the following:

(1) • • •

(2) • • •

(3) The antenna is mounted on the transmitting antenna structure of another authorized radio station and exceeds neither 60 feet above ground level nor the height of the antenna supporting structure of the other station; or

• • • • • •

2. In § 95.41(d) (1) is revised, paragraph (2) is deleted, paragraph (3) is redesignated as paragraph (2), and a new paragraph (3) is added to read as follows:

**§ 95.41 Frequencies available.**

• • • • • •

(d) • • •

(1) The following frequencies, commonly known as channels, may be use for communication between units of the same station (intrastation) or different stations (interstation):

| MHz | Channel |
|---|---|
| 26.965 | 1 |
| 26.975 | 2 |
| 26.985 | 3 |
| 27.005 | 4 |
| 27.015 | 5 |
| 27.025 | 6 |
| 27.035 | 7 |
| 27.055 | 8 |
| 27.075 | 10 |
| 27.105 | 12 |
| 27.115 | 13 |
| 27.125 | 14 |
| 27.135 | 15 |
| 27.155 | 16 |
| 27.165 | 17 |
| 27.175 | 18 |
| 27.185 | 19 |
| 27.205 | 20 |
| 27.215 | 21 |
| 27.225 | 22 |
| 27.255 | 23 |

(2) • • • (text of current subparagraph (3))

(3) The frequency 27.085 MHz (Channel 11) shall be used only as a calling frequency for the sole purpose of establishing communications and moving to another frequency (channel) to conduct communications.

• • • • • •

3. A new Section 95.81 is added to read as follows:

**§ 95.81 Permissible communications.**

Stations licensed in the Citizens Radio Service are authorized to transmit the following types of communications:

(a) Communications to facilitate the personal or business activities of the licensee.

(b) Communication relating to:

(1) The immediate safety of life or the immediate protection of property in accordance with § 95.85.

(2) The rendering of assistance to a motorist, mariner or other traveler.

(3) Civil defense activities in accordance with § 95.121.

(4) Other activities only as specifically authorized pursuant to § 95.87.

(c) Communications with stations authorized in other radio services except as prohibited in § 95.83(a)(3).

4. Section 95.83(a) and headnote are amended to read as follows:

**§ 95.83 Prohibited communications.**

(a) A citizens radio station shall not be used:

(1) For any purpose, or in connection with any activity, which is contrary to Federal, State, or local law.

(2) For the transmission of communications containing obscene, indecent, profane words, language, or meaning.

(3) To communicate with an Amateur Radio Service station, an unlicensed station, or foreign stations (other than as provided in Subpart E of this part) except for communications pursuant to §§ 95.85(b) and 95.121.

(4) To convey program material for retransmission, live or delayed, on a broadcast facility. Note: A Class A or Class D station may be used in connection with administrative, engineering, or maintenance activities of a broadcasting station; a Class A or Class C station may be used for control functions by radio which do not involve the transmission of program material; and a Class A or Class D station may be used in the gathering of news items or preparation of programs: Provided, that the actual or recorded transmissions of the Citizens radio station are not broadcast at any time in whole or in part.

(5) To intentionally interfere with the communications of another station.

(6) For the direct transmission of any material to the public through a public address system or similar means.

(7) For the transmission of music, whistling, sound effects, or any material for amusement or entertainment purposes, or solely to attract attention.

(8) To transmit the word "MAYDAY" or other international distress signals, except when the station is located in a ship, aircraft, or other vehicle which is threatened by grave and imminent danger and requests immediate assistance.

(9) For advertising or soliciting the sale of any goods or services.

(10) For transmitting messages in other than plain language. Abbreviations including nationally or internationally recognized operating signals, may be used only if a list of all such abbreviations and their meaning is kept in the station records and made available to any Commission representative on demand.

(11) To carry on communications for hire, whether the remuneration or benefit received is direct or indirect.

• • • • • •

5. Section 95.85(b) (1) and (2) are revised to read as follows:

**§ 95.85 Emergency and assistance to motorist use.**

• • • • • •

(1) When used for transmission of emergency communications certain provisions in this part concerning use of frequencies (§ 95.41(d)); prohibited uses (§ 95.83(a)(3)); operation by or on behalf of persons other than the licensee (§ 95.87); and duration of transmissions (§ 95.91(a) and (b)) shall not apply.

(2) When used for transmissions of communications necessary to render assistance to a traveler, the provisions of this Part concerning duration of transmission (§ 95.91(b)) shall not apply.

• • • • • •

6. Section 95.91 is amended to add new paragraphs (b) and (c) and to redesignate the present paragraphs (c) and (d), as (e) and (f), respectively.

**§ 95.91 Duration of transmissions.**

• • • • • •

(b) All communications between Class D stations (interstation) shall be restricted to not longer than five (5) continuous minutes. At the conclusion of this 5 minute period, or the exchange of less than 5 minutes, the participating stations shall remain silent for at least one minute.

(c) All communication between units of the same Class D station (intrastation) shall be restricted to the minimum practicable transmission.

• • • • • •

7. Section 95.95(c) is revised to read as follows:

**§ 95.95 Station identification.**

• • • • • •

(c) Except as provided in paragraph (d) of this section, all transmission from each unit of a citizens radio station shall be identified by the transmission of its assigned call sign at the beginning and end of each transmission or series of transmissions, but at least at intervals not to exceed ten (10) minutes.

• • • • • •

8. Section 95.119(d) is revised to read as follows:

**§ 95.119 Control points, dispatch points, and remote control.**

• • • • • •

(d) Operation of any Class C or Class D station by remote control is prohibited except remote control by wire upon specific authorization by the Commission when satisfactory need is shown.

**Title 24—Housing and Urban Development**

**CHAPTER X—FEDERAL INSURANCE ADMINISTRATION**

**SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM**

[Docket No. FI-649]

**PART 1915—IDENTIFICATION OF SPECIAL HAZARD AREAS**

**List of Communities With Special Hazard Areas**

The purpose of this notice is the identification of communities with areas of special flood/ or mudslide/ or erosion hazards in accordance with Part 1915 of Title 24 of the Code of Federal Regulations as authorized by the National Flood Insurance Program (42 U.S.C. 4001–4128). The identification of such areas is to provide guidance so that communities may adopt appropriate flood plain management measures to minimize damage caused by flood losses and to guide future construction, where practicable, away from locations which are threatened by flood hazards.

The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or Federally related financial assistance for acquisition or construction purposes in an identified flood plain area having special flood hazards that is located within any community currently participating in the National Flood Insurance Program.

VOL 40 NO 155 AUG 11 75 XU

Effective July 1, 1975, or one year after the identification of the community as flood prone, whichever is later, the requirement will apply to all identified special flood hazard areas within the United States, so that, after that date, no such financial assistance can legally be provided for acquisition and construction in these areas unless the community has entered the program. The prohibition, however, does not apply to loans by a Federally regulated, insured, supervised or approved bank prior to January 1, 1976, to finance the acquisition of a previously occupied residential dwelling.

Effective July 1, 1975, even though no areas with special flood hazards in the community had previously been identified, the identification of special hazard areas within the community makes mandatory the purchase of insurance. Therefore, the effective date of identification shall be September 10, 1975, or the date which appears in this notice, whichever is later.

This 30 day period does not supersede the statutory requirement that a community, whether or not participating in the program, be given the opportunity for a period of six months to establish that it is not seriously flood prone or that such flood hazards as may have existed have been corrected by floodworks or other flood control methods. Effective July 1, 1975, the six months period shall be considered to begin September 10, 1975, or the effective date of the Flood Hazard Boundary Map, whichever is later. Similarly, the one year period a community has to enter the program under Section 201(d) of the Flood Disaster Protection Act of 1973 shall be considered to begin September 10, 1975, or the effective date of the Flood Hazard Boundary Map, whichever is later.

Where several dates appear in the column set forth below marked Effective Date of Identification, the first date is the date of initial identification, and all other dates represent modification by additions or deletions to identified areas with special hazards.

Accordingly, § 1915.3 is amended by adding in alphabetical sequence a new entry to the table, which entry reads as follows:

**§ 1915.3 List of communities with special hazard areas.**

[Docket No. FI-650]

## PART 1915—IDENTIFICATION OF SPECIAL HAZARD AREAS

### List of Communities With Special Hazard Areas

The purpose of this notice is the identification of communities with areas of special flood/ or mudslide/ or erosion hazards in accordance with Part 1915 of Title 24 of the Code of Federal Regulations as authorized by the National Flood Insurance Program (42 U.S.C. 4001–4128). The identification of such areas is to provide guidance so that communities may adopt appropriate flood plain management measures to minimize damage caused by flood losses and to guide future construction, where practicable, away from locations which are threatened by flood hazards.

The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in an identified flood plain area having special flood hazards that is located within any community currently participating in the National Flood Insurance Program.

Effective July 1, 1975, or one year after the identification of the community as flood prone, whichever is later, the requirement will apply to all identified special flood hazard areas within the United States, so that, after that date, no such financial assistance can legally be provided for acquisition and construction in these areas unless the community has entered the program. The prohibition, however, does not apply to loans by a Federally regulated, insured, supervised or approved bank prior to January 1, 1976, to finance the acquisition of a previously occupied residential dwelling.

Effective July 1, 1975, even though no areas with special flood hazards in the community had previously been identified, the identification of special hazard areas within the community makes mandatory the purchase of insurance. Therefore, the effective date of identification shall be September 10, 1975, or the date which appears in this notice, whichever is later.

This 30 day period does not supersede the statutory requirement that a community, whether or not participating in the program, be given the opportunity for a period of six months to establish that it is not seriously flood prone or that such flood hazards as may have existed have been corrected by floodworks or other flood control methods. Effective July 1, 1975, the six months period shall be considered to begin September 10, 1975, or the effective date of the Flood Hazard Boundary Map, whichever is later. Similarly, the one year period a community has to enter the program under section 201(d) of the Flood Disaster Protection Act of 1973 shall be considered to begin September 10, 1975, or the effective date of the Flood Hazard Boundary Map, whichever is later.

Where several dates appear in the column set forth below marked Effective Date of Identification, the first date is the date of initial identification, and all other dates represent modification by additions or deletions to identified areas with special hazards.

Accordingly, § 1915.3 is amended by adding in alphabetical sequence a new entry to the table, which entry reads as follows:

**§ 1915.3 List of communities with special hazard areas.**

# proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

## DEPARTMENT OF LABOR

### Office of Federal Contract Compliance

**[ 41 CFR Part 60–12 ]**

### AFFIRMATIVE ACTION PLAN FOR FEDERALLY INVOLVED CONSTRUCTION CONTRACTORS IN THE PHILADELPHIA AREA

**Extension of Comment Period**

On July 7, 1975, the Office of Federal Contract Compliance published a proposed affirmative action plan for the Philadelphia area construction industry. The proposed plan would establish affirmative action requirements applicable to all non-exempt Federal and Federally assisted construction contracts in the Philadelphia area including goals for minority manpower utilization.

Interested persons were invited to comment upon the proposal by submitting written data, views or arguments to the Department of Labor on or before August 6, 1975. That comment period will expire shortly, and many persons have submitted requests asking for an extension of the time to comment. In consideration of these requests, the comment period is hereby extended until September 8, 1975.

Interested persons may submit their comments to Mr. Philip J. Davis, Director, Office of Federal Contract Compliance, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N3402, Washington, D.C. 20210.

Signed at Washington, D.C. on this 5th day of August 1975.

ROBERT C. CHASE,
*Acting Assistant Secretary for Employment Standards.*

PHILIP J. DAVIS,
*Director, Office of Federal Contract Compliance.*

### AFFIRMATIVE ACTION PLAN FOR FEDERALLY INVOLVED CONSTRUCTION CONTRACTORS IN THE CITY OF NEW YORK

**Extension of Comment Period**

On July 7, 1975, the Office of Federal Contract Compliance published a proposed affirmative action plan for the New York construction industry. The proposed plan would establish affirmative action requirements applicable to all non-exempt Federal and Federally assisted construction contracts in the City of New York including goals for minority manpower utilization.

Interested persons were invited to comment upon the proposal by submitting written data, views or arguments to the Department of Labor on or before August 6, 1975. That comment period will expire shortly and many persons have submitted requests asking for an extension of the time to comment. In consideration of these requests, the comment period is hereby extended until September 8, 1975.

Interested persons may submit their comments to Mr. Philip J. Davis, Director, Office of Federal Contract Compliance, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N3402, Washington, D.C. 20210.

Signed at Washington, D.C. on this 5th day of August 1975.

ROBERT C. CHASE,
*Acting Assistant Secretary for Employment Standards.*

PHILIP J. DAVIS,
*Director, Office of Federal Contract Compliance.*

## DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

### Food and Drug Administration

**[ 21 CFR Part 431 ]**

[Docket No. 75N-0147]

### CERTIFICATION OF ANTIBIOTIC DRUGS

**Facsimile Transmission Service for Antibiotic Certificates**

The Food and Drug Administration (FDA) is proposing a service whereby automated equipment will be used for transmitting antibiotic certificates to manufacturers. This service, available on a voluntary basis, will permit participating manufacturers to receive copies of antibiotic certification and testing results promptly by telephone. A fee for supplying an advance copy of the Form 7 (request for certification or testing of an antibiotic batch) will be charged to the individual antibiotic manufacturer. Interested persons have until October 10, 1975, to submit comments.

Sections 507 and 512(n) of the Federal Food, Drug, and Cosmetic Act require the certification or release of batches of antibiotics manufactured for domestic distribution. The final release for distribution in interstate commerce of any certifiable antibiotic product must await the receipt of an approved Form 7 certificate from the FDA. At present, the certificates are mailed to the manufacturer.

The Pharmaceutical Manufacturers Association has expressed concern over delays that some manufacturers have encountered in receiving certificates by mail. They have suggested that the certificates be transmitted via facsimile machine reproduction through the telephone system.

The FDA has conducted a management study to evaluate the feasibility of providing such a service to those manufacturers who would be willing to pay the cost. Facsimile machines and ancillary equipment for the system were acquired and a pilot study was conducted. The results of the pilot study were highly satisfactory and demonstrated that the procedure is feasible.

The Form 7 has been revised to include a box whereby the applicant may indicate whether he wants the certificate transmitted by facsimile reproduction through the telephone system or by mail. The facsimile reproduction of the certificate or release will be considered authorization from the Commissioner to ship the product in interstate commerce. Only the certification portion (upper $\frac{2}{3}$) of the Form 7 is transmitted to ensure the security of the proprietary information contained in the remainder of the form. After transmission, the entire form will be mailed to the applicant in the usual manner.

The telephone calls for the facsimile reproduction will be placed as collect calls to the drug firms and a fee of $1.25 per certificate will be charged to cover expenses. The fee charge was developed after a study was conducted of the expenses involved.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 502, 507, 512(n), 52 Stat. 1050–1051 as amended, 59 Stat. 463, as amended, 82 Stat. 350–351 (21 U.S.C. 352, 357, 360b(n))) and under authority delegated to the Commissioner (21 CFR 5.1), it is proposed that Part 431 be amended in § 431.53 by redesignating paragraph (b)(3) as paragraph (b)(4) and adding a new paragraph (b)(3), as follows:

§ 431.53 Fees.

* * * * * *

(b) * * *

(3) For persons using facsimile transmission by telephone for receipt of antibiotic cerificates (Antibiotic Form 7, Request for check tests and assays or certification of a batch of antibiotic drug, prescribed by § 431.50 of this chapter), the fee is $1.25 per certificate.

(4) For persons using the certification services and whose manufacturing facilities are not located in the United States or the Commonwealth of Puerto Rico, such persons shall be required to deposit each year sufficient funds to cover costs encountered when their facilities are inspected pursuant to the provisions of section 704 of the act.

Interested persons may, on or before October 10, 1975, submit to the Hearing Clerk, Food and Drug Administration, Rm. 4–65, 5600 Fishers Lane, Rockville Lane, Rockville, MD 20852, written comments regarding this proposal. Comments shall be filed in quintuplicate (except that individuals may submit single copies) and in accordance with the requirements of Part 2 (21 CFR Part 2) as published and discussed in detail in the FEDERAL REGISTER of May 27, 1975 (40 FR 22949), and shall be identified with the Hearing Clerk docket number found in brackets in the heading of this document. Received comments may be seen in the above office Monday through Friday, from 9 a.m. to 4 p.m., eastern standard or daylight saving time, whichever is effective at the time, except on Federal legal holidays.

Dated: August 5, 1975.

SAM D. FINE,
*Associate Commissioner for Compliance.*

[FR Doc.75-20894 Filed 8-8-75;8:45 am]

## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

### Office of Assistant Secretary for Housing Production and Mortgage Credit—Federal Housing Commissioner

**[ 24 CFR Part 203 ]**

[Docket No. R-75-346]

### EXISTING AND PROPOSED CONSTRUCTION

**Proposed Application Fee Charge**

Section 215 of the National Housing Act, 12 U.S.C. 1715f, authorizes the Secretary to charge an application fee determined by him to be reasonable.

Notice is hereby given that the Secretary proposes to amend Part 203, § 203.12 to increase the amount of application fee which shall be paid to this Department for processing mortgages from $40 to $50 for an application involving existing construction and from $50 to $65 for an application involving proposed construction.

An increase in the application fees is necessary to provide for increased costs since the present fees were established February 1, 1971. Since that time, direct costs for processing FHA applications have increased 30 percent, not including overhead and related actions such as subdivision processing, repair inspections, and travel. An increasing number of fee appraisers are being used by HUD–FHA and it has been necessary to increase the payment to fee appraisers to obtain qualified fee appraisers.

Interested persons are invited to participate in this proposed rulemaking by submitting written data, views and arguments with respect to this proposal. Communications should be identified by the above docket number and should be filed with the Rules Docket Clerk, Office of General Counsel, Room 10245, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, D.C. 20410. All relevant material received on or before September 15, 1975, will be considered before adoption of the final rule. Copies of comments submitted will be available for public inspection during normal business hours at the above address.

In consideration of the foregoing, and pursuant to authority contained in section 215 of the National Housing Act, 12 U.S.C. 1715f, it is proposed to amend Chapter II of Title 24 of the Code of Federal Regulations by revising Part 203, § 203.12, paragraphs (a)(1)(i) and (a)(1)(ii) as follows:

§ 203.12 Application and commitment extension fees.

(a) *Application fee.* (1) *Amount of fee.* * * *

(i) $50 for an application involving existing construction.

(ii) $65 for an application involving proposed construction.

* * * * *

Issued at Washington, D.C., August 5, 1975.

DAVID M. DEWILDE,
*Acting Assistant Secretary-Commissioner for Housing Production and Mortgage Credit.*

## DEPARTMENT OF TRANSPORTATION

### Coast Guard

**[ 46 CFR Chapter I ]**

[CGD 75-101]

### MARINE OCCUPATIONAL SAFETY AND HEALTH STANDARDS

**Advance Notice of Proposed Rulemaking**

The Coast Guard is considering amending Chapter I of Title 46, Code of Federal Regulations, by adding a new subchapter prescribing occupational safety and health standards for vessels and facilities, including deepwater ports, mobile offshore drilling units, artificial islands, and other fixed structures that are under Coast Guard jurisdiction.

This advance notice of proposed rulemaking is issued pursuant to the Coast Guard's policy concerning the early institution of rulemaking proceedings. An advance notice is issued when it is found that the consideration by the Coast Guard and reasonable outside inquiry do not identify a sufficient basis to select a tentative course of action, or alternate courses of action, or where it would be helpful to invite public participation in the identification and selection of a course or alternate courses of action. The subject matter of this notice involves a situation contemplated by that policy.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the docket number (CGD 75–101), include the name and address of the person submitting the comment, give the reasons supporting any recommendations, and be addressed to: Commandant (G–CMC/82), U.S. Coast Guard, Washington, D.C. 20590. All communications received on or before December 9, 1975, will be considered by the Coast Guard before publishing a proposed rule. Copies of all written comments received, both before and after the closing date for comments, will be available for examination by interested persons in Room 8234, Department of Transportation, Nassif Building, 400 Seventh Street, SW., Washington, D.C. If it is determined to be in the public interest to proceed further and after consideration of the available data and comments received in response to this notice, a notice of proposed rulemaking will be issued.

The Coast Guard has extensive authority to regulate safety of life and property on vessels certificated by the Coast Guard, and on artificial islands and fixed structures erected on the subsoil and seabed of the Outer Continental Shelf. The authority is found in sections 375, 416, 390(b), 391, 391(a), and 404 of Title 46, U.S. Code, and section 1333 of Title 43, U.S. Code. The Coast Guard proposes to issue additional regulations prescribing occupational safety and health standards covering the work places and working conditions on all vessels and facilities under its jurisdiction. Vessels under Coast Guard jurisdiction include vessels required to be certificated by the Coast Guard, regardless of their geographic location, including mobile offshore and semi-submersible drilling units. Facilities include deepwater ports, artificial islands, and fixed structures located on the Outer Continental Shelf. The Coast Guard will continue to negotiate memoranda of understanding with other government agencies to eliminate possible conflicts of jurisdiction.

The Coast Guard proposes to regulate all working conditions and places on vessels and facilities under its jurisdiction if they are determined to be hazardous to employees, and if the Coast Guard determines that the hazards encountered can be reduced or eliminated by the promulgation of appropriate regulations. These regulations will not make determinations with respect to matters under the control of the Department of Labor within the scope of Pub. L. 85–742, 72 Stat. 835, which amends the Longshoremen's and Harbor Workers' Compensation Act, as amended (46 Stat. 1444, 33 U.S.C. 941). However, the proposed Coast Guard regulations will cover industrial operations, workmen and crew members on fixed structures on the Outer Continental Shelf and on certificated offshore mobile drilling units.

The Coast Guard proposes to remove all existing occupational safety regulations and place them, together with the new regulations developed as a result of this notice, in a new subchapter under Title 46, Code of Federal Regulations.

In developing new marine occupational safety and health standards, the Coast

Guard intends to consider all relevant existing safety data and standards; particularly those promulgated by the Department of Labor in 29 CFR Parts 1910, 1915, 1916, 1917, and 1918. Specific advice and recommendations are requested to identify:

1. Standards within the present vessel regulations which may be incorporated in the new subchapter;
2. Standards within the present vessel regulations which should not be moved;
3. Standards within the present vessel regulations which should appear in both;
4. Nonmarine industrial standards which may be adopted by the Coast Guard;
5. Marine industrial safety standards which may be adopted by the Coast Guard;
6. Standards adopted by the Department of Labor which may have significant application to working conditions on vessels;
7. Standards adopted by the Department of Labor which should be adopted by the Coast Guard without change;
8. Department of Labor standards which should be modified or revised for marine industry;
9. Department of Labor standards which should not be adopted by the Coast Guard for marine industry;
10. Standards not adopted by the Department of Labor which may be necessary or appropriate for marine industry;
11. The most serious safety and health problems existing in the marine industry;
12. The priorities which the Coast Guard should adopt in the promulgation of marine industrial standards.

The Coast Guard welcomes any additional relevant suggestions on matters which should be brought to its attention in the development and implementation of these proposed standards.

(14 U.S.C. 2; 88 Stat. 2137 (33 U.S.C. 1509); 67 Stat. 462 (43 U.S.C. 1333); 49 CFR 1.46(t), 1.46(b))

Dated: August 5, 1975.

W. M. BENKERT,
*Rear Admiral, U.S. Coast Guard, Chief, Office of Merchant Marine Safety.*

## Federal Aviation Administration

## [ 14 CFR Part 39 ]

[Docket No. 12060]

## AIRWORTHINESS DIRECTIVES

### Hawker Siddeley DH-104 and DH-114 Airplanes

A proposal to amend Part 39 of the Federal Aviation Regulations to include an airworthiness directive requiring modification of the electrical system, an amendment to the operating instructions, and a preventive maintenance check to ensure detection of loss of generated electrical power on Hawker Siddeley DH-114 Heron airplanes was published in the FEDERAL REGISTER at 37 FR 14816. Although no objections were received, the FAA has reevaluated the basis for an airworthiness directive and determined that the condition which gave rise to the proposal continues likely to exist or develop in other airplanes of the same type design. In addition, after issuing the notice, the Agency determined that the same condition is likely to exist or develop in Hawker Siddeley DH-104 "Dove" airplanes. However, upon further consideration, with respect to both airplanes, the FAA believes that a revised compliance time is appropriate, that certain approvals provided for in the original notice are not applicable and that reference to manufacturer's service bulletins should be updated or made current. Therefore, the notice issued July 25, 1972, at 37 FR 14816 is being superseded by this notice that applies to Hawker Siddeley DH-104, "Dove" and DH-114 "Heron" airplanes.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the docket number and be submitted in duplicate to the Federal Aviation Administration, Office of the Chief Counsel, Attention: Rules Docket, AGC-24, 800 Independence Avenue, SW., Washington, D.C. 20591. All communications received on or before September 10, 1975, will be considered by the Administrator before taking action upon the proposed rule. The proposals contained in this notice may be changed in the light of comments received. All comments will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

This amendment is proposed under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

In consideration of the foregoing, it is proposed to amend § 39.13 of Part 39 of the Federal Aviation Regulations by adding the following new airworthiness directive:

HAWKER SIDDELEY AVIATION LTD. Applies to DH-104 "Dove" and DH-114 "Heron" airplanes.

Compliance is required within the next 500 hours' time in service after the effective date of this AD unless already accomplished.

To prevent the possibility that a loss of generated electrical power would be undetected by the flight crew, accomplish the following:

(a) Alter the electrical system to incorporate a bus bar low voltage sensing unit, a bus bar low voltage warning light, and an essential service switch, designed and installed in accordance with paragraphs 5. and 6. of Hawker Siddeley Aviation Ltd., Technical News Sheet, Series: Heron (114), No. N.6., Issue 3 (for DH-114 "Heron") and CT104, No. 227, Issue 3 (for DH-104 "Dove"), both dated July 23, 1972, as amended to November 20, 1972, or FAA-approved equivalent of either.

(b) Amend the "Normal and Emergency Procedures", Part B, of the "Operating Procedures" section, section II, of the Applicable Airplane Flight Manual by adding the electrical system operation information contained in paragraphs 7. and 8., and Figure 1 of the applicable Technical News Sheet, referred to in paragraph (a) of this AD, or an FAA-approved equivalent.

(c) Check the condition of the electrical distribution and generator system in accordance with paragraph 6. of the applicable Technical News Sheet, referred to in paragraph (a) of this AD, or an FAA-approved equivalent, and repair, as necessary. The checks required by this paragraph may be performed by persons authorized to perform preventive maintenance under FAR 43.

This notice of proposed rule making supersedes the notice of proposed rule making published in the FEDERAL REGISTER July 25, 1972, at 37 FR 14816.

Issued in Washington, D.C., on August 5, 1975.

R. P. SKULLY,
*Director, Flight Standards Service.*

[FR Doc.75-20804 Filed 8-8-75;8:45 am]

## Federal Railroad Administration

## [ 49 CFR Part 220 ]

[Docket No. RSOR-5, Notice No. 1]

## RADIO STANDARDS AND PROCEDURES

### Proposed Rulemaking

The Federal Railroad Administration (FRA) is considering issuance of a new Part 220, Radio Standards and Procedures, to prescribe mandatory standards and procedures governing the use of radio communications in connection with the conduct of railroad operations. The purpose of the proposed amendment is to assure that radio communications are used in a manner which enhances the safety of railroad operations. The proposed amendment would in no way affect Federal Communications Commission Regulations governing the Railroad Radio Service (49 CFR Part 93).

In recent years, FRA has become increasingly concerned about the hazards inherent in inadequate procedures for the use of radio in connection with railroad operations. This concern is also shared by the National Transportation Safety Board (NTSB) as is evidenced by its Safety Recommendation R-72-9. In this recommendation, NTSB recommended that FRA:

issue as soon as possible regulations to provide for the use of radio in railroad operations. These regulations should include the traditional safeguards found in existing railroad operating rules where they apply to train movements. It is further recommended that, in drafting such regulations, consideration be given to the principles for radio used by military and civilian authorities.

The NTSB reiterated this recommendation in its railroad accident reports concerning the collision of Penn Central Freight Train OV-8 with an open draw bridge at Cleveland, Ohio, on May 8, 1974, and the collision of St. Louis-San Francisco Railway Trains 3210 and 3211, at Mustang, Oklahoma, on September 1, 1974 (Report Numbers NTSB-RAR-75-3 and NTSB-RAR-75-6).

FRA believes the radio standards and procedures proposed in this notice will implement the NTSB recommendation and that their adoption and enforcement will enhance safety as well as operating efficiency. FRA was assisted in the development of these standards and procedures by the advice of the Railroad Operating Rules Advisory Committee. The expertise of this Committee was of invaluable assistance to this effort. The Advisory Committee approved the text of the Radio Standards and Procedures proposed in this notice and recommended that FRA issue a notice of proposed rulemaking proposing their adoption.

FRA proposes to establish a new Part 220—Radio Standards and Procedures. This part would consist of three subparts: Subpart A—General; Subpart B—Radio Procedures; and Subpart C—Train Orders.

Proposed new Subpart B contains mandatory standards and procedures governing the use of radio communication in connection with railroad operations.

Proposed new Subpart C prescribes the procedures which must be followed when train orders are transmitted by radio.

The proposed radio standards and procedures would apply to railroads that operate on standard gage track of the general railroad system of transportation. They would not apply, however, to railroads which operate exclusively inside mining, manufacturing and other nonrailroad installations nor would they apply to rapid transit railroads which operate only on track used exclusively for rapid transit, commuter or other short-haul passenger service in a metropolitan or suburban area. These exclusions are not to be construed to mean that these railroads are not subject to safety regulation under the Federal Railroad Safety Act of 1970 (45 U.S.C. 421 et seq.); they merely reflect FRA's belief that it is not necessary to make these railroads subject to the proposed standards and procedures.

Interested persons are invited to participate in the making of these standards by submitting written data, views, or comments. Communications should identify the regulatory docket number, and should be submitted in triplicate to the Docket Clerk, Office of Chief Counsel, Federal Railroad Administration, 400 Seventh Street, SW., Washington, D.C. 20590. Communications received before September 24, 1975, will be considered before final action is taken on the proposed rules. All comments received will be available for examination by interested persons at any time during regular working hours in Room 5101, Nassif Building, 400 Seventh Street, SW., Washington, D.C. 20590.

The proposals contained in this notice may be changed in light of the comments received.

In addition, the FRA will conduct a public hearing on September 25, 1975 in Room 5332-34, 400 Seventh Street, SW., Washington, D.C. at 10 a.m. The hearing will be informal, and not a judicial or evidentiary hearing. There will be no cross-examination of persons making statements. A staff member of the FRA will make an opening statement outlining the matter set for hearing. Interested persons will then have the opportunity to present their oral statements. At the completion of all initial oral statements, those persons who wish to make rebuttal statements will be given the opportunity to do so in the same order in which they made their initial statements. Additional procedures for conducting the hearing will be announced at the hearing.

Interested persons may present oral or written statements at the hearing. All statements will be made a part of the record of the hearing and be a matter of public record. Any person who wishes to make an oral statement at the hearing should notify the Docket Clerk, Office of Chief Counsel, Federal Railroad Administration, 400 Seventh Street, SW., Washington, D.C. 20590 before September 24, 1975, stating the amount of time required for the initial statement.

In consideration of the foregoing, it is proposed to amend Chapter II of Title 49 of the Code of Federal Regulations by adding a new Part 220 as set forth below.

Issued in Washington, D.C. on August 4, 1975.

ASAPH H. HALL,
*Deputy Administrator.*

## PART 220—RADIO STANDARDS AND PROCEDURES

### Subpart A—General

Sec.
220.1 Scope.
220.3 Application.
220.5 Definitions.
220.7 Penalty.

### Subpart B—Radio Procedures

220.21 Railroad operating rules; radio communications.
220.23 Publication of radio information.
220.25 Instruction of employees.
220.27 Identification.
220.29 Statement of letters and numbers.
220.31 Initiating a transmission.
220.33 Receiving a transmission.
220.35 Ending a transmission.
220.37 Voice test.
220.39 Continuous monitoring.
220.41 Notification on failure of train radio.
220.43 Communication consistent with rules.
220.45 Communication must be complete.
220.47 Emergencies.
220.49 Yard movements, switching, backing.
220.51 Signal indications.

### Subpart C—Train Orders

220.61 Transmission of train orders by radio.

AUTHORITY: Sec. 202 and 209, 84 Stat. 971, 975 (45 U.S.C. 431, 438), and § 1.49(n) of the regulations of the Office of the Secretary of Transportation, 49 CFR 1.49(n).

### Subpart A—General

#### § 220.1 Scope.

This part prescribes minimum requirements governing the use of radio communications in connection with railroad operations. So long as these minimum requirements are met, railroads may adopt additional or more stringent requirements.

#### § 220.3 Application.

(a) Except as provided in paragraph (b) of this section, this part applies to railroads that operate trains or other rolling equipment on standard gage track which is part of the general railroad system of transportation.

(b) This part does not apply to:

(1) A railroad that operates only on track inside an installation which is not part of the general railroad system of transportation; or

(2) A rapid transit railroad that operates only on track used exclusively for rapid transit, commuter, or other short-haul passenger service in a metropolitan or suburban area.

#### § 220.5 Definitions.

As used in this part, the term:

(a) "Employee" means any person who is authorized by a railroad to use its radio facilities in connection with railroad operations.

(b) "Railroad operation" means any movement of a train, engine, on-track equipment, or track motor car, single or in combination with other equipment, on the track of a railroad.

(c) "Train Order" means mandatory directives for the conduct of a railroad operation which, under the railroad's operating rules, must be conveyed in a written form.

#### § 220.7 Penalty.

Each railroad to which this part applies that violates any requirement prescribed in this part is liable to a civil penalty of at least $250 but no more than $2500.

### Subpart B—Radio Procedures

#### § 220.21 Railroad operating rules; radio communications.

(a) After (effective date), the operating rules of each railroad with respect to radio communications shall conform with the requirements of this part.

(b) Before (90 days after effective date) or 30 days before it commences to use radio communications in connection with railroad operations, whichever is later, each railroad shall file with the Federal Railroad Administrator, Washington, D.C. 20590, one copy of its operating rules with respect to radio communications. Each amendment to these rules shall be filed with the Federal Railroad Administrator within 30 days after it is issued.

#### § 220.23 Publication of radio information.

Each railroad shall designate its territory where radio base stations are installed, where wayside stations may be contacted, and designate appropriate radio channels by publishing them in a timetable or special instruction. The publication shall indicate the periods during which base and wayside radio stations are attended or in operation.

#### § 220.25 Instruction of employees.

Each employee who is authorized to use a radio in connection with a railroad operation, shall be:

(a) Provided with a copy of the railroad's operating rules governing the use of radio communication in a railroad operation.

(b) Instructed in the proper use of radio communication as part of the program of instruction prescribed in § 217.11 of this chapter.

**§ 220.27 Identification.**

(a) Except as provided in paragraph (c) of this section, the identification of each wayside, base or yard station shall include at least the following minimum elements, stated in the order listed:

(1) Name of railroad. An abbreviated name or initial letters of the railroad may be used where the name or initials are in general usage and are understood in the railroad industry;

(2) Name of office or other unique designation of the station; and

(3) Location of the station.

(b) Except as provided in paragraph (c) of this section, the identification of each mobile station shall consist of the following elements, stated in the order listed:

(1) Name of the railroad. An abbreviated name or initial letters of the railroad may be used where the name or initial letters are in general usage and are understood in the railroad industry;

(2) Train name (number), if one has been assigned, or other appropriate unit designation; and

(3) The word "engine", "caboose", "motorcar", "pakset" or other word which indicates to the listener the precise mobile transmitting station, unless identical to the requirement of paragraph (b) (2) of this section.

(c) If positive identification is achieved in connection with switching, classification, and similar operations wholly within a yard, fixed and mobile units may use short identification after the initial transmission and acknowledgement consistent with applicable Federal Communication Commission regulations governing "Station Identification".

**§ 220.29 Statement of letters and numbers.**

(a) A phonetic alphabet shall be used to pronounce any letter used as an initial, except initial letters of railroads. See Appendix A, this part, for the recommended phonetic alphabet.

(b) A word which needs to be spelled for precision or clarity shall first be pronounced, and the word shall then be spelled. If necessary, the word shall be spelled again, using a phonetic alphabet.

(c) Numbers shall be spoken by digit, except that exact multiples of hundreds and thousands may be stated as such. A decimal point shall be indicated by the word "decimal". (See Appendix B to this part, for a recommended guide to the pronunciation of numbers.)

**§ 220.31 Initiating a transmission.**

Before transmitting by radio, an employee shall:

(a) Listen to insure that the channel on which he intends to transmit is not already in use;

(b) Identify his station in accordance with the requirements of § 220.27; and

(c) Verify that he has made radio contact with the person or station with whom he intends to communicate by listening for an acknowledgement. If the station acknowledging his transmission fails to identify itself properly, the employee shall require a proper identification before proceeding with the transmission.

**§ 220.33 Receiving a transmission.**

(a) Upon receiving a radio call from another station, an employee shall promptly acknowledge the call, identifying his station in accordance with the requirements of § 220.27 and stand by to receive. An employee need not attend the radio, however, if this would interfere with other immediate duties relating to the safety of railroad operations.

(b) An employee shall acknowledge receipt of all transmissions directed to him or his station.

(c) An employee who receives a transmission shall repeat it to the transmitting party unless the communication:

(1) Relates to yard switching operations;

(2) Is a recorded message from an automatic alarm device; or

(3) Is general in nature and does not contain any information, instruction or advice which could affect the safety of a railroad operation.

**§ 220.35 Ending a transmission.**

(a) At the close of each transmission to which a response is expected, the transmitting employee shall say "over" to indicate to the receiving employee that the transmission is ended.

(b) At the close of each transmission to which no response is expected, the transmitting employee shall state his identification followed by the word "out" to indicate to the receiving employee that the exchange of transmissions is complete.

**§ 220.37 Voice test.**

(a) Each radio which is used in connection with a railroad operation outside yard limits shall be tested at the point where the train is originally made up. At least once during each tour of duty, the engineer and conductor shall be responsible for the testing of the radio to verify that the radio is operating properly on the engine and caboose. The tests shall consist of an exchange of voice transmissions with another station. The other station shall advise the station conducting the test of the quality and readability of its transmission.

(b) Any radio found not to be functioning properly shall be removed from service until it has been repaired.

(c) When a radio is removed from service, each crew member of the train and the train dispatcher or other employee designated by the railroad shall be so notified.

**§ 220.39 Continuous monitoring.**

Engine and caboose radios must be turned on to the appropriate channel as designated in § 220.23 with the volume adjusted to receive communications while the engine or caboose is manned.

**§ 220.41 Notification on failure of train radio.**

The failure of an engine or caboose radio en route shall be reported as soon as practicable to the train dispatcher or other employee designated by the railroad by any alternate means of communication available.

**§ 220.43 Communication consistent with rules.**

Radio communication may not be used in connection with a railroad operation in a manner which conflicts with the requirements of this Part 220 or the railroad's operating rules.

**§ 220.45 Communication must be complete.**

Any radio communication which is not fully understood or completed in accordance with the requirements of Part 220 and the operating rules of the railroad, shall not be acted upon and shall be treated as though not sent.

**§ 220.47 Emergencies.**

(a) An emergency transmission shall be preceded by the word "emergency", repeated three times. An emergency transmission shall have priority over all other transmissions and the frequency or channel shall be kept clear of non-emergency traffic for the duration of the emergency transmission.

(b) Emergency transmissions shall be used to report derailments, collisions, storms, wash-outs, fires, obstructions to tracks, and other hazardous conditions which could result in death or injury, damage to property or serious disruption of railroad operations. Emergency transmissions shall describe as completely as possible the nature, degree and location of the hazard.

**§ 220.49 Yard movements, switching, backing.**

When radio communication is used in lieu of hand signals in connection with the switching, backing or pushing of a train, engine, or car, the employee directing the movement shall give complete instructions or keep in continuous radio contact with the employees receiving the instructions. When backing or pushing a train, engine or cars, the distance of the movement must be specified, and the movement must stop in one-half the remaining distance unless additional instructions are received. If the instructions are not understood or continuous radio contact is not maintained, the movement shall be stopped immediately and may not be resumed until the misunderstanding has been resolved, radio contact has been restored, or communication has been achieved by hand signals or other procedures in accordance with the operating rules of the railroad.

**§ 220.51 Signal indications.**

(a) No information may be given by radio to a train or engine crew about the position or aspect displayed by a fixed signal. However, radio may be used by a train crew member to communicate information about the position or aspect displayed by a fixed signal to other members of the same crew.

(b) Except as provided in the railroad's operating rules, radio communication may not be used to convey instructions which would have the effect of overriding the indication of a fixed signal in automatic block territory.

**Subpart C—Train Orders**

**§ 220.61 Transmission of train orders by radio.**

(a) Train orders may be transmitted by radio only when authorized by railroad's operating rules and must be transmitted in accordance with the railroad's operating rules and the requirements of this Part 220.

(b) The procedures for transmission of train orders by radio are as follows:

(1) The dispatcher or operator shall call the addressees of the train order and state his intention to transmit the train order.

(2) Before the train order is transmitted, the employee to receive and copy the train order shall state his name, identification or call sign, location, and that he is prepared to receive a train order. Train orders may not be received and copied by an employee operating the controls on an engine of a moving train. Train orders may not be transmitted to the crew of a moving train when, in the judgment of either the conductor, the engineer, or the train dispatcher, the train order cannot be received and copied without impairing the safe operation of their train.

(3) Train orders received by radio shall be copied in accordance with the railroad's operating rules.

(4) After the train order has been received and copied, it shall be repeated in accordance with the railroad's operating rules. After verifying the accuracy of the "repeat" train order, the dispatcher shall then issue "complete", and state the time and the initials of the employee designated by the railroads.

(5) Before a train order is acted upon, both the conductor and engineer must have a written copy of the train order and make certain that the train order is read and understood by other members of the crew.

(6) A train order which is not "complete" and does not comply with the requirements of the railroad's operating rules, may not be acted upon and must be treated as though not sent. Information contained in train orders may not be acted upon by other than those to whom the train orders are addressed.

APPENDIX A—RECOMMENDED PHONETIC ALPHABET

| | | | |
|---|---|---|---|
| A | ALFA | N | NOVEMBER |
| B | BRAVO | O | OSCAR |
| C | CHARLIE | P | PAPA |
| D | DELTA | Q | QUEBEC |
| E | ECHO | R | ROMEO |
| F | FOXTROT | S | SIERRA |
| G | GOLF | T | TANGO |
| H | HOTEL | U | UNIFORM |
| I | INDIA | V | VICTOR |
| J | JULIET | W | WHISKEY |
| K | KILO | X | XRAY |
| L | LIMA | Y | YANKEE |
| M | MIKE | Z | ZULU |

The letter ZULU should be written as "Z" to distinguish it from the numeral "2."

APPENDIX B—RECOMMENDED PRONUNCIATION OF NUMERALS

To distinguish numbers from similar sounding words, the word "figures" should be used preceding such numbers. Numbers should be pronounced as follows:

| Number: | Spoken |
|---|---|
| 0 | ZERO |
| 1 | WUN |
| 2 | TOO |
| 3 | THUH-REE |
| 4 | FO-WER |
| 5 | FI-YIV |
| 6 | SIX |
| 7 | SEVEN |
| 8 | ATE |
| 9 | NINER |

(The figure ZERO should be written as "0" to distinguish it from the letter "O". The figure ONE should be underlined to distinguish it from the letter "I". When railroad rules require that numbers be spelled, these principles do not apply.)

The following examples illustrate the recommended pronunciation of numerals:

| Number: | Spoken |
|---|---|
| 44 | FO-WER FO-WER |
| 500 | FI-YIV HUNDRED |
| 1000 | WUN THOUSAND |
| 16000 | WUN SIX THOUSAND |
| 14899 | WUN FO-WER ATE NINER NINER |
| 20.3 | TOO ZERO DECIMAL THUR-REE |

[FR Doc.75-20857 Filed 8-8-75;8:45 am]

## FEDERAL COMMUNICATIONS COMMISSION

**[ 47 CFR Part 1 ]**

[DOCKET NO. 20522]

**GENERAL TELEPHONE AND ELECTRONICS CORP. ET AL.**

**Annual Report Forms**

In the Matter of amendment of Annual Report Form M for telephone companies, Form O for wire-telegraph and ocean-cable carriers, Form R for radiotelegraph carriers, and Form H for holding companies to provide for more comprehensive information on corporate ownership.

By the Chief, Common Carrier Bureau: 1. The Commission has received a motion dated July 25, 1975 from General Telephone & Electronics Corporation and its subsidiary domestic telephone operating companies (GTE) requesting an extension from July 28, 1975 to November 26, 1975 in which to submit comments concerning the notice of proposed rule making on corporate ownership information.

2. GTE states that it supports AT&T in its request of July 22, 1975 for an extension of time within which to file comments in this docket.[1] Further GTE indicates that it is in the process of obtaining information of the type discussed by AT&T and believes that more meaningful comments could be submitted if more time were afforded to prepare such comments.

[1] The American Telephone and Telegraph Company and the associated Bell System operating companies on July 22, 1975 requested the Commission to extend the time for filing comments in this Docket to November 26, 1975.

3. In an Order adopted July 24, 1975, the Chief, Common Carrier Bureau states that it appears it is in the public interest to allow additional time for comments. Further the Order indicates that an extension of time to September 1975 rather than to November 26, 1975, as requested by AT&T, would be more appropriate in order not to unduly delay action in this proceeding. Further, the Order states that we believe in granting that extension sufficient time has been made available to all interested persons within which to file their comments.

4. Accordingly, It is ordered, Pursuant to authority delegated by § 0.303(c) of the Commission's rules, that the request of GTE for an extension of time from July 28, 1975 to November 26, 1975 within which to file comments in the above captioned proceeding is hereby denied to the extent that it extends beyond September 29, 1975, the date granted by Order adopted July 24, 1975, pursuant to the motion of AT&T.

5. It is further ordered, That the time for filing comments is September 29, 1975 and the time for filing reply comments is October 14, 1975, as provided in the Order adopted July 24, 1975. We urge all interested persons to take appropriate steps to file their comments within the time periods established in this proceeding.

Adopted: July 29, 1975.

Released: July 30, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
WALTER R. HINCHMAN,
*Chief, Common Carrier Bureau.*

[FR Doc.75-20872 Filed 8-8-75;8:45 am]

**[ 47 CFR Part 61 ]**

[FCC 75-894; Docket No. 19660, RM-690]

**INTERNATIONAL RECORD CARRIERS' SCOPE OF OPERATIONS IN THE CONTINENTAL UNITED STATES**

**Inquiry and Proposed Rulemaking**

By the Commission: Commissioner Robinson issuing a separate statement.

1. Notice is hereby given of further inquiry and proposed rule making looking toward the authorization of new gateway cities for international record carriers.

2. By Notice of Inquiry and Proposed Rule Making in Docket No. 19660, 38 FCC 2d 541 (1972), we instituted an inquiry and rule making on various questions concerning the relationship between the international record carriers (IRCs) and The Western Union Telegraph Company (WU). The proceeding was prompted by a series of applications, tariff revisions and other filings which seemed interrelated. We have already disposed of the aspect concerned with WU's landline haul charges, FCC 75-723, adopted June 18, 1975, and are treating separately the question of revision to the international formula prescribed under Section 222 of the Act. Moreover, we are concurrently issuing a Memorandum Opinion and Order (FCC 75-893), which addresses the question of access by the presently-excluded IRCs to existing

gateways. This Notice has to do with the question whether the public interest, convenience and necessity would be served by authorization of new gateways pursuant to Section 222 of the Act.

3. We have pending applications by ITT World Communications, Inc., (File No. T–C–2433), RCA Global Communications, Inc., (File No. T–C–2449), Western Union International, Inc., (File No. I–T–C–2617), and TRT Telecommunications Corp., (File No. I–T–C–2498–2), which in combination seek authorization of the following cities as new gateway points:

| | |
|---|---|
| Memphis, Tenn. | Milwaukee, Wis. |
| Atlanta, Ga. | Detroit, Mich. |
| Los Angeles, Calif. | Houston, Tex. |
| Chicago, Ill. | St. Louis, Mo. |
| Philadelphia, Pa. | Newark, N.J. |
| Cleveland, Ohio. | Stamford, Conn. |
| Dallas, Tex. | Hicksville, N.Y. |
| Boston, Mass. | Cincinnati, Ohio. |
| Seattle, Wash. | Baltimore, Md. |
| Minneapolis, Minn. | Denver, Colo. |
| Pittsburgh, Pa. | |

These applications and the opposition pleadings thereto are described in our concurrent Memorandum Opinion and Order (FCC 75–893), on access to existing gateways. Rather than repeating such description here, we incorporate that Memorandum Opinion and Order.[1]

4. It is our view that the public interest would be served by authorizing some new gateway cities under section 222 of the Act. Since the existing gateways were approved some 30 or more years ago, there have been significant changes in the operations of the IRCs and technological advances in the provision of communications service which may have rendered obsolete a gateway framework suitable to another era. When the existing gateways were authorized public message telegraph service was the principal service of the IRCs. Today, the bulk of their services consists of telex, leased channel, and video program transmission. New international cables have been authorized, and the 1960's saw the advent of international services via communications satellites, with earth stations located far from the traditional gateways. Computer technology, which has had a significant impact on communications in general, has also affected the services and operations of the IRCs.

5. In addition to these developments there have also been changes in the need for the IRCs to rely on WU. When section 222 was enacted in 1943 to permit WU to merge with Postal Telegraph Cable Company, and thereby achieve a de facto monopoly in the provision of domestic telegraph service, the IRCs had to rely on WU for most of the pickup and delivery of public telegraph messages outside their gateways. It would have been impracticable for them to duplicate the extensive facilities WU then had for message telegraph service; or even the curtailed public message facilities that WU maintains today. However, in the case of their current offerings of leased-channel service and video program transmission, the IRCs have other domestic carriers available (AT&T, the specialized and miscellaneous common carriers) for pickup and delivery of communications to many points in the hinterland. Also, there would appear to be no reason why the IRCs could not pick up and deliver some of their international record communications. Some of the provisions of section 222, e.g., the international formula and the requirement for WU to divest international telegraph operations "theretofore carried on," are geared to WU's monopoly position in the provision of domestic telegraph service. While these provisions are strict requirements, section 222(a)(5) makes the approval of gateways a matter of Commission discretion. That section, which permits the IRCs to accept and deliver international telegraph messages in the cities which constitute gateways approved by the Commission, does not by its terms preclude the Commission from authorizing new gateways for public message telegraph service, in addition to those gateways then authorized, as the public interest requires. Even more clearly, the statute does not preclude authorization of new gateways for other services of the IRCs.

6. Notwithstanding the foregoing, we are concerned that the authorization of new gateways should not have a substantial, adverse impact on WU's basic services to the public, and its charges therefor. With respect to TWX and domestic telex, we solicit the views of interested persons as to whether the public interest would be better served by maintaining the status of WU or authorizing hinterland gateways to the IRCs for the purpose of pickup and delivery of their international telex service. For message telegraph service, our present inclination is to approve hinterland pickup and delivery by the IRCs, where practicable, while recognizing that there will be continued need to rely on WU in a great many instances. While WU is the sole carrier authorized to provide domestic telex, TWX and message telegraph service, it has increasingly engaged also in competitive private line services. Insofar as WU's private line services are concerned, it is in no different position from that of any other specialized common carrier and enjoys no umbrella protection. Thus, for hinterland pickup and delivery of leased-channel services by the IRCs, we presently see no public interest bar, but invite comments also on this question.[2]

7. In short, we are aware that the policy we are here proposing will have some economic effect on WU. In view of the substantial public interest considerations in favor of authorizing new gateways to the IRCs, the effect on WU must be measured in terms of apparent adverse impact on its basic services to the public if it is to weigh in our consideration of the relevant public interest factors. We expect that WU will take responsibility for calling to our attention all pertinent circumstances affecting it and its services to the public; and that it will support all assertions it makes in this regard with sufficient data to permit our determination as to the overall public interest. We expect also that the IRCs in their comments will address, with support, the question of substantial, adverse impact on WU public services.

8. We have previously, in approving the transfer of Bartlett earth station from the Communications Satellite Corporation to RCA, FCC 73–1322, and in authorizing terrestrial domestic facilities to United States Transmission Systems, Inc., a subsidiary of International Telephone and Telegraph Corporation, 48 FCC 2d 859, conditioned our authorizations upon a requirement that such facilities not be used to expand the gateways of the IRCs. It logically follows from the policy we are here proposing with respect to the authorization of new gateways, that these restrictions would be lifted. Thus, interested persons are requested to address this aspect also. We will also consider in this further proceeding the IRC's proposal for expansion of the geographic limits of existing gateways, as well as the appropriate boundaries for any new gateways.

9. Accordingly, interested persons are invited to submit comments on the foregoing on or before October 17, 1975 and reply comments on or before November 14, 1975. An original and 14 copies of all pleadings submitted in response to this notice shall be filed with the Commission. In addition to the comments invited by this Notice, the Commission may consider any other relevant material properly before it. The subject applications and pleadings submitted in response to this Notice will be available for public inspection in Room 539 of the Commission's offices at 1919 M Street, N.W., Washington, D.C.

Adopted: July 24, 1975.

Released: August 6, 1975.

FEDERAL COMMUNICATIONS COMMISSION,[1]

[SEAL] VINCENT J. MULLINS,
*Secretary.*

[FR Doc.75-20862 Filed 8-8-75;8:45 am]

[1] We also have pending facilities applications by Radiocall, Inc., (File No. 2209–C 4–P–72 and 2164–C 4–P–72) for proposed record services between Los Angeles and Honolulu. To the extent that these applications depend on approval of Los Angeles as a new gateway, we propose to resolve that question here, but not to treat the merits of the applications.

[2] *Cf.* RCA Global Communications, Inc. *et al.* 42 FCC 2d 774, 779–781 (1973); American Satellite Corp., 43 FCC 2d 348, 353–355 (1973).

## [ 47 CFR Part 73 ]

[Docket No. 20566 RM–2479]

## TABLE OF ASSIGNMENTS

### FM Broadcast Stations, (Eugene and Grants Pass, Oreg.)

1. *Petitioner, proposal, and comments.* (a) Notice of Proposed Rule Making is given concerning amendment of the FM Table of Assignments (§ 73.202(b) of the Commission's rules and regulations) as concerns Eugene and Grants Pass, Oregon.

(b) A petition for rule making was filed on behalf of MATTCO, Inc. ("MATTCO"), proposing that unoccupied (and, at present, unapplied for) Channel 260 be deleted from Grants Pass, Oregon, and assigned to Eugene, Oregon, as a fifth FM channel assignment to the community. In lieu of the deletion, the petitioner proposes the substitution of Channel 262 at Grants Pass. Public Notice of the filing of the petition was issued on November 29, 1974 (Report No. 931). In its petition, MATTCO sought to justify its request for the assignment by citing what it described as Eugene's "phenomenal growth rate," and asserting that the 1975 population of Eugene would either equal or exceed 100,000. Noting previously announced Commission policy regarding population criteria for assignments,[1] MATTCO urged that Eugene is entitled to a fifth FM channel assignment.

(c) On January 30, 1975, an "Opposition to Petition for Rule Making" was filed on behalf of Pacific Northwest Broadcasting Corporation ("PNW"), licensee of radio stations KPNW and KPNW–FM, Eugene. PNW urged summary denial of MATTCO's petition on the grounds that the Eugene market was "over-radioed" and could not support a thirteenth commercial radio station, that MATTCO had grossly exaggerated Eugene's growth rate, and that the proposed channel assignment, if adopted, would amount to an inefficient use of the radio spectrum, resulting in the creation of an "enormous" area of preclusion.

(d) On February 20, 1975, MATTCO, by way of reply, responded to certain of PNW's assertions, and urged that sufficient information had been placed before the Commission upon which a rule making proceeding could be initiated. Our reasons for including that a notice should reasons for concluding that a notice should be issued are discussed in paragraph 4.

2. *Demographic Data.* (a) *Location:* Eugene, the seat of Lane County, is located approximately 100 miles southwest of Portland, Oregon, and fifty miles east of the Pacific Ocean coastline.

(b) *Population:*

Eugene—79,028;[2] Lane County—215,401.[3]

(c) *Local Broadcast Service:* Eugene presently receives local aural service from seven AM stations,[4] five commercial FM stations,[5] and three noncommercial educational FM stations.[6] It is also served by two network affiliated VHF television stations.

(d) *Industry:* Eugene is a wholesale and retail trade and service center with the higher education and wood products manufacturing sectors also occupying prominent positions in the economy.

3. *Preclusion Studies.* (a) *Preclusive effects of Channel 260 assignment at Eugene.* Preclusion would occur on cochannel 260 and on first adjacent channels 259 and 261A. Madras, Oregon (pop. 1,800), which does not have an FM assignment, is the only community with a population in excess of 1,000 that would be precluded by the proposal. Petitioner did not indicate whether an alternate channel would be available for use in that community. The communities of Florence (pop. 1,802) and Veneta (pop. 1,200), Oregon, would be precluded from the assignment of Channel 261A; the petitioner has not indicated whether alternate channels exist for assignment to these communities. Moreover, the petitioner did not provide information regarding the extent of presently "unserved" or "underserved" areas to be served by the proposed assignment.

(b) *Preclusive effects of Channel 262 assignment at Grants Pass.* The assignment of Channel 262 to Grants Pass would create preclusion on Channels 262, 263, 264, and 265A, however, the removal of Channel 260 allows Channels 257A, 258, and 259 to be used in areas where they cannot be presently assigned. The resulting preclusion areas consist, for the most part, of large, sparsely populated land areas. The communities located within those areas either have an FM assignment or receive FM service from a nearby community.

4. *Additional Considerations.* (a) We are disposed to the issuance of a notice of proposed rule making in order to obtain a full and complete discussion by the parties on some close and serious questions which could not be considered if we summarily denied the petition.

(b) The resolution of this proceeding does not turn on such a narrow question as whether or not the city of Eugene has a population of 100,000. Reliance upon such a mechanistic application of the population criteria used in conjunction with FM channel assignments would be error for, as we have repeatedly stated, population criteria are not "an immutable standard"[7] and represents only one of many considerations to be weighed by the Commission in arriving at a result that is consistent with the public interest.[8]

(c) To assist the Commission in the resolution of this proceeding, we seek all relevant information on whether the proposed assignment represents a "fair, efficient, and equitable distribution of radio services . . . among the several States and communities."[9] In addition, MATTCO should submit *Roanoke Rapids*[10] and *Anamosa*[11] showings illustrating the extent of first and second aural service and first and second FM service to be provided by the proposed assignment. Further, MATTCO should identify alternate channels that may be utilized in the communities situated in the areas of preclusion discussed above, see para. 3(a).

(d) Two of the issues raised by PNW are considered premature and need not be resolved at this point. The first concerns the economic viability of the Eugene radio market and the impact of an additional station upon that market. Consistent with our previously announced policy, the economic impact issue is more properly considered at the application stage (if there is to be one) rather than in the rule making context.[12] The second issue relates to "blanketing interference", a type of interference which occurs in the immediate vicinity of a transmitter which PNW alleges may result if MATTCO's proposal is adopted. As above, the proper time for consideration of such interference is at the application stage when the applicant(s) must provide the Commission with certain technical data. Further consideration at this stage would be speculative at best.

5. *Proposed Amendment to the FM Table of Assignments.* The Commission proposes to amend the FM Table of Assignments, Section 73.202(b), with regard to the communities of Eugene and Grants Pass, Oregon, as follows:

| City | Channel No. | |
|---|---|---|
| | Present | Proposed |
| Eugene, Oreg. | 233, 241, 250, 256 | 233, 241, 250, 256, 260 |
| Grants Pass, Oreg. | 260 | 262 |

[1] *Further Notice of Proposed Rule Making,* Docket 14185, and incorporated by reference in para. 25, *Third Report and Memorandum Opinion and Order,* 23 R.R. 1859 (1963).

[2] Unless otherwise noted, all population statistics are cited from the 1970 U.S. Census.

[3] The petitioner has supplied the Commission with a document entitled "Addendum 1. Population of Eugene" which is a compilation prepared by the Center for Population Research at Portland State University showing its estimates of both the actual and projected population statistics for the city of Eugene. They project an estimated population of 102,750 for Eugene in 1975.

[4] One of the seven, KORE, is licensed to serve Springfield-Eugene. The remaining stations are KUGN, KPNW, KEED, KATR, and KBDF which is licensed to the petitioner. One of the stations, KATR, is a daytime-only facility, the others full-time.

[5] One of the five, KORE–FM (Channel 226), is licensed to serve Springfield-Eugene. The remaining stations are KBMC (Channel 233), KZEL–FM (Channel 241), KFMY (Channel 250), and KPNW–FM (Channel 256).

[6] They are KLCC (Channel 212), KWAX (Channel 216), and KVRM (Channel 220).

[7] *Alexandria, La.,* 51 F.C.C. 2d 498 (1975); *Yakima, Wash.,* 42 F.C.C. 2d 548 (1973); *Fresno, Cal.,* 36 F.C.C. 2d 525 (1972).

[8] *Hattiesburg, Miss.,* 37 F.C.C. 2d 54 (1972); *Gulfport, Miss.,* 43 F.C.C. 2d 1138 (1973).

[9] 47 U.S.C. § 307(b).

[10] *Roanoke Rapids, N.C.,* 9 F.C.C. 2d 672 (1967).

[11] *Anamosa, Ia.,* 46 F.C.C. 2d 520 (1974).

[12] *Melbourne, Fla.,* 47 F.C.C. 2d 717 (1974); *Adrian, Mich.,* 37 F.C.C. 2d 1021 (1972); *Carroll Broadcasting Co.* v. *FCC,* 258 F. 2d 440 (D.C. Cir. 1958); *FCC* v. *Sanders Bros.,* 309 U.S. 470 (1940).

6. *Authority.* The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein.

7. *Comments and replies.* Interested parties may file comments on or before October 1, 1975, and reply comments on or before October 20, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] WALLACE E. JOHNSON,
*Chief, Broadcast Bureau.*

1. Pursuant to authority found in sections 4(i), 5(d)(1), 303 (g) and (r), and 307(b) of the Communications Act of 1934, as amended, and Section 0.281(b)(6) of the Commission's Rules, it is proposed to amend the FM Table of Assignments, § 73.202(b) of the Commission's rules and regulations, as set forth in the notice of proposed rule making to which this Appendix is attached.

2. *Showings required.* Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed assignment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is assigned, and, if authorized, to build the station promptly. Failure to file may lead to denial of the request.

3. *Cut-off procedures.* The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See § 1.420(d) of Commission Rules.)

(b) With respect to petitions for rule making which conflict with the proposal(s) in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If filed later than that, they will not be considered in connection with the decision in this docket.

4. *Comments and reply comments; service.* Pursuant to applicable procedures set out in §§ 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the notice of proposed rule making to which this Appendix is attached. All submissions by parties to this proceeding or persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. Comments shall be served on the petitioner by the person filing the comments. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. Such comments and reply comments shall be accompanied by a certificate of service. (See § 1.420 (a), (b) and (c) of the Commission rules.)

5. *Number of copies.* In accordance with the provisions of Section 1.419 of the Commission's Rules and Regulations, an original and fourteen copies of all comments, reply comments, pleadings, briefs, or other documents shall be furnished the Commission.

6. *Public inspection of filings.* All filings made in this proceeding will be available for examination by interested parties during regular business hours in the Commission's Public Reference Room at its headquarters, 1919 M Street, NW., Washington, D.C.

[FR Doc.75-20873 Filed 8-8-75;8:45 am]

## FEDERAL MARITIME COMMISSION

[46 CFR Part 536]

[General Order 13; Docket No. 75-28]

### GENERAL RATE INCREASES AND CERTAIN SURCHARGES FILED BY COMMON CARRIERS, CONFERENCES, AND MEMBER CARRIERS OF RATE AGREEMENTS

**Submission of Revenue and Cost Data**

Notice is hereby given that the Federal Maritime Commission is considering amending Part 536, containing regulations governing the contents of tariff publications by common carriers by water in the foreign commerce of the United States and by conferences of such carriers.

The Commission has determined that a need exists for the promulgation of rules requiring submission of certain revenue and cost data by conferences, members of rate agreements, and independent carriers operating in the foreign commerce of the United States. The Commission has, in the past, attempted to elicit this type of information by means of informal staff requests, but the response has been inadequate and unproductive. The Commission has, therefore, been unable properly to evaluate the ratemaking activities of common carriers.

The Commission has the responsibility to insure that common carriers by water in our foreign commerce establish rates which are not set at levels detrimental to the commerce of the United States in violation of section 18(b)(5) of the Shipping Act, 1916.

The proposed rules require that the common carriers, conferences, and members of rate agreements serving the United States foreign commerce, indicate the circumstances of their cost requirements and translate these changing circumstances into justification for the additional revenues being sought in the form of general rate increases and/or certain surcharges.

Therefore, pursuant to the provisions of section 4 of the Administrative Procedure Act (5 U.S.C. 553) and sections 18(b), 21 and 43 of the Shipping Act, 1916, (46 U.S.C. 817(b), 820 and 841(a)), notice is hereby given that the Federal Maritime Commission is considering the amendment of Part 536 of Title 46 by inserting a new § 536.—— reading as follows:

**§ 536.— Submission of Revenue and Cost Data, Concerning General Rate Increases and Certain Surcharges Filed by Common Carriers, Conferences, and Member Carriers of Rate Agreements.**

(a) *General Rate Increases.* (1) Whenever a Conference or the parties to a Rate Agreement or an independent ocean carrier files a General Rate Increase with the Federal Maritime Commission, which will increase 50 percent or more of its tariff items or increase its aggregate or individual gross revenue by 5 percent or more, within a period of 180 days, or at any time that individual rate increases on individual commodities in the tariff total 50 percent or more of the tariff items or the total aggregate revenues are cumulatively increased by 5 percent or more during any 180-day period, it shall file simultaneously therewith aggregate cost and revenue data as indicated in this section.[1]

(2) Where a carrier subject to this section operates in more than one trade on the same voyage, total aggregate costs and revenue data shall be supplied in addition to the amounts applicable to the trade for which the rate increase is being requested.

(3) All amounts shall be converted to U.S. dollars utilizing the current exchange rate except for depreciation and amortization expense, which shall be converted at the exchange rates prevailing when the corresponding assets were acquired. Accounting principles shall be those utilized in the United States. All data submitted shall be certified to be correct by an officer of the Conference or by all the parties to a Rate Agreement or by an officer of the independent ocean carrier.

(4) The aggregate cost and revenue data required is as follows:

(i) An Aggregate Statement of Revenue and Expense for a 12-month period ending not more than 60 days prior to the date of filing the general rate increase with the Commission.

(ii) A projected Aggregate Statement of Revenue and Expense for a 12-month period beginning with the month following the date on which the general rate increase is proposed to become effective. The amount of additional aggregate revenue to be received as a result of the rate increase shall be set forth separately and appropriately noted. The method for determining projected aggregate revenue shall be set forth and fully explained.

(iii) A statement of the specific reason(s) for requesting the rate increase. If the reason is one of increased cost, state the specific cost(s) that have increased, supplying both the aggregate total dollar amount of the cost(s) for the last 12-month period and the projected aggregate cost(s) for the next 12-month period, beginning with the month following the date the rate increase is scheduled to become effective. The methodology for determining aggregate projected expenses shall be set forth and fully explained.

(iv) (A) For the same 12-month period covered by the Statement of Revenue and Expense in paragraph (a)(4)(i) of this section, a statement setting forth in separate categories, aggregate cargo statistics in revenue tons and the aggregate amount of revenue earned for each of the 15 commodities, producing the highest aggregate revenue in the applicable trade in which the rate increase is being requested. In the event there are less than fifteen (15) commodities in the particular trade, list those commodities; however, no report shall be necessary for any commodity of less than 500 revenue tons.

(B) Project the aggregate volume of cargo which is anticipated will be carried during the 12-month period which coincides with the projected Aggregate Statement of Net Profit or Loss, in paragraph (a)(4)(ii) of this section in the same manner as required by paragraph (a)(4)(iv)(A) of this section.

(5) Upon implementation of the general increase, a record will be maintained and a report will be made to the Commission 180 days thereafter comparing actual additional revenue with the revenue need projections made under paragraph (a)(4)(ii) of this section.

(b) *Surcharges.* (1) Whenever a Conference or the parties to a Rate Agreement or an independent carrier in the foreign trade of the United States imposes a new surcharge or amend an existing surcharge, except as provided in paragraph (b)(3) and paragraph (b)(4) of this section, there shall be filed simultaneously therewith, pertinent cost and operating data on an aggregate basis for the Conference or the Rate Agreement or the independent carrier, to justify the particular surcharge being filed.

(2) The Conference or parties to a Rate Agreement or independent carrier shall, in addition to the initial aggregate costs and operating data, submit quarterly thereafter, starting ninety (90) days from the date the surcharge becomes effective, aggregate costs and operating data to continually justify the level and/or need for the surcharge.

(3) Bunker surcharge data shall include for each carrier for the preceding 90-day period data which will permit the Commission to determine the increased costs relating to fuel price increases in total and that portion attributable to the specific tariff areas for which the surcharge is proposed. This data shall comprise both cost information and cargo statistical information as follows:

(i) *Cost Information:* (A) The cost in dollars per ton of fuel at the base date prior to the increase in fuel costs for which the surcharge is sought and the location of bunkering ports.

(B) The current purchased price of fuel in dollars per ton for which the requested surcharge is intended to compensate, and the location of bunkering ports.

(ii) *Operating Data:* (A) Operating data shall be submitted on a terminated round voyage basis. The definition of terminated round voyage is set forth in paragraph (b)(3)(ii)(E) of this section below. For each terminated round voyage in the preceding 90-day period, data shall be submitted without disclosing the identity thereof for each carrier member showing (1) the vessel itinerary for each voyage, (2) the port of loading and the port of discharge (port pair) for all revenue tons of cargo carried on each voyage. The revenue tons shall be shown separately by direction of movement and the number of revenue tons for each port pair relating to the cargo for which the surcharge is being sought shall be stated for each port pair.

(B) The standard shortest direct navigable distance, ocean mileage between each port pair shall also be stated. The source of the mileage shall be noted in each instance.

(C) The applicant shall also state the total revenue tons subject to the surcharge, the average revenue per ton of the revenue tons subject to the surcharge, and the average number of tons of fuel consumed per terminated round voyage.

(D) The total increased cost will be allocated between the revenue tons subject to the surcharge and all other revenue tons carried on the same voyages based upon a Revenue Ton Mile Relationship as shown on the sample worksheets provided herein.

(E) Terminated round voyage means a completed round voyage from port of origin and return to port of origin. In no case shall a voyage be split to reflect outward and inward services separately. However, when a vessel is reassigned to a new base point, then the voyage is from the old port of origin to the new port of origin. Where a vessel performs outbound in the service and then proceeds to charter, the voyage will be considered to be terminated upon completion of the discharge of the last cargo in the service. The requirement respecting commencement and termination of a completed round voyage by a carrier party to an operating differential subsidy agreement may be observed by such carrier for the purposes of this section. Voyages generally are considered to be terminated on the completion of one or the other of the following operations or events:

(1) The latest of:

(i) Crew paid off;

(ii) Discharge of last of homeward cargo; or

(iii) Completion of repairs (excluding annual overall and emergency repairs); or

(2) Midpoint in time of operations simultaneously loading and unloading cargo.

Usually this will be considered to have happened at noon or midnight of the day on which the determining operation is completed.

(4) The requirements of this section shall not apply to currency adjustment surcharges filed by those Conferences and/or Rate Agreements which maintain a Dual Rate Contract System.

(c) *Confidentiality of Information.* Financial data filed pursuant to the requirements of this section shall be confidential information, and shall be withheld from public disclosure: *Provided, however,* That such confidential information may be used by the Commission as the basis for a proceeding instituted pursuant to section 22 of the Shipping Act, 1916, and may also be used in such a proceeding.

Interested persons may participate in this rulemaking proceeding by filing with the Secretary, Federal Maritime Commission, 1100 L Street, NW., Washington, D.C., 20573, on or before September 5, 1975, an original and 15 copies of their views or comments pertaining to the proposed amendments. All suggestions for changes in the text as set out above should be accompanied by drafts of the language thought necessary to accomplish the desired changes and by comments and arguments supporting the suggested changes.

The Federal Maritime Commission's Bureau of Hearing Counsel shall participate in the proceeding and shall file Reply to Comments on or before September 26, 1975, by serving an original and 15 copies on the Federal Maritime Commission and one copy to each party who filed written comments. Answers to the Replies shall be submitted to the Federal Maritime Commission on or before October 10, 1975.

As the adoption of the proposals set forth in this rulemaking proceeding could in no way be considered to result in major federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 (42 U.S.C. 4321, *et seq.*), no environmental assessment will be undertaken and no environmental impact statement will be issued in this proceeding.

By Order of the Federal Maritime Commission.

[SEAL] FRANCIS C. HURNEY,
*Secretary.*

[1] Where the term aggregate cost and revenue data is used in this Section it shall mean actual cost and revenue data for an independent ocean carrier.

## SECURITIES AND EXCHANGE COMMISSION

**[ 17 CFR Parts 210, 239, 240, 249 ]**

[Release Nos. 33-5601, 34-11562]

### COMPANIES IN THE DEVELOPMENT STAGE

### Proposed Accounting and Reporting Requirements

The Commission hereby proposes to amend Article 5A (17 CFR Part 210.5A-01—210.5A-07) and certain rules of Regulation S-X (17 CFR Part 210) which specify the requirements for the form and content of the financial statements and schedules to be included in registration statements and periodicr eports filed with the Commission by certain commercial, industrial and mining companies in the promotional, exploratory or other stages of development; to amend instruction in various registration and reporting forms regarding the applicability of Article 5A requirements to the financial statements to be included in those forms filed by the development stage companies; and to amend other references to Article 5A in forms and rules.

Article 5A contains specialized requirements for the financial statements of development stage companies meeting specified standards, and they differ in several significant respects from the requirements for financial statements in Regulation S-X which are applicable to companies which are not in a development stage, particularly for balance sheets and income statements (Article 5) (17 CFR 210.5-01—210.5-04), statements of other stockholders' equity (Article 11 (17 CFR 210.11-01, 210.11-02) and statements of source and application of funds (Article 11A) (17 CFR 210.11A-01, 210.11A-02). When these specialized requirements for the form and content of the financial statements of certain companies in the development stage were adopted by the Commission, there were no authoritative statements of the accounting profession regarding the appropriate accounting and financial reporting directly applicable to such companies. In June 1975 the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 7, "Accounting and Reporting by Development Stage Enterprises," which specifies in summary that financial statements issued by a development stage enterprise shall conform to generally accepted accounting principles applicable to established operating enterprises, and that certain additional information shall be disclosed in the financial statements. This FASB Statement relates to all of the types of companies to which Article 5A and the related rules in Regulation S-X are applicable, as well as to other development stage companies which did not meet the standards for utilization of the Article 5A requirements.

The Commission stated, in Accounting Series Release No. 150 (39 FR 1260), that the pronouncements of the FASB will be considered to constitute substantial authoritative support for accounting and reporting procedures and practices used in preparing financial statements filed with the Commission. Therefore, the Commission believes it should revise its requirements for the presentation of financial statements by development stage companies in filings with the Commission to conform them to the requirements in the FASB Statement.

Specifically, Article 5A in Regulation S-X would be revised to eliminate the specialized financial statement requirements for all companies to which Article 5A is now applicable and to require the furnishing of the additional information specified in FASB Statement No. 7 in the financial statements included in registration statements and periodic reports filed by all companies in the development stage. All other rules and instructions in Regulation S-X relating to the current Article 5A requirements would also be eliminated. The instructions as to financial statements applicable to the development stage companies in Forms S-2, S-3, 1-A, 10 and 10-K (17 CFR 239.12, 239.13, 239.90, 249.210 and 249.310) would be amended to conform the requirements for the form and content of financial statements to those prescribed for established operating companies in Articles 5, 11 and 11A of Regulation S-X. General Instruction H in Form 10-Q (17 CFR 249.308a) and Rules 13a-13 and 15d-13 (17 CFR 240.13a-13 and 240.15d-13) under the Exchange Act which contain references to Article 5A would be revised.

Form S-1 is the general form used for registration of securities under the Securities Act; Form S-2 is used by commercial and industrial companies in the development stage and Form S-3 is used by mining companies in the development stage or registration of equity securities for sale for cash under the Securities Act; Form 1-A is used for filing the notification and offering circular for securities pursuant to Regulation A under the Securities Act; Form 10 is the general form used for registration of securities under the Exchange Act; Form 10-K is used for annual reports and Form 10-Q is used for quarterly reports pursuant to the Exchange Act.

*Commission action.* The Commission hereby proposes to amend Parts 210, 239, 240 and 249 of Chapter II of Title 17 of the Code of Federal Regulations as shown in the attachment hereto.

The proposed amendments would be adopted pursuant to authority in sections 6, 7, 8, 10 and 19(a) (15 U.S.C. 77f, 77g, 77h, 77j and 77s) of the Securities Act of 1933; and sections 12, 13, 15(d) and 23(a) (15 U.S.C. 78l, 78m, 78o(d) and 78w) of the Securities Exchange Act of 1934.

The amendments are proposed to be effective for financial statements for fiscal periods beginning on or after December 26, 1975, and earlier application would be encouraged. All interested persons are invited to submit written comments on the proposals on or before September 15, 1975. The communications should be addressed to the Secretary, Securities and Exchange Commission, Washington, D.C. 20549, and should be

referenced to File No. S7-574. All comments will be available for public inspection.

By the Commission.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

JULY 31, 1975.

### PART 210—FORM AND CONTENT OF FINANCIAL STATEMENTS, SECURITIES ACT OF 1933, SECURITIES EXCHANGE ACT OF 1934, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935, AND INVESTMENT COMPANY ACT OF 1940

I. Various rules, instructions and articles of Part 210 (Regulation S-X) would be revised or revoked, as follows:

**§ 210.4-09 [Revoked]**

1. Section 210.4-09 would be revoked.

**§ 210.5-01 [Amended]**

2. Section 210.4-09(a)(1) would be revoked and § 210.5-01(a) (2), (3), (4), (5), (6), (7), (8), (9) would be renumbered as (a) (1), (2), (3), (4), (5), (6), (7), (8), respectively.

3. The title and §§ 210.5A-01 and 210.5A-02 of Article 5A would be revised, and §§ 210.5A-03, 210.5A-04, 210.5A-05, 210.5A-06 and 210.5A-07 would be revoked as follows.

COMPANIES IN THE DEVELOPMENT STAGE (ARTICLE 5A)

**§ 210.5A-01 Application of §§ 210.5A-01 and 210.5A-02 (Article 5A).**

(a) Sections 210.5A-01 and 210.5A-02 shall be applicable to the financial statements in registration statements and periodic reports filed by companies in the development stage.

(b) For purposes of this rule, a company shall be considered to be in the development stage if it is devoting substantially all of its efforts to establishing a new business and either of the following condition exists:

(1) Planned principal operations have not commenced.

(2) Planned principal operations have commenced, but there has been no significant revenue therefrom.

**§ 210.5A-02. Additional information required to be included in financial statements filed by companies in the development stage.**

(a) Financial statements included in a registration statement or periodic report filed by a company in the development stage shall include additional information, as follows:

(1) In a balance sheet, include any cumulative net losses reported with a descriptive caption such as "deficit accumulated during the development stage" in the stockholders' equity section.

(2) In an income statement show amounts of revenue and expenses for each period covered by the income statement and, in addition, cumulative amounts from the enterprise's [1] inception.

[1] For a dormant enterprise that is reactivated to undertake development stage activities, the disclosure of cumulative amounts required by this paragraph shall be from inception of the development stage.

(3) In a statement of source and application of funds or changes in financial position, show the sources and uses of financial resources for each period for which an income statement is presented and, in addition, cumulative amounts from the enterprise's inception.

(4) In a statement of stockholders' equity, show from the enterprise's inception: [2]

(i) For each issuance, the date and number of shares of stock, warrants, rights, or other equity securities issued for cash and for other consideration.

(ii) For each issuance, the dollar amounts (per share or other equity unit and in total) assigned to the consideration received for shares of stock, warrants, rights, or other equity securities. Dollar amounts shall be assigned to any noncash consideration received.

(iii) For each issuance involving noncash consideration, the nature of the noncash consideration and the basis for assigning amounts.

(b) The financial statements shall be identified as those of a development stage enterprise and shall include a description of the nature of the development stage activities in which the enterprise is engaged.

(c) The financial statements for the first fiscal year in which an enterprise is no longer considered to be in the development stage shall disclose that in prior years it had been in the development stage. If financial statements for prior years are presented for comparative purposes, the cumulative amounts and other additional disclosures required by paragraphs (a) and (b) of this section need not be shown.

**§§ 210.5A-03—210.5A-07 [Revoked]**

4. In § 210.12-01, § 210.5A-07 would be deleted from the list of cited rules.

**§ 210.12-01 Application of §§ 210.12-01—210.12-43 (Article 12).**

These sections prescribe the form and content of the schedules required by §§ 210.5-04 (210.5A-07), 310.6-10, 210.6-13, 210.6-24, 210.6-34, 210.7-06, 210.7A-06 and 210.9-04.

**§ 210.12-06 [Amended]**

5. In § 210.12-06. *Property, plant and equipment.* Instruction 2(c) would be revoked.

**§ 210.12-06A [Revoked]**

6. Section 210.12-06A. *Unrecovered cost incurred in the promotional, exploratory, and development stage* would be revoked.

**§ 210.12-07 [Amended]**

7. In § 210.12-07. *Accumulated depreciation, depletion and amortization of property, plant and equipment.* Instruction 1(b) would be revoked.

### PART 239—FORMS PRESCRIBED UNDER THE SECURITIES ACT OF 1933

**§ 239.12 [Amended]**

II. Section 239.12 (Form S-2). Item 13, Financial Statements, would be revised and expanded to include instructions as to financial statements, as given below:

*Item 13. Financial statements.* 1. Include in the prospectus all financial statements called for by the Instructions as to Financial Statements. All schedules to balance sheets and income statements may be omitted from the prospectus, except those prepared in accordance with Rule 12-16 of Regulation S-X which are applicable to income statements included in the prospectus.

2. *Instructions as to financial statements.* The balance sheet and statements of income and source and application of funds required to be filed as a part of the registration statement are prescribed below. Regulation S-X governs the examination and the form and content of such financial statements and prescribes the statements of retained earnings and other stockholders' equity and the schedules to be filed. All financial statements required to be filed shall be audited. Attention is directed to Rule 411(b) regarding incorporation by reference of financial statements and to section 10(a)(3) of the Act and Release No. 4936 regarding updating the financial statements in specified circumstances.

a. *Balance sheet.* The registrant shall file a balance sheet as of a date within 90 days prior to the date of filing the registration statement.

b. *Statements of income and source and application of funds.* The registrant shall file statements of income and source and application of funds for each of the last three fiscal years, or for the life of the registrant, if less, and for the interim period, if any, between the end of the most recent of such fiscal years and the date of the balance sheet specified in (a) above.

c. *Reorganization of registrant.* (1) If, during the period for which its income statements are required, the registrant has emerged from a reorganization in which substantial changes occurred in its asset, liability, capital shares, other stockholders' equity or reserve accounts, a brief explanation of such changes shall be set forth in a note or supporting schedule to the balance sheet filed.

(2) If the registrant is about to emerge from such a reorganization, there shall be filed, in addition to the balance sheet of the registrant otherwise required, a balance sheet giving effect to the plan of reorganization. These balance sheets shall be set forth in such form, preferably columnar, as will show in related manner the balance sheet of the registrant prior to the reorganization, the changes to be effected in the reorganization and the balance sheet of the registrant after giving effect to the plan of reorganization. By a footnote or otherwise a brief explanation of the changes shall be given.

d. *Filing of other financial statements in certain cases.* (1) The Commission may, upon the informal written request of the registrant and where consistent with the protection of investors, permit the omission of one or more of the financial statements herein required or the filing in substitution therefor of appropriate statements of comparable character. The Commission may also by informal written notice require the filing of other financial statements in addition to, or in substitution for, the statements herein required in any case where such statements are

[2] Separate issuances of equity securities within the same fiscal year for the same type of consideration and for the same amount per equity unit may be combined in the statement of stockholders' equity. Appropriate modification of the statement of stockholders' equity may be required for (a) a combined group of companies that, as a whole, is considered to be in the development stage and (b) an unincorporated development stage enterprise.

AUG 11 1975 XU

necessary or appropriate for an adequate presentation of the financial condition of any person whose financial statements are required or whose statements are otherwise necessary for the protection of investors.

* * * * *

§ 239.13 [Amended]

III. Section 239.13 (Form S–3). Item 12, Financial Statements, would be revised and expanded to include instructions as to financial statements, as given below:

*Item 12. Financial statements.* 1. Include in the prospectus all financial statements called for by the Instructions as to Financial Statements. All schedules to balance sheets and income statements may be omitted from the prospectus, except those prepared in accordance with Rule 12–16 of Regulation S–X which are applicable to income statements included in the prospectus.

2. *Instructions as to Financial Statements.* The balance sheet and statements of income and source and application of funds required to be filed as a part of the registration statement are prescribed below. Regulation S–X governs the examination and the form and content of such financial statements and prescribes the statements of retained earnings and other stockholders' equity and the schedules to be filed. All financial statements required to be filed shall be audited. Attention is directed to Rule 411 (b) regarding incorporation by reference of financial statements and to section 10(a)(3) of the Act and Release No. 4936 regarding updating the financial statements in specified circumstances.

a. *Balance sheet.* The registrant shall file a balance sheet as of a date within 90 days prior to the date of filing the registration statement.

b. *Statements of income and source and application of funds.* The registrant shall file statements of income and source and application of funds for each of the last three fiscal years, or for the life of the registrant, if less, and for the interim period, if any, between the end of the most recent of such fiscal years and the date of the balance sheet specified in (a) above.

c. *Reorganization of registrant.* (1) If, during the period for which its income statements are required, the registrant has emerged from a reorganization in which substantial changes occurred in its asset, liability, capital shares, other stockholders' equity or reserve accounts, a brief explanation of such changes shall be set forth in a note or supporting schedule to the balance sheet filed.

(2) If the registrant is about to emerge from such a reorganization, there shall be filed, in addition to the balance sheet of the registrant otherwise required, a balance sheet giving effect to the plan of reorganization. These balance sheets shall be set forth in such form, preferably columnar, as will show in related manner the balance sheet of the registrant prior to the reorganization, the changes to be effected in the reorganization and the balance sheet of the registrant after giving effect to the plan of reorganization. By a footnote or otherwise a brief explanation of the changes shall be given.

d. *Filing of other financial statements in certain cases.* (1) The Commission may, upon the informal written request of the registrant and where consistent with the protection of investors, permit the omission of one or more of the financial statements herein required or the filing in substitution therefor of appropriate statements of comparable character. The Commission may also by informal written notice require the filing of other financial statements in addition to, or in substitution for, the statements herein required in any case where such statements are necessary or appropriate for an adequate presentation of the financial condition of any person whose financial statements are required or whose statements are otherwise necessary for the protection of investors.

* * * * *

§ 239.90 [Amended]

IV. Section 239.90 (Form 1–A). Paragraphs (a) and (b) of Item 11 of Schedule I of Form 1–A under Regulation A would be revised to read as follows:

SCHEDULE I—INFORMATION TO BE INCLUDED IN THE OFFERING CIRCULAR REQUIRED BY RULE 256

* * * * *

*Item 11.* * * *

(a) A balance sheet shall be furnished as of a date within 90 days prior to the filing of the notification, or such longer period of time, not exceeding six months, as the Commission may permit at the written request of the issuer upon a showing of good cause therefor.

(b) Statements of income, statements of source and application of funds, and statements of other stockholders' equity shall be furnished for each of at least two full fiscal years prior to the date of the statement furnished pursuant to paragraph (a) above, and for the period, if any, between the close of the last full fiscal year and the date of such statements, or for the period of the issuer's existence if less than the period specified above.

* * * * *

## PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

VIII. Sections 240.13a–13 and 240.15d–13 would be revised as given below:

§ 240.13a–13 Quarterly reports on Form 10–Q.

(a) * * *

(b) Quarterly reports on Form 10–Q need not be filed by the following issuers:

* * * * *

(5) (Companies in the promotional or development stage to which paragraph (c) of Rule 5A–01 of Regulation S–X is applicable.) (Bracketed sentence would be revoked.) Mining companies not in the production stage but engaged primarily in the exploration for or the development of mineral deposits other than oil, gas or coal, if all the following conditions are met:

(i) The registrant has not been in production during the current fiscal year or the two years immediately prior thereto; except that being in production for an aggregate period of no more than eight months over the three-year period shall not be a violation of this condition.

(ii) Receipts from the sale of mineral products or from the operations of mineral producing properties by the registrant and its subsidiaries combined have not exceeded $500,000 in any of the most recent six years and have not aggregated more than $1,500,000 in the most recent six fiscal years.

* * * * *

§ 240.15d–13 Quarterly reports on Form 10–Q.

(a) * * *

(b) Quarterly reports on Form 10–Q need not be filed by the following issuers:

* * * * *

(5) (Companies in the promotional or development stage to which paragraph (c) of Rule 5A–01 of Regulation S–X is applicable.) (Bracketed sentence would be revoked.) Mining companies not in the production stage but engaged primarily in the exploration for or the development of mineral deposits other than oil, gas or coal, if all the following conditions are met:

(i) The registrant has not been in production during the current fiscal year or the two years immediately prior thereto; except that being in production for an aggregate period of no more than eight months over the three-year period shall not be a violation of this condition.

(ii) Receipts from the sale of mineral products or from the operations of mineral producing properties by the registrant and its subsidiaries combined have not exceeded $500,000 in any of the most recent six years and have not aggregated more than $1,500,000 in the most recent six fiscal years.

* * * * *

## PART 249—FORMS, SECURITIES EXCHANGE ACT OF 1934

§ 249.210 [Amended]

V. Section 249.210 (Form 10) would be amended as follows:

INSTRUCTIONS AS TO FINANCIAL STATEMENTS

1. Instruction 14. *Registrant not in the production stage.* Would be revoked and the number reserved.

§ 249.310 [Amended]

VI. Section 249.310 (Form 10–K) would be amended as follows:

INSTRUCTIONS AS TO FINANCIAL STATEMENTS

1. Instruction 8. *Registrants not in the production stage.* would be revoked and the number reserved.

§ 249.308a [Amended]

VII. Section 249.308a (Form 10–Q). Instruction H(a) of the general instructions for the form would be revised to read as follows:

H. *Presentation of financial statements.* (a) The summarized financial information called for by Part A below shall be furnished in the comparative columnar form, in the manner indicated, subject to appropriate variations to conform to the nature of the business, for (1) the interim period between the end of the last fiscal year and the end of the latest fiscal quarter, and (2) the corresponding period of the preceding fiscal year. Additional captions may be used where appropriate. [Where a company is in the promotional or development stage to which paragraph (b) of Rule 5A–01 of Article 5A of Regulation S–X is applicable, the information specified in Rules 5A–02 and 5A–06 of Regulation S–X shall be furnished for the above periods in lieu of the information called for by Parts A and B below.] (Bracketed material would be revoked.)

* * * * *

# notices

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

## DEPARTMENT OF AGRICULTURE

### Farmers Home Administration

[Designation No. A242]

### MARYLAND

### Designation of Emergency Area

The Secretary of Agriculture has found that a general need for agricultural credit exists in Frederick County, Maryland, as a result of a natural disaster consisting of a severe windstorm April 3 and 4, 1975.

Therefore, the Secretary has designated this area as eligible for Emergency loans, pursuant to the provisions of the Consolidated Farm and Rural Development Act, as amended by Public Law 93–237, and the provisions of 7 CFR 1832.3 (b) including the recommendation of Governor Marvin Mandel that such designation be made.

Applications for Emergency loans must be received by this Department no later than September 15, 1975, for physical losses and April 19, 1976, for production losses, except that qualified borrowers who receive initial loans pursuant to this designation may be eligible for subsequent loans. The urgency of the need for loans in the designated area makes it impracticable and contrary to the public interest to give advance notice of proposed rule making and invite public participation.

Done at Washington, D.C., this 4th day of August 1975.

FRANK B. ELLIOTT,
*Administrator,*
*Farmers Home Administration.*

[FR Doc.75–20809 Filed 8–8–75;8:45 am]

[Designation No. A244]

### OKLAHOMA

### Designation of Emergency Area

The Secretary of Agriculture has found that a general need for agricultural credit exists in Tillman County, Oklahoma, as a result of a natural disaster consisting of a severe hailstorm April 27, 1975.

Therefore, the Secretary has designated this area as eligible for Emergency loans, pursuant to the provisions of the Consolidated Farm and Rural Development Act, as amended by Public Law 93–237, and the provisions of 7 CFR 1832.3 (b) including the recommendation of Governor David L. Boren that such designation be made.

Applications for Emergency loans must be received by this Department no later than September 15, 1975, for physical losses and April 19, 1976, for production losses, except that qualified borrowers who receive initial loans pursuant to this designation may be eligible for subsequent loans. The urgency of the need for loans in the designated area makes it impracticable and contrary to the public interest to give advance notice of proposed rule making and invite public participation.

Done at Washington, D.C., this 4th day of August 1975.

FRANK B. ELLIOTT,
*Administrator,*
*Farmers Home Administration.*

[FR Doc.75–20811 Filed 8–8–75;8:45 am]

[Designation No. A243]

### MISSOURI

### Designation of Emergency Area

The Secretary of Agriculture has found that a general need for agricultural credit exists in Linn County, Missouri, as a result of a windstorm, hailstorm, and tornado April 23, 24, and 25, 1975, with some flooding the following two days.

Therefore, the Secretary has designated this area as eligible for Emergency loans, pursuant to the provisions of the Consolidated Farm and Rural Development Act, as amended by Public Law 93–237, and the provisions of 7 CFR 1832.3(b) including the recommendation of Governor Christopher S. Bond that such designation be made.

Applications for Emergency loans must be received by this Department no later than September 15, 1975, for physical losses and April 19, 1976, for production losses, except that qualified borrowers who receive initial loans pursuant to this designation may be eligible for subsequent loans. The urgency of the need for loans in the designated area makes it imposed rule making and invite public interest to give advance notice of proposed rule making and invite public participation.

Done at Washington, D.C., this 5th day of August, 1975.

FRANK B. ELLIOTT,
*Administrator,*
*Farmers Home Administration.*

[FR Doc.75–20944 Filed 8–8–75;8:45 am]

[Designation No. A245]

### SOUTH DAKOTA

### Designation of Emergency Area

The Secretary of Agriculture has found that a general need for agricultural credit exists in Buffalo County, South Dakota, as a result of a natural disaster consisting of a blizzard March 23 through 29, 1975.

Therefore, the Secretary has designated this area as eligible for Emergency loans, pursuant to the provisions of the Consolidated Farm and Rural Development Act, as amended by Public Law 93–237, and the provisions of 7 CFR 1832.3 (b) including the recommendation of Governor Richard F. Kneip that such designation be made.

Applications for Emergency loans must be received by this Department no later than September 15, 1975, for physical losses and April 19, 1976, for production losses, except that qualified borrowers who receive initial loans pursuant to this designation may be eligible for subsequent loans. The urgency of the need for loans in the designated area makes it impracticable and contrary to the public interest to give advance notice of proposed rule making and invite public participation.

Done at Washington, D.C., this 5th day of August, 1975.

### Forest Service

### HUMBOLDT NATIONAL FOREST LIVESTOCK ADVISORY BOARD

### Meeting

The Humboldt National Forest Livestock Advisory Board will meet at 1:00 P.M., September 19, 1975, at the Forest Service Conference Room, Forest Service Building, 976 Mountain City Highway, Elko, Nevada.

The purpose of this meeting is to discuss:

1. Forest and Rangeland Renewable Resource Planning Act of 1974.
2. Predator control problems, and
3. To review permittee problems and complaints.

The meeting will be open to the public.

Dated: July 31, 1975.

VERN L. THOMPSON,
*Forest Supervisor.*

[FR Doc.75–20930 Filed 8–8–75;8:45 am]

### ROCK CREEK ADVISORY COMMITTEE

### Meeting

The Rock Creek Advisory Committee will meet at 7 p.m. on Tuesday, August 19, 1975. Meeting place will be in Drummond, Montana, in the basement of St. Michael's Catholic Church.

The purpose of the meeting is review land use alternatives for the future management of Rock Creek and to confirm the schedule for the completion of the land use plan.

The meeting will be open to the public. Any member of the public who wishes to do so shall be permitted to file a written statement with the Committee before or after the meeting. To the extent that time permits, the Committee Chairman may permit interested persons to present oral statements at the meeting.

General participation by members of the public, or questioning of Committee members or other participants shall not be permitted unless approved by the majority of Committee members.

Dated: August 4, 1975.

ROBERT W. DAMON,
*Forest Supervisor,*
*Deerlodge National Forest.*

## Packers and Stockyards Administration

[P. & S. Docket No. 5151]

### RATES AND CHARGES

#### Order Extending Period of Suspension of Modifications

On July 8, 1975, an order was issued instituting the following proceeding under Title III of the Packers and Stockyards Act, 1921, as amended, 42 Stat. 159, as amended, (7 U.S.C. 181 et seq.):

In re: C. E. Mills and E. E. Mills, d/b/a Mills Auction Market, Ocala, Florida—Respondents

Such order, among other things, suspended and deferred the operation and use by the respondents of modifications of its current schedule of rates and charges to become effective July 8, 1975, for a period of thirty days beyond the time such modifications would otherwise go into effect.

Notice is hereby given that, since the hearing in this proceeding could not be concluded within such period of suspension, an order has been issued in the above proceeding suspending and deferring the operation and use of such modifications of the current schedule of rates and charges for a further period of thirty days beyond the date when such modifications would have otherwise become effective.

Done at Washington, D.C., August 6, 1975.

MARVIN L. MCLAIN,
*Administrator, Packers and Stockyards Administration.*

## DEPARTMENT OF COMMERCE

### Domestic and International Business Administration

### HOWARD UNIVERSITY, ET AL.

#### Consolidated Decision on Applications for Duty-Free Entry of Scientific Articles

The following is a consolidated decision on applications for duty-free entry of scientific articles pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (40 FR 12253 et seq., 15 CFR 701, 1974.)

A copy of the record pertaining to each of the applications in this consolidated decision is available for public review during ordinary business hours of the Department of Commerce, at the Special Import Programs Division, Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Decision: Applications denied. Applicants have failed to establish that instruments or apparatus of equivalent scientific value to the foreign article, for such purposes as the foreign articles are intended to be used, are not being manufactured in the United States.

Reasons: Subsection 301.8 of the Regulations provides in pertinent part:

"The applicant shall on or before the 20th day following the date of such notice, inform the Deputy Assistant Secretary whether it intends to resubmit another application for the same article for the same intended purposes to which the denied application relates. The applicant shall then resubmit the new application on or before the 90th day following the date of the notice of denial without prejudice to resubmission, unless an extension of time is granted by the Deputy Assistant Secretary in writing prior to the expiration of the 90 day period. * * * If the applicant fails, within the applicable time periods specified above, to either (a) inform the Deputy Assistant Secretary whether it intends to resubmit another application for the same article to which the denial without prejudice to resubmission relates, or (b) resubmit the new application, the prior denial without prejudice to resubmission shall have the effect of a final decision by the Deputy Assistant Secretary on the application within the context of Subsection 301.11."

The meaning of the subsection is that should an applicant either fail to notify the Deputy Assistant Secretary of its intent to resubmit another application for the same article to which the denial without prejudice relates within the 20 day period, or fails to resubmit a new application within the 90 day period, the prior denial without prejudice to resubmission will have the effect of a final denial of the application.

None of the applicants to which this consolidated decision relates has satisfied the requirements set forth above, therefore, the prior denials without prejudice have the effect of a final decision denying their respective applications.

Subsection 301.8 further provides:

"* * * the Deputy Assistant Secretary shall transmit a summary of the prior denial without prejudice to resubmission to the FEDERAL REGISTER for publication, to the Commissioner of Customs, and to the applicant."

Each of the prior denials without prejudice to resubmission to which this consolidated decision relates was based on the failure of the respective applicants to submit the required documentation, including a completely executed application form, in sufficient detail to allow the issue of "scientific equivalency" to be determined by the Deputy Assistant Secretary.

Docket number: 75-00151-00-61800. Applicant: Triton College, 2000 5th Avenue, River Grove, Illinois 60171. Article: Two (2) Mirror Zoom Projectors, Model 2003-10 with Optional Polarizers. Date of denial without prejudice to resubmission: March 31, 1975.

Docket number: 75-00281-33-46040. Applicant: Howard University, Howard University Hospital, 2041 Georgia Avenue, NW., Washington, D.C. 20060. Article: Electron Microscope, Model Elmiskop 101. Date of denial without prejudice to resubmission: April 18, 1975.

Docket number: 75-00416-33-46500. Applicant: University of California, San Francisco, Coleman Memorial Laboratory, HSE-863, 3rd and Parnassus Streets, San Francisco, Calif. 94143. Article: Ultramicrotome, Model LKB 8800A. Date of denial without prejudice to resubmission: April 18, 1975.

Docket number: 75-00205-35-46040. Applicant: National Institutes of Health, National Institute of Dental Research, 9000 Rockville Pike, Bldg. 30, Rm 121, Bethesda, Md. 20014. Article: Electron Microscope, Model EM 201. Date of denial without prejudice to resubmission: April 18, 1975.

Docket number: 75-00207-33-46070. Applicant: Harvard University, Purchasing Department, 75 Mt. Auburn Street, Cambridge, Mass. 02138. Article: Scanning Electron Microscope, Model SMSM-T. Date of denial without prejudice to resubmission: April 3, 1975.

Docket number: 75-00228-99-46040. Applicant: Ohio University, Athens, Ohio 45701. Article: Electron Microscope, Model HS-8, Mark II. Date of denial without prejudice to resubmission: April 9, 1975.

Docket number: 75-00272-33-90000. Applicant: The Toledo Hospital, 2142 North Cove Boulevard, Toledo, Ohio 43606. Article: EMI Scanner System. Date of denial without prejudice to resubmission: April 3, 1975.

### SAN DIEGO STATE UNIV.

#### Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (40 FR 12253 et seq, 15 CFR 701, 1974.)

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket number: 75-00511-75-77030. Applicant: San Diego State University Foundation, San Diego, California 92182. Article: CPS-2 Coherent NMR Pulse Spectrometer. Manufacturer: Spin Lock Electronics Ltd., Canada. Intended use of article: The article is intended to be used for investigation of self-diffusion in plastic crystals and proton exchange in water. The article will also be used in connection with Physics 198A, "Senior Research," and Physics 199, Special Study on the undergraduate level to introduce senior students to the techniques of research work and the problems often encountered in independent study and physics 297, "Research" on the graduate level to train M.S. candidates in the research techniques.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The foreign article provides the specification of a coherent nuclear magnetic resonance (NMR) pulse spectrometer. The most closely comparable domestic instrument, the Model WL-100 a wide line continuous wave instrument manufactured by Varian Associates, is not capable of pulse operation. The National Bureau of Standards (NBS) advises in its memorandum dated July 14, 1975 that the specification of a coherent NMR pulse spectrometer is pertinent to the applicant's intended purposes. We, therefore, find that the Model WL-100 is not of equivalent scientific value to the foreign article for such purposes as the article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

### COMPUTER SYSTEMS TECHNICAL ADVISORY COMMITTEE; FOREIGN AVAILABILITY SUBCOMMITTEE

#### Open Meeting

Pursuant to the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. III, 1973), notice is hereby given that a meeting of the Foreign Availability Subcommittee of the Computer Systems Technical Advisory Committee will be held on Wednesday, September 10, 1975 at 9:30 a.m. in Room 5230, Main Commerce Building, 14th and Constitution Avenue, NW., Washington, D.C.

The Computer Systems Technical Advisory Committee was initially established on January 3, 1973. On December 20, 1974, the Acting Assistant Secretary for Administration approved the rechartering and extension of the Committee for two additional years, pursuant to Section 5(c)(1) of the Export Administration Act of 1969, as amended, 50 U.S.C. App. Sec. 2404(c)(1) (Supp. III, 1973) and the Federal Advisory Committee Act. The Foreign Availability Subcommittee of the Computer Systems Technical Advisory Committee was established on July 8, 1975, with the approval of the Director, Office of Export Administration, pursuant to the charter of the Committee.

The Committee advises the Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to computer systems, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls. The Foreign Availability Subcommittee was formed to ascertain if certain kinds of equipment are available in non-COCOM and Communist bloc countries, and if such equipment is available, then to ascertain if it is technically the same or similar to that available elsewhere. The agenda for the meeting is:

(1) Opening remarks by the Subcommittee Chairman.

(2) Presentation of papers or comments by the public.

(3) Review and discussion of work programs.

(4) Assignment of tasks to subcommittee members.

The meeting will be open to public observation, and a limited number of seats will be available to the public. To the extent time permits members of the public may present oral statements to the Subcommittee. Written statements may be submitted at any time before or after the meeting.

Copies of the minutes of the meeting will be available upon written request addressed to the Freedom of Information Officer, Room 3100, Domestic and International Business Administration, U.S. Department of Commerce, Washington, D.C.

For further information, contact Mr. Charles C. Swanson, Director, Operations Division, Office of Export Administration, Domestic and International Business Administration, Room 1620, U.S. Department of Commerce, Washington, D.C. 20230, telephone: A/C 202/967-4196.

Dated: August 7, 1975.

LAWRENCE J. BRADY,
*Acting Director,*
*Office of Export Administration.*

[FR Doc.75-21016 Filed 8-8-75;8:45 am]

### COMPUTER SYSTEMS TECHNICAL ADVISORY COMMITTEE; LICENSING PROCEDURES SUBCOMMITTEE

#### Closed Meeting

Pursuant to the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. III, 1973), notice is hereby given that a meeting of the Licensing Procedures Subcommittee of the Computer Systems Technical Advisory Committee will be held on Wednesday, September 10, 1975 at 2 p.m. in Room 5230, Main Commerce Building, 14th and Construction Avenue, NW., Washington, D.C.

The Computer Systems Technical Advisory Committee was initially established on January 3, 1973. On December 20, 1974, the Acting Assistant Secretary for Administration approved the rechartering and extension of the Committee for two additional years, pursuant to Section 5(c)(1) of the Export Administration Act of 1969, as amended, 50 U.S.C. App. Sec. 2404(c)(1) (Supp. III, 1973) and the Federal Advisory Committee Act. The Licensing Procedures Subcommittee of the Computer Systems Technical Advisory Committee was initially established on February 4, 1974. On July 8, 1975 the Director, Office of Export Administration, approved the reestablishment of this Subcommittee, pursuant to the charter of the Committee.

The Committee advises the Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to computer systems, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls. The Licensing Procedures Subcommittee was formed to review the procedural aspects of export license applications within the Office of Export Administration and recommend areas where improvements can be made.

The Subcommittee meeting agenda has four parts:

GENERAL SESSION

(1) Opening remarks by the subcommittee Chairman.

(2) Presentation of papers or comments by the public.

(3) Review and discussion of areas to examine regarding export control licensing procedures.

EXECUTIVE SESSION

Discussion of matters properly classified under Executive Order 11652, dealing with the U.S. and COCOM control program and strategic criteria related thereto.

The public will be permitted to attend the General Session, at which a limited number of seats will be available to the public. To the extent time permits members of the public may present oral statements to the Subcommittee. Written statements may be submitted at any time before or after the meeting.

With respect to agenda item (4), the Assistant Secretary of Commerce for Ad-

ministration, with the concurrence of the delegate of the General Counsel, formally determined on December 16, 1974, pursuant to Section 10(d) of the Federal Advisory Committee Act that the matters to be discussed in the Executive Session should be exempt from the provisions of the Act relating to open meetings and public participation therein, because the Executive Session will be concerned with matters listed in 5 U.S.C. 552(b)(1), i.e., it is specifically required by Executive Order 11652 that they be kept confidential in the interest of the national security. All materials to be reviewed and discussed by the Subcommittee during the Executive Session of the meeting have been properly classified under the Executive Order. All Subcommittee members have appropriate security clearances.

Copies of the minutes of the open portion of the meeting will be made available upon written request addressed to the Freedom of Information Officer, Room 3100, Domestic and International Business Administration, U.S. Department of Commerce, Washington, D.C. 20230.

For further information, contact Mr. Charles C. Swanson, Director, Operations Division, Office of Export Administration, Domestic and International Business Administration, Room 1620, U.S. Department of Commerce Washington, D.C. 20230, telephone: A/C 202/967-4196.

In accordance with paragraph (4) of the Order of the United States District Court for the District of Columbia in *Aviation Consumer Action Project, et al.,* v. *C. Langhorne Washburn, et al.,* September 10, 1974, as amended, September 23, 1974 (Civil Action No. 1838-73), the Complete Notice of Determination to close portions of the series of meetings of the Computer Systems Technical Advisory Committee and of any subcommittees thereof, was published in the Federal Register (40 FR 2243, appearing in the issue of January 10, 1975).

Dated: August 7, 1975.

RAUER H. MEYER,
*Director, Office of Export Administration, Bureau of East-West Trade, U.S. Department of Commerce.*

[FR Doc.75-21015 Filed 8-8-75;8:45 am]

## Maritime Administration

### SS UNITED STATES

### Invitation for Bids for Sale and Operation of the Vessel

Notice is hereby given that pursuant to the provisions of Public Law 92-296, the Maritime Administration has issued Invitation for Bids No. PD-X-999, dated August 7, 1975, inviting sealed bids from citizens of the United States for the purchase of the SS *United States*, Official Number 263934.

The Assistant Secretary of Commerce for Maritime Affairs, acting for and on behalf of the Secretary of Commerce and pursuant to the provisions of Public Law 92-296, purchased on February 6, 1973, the passenger liner SS *United States* from its former owner. The Public Law permits the Maritime Administration to sell or charter the vessel to a qualified operator or lay up the vessel in the National Defense Reserve Fleet. Notices in the Federal Register on February 26, 1973 (38 FR 5197) and Federal Register of November 9, 1973 (38 FR 31021) solicited proposals and/or bids from qualified operators interested in the purchase or charter of the vessel for operation under the United States flag. None of the bids to these notices were completely responsive.

The Maritime Administration is reoffering the ship for sale on an "as is, where is" basis to United States citizens for United States flag operation as contemplated by Pub. L. 92-296 under the terms and conditions set forth in the Invitation for Bids No. PD-X-999.

The minimum acceptable bid price for the SS *United States* is $7,500,000. The purchase price is payable in cash within 30 days of acceptance of the successful bid by the Maritime Administration.

A ten percent bid deposit is required with each bid.

Award will be made to the highest responsive and responsible bidder, and accordingly, the Maritime Administration reserves the right to reject any bid proposing operations not considered in keeping with the intent of Pub. L. 92-296.

Each bid is to be accompanied by a suitably detailed outline of the proposed operation of the vessel, together with sufficient detail concerning the financial resources of the bidder to enable the Maritime Administration to determine the ability of the bidder to consummate the transaction and operate the vessel in a manner contemplated by Pub. L. 92-296. Bidders who have previously submitted proposals in response to the notices in the FEDERAL REGISTER of February 26, 1973, and November 9, 1973, must update and resubmit their proposals to be eligible for consideration under this Invitation.

Sale of the SS *United States* is subject to the following conditions:

1. No operating-differential subsidy shall be paid for operation of the vessel.

2. The provisions of Section 506 of the Merchant Marine Act, 1936, as amended, shall apply to operations of the SS *United States*, since the exemption from such provision contained in Section 613 of the Act applies only to passenger vessels under operating-differential subsidy contracts.

Construction subsidy paid on the vessel amounted to $18,646,749. Thus, payback pursuant to Section 506 could approximate $745,000 per year (for the statutory life of the vessel).

3. At no time may the vessel be sold or scrapped without the prior approval of the Maritime Administration, and during the statutory life of the vessel (until June 19, 1977), it shall not be used for any purpose not contemplated by Pub. L. 92-296. Should the buyer utilize the vessel for any purpose not contemplated by Pub. L. 92-296 during its statutory life, the Maritime Administration shall have the option to repurchase the vessel based on the following schedule of prices:

| | |
|---|---|
| Dec. 31, 1975 | $3,397,310.20 |
| Mar. 31, 1976 | 2,826,866.80 |
| June 30, 1976 | 2,250,085.14 |
| Sept. 30, 1976 | 1,666,965.22 |
| Dec. 31, 1976 | 1,083,845.30 |
| Mar. 31, 1977 | 513,401.90 |

Retention of this option by the Maritime Administration is to insure that the vessel will be used during its statutory life in a manner contemplated by Pub. L. 92-296, notwithstanding the provisions of Article 9(a) of Construction-Differential Subsidy Agreement, Contract No. MCc-61974, and Section 802 of the Merchant Marine Act, 1936, as amended.

Copies of the Invitation for Bids No. PD-X-999 dated August 7, 1975, may be obtained from the Contracting Officer, Burton T. Kyle, Director, Office of Domestic Shipping, Maritime Administration, Washington, D.C. 20230.

Bids are to be in the form specified in the Invitation for Bids and are to be addressed to Secretary, Code M-120, Maritime Administration, U.S. Department of Commerce, Washington, D.C. 20230. Bids will be received until 2:15 p.m., Eastern Standard Time, November 5, 1975, and public opening will be held at 2:15 p.m., Eastern Standard Time, on that date at the offices of the Maritime Administration, Room 3708, Commerce Building, 14th Street between E and Constitution Avenue, NW., Washington, D.C.

Dated: August 5, 1975.

By Order of the Assistant Secretary of Commerce for Maritime Affairs.

JAMES S. DAWSON, Jr.,
*Secretary.*

## DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

### Office of Education

### NATIONAL ADVISORY COUNCIL ON EDUCATION PROFESSIONS DEVELOPMENT

### Meeting

Notice is hereby given, pursuant to Section 10(a)(2), Public Law 92-463, that the next meeting of the National Advisory Council on Education Professions Development will be held on Wednesday, September 10, 1975, 9 a.m. to 5 p.m., Thursday, September 11, 1975, 9 a.m. to 5 p.m., and Friday, September 12, 1975, 9 a.m. to 12 noon, local time, at the Statler Hilton Hotel, Washington, D.C.

The National Advisory Council on Education Professions Development is established under Section 502 of the Education Professions Development Act (Public Law 90-35). The Council is charged with the review of the Education Professions Development Act and of all other Federal programs for the training and development of educational personnel.

The meeting of the Council is open to the public. The proposed agenda includes discussion of progress reports on Teacher Centers, Competency-Based Teacher Education, Mainstreaming, and Educational Technology, as well as follow-up activities relating to the Council's recommendations for Federal legislation concerning the Teacher Corps contained in its report entitled *Teacher Corps: Past or Prologue?* published in July of this year.

The meeting on Thursday, September 11, 1975, involves a site visit. Members of the public planning to attend should provide their own transportation and should give advance notice of their intention to attend the meeting by calling the Council (202-382-8712) or by mail no later than Monday, September 8, 1975.

Records are kept of all Council proceedings and are available for public inspection at the Council offices, located at 1111 20th Street, NW., Suite 306, Washington, D.C. 20036.

Signed at Washington, D.C. on August 4, 1975.

GEORGE E. ARNSTEIN,
*Executive Director.*

[FR Doc.75-20927 Filed 8-8-75;8:45 am]

## Food and Drug Administration

[DESI 11250; Docket No. 75N-0109]

### CERTAIN DRUG PRODUCTS FOR TREATMENT OF AMMONIA INTOXICATION

### Withdrawal of Approval of New Drug Applications

A notice of opportunity for hearing (DESI 11250; Docket No. FDC-D-654 (Now Docket No. 75N-0109); NDA 11-250 etc.) was published in the FEDERAL REGISTER of December 5, 1973 (38 FR 33511) in which the Commissioner of Food and Drugs proposed to issue an order withdrawing approval of the drug products described below. The basis of the proposed action was the lack of substantial evidence that the products are effective for their labeled indications. The products have been used in conditions associated with elevated blood ammonia levels. No person requested a hearing and approval of the new drug applications is now being withdrawn.

NDA 11-250; R-Gene Injection containing arginine hydrochloride (5 percent); Cutter Laboratories, Inc., Fourth and Parker St., Berkeley, CA 94710. This particular product, reviewed in the Drug Efficacy Study, is labeled for use in conditions associated with elevated blood ammonia levels. Another arginine hydrochloride product of Cutter Laboratories, named R-Gene-10 Injection, containing 10 percent arginine hydrochloride (NDA 16-931), was approved in 1973 for use as a stimulant to the pituitary. It is not affected by this notice.

NDA 12-036; Glutavene Solution for Injection containing sodium glutamate; Cooper Laboratories, Pharmaceutical Division (successor to Tilden Yates), 1259 Route 46, Parsippany, NJ 07054.

NDA 12-037; Glutavene K Solution for Injection containing sodium glutamate and potassium glutamate; Cooper Laboratories, Pharmaceutical Division.

Also included in the notice of December 5, 1973 was Modumate Solution for Injection containing arginine glutamate (NDA 11-640), Abbott Laboratories, 14th and Sheridan Rd., North Chicago, IL 60064. The inclusion of that product in the notice of opportunity for hearing was inappropriate since Modumate is included in the list of drug products that may remain on the market pending completion of scientific studies to determine effectiveness, published in the FEDERAL REGISTER of December 14, 1972 (37 FR 26623). Therefore, the notice of opportunity for hearing published December 5, 1973 is hereby rescinded insofar as it pertains to NDA 11-640 for Modumate Solution for Injection.

All drug products that are identical, related, or similar to any of the drugs named above, not the subject of an approved new drug application, are covered by the new drug applications reviewed and are subject to this notice pursuant to § 310.6 (21 CFR 310.6). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Division of Drug Labeling Compliance, (HFD-310), 5600 Fishers Lane, Rockville, MD 20852.

Neither the holders of the new drug applications nor any other person filed a written appearance of election as provided by said notice. The failure to file such an appearance constitutes election by such persons not to avail themselves of the opportunity for hearing.

The Director of the Bureau of Drugs, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1053, as amended (21 U.S.C. 355)), and under authority delegated to him (21 CFR 2.121), finds that on the basis of new information before him with respect to the drug products, evaluated together with the evidence available to him when the applications were approved, there is a lack of substantial evidence that the above listed drug products will have the effects they purport or are represented to have under the conditions of use prescribed, recommended, or suggested in their labeling.

Therefore, pursuant to the foregoing finding, approval of new drug applications Nos. 11-250, No. 12-036, and No. 12-037 and all amendments and supplements thereto, is withdrawn effective August 21, 1975.

Shipment in interstate commerce of the above products for which approval is being withdrawn, or any identical, related, or similar product, not the subject of an approved new drug application, will then be unlawful.

Dated: July 28, 1975.

CARL M. LEVENTHAL,
*Acting Director, Bureau of Drugs.*

## Social and Rehabilitation Service

### HANDBOOK OF PUBLIC ASSISTANCE ADMINISTRATION

### Revocation of Parts I, II, and VI and Supplements A, B, and C

Notice is given that the Parts and Supplements of the Handbook of Public Assistance Administration listed below which contain certain requirements, interpretations, informational materials, and instructions for the administration of the financial assistance, medical assistance, and social services programs under Titles I, IV, X, XIV, XVI, and XIX of the Social Security Act, and were issued by the Department prior to March 19, 1970, are hereby revoked. All material contained in these three parts and supplements either has been superseded by regulations previously published as part of the Code of Federal Regulations under Title 45, Chapter II, or has been reissued under the current Social and Rehabilitation Service issuance system as program instructions or interpretation of policy, or has become outdated because of amendments to existing laws or enactment of new laws.

The Handbook of Public Assistance Administration materials listed below are hereby revoked:

Part I—Federal and State Responsibility
Part II—State Organization and Administration
Part VI—Statistical Reporting and Research
Supplement A—Guides and Recommendations
Supplement B—Work Experience and Training Program
Supplement C—Nondiscrimination in Federally Assisted Programs

*Effective date.* This notice shall be effective on August 11, 1975.

(Sec. 1102, 49 Stat. 647 (42 U.S.C. 1302))
(Catalog of Federal Domestic Assistance Program No. 13.714, Medical Assistance Program Program; 13.754, Public Assistance—Social Services; 13.761, Public Assistance—Maintenance Assistance (State Aid))

Dated: August 5, 1975.

JOHN A. SVAHN,
*Acting Administrator, Social and Rehabilitation Service.*

## Office of the Secretary

### PRESIDENT'S COMMITTEE ON MENTAL RETARDATION

### Meeting

The President's Committee on Mental Retardation was established to provide advice and assistance in the area of mental retardation to the President including evaluation of the adequacy of the national effort to combat mental retardation; coordination of activities of Federal agencies; provision of adequate liaison between Federal activities and related activities of State and local governments, foundations and private organizations; and develop information designed for dissemination to the general public. The Committee will meet on Sunday, Sep-

VOL 155 AUG 11 75 XU

tember 28, 1975, 5:00 to 9:00 p.m., Monday, September 29, 1975, 9:00 a.m. to 4:30 p.m., and Tuesday, September 30, 1975, 9:00 a.m. to 1:00 p.m., at the Executive Park Motor Hotel, 1447 Northeast Expressway, Atlanta, Georgia 30329. The meeting will be a Regional Public Forum with testimony from selected individuals and questions received from participants. The following States will participate: Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee. These meetings are open to the public.

Dated: August 4, 1975.

FRED J. KRAUSE,
*Executive Director, President's Committee on Mental Retardation.*

## DEPARTMENT OF TRANSPORTATION

### Federal Railroad Administration

### RAILROAD OPERATING RULES ADVISORY COMMITTEE

#### Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770) notice is hereby given that the Railroad Operating Rules Advisory Committee will meet on Tuesday and Wednesday, September 9 and 10, 1975.

The Committee was established to provide advice to the Federal Railroad Administration concerning solutions to problem areas involving the operating rules of the nation's railroads.

The meeting will be held in Room 4436, Department of Transportation, Nassif Building, 400 Seventh Street, S.W., Washington, D.C. The agenda for this meeting will include a discussion of rule 93 of the Association of American Railroads' Standard Code of Operating Rules. The Committee will also discuss priorities for study at later meetings in 1975 and 1976.

The meeting will be open to the public. Any member of the public who wishes to file a written statement with the Committee will be permitted to do so. Under a procedure established by the Committee, persons submitting written statements are requested to provide 15 copies to provide distribution to each of the Committee members. Members of the public who wish to make prepared oral presentations should inform the Office of the Chief Counsel, Federal Railroad Administration, (202) 426-8220 at least 5 days prior to the meeting if possible and reasonable provision will be made for their appearance on the agenda. Time will also be provided on the agenda for public comments with respect to the discussions during the meeting.

Minutes of the meeting will be made available for public inspection and duplication during regular business hours in the Office of the Chief Counsel, Federal Railroad Administration, Room 5101, Nassif Building, 400 Seventh Street, SW., Washington, D.C.

Issued in Washington, D.C., on August 4, 1975.

ASAPH H. HALL,
*Deputy Administrator, Committee Chairman.*

## CIVIL AERONAUTICS BOARD

[Order 75-8-18; Docket 27573: Agreement C.A.B. 25257, R-1 through R-9; Agreement C.A.B. 25278, R-1 through R-9]

### CARGO RATE MATTERS

#### Agreements Adopted by the Traffic Conferences of the International Air Transport Association

Issued under delegated authority August 6, 1975.

Agreements have been filed with the Board pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's Economic Regulations between various air carriers, foreign air carriers, and other carriers embodied in the resolutions of the Traffic Conferences of the International Air Transport Association (IATA). The agreements were adopted at the Composite Cargo Traffic Conferences in Nice, France during May-June 1975. The agreements comprise portions of the worldwide cargo rate structure, intended for effectiveness from October 1, 1975 through September 30, 1977, and have only limited application in air transportation as defined by the Act.

General cargo rates over the South Atlantic, and within Traffic Conference 2 (Europe/Africa/Middle East) have indirect application in air transportation as defined by the Act since they are combinable with general cargo rates to/from United States points, and will be approved herein. We will also approve currency surcharge resolutions for these areas, but will disclaim jurisdiction with respect to specific commodity rate resolutions which are noncombinable with rates in air transportation.

Pursuant to authority duly delegated by the Board in the Board's Regulations, 14 CFR 385.14:

1. It is not found that the following resolutions, incorporated in the agreements as indicated and which have indirect application in air transportation as defined by the Act, we are adverse to the public interest or in violation of the Act:

| Agreement CAB | IATA No. | Title | Application |
|---|---|---|---|
| 25257: | | | |
| R-1 | 001c | Cargo Tie-In Resolution—South Atlantic | 1/2 (South Atlantic). |
| R-2 | 001zz | South Atlantic Escape Resolution—Cargo | 1/2 (South Atlantic). |
| R-3 | 002 | Standard Revalidation Resolution | 1/2 (South Atlantic). |
| R-4 | 022ll | JT12 (Mid and South Atlantic) Special Rules for Sales of Cargo Air Transportation (New). | 1/2 (South Atlantic). |
| R-5 | 022L | JT12 (South Atlantic) Special Rules for Sales of Cargo Air Transportation (Revalidating and Amending). | 1/2 (South Atlantic). |
| R-6 | 501 | Minimum Charges for Cargo—South Atlantic (Revalidating and Amending). | 1/2 (South Atlantic). |
| R-7 | 534c | Charges for Bulk Unitization—South Atlantic (Revalidating and Amending). | 1/2 (South Atlantic). |
| R-8 | 554c | South Atlantic General Cargo Rates | 1/2 (South Atlantic). |
| 25278: | | | |
| R-1 | 002 | Standard Revalidation Resolution | 2. |
| R-2 | 022kk | TC2 Special Rules for Sales of Cargo Air Transportation (New) | 2. |
| R-3 | 022m | TC2 Special Rules for Sales of Cargo Air Transportation (Revalidating and Amending). | 2. |
| R-4 | 501 | Minimum Charges for Cargo (Revalidating and Amending) | 2. |
| R-5 | 515a | Air Ferry Rates for Live Horses and Attendants (Revalidating and Amending). | 2. |
| 25278: | | | |
| R-7 | 552 | TC2 General Cargo Rates | 2. |

2. It is not found that the following resolutions incorporated in the agreements as indicated, affect air transportation within the meaning of the Act:

| Agreement CAB | IATA No. | Title | Application |
|---|---|---|---|
| 25257: | | | |
| R-9 | 590 | Specific Commodity Rates Board (Revalidating and Amending). | 1/2 (South Atlantic). |
| 25278: | | | |
| R-6 | 521c | Shipper Packed Unit Rates (Readopting and Amending) | 2. |
| R-8 | 590 | Specific Commodity Rates Board (Revalidating and Amending). | 2. |
| R-9 | 590x | Specific Commodity Rates (Within Africa) (New) | 2. |

Accordingly, *it is ordered*, That:

1. Those portions of Agreements C.A.B. 25257 and C.A.B. 25278, described in finding paragraph 1 above, which have indirect application in air transportation as defined by the Act, be and hereby are approved; and

2. Jurisdiction be and hereby is disclaimed with respect to those portions of Agreements C.A.B. 25257 and C.A.B. 25278, described in finding paragraph 2 above.

Persons entitled to petition the Board for review of this order pursuant to the Board's Regulations, 14 CFR 385.50, may file such petitions within ten days after the date of service of this order.

This order shall be effective and become the action of the Civil Aeronautics Board upon expiration of the above period unless within such period a petition for review thereof is filed, or the Board gives notice that it will review this order on its own motion.

This order will be published in the FEDERAL REGISTER.

JAMES L. DEEGAN,
*Chief, Passenger and Cargo Rates Division, Bureau of Economics.*

[SEAL] EDWIN Z. HOLLAND,
*Secretary.*

[Docket 28043]

### HILO SERVICE CASE

#### Prehearing Conference

Notice is hereby given that a prehearing conference in the above-entitled matter is assigned to be held on October 2, 1975, at 10 a.m. (local time), in Room 503, Universal Building, 1825 Connecticut Avenue NW., Washington, D.C., before Chief Administrative Law Judge Robert L. Park.

In order to facilitate the conduct of the conference, parties are instructed to submit one copy to each party and four copies to the Judge of (1) proposed statements of issues; (2) proposed stipulations; (3) requests for information; (4) statements of positions of parties; and (5) proposed procedural dates. The Bureau of Operating Rights will circulate its material on or before September 12, 1975, and the other parties on or before September 22, 1975. The submissions of the other parties shall be limited to points on which they differ with the Bureau of Operating Rights, and shall follow the numbering and lettering used by the Bureau to facilitate cross-referencing.

Dated at Washington, D.C., August 5, 1975.

[SEAL] ROBERT L. PARK,
*Chief Administrative Law Judge.*

[FR Doc.75-20933 Filed 8-8-75;8:45 am]

[Order 75-8-22; Docket 26494; Agreement C.A.B. 25293]

### NORTH/CENTRAL PACIFIC PASSENGER FARES

#### Agreement Adopted by Members of the International Air Transport Association

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 6th day of August, 1975.

An agreement has been filed with the Board pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's Economic Regulations between various air carriers, foreign air carriers and other carriers embodied in the resolutions of the Traffic Conferences of the International Air Transport Association (IATA). The agreement, adopted at a North/Central Pacific Passenger Fares Meeting held in Geneva during July 10-11, 1975, has been assigned the above C.A.B. agreement number.

In view of Board action in Order 75-3-100 (March 26, 1975) which disapproved major portions of a new North/Central Pacific fare structure proposed to be effective from April 1, 1975, the agreement would readopt for a two-month period ending September 30, 1975, the present North/Central Pacific fare structure which reflects agreed international fares prior to April 1, 1975. In addition, the agreement would amend the resolution governing North/Central Pacific GIT fares to permit open-jaw travel from the Pacific as well as from the Western Hemisphere. We will approve the agreement since it merely represents reestablishment of previously approved fares for a limited period in order to permit time for consideration and filing of a new North/Central Pacific fare package for October 1, 1975 effectiveness.

Pursuant to the Federal Aviation Act of 1958 and particularly sections 102, 204 (a) and 412 thereof, the Board does not find that the following resolution, incorporated in Agreement C.A.B. 25293, is adverse to the public interest or in violation of the Act:

| Agreement CAB | IATA No. | Title | Application |
|---|---|---|---|
| 25293 | 002d | Special Readoption Resolution (JT31 North and Central Pacific) | 3/1. |

Accordingly, *it is ordered*, That:

Agreement C.A.B. 25293 be and hereby is approved, subject, where applicable, to all conditions previously imposed by the Board on those resolutions readopted by IATA Special Readoption Resolution 002d.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] EDWIN Z. HOLLAND,
*Secretary.*

[FR Doc.75-20937 Filed 8-8-75;8:45 am]

[Order 75-8-20; Docket 28045]

### PAKISTAN INTERNATIONAL AIRLINES CORP.

#### Order To Show Cause

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 6th day of August, 1975.

In Order 72-4-8 approved by the President on April 1, 1972, the Board granted to Pakistan International Airlines Corporation (PIAC) an amended foreign air carrier permit[1] to engage in foreign air transportation of persons, property and mail between Karachi, Pakistan and New York, via certain intermediate points.

On July 2, 1975 PIAC filed its application under sections 402, 801, and 1102 of the Federal Aviation Act of 1958, as amended, and Part 211 of the Economic Regulations of the Board for amendment of its foreign air carrier permit to add Dubai, United Arab Emirates (Dubai) as an intermediate point on each of its four (4) routes. In support of its application, PIAC alleges:

(a) That it is the designated airline of the Government of Pakistan;

(b) That the additional point was designated by the aeronautical authority of Pakistan pursuant to Article X(D) of the Air Transport Services Agreement between the United States of America and Pakistan;

(c) That PIAC is a citizen of the Republic of Pakistan. All of its officers are nationals of the Republic of Pakistan. Over 90% of its stock is owned by the Government of the Republic of Pakistan, and the remainder of its stock is owned by nationals of the Republic of Pakistan;

(d) That PIAC is presently engaged in providing air transportation between, *inter alia*, Karachi and New York;

(e) That its present aircraft fleet includes Boeing 707, 720-B and DC-10 aircraft, which are suitable for the air transportation proposed herein; and

(f) That since PIAC wishes to commence service to Dubai at the earliest possible date, it requests that Dubai be added to each of its present routes by show cause procedures.

On July 8, 1975 Pan American World Airways, Inc. (PAA) filed its answer to the instant application stating that it had no objections to the use of show cause procedures for the addition of Dubai. However, PAA stated that if the Board proceeds in this matter, it should do so on the basis of "principles of international comity," rather than on the basis that the addition of Dubai is required by the Air Transport Services Agreement between the United States and Pakistan. No other answers relative to this application were filed.

Upon consideration of the pleadings and the lack of opposition to PIAC's request, the Board tentatively finds that amendment of PIAC's permit, to add Dubai to its current four (4) routes, is in the public interest. We need not here decide if the Government of Pakistan would have a right to add Dubai to the bilateral routes pursuant to Article X

[1] The permit was originally issued pursuant to Order E-16850, approved May 24, 1961, wherein the Board found that PIAC was fit, willing, and able to properly perform the transportation authorized by the Air Transport Services Agreement between the United States and Pakistan.

(D) of the Agreement, since the Board finds that the addition of the point to the current routes set forth in the applicant's permit may in any event be supported on the basis of the principle of comity. In this connection, the Board notes that the proposed amendment is unopposed, and will not serve to alter the economic value of the exchange of rights under the Agreement to any significant degree. Accordingly, the Board tentatively finds and concludes that:

(1) PIAC is fit, willing, and able properly to perform the foreign air transportation proposed in its application and to conform to the provisions of the Act and the rules, regulations and requirements of the Board thereunder;

(2) PIAC is substantially owned and effectively controlled by the Republic of Pakistan;

(3) A hearing on the application is not required in the public interest;

(4) The amendment of PIAC's permit as proposed is in the public interest; and

(5) The public interest requires that the exercise of the privileges granted by said permit shall be subject to the terms, conditions, and limitations prescribed therein, and to such other reasonable terms, conditions and limitations required by the public interest as may from time to time be prescribed by the Board.

All interested persons will be given 20 days following the adoption of this order to show cause why the tentative findings and conclusions set forth herein should not be made final. We expect such persons to direct their objections, if any, to specific issues, and to support such objections with detailed analyses. If an evidentiary hearing is requested, the objectors should state the issues with respect to which a hearing is requested and should state, in detail, why such a hearing is necessary and what relevant and material facts he would expect to establish through such a hearing. Vague, general, or unsupported objections will not be entertained.

Accordingly, *it is ordered*, That: 1. All interested persons be and they hereby are directed to show cause why the Board should not make final the tentative findings and conclusions herein and why an order should not be issued, subject to approval by the President pursuant to section 801 of the Act, issuing an amended foreign air carrier permit to Pakistan International Airlines Corporation in the form attached hereto; [2]

2. Any interested persons having objections to the issuance of an order making final the tentative findings and conclusions herein, or to the issuance of the proposed amended foreign air carrier permit, shall, within 20 days after adoption of this order, file with the Board and serve on the persons named in paragraph 5 a statement of objections to, together with a summary of, testimony, statistical data and such evidence expected to be relied upon to support the statement of objections;

3. If timely and properly supported objections hereto are filed, full consideration will be accorded the matters or issues raised therein before further action is taken by the Board: *Provided*, That the Board may proceed to enter an order in accordance with the tentative findings and conclusions herein if it determines that there are no factual issues presented that warrant the holding of an evidentiary hearing; [3]

4. In the event no objections are filed hereto, all further procedural steps will be deemed to have been waived, and the Board may proceed to enter an order in accordance with the tentative findings and conclusions herein; and

5. This order shall be served upon Pakistan International Airlines Corporation; Pan American World Airways, Inc., Trans World Airlines, Inc., the Ambassador of Pakistan, and the Department of State.

This order shall be published in the FEDERAL REGISTER and transmitted to the President.

By the Civil Aeronautics Board.

[SEAL] EDWIN Z. HOLLAND,
*Secretary.*

[FR Doc.75-20936 Filed 8-8-75;8:45 am]

[2] The attached proposed permit includes an initial tariff condition which the Board has recently included in permits of foreign air carriers. The termination clause is also clarified with respect to a partial deletion of authority by a subsequent agreement. Proposed permit filed as part of the original document.

[Docket 27914]

## TOURIST ENTERPRISES CORP. (ORBIS)

### Hearing

Notice is hereby given, pursuant to the provisions of the Federal Aviation Act of 1958, as amended, that a hearing in the above-entitled proceeding will be held on September 11, 1975, at 10 a.m. (local time) in Room 503, Universal Building, 1825 Connecticut Avenue, NW., Washington, D.C., before Administrative Law Judge Dee C. Blythe.

For information concerning the issues involved and other details in this proceeding, interested persons are referred to the prehearing conference report served on August 5, 1975, and other documents which are in the docket of this proceeding on file in the Docket Section of the Civil Aeronautics Board.

Dated at Washington, D.C., August 5, 1975.

[SEAL] DEE C. BLYTHE,
*Administrative Law Judge.*

[FR Doc. 75-20934 Filed 8-8-75; 8:45 am]

[Docket 28146; Order 75-8-13]

## WESTERN AIR LINES, INC.

### Investigation and Suspension

Adopted by the Civil Aeronautics Board, at its office in Washington, D.C., on the 24th day of July, 1975.

By tariff revisions filed June 16, 1975 for effect August 8, 1975, Western Air Lines, Inc. (Western) proposes a general six percent increase in all U.S. west coast-Mexico fares.[1] Western contends in its accompanying justification that, while Western's U.S.-Mexico fares have not been increased since January 1974, costs have continued their upward spiral at an unprecedented rate; [2] that the Board has permitted further fuel-related fare increases during this period in other international and domestic areas; that, although the Board has twice refused to allow increases in Western's U.S.-Mexico fares, concluding that Western's earnings were adequate at present fare levels, it has nevertheless approved increases in other U.S.-Mexico markets where certain carriers were, allegedly, earning returns on investment (ROI) above the 12 percent guideline; and that the Board's policy of considering the composite ROI of all U.S. carriers in a given market works to Western's disadvantage because it is the only U.S. carrier offering direct service from the west coast, and the competing Mexican-flag carriers, which might be earning less than 12 percent, are not required to submit financial data.

Western has submitted a statement of financial results in U.S.-Mexico scheduled passenger service which shows returns on investment of 11.90 percent during the year ended March 31, 1975; 5.03 percent during the same period assuming an 8.5 percent cost inflation factor; and 7.92 percent with the six percent fare increase. The 8.5 percent cost escalation figure reflects an increase in costs per available seat-mile for the year ended March 31, 1975 over the corresponding previous year of 11.4 percent, adjusted to reflect only the nine months from the midpoint (September 30, 1974) of the most recent reported year to the current date (June 30, 1975).[3] Western anticipates a revenue improvement from the proposed six percent fare increase of $658,000, or 1.87 percent, reflecting a traffic loss of four percent due to elasticity of approximately −0.66.

Finally, Western contends that its reported return in Mexican operations is misleading since certain unprofitable domestic flights are actually scheduled primarily to facilitate Mexican service from beyond gateway points; and that, in any event, Western operates within six major ratemaking areas subject to the separate regulation of three countries and one state, all with different standards. Under these circumstances, Western contends that it will never achieve an adequate overall return unless the Board fixes its fares and rates on the basis of system-wide results.

Upon full consideration of the tariff filing, Western's justification, and all other relevant factors, the Board finds that the proposed fares may be unjust or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial, or otherwise unlawful, and should be investigated. The Board further finds that the fares should be suspended pending investigation.

Western states that it earned an 11.90 percent return during the year ended March 31, 1975 in scheduled passenger service to/from Mexico, but the Board believes this figure to be understated for several reasons. First, computation of investment on a regulatory basis using standards established in the *Domestic Passenger-Fare Investigation* results in a figure of $19,054,000 for U.S.-Mexico scheduled passenger service rather than the $20,682,000 employed by Western, and avoids double counting of the same investment base for domestic and international ratemaking purposes.[4] Adjusting Western's statement of historical results accordingly shows a return on investment of 12.63 percent rather than the 11.90 percent figure cited by the carrier.

Second, with respect to cost escalation, the Board has substituted an annualization of present (first-quarter 1975) costs per available seat-mile for Western's 8.5 percent cost factor. As we stated in Order 75-6-72, the methodology used by Western (the increase in operating expense per available seat-mile from one year to the next) is reasonable "as long as unit costs are increasing at a reasonably steady rate." However, cost inflation at the present time is much less severe than in the year ended March 1975, and Western's cost projections are not supported by any data on experienced or contractual cost increases. Its cost-escalation factor, therefore, is essentially anticipatory and clearly overstates operating expenses. While our annualization of first-quarter costs may not fully reflect contractual increases in all areas, no such data has been supplied by Western, and we believe the Board's figure is a much more accurate reflection of present cost levels than the one submitted by the carrier. In the single area, fuel, where data are reported on a recurrent basis, we have made an adjustment to reflect the latest reported data (May 1975) which show a four-cent per gallon price increase over the first quarter, or $923,000 on an annual basis.

Third, Western anticipates a revenue improvement of $658,000 or only 1.87 percent from a fare increase of six percent, reflecting an estimate of demand elasticity which appears to be unduly pessimistic in light of historical results in the west coast-Mexico market. For example, the last fare increase (six percent) became effective January 1, 1974 and Western's traffic nevertheless increased by 12 percent in the first quarter of 1974 over the corresponding period of 1973, and calendar 1974 traffic increased 5.3 percent over calendar 1973. We note additionally that Western anticipates a load factor, with elasticity, of 56.8 percent which is significantly below its historical experience in this market.[5] Moreover, elasticity of demand generally applies in actual practice only where a fare increase represents an increase in real dollars, and there is no indication that the proposed increase will exceed the overall inflation in consumer prices during the period immediately ahead. For these reasons the Board cannot accept Western's revenue estimate.

Adjusting to eliminate elasticity, and to reflect current cost levels as discussed above, results in an ROI of 15.14 percent, clearly above the 12 percent return on investment guideline.[6] While our estimate of return under the proposed fares may be slightly overstated, it is clearly more realistic than Western's anticipated 7.92 percent, and indicates that an increase of the magnitude proposed would place the carrier in an excess-earnings position. Western's current earnings in west coast-Mexico service are adequate, and although its return may decline somewhat at present fare levels, nothing indicates that a fare increase is necessary to the carrier's financial stability or to continued efficient operations in the market.

Finally, we do not accept the contention that Western's reported earnings in U.S.-Mexico operations are overstated due to losses on domestic flights which continue on to Mexico, nor that the Board should evaluate return on investment on a system basis. As stated in Order 74-8-117, the Form 41 format constitutes the official procedure for the reporting of financial results in each market entity, and is appropriate as a basis for evaluation of fare proposals; in any event, losses on these flights are considered for domestic rate purposes, and considering them in evaluating U.S.-Mexico fares would allow double counting of the same expenses. In short, Western has not shown the proposed U.S.-Mexico fare increase to be warranted on its own merits, and the Board does not believe the public interest would be served by increasing U.S.-Mexico fares for the purpose of supporting other less profitable markets.

Accordingly, pursuant to the Federal Aviation Act of 1958, as amended, and particularly sections 204(a), 404, 801 and 1002(j) thereof,

IT IS ORDERED THAT:

1. An investigation be instituted to determine whether the fares and provisions in Tariff C.A.B. No. 118, Western Air Lines, Inc. on 16th Revised Page 12 and 14th Revised Page 13 and rules, regulations and practices affecting such fares and provisions, are or will be unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and, if found to be unlawful, to take appropriate action to prevent the use of such fares and provisions or rules, regulations, or practices;

2. Pending hearing and decision by the Board, the fares and provisions of the tariff pages specified in paragraph 1 above are suspended and their use deferred to and including August 7, 1976 unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension except by order or special permission of the Board;

3. This order shall be submitted to the President [7] and shall become effective August 8, 1975;

4. The investigation ordered herein be assigned for hearing before an Administrative Law Judge of the Board at a time and place hereafter to be designated; and

5. A copy of this order be served upon Western Air Lines, Inc.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] EDWIN Z. HOLLAND,
*Secretary.*

[1] Western Air Lines, Inc., International Passenger Tariff No. 3, C.A.B. No. 118, 16th Revised Page 12 and 14th Revised Page 13.

[2] Specifically, Western cites labor cost increases of 23 percent, fuel cost increases of 47 percent, and an overall cost increase of 36 percent.

[3] Western alleges that application of an experienced cost-escalation factor to reflect current cost levels is consistent with Order 73-11-93, November 20, 1973, *Domestic Passenger-Fare Increases Proposed by Various Carriers*. The carrier also cites recent additional increases in fuel costs which are not, however, reflected in its financial statement.

[4] The domestic portion of total system investment has already been allowed Western in the Board's consideration of the four percent domestic fare increases extended in Order 75-6-72, June 13, 1975.

[5] During the 12 months ended March 1975, for example, Western experienced a 63.1 percent load factor.

[6] At present fares Western would earn a 9.37 percent return. See Appendix.

[7] This order was submitted to the President on July 25, 1975.

APPENDIX.—*Western Air Lines, Inc., United States-Mexico scheduled passenger service, year ended Mar. 31, 1975, in thousands*

| | Reported (unadjusted) | Reported (adjusted) [1] fares | At 1st quarter 1975 cost levels [2] | | |

VOL 40 NO 155 AUG 11 75 XU

## COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

### CERTAIN MAN-MADE FIBER TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN EL SALVADOR

#### Import Restriction

AUGUST 5, 1975.

On July 31, 1975, the United States Government, in furtherance of the objectives of, and under the terms of, the Arrangement Regarding International Trade in Textiles, done at Geneva on December 20, 1973, requested the Government of El Salvador to enter into consultations concerning exports to the United States of man-made fiber textile products in Categories 224 (only women's, girls', and infants' knit coats) and 229 (woven coats), produced or manufactured in El Salvador. A complete description of these categories was published in the FEDERAL REGISTER of February 3, 1975 (40 FR 5010).

Notice is hereby given that under the provisions of Article 3 of the Arrangement, if no solution is mutually agreed upon by the two governments within sixty (60) days of the date of delivery of the aforementioned note, entry and withdrawal from warehouse for consumption of man-made fiber textile products in Categories 224 (pt.) and 229, produced or manufactured in El Salvador and exported to the United States during the twelve-month period beginning on the date of delivery of the note, may be restrained at levels which are yet to be determined.

There is published below market disruption information relating to each of the aforementioned categories. Any party wishing to express a view or provide data or information with respect to these categories is invited to submit such in ten copies to Mr. Alan Polansky, Chairman of the Committee for the Implementation of Textile Agreements and Deputy Assistant Secretary for Resources and Trade Assistance, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Room 3826, Washington, D.C. 20230. To enable timely consideration, comments should be submitted at the earliest date possible, but no later than September 10, 1975.

Views, data or information submitted under this procedure will be available for public inspection at the Central Reference and Records Inspection Facility, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Room 7043, Washington, D.C. 20230 and may be obtained upon written request pursuant to the Freedom of Information Act, 5 U.S.C. § 552 (1970), as amended, Pub. L. No. 93-502, (November 21, 1974) and the regulations of the Department of Commerce (15 C.F.R. Part 4 (1974)). Whenever practicable, public comment may be invited concerning views, comments or information received from the public which the Committee for the Implementation of Textile Agreements considers appropriate for further consideration.

The solicitation of comments on market disruption or any other matter pursuant to this notice is not a waiver in any respect of the exemption contained in 5 U.S.C. 553(a)(1) and 554(a)(4) (1970) relating to matters which constitute "a foreign affairs function of the United States."

ALAN POLANSKY,
*Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance U.S. Department of Commerce.*

#### CATEGORY 224—PART

#### OTHER WOMEN'S, GIRLS' AND INFANTS' COATS—KNIT

Apparel items included in this part of Category 224 include knit women's, girls' and infants' raincoats, jackets, suit-type coats and other outer coats.

The U.S. women's, girls' and infants' knit coat industry is one of the most import impacted areas of the apparel industry. The import/production ratio for these types of coats was more than 50 percent in 1974.

*Imports:* Total U.S. imports of women's, girls' and infants' other coats increased from 279 thousand dozen in 1974 to 316 thousand dozen in the year ending May 1975. El Salvador has become the second largest supplier of these type of coats. Imports from El Salvador increased from 17,449 dozen in 1974 to 32,351 dozen in the year ending May 1975. Among the largest suppliers, Taiwan, Mexico, Japan, Korea and Colombia control their exports to the United States.

*Prices:* The CIF value, including import duties, of imports of this category from El Salvador averaged $57 dollars per dozen. This is substantially below the domestic price for comparable goods and is also below the value of imports from Hong Kong and Japan.

*Domestic Production:* U.S. production of women's, girls' and infants' other coats declined during the first half of 1975. Output during 1974 totaled 556,000 dozen, down more than 5 percent from 1973.

*U.S. Production and imports, women's other coats, category 224 (part), in 1,000 dozens*

| Year | Production | Imports | Ratio |
|---|---|---|---|
| 1972 | 414 | (1) | (1) |
| 1973 | 587 | (1) | (1) |
| 1974 | 556 | 279 | 50.2 |

[1] El Salvador is No. 3 based on year ending May 1975.

#### CATEGORY 229

#### COATS, WOVEN

Apparel items in this category include men's and boys' raincoats, suit-type sport coats and jackets, and other outer coats and women's girls' and infants' raincoats, outer coats and jackets; ornamented and non ornamented.

The U.S. men's and women's coat industry is one of the most import impacted areas of the U.S. apparel industry. The import/production ratio for man-made fiber woven coats is estimated to have increased to 50 percent in the first half of 1975, up from 44 percent in 1974 and 11 percent in 1968.

*Imports:* Total imports of woven coats into the U.S. market have increased nearly fourfold from 530 thousand dozen in 1968 to more than 2 million dozen in the year ending May 1975.

Imports from El Salvador began in 1968 on a relatively small scale, but began to increase substantially in 1973 reaching 12,672 dozen. By the year ending May 1975, these imports had increased threefold from 1973 to 37,985 dozen. El Salvador is the twelfth largest suppliers of woven coats to the U.S. market. All major suppliers have either entered into or are consulting toward agreements to control their exports to the U.S. market.

*Prices:* The CIF value, including import duties, of imports of this category from El Salvador ranged from $57 per dozen for children's coats to $98 per dozen for women's raincoats. These prices are substantially below the domestic prices for comparable items, and are also below the value of comparable products being imported from Hong Kong and Japan. (Annex B)

*Domestic Production:* U.S. production of woven coats declined during the latter part of 1974 and the first half of 1975 to an estimated 4 million dozen, on an annual basis, from 5 million dozen in 1973 and 1974.

*Employment* in the U.S. men's and women's suit and coat industry in June 1975 totaled 145,600, or 25 percent less than in June 1974.

*U.S. production and imports of coats, woven, category 229, in 1,000 dozens*

| Year | Production | Imports | Ratio |
|---|---|---|---|
| 1968 | 4,623 | 530 | 11.5 |
| 1969 | 4,244 | 1,325 | 31.2 |
| 1970 | 4,981 | 1,865 | 37.4 |
| 1971 | 4,518 | 2,126 | 46.0 |
| 1972 | 4,501 | 2,522 | 56.0 |
| 1973 | 4,351 | 2,654 | 53.6 |

ANNEX A—MARKET CONDITIONS IN THE U.S. APPAREL INDUSTRY

The United States apparel industry is in a depressed state.

The Federal Reserve Board production index for apparel products in March 1975 was down 22 percent from a year earlier and the lowest since February 1963.

Total employment in the apparel industry in June 1975 was 1,210,000, down 144,000 or 11 percent from June 1974.

Unemployment in the apparel industry was 13.9 percent in June 1975, compared with 7.5 percent for the same month a year earlier.

## COMMISSION ON THE REVIEW OF THE NATIONAL POLICY TOWARD GAMBLING

### REVISED HEARINGS

AUGUST 5, 1975.

Public Notice of hearings in Las Vegas, Nevada, dated July 21, 1975 and published in the FEDERAL REGISTER 40 FR 31026, July 24, 1975 are herewith amended. The hearings which will be held on August 19-21, 1975, will be held in Meeting Room A, Las Vegas Convention Center, 3150 South Paradise Road, Las Vegas, Nevada instead of the previously published Federal Building. All other provisions of the notice published July 21, 1975, remain the same.

JAMES E. RITCHIE,
*Executive Director.*

[FR Doc.75-20915 Filed 8-8-75;8:45 am]

## CONSUMER PRODUCT SAFETY COMMISSION

### PUBLIC PLAYGROUND EQUIPMENT

#### Acceptance of an Offer To Develop Safety-Related Requirements—Summary of Terms of Acceptance

By notice in the FEDERAL REGISTER of March 7, 1975 (40 FR 10706), the Consumer Product Safety Commission, pursuant to its Congressional mandate to protect consumers against unreasonable risks of injury associated with consumer products, began a proceeding for the development of safety-related requirements applicable to Public Playground Equipment that may be used as the basis of a proposed regulation under the Federal Hazardous Substances Act (FHSA) (15 USC 1261 et seq.).

The notice set forth the injuries and hazards associated with public playground equipment and invited any person to submit to the Commission, on or before April 7, 1975, either: (1) One or more previously developed standards that address one or more of the hazards identified in the notice and that could be used as the basis for a proposed regulation under the FHSA; or (2) an offer to develop one or more safety-related requirements applicable to public playground equipment that address one or more of the hazards identified in the notice and that could be used as the basis for a proposed regulation under the FHSA.

In response to the subject notice the Commission received one offer and one "existing" standard.

The purpose of this notice is to announce that the Commission has accepted the offer of the National Recreation and Park Association (NRPA), 1601 North Kent Street, Arlington, Virginia, 22209, to develop the requisite safety-related requirements. In this respect, the Commission has determined that the NRPA: (1) Appears technically competent, (2) is likely to develop appropriate safety-related requirements within the 120 day period provided by the Commission, and (3) will comply with appropriate Commission regulations pertaining to the development proceeding.

The NRPA characterizes itself as a non-profit, public interest, research and educational organization, supported by philanthropy and its membership. The NRPA members embrace public, private, voluntary and industrial and commercial recreation and park agencies, representing local park and recreation officials, therapeutic recreations specialists, natural resource planners and landscape architects, park and recreation educators and students, lay members of park and municipal and state recreation boards and commissions, and the general public.

#### METHOD OF DEVELOPMENT

NRPA will develop the safety-related requirements by means of a 13 member, central "Development Panel", consisting of (1) five consumers, two of whom are "technically" oriented and three of whom are "user" oriented; (2) four industry representatives; (3) three buyer-installer representatives from the parks, recreation and schools fields; (4) one NRPA representatives who will serve as the Project Coordinator.

The Development Panel will receive direct in-put from: (1) The public, including anyone who indicates an interest

AUG 11 1975

in the issues; (2) 6 "Task" Groups, to be composed both of appointees of the Development Panel and of volunteers, organized to deal with six, broad hazard areas:

Contact with or by fixed or moving parts of equipment.

Falls from equipment.

Contact with surfaces installed under or directly adjacent to equipment.

Entrapment and "other".

Structural failure.

Layout, installation and/or maintenance and human factors, with additional task groups to be added if necessary.

The Development Panel will receive additional input from a "Talent Bank" composed of individuals and organizations with specific expertise in such pertinent areas as biomedical, design and engineering, hazard analysis, psychomotor development, psychology of play, testing, economic impact, human factors, legal considerations, etc.

Since NRPA does not have testing facilities or testing staff, NRPA plans to negotiate an agreement with the Franklin Institute Research Laboratories (FIRL), Philadelphia, Pa., regarding responsibility for all technical and testing aspects of the safety-related requirements development process. FIRL is a not-for-profit research and development organization having no affiliation with any manufacturers or special interest groups related to this project.

PARTICIPATION BY CONSUMERS AND OTHER INTERESTED PERSONS

NRPA has presented in its offer a broad-ranging "Consumer Participation Plan" that is consistent with Commission regulations. The procedures of that plan include the following:

1. The voting power in determining the final regulation submitted to the Commission lies with a balanced panel of five consumer votes; four industry votes, three park/school (buyer-installer) votes; and one NRPA vote.

2. An advisory group of engineers, lawyers, and other technically-oriented consumers is being formed which will meet, as necessary, to respond to consumer questions involving technical matters.

3. Ongoing active participation is being solicited and once the process begins, all meetings will be open to any interested party for once only or ongoing attendance.

NRPA has provided for a minimum of six two-day working sessions on Fridays and Saturdays so that the public, the Task Groups and the Development Panel can have ample opportunity to meet "as a whole and individually." These two-day sessions are intended to provide maximum opportunity for general meetings and indepth work sessions and will reduce conflicts with regular employment work days as much as possible.

The NRPA has contacted a wide range of national organizations to identify those interested in participating and to build a Talent Bank of people with appropriate expertise. The NRPA also plans news releases to the press, radio, television, and direct mail communication to individuals and organizations known to have an interest in this issue. In addition NRPA has sent letters to all metropolitan Washington residents whose names were on file with the Commission as of December 1974 as persons interested in participation in standards development. Monthly summaries of the proceedings will be prepared and mailed to all persons indicating an interest.

NRPA will designate approximately 10 educational institutions having curricula in parks and recreation as depositories for successive drafts as the development process proceeds. These depositories will provide an additional opportunity for any interested persons to easily obtain a copy of the drafts or review them on the spot and submit informed comments by means of special forms with preaddressed, postage paid envelopes for return to NRPA.

OFFER ACCEPTANCE AGREEMENT

The NRPA has agreed to develop recommended safety-related requirements applicable to Public Playground Equipment in accordance with: (1) the terms of the March 7, 1975, FEDERAL REGISTER Notice (40 F.R. 10706), soliciting offers for such development, and (2) the terms of a formal Agreement executed July 14, 1975, between the NRPA and the Commission. The Agreement is available for public inspection in the Office of the Secretary of the Commission, Room 1025, 1750 K Street NW., Washington, D.C.

In its acceptance of the NRPA Offer, the Commission has agreed to contribute $87,650 (eighty-seven thousand, six hundred fifty dollars) toward the costs of developing the requisite safety-related requirements. These funds will be used to defray miscellaneous expenses of development, including travel and per diem expenses as specified in (1) NRPA's offer of April 7, 1975, (2) the NRPA letter of June 2, 1975, to Stanley R. Parent, supplemental to the NRPA offer, and (3) the formal Acceptance Agreement. Playground equipment manufacturers will contribute $25,000 (twenty-five thousand dollars) to the development process.

The Commission may, by notice in the FEDERAL REGISTER, extend the period of development, if it finds for good cause shown that an additional period of time is appropriate.

Copies of the NRPA offer, and its supplemental letter dated June 2, 1975 are available for public inspection in the Office of the Secretary of this Commission, Room 1025, 1750 K Street, N.W., Washington, D.C.

All persons interested in participating in the development of the safety-related requirements pertaining to Public Playground Equipment should contact Mr. Robert Buechner, Project Director for this effort and Director of Administration of the National Recreation and Park Association at 1601 North Kent Street, Arlington, Virginia 22209; telephone (703) 525-0606.

Dated: August 5, 1975.

SADYE DUNN,
*Secretary, Consumer Product Safety Commission.*

## ENVIRONMENTAL PROTECTION AGENCY

[OPP-33000/300 & 301 & 302 (FRL 413-5)]

### RECEIPT OF APPLICATIONS FOR PESTICIDE REGISTRATION

#### Data To Be Considered in Support of Applications

On November 19, 1973, the Environmental Protection Agency (EPA) published in the FEDERAL REGISTER (38 FR 31862) its interim policy with respect to the administration of Section 3(c)(1)(d) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This policy provides that EPA will, upon receipt of every application for registration, publish in the FEDERAL REGISTER a notice containing the information shown below. The labeling furnished by each applicant will be available for examination at the Environmental Protection Agency, Room EB-31, East Tower, 401 M Street, SW., Washington, D.C. 20460.

On or before October 10, 1975, any person who (a) is or has been an applicant, (b) believes that data he developed and submitted to EPA on or after October 21, 1972, is being used to support an application described in this notice, (c) desires to assert a claim for compensation under Section 3(c)(1)(D) for such use of his data, and (d) wishes to preserve his right to have the Administrator determine the amount of reasonable compensation to which he is entitled for such use of the data, must notify the Administrator and the applicant named in the notice in the FEDERAL REGISTER of his claim by certified mail. Notification to the Administrator should be addressed to the Information Coordination Section, Technical Services Division (WH-569), Office of Pesticide Programs, 401 M Street, SW., Washington, D.C. 20460. Every such claimant must include, at a minimum, the information listed in the interim policy of November 19, 1973.

Applications submitted under 2(a) or 2(b) of the interim policy will be processed to completion in accordance with existing procedures. Applications submitted under 2(c) of the interim policy cannot be made final until the 60 day period has expired. If no claims are received within the 60 day period, the 2(c) application will be processed according to normal procedure. However, if claims are received within the 60 day period, the applicants against whom the claims are asserted will be advised of the alternatives available under the Act. No claims will be accepted for possible EPA adjudication which are received on or before October 10, 1975.

Dated: August 1, 1975.

JOHN B. RITCH, JR.,
*Director, Registration Division.*

APPLICATIONS RECEIVED (OPP-33000/300)

**EPA File Symbol 2749-URL.** Aceto Chemical Co., Inc., Agricultural Chemicals Div., 126-02 Northern Blvd., Flushing NY 11368. **PROPACHLOR/ATRAZINE WETTABLE POWDER HERBICIDE MIXTURE.** Active Ingredients: 2-Chloro-N-isopropylacetanilide 48.1%; Atrazine [2-Chloro-4-(ethylamino) - 6 - (isopropylamino)-s-triazine] 20.9%. ## STATE-FEDERAL FIFRA IMPLEMENTATION ADVISORY COMMITTEE

### Meeting

Pursuant to P.L. 92-463, notice is hereby given that a meeting of the State-Federal FIFRA Implementation Advisory Committee will be held at 8:15 a.m., Wednesday, September 3, in Room 3803-5, Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460.

The principal purpose of the meeting will be to obtain State Lead Agency input on a number of issues bearing upon the anticipated Congressional hearings concerning renewal of EPA's authority to implement the amended FIFRA.

Such issues include: 1) Use inconsistent with the label and minor use; 2) private applicator certification; 3) Section 3 regulations; 4) Section 5 regulations and guidelines; and 5) Section 24(c) regulations governing State special local need registrations.

The meeting will be open to the public. Any member of the public wishing to attend should contact George Beshore, Program Support and Special Projects Branch, Office of Pesticide Programs, Environmental Protection Agency, 401 M Street, SW., Washington, D.C. 20460, (202) 755-6180.

Dated August 6, 1975.

LOWELL E. MILLER,
*Acting Deputy Assistant Administrator for Pesticide Programs.*

## INTERNATIONAL TRADE COMMISSION

[TA-201-2]

## BOLTS, NUTS, AND SCREWS OF IRON OR STEEL

### Rescheduling of Hearing

Notice is hereby given that the U.S. International Trade Commission has rescheduled the public hearing in its investigation No. TA-201-2, Bolts, Nuts and Screws, to Wednesday, September 3, 1975, at 10 a.m., e.d.t., in the Hearing Room, U.S. International Trade Commission Building, 701 E Street, NW., Washington, D.C. Requests for appearances at the hearing should be submitted, in writing, to the Secretary of the Commission at his office in Washington by no later than noon, Thursday, August 28, 1975.

Notice of investigation and of the hearing originally set for August 19, 1975, was published in the FEDERAL REGISTER on June 26, 1975 (40 FR 27079).

Issued: August 6, 1975.

By order of the Commission.

[SEAL] KENNETH R. MASON,
*Secretary.*

[FR Doc.75-20925 Filed 8-8-75;8:45 am]

[TA-201-5]

## STAINLESS STEEL, ALLOY TOOL STEEL AND SILICON ELECTRICAL STEEL

### Investigation and Hearing

*Investigation instituted.* Following receipt of a petition filed on July 16, 1975, by the Tool and Stainless Steel Industry Committee and the United Steelworkers of America, AFL-CIO, the U.S. International Trade Commission, on August 5, 1975, instituted an investigation under section 201(b) of the Trade Act of 1974 to determine whether ingots, blooms, billets, slabs and sheet bars; bars; wire rods; and plates, sheets and strip, not cut, not pressed, and not stamped to nonrectangular shape; all the foregoing of stainless steel, alloy tool steel, or silicon electrical steel, provided for in items 608.18, 608.52, 608.76, 608.78, 608.85, 608.88, 609.06, 609.07 and 609.08 of the Tariff Schedules of the United States (TSUS), and as additionally subject to duty under items 607.01 through 607.04, inclusive, of the TSUS, are being imported into the United States in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to the domestic industry producing an article like or directly competitive with the imported article.

For purposes of this investigation, the term "alloy tool steel" refers to that alloy steel defined in statistical headnote 1(a) and (b) of subpart B, part 2 of schedule 6 of the TSUS; and the term "silicon electrical steel" refers to that alloy steel containing, by weight, over 0.60 percent but not over 6.0 percent of silicon, and in which silicon is the only metallic element that renders the steel an alloy steel as defined in headnote 2(h)(ii) of subpart B, part 2, of schedule 6 of the TSUS.

*Public hearing ordered.* A public hearing in connection with this investigation will be held in Washington, D.C., at 10:00 a.m., EST, on Tuesday, October 28, 1975, in the Hearing Room, U.S. International Trade Commission, Eighth and E Streets, N.W. Requests for appearances at the hearings should be received in writing by the Secretary of the Commission at his offices in Washington not later than noon, Thursday, October 23, 1975.

*Inspection of petition.* The petition filed in this case is available for public inspection at the Office of the Secretary, U.S. International Trade Commission, and at the New York City Office of the U.S. International Trade Commission located at 6 World Trade Center.

By order of the Commission:

[SEAL] KENNETH R. MASON,
*Secretary.*

AUGUST 5, 1975.

## FEDERAL RESERVE SYSTEM

### CENTRAL WISCONSIN BANKSHARES, INC.

#### Acquisition of Bank

Central Wisconsin Bankshares, Inc., Wausau, Wisconsin, has applied for the Board's approval under section 3(a)(3) of the Bank Holding Company Act (12 U.S.C. 1842(a)(3)) to acquire 80 percent or more of the voting shares of Central National Bank of Wausau, Wausau, Wisconsin. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the office of the Board of Governors or at the Federal Reserve Bank of Chicago. Any person wishing to comment on the application should submit views in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, to be received not later than September 8, 1975.

Board of Governors of the Federal Reserve System, August 4, 1975.

[SEAL] ROBERT SMITH, III,
*Assistant Secretary of the Board.*

## Manpower Administration

## INDIAN MANPOWER PROGRAMS

### Fiscal Year 1976 Allocations

Pursuant to 29 CFR 97.104 the Manpower Administration announces the tentative allocation of funds to each designated prime sponsor for use during Fiscal Year 1976 for Indian manpower programs authorized by title III, section 302 of the Comprehensive Employment and Training Act (CETA) of 1973. These tentative allocations are announced for Fiscal Year operational planning purposes only.

The following list represents the tentative allocations for fiscal year 1976, except that it is anticipated that three additional prime sponsors will be designated shortly:

FISCAL YEAR 1976, INDIAN PRIME SPONSORS:

## Manpower Administration

### EMPLOYMENT TRANSFER AND BUSINESS COMPETITION DETERMINATIONS

#### Applications

The organizations listed in the attachment have applied to the Secretary of Agriculture for financial assistance in the form of grants, loans, or loan guarantees in order to establish or improve facilities at the locations listed for the purposes given in the attached list. The financial assistance would be authorized by the Consolidated Farm and Rural Development Act, as amended, 7 U.S.C. 1924 (b), 1932, or 1942(b).

The Act requires the Secretary of Labor to determine whether such Federal assistance is calculated to or is likely to result in the transfer from one area to another of any employment or business activity provided by operations of the applicant. It is permissible to assist the establishment of a new branch, affiliate or subsidiary, only if this will not result in increased unemployment in the place of present operations and there is no reason to believe the new facility is being established with the intention of closing down an operating facility.

The Act also prohibits such assistance if the Secretary of Labor determines that it is calculated to or is likely to result in an increase in the production of goods, materials, or commodities, or the availability of services or facilities in the area, when there is not sufficient demand for such goods, materials, commodities, services, or facilities to employ the efficient capacity of existing competitive commercial or industrial enterprises, unless such financial or other assistance will not have an adverse effect upon existing competitive enterprises in the area.

The Secretary of Labor's review and certification procedures are set forth at 29 CFR Part 75, published January 29, 1975 (40 FR 4393). In determining whether the applications should be approved or denied, the Secretary will take into consideration the following factors:

1. The overall employment and unemployment situation in the local area in which the proposed facility will be located.

2. Employment trends in the same industry in the local area.

3. The potential effect of the new facility upon the local labor market, with particular emphasis upon its potential impact upon competitive enterprises in the same area.

4. The competitive effect upon other facilities in the same industry located in other areas (where such competition is a factor).

5. In the case of applications involving the establishment of branch plants or facilities, the potential effect of such new facilities on other existing plants or facilities operated by the applicant.

All persons wishing to bring to the attention of the Secretary of Labor any information pertinent to the determinations which must be made regarding these applications are invited to submit such information in writing within two weeks of publication of this notice to: Deputy Assistant Secretary for Manpower, 601 D Street NW., Washington, D.C. 20213.

Signed at Washington, D.C. this 4th day of August, 1975.

BEN BURDETSKY,
*Deputy Assistant Secretary for Manpower.*

*Applications received during the week ending Aug. 1, 1975*

| Name of applicant | Location of enterprise | Principal product or activity |
|---|---|---|
| S.C. Cap & Gown, Inc. (tenant to Robon Creek). | Laurens, S.C. | Manufacture of caps and gowns. |

## Office of the Secretary

[TA-W-53]

### ALLIS CHALMERS CORP.; PITTSBURGH, PENNSYLVANIA

#### Negative Determination Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-53 investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in section 222 of the Act.

The investigation was initiated on June 10, 1975 in response to a worker petition received on June 9, 1975 which was filed by the International Union of United Automobile, Aerospace and Agricultural Implement Workers of America (UAW) on behalf of workers formerly producing overhead and submersible distribution transformers and instrument transformers at the Pittsburgh, Pennsylvania plant of Allis Chalmers Corporation.

The notice of investigation was published in the FEDERAL REGISTER (40 FR 25741) on June 18, 1975. No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of the Allis Chalmers Corporation, its major customers, industry analysts, the U.S. International Trade Commission, the U.S. Department of Commerce, National Electrical Manufacturers Association and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act must be met:

(1) That a significant number or proportion of the workers in such workers' firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated,

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by such workers' firm or an appropriate subdivision thereof contributed importantly to such total or partial separation, or threat there: f, and to such decline in sales or production.

For purposes of paragraph (3), the term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

#### SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Employment levels at the Pittsburgh plant declined from the second quarter of 1974 through the first quarter of 1975, when the plant closed. In the first quarter of 1975, employment of hourly workers was 40 percent below that in the first quarter of 1974.

#### SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Sales of overhead and submersible distribution transformers produced at Pittsburgh declined since the fourth quarter of 1974. During the last six months of operation, monthly dollar sales declined by 57 percent. Comparing the first quarter of 1975 to the same period in 1974, dollar sales were down 57 percent.

Production of overhead and submersible distribution transformers at Pittsburgh have declined since 1973, a boom year in housing starts. From 1973 to 1974, following the drop in housing starts, transformer production declined by 11 percent. Comparing the first quarter of 1975 to the same period in 1974, transformer production was down by 56 percent.

#### INCREASED IMPORTS CONTRIBUTED IMPORTANTLY

Imports of distribution transformers like or directly competitive with the overhead and submersible distribution transformers made at Pittsburgh have had little effect in the U.S. market. Industry experts believe that less than one percent of the total market is supplied with overhead and submersible distribution transformers from foreign sources. In recent years imports of these products have decreased both relatively and absolutely.

The evidence developed in the Department's investigation indicates that the decreased purchases of distribution transformers by domestic public utility companies were the result of a drastic decline in housing starts in 1974 coupled with an earlier inventory buildup to hedge against expected price increases. When the economic downturn continued into 1975, many former purchasers of transformers refrained from purchasing additional equipment. The decision to close the Pittsburgh plant was based upon a lack of sales unrelated to imports.

#### CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with the overhead and submersible distribution transformers and instrument transformers produced at the Pittsburgh plant of Allis Chalmers Corporation did not contribute importantly to the total or partial separation of the workers or to the absolute decline in sales or production of the plant.

Signed at Washington, D.C., this 5th day of August 1975.

HERBERT N. BLACKMAN,
*Associate Deputy Under Secretary for Trade and Adjustment Policy.*

[TA-W-54]

### ALLIS CHALMERS CORP., GADSDEN, ALABAMA

#### Negative Determination Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-54: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in section 222 of the Act.

The investigation was initiated on June 10, 1975 in response to a worker petition received on June 9, 1975 which was filed by the International Union of United Automobile, Aerospace, and Agricultural Implement Workers of America, (UAW) on behalf of workers formerly producing padmounted distribution transformers at Gadsden, Alabama plant of Allis Chalmers Corporation.

The notice of investigation was published in the FEDERAL REGISTER (40 FR 25646) on June 17, 1975. No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of the Allis Chalmers Corporation, its major customers, industry analysts, the U.S. International Trade Commission, the U.S. Department of Commerce, the National Electric Manufacturers Association, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of section 222 of the Trade Act must be met:

(1) That a significant number or proportion of the workers in such workers' firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated,

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by such workers' firm or an appropriate subdivision thereof contributed importantly to such total or partial separation, or threat thereof, and to such decline in sales or production.

For purposes of paragraph (3), the term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

#### SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Employment levels for padmounted transformer workers at the Gadsden plant declined from the second quarter of 1974 through the first quarter of 1975, when the Padmounted Transformer Division shut down. In the first quarter of 1975, employment of hourly workers was 69 percent below that in the first quarter of 1974.

#### SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Sales of padmounted distribution transformers produced at Gadsden have declined since 1973. From 1973 to 1974, dollar sales declined by 11 percent, and the number of machines sold declined 25 percent. Comparing the first quarter of 1975 to the same period in 1974, dollar sales were down 63 percent and sales volume declined 75 percent.

Production of padmounted distribution transformers at Gadsden have declined since 1973, a boom year in housing starts. From 1973 to 1974, following the drop in housing starts, transformer production declined by 36 percent. Comparing the first quarter of 1975 to the same period in 1974, transformer production was down by 81 percent.

#### INCREASED IMPORTS CONTRIBUTED IMPORTANTLY

Imports of distribution transformers like or directly competitive with the padmounted distribution transformers made at Gadsden have had little effect in the U.S. market. Industry experts believe that less than one percent of the total market is supplied with padmounted distribution transformers from foreign sources. In recent years imports of these products have decreased both relatively and absolutely.

The evidence developed in the Department's investigation indicates that the decreased purchases of distribution transformers by domestic public utility companies were the result of a drastic decline in housing starts in 1974 coupled with an earlier inventory build-up to hedge against expected price increases. When the economic downturn continued into 1975, many former purchasers of transformers refrained from purchasing additional equipment. The decision to close the Padmounted Distribution

Transformer Division at the Gadsden plant was based upon a lack of sales unrelated to imports.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with padmounted distribution transformers produced by the Gadsden, Alabama plant of Allis Chalmers Corporation did not contribute importantly to the total or partial separation of the workers or to the absolute decline in sales or production of the plant.

Signed at Washington, D.C., this 5th day of August 1975.

*Associate Deputy Under Secretary for Trade and Adjustment Policy.*

[FR Doc.75-20854 Filed 8-8-75;8:45 am]

## FISHER FOOTWEAR, INC.; ELDON, MISSOURI

### Negative Determination Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-45: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in section 222 of the Act.

The investigation was initiated on June 6, 1975 in response to a worker petition received on June 5, 1975 which was filed by the Boot and Shoe Workers Union on behalf of workers formerly producing footwear for infants, children, misses and growing girls at Fisher Footwear, Inc., Eldon, Missouri.

The notice of investigation was published in the FEDERAL REGISTER (40 FR 25647) on June 17, 1975. No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Fisher Footwear, Inc., its customers, the U.S. International Trade Commission, the U.S. Department of Commerce, American Footwear Industries Association, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in such firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by such workers' firm or an appropriate subdivision thereof contributed importantly to such total or partial separation, or threat thereof, and to such decline in sales or production.

For purposes of paragraph (3), the term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

A significant number or proportion of the workers at Fisher became totally or partially separated in the third quarter of 1974 when employment declined 26 percent. Further separations occurred in the fourth quarter of 1974 when production at Fisher ceased. All Fisher employees were terminated the end of April, 1975.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Production at Fisher declined sharply in the third and fourth quarters of 1974. All production ceased in November, 1974.

INCREASED IMPORTS CONTRIBUTED IMPORTANTLY

Imports of infants', children's and misses' nonrubber footwear substantially increased their share of domestic consumption and production from 1970 to 1974. While imports of footwear like or directly competitive with those produced at Fisher increased during the period Fisher's employees became separated and Fisher's sales and production declined, officials of customer firms accounting for over 90 percent of Fisher's total footwear sales indicated that imports were not a factor in their reduced purchases from Fisher. Fisher's decision to close was based on the loss of contracts with other footwear manufacturers for which Fisher had made footwear, the company's inability to secure additional footwear contracts and the insufficiency of Fisher's retail footwear accounts to sustain operation of the company.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with footwear for infants, children, misses and growing girls produced by Fisher Footwear, Inc. did not contribute importantly to the total or partial separation of the workers or to the absolute decline in sales or production of Fisher Footwear, Inc.

Signed at Washington, D.C., the 5th day of August 1975.

HERBERT N. BLACKMAN,
*Associate Deputy Under Secretary for Trade and Adjustment Policy.*

[TA-W-99]

## GENERAL ELECTRIC CO.

### Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On July 31, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the International Union of Electrical, Radio, and Machine Workers on behalf of the workers and former workers of Philadelphia, Pennsylvania plant of General Electric Company, Syracuse, New York (TA-W-99). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with electrical switchgears produced by General Electric Company or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, on or before August 21, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave., NW., Washington, D.C. 20210.

Signed at Washington, D.C., this 31st day of July, 1975.

MARVIN M. FOOKS,
*Acting Director, Office of Trade Adjustment Assistance.*

[FR Doc.75-20847 Filed 8-8-75;8:45 am]

[TA-W-100]

## GENERAL MOTORS CORP.

### Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On July 30, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the International Union of Electrical, Radio, and Machine Workers on behalf of the workers and former workers of Delco Products Division, Dayton, Ohio, of General Motors Corporation, Detroit, Michigan (TA-W-100).

Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with automobile parts including shock absorbers, bumper shock absorber, pollution control valves, etc., produced by General Motor Corporation or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, on or before August 21, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave., NW., Washington, D.C. 20210.

Signed at Washington, D.C., this 30th day of July, 1975.

MARVIN M. FOOKS,
*Acting Director, Office of Trade Adjustment Assistance.*

[FR Doc.75-20851 Filed 8-8-75;8:45 am]

[TA-W-103]

## KEYSTONE CARBON CO.

### Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On July 31, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the International Union of Electrical, Radio and Machine Workers on behalf of the workers and former workers of Keystone Carbon Company, St. Marys, Pennsylvania (TA-W-103). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with thermistors produced by Keystone Carbon Company or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, on or before August 21, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave., N.W., Washington, D.C. 20210.

Signed at Washington, D.C., this 31st day of July, 1975.

## STERLING ELECTRONICS

### Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On July 31, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the International Union of Electrical, Radio and Machine Workers on behalf of the workers and former workers of Magnetic Windings Division, Easton, Pennsylvania plant of Sterling Electronics, Houston, Texas (TA-W-101). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in Section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with coils and transformers produced by Sterling Electronics or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, on or before August 21, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave., N.W., Washington, D.C. 20210.

Signed at Washington, D.C., this 31st day of July, 1975.

## SPRINGFIELD WIRE OF INDIANA, INC.

### Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On July 31, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the International Union of Electrical, Radio and Machine Workers on behalf of the workers and former workers of Springfield Wire of Indiana, Inc., Evansville, Indiana plant of Springfield Wire, Inc., Springfield, Massachusetts (TA-W-104). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with power cords & wire harnesses for appliances produced by Springfield Wire of Indiana, Inc. or an appropriate subdivision thereof have

the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, on or before August 21, 1975.

## STACKPOLE CARBON CO.

### Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On July 31, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the International Union of Electrical, Radio and Machine Workers on behalf of the workers and former workers of Stackpole Carbon Company, St. Marys, Pennsylvania (TA-W-102). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instatuted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with resistors, ferrites, brushes & anodes produced by Stackpole Carbon Company or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales of production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, on or before August 21, 1975.

## FEDERAL COMMUNICATIONS COMMISSION

### CANADIAN T.V. STATIONS WITHIN 250 MILES OF BORDER

### Supplementary Changes as of July 31, 1975

AUGUST 5, 1975.

A supplement to the list of Canadian Television Stations within 250 miles of the Canada-U.S.A. border dated April 1, 1973, has been issued by the FCC.

Compiled from information supplied by the Department of Communications of Canada, the list reflects all additions, changes, deletions and corrections made up to July 31, 1975.

Further changes will be issued as reported to the Commission by the Canadian Communications Department.

Copies of the list may be obtained from Downtown Copy Center, 1730 K Street, NW., Washington, D.C. 20006, telephone (202) 452-1422.

The following stations shown on List No. 5, dated July 8, 1975, are corrected as indicated below:
CBAFT, Fredericton-Saint John, New Brunswick, Channel 5, and station CBUBT-10, Natal, British Columbia, on Channel 11 rather than Channel 10.

*Supplementary list of changes, additions, deletions and corrections as of July 31, 1975, to the list of Canadian television stations within 250 mi of the border issued by the Commission dated Apr. 1, 1973.*

## ITT WORLD COMMUNICATIONS INC. ET AL.

### Applications

In the matter of International Record Carriers' Scope of Operations in the Continental United States, Including Possible Revisions to the Formula Prescribed under Section 222 of the Communications Act.

1. In instituting the proceedings in Docket No. 19660, we included among the various issues the question whether the public interest would be served by granting applications of international record carriers (IRCs) for authority under Section 214 and 222 of the Communications Act to utilize additional gateways in the continental United States in providing their international services. *Notice of Inquiry and Proposed Rule Making in Docket No. 19660*, 38 FCC 2d 541 (1972). We are concurrently issuing a further notice of inquiry and proposed rule making which looks toward the authorization of new gateway cities under appropriate standards (FCC 75-894). This Memorandum Opinion and Order is concerned solely with the question whether additional IRCs should be authorized to operate in the existing gateway cities. In brief, we have before us applications by TRT Telecommunications Corp. (TRT) for authority to use New York City as a gateway for its leased-channel services, and applications by ITT World Communications Inc. (ITT), RCA Global Communications, Inc. (RCA), and Western Union International, Inc. (WUI) for authority to use Miami and New Orleans as gateways for all their services.[1] New York City is presently a gateway for ITT, RCA, WUI and the French Telegraph Cable Company, but not for TRT; Miami and New Orleans are gateways for all services of TRT, whereas ITT, RCA and WUI are authorized to use Miami only for leased-channel services and have no authority to use New Orleans. These applications and various responsive pleadings are summarized below.

2. Preliminarily, we note that some of those applications have not been the subject of comments on the merits. Indeed, WUI's has been on file for less than 30 days. While we believe that all of the applications have considerations in common which warrant the same treatment, we do not here reach any final decision in light of this procedural posture. Rather, we will set forth our tentative decision and accord the applicants and other interested parties a 30-day period for comment on the applications and our proposed disposition.

[1] To the extent that the ITT, RCA and WUI applications also seek authorization of various new gateway cities, they will be treated in the further rule making and not in this decision.

### TENTATIVE STATEMENT OF POLICY

#### I. BACKGROUND

*A. The Applications*

1. ITT

3. ITT filed an application, File No. T-C-2433, on September 20, 1971 for authorization pursuant to Sections 214 and 222 of the Act to provide expanded international record service directly to the public within the metropolitan areas of two existing (Miami and New Orleans) and 13 new gateway cities and to acquire facilities incidental to such operations.[2] Specifically, ITT proposes to offer a limited, expanded international public message service (PMS), an expanded international telex service, and expanded leased channel service. While we are here concerned only with the two existing gateways, the following description of the ITT, RCA and WUI applications and responsive pleadings is in terms of all proposed gateways, both existing and new.

*PMS*

4. ITT proposes to subscribe to the Wide Area Telecommunications Service (WATS) offered by the American Telephone and Telegraph Company (AT&T) and other common carriers under AT&T's Tariff F.C.C. No. 259. More specifically, ITT would obtain a mix of full and measured-time WATS access lines for inward and outward service (in the "band six" classification, except for those needed for intrastate service) and to use those lines to connect the appropriate telephone company premises with ITT's premises. ITT would use the WATS lines, in its existing telephone room mode of operations (but with additional operating personnel), to provide a limited international PMS to the public in the 15 new areas. By means of inward WATS, a customer anywhere in the contiguous 48 states would be able to file directly with ITT (so long as the local telephone company is a concurring, participating or connecting carrier providing WATS service) an outbound international message telegram. ITT would use the outward WATS lines to deliver inbound international message telegrams throughout the continguous 48 states "where such handling is appropriate."[3] ITT application at p. 4. ITT does not propose either over-the-counter or messenger acceptance or delivery in any of the new gateway cities; but only in the existing ones.

5. ITT estimates the investment required for handling PMS by telephone at $27,400 and the annual operating costs at $1.3 million (through an investment of $208,000 in increased automation of message processing operations, the annual operating costs would be reduced to $1 million). ITT estimates that 750,000 messages would be handled by telephone in the first year of operation.[4] ITT does not estimate the increased revenues which would flow from this traffic.

*Telex*

6. ITT proposes to establish operating centers in the metropolitan areas of each of the 15 additional cities[5] to offer international telex service directly to the public (including use of such telex tielines by customers for acceptance and delivery of international message telegrams). These operating centers consist of maintenance shop, storage space and central office equipment; but would have no sales functions. ITT proposes to install in each center time division multiplex (TDM) equipment connected to customer printers through a network of tielines (leased from local telephone companies). The centers would be connected with ITT's New York Offices by lines leased from domestic communications common carriers. In New York, the facilities would interface with existing subscriber switches. ITT does not state the number of circuits needed to connect the new operating centers to its New York offices; but only that the number would vary according to projected traffic volumes for each city.[6] International telex would be provided in the same mode as at present; but the message portion of the expanded telex operation would require additional (amount unspecified) processing equipment and operators at ITT's New York offices.

7. ITT estimates the initial investment to establish telex facilities in the 15 new gateways at $5.9 million and the increased annual operating expenses at $3.6 million (through investment of an additional $6.2 million in increased automation. ITT estimates that annual expenses could be reduced to $3.2 million). ITT estimates that traffic volume in the first year of operation would be 5,200,000 minutes but does not estimate the additional revenues from such traffic.

[2] The cities proposed as new gateways for ITT are Houston, Texas; Newark, New Jersey; Philadelphia, Pennsylvania; Chicago, Illinois; Los Angeles, California; Cleveland, Ohio; Dallas, Texas; Boston, Massachusetts; Seattle, Washington; Minneapolis, Minnesota; Pittsburgh, Pennsylvania; Milwaukee, Wisconsin; and Detroit, Mich. ITT's application does not define what ITT means by the "metropolitan areas" of these cities; it says only that it includes several suburban communities considered to be within the metropolitan areas of the named city. ITT Application at p. 5.

[3] Both acceptance and delivery would be done at no charge to the customer other than be tariffed per-word international message charges.

[4] ITT's estimates were based on the assumption that operations would begin January 1, 1972.

[5] See Fn. 2 *Supra*.

[6] ITT proposes initially to install one complete telex system (multiplex cabinet, frame and modern) plus one backup system in Cleveland, Dallas, Boston, Seattle, Minneapolis, Pittsburgh, New Orleans, Milwaukee, and Detroit; two plus one backup in Houston, Newark, Miami and Philadelphia; three plus one backup in Chicago; and four plus one backup in Los Angeles. ITT states those proposals are based on market forecasts it has made, but does not provide those forecasts with its application.

*Leased Channels*

8. ITT proposes to offer international leased channel services to the public in each of the 15 cities using the operating centers established for telex. The customer's premises would be connected to ITT's multiplex equipment by tielines leased from local carriers. The leases would then be routed to New York over lines leased by ITT from domestic communications carriers where they will be interconnected with overseas circuits.

9. ITT does not estimate the increase in traffic, revenues, investment or expenses associated with its expanded leased channel operations. It states only that, with establishment of the operating centers for telex, which are to be used jointly for leased channels, the "incremental costs associated with the rendition of leased channel services would be relatively small." ITT application at p. 7. ITT states that a grant of its application would serve the public interest by making its services available directly to the public at points other than its present gateways. ITT also states that its proposal would also provide competition to WU's domestic telegraph services and that such competition in the international sphere has led to lower rates and better service.

2. RCA

10. RCA filed an application, File No. T–C–2449 on January 1, 1972 for authorization pursuant to Section 214 of the Act to re-establish telegraph operations at seven cities it served until 1942[7] and to establish operations at eleven additional cities[8] it has never served directly and to acquire facilities incidental to such operations for the purpose of offering directly to the public within the metropolitan areas of those cities overseas PMS, telex and leased channel services.[9]

*PMS*

11. RCA proposes to extend overseas PMS only to subscribers to its international telex service and as an incident to such service. RCA states that it anticipates no traffic personnel associated with PMS operations in any of the 18 new cities. Rather, telex subscribers sending international telegraph messages over their telex tielines will have those messages switched directly to traffic operating facilities in San Francisco and New York.

*Telex*

12. RCA proposes to establish computerized telex exchanges in Chicago, Los Angeles and Houston which are to be interconnected over diverse routes with its computerized central offices in San Francisco and New York and to interconnect those exchanges with local WU exchanges so that WU subscribers in those cities will have direct access to its expanded system.[10]

13. RCA lists its projected capital costs for initial installations in the 18 cities at $6,966,000.[11] RCA also states that the rate quoted by AT&T for the voice-grade circuits needed in the first year at $114,000. RCA will also lease from local carriers the necessary tielines to connect subscribers to its three new operating centers as well as those to be connected directly to the existing centers and to connect its new centers to the WU exchanges. RCA estimates the additional revenues from telex services and the PMS operations incidental thereto at $3,135,000 in the first year; $6,542,000 in year two; $9,020,000 in year three; $11,103,000 in year four; and $29,800,000 in year five. RCA also estimates additional expenses at $2,778,000 in the first year; $3,623,000 in year two; $4,507,000 in year three; $5,366,000 in year four; and $16,274,000 in year five.[12] RCA does not estimate the increased traffic it expects to derive from the expanded operations or the basis on which it derived its estimates for increased revenues and expenses (it only shows a breakdown showing the sources of revenues and the categories of expense items).

*Leased Channel Services*

14. RCA's application states that it plans initially to use certain of the TDM-derived channels for extension of leased teleprinter (telegraph-grade) channels to the 18 named cities. Further, as needs develop, RCA will extend international overseas voice-record (AVD) circuits to these cities and "perhaps other cities as well." RCA does not estimate the increase in investment, expenses, traffic or revenues associated with its proposed leased channel operations. RCA merely states that the leased channel service is "not expected to have any significant effect on the additional revenues and additional expenses" for provision of service.[13] RCA Application, Schedule E.

15. On June 16, 1975, WUI filed an application, File No. I–T–C–2617, for authorization to establish gateway operations in the "metropolitan areas"[14] of twenty additional cities, to amend its gateway authorization in Miami, Florida, to expand the geographical service area of its existing New York, Washington, San Francisco and Miami gateways to include the area within the "metropolitan areas," of those cities, and to acquire the facilities necessary to carry on such expanded gateway operations. Within these areas, WUI proposes to offer directly to the public all of its regularly-authorized services including PMS, telex, and leased channels. The cities for which WUI seeks gateway authorization are Atlanta, Georgia; Philadelphia, Pennsylvania; Minneapolis, Minnesota; Boston, Massachusetts; Stamford, Connecticut; Cleveland, Ohio; Cincinnati, Ohio; Detroit, Michigan; Pittsburgh, Pennsylvania; Baltimore, Maryland; Los Angeles, California; New Orleans, Louisiana; St. Louis, Missouri; Newark, New Jersey; Chicago, Illinois; Seattle, Washington; and Denver, Colorado.

16. WUI proposes to establish in each of these cities an operating center to which telex customers will be connected by local loops obtained from a domestic carrier. Each of these centers will be connected to each other and to WUI's existing gateways through circuits from domestic carriers.[15] At each new operating office, WUI will install TDM equipment to derive telegraph-grade channels from the domestic circuit. WUI states that the central office and subscriber terminal equipment will be maintained by personnel based in or near each proposed gateway city, but estimates a first-year cost for intercity circuitry of $160,000, a second-year expense of $225,000, and a third-year expense of $290,000. WUI also lists a first-year expense for local loops of $160,000, a second-year expense of $525,000, and a third-year expense of $990,000. WUI lists a total capital investment of $1,570,000 (year 1), $3,480,000 (year 2) and $5,770,000 (year 3) to establish the proposed gateways. WUI projects total incremental expenses to be $825,000 (year 1), $2,415,000 (year 2) and $4,385,000 (year 3). Projected additional revenues for the three years are $765,000; $2,800,000 and $5,270,00, respectively. After deduction of the incremental expenses, WUI projects a net loss in the first year of $60,000 which will become a surplus of $385,000 in year 2; and a surplus of $885,000 in year 3.

17. WUI states that the instant proposal is needed to provide customers in the designated areas with a realistic choice of carrier by which to communicate with foreign points and to offer low-cost, reliable international services directly to the public in these cities. This will benefit PMS users by freeing them from responsibility for the costs of intermediate transmission facilities and reducing the time required to communicate with overseas points. Telex users will be benefited by elimination of congestion occasionally encountered in the domestic telex network. Leased channel customers will benefit by elimination of (for customers in the new gateways), or substantial reduction in (for those outside, but near, gateways), the charges for domestic connecting channels which such customers now must get from domestic carriers. Finally, WUI states its proposal will permit "modular expansion of WUI's intercity circuitry as needed at very low incremental cost." WUI Application at p. 10. In consideration of the above, WUI asserts that a grant of its application will be in the public interest.

4. TRT

18. TRT filed an application, File No. T–C–2498, on September 1, 1972 for authorization pursuant to Sections 214 and 222 of the Act for authority:

(a) to utilize New York, New York as a gateway for purposes of transmitting leased channel traffic;

(b) to acquire by lease and operate one voice-grade circuit between an operating office to be established in New York, New York and its existing operating office in Fort Lauderdale, Florida; and to

(c) utilize the facilities requested to provide leased voice-channel services between New York and points in Latin America and the Caribbean.

In its application, TRT states that the authorization of New York as a gateway and the facilities requested will be used to provide (unspecified) leased-channel service directly between New York and foreign points in the Caribbean and Central and South America which TRT is or may be authorized to serve. TRT also notes that it presently provides such services to a number of customers in New York through interconnection with AT&T and "other connecting carriers" that provide circuits to those customers between their premises and TRT's Fort Lauderdale office. TRT contends that the present authority is sought so it can provide a more efficient, direct service to its New York customers and that such authority would be a step in equalizing its position vis-a-vis ITT, RCA and WUI which operate in the New York gateway and who are also authorized to provide leased channel services in TRT's principal gateway—Miami, Florida.[16] Since that time, TRT has also been authorized to serve various European points.

19. TRT proposes to lease the voice-grade circuit between New York and Fort Lauderdale from AT&T Long Lines. TRT will then use TDM equipment to derive 24 telegraph-grade channels which it projects will satisfy its circuitry needs for the first year of operation. TRT will use these channels to provide service to its existing New York customers (it proposes to reroute such traffic over the new facilities) and to seek new customers. TRT estimates the investment associated with the proposed operations as follows: $20,000 for multiplexing equipment in New York and $20,000 in Fort Lauderdale (the equipment to be dedicated solely to the requested circuit), $20,000 for test equipment (to service New York lease customers), and an unspecified amount for purchase of teleprinters.[17] Additionally, TRT estimates its increased operating expenses as follows: $6,520 ($535/month) annually for lease of the New York/Fort Lauderdale circuit (plus a $20 non-recurring installation charge), $4,000 depreciation expense (straight-line over a ten-year estimated useful life), $37,000 annually for office operation (rent, technicians' salaries, and equipment maintenance). TRT does not estimate the increase in traffic or revenues it expects from the expanded operations. However, it does state that it presently has five customers in New York for service to the Bahamas which it will shift to the new facilities. It contends that the additional revenues it will derive from these five customers by avoiding the AT&T charges ($758 per month per circuit alone) would "almost cover the additional cost(s)" without the addition of any new customers. TRT states it expects to add additional New York customers, but does not project the number it will add.

20. On March 11, 1974 TRT filed a second application, File No. I–T–C–2605, seeking operating authority pursuant to Section 214 of the Act to offer leased-channel services in New York. Specifically, this application seeks authority.

(a) to modify its existing authorization to acquire by lease and operate one voice-grade circuit between its operating office in Fort Lauderdale, Florida and the operating offices of ITT (File No. T–C–2462–3) to reterminate the circuit at a technical operating facility (TOF) to be established in New York, New York;

(b) to modify its existing authorization to acquire by lease and operate one voice-grade circuit between its operating office in Fort Lauderdale and the operating office of WUI (File No. T–C–2388) to reterminate the circuit at TRT's proposed New York TOF;

(c) to modify its existing authorization to acquire by lease and operate four voice-grade circuits between TRT's Fort Lauderdale operating office and the Etam, West Virginia satellite earth station (File Nos. T–C–2462, T–C–2462–1, T–C–2335–1–A and T–C–2481, respectively) to reterminate those circuits at TRT's proposed New York TOF;

(d) to modify its existing authorization to acquire by lease and operate one voice-grade circuit between TRT's Fort Lauderdale operating office and the Andover, Maine satellite earth station to reterminate that circuit at its proposed New York TOF;

(e) to acquire by lease and operate four voice-grade circuits one each between TRT's proposed New York TOF on the one hand and the New York operating offices of ITT, RCA and WUI, respectively, on the other hand;

(f) to modify its existing authorizations to acquire by lease and operate satellite voice-grade circuits between the United States on the one hand and Brazil (File No. T–C–2462), Columbia (File No. T–C–2462–1), Italy (File No. T–C–2335–1–A), Panama (File No. T–C–2481), and Puerto Rico (File No. T–C–2497–M) to reterminate those circuits at the same proposed TOF in New York rather than at its Fort Lauderdale office where they presently terminate; and

(g) to operate the requested and reterminated facilities to provide leased-channel services between the United States on the one hand and Brazil, Columbia, Italy, Panama and Puerto Rico and points beyond on the other.[18]

[7] Chicago, Illinois; Los Angeles, California; Philadelphia, Pennsylvania; Boston, Massachusetts; Detroit, Michigan; New Orleans, Louisiana; and Seattle, Washington.

[8] Houston, Texas; Cleveland, Ohio; Dallas, Texas; Hicksville, New York; Miami, Florida; Milwaukee, Wisconsin; Minneapolis, Minnesota; Newark, New Jersey; Pittsburgh Pennsylvania; St. Louis, Missouri; and Stamford, Connecticut.

[9] In Schedule B to its application, RCA lists for each city the suburban communities which it includes within the term "metropolitan area" for purposes of its application.

[10] Schedule A to RCA's application shows that Seattle will be connected to the San Francisco central exchange; that Dallas and New Orleans will be connected to the new Houston exchange; that Minneapolis, Milwaukee, St. Louis and Detroit will be connected to the Chicago exchange; and that Stamford, Boston, Pittsburgh, Philadelphia, Cleveland, Miami, Newark and Hicksville will be connected to the New York central exchange.

[11] RCA breaks down its first year capital requirement as follows:

| | |
|---|---|
| Teleprinters | $1,646,000 |
| Telex switches | 1,286,000 |
| Site preparation—Switches | 226,000 |
| Time division multiplex gear | 2,210,000 |
| Tool kits for technicians | 14,000 |
| Channel simulators | 11,000 |
| Test equipment, etc | 20,000 |
| Construction | 5,413,000 |
| Overhead | 320,000 |
| Interest on construction | 160,000 |
| CTE (Central Telex Exchange) term | 1,073,000 |
| Total | $6,966,000 |

RCA estimates cumulative first costs for the year two at $8,831,000; year three, $10,525,000; year four, $12,599,000; and year five, $14,263,000.

[12] The net gains for the five years are $357,000 in year one; $2,919,000 in year two; $4,513,000 in year three; $5,737,000 in year four; and $13,526,000 in year five.

[13] RCA also estimates the capital needed for leased channel service to be "minimal." RCA Application, Schedule D.

[14] For purposes of its application, WUI defines "metropolitan area" to encompass the particular named city and an area outside that city within a forty-mile radius of its operating office. WUI Application at p. 4.

[15] WUI states that it is considering AT&T Dataphone Digital Service (DDS) to effect these connections. As traffic increases, WUI proposes to acquire larger-capacity DDS circuits.

[16] In the early 1960's, we authorized the three major carriers operating in the New York gateway to offer leased-channel services directly to the public in Miami, Florida.

[17] TRT states that it does not know how many teleprinters it will be able to rent in New York but that any such investment would be financed by charges it receives from leasing the equipment.

[18] TRT states it plans to use two of its three presently-authorized Fort Lauderdale/New York voice-grade circuits for initial requirements for telegraph-grade circuits between those points and beyond through use of high density TDM equipment on one of these circuits and frequency division multiplex (UFCT) on the other. The present TRT/Fort Lauderdale to WUI and ITT/New York telegraph circuits will be rerouted over local facilities to TRT's New York TOF and then to TRT/Fort Lauderdale over the TDM-equipped circuit. This will release two UFCT terminals in Fort Lauderdale to be moved to New York to terminate two international circuits via satellite. They will then be rerouted via New York to the satellite earth stations and two Fort Lauderdale earth station circuits will be discontinued. This will release an additional two UFCT terminals to be transferred to New York (two UFCT terminals will be transferred and two overseas circuits rerouted per month over a period of four months). This step by step approach is intended, according to TRT, to accomplish the changeover in a cost-effective manner and provide for efficient use of already-authorized facilities. *See* TRT Application at pp. 15–16.

21. TRT states in its application that it is not seeking authority to accept or deliver international telex or telegraph messages in New York, that it seeks solely to establish the proposed TOF to reconfigure its existing domestic network "in a more cost effective manner," that it does not propose a new gateway in New York and that it therefore requires no other authority other than the above modifications. However, TRT further states that if the Commission concludes it does require authority under Section 222 (or "any other section of the Communications Act") to offer leased-channel services from the TOF in New York, it thereby requests such needed authority.

22. TRT projects the investment required for its New York TOF at $176,900 in year one, an additional $65,500 in year two and an additional $17,500 in year three. TRT projects its additional operating expenses at $76,147 in year one, $156,989 in year two and $176,357 in year three. TRT expects increased revenues of $76,756 in year one, $391,608 in year two and $758,478 in year three (for a net contribution to overall revenues, including consideration of the projected savings in Fort Lauderdale,[19] of $15,795 in year one, $149,261 in year two and $323,446 a year three). From this, TRT asserts that its proposal is economically viable.

23. In addition, TRT filed on November 7, 1974, an application File No. I–T–C–2498–1 for authorization pursuant to Section 214 of the Act to:

(1) Acquire by lease and operate one voice-grade circuit between the AT&T Technical Control Facility (TCF) in New York City and the United States/Canada border near Calais, Maine;

(2) Acquire by lease and operate one voice-grade circuit between the United States/Canada border and the CANTAT–II cable head at Beaver Harbor, Canada (the cost to be borne equally by TRT and its overseas correspondent, the British Post Office);

(3) Acquire by lease and operate one voice-grade circuit in the CANTAT–II cable between Beaver Harbor and the theoretical midpoint in the Atlantic to be extended to Hillingdon, United Kingdom by the British Post Office; and

(4) Utilize the facilities requested to provide leased voice channel services, including voice-equipped-for-data or alternate voice/data (AVD), or both between the United States and the United Kingdom and points beyond for use by the United States Department of Defense in connection with its Automatic Voice Network (AUTOVON).

[19] TRT also estimates a savings on operating expenses at Fort Lauderdale (from rerouting the subject circuits) at $26,975 in year one, $52,170 in year two and $51,050 in year three.

24. This application and the pleadings associated with it are described fully in *TRT Telecommunications Corp.*, FCC 75–472, adopted April 23, 1975, which description is incorporated herein by reference. In the *TRT* Order, we concluded that the requested authority constituted a request for Commission approval of New York City as a gateway, for leased-channel services, for TRT and that, as such, it came within the issues in Docket No. 19660. We declined to act on the application and associated pleadings to be retained for appropriate action in Docket No. 19660. As we view the application, it is a supplement to TRT's application File No. I–T–C–2605 since it seeks the same general operating authority in New York as does the latter application, although it seeks a different mode of operation and requests authorization for different facilities. This being the case, we find that the two referenced TRT applications are not inconsistent or contradictory, *see* Section 1.747 of our Rules, but complementary and that they both raise the same public interests question. Accordingly, we will consolidate the two applications for consideration herein.

### B. *Associated Pleadings*

25. WU, on October 21, 1971, filed a Petition to Return or Dismiss (ITT) Application (File No. T–C–2433). WU attacks ITT's application essentially on the grounds that it fails to comply with Section 63.01 of the Commission's Rules and Regulations, 47 C.F.R. § 63.01 (1973), in that it fails to supply information required by that section to be included in applications for authority under Section 214. ITT filed on November 1, 1971 an Opposition to (WU) Petition to Return or Dismiss (ITT) Application. ITT admits its application lacks some of the data mentioned in Section 63.01, it states it made a reasonable effort to comply therewith and that it supplied all information necessary to process the application. It further states that the urgent need for alternatives to the present mode of providing authorized overseas services should not be treated the same as a routine application for service to a new point and that Section 63.01 was not designed to elicit information pertinent to an application such as ITT's. On November 11, 1971, WU replied to ITT's opposition in which it asserted ITT had not answered its attacks on the sufficiency of the information in the application and reasserted that the significant issues raised cannot be answered without such information.

26. On February 2, 1972, the American Communications Association, Communications Trade Division IBT (a trade union representing the employees of RCA, WUI and French Cable) filed comments in support of the RCA application on the grounds that the RCA proposal would improve service. While not filing formal pleadings, WU, by a series of letters, indicated its belief that the RCA application, like that of ITT, constituted an attempt to restructure the record communications industry and thus raises significant public interest questions.

27. Oppositions to the original TRT application, File No. T–C–2498, were filed by ITT, RCA and WU. On September 29, 1972, ITT filed an opposition in which it urged no action on TRT's application until its own application has been acted upon. ITT states it does not necessarily oppose in principal the request of TRT, but because it is part of a plan to restructure the industry, action should be taken only after action on ITT's application. On October 2, 1972, RCA filed a Petition to Deny TRT's application in which it states that TRT has failed to show its proposal is either needed or economically viable. Further, RCA asserts no action should be taken until after its own application has been considered. WU, on October 3, 1972, also filed a Petition to Deny in which it states that TRT has not made the necessary showing under Section 222 that its proposal is necessary or desirable. Further, WU offers to enter into arrangements with TRT for interconnected service to common-rated [20]

## II. Discussion and Conclusions

31. In defining the term "domestic telegraph operations," Section 222(a)(5) of the Communications Act provides:

> That nothing in this section shall prevent international telegraph carriers from accepting and delivering international telegraph messages in the cities which constitute gateways approved by the Commission as points of entrance into or exit from the continental United States, under regulations prescribed by the Commission, and the incidental transmission or reception of the same over its own or leased lines or circuits within the continental United States.

Although the Act speaks only in terms of telegraph messages, the Commission has traditionally applied the gateway concept to other services of the IRCs as well. As previously stressed, the question before us is not approval of any new city as a gateway point. We have long since approved New York City, Miami and New Orleans as appropriate gateway points. We are solely concerned here with the question of whether additional IRCs should be authorized to operate in the approved gateways.

32. Upon consideration of the record we are of the opinion that the existing gateway authorizations, while appropriate when made, have become obsolete with the passage of time and changing circumstances and now require revision in the public interest. TRT and its predecessors originally operated only to Central and South America. For services to such points, its Miami and New Orleans gateways were sufficient, and TRT had not much need for a New York gateway. However, we have recently authorized TRT to serve Italy, the United Kingdom and the Federal Republic of Germany. Carriers serving these points traditionally operate from the New York City gateway, and we believe that TRT should now be granted the same authority. We further believe that ITT, RCA and WUI should have access to the Miami and New Orleans gateways for all of their authorized services since they serve points in the Caribbean and Central and South America.

[20] "Common rating" refers to the practice of ITT, RCA and WUI of quoting the same rate for service to certain points from their New York gateway as from Miami. TRT asserts that because it must quote a rate from Miami it cannot compete in New York since a New York customer must add to the TRT rate the charges for a tieline to Miami.

33. To the extent that TRT has customers in New York City and vicinity, it would be less costly to the customer and operationally more efficient for TRT to serve them via a New York gateway rather than the Miami gateway. By the same token, it would eliminate unnecessary back-hauling of communications and extra charges to the New Orleans and Miami area customers of ITT, RCA and WUI if their services to Latin America could be provided through the Miami and New Orleans gateways rather than via the New York gateway.[21] In short, we find that the public will benefit from opening existing gateways to all carriers through the elimination of charges to it for unnecessary backhauling. This will also give users more freedom to select the carrier of their choice without being influenced by the disadvantages imposed on some carriers by artificial gateway restrictions. Further, we believe that considerations of fair competition require that all carriers serving the same points be given equal treatment.

34. Contrary to the contention of some of the parties, we do not view this action as a departure from traditional gateway concepts. As indicated above, the initial gateway authorizations were dictated by economic and operational concerns, such as proximity to cable heads or radio transmitters and the fact that the authorized carriers had commercial operations in such cities which were convenient to the international points they served. Since those initial authorizations, technology has advanced and we now have earth stations for the international communications satellite system. Moreover, the IRCs have been authorized to serve new points, based on findings that the public interest would be served thereby. It is reasonable therefore to conclude that the carriers should also have access to the gateway traditionally used for service to such points. Just as the original gateway authorizations had their basis in concerns of economy, efficiency and competitive fairness, the revisions we now propose are premised on the same concerns in the light of today's conditions.

35. With respect to the economic impact, if any, on the carriers operating in existing gateways, we believe that such impact will not be of a degree sufficient to impair their ability to adequately serve the public. We note that in recent years we have found that additional competition provided by TRT in service to various European countries was reasonably feasible and offered a reasonable expectation of benefit to the public.[23] Similarly, our authorizations to RCA, ITT and WUI to use Miami as a gateway for leased channel services were based on findings that the additional competition was feasible and offered benefits to the public. In both of these instances, we believe that experience has shown that benefits to the public have accrued. We believe that the additional competition proposed herein will provide benefits to the public in the form of economy, efficiency and increased customer choice.

36. Concerning the alleged effect on Western Union, we point out that New York City is already a gateway for four IRCs, whose combined international services far outshadow the relatively small volume of TRT. The same is true also in the case of TRT's later-filed applications for authority to provide all its services in New York as well as the Washington and San Francisco gateways.[24] The effect on WU may be somewhat greater in the case of ITT, RCA and WUI in Miami and New Orleans. However, there is no basis in the record before us, or in other filings and reports WU makes to the Commission, for concluding that any economic effect on WU is likely to have an adverse effect on WU's charges for its basic domestic services. Insofar as hinterland traffic is concerned, the only difference is that WU will be receiving traffic from, turning traffic over to, more carriers at the same points. While ITT, RCA and WUI will have direct pickup and delivery of some traffic within the narrow confines of these two gateway cities that would otherwise be handled by WU, we cannot conceive that this would have any substantial effect on WU. We would be reluctant to prejudice the public interest in the provision of international services by maintaining inefficient competitive conditions among IRCs merely on the ground of minimal economic effect on WU, in the absence of a strong showing of substantial, adverse effect on the public.

37. One final matter warrants consideration. By order subsequent to the original notice in Docket No. 19660, 40 FCC 2d 1082, 1088–9 (1973), we added an issue to determine whether the carriers participating in the Central Bureau of Registered Addresses, by refusing the request of TRT to participate therein, have engaged in any practices which are: (a) anti-competitive in nature, or (b) contrary to the public interest standards of the Communications Act, and (c) if so, whether the public convenience and necessity would be served by granting the petition for TRT to participate in the Central Bureau of Registered Addresses. In view of our proposal herein to authorize TRT to use New York City as a gateway, we would expect that other carriers would now permit it to participate in the Central Bureau. However, we do not propose to make any findings on that issue at this time.

38. In light of the foregoing we conclude that the public interest will be served by adoption of a policy that all authorized international carriers be permitted to operate in all established gateways for all of their authorized services. We therefore propose to adopt a policy favoring granting of applications of IRCs insofar as they seek authority to use the established gateways of New York City, Washington, D.C., Miami, New Orleans and San Francisco.[25]

## III. Order

39. Accordingly, it is ordered, pursuant to section 403 of the Communications Act, that interested persons may submit comments on the foregoing Tentative Statement of Policy on or before September 5, 1975.

Adopted: July 24, 1975.

Released: August 6, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
VINCENT J. MULLINS,
*Secretary.*

[SEAL]

[FR Doc.75-20861 Filed 8-8-75;8:45 am]

[21] Now, for example, if TRT has a New York customer for leased channel service to Europe via satellite, the customer must bring the communication to Miami on facilities leased from a domestic carrier like AT&T and paid for by the customer. TRT then carries the communication over its lines back to the Etam, West Virginia or Andover, Maine earth station for transmission to Europe. With access to the New York gateway, TRT could carry the communication directly from New York to Etam or Andover, with elimination of the unnecessary backhauling and extra charges to consumers entailed thereby.

[23] Tropical Radio Telegraph Co., 35 FCC 2d 950 (1972), *reconsideration denied*, 40 FCC 2d 1168 (1973); TRT Telecommunications Corp., 46 FCC 2d 1042 (1974); TRT Telecommunications Corp., 49 FCC 2d 1406 (1974).

[24] As indicated, TRT does not use WU for the Latin American leased channel traffic of its present New York customers.

[25] The authorizations for the actual facilities will be treated on an individual basis as the applications become ripe for consideration.

[FCC 75–884; Docket No. 20555, File No. 7424–C5–P–71; Docket No. 20556, File No. 1065–C5–P–72; Docket No. 20557, File No. 1088–C5–P–72]

## PEABODY TELEPHONE ANSWERING SERVICE, ET AL.

**Construction Permits in the Multipoint Distribution Service for a New Station at Boston, Mass.**

By the Commission: Commissioner Lee dissenting.

1. The Commission has before it the above-referenced applications of Peabody Telephone Answering Service (Peabody), filed on June 16, 1971; Microband Corporation of America (Microband), filed on August 25, 1971; and DPRS, Inc., trading as Zipcall (Zipcall), filed on August 27, 1971. All three applications propose Channel 1 operation in the Multi-

point Distribution Service (MDS) [1] in the Boston area, and thus are mutually exclusive and require comparative consideration. All three applications have been amended as a result of informal requests of the Commission staff for additional information, and no petitions to deny or other objections to any of the applications have been received.

2. Both Peabody and Zipcall are existing radio common carriers providing mobile telephone service to the greater Boston area. In addition, Zipcall has recently been granted a construction permit to construct a Channel One MDS facility at Worcester, Massachusetts. Microband, a wholly-owned subsidiary of the Arthur Lipper Corporation, has operating MDS facilities in several cities at the present time and construction permits for several more locations not yet operational.

3. This group of mutually exclusive applications represents the first instance of the need for comparative evaluation in the MDS service, and we therefore believe that a general discussion of the comparative criteria is appropriate. The first factor deals with the relative merits of each proposal considering the efficiency of frequency usage. Under this issue, we would expect examination of the transmitter location, the nature of the antenna system, the transmitting and receiving equipment characteristics, and any other factors which may reasonably affect the service area and frequency usage by others in the same general area. Generally speaking, the applicant which offers the greatest effective service area [2] compatible with adjacent channel use in the same city and co-channel use in nearby cities (as reasonably possible) should be preferred. The investigation in this area should be complete enough so as to arrive at a reasonable comparative result but limited so as to preclude highly complex and lengthy technical analysis that would be of only marginal significance.

4. The Commission's Rules regarding this service have been designed to allow the maximum amount of flexibility possible to the operator of a facility in its use of the radio spectrum to satisfy the varied service requirements of its customers. This flexibility will enable the MDS operator to meet, along with those requirements which currently exist, new and different uses for the facilities which are likely to develop in the future. Thus, the types of services proposed initially by the applicants, as well as the ability of the facilities proposed to adapt to those new services which may arise, are of importance in the comparative evaluation of applications. For example, two of the Boston applicants propose the construction of rather complete programming facilities which will enable a customer to originate various types of programs, e.g. live events, tape, or film. The other Boston applicant does not propose the construction of its own studio facilities but will help arrange for the use by its customers of existing local facilities. The cost of such facilities as proposed by Microband and Peabody, which may result in higher cost of service to their customers, may well be justified by an existing or likely need for such equipment or to provide a variety of uses of the service which would not otherwise be possible. On the other hand, if the additional facilities proposed are not likely to meet any effective public need, and the cost of the resulting service to customers would in fact become more expensive because of the higher costs involved, such proposals would not seem to be advantageous. As a further example of the type of flexibility of service envisioned for MDS, the provision of, or adaptability to, remote pickup equipment can be considered. These examples should not be considered inclusive of the various types of flexibility of service potential which may be considered under Issue 2, but rather as indices of the types of differences between the proposals which should be evaluated. However, we believe that the investigation in this area should be limited to service requirements based on definite factual evidence (e.g. expressions of interest by potential customers or classes thereof) and service flexibility predicated upon practical economic and technical considerations.

5. Together with the nature and variety of services and facilities proposed, the quality and reliability of service which may be anticipated from the various applicants should also be analyzed. For example, the adequacy of the maintenance proposal of an applicant will be a factor in determining whether the services and facilities it proposes to operate will in fact be available on a regular basis with the minimum amount of disruption. Other factors may also have a bearing on the quality and reliability of service which may be anticipated; for example, significant differences in equipment or in the installation programs for receive facilities.

6. In evaluating the proposed charges, regulations and conditions of service, it is important to consider them in relation to the nature and quality of service. For instance, a lower level of charges or more favorable regulations or conditions of service standing alone does not necessarily merit comparative advantage or disadvantage. As indicated in paragraph 4 above, a lower rate level, for example, may be obtained by failure to provide equipment which would significantly enhance the service that could be rendered by the facility. On the other hand, establishing a facility incorporating equipment not proposed by other applicants, may result in the provision of service, although of higher quality, far in excess of the likely needs of any potential customers (i.e. unnecessarily "gold plated"). Therefore, lower charges would warrant a comparative advantage only in context with the quality and type of service to be rendered (i.e. represents a better bargain for the subscriber). Of course, the level of charges should be compared to capital costs and operating expenses so that it would appear that such charges would yield a reasonable return on investment. In addition to the charges to be made for service, any regulations or conditions of service contained in existing or proposed tariffs of the applicants may be comparatively evaluated to determine if any of these regulations or conditions appear to significantly limit the number, nature, or identity of potential customers or the flexibility of services available to these customers.

7. The MDS industry is in its developmental stage and although the Commission believes that it has a great potential to serve a large variety of service requirements, the success of any given MDS facility will be due to a large extent to the ability of the carrier to successfully promote the availability of these services and to provide innovative offerings as necessary to attract maximum and diverse use of the station. We believe the MDS operator will require a great amount of both managerial and promotional ability in order to succeed in what is still an infant communications business. Although we recognize that the evaluation of somewhat intangible qualities in an applicant may be difficult, we believe that it is a relevant and important consideration. In making such a determination, two of the factors which are likely to be of significance are: (a) the background of the active managers and the extent and nature of their managerial and promotional experience; and (b) the plans they have for developing and promoting the service.

8. Upon review of the captioned applications, we find that the three applicants are legally, technically, financially, and otherwise qualified to provide the services which they propose, and that a hearing will be required to determine, on a comparative basis, which of these applications should be granted.

9. Accordingly, it is hereby ordered, That pursuant to Section 309(e) of the Communications Act of 1934, as amended, the above-captioned applications of Peabody Telephone Answering Service, Microband Corporation of America, and DPRS, Inc., trading as Zipcall, are designated for hearing, in a consolidated proceeding, at the Commission's offices in Washington, D.C., on a date and before an Administrative Law Judge to be specified by later order, to determine, on a comparative basis, which of the above-captioned applications should be granted in order to best serve the public interest, convenience, and necessity. In making such a determination the following factors shall be considered:

(a) The relative merits of each proposal with respect to efficient frequency use;

(b) The nature of the services and facilities proposed, and whether they will satisfy those types of service requirements that are likely to exist or be developed in the Boston area;

(c) The anticipated quality and reliability of the service proposed, including installation and maintenance programs;

(d) The charges, regulations, and conditions of the service to be rendered, and the relation of charges to the costs of services; and

(e) The managerial, promotional, and entrepreneurial abilities and background of the applicants.

10. It is further ordered, That Peabody Telephone Answering Service, Microband Corporation of America, DPRS, Inc., trading as Zipcall, and the Chief, Common Carrier Bureau, are made parties to this proceeding.

11. It is further ordered, That parties desiring to participate herein shall file their notices of appearance in accordance with the provisions of Section 1.221 of the Commission's Rules.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
*Secretary.*

[FR Doc.75-20871 Filed 8-8-75;8:45 am]

[1] MDS is a newly created common carrier omnidirectional microwave radio service. See the Report and Order in Docket No. 19493, 45 FCC 2d 616 (1974).

[2] In context with MDS, the term "service area" is not considered synonymous with general population density. Rather, it should be considered that area representing the largest concentration of potential users.

## RADIO TECHNICAL COMMISSION FOR AERONAUTICS

### Meeting

Pursuant to Pub. L. 92-463, notice is hereby given of a meeting of the Radio Technical Commission for Aeronautics Special Committee 129, Future Civil Aviation Spectrum Requirements. It is to be held September 4-5, 1975, in Conference Room 8210, Federal Communications Commission, 2025 M Street, N.W., Washington, D.C., commencing at 9:30 a.m.

AGENDA

1. Approval of Minutes of Third Meeting, held July 31 and August 1, 1975.
2. WARC-79—Gordon L. Huffcutt, Advisor, Office of International Communications Policy, Department of State.
3. Chairman's Report:
a. Review of SC-129 Work Program.
b. Ad hoc group structure, Terms of Reference and procedures.
c. Outline of ad hoc group Work Program.
4. Reports of ad hoc Group Chairmen.
5. Ad hoc group working sessions.
6. Report of ad hoc group working sessions.
7. Other Business.
8. Date and Place of Next Meeting.

Meetings of Special Committee 129 are open to the public, subject to limitations of space available, and any member of the public may present oral statements at the meeting, subject to time available, or may submit written statements to the RTCA Secretariat. Persons planning to attend or who desire additional information concerning this meeting are requested to contact the RTCA Secretariat, Suite 655, 1717 H Street, N.W., Washington, D.C., 20006, or telephone Area Code (202) 296-0484.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
*Secretary.*

[FR Doc.75-20870 Filed 8-8-75;8:45 am]

[FCC 75R-292; Docket No. 20287, File No. BR-1525]

## WALTON BROADCASTING, INC. (KIKX)

### Renewal of License

This proceeding involves the application of Walton Broadcasting, Inc. (Walton), for renewal of its license to operate standard broadcast Station KIKX, Tuscon, Arizona. By Order and Notice of Apparent Liability, FCC 74-1368, 40 FR 833, published January 3, 1975, the Commission designated the captioned application for hearing on various issues. Now before the Review Board is a petition to enlarge issues, filed on May 9, 1975, by the Broadcast Bureau, requesting the addition or misrepresentation and Rule 73.125 issues against Walton.[1]

2. In support of the requested issues, the Bureau relies on a letter dated April 23, 1975, from Martin Ross, vice-president of Walton and general manager of Station KIKX to Walton's communications counsel. Therein, Ross states, in pertinent part:

They (Black Media Coalition) have also asked about our affirmative action program and having none, I will contact a local member, Roy Cooksey, to get his input on developing one.

According to petitioner, this admission by Ross that Station KIKX does not have an affirmative action program as required by Section 73.125 of the Commission's Rules, when contrasted with the equal employment opportunity (EEO) program exhibits submitted by Walton in response to Section VI of its 1971 and 1974 KIKX renewal applications, raises questions with regard to the truthfulness of Walton's representations of its intention to implement and effectuate those EEO programs. In addition, the Bureau contends, citing *Triple X Broadcasting Company, Inc.*, 51 FCC 2d 585, 32 RR 2d 1560 (1975); since Section 73.125 of the Commission's Rules requires an affirmative action program to overcome the effect of past discrimination, the above-noted admission also raises a question concerning Walton's compliance with that section of the rules. Therefore, the Bureau concludes, an inquiry into the employment practices of KIKX since July 6, 1971, the date it filed its 1971 renewal application, is also warranted.[2]

3. In opposition, Walton argues that the Bureau's petition is based on a mistaken premise, namely that, in referring to the absence of an affirmative action program, Ross meant that term to be synonymous with both the requirements embodied in Section 73.125 of the Commission's Rules and the representations made by Walton in Section VI of the 1971 and 1974 KIKX license renewal applications. Rather, Walton asserts that on April 23, 1975, KIKX did have an "equal employment policy—affirmative action program" as required by Rule 73.125 and Section VI, and the above-quoted statement in Ross' letter did not imply anything to the contrary since Ross used the term affirmative action program in a far broader sense than is used by the Commission.[3] In support of its position, Walton submits an affidavit wherein Ross avers that his letter of April 23, was written following a discussion with the Black Media Coalition regarding an affirmative action program, that based on that discussion he understood the term affirmative action to mean an actual written proposal which would specify timetables, specific dates and quotas with respect to the hiring and training of minorities,[4] that he advised the Black

[1] Also before the Board are the following related pleadings: (a) erratum, filed May 12, 1975, by the Bureau; (b) opposition, filed June 9, 1975, by Walton; (c) reply, filed June 19, 1975, by the Bureau; (d) petition for leave to file supplemental statement, filed June 26, 1975, by Walton; and (e) supplemental statement, filed June 26, 1975, by Walton. Walton's unopposed motion for leave to file a supplemental statement will be granted and the supplement will be accepted.

[2] The Bureau argues that good cause exists for the late-filing of the subject petition since the letter it relies upon was initially furnished to the Commission in Walton's opposition to informal objection, filed May 5, 1975. In addition, the Bureau notes that it acted within a reasonable time after receipt of this information. Moreover, the Bureau maintains that this newly discovered information raises serious public interest questions, which warrant consideration on the merits, citing *The Edgefield-Saluda Radio Company* (*WJES*), 5 FCC 2d 148, 8 RR 2d 611 (1966).

[3] Walton also notes that the specific terms "affirmative action program" and "affirmative action" are not mentioned in either Rule 73.125 or Section VI of FCC Form 303.

[4] In this regard Walton explains that the meaning of the term affirmative action is subject to different interpretations, both legally and as a matter of ordinary parlance. Thus, Walton submits an analysis of the variance between what the Commission means by the term and the broader meaning currently in use by the federal courts. Walton asserts that the "inevitable result" of the widespread publicity those federal cases have been given in the press is that Ross and the Black Media Coalition would use the term affirmative action in roughly the same manner in which it is being used by the federal courts.

Media Coalition that KIKX did not have an affirmative action program of that kind and that this was what he meant when he wrote his April 23 letter. In addition, Ross avers that he was informed by communications counsel that if KIKX was doing what was spelled out in its renewal application, it was satisfying the Commission's Section VI requirements. Viewed in this light, concludes Walton, the statement contained in the April 23 letter was accurate in the way Ross meant it and reflected absolutely no impropriety.

4. In reply, the Bureau argues that even accepting Walton's premise that there are distinctions between interpretations applied to the concept of affirmative action, it is nevertheless manifestly clear that Walton has failed to comply with the literal requirements of Section 73.125(b) (3) and (5) of the Commission's Rules.[4] In particular, the Bureau asserts that while the applicant may have an EEO program on paper, the licensee has failed to substantiate whether it, in fact, has an operational plan and methodology for implementing that EEO program. In support, the Bureau provides a breakdown of KIKX's employees during 1972, 1973 and through approximately June 1, 1974, as disclosed in KIKX's renewal application and a November 8, 1974 amendment thereof. In view of that analysis, petitioner concludes that the small number of minority employees hired over a period of almost three years, as well as the apparent inability to retain minority employees, reflects fundamental inadequacies in the licensee's EEO program or a lack of guidelines with respect to its proper implementation.

5. In its supplemental statement Walton requests that no consideration be given to the Bureau's reply since it, in effect, abandons reliance on the April 23 letter and, for the first time, relies upon allegations as to the effectiveness of the licensee's EEO program based solely upon the number of minority employees KIKX has hired. Moreover, even considering the substance of the Bureau's reply, Walton contends that it lacks merit since the Bureau is claiming the existence of a misrepresentation based upon a failure to perform, which, Walton asserts, has never been held by the Commission to be evidence of an original lack of intent to perform. In any event, argues Walton, the questions of implementation and whether the licensee's performance falls within the zone of reasonableness were previously considered by the Commission before it designated the KIKX renewal application for hearing. Specifically, Walton notes that in response to a Bureau inquiry requesting information concerning the implementation of its EEO program, the licensee amended its application on November 8, 1974. Nevertheless, continues Walton, the Commission obviously felt that no substantial question about the licensee's EEO performance was raised by the November amendment since it failed to designate an EEO performance issue. Accordingly, Walton concludes that the Bureau's request is an untimely request for reconsideration of matters previously ruled on by the Commission.

6. The Review Board will add the requested issues.[5] The Board agrees with Walton's assertion that the Bureau's reply pleading contains new allegations of fact which are not responsive to matters raised in the opposition, and we therefore will disregard those allegations.[6] However, the Board is also of the view that the allegation contained in the Bureau's petition, i.e. Ross' statement that Station KIKX has no affirmative action plan, raises substantial questions as to the accuracy of the representations contained in Section VI of KIKX's 1971 and 1974 renewal applications and its compliance with the requirements of Section 73.125 of the Commission's Rules. These questions cannot, in our opinion, be resolved solely on the basis of Ross' self-serving explanation that he understood the term affirmative action plan to mean something other than the requirements contained in the Commission's Rules. Rather, we believe that, absent some substantiation of Walton's representation that it does have such a program, an evidentiary inquiry into the truthfulness of the representation and Walton's compliance with Commission requirements in this regard is warranted. The Bureau's petition will therefore be granted.

7. Accordingly, it is ordered, That the petition for leave to file supplemental statement, filed June 26, 1975, by Walton Broadcasting, Inc. (KIKX), IS GRANTED and the supplemental statement is accepted, and

8. It is further ordered, That the petition to enlarge issues, filed on May 9, 1975, by the Broadcast Bureau is granted, and that the issues in this proceeding are enlarged by the addition of the following issues:

(a) To determine whether Walton Broadcasting, Inc. made misrepresentations to the Commission in connection with the submission of an equal employment opportunity program;

(b) To determine whether Walton Broadcasting, Inc. has violated Section 73.125 of the Commission's Rules;

(c) To determine, in light of the evidence adduced pursuant to issues (a) and (b), above, the effect upon the qualifications of Walton Broadcasting, Inc. to remain a licensee of the Commission.

9. It is further ordered, That the burden of proceeding with the introduction of evidence under Issues (a) and (b), above, shall be on the Broadcast Bureau, and that the burden of proof under all of the issues added herein shall be on Walton Broadcasting, Inc.

Adopted: July 31, 1975.

Released: August 6, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
*Secretary.*

[FR Doc.75-20874 Filed 8-8-75;8:45 am]

[4] Section 73.125(b) (3) and (5) state that under the terms of its EEO program, a station shall:

(3) Communicate the station's equal employment opportunity policy and program and its employment needs to sources of qualified applicants without regard to race, color, religion, national origin or sex, and solicit their recruitment assistance on a continuing basis; and

(5) Conduct continuing review of job structure and employment practices and adopt positive recruitment, training, job design, and other measures needed in order to insure genuine equality of opportunity to participate fully in all organizational units, occupations, and levels of responsibility in the station.

[5] The Board notes that petitioner has shown good cause for its delay in filing its initial petition, see note 2, *supra*, as required by Section 1.229(b) of the Commission's Rules.

[6] See Sections 1.45 and 1.294 of the Rules. Also see *Industrial Business Corporation*, 40 FCC 2d 69, 26 RR 2d 1447 (1973).

## FEDERAL ENERGY ADMINISTRATION

### STATE SET-ASIDE PROGRAM

#### Postponement of Hearing

On July 16, 1975, the Federal Energy Administration issued a notice of proposed rulemaking and public hearing on proposals to modify or terminate the State set-aside program (40 FR 30500, July 21, 1975). The public hearing was scheduled to be held on August 12, 1975, in Washington, D.C.

Notice is hereby given that the hearing is postponed until further notice. FEA has received a number of requests for regional hearings, and is considering whether the scheduled hearing should be restructured on a regional basis.

Upon resolution of this matter, FEA will attempt to contact all the persons who requested an opportunity to make an oral presentation on August 12, and provide them an opportunity to present their views at a hearing in Washington or elsewhere. In addition, FEA will provide general notice of dates and locations of the hearings and of the procedures to be followed to request an opportunity to make an oral presentation. FEA will also provide notice of any additional opportunity to submit written data, views, and arguments with respect to these proposals.

Issued in Washington, D.C., August 7, 1975.

ROBERT E. MONTGOMERY, Jr.,
*General Counsel.*

[FR Doc.75-21060 Filed 8-7-75;3:49 am]

## FEDERAL POWER COMMISSION

[Docket No. CP76-29]

### ARKANSAS LOUISIANA GAS CO.

#### Application

AUGUST 4, 1975.

Take notice that on July 25, 1975, Arkansas Louisiana Gas Company (Applicant), P.O. Box 1734, Shreveport, Louisiana 71151, filed in Docket No. CP76-29 an application pursuant to Sections 7(b) and 7(c) of the Natural Gas Act and Section 157.7(g) of the Regulations thereunder (18 CFR 157.7(g)) for a certificate of public convenience and necessity authorizing the construction and for permission and approval to abandon, for a twelve-month period commencing September 24, 1975, and operation of field gas compression and related metering and appurtenant facilities, all as more fully set forth in the application on file with the Commission and open to public inspection.

The stated purpose of this budget-type application is to augment Applicant's ability to act with reasonable dispatch in the construction and abandonment of facilities which will not result in changing Applicant's system salable capacity or service from that authorized prior to the filing of the instant application.

Applicant states that the total cost of the proposed construction and abandonment would not exceed $3,000,000, nor would the cost of any single project exceed $500,000. Applicant states that the proposed facilities would be financed from cash on hand, from cash generated from internal sources, or from short-term bank loans and other short-term borrowings utilized in the normal operation of Applicant's business.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 27, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate and permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20833 Filed 8-8-75;8:45 am]

[Docket No. CP76-32]

### CITIES SERVICE GAS CO.

#### Application

AUGUST 4, 1975.

Take notice that on July 28, 1975, Cities Service Gas Company (Applicant), P.O. Box 25128, Oklahoma City, Oklahoma 73125, filed in Docket No. CP76-32 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of one tap and measuring, regulating, and appurtenant facilities for a direct sale of natural gas for domestic and irrigation use in Haskell County, Kansas, all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant states that pursuant to a voluntary grant of right-of-way easement obtained from Forrest Cox as administrator of the Edith Cox estate (Cox), it agreed to make a single tap on its existing Kansas Hugoton Field 20-inch gathering pipeline in Haskell County and to sell and deliver gas therefrom to Cox for domestic and irrigation uses. Applicant estimates the annual additional sales made by means of the proposed tap would be approximately 2,070 Mcf of gas. Applicant estimates that the cost of the proposed tap would be approximately $1,010, to be financed from treasury cash.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 29, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20834 Filed 8-8-75;8:45 am]

[Docket No. CP73-302]

### COLUMBIA GAS TRANSMISSION CORP.

#### Order Granting Interventions, Setting Hearing Date, and Prescribing Procedure

AUGUST 4, 1975.

On May 14, 1973, Columbia Gas Transmission Corporation (Columbia) filed in Docket No. CP73-302 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of natural gas storage facilities.

Columbia proposes to activate a depleted Clinton gas production field for underground storage operations in Fairfield and Hocking Counties, Ohio, to be known as Crawford Storage Field. Columbia requests authorization to develop 230 storage wells in the field, to construct and operate 137 miles of 4-inch through 30-inch well and field lines, a gas measurement facility at its nearby Crawford Compressor Station, and to install miscellaneous headers and yard piping at Crawford Compressor Station to permit utilization of existing compressor horsepower. Columbia also intends to make a lease acquisition of approximately 70,000 acres, 36,800 acres of which are within the storage reservoir boundary. The estimated total capacity of the field is 115,000,000 Mcf at an average shut-in pressure of 800 psig, with an estimated peak day delivery of 690,000 Mcf.

Columbia states that the proposed storage capacity will assist it in maintaining its authorized levels of service to its existing customers and that it does not propose any additional sales above the level of its existing authorizations. It alleges that the new storage field will assist it in offsetting curtailments by three of its five non-affiliated pipeline suppliers and will permit it to warehouse excess summer gas supplies for delivery in the high demand winter heating season.

The estimated cost of the facilities is $32,972,200 to be financed by the sale of notes and/or common stock to the Columbia Gas System, Columbia's parent company.

These proceedings have been held in abeyance pending the preparation, publication and circulation of a "Final Envi-

ronmental Impact Statement". Such a statement became available on May 9, 1975. Consequently, we deem it now timely and appropriate to establish a hearing date and procedures for this proposal. There, Columbia and any other parties may present evidence with regards to the financial, technical and/or environmental feasibility and desirability of the instant proposal.

Petitions to intervene in this proceeding were filed by Dayton Power and Light Company on June 11, 1973; New York State Electric & Gas Corporation on June 18, 1973; Washington Gas Light Company on June 20, 1973; and the Department of Natural Resources, State of Ohio (DNRO), on July 9, 1974.

On October 24, 1974, Commission Staff sent a letter to Columbia requesting supplemental information. This data was received on December 27, 1973. On March 18, 1974 Columbia filed additional information to its above application. On April 30, 1974, Columbia filed an application for a temporary certificate in this proceeding. Such application was denied on June 10, 1974. As part of its July 8, 1974 petition to intervene, DNRO sought an extension of thirty days in which to file objections to the Draft Environmental Impact Statement (DEIS) and submitted comments supporting its motion to intervene. On July 15, 1974 comments on the DEIS were filed by the Department of Health, Education and Welfare. The time for comments on the DEIS was extended to September 15, 1974 by notice dated July 18, 1974. Comments were received from: DNRO on July 22, 1974; Department of Transportation, United States Coast Guard on July 24, 1974; Forest Service and Soil Conservation Service of the Department of Agriculture on August 8, 1974; Columbia on August 9, 1974; and Department of the Interior on August 9, 1974. On August 16, 1974, DNRO filed a supplement to its July 8, 1974 request which was corrected and resubmitted on August 19, 1974. On August 20, 1974 a comment of the Ohio Environmental Protection Agency (OEPA) on the DEIS was filed. A comment on the Final Environmental Impact Statement was filed by: OEPA on June 9, 1975; Columbia on June 30, 1975; and OEPA on July 3, 1975.

*The Commission finds.* (1) The intervention of the above parties in this proceeding may be in the public interest.

(2) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the issues in this proceeding be scheduled for hearing in accordance with the procedures set forth below.

*The Commission orders.* (A) The above parties are hereby permitted to intervene in this proceeding, subject to the Rules and Regulations of the Commission; *Provided, however,* That the participation of such interveners shall be limited to matters affecting asserted rights and interests as specifically set forth in said petition, for leave to intervene; and *Provided, further,* That the admission of said interveners shall not be construed as recognition by the Commission that they might be aggrieved by any order or orders of the Commission entered in this proceeding.

(B) Pursuant to the Authority of the Natural Gas Act, particularly Sections 7 and 15 thereof, the Commission's Rules of Practice and Procedure, and the Regulations under the Natural Gas Act, a public hearing shall be held on September 16, 1975, at 10 a.m. (e.d.t.) in a hearing room of the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426.

(C) On or before August 15, 1975, Columbia and any supporting parties shall file with the Commission and serve upon all parties, including Commission Staff, their testimony and exhibits in support of their positions. This evidence will include, but not be limited to: the source of the gas to be injected into the storage field; the customers to be curtailed to make injection volumes available; and the customers who will obtain the volumes withdrawn during the winter.

(D) An Administrative Law Judge to be designated by the Chief Administrative Law Judge—See Delegation of Authority, 18 CFR 3.5(d)—shall preside at, and control this proceeding in accordance with the policies expressed in the Commission's Rules of Practice and Procedure and the purposes expressed in this order.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-20819 Filed 8-8-75;8:45 am]

[Docket No. RP73-85, Docket No. RP73-86]

## COLUMBIA GULF TRANSMISSION CO. AND COLUMBIA GAS TRANSMISSION CO.

### Order Accepting Withdrawal From Settlement, Reopening Proceeding, and Remanding for Further Hearing

AUGUST 1, 1975.

By Opinion No. 734, issued June 12, 1975, we granted rehearing of a prior order in these proceedings [1] and accepted a proposed Stipulation and Agreement, with certain conditions, in resolution of the difficult issues presented in these proceedings. On July 10, 1975, Columbia Gulf Transmission Company (Columbia Gulf) and Columbia Gas Transmission Company (Columbia Gas) (collectively Columbia) advised the Commission that, pursuant to Article XVII of the Agreement, it was withdrawing from the Settlement instead of seeking reconsideration of our Opinion. Columbia states that it will promptly explore the possibility for the development of a revised Settlement.

We do not intend to foreclose any discussions among the parties and the Commission Staff to explore the possibility of a revised settlement agreement. However, we cannot rely on this possibility and at the same time perform our statutory duty under Section 4(e) of the Natural Gas Act to give preference to the hearing and decision of questions of proposed rate increases over other matters before the Commission. Accordingly, we shall order procedural dates to provide that the parties may file additional evidentiary support for their positions regarding the just and reasonable rates to be collected by Columbia during this locked in period. Since we herein accept Columbia's withdrawal from the agreement, the settlement becomes privileged under Section 1.18(e) of the Commission's Regulations.[2] Although we have passed on the merits of the originally proposed settlement and accepted it with certain conditions, we expect that different positions would be presented in the context of a contested hearing or a subsequent settlement proposal. We shall pass on the merits of the justness and reasonableness of Columbia's rates when we are presented with a complete record or subsequent settlement agreement exploring all issues raised, whether or not addressed by the Stipulation and Agreement which was the subject of Opinion No. 734.

We note that Columbia's stated reason for withdrawing from the agreement was that its actual sales were some 70 Bcf below the sales volumes adopted by Opinion No. 734. Columbia stated that therefore it would fall short of realizing the rate of return found just and reasonable by our Opinion No. 734. We believe that the parties should address their attention to this matter, as well as all other issues which may bear upon the determination of the just and reasonable rate level for Columbia. For example, for the purposes of the settlement cost of service, Federal Income Taxes were computed at the statutory rate rather than the actual effective rate available to Columbia, on a consolidated basis. We believe it appropriate that the parties address this and all other items related to the justness and reasonableness of the proposed rates in the remanded proceedings.

For the foregoing reasons, we shall accept Columbia's withdrawal from the settlement agreement in these proceedings, reopen the record herein, and remand the case for an evidentiary hearing as to all matters relating to just and reasonable rates for Columbia, as hereinafter ordered.

*The Commission finds.* It is necessary and appropriate and in the public interest to aid in the enforcement of the Natural Gas Act that the proceedings in the instant dockets be reopened and remanded as hereinafter ordered.

*The Commission orders.* (A) Columbia's withdrawal from the proposed Stipulation and Agreement filed herein, except as to the issue resolved by Article III and approved by the Commission, is hereby accepted.

[1] Order Approving Stipulated Issue And Rejecting Proposed Stipulation And Agreement And Remanding For Further Hearing And Setting Procedural Dates, issued January 20, 1975.

(B) The proceedings are hereby reopened and remanded for an evidentiary hearing in accordance with the procedural schedule hereinafter ordered.

(C) A public hearing as to the lawfulness of the increased rates charged by Columbia and in effect, subject to refund, shall be held on December 16, 1975, at 10 a.m., in a hearing room of the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426.

(D) On or before September 2, 1975, Columbia shall file supplemental testimony and exhibits in these proceedings. Staff testimony and exhibits shall be filed on or before November 4, 1975. Any intervenor testimony and exhibits shall be filed on or before November 18, 1975. Company rebuttal shall be filed on or before December 2, 1975.

(E) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-20820 Filed 8-8-75;8:45 am]

[Docket Nos. RP75-105, RP75-106]

## COLUMBIA GULF TRANSMISSION CO. AND COLUMBIA GAS TRANSMISSION CO.

### Order Granting Late Petition To Intervene

AUGUST 1, 1975.

On July 7, 1975 the City of Columbus, Ohio filed a petition to intervene out of time in these consolidated dockets. A joint petition to intervene out of time was also filed by the Cincinnati Gas & Electric Company (Cincinnati Gas) and the Union Light, Heat and Power Company (Union) on July 7, 1975. Notice of the filings of Columbia Gulf Transmission Company and Columbia Gas Transmission Company were issued June 4, 1975, with protests and petitions to intervene due on or before June 20, 1975. Several timely and untimely petitions to intervene were received and subsequently granted by order dated July 14, 1975. Cincinnati Gas and Union state that allowance of their joint petition will cause no delay in the procedural schedule heretofore established in this proceeding.

*The Commission finds.* It is desirable and in the public interest to allow the above-named petitioners to intervene.

*The Commission orders.* (A) The above-named petitioners are hereby permitted to intervene in these proceedings subject to the rules and regulations of the Commission; *Provided, however,* That participation of such intervenors shall be limited to matters affecting asserted rights and interests as specifically set forth in the petitions to intervene; and *Provided, further,* That the admission of such intervenors shall not be construed as recognition by the Commission that they might be aggrieved because of any order or orders of the Commission entered in this proceeding.

(B) The interventions granted herein shall not be the basis for delaying or deferring any procedural schedules heretofore established for the orderly and expeditious disposition of this proceeding.

(C) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-20821 Filed 8-8-75;8:45 am]

[Docket No. ER76-37]

## CONNECTICUT LIGHT AND POWER CO.

### Termination

AUGUST 1, 1975.

Take notice that The Connecticut Light and Power Company (CL&P) tendered for filing on July 28, 1975, a Notice of Termination of FPC Rate Schedule No. CL&P 101 and HELCO 82, together with Supplements 1 thereto, effective September 1, 1974, and November 20, 1974, respectively, and terminated in accordance with its terms, effective April 30, 1975. CL&P states that notice of the proposed termination has been served upon the Montaup Electric Company and The Hartford Electric Light Company.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 18, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-20832 Filed 8-8-75;8:45 am]

---

[Docket No. RP71-77; Remand]

## CONSOLIDATED GAS SUPPLY CORP.

### Further Extension of Procedural Dates

AUGUST 4, 1975.

On July 30, 1975, Staff Counsel filed a motion to extend the procedural dates fixed by Opinion No. 703-A issued March 28, 1975, as most recently modified by notice issued July 10, 1975, in the above-designated matter. The motion states that the parties have been notified and have no objection.

Upon consideration, notice is hereby given that the procedural dates in the above matter are modified as follows:

Service of Staff Testimony, August 22, 1975.
Service of Intervenor Testimony, September 4, 1975.
Service of Company Rebuttal, September 17, 1975.
Hearing, September 23, 1975 (10 a.m. e.d.t.).

[Docket No. CI76-41]

## CONTINENTAL OIL CO.

### Application

AUGUST 1, 1975.

Take notice that on July 23, 1975, Continental Oil Company (Applicant), P.O. Box 2197, Houston, Texas 77001, filed in Docket No. CI76-41 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Tennessee Gas Pipeline Company, a Division of Tenneco Inc. (Tennessee), from Block 177, West Cameron area, offshore Louisiana all as more fully set forth in the application on file with the commission and open to public inspection.

Applicant proposes to sell to Tennessee 75 percent of the gas production from the subject producing properties and states that it has a three-year option to reserve the remainder for its own use. Estimated monthly sales are 30,000 Mcf of gas. The initial contract rate for the subject sales is 52.02 cents per Mcf at 15.025 psia, including all adjustments and tax reimbursements, but subject to an upward and downward Btu adjustment from a base of 1,000 per cubic foot of gas. Applicant states that any retained reserves would be transported onshore by Tennessee.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 27, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own re-

AUG 11 75

view of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
*Secretary.*

[Docket No. ID-1763]

## DONALD W. McCARTHY

### Initial Application

AUGUST 1, 1975.

Take notice that on June 20, 1975, Donald W. McCarthy, (Applicant) filed an initial application with the Federal Power Commission. Pursuant to Section 305(b) of the Federal Power Act, Applicant seeks authority to hold the following positions:

Executive Vice President, Northern States Power Company (Minnesota), Public Utility.
Director, Northern States Power Company (Minnesota), Public Utility.
Director, Northern States Power Company (Wisconsin), Public Utility.

Northern States Power Company, Minnesota, has its principal office at 414 Nicollet Mall, Minneapolis, Minnesota. It owns and operates utility properties and furnishes electric service at retail in 418 communities and adjacent rural territories and electric energy at wholesale for resale in 28 additional communities and to 12 other utility companies, including its only utility subsidiary, Northern States Power Company (Wisconsin). Of the 446 communities so served, 390 (including Minneapolis and St. Paul) are located in Minnesota, 18 in North Dakota, and 38 in South Dakota. The Company also furnishes natural gas at retail in St. Paul and 61 other communities in Minnesota and in five communities in North Dakota; steam heating service in the central business districts of St. Paul, Minnesota; and telephone service in Minot, North Dakota, and vicinity.

Northern States Power Company (Wisconsin) has its principal office at 100 North Barstow Street, Eau Claire, Wisconsin. It owns and operates utility properties in west central Wisconsin. It furnishes electric service at retail in 171 communities and adjacent territories and electric energy at wholesale for resale to 11 additional communities. It also furnishes natural gas at retail in 11 communities.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 18, 1975, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc 75-20823 Filed 8-8-75;8:45 am]

[Docket No. CP75-48]

## EL PASO NATURAL GAS CO.

### Petition To Amend

AUGUST 1, 1975.

Take notice that on July 24, 1975, El Paso Natural Gas Company (Petitioner), P.O. Box 1492, El Paso, Texas 79978, filed in Docket No. CP75-48 a petition to amend the order of the Commission of November 18, 1974, issued in said docket, to authorize the operation of an additional exchange point for the exchange of natural gas with Northwest Pipeline Corporation (Northwest) under the San Juan Gathering Agreement dated January 31, 1974, as amended, all as more fully set forth in the petition to amend on file with the Commission and open to public inspection.

The petition states that, by Commission order issued September 21, 1973, in Docket No. CP74-14, Petitioner was authorized to abandon its Northwest Division System facilities to Northwest for the purpose of implementing divestiture under and consistent with the United States District Court's decree entered on June 16, 1972, as amended. It is stated that as part of the implementation of such divestiture, Petitioner and Northwest entered into the San Juan Gathering Agreement to provide for the mutual gathering and exchange of gas in the San Juan Basin area after divestiture. Petitioner states that by order issued January 22, 1974, in Docket Nos. CP73-331, et al., the Commission approved such gathering arrangement and authorized Petitioner and Northwest to operate two existing points of interconnection between their gathering facilities in order to make necessary exchange deliveries of gas. It is further stated that by order issued November 18, 1974, the Commission authorized the establishment of a third point of interconnection for the delivery of balancing gas.

Petitioner alleges that Northwest has advised Petitioner by letter dated April 9, 1975, that under present operations, it may not have the minimum volumes of gas necessary to operate efficiently its Ignacio Gasoline Plant, absent a fourth exchange point at the outlet of said plant. As a result, Petitioner and Northwest have agreed to the utilization of this fourth point of interconnection in order to provide Northwest with greater flexibility and reliability in making balancing exchange deliveries to Petitioner. This proposed exchange point would be operated by Northwest to effectuate the authorized exchange of gas between the parties in accordance with the San Juan Gathering Agreement.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before August 25, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20824 Filed 8-8-75;8:45 am]

[Docket Nos. RP67-9, AR64-1, etc. and AR61-1, etc.]

## EL PASO NATURAL GAS CO.

### Report of Refunds Due

AUGUST 1, 1975.

Take notice that on July 14, 1975, El Paso Natural Gas Company (El Paso) tendered for filing and acceptance its report of intended disposition of refunds received in compliance with ordering paragraph (C) of the Commission's Order Directing Disbursement and Flow-Through of Refunds issued March 17, 1975, at Docket Nos. AR64-1, et al., and ordering paragraph (P)(1) of the Commission's order Applying Opinion Nos. 468 and 468-A Rates to Show Cause Proceedings issued November 26, 1968, at Docket Nos. AR61-1, et al.

El Paso states the instant report pertains to producer-supplier refunds received and retained by El Paso, aggregating $1,124,827.92, applicable to gas purchased by El Paso for resale in its interstate transmission system. Such aggregate refund amount results from refunds received by El Paso from certain producer-suppliers in the amount of $1,118,857.81 submitted to El Paso in compliance with the aforementioned order of March 17, 1975, at Docket Nos. AR64-1, et al., and other producer-supplier refund amounts received by El Paso pursuant to Commission order issued November 26, 1968, at Docket Nos. AR61-1, et al., in the amount of $5,970.11. El Paso states that the intended disposition of such amount is consistent with El Paso's obligation to flow through refunds received from its producer-suppliers to its jurisdictional customers, under the Stipulation and Agreement dated as of January 1, 1967, approved by Commission order issued April 3, 1967, at Docket No. RP67-9. Additionally, included in said report is the intended disposition of refunds to certain of El Paso's non-jurisdictional direct industrial customers whose sales agreements are keyed to the refund obligations to El Paso's jurisdictional customers subject to said Stipulation and Agreement.

El Paso states that it intends to flow through the jurisdictional amount of $988,868.82 of such refunds to individual jurisdictional customers in accordance with Article IV of the said Stipulation and Agreement dated as of January 1, 1967. Likewise, El Paso intends to flow through the non-jurisdictional keyed amount, aggregating $93,766.96, to its non-jurisdictional keyed customers, who, by contractual agreements are treated in like manner as those foregoing jurisdictional customers under the said Stipulation and Agreement. El Paso will retain the remaining non-jurisdictional amount of $42,192.14 not subject to flow through to its customers. Additionally, El Paso will flow through interest accrued through July 30, 1975, in the amount of $149.24 on the jurisdictional and non-jurisdictional keyed amount of $6,619.43 of refunds received and retained pending flow through in accordance with the aforementioned Order Applying Opinion Nos. 468 and 468-A Rates To Show Cause Proceedings and Order Directing Disbursement and Flow-Through of Refunds.

El Paso states that it proposes to flow through the subject refund amounts to those customers entitled thereto on July 31, 1975, or immediately thereafter as the Commission may designate, upon approval of the instant report.

El Paso states copies of the filing were served on all of El Paso's interstate transmission system jurisdictional and non-jurisdictional direct keyed customers and interested state regulatory commissions.

Any person desiring to be heard or to make any protest with reference to this filing should, on or before August 18, 1975, file with the Federal Power Commission, Washington, D.C., 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations Under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20825 Filed 8-8-75;8:45 am]

[Docket Nos. RP74-19, etc.]

## FLORIDA GAS TRANSMISSION CO.

### Order Accepting Withdrawal From Settlement, Reopening Proceedings, and Remanding for Further Hearing

AUGUST 1, 1975.

By Opinion No. 732, issued May 20, 1975, we conditionally approved a proposed settlement agreement of the rate proceedings in the above-capitioned dockets. The various rates in these dockets were in effect during the period from February 16, 1969 through December 31, 1974. The condition we imposed was to reduce the rate of return for the rates in effect from March 15, 1974 through December 31, 1974, in Docket No. RP74-19, from the proposed level of 9.5% to 9.04%.

By letter filed June 19, 1975, Florida Gas Transmission Company (Florida Gas Transmission) filed a proposed revised settlement agreement which accepts our rate of return condition but proposes to adjust the sales volumes upon which the rates in Docket No. RP74-19 are predicated. Florida Gas Transmission suggests that settlement discussions be resumed in order that the parties may reach a revised settlement to be submitted to the Commission. Because of Florida Gas Transmission's proposed revision to the sales volumes, we shall treat its filing of June 19, 1975 as a withdrawal from the settlement agreement certified to the Commission on November 8, 1974. We herein accept such withdrawal. The proposed settlement, therefore, becomes privileged under Section 1.18(e) of our Regulations.

We recognize Florida Gas Transmission's proposal that additional settlement discussions be held and we do not intend to foreclose the freedom of the parties to these proceedings in this regard. We are, however, constrained to reopen and remand these proceedings for further evidentiary hearings, consistent with our statutory duty under Section 4(e) of the Natural Gas Act that preference over other matters be given to hearings concerning the justness and reasonableness of proposed increased rates. To that end, we shall establish additional procedural dates so that the parties may make an evidentiary showing in support of whatever position they may have in the context of a contested hearing. Although we decided on the merits that the November 8 settlement agreement was just and reasonable as conditioned, we will be required to examine all issues raised as to the lawfulness of the proposed rates in a subsequent settlement agreement or on a full record after hearing and initial decision.

Florida Gas Transmission states that its actual resale sales during 1974 were 12.85 percent below those contained in the settlement agreement, and therefore it cannot earn the return provided by Opinion No. 732. We direct the parties and the Commission Staff to address this and all other matters relating to the justness and reasonableness of Florida Gas Transmission's rates. For example, for the purposes of the settlement cost of service, Federal Income taxes were computed at the statutory tax rate, a rate different than the rate which may be available to Florida Gas Transmission on a consolidated basis.

For the foregoing reasons, we shall accept Florida Gas Transmission's withdrawal from the settlement agreement in these proceedings, reopen the record herein, and remand the case for an evidentiary hearing as to all matters relating to just and reasonable rates for Florida Gas Transmission, as hereinafter ordered.

*The Commission finds.* It is necessary and appropriate and in the public interest to aid in the enforcement of the Natural Gas Act that the proceedings in the instant dockets be reopened and remanded as hereinafter ordered.

*The Commission orders.* (A) Florida Gas Transmission's withdrawal from the proposed Stipulation and Agreement filed herein is hereby accepted.

(B) The proceedings are hereby reopened and remanded for an evidentiary hearing in accordance with the procedural schedule hereinafter ordered.

(C) A public hearing as to the lawfulness of the increased rates charged by Florida Gas Transmission and in effect, subject to refund, shall be held on December 16, 1975, at 10 a.m., in a hearing room of the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426.

(D) On or before September 2, 1975, Florida Gas Transmission shall file supplemental testimony and exhibits in these proceedings. Staff testimony and exhibits shall be filed on or before November 4, 1975. Any intervenor testimony and exhibits shall be filed on or before November 18, 1975. Company rebuttal shall be filed on or before December 2, 1975.

(E) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20836 Filed 8-8-75;8:45 am]

[Docket No. G-6272]

## GETTY OIL CO.

### Application

AUGUST 1, 1975.

Take notice that on July 21, 1975, Getty Oil Company (Applicant), P.O. Box 1404, Houston, Texas 77001, filed in Docket No. G-6272 an application pursuant to Section 7(b) of the Natural Gas

Act for permission and approval to abandon the sale for resale of natural gas to El Paso Natural Gas Company (El Paso) from the Blinebry, et al., Fields, Lea County, New Mexico, all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant states that it proposes to abandon the sale of natural gas to El Paso from the Blinebry, et al., Fields because effective July 1, 1975, the New Mexico Oil Conservation Commission reclassified certain wells in said field from gas wells to oil wells, and that El Paso is no longer contractually entitled to the gas produced.

Applicant states that the gas from the subject wells is dedicated to Skelly Oil Company (Skelly) under a percentage-type contract for oil well gas and that Skelly would sell the residue gas remaining to El Paso and Northern Natural Gas Company.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 28, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20826 Filed 8-8-75;8:45 am]

[Docket No. RP75-94]

## GREAT LAKES GAS TRANSMISSION CO.

### Order Granting Late Intervention

AUGUST 1, 1975.

On April 30, 1975, Great Lakes Gas Transmission Company (Great Lakes) tendered for filing proposed changes in its FPC Gas Tariff, First Revised Volume No. 1 and Original Volume No. 2 which would result in increased jurisdictional revenues of $12,000,000 based on sales and transportation volumes for the test year ended December 31, 1974, as adjusted.

Great Lakes' filing was noticed on May 8, 1975, with all comments, protests or petitions to intervene due on or before May 23, 1975. By order issued June 13, 1975, the Commission accepted for filing and suspended Great Lakes' proposed rate increase.

On June 26, 1975, an untimely petition to intervene was filed on behalf of Michigan Wisconsin Pipe Line Company. Michigan Wisconsin Pipe Line Company states that the application was filed late due to an inadvertent oversight and that the granting of its application will not result in a delay of the proceedings nor in any prejudice to other parties.

*The Commission finds.* Participation by Michigan Wisconsin Pipe Line Company in this proceeding may be in the public interest and good cause exists for permitting such intervention.

*The Commission orders.* (A) The above-mentioned petitioner is hereby permitted to intervene in this proceeding, subject to the Rules and Regulations of the Commission, *Provided, however,* That the participation of such intervenor shall be limited to matters affecting the rights and interests specifically set forth in its petition to intervene; and *Provided, further,* That the admission of such intervenor shall not be construed as recognition that it might be aggrieved because of any order or orders issued by the Commission in this proceeding.

(B) The late intervention granted herein shall not be the basis for delaying or deferring any procedural schedules heretofore established for the orderly and expeditious disposition of this proceeding.

(C) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20837 Filed 8-8-75;8:45 am]

[Docket No. E-9446]

## GREEN MOUNTAIN POWER CORP.

### Order Granting Reconsideration and Amending Prior Order

AUGUST 4, 1975.

On July 14, 1975, Green Mountain Power Corporation (Green Mountain) filed an application for rehearing of our order issued June 13, 1975, in Docket No. E-9446. The June 13 order had accepted and suspended in part, and rejected in part Green Mountain's rate increase filing.

In its application for rehearing, Green Mountain asked for reconsideration of our rejection of that portion of the rate increase filing that was based upon the inclusion of construction work in progress (CWIP) in the rate base. In support of its request, Green Mountain asserts that such action by the Commission is not based upon an alleged violation of any regulation, is not consistent with our actions in other dockets, and required the company to file new tariff sheets to reflect a de minimus reduction in rates. Further Green Mountain requests a modification of the length of the suspension period, now set for three months.

With respect to our authority to reject that portion of the filing based upon the inclusion of CWIP in rate base the United States Court of Appeals for the District of Columbia has stated:

> There are occasions when an agency may dispose of a controversy on the pledgings without an evidentiary hearing when opposing presentations reveal that no dispute of fact is involved, but only a question of law or administrative policy of such a nature that there is neither a dispute as to material facts nor a need to ventilate the underlying facts to aid in policy determination.

*Municipal Light Boards of Reading and Wakefield, Massachusetts v. F.P.C.*, 450 F. 2d 134 (D.C. Cir. 1971) at page 1345.

In this proceeding there is no dispute that Green Mountain has included CWIP in the rate base for the test period, ended December 31, 1974, which facilities were not placed in service during the test period. Present Commission policy requires that rates be based upon facilities in service.[1] Thus, there is no need for a hearing or briefs on this issue. Where CWIP has been improperly included in a utility's rate base an appropriate motion for its exclusion will lie. We shall continue to follow the practice of disallowing CWIP until such time as we may change our policy on this issue.

Green Mountain alleges that the effect of requiring it to exclude CWIP from rate base would amount to $208 per year. In light of that figure, Green Mountain asks reconsideration of our requiring the filing of new tariff sheets. We shall amend our previous order. To save paper work and filing costs associated with this small amount, which in the end must be borne by the ratepayers and taxpaying public, we shall not require the filing of new tariff sheets and instead allow Green Mountain to refund the excess revenues at the termination of this docket when other refund amounts have been determined.

With respect to Green Mountain's request for a reduction in the length of the suspension period, we have reviewed the filing and additional pleadings and are satisfied with the length of our original suspension period.

*The Commission finds.* Good cause exists to grant reconsideration of and amend our order issued June 13, 1975, in this docket to the extent set forth below. No additional issues of fact, law, or policy have been raised which would justify any other modification of our June 13, 1975 order.

*The Commission orders.* (A) Ordering paragraph (A) which rejected part of Green Mountain's filing is hereby deleted from our June 13, 1975 order.

[1] See proposed rulemaking in Docket No. RM75-13.

(B) Ordering paragraph (C) of our June 13, 1975 order in this docket is hereby amended as follows:

(C) The Company shall be allowed to collect rates under the tendered tariff sheets, *provided, however,* Green Mountain shall be required to refund at the termination of this docket, together with other refunds ordered, all amounts which have been collected as a result of the inclusion of CWIP in the rate base.

(C) All other relief sought is hereby denied.

(D) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20827 Filed 8-8-75;8:45 am]

[Docket No. RP73-97 PGA76-1]

## KENTUCKY-WEST VIRGINIA GAS CO.

### Proposed PGA Rate Adjustment

AUGUST 1, 1975.

Take notice that on July 11, 1975, Kentucky-West Virginia Gas Company (K-WV) tendered for filing a Fifth Revised Sheet No. 12-E to its FPC Gas Tariff, Original Volume No. 1 reflecting a proposed PGA rate decrease. K-WV states that the filing would effectuate a 0.85¢ per Mcf, as $292,591 decrease in the current cost of purchased gas and a 1.57¢ per Mcf reduction (from 2.21¢ to 0.64¢) surcharge to amortize the balance in the Unrecovered Purchase Gas Cost Account. The proposed 0.64¢ surcharge is to amortize $63,531 over the next 6 month period. K-WV proposes an effective date of September 1, 1975.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20838 Filed 8-8-75;8:45 am]

[Docket No. CP76-27]

## MICHIGAN WISCONSIN PIPE LINE CO.

### Application

AUGUST 1, 1975.

Take notice that on July 24, 1975, Michigan Wisconsin Pipe Line Company (Applicant), One Woodward Avenue, Detroit, Michigan 48226, filed in Docket No. CP76-27 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation of natural gas from offshore Texas to onshore Louisiana for Mesa Petroleum Co. (Mesa) under an agreement between Applicant and Mesa dated May 23, 1975, all as more fully set forth in the application on file with the Commission and open to public inspection.

It is stated that by an advance payment agreement dated October 3, 1974, Mesa agreed to sell to Applicant a portion (generally 50 percent it is stated) of the gas attributable to Mesa's reserves in 21 blocks in the High Island Area, and one block in the Galveston Area, offshore Texas, and that Applicant agreed to make specified advance payments to Mesa and to transport, or cause to be transported, Mesa's gas interest from the same points of delivery where Applicant will purchase gas from Mesa to a mutually agreeable point onshore Louisiana. It is stated that the transportation agreement dated May 23, 1975, was entered into to provide such service.

By the transportation agreement it is agreed that Applicant would take delivery of the gas to be transported for Mesa at the points where Mesa would deliver gas to Applicant for sale. Redelivery would be made for the account of Mesa to Transcontinental Gas Pipeline Corporation (Transco) at a point where Applicant's and Transco's pipelines intersect approximately 1.8 miles east of Tepetate, Acadia Parish, Louisiana, to Transco at a point where the pipelines of Applicant and Transco intersect approximately 6.3 miles north of Tepetate, or to Southern Natural Gas Company (Southern) at an existing point of interconnection with Southern at Southern's Shadyside Compressor Station near Patterson, St. Mary Parish, Louisiana, it is stated.

It is further stated that Applicant would construct or cause to be constructed the gathering system that would be required to gather Mesa's gas and would use its own facilities, together with proposed facilities of Amtex Offshore Pipe Line Company (Amtex), certificate applicant in Docket No. CP75-104, or those of such other person as might be authorized to construct facilities for the transportation of gas from the offshore High Island Area. Applicant states that the amount of gas to be delivered to Mesa would be the amount of gas received from Mesa reduced by Mesa's pro rata share of the use and/or loss of gas resulting from the operation of the transmission facilities between the point of delivery and the point of redelivery

Applicant states that the initial contract volumes would be 25,000 Mcf of gas per day. The rate that would be paid to Applicant by Mesa would be a demand rate that would result in annual revenues to Applicant equal to the sum of a pro rata portion, based on facility utilization, of the cost of service attributable to Mesa of the gathering facilities; the pro rata portion, based on contract demands, of the charge paid by Applicant to Amtex, or another party, to transport the gas to Applicant's offshore Louisiana facilities; and a pro rata share, based on facility utilization, of the cost of service attributable to Applicant's facilities used in the further transportation of the gas from offshore Louisiana to the point of redelivery.

Applicant states that it will further file with the Commission for authorization when these costs become known and prior to the initiation of the transportation service and that it will also further file with the Commission for the authorization to construct the gathering facilities that will be necessary to implement the agreement when the specific facilities become known. Applicant states further that if the application in Docket No. CP75-104 is not approved it might be necessary for Amtex or some other person to secure other authorization to transport gas from the High Island area and it might be necessary for Applicant to construct facilities.

Applicant states that Mesa has advised Applicant that Mesa, along with Ashland Exploration Company, Highland Resources, Inc., and Kewanee Oil Company, plan to build an anhydrous ammonia manufacturing plant near Donaldsonville, Louisiana, with Mesa being the owner of a 50 percent interest in the plant and with each of the parties' providing its proportionate share of the natural gas requirements of the plant. The transportation gas would provide Mesa's share of the gas to be used in the plant. Mesa is negotiating with other pipeline companies for the transportation of the transportation gas from the redelivery point proposed herein to the plant site, Applicant states.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 27, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed,

or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
*Secretary.*

[Docket No. ER76-40]

## NEVADA POWER CO.

### Filing of Change in Rate Schedule

AUGUST 1, 1975.

Take notice that on July 28, 1975, the Nevada Power Company (NPC) tendered for filing a change in rate schedule for the California-Pacific Utilities (CPUC) at Henderson, Nevada, and at Needles, California. Nevada states that the change in CPUC's rates will consist of an increase in the demand component of $1.94 per Kw per month to CPUC at Henderson, and $2.83 per Kw per month to CPUC at Needles. The net increase in the energy component to both Henderson and Needles is 1.03 mills per Kwh.

NPC has requested that the effective date be as of the receipt of their application, July 28, 1975. NPC states that this rate relief is urgent due to their financial emergency. NPC further states that their return on common stock equity for the first five months of the year has been under 5% and for the month of May, 1975 their return was negative.

NPC states that copies of this filing have been mailed to CPUC, Public Service Commission of Nevada, Public Utilities Commission of California, and the Federal Power Commission.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 15, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20839 Filed 8-8-75;8:45 am]

[Docket No. ER76-14]

## NEW ENGLAND POWER POOL AGREEMENT (NEPOOL)

### Agreement With Additional Participants

AUGUST 1, 1975.

Take notice that on July 18, 1975, the New England Power Pool Management Committee, on behalf of the Participants under the New England Power Pool Agreement, (NEPOOL) tendered for filing NEPOOL Power Pool Agreement, dated September 1, 1971, as amended, signature pages executed by:

Town of Danvers Electric Department.
Town of Hingham Municipal Lighting Plant.
Town of Holden Municipal Light Department.
Town of Littleton Electric Light & Water Department.
Town of Mansfield Municipal Electric Department.
Town of Middleborough Gas & Light Department.
City of Peabody Municipal Light Plant.
Town of Reading Municipal Light Department.
Town of Sterling Municipal Electric Light Department.

NEPOOL requests the Commission waive its notice requirements and permit participation in NEPOOL by the nine municipal systems to be effective as of June 15, 1975.

NEPOOL states that the tendered filing does not change in any manner of the NEPOOL Agreement as previously filed with the Commission, other than to make the nine municipal electric systems additional participants in the power pool. NEPOOL further states no estimates of transactions and revenues relating to participation by the nine systems in the power pool for the period following June 15, 1975, are submitted because they cannot be made with accuracy. Additionally, NEPOOL states that existing facilities are sufficient for service to these new participants and no additional facilities are to be installed or modified in order for them to render or receive services under the NEPOOL Agreement. NEPOOL further states that copies of the filing have been mailed to all systems rendering or receiving service under the NEPOOL Agreement and to each of the persons on the Commission's service list in Docket No. E-7690.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure. All such petitions or protests should be filed on or before August 14, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

## NORTHERN NATURAL GAS CO.

### Withdrawal

AUGUST 4, 1975.

On July 14, 1975, Northern Natural Gas Company filed a withdrawal of its application of abandonment, filed December 20, 1974, in the above-designated matter.

Notice is hereby given that pursuant to Section 1.11(d) of the Commission's Rules and Regulations, the withdrawal of the above application will be effective on August 13, 1975.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20841 Filed 8-8-75;8:45 am]

[Docket No. E-9039]

## NORTHERN STATES POWER CO.

### Order Accepting Initial Rate Schedule for Filing, Instituting Investigation, and Establishing Procedures

AUGUST 1, 1975.

On September 27, 1974, as supplemented on November 7, 1974 and July 3, 1975, Northern States Power Company (Northern States) tendered for filing as an initial rate filing an Agreement dated September 20, 1974, between Northern States and Dairyland Power Cooperative (Dairyland). The Agreement provides for the interchange of capacity and associated energy between Northern States and Dairyland for the period November 1, 1974 through October 31, 1980.

The Agreement sets forth capacity transactions extending through October 31, 1980, that are part of the considerations associated with the proposed sharing of a 1978 generating unit (Alma No. 6) by Northern States and Dairyland. The Agreement provides that Northern States will sell capacity to Dairyland until such time as Alma No. 6 becomes operational in 1978. At that time Dairyland will sell an equivalent number of megawatt seasons to Northern States.

The parties have further agreed that the capacity charge for the service shall be $15.00 per KW Season and that the Energy Charge for the service shall be 9.75 mills per KWH. Northern States states that the basis for the energy charge was the premise that all energy charges should be the Average Production Cost of the Alma No. 6 generating unit and that the energy charge prior to the operation of Alma No. 6 will be determined assuming Alma No. 6 had been placed in service at the beginning of the capacity exchange.

The Agreement additionally includes a fuel adjustment clause which provides that the cost of fuel shall be the estimated cost of Western coal at the site of the future No. 6 unit in such month and shall include costs which would be recorded in Account 501. Northern States has requested an effective date of November 1, 1974.

Northern State's September 27, 1974 filing was noticed on October 30, 1974, with all protests, comments or petitions to intervene due on or before November 20, 1974. No comments have been received by the Commission. Northern States' July 3, 1975 supplementary filing, in response to a deficiency letter mailed by the Secretary of this Commission, was noticed on June 22, 1975, with all comments, protests or petitions to intervene due on or before July 29, 1975.

Our review of the proposed initial rates and the supplemental information tendered in compliance with the Secretary's deficiency letter indicates that the initial rate schedule has not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, preferential, or otherwise unlawful. We shall therefore accept Northern States' filing to become effective November 1, 1974, and institute a Section 206 investigation into the rates and charges therein provided, including the proposed fuel clause, which we note is based on hypothetical changes in fuel costs.

*The Commission finds.* It is necessary and proper in the public interest and in carrying out the provisions of the Federal Power Act that the Commission accept Northern States initial rate schedule for filing effective November 1, 1974 and institute a Section 206 investigation into the reasonableness of the proposed initial rate schedule, including the proposed fuel clause included therein.

*The Commission orders.* (A) Pursuant to the authority of the Federal Power Act, particularly Section 206 thereof, the Commission's Rules of Practice and Procedure, and the Regulations under the Federal Power Act, we hereby accept for filing, effective November 1, 1974, Northern States initial rate schedule with Dairyland and further convene a public hearing on December 2, 1975, in a hearing room of the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, concerning the lawfulness of the rates, charges, classifications and services contained in the proposed initial rate schedule, including the lawfulness of the proposed fuel clause included therein.

(B) On or before September 16, 1975, Northern States shall serve its direct testimony and exhibits. On or before October 14, 1975, the Commission Staff shall serve its prepared testimony and exhibits. Any intervenor evidence shall be served on or before October 28, 1975. Any company rebuttal evidence shall be served on or before November 11, 1975.

(C) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5(d)), shall preside at the hearing in this proceeding, shall prescribe relevant procedural matters not herein provided, and shall control this proceeding in accordance with the policies expressed in Section 2.59 of the Commission's Rules of Practice and Procedure.

(D) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
*Secretary.*

[Docket No. RP75-102]

## PANHANDLE EASTERN PIPE LINE CO.

### Order Granting Late Petition To Intervene

AUGUST 1, 1975.

On July 10, 1975, Colorado Interstate Gas Company (CIG) filed a petition to intervene out of time in this docket. Notice of the filing of Panhandle Eastern Pipe Line Company was issued on May 30, 1975, with protests and petitions to intervene due on or before June 16, 1975. Several timely petitions to intervene were received and subsequently granted by order dated June 30, 1975. CIG now comes stating that it inadvertently failed to file a timely petition for intervention, that its interest will not be adequately represented by any other party to this proceeding, and that allowance of its intervention will cause no delay.

*The Commission finds.* Participation by CIG in this proceeding may be in the public interest and good cause exists for permitting such intervention.

*The Commission orders.* (A) The above mentioned petitioner is hereby permitted to intervene in this proceeding, subject to the Rules and Regulations of the Commission; *Provided, however,* That the participation of such intervenor shall be limited to matters affecting the rights and interests specifically set forth in its petition to intervene; and *Provided, further,* That the admission of such intervenor shall not be construed as recognition that it might be aggrieved because of any order or orders issued by the Commission in this proceeding.

(B) The intervention granted herein shall not be the basis for delaying or deferring any procedural schedules heretofore established for the orderly and expeditious disposition of this proceeding.

(C) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
*Secretary.*

[Docket No. RI75-147]

## FEDERAL TRADE COMMISSION

### Request for Access to Data; Extension of Time

AUGUST 4, 1975.

On July 15, 1975, Edwin L. Cox filed a request for an extension of time in which to comply with the Commission's Order, issued July 3, 1975, requiring a response to the Order issued June 16, 1975 in the above-designated matter.

Notice is hereby given that the date by which the above-indicated response is to be filed is extended to August 20, 1975.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20843 Filed 8-8-75;8:45 am]

[Docket No. RP73-64]

## SOUTHERN NATURAL GAS CO.

### Proposed Changes in FPC Gas Tariff

AUGUST 1, 1975.

Take notice that Southern Natural Gas Company (Southern) on July 23, 1975, tendered for filing proposed changes in its FPC Gas Tariff, Sixth Revised Volume No. 1, to become effective September 1, 1975. The revised tariff sheets replace the map showing rate zones and delivery points on Southern's transmission system.

Copies of the filing are being served upon the company's jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 15, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc. 75-20844 Filed 8-8-75;8:45 am]

[Docket No. CP76-28]

## UNITED GAS PIPE LINE CO.

### Application

AUGUST 1, 1975.

Take notice that on July 24, 1975, United Gas Pipe Line Company (Applicant), 1500 Southwest Tower, Houston, Texas 77002, filed in Docket No. CP76-28 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation of natural gas from Louisiana to Alabama for Shell Chemical Company, a Division of Shell Oil Company (Shell), all as more fully set forth in the application on file with the Commission and open to public inspection.

It is stated that by the terms of an exchange agreement dated June 27, 1975, Applicant has agreed to transport for Shell gas that Shell would deliver to Applicant at points of interconnection in the Humphreys and Gibson Fields, Terrebonne Parish, Louisiana, and to redeliver such gas to Shell at the outlet sides of several measuring and regulating stations at which Applicant presently delivers gas to Mobile Gas Service Corporation at Mobile, Mobile County, Alabama. Applicant states that alternate delivery points are proposed at Shell's complex at Norco, St. Charles Parish, Louisiana, and at the outlets of Shell's North Terrebonne Plant and Exxon Corporation's

Lirette Plant, Terrebonne Parish, Louisiana. Applicant states that it would transport up to 5,000 Mcf of gas per day for Shell and that such deliveries would be subject to Applicant's ability to accommodate the volumes of gas delivered. Applicant states that the proposed price of the transportation service, initially 13.48 cents per Mcf at 14.73 psia, would be Applicant's average cost of service in the Northern Rate Zone as determined by Applicant.

The application states that the transported gas will be used exclusively for the manufacture of hydrogen cyanide at a new plant Shell plans to construct in Mobile and that approximately 40% of the gas will be as feedstock with the remainder being used for process temperature control. The application states further that the hydrogen cyanide would be an essential feedstock for downstream processes which will produce triazine herbicides and methionine.

Applicant notes that the gas proposed to be transported is presently being utilized at Shell's Norco manufacturing complex and that approval of the instant proposal would permit the redistribution of existing gas supplies between two Shell manufacturing complexes.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 28, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
*Secretary.*

[Docket No. ER76-22]

## UTAH POWER & LIGHT CO.

### Tendered Revised Tariff Sheets and Service Agreements

AUGUST 1, 1975.

Take notice that on July 25, 1975, Utah Power & Light Company, (Utah), tendered for filing Revised Tariff Sheet Nos. 1, 2, 3, 12, 13, 14, 15, and 15A to its FPC Electric Tariff Original Volume No. 1. Utah states that changes in Sheet Nos. 2 and 3 were necessitated by the sale of its subsidiary, The Western Colorado Power Company to a group of REA cooperatives. It states further that revisions in Sheet Nos. 12 through 15A are designed to facilitate the addition of a number of new resale customers within the next few months. Sheet No. 1 is entitled "Table of Contents."

Also contained within Utah's tendered filing are Resale Electric Service Agreements between the company and Colorado Ute Electric Association and the company and Helper City, a municipal corporation. Utah requests waiver of the notice requirements of Section 35.3 of our Regulations to permit these filings to become effective retroactively on May 1, 1975, and October 24, 1974, respectively since, it claims, service to Colorado-Ute was initiated on May 1, 1975, and service through the new Helper meter was started on October 24, 1974.

Estimates of sales and revenues under the related proposed rates were also included with the tendered filing.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 18, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20831 Filed 8-8-75;8:45 am]

[Docket No. ID-1614]

## WILLIAM H. DICKHONER

### Supplemental Application

AUGUST 1, 1975.

Take notice that on July 7, 1975 William Dickhoner, (Applicant) filed a supplemental application with the Federal Power Commission. Pursuant to Section 305(b) of the Federal Power Act, Applicant seeks authority to hold the following positions:

President, The Cincinnati Gas & Electric Company, Public Utility.
President, The Union Light, Heat and Power Company, Public Utility.
President & Director, Miami Power Corporation, Public Utility.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 15, 1975, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20845 Filed 8-8-75;8:45 am]

[Project No. 1984]

## WISCONSIN RIVER POWER CO.

### Application for Amendment of License

AUGUST 1, 1975.

Public notice is hereby given that application was filed April 7, 1975, under the Federal Power Act (16 U.S.C. 791a-825r) by Wisconsin River Power Company (Correspondence to: Mr. M. O. Andrae, President, Wisconsin River Power Company, General Offices, Wisconsin Rapids, Wisconsin 54494) for amendment of license for constructed Project No. 1984 known as the Castle Rock-Petenwell Project, located on the Wisconsin and Yellow Rivers in Adams and Juneau Counties, Wisconsin.

The application seeks permission to eliminate from the project license 16.5 miles of 34.5 kV transmission line and related switchgear, easements, and appurtenances between Castle Rock and Petenwell Stations at Project No. 1984. The transmission line would be sold to Wisconsin Power & Light Company with the necessary easements to maintain the transmission line as a distribution line in its service area. There would be no change in the physical components of the transmission line and appurtenant facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 15, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR § 1.8 or § 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules. The application is on file with the Commission and is available for public inspection.

Take further notice that, pursuant to the authority contained in and conferred upon the Federal Power Commission by Section 308 and 309 of the Federal Power Act (16 U.S.C. 825g, 825h) and the Commission's Rules of Practice and Procedure, specifically Section 1.32(b) (18 CFR § 1.32(b)), as amended by Order No. 518, a hearing may be held without further notice before the Commission on this application if no issue of substance is raised by any request to be heard, protest or petition filed subsequent to this notice within the time required herein and if the applicant or initial pleader requests that the shortened procedure of Secion 1.32(b) be used. If an issue of substance is so raised or applicant or initial pleader fails to request the shortened procedure, further notice of hearing will be given.

Under the shortened procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant or initial pleader to appear or be represented at the hearing before the Commission.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20846 Filed 8-8-75;8:45 am]

## NATIONAL ENDOWMENT FOR THE ARTS AND THE HUMANITIES

### FELLOWSHIPS PANEL

#### Meeting

JULY 29, 1975.

Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92-463) notice is hereby given that meetings of the Fellowships Panel will be held at Washington, D.C. on September 2, 3, 5, 6, 7 and 8, 1975.

The purpose of the meetings is to review Independent Fellowship applications submitted to the National Endowment for the Humanities for 1976-77 fellowship grants.

Because the proposed meeting will consider financial information and personnel and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant to authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated August 13, 1973, I have determined that the meetings would fall within exemptions (4) and (6) of 5 U.S.C. 552(b) and that it is essential to close the meetings to protect the free exchange of internal views and to avoid interference with operation of the Committee.

It is suggested that those desiring more specific information contact the Advisory Committee Management Officer, Mr. John W. Jordan, 806 15th Street, N. W., Washington, D. C. 20506, or call Area Code 202-382-2031.

JOHN W. JORDAN,
*Advisory Committee, Management Officer.*

[FR Doc.75-20914 Filed 8-8-75;8:45 am]

### PUBLIC PROGRAMS PANEL

#### Meeting

AUGUST 4, 1975.

Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92-463) notice is hereby given that a meeting of the Public Programs Panel will meet at Washington, D.C. on September 8 and 9, 1975, commencing at 9:00 a.m.

The purpose of the meeting is to review Humanities Museums and Historical Organizations Grant proposals that have been submitted to the Endowment for possible grant funding.

Because the proposed meeting will consider financial information and personnel and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant to authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated August 13, 1973, I have determined that the meeting would fall within exemptions (4) and (6) of 5 U.S.C. 552(b) and that it is essential to close the meeting to protect the free exchange of internal views and to avoid interference with operation of the Committee.

It is suggested that those desiring more specific information contact the Advisory Committee Management Officer, Mr. John W. Jordan, 806 15th Street, N. W., Washington, D. C. 20506, or call Area Code 202-382-2031.

JOHN W. JORDAN,
*Advisory Committee Management Officer.*

[FR Doc.75-20909 Filed 8-8-75;8:45 am]

### PUBLIC PROGRAMS PANEL

#### Meeting

AUGUST 11, 1975.

Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92-463) notice is hereby given that a meeting of the Public Programs Panel will meet at Washington, D.C., on September 11 and 12, 1975, commencing at 9:30 a.m.

The purpose of the meeting is to review Humanities Media Grant proposals that have been submitted to the Endowment for possible grant funding.

Because the proposed meeting will consider financial information and personnel and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant to authority granted me by the Chairman's Declaration of Authority to Close Advisory Committee Meetings, dated August 13, 1973, I have determined that the meeting would fall within exemptions (4) and (6) of 5 U.S.C. 552(b) and that it is essential to close the meeting to protect the free exchange of internal views and to avoid interference with operation of the Committee.

It is suggested that those desiring more specific information contact the Advisory Committee Management Officer, Mr. John W. Jordan, 806 15th Street, N. W., Washington, D. C. 20506, or call Area Code 202-382-2031.

JOHN W. JORDAN,
*Advisory Committee Management Officer.*

## RESEARCH PANEL

### Meeting

AUGUST 4, 1975.

Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92–463) notice is hereby given that a meeting of the Research Panel will meet at Washington, D.C. on September 16, 1975, from 9:00 A.M. to 5:00 P.M.

The purpose of the meeting is to review research grant applications submitted to the National Endowment for the Humanities for possible grant funding.

Because the proposed meeting will consider financial information and personnel and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant to authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated August 13, 1973, I have determined that the meeting would fall within exemptions (4) and (6) of 5 U.S.C. 552(b) and that it is essential to close the meeting to protect the free exchange of internal views and to avoid interference with operation of the Committee.

It is suggested that those desiring more specific information contact the Advisory Committee Management Officer, Mr. John W. Jordan, 806 15th Street, N.W., Washington, D.C. 20506. or call area code 202 382–2031.

JOHN W. JORDAN.
*Advisory Committee Management Officer.*

## RESEARCH PANEL

### Meeting

AUGUST 4, 1975.

Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92–463) notice is hereby given that a meeting of the Research Panel will meet at Washington, D.C. on September 22, 1975, from 9:00 A.M. to 5:00 P.M.

The purpose of the meeting is to review research grant applications submitted to the National Endowment for the Humanities for possible grant funding.

Because the proposed meeting will consider financial information and personnel and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant to authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated August 13, 1973, I have determined that the meeting would fall within exemptions (4) and (6) of 5 U.S.C. 552(b) and that it is essential to close the meeting to protect the free exchange of internal views and to avoid interference with operation of the Committee.

It is suggested that those desiring more specific information contact the Advisory Committee Management Officer, Mr. John W. Jordan, 806 15th Street, N.W., Washington, D.C. 20506, or call area code 202 382–2031.

JOHN W. JORDAN,
*Advisory Committee Management Officer.*

## NUCLEAR REGULATORY COMMISSION

[Docket No. 50–332]

### ALLIED-GENERAL NUCLEAR SERVICES, ET AL., (BARNWELL NUCLEAR FUEL PLANT SEPARATIONS FACILITY)

### Resumption of Hearing

Please take notice that the evidentiary hearing being held before an Atomic Safety and Licensing Board to consider an application for the issuance of an operating license for the Barnwell Nuclear Fuel Plant Separations Facility, will resume on Tuesday, August 26, 1975, at 10 am., local time in:

Judge Simons' Courtroom, United States District Court, 223 Park Avenue, S.W., Aiken, South Carolina 29801.

The operating license proceeding for the Barnwell plant has been consolidated with a hearing on environmental matters related to the construction of the plant.

Members of the public are welcome to attend the hearing.

Dated at Bethesda, Md., this 5th day of August 1975.

It is so ordered.

For the Atomic Safety and Licensing Board.

ROBERT M. LAZO,
*Chairman.*

[FR Doc.75-20907 Filed 8-8-75;8:45 am]

[Docket No. PRM–170–2]

### CINCINNATI GAS AND ELECTRIC CO. ET AL.

### Petition for Temporary Reduction of Licensing Fees

In matter of rulemaking proceeding to amend 10 CFR Part 170, and Docket No. PRM–170–2 the Commission has issued the following order.

ORDER

In May 1974, thirteen electric utilities filed a petition for rulemaking with the Atomic Energy Commission (AEC) to amend the license fee schedules specified in 10 CFR Part 170 by reducing the fees for nuclear power reactor licenses. The petition was based on two recent decisions of the Supreme Court which held that Federal agency license fees based on full cost recovery were illegal.[1] This petition was docketed as PRM–170–2 and a notice of its receipt published in the FEDERAL REGISTER on May 21, 1974. (39 FR 17879)

Independent of this petition the AEC had undertaken the development of a revised license fee schedule in 10 CFR Part 170 to accommodate the holdings of the two Supreme Court decisions noted above. On November 11, 1974, the AEC published for public comment its proposed amendments of 10 CFR Part 170 (39 FR 39734). Comments received are presently under review by the Nuclear Regulatory Commission (NRC). As a result of the pendency of the Commission-initiated rulemaking proceeding to amend 10 CFR Part 170, action was deferred with respect to the petition.

In a letter, dated February 7, 1975, addressed to the Secretary of the NRC, regarding the PRM–170–2, petitioners (1) moved the Commission to limit fees to be charged in the future to the amounts specified in their petition of May 1974 with respect to "application fees, construction permits and operating licenses" until such time as the matter of appropriate fees is finally resolved by court or legislative actions, and (2) requested the Commission to consolidate into Docket PRM–170–2 the Commission-initiated rulemaking proceeding regarding the proposed amendments of 10 CFR Part 170.

We find no basis for granting petitioners' motion for a temporary reduction of licensing fees. The petitioners have not shown that the use of the 1967 fee schedule, as they propose, even allowing for an add-on factor to accommodate increased costs due to inflation and the increased intensity of environmental, health and safety reviews by the Commission, would bear a close relationship to or otherwise be valid as a measure of the value to recipients of a construction permit or operating license in 1975. Since a proposal similar to that urged by the petitioners is under consideration in the present Commission rulemaking proceeding we believe it premature to establish an interim fee schedule based on their proposal. We also believe that an interim schedule is unnecessary in view of the well advanced state of the pending rulemaking proceeding.

Furthermore, we see petitioners' proposal as one requiring the initiation of time consuming interim rulemaking procedures on the matter which is presently pending before the NRC in a well advanced state. To undertake such an effort would detract from the orderly and expeditious completion of the basic rulemaking procedures and would only further delay the ultimate resolution of the matter. Accordingly, we deny petitioners' motion for a temporary reduction of fees as made in their letter of February 7, 1975. However, this denial does not prejudice petitioners' claim for rebate of, or credit for, past fees raised in paragraph 23 of petitioners' petition of May 2, 1974, once the final fee schedule is in effect.

As to petitioners' request to consolidate Docket PRM–170–2 with the Commission's ongoing rulemaking proceeding in connection with the proposed amendment of 10 CFR Part 170, it is granted. Petitioners' arguments are persuasive. We agree that consolidation of all matters relating to the proposed amendment to 10 CFR Part 170 can best be accomplished in a single consolidated proceeding.

Dated at Washington, D.C., this 5th day of August 1975.

It is so ordered.

By the Commission.

SAMUEL J. CHILK,
*Secretary of the Commission.*

[Docket No. 50–336]

### CONNECTICUT LIGHT AND POWER CO., HARTFORD ELECTRIC LIGHT CO., WESTERN MASSACHUSETTS ELECTRIC CO., AND NORTHEAST NUCLEAR ENERGY CO. (MILLSTONE NUCLEAR POWER STATION, UNIT 2)

### Issuance of a Facility Operating License

Notice is hereby given that the Nuclear Regulatory Commission (the Commission) has issued Facility Operating License No. DPR–65 to The Connecticut Light and Power Company, The Hartford Electric Light Company, Western Massachusetts Electric Company, and Northeast Nuclear Energy Company (licensees), authorizing the licensees, in accordance with the provisions of the license and the Technical Specifications, to load fuel and perform subcritical tests. The Millstone Nuclear Power Station, Unit 2, is a pressurized water nuclear reactor located at the licensees' site on the north shore of Long Island Sound and on the east side of Niantic Bay, in the Town of Waterford, Connecticut, about three miles from New London, Connecticut.

The Commission has made appropriate findings as required by the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license.

The license is effective as of its date of issuance and shall expire one year from date of issuance.

A copy of (1) Facility Operating License No. DPR–65, complete with Technical Specifications (Appendices "A" and "B"); (2) the report of the Advisory Committee on Reactor Safeguards, dated June 11, 1974; (3) the Division of Reactor Licensing's Safety Evaluation dated May 10, 1974. Supplement No. 1 dated March 7, 1975, and Supplement No. 2 dated August 1, 1975, (4) the Final Safety Analysis Report and amendments thereto; (5) the applicants' Environmental Report dated June 23, 1972 and amendments thereto; (6) the Draft Environmental Statement dated December 1972; and (7) the Final Environmental Statement dated June 1973, are available for public inspection at the Commission's Public Document Room at 1717 H Street, N.W., Washington, D.C. and the Waterford Public Library, Rope Ferry Road, Waterford, Connecticut. A copy of the license and Safety Evaluation plus supplements may be obtained upon request addressed to the United States Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Md., this 1st day of August 1975.

For the Nuclear Regulatory Commission.

OLAN D. PARR,
*Chief, Light Water Reactors Project Branch 1–3, Division of Reactor Licensing.*

[FR Doc.75-20897 Filed 8-8-75;8:45 am]

[Docket Nos. 50–450 and 50–451]

### DELMARVA POWER & LIGHT CO. AND PHILADELPHIA ELECTRIC CO. (SUMMIT POWER STATION, UNITS 1 AND 2)

### Assignment of Atomic Safety and Licensing Appeal Board

Notice is hereby given that, in accordance with the authority in 10 CFR 2.787 (a), the Chairman of the Atomic Safety and Licensing Appeal Panel has assigned the following panel members to serve as the Atomic Safety and Licensing Appeal Board for this proceding:

Michael C. Farrar, Chairman; Richard S. Salzman, Member; Dr. W. Reed Johnson, Member.

Dated: August 4, 1975.

MARGARET E. DU FLO,
*Secretary to the Appeal Board.*

[FR Doc.75-20900 Filed 8-8-75;8:45 am]

[Docket Nos. 50–269, 50–270, 50 287]

### DUKE POWER CO.

### Issuance of Amendments to Facility Operating Licenses

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment Nos. 9, 9, and 6 to Facility Operating License Nos. DPR–38, DPR–47, and DPR–55 issued to Duke Power Company which revised Technical Specifications for operation of the Oconee Nuclear Station Units 1, 2, and 3 located in Oconee County, South Carolina. The amendments are effective as of the date of issuance.

The amendments provide for administrative modifications of the environmental surveillance program to convert to metric measurements, modify sampling stations, redesignate and change sampling locations and change sampling frequency requirements.

The application for these amendments complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendments. The Commission has evaluated the potential impact of the operating plant in accordance with the amendments and has concluded that there will be no change in effluent types or amounts nor an increase in power level, as previously evaluated in the Final Environmental Statement for Oconee Nuclear Station Units 1, 2 and 3 dated March 1972 and will not result in any significant environmental impact. Having made this determination, the Commission has further concluded, pursuant to 10 CFR 51.5(d)(4), that an environmental statement, negative declaration or environmental impact appraisal need not be prepared in connection with the issuance of these amendments. Prior public notice of these amendments is not required since the amendments do not involve a significant hazards consideration.

For further details with respect to this action, see (1) the application for amendment dated May 23, 1975, (2) the letter dated August 1, 1975 from R. Purple to Duke Power Company, and (3) Amendment Nos. 9, 9, and 6 with Change Nos. 19, 14 and 6 to License Nos. DPR–38, DPR–47, and DPR–55. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street N.W., Washington, D.C., and at the Oconee County Library, 201 South Spring Street, Walhalla, South Carolina, 29691.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C., 20555, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 1st day of August 1975.

For the Nuclear Regulatory Commission.

ROBERT A. PURPLE,
*Chief, Operating Reactors Branch No. 1, Division of Reactor Licensing.*

[Docket Nos. 50–269, 50–270, 50–287]

### DUKE POWER CO.

### Issuance of Amendments to Facility Operating Licenses

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment Nos. 10, 10, and 7 to Facility Operating License Nos. DPR–38, DPR–47, and DPR–55, respectively, issued to Duke Power Company which revised Technical Specifications for operation of the Oconee Nuclear Station, Units 1, 2, and 3 located in

Oconee County, South Carolina. The amendments are effective as of the date of issuance.

The amendments correct typographical errors and omissions in Tables 4.11–1 and 4.11–2 of Appendix A Technical Specifications.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendments. The Commission has evaluated the potential impact of the operating plant in accordance with the amendments and has concluded that there will be no change in effluent types or amounts nor an increase in power level, as previously evaluated in the Final Environmental Statement for Oconee Nuclear Station Units 1, 2, and 3, dated March 1972 and will not result in any significant environmental impact. Having made this determination, the Commission has further concluded pursuant to 10 CFR 51.5(d)(4), that an environmental statement, negative declaration or environmental impact appraisal need not be prepared in connection with the issuance of these amendments. Prior public notice of these amendments is not required since the amendments do not involve a significant hazards consideration.

For further details with respect to this action, see (1) the application for amendment dated November 6, 1974, as supplemented January 21, 1975, (2) the letter dated August 1, 1975, from R. Purple to Duke Power Company, and (3) Amendment Nos. 10, 10, and 7 to License Nos. DPR–38, DPR–47, and DPR–55 with Change Nos. 20, 15, and 7. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C., and at the Oconee County Library, 201 South Spring Street, Walhalla, South Carolina, 29691.

A copy of Items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 1st day of August 1975.

For the Nuclear Regulatory Commission.

ROBERT A. PURPLE,

[Docket No. 50–321]

## GEORGIA POWER CO. AND OGLETHORPE ELECTRIC MEMBERSHIP CORP.

### Issuance of Amendment to Facility Operating License

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 12 to Facility Operating License No. DPR–57 issued to Georgia Power Company and Oglethorpe Electric Membership Corporation which revised Technical Specifications for operation of the Edwin I. Hatch Nuclear Plant Unit 1, located in Appling County, Georgia. The amendment is effective as of its date of issuance.

The amendment permits the low pressure core and containment cooling systems to be inoperable provided that the reactor is in the cold shutdown condition and no work is being done that has the potential for draining the reactor pressure vessel.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations, in 10 CFR Chapter I, which are set forth in the license amendment. Notice of Proposed Issuance of Amendment to Facility Operating License in connection with action was published in the FEDERAL REGISTER on April 17, 1975 (40 FR 17203). No request for a hearing or petition for leave to intervene was filed following notice of the proposed action.

For further details with respect to this action, see (1) the application for amendment dated February 3, 1975, (2) Amendment No. 12 to License No. DPR–57, with Change No. 12 and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C. and at the Appling County Public Library, Parker Street, Baxley, Georgia 31513.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 1st day of August 1975.

For the Nuclear Regulatory Commission.

GEORGE LEAR,
*Chief, Operating Reactors Branch No. 3, Division of Reactor Licensing.*

[FR Doc.75–20899 Filed 8–8–75;8:45 am]

[Docket No. 50–331]

## IOWA ELECTRIC LIGHT AND POWER CO., CENTRAL IOWA POWER COOPERATIVE, AND CORN BELT POWER COOPERATIVE

### Issuance of Amendment to Facility Operating License

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 10 to Facility Operating License No. DPR–49 issued to Iowa Electric Light and Power Company, Central Iowa Power Cooperative, and Corn Belt Power Cooperative, which revised Technical Specifications for operation of the Duane Arnold Energy Center, located in Cedar Rapids, Iowa. The amendment is effective as of its date of issuance.

The amendment establishes the required Emergency Service Water (ESW) system flow rate based on river water temperature rather than on a requirement for a flow rate of 1200 gpm regardless of river water temperature.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment is not required since the amendment does not involve a significant hazards consideration.

For further details with respect to this action, see (1) the application for amendment dated June 27, 1975, (2) Amendment No. 10 to License No. DPR–49, with Change No. 11, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. and at the Cedar Rapids Public Library, 426 Third Avenue, SE., Cedar Rapids, Iowa 52401.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 30th day of July, 1975.

For the Nuclear Regulatory Commission.

GEORGE LEAR, *Chief,*

## LONG ISLAND LIGHTING CO. (JAMESPORT NUCLEAR POWER STATION UNITS 1 AND 2)

### Oral Argument on Pending Appeal

AUGUST 5, 1975.

*Order.* Oral argument on the pending appeal of the Oil Heating Institute of Long Island, Inc. (OHILI) is hereby calendared for oral argument at 10 a.m. on Wednesday, September 3, 1975 in the Appeal Panel Hearing Room, 5th Floor, East West Towers, 4350 East-West Highway, Bethesda, Maryland 20014. All parties filing memoranda on the questions posed in this Board's order of July 23, 1975 may participate in the argument. Following the passing of the August 21, 1975 deadline for the submission of those memoranda, the Board will determine the time allotment and order of presentation. The argument will encompass the issues of whether (1) OHILI has the requisite standing to intervene in the proceeding; and (2) there has been a "substantial showing of good cause for failure to file (the OHILI petition for leave to intervene) on time" within the meaning of 10 CFR 2.714(a) as construed by the Commission in Nuclear Fuel Services, Inc. (West Valley Reprocessing Plant), CLI–75–4, NRCI–75/4 273 (April 17, 1975).

It is so ordered.

For the Atomic Safety and Licensing Appeal Board.

MARGARET E. DU FLO,
*Secretary to the Appeal Board.*

[FR Doc.75–20902 Filed 8–8–75;8:45 am]

[Docket No. 50–298]

## NEBRASKA PUBLIC POWER DISTRICT (COOPER NUCLEAR STATION)

### Order for Modification of License

1. Nebraska Public Power District (the Licensee) is the holder of Facility Operating License DPR–46 which authorizes operation of the Cooper Nuclear Station (the Facility), a boiling water reactor located at the Licensee's site near Brownville, Nemaha County, Nebraska.

2. For many weeks the Facility has been under close surveillance by the Licensee and by the Nuclear Regulatory Commission due to anomalous incore nuclear detector instrument readings indicative of possible damage to the Facility's fuel channel boxes. As a result of these readings, the Commission has twice issued orders—once on April 26, 1975 and again on July 22, 1975—confirming appropriate limitations on the operation of the Facility. The July 22 order, which superseded the order of April 26, confirmed a plan whereby the Facility was to operate at a maximum bundle power of 3.20 MWt and a maximum core coolant flow of 40 percent of design flow for the balance of a period of approximately 45 equivalent full flow days from April 26, 1975. The plan also contemplated that the Licensee would, during that period, operate the Facility at rated flow and power for a limited period to conduct incore tests, including accelerometer tests, and to obtain certain water quality data. At the end of approximately 45 equivalent full flow days from April 26, the Licensee was, under the plan, to shut down the Facility unless the efficacy of the 40 percent flow limit had been verified by accelerometer data. Finally, the limits on core flow and bundle power were to be re-evaluated in light of data collected during the interim period.

3. The license requirements added to Facility Operating License DPR–46 by the order of July 22, 1975 provide, in paragraph 3, that "[t]he Licensee shall shut down the facility following 45 equivalent full flow days from April 26, 1975," unless within that period certain specified tests have been completed with specified results. (See Appendix A of July 22, 1975 order.) As such, the July 22 order arguably admits of the interpretation that the decision date was to be exactly 45 equivalent full flow days from April 26, 1975. This, however, was not the intent of the July 22 order. As paragraphs 7 and 8 of the same order clearly imply, the approved plan contemplated restricted operation of the Facility for the balance of a period of approximately 45 equivalent full flow days from April 26, 1975.

4. By letter dated July 31, 1975, the Licensee advised that on or about August 3, 1975, the Facility will have completed 45 equivalent full flow days of operation counted from the April 26 reference date. However, according to the letter, the Licensee does not yet have on site all the equipment needed for the accelerometer tests. For this reason (and because of the desirability, from a power demand standpoint, to schedule the installation of the testing equipment during a weekend or other low load period), the Licensee requested in its July 31 letter authority to operate the Facility for ten additional equivalent full flow days, *i.e.*, to a total of 55 equivalent full flow days from April 26, 1975.

5. As stated above, limitations on the operation of the Facility were imposed as a result of anomalous incore instrument readings. Those anomalous readings appear to have been caused by instrument tube vibration. The limitations were designed to reduce the vibration to acceptable levels. On the basis of recent data obtained at the Facility, there is reason to believe that the limitations have been effective in minimizing channel box wear.

6. Operation of the Facility for the full additional period requested in the Licensee's July 31 letter would clearly involve more interim operation than that contemplated by the July 22 order. Accordingly, the full request cannot be granted without further evaluation. However, operation of the Facility for five additional equivalent full flow days (*i.e.*, to a total of 50 equivalent full flow days from April 26, 1975) is acceptable now since operation for that period is within (though near the upper limit of) the approximately 45 equivalent full flow day period contemplated in the July 22 order. To the extent that the July 22 order, by using the term "45 equivalent full flow days" rather than "approximately 45 equivalent full flow days," may be construed as precluding such additional interim operation, the July 22 order should be clarified.

7. Accordingly, pursuant to the Atomic Energy Act of 1954, as amended, and the Commission Rules and Regulations in 10 CFR Part 2 and 50, Facility Operating License DPR–46 is hereby amended by substituting for paragraph 3 of the license provisions added by the Order for Modification of License dated July 22, 1975 the following:

3. The Licensee shall shut down the facility following approximately 45 equivalent full flow days from April 26, 1975, unless within such period a traversing incore probe surveillance program as specified in Section VIII of the Evaluation of Channel Box Wear dated July 22, 1975, has been completed and accelerometer tests performed with appropriate requirements specified in Section VII of the Evaluation of Channel Box Wear dated July 22, 1975 have been completed which indicate the efficacy of the 40 percent flow limit.

Dated at Bethesda, Maryland, this 1st day of August 1975.

For the Nuclear Regulatory Commission.

BEN C. RUSCHE,
*Director, Office of Nuclear Reactor Regulation.*

[FR Doc.75–20903 Filed 8–8–75;8:45 am]

[Docket No. 50–271]

## VERMONT YANKEE NUCLEAR POWER CORP. (VERMONT YANKEE NUCLEAR POWER STATION)

### Order for Modification of License

1. Vermont Yankee Nuclear Power Corporation (the Licensee) is the holder of Facility Operating License No. DPR–28 which authorizes operation of the Vermont Yankee Nuclear Power Station (the Facility), a boiling water reactor located near Vernon, Vermont.

2. On July 23, 1975, the Commission issued an "Order for Modification of License" (40 FR 32180, July 31, 1975) (the Order) which confirmed a plan for limited additional operation of the Facility. As detailed in the Order the Facility's channel box wear, as indicated by the noise-to-signal ratio recorded by the traversing incore probe (TIP), had exceeded the remedial action threshold. The remedial plan confirmed by the Order contemplated operation of the Facility for a limited period of time (until the August 3, 1975) at not more than 80% of rated core power and 70% of rated core flow, provided the TIP noise-to-signal ratio at those levels did not exceed 0.05. In addition, the Order permitted operation up to full flow and power for a brief period of time as necessary to obtain baseline TIP data.

3. By letter dated July 31, 1975,[1] the Licensee requested a modification of the Order to allow continued operation for an additional three days until August 6, 1975. The Licensee's letter states that the request is made at the behest of the New England Power Exchange based upon a serious power shortage resulting from the unscheduled outage of several units and forecasted weather conditions.

4. As discussed in the Commission's July 23, 1975 Order, and in the NRC Staff "Evaluation of Vermont Yankee Chan-

[1] Copies of all documents referred to in this Order are available or are being made available for public inspection in the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C. and the Commission's Local Public Document Room, Brooks Memorial Library, 224 Main Street, Brattleboro, Vermont.

nel Box Wear for the Purpose of Limited Operation at Partial Power," dated July 23, 1975, the allowable channel box wear at 80% of rated core power/70% of rated flow will not be exceeded as long as the Vermont Yankee TIP noise level ratio does not exceed 0.05. However, the NRC Staff's evaluation recognized that wear continues even at the Licensee's proposed reduced flow rate, though slower than at full flow, and therefore agreed with the Licensee's proposal to shut down by August 3, 1975 as part of the plan to proceed with further remedial action.

5. As evaluated in the NRC Staff's "Supplement to Evaluation of Vermont Yankee Channel Box Wear for the Purpose of Limited Operation at Partial Power," dated August 1, 1975, the TIP noise level ratios recorded since the Commission's July 23, 1975 Order, at both the limited flow rate and the brief full flow rate period allowed to obtain baseline data, indicate that the Facility's channel box wear is still well within that allowable at the 80% of rated core power/70% of rated core flow limitations. The NRC Staff's evaluation concludes that no appreciable additional wear will occur during the requested three-day extension to August 6, 1975. In addition, the surveillance for excessive wear previously provided will continue.

6. The Facility can be operated until August 6, 1975 under the Licensee's proposed plan previously confirmed by the Commission's July 23, 1975 Order, without endangering the health and safety of the public. The NRC Staff believes the Licensee's modification to its plan is appropriate under the circumstances and should be confirmed by NRC Order.[1]

7. Accordingly, pursuant to the Atomic Energy Act of 1954, as amended, and the Commission's Rules and Regulations in 10 CFR Parts 2 and 50, *It is ordered*, That, Facility Operating License No. DPR–28 is hereby amended by substituting the provisions set out in Appendix A below for the provisions set out in Appendix A below to the Commission's Order for Modification of License, dated July 23, 1975.

Dated at Bethesda, Maryland, this 1st day of August 1975.

For the Nuclear Regulatory Commission.

BEN C. RUSCHE,
*Director, Office of Nuclear Reactor Regulation.*

[1] The brief period of operation at full flow and power to obtain baseline data has been achieved and is therefore deleted as no longer necessary.

APPENDIX A

1. The Licensee shall place the Facility in a shutdown condition not later than August 6, 1975 and shall not, without prior written approval of the Director, Office of Nuclear Reactor Operation, return the facility to operation following the shutdown.

2. Prior to the shutdown, the Licensee shall not operate the Facility at core power levels exceeding 80 percent of rated power or core flow rates exceeding 70 percent of design flow rate, and further shall place the facility in a shutdown condition if the traversing incore probe (TIP) noise band width-to-signal amplitude ratio exceeds 0.05.

3. The Licensee shall, during power operation with flow rates equal to 70 percent of rated flow, obtain unfiltered TIP traces as specified in Section VIII of the Evaluation of Channel Box Wear dated July 22, 1975, such that all operable TIP positions are traversed every seven days.

[Docket Nos. 50-460, 50-513]

## WASHINGTON PUBLIC POWER SUPPLY SYSTEM, WPPSS NUCLEAR PROJECTS NOS. 1 AND 4

### Issuance of Limited Work Authorization

Pursuant to the provisions of 10 CFR 50.10(e) of the Nuclear Regulatory Commission's (Commission) regulations, the Commission has authorized the Washington Public Power Supply System to conduct certain site activities in connection with the WPPSS Nuclear Projects Nos. 1 and 4 prior to a decision regarding the issuance of construction permits.

The activities that are authorized are within the scope of those authorized by 10 CFR 50.10(e)(1) and 10 CFR 50.10(e)(3) and include site preparation, installation of temporary construction support facilities, excavation for certain facility structures, construction of service facilities, excavation for Category I structures and backfilling for laydown areas, and installation of ground grids and mudmats for Category I structures.

Any activities undertaken pursuant to this authorization are entirely at the risk of the Washington Public Power Supply System and the grant of the authorization has no bearing on the issuance of construction permits with respect to the requirements of the Atomic Energy Act of 1954, as amended, and rules, regulations, or orders of the Commission promulgated pursuant thereto.

A Partial Initial Decision on matters relating to the National Environmental Policy Act and site suitability and unresolved safety issues was issued by the Atomic Safety and Licensing Board in the above captioned proceeding on July 30, 1975. A copy of (1) the Partial Initial Decision; (2) the applicant's Preliminary Safety Analysis Report and amendments thereto; (3) the applicant's Environmental Report and amendments thereto; (4) the staff's Final Environmental Statement dated March 1975; and (5) the Commission's letter of authorization dated August 1, 1975, are available for public inspection at the Commission's Public Document Room at 1717 H Street, NW., Washington, D.C., and the Richland Public Library, Swift and Northgate Streets, Richland, Washington 99352. The Final Environmental Statement (Document No. NUREG–75/012) may be purchased at current rates from the National Technical Information Service, Springfield, Virginia 22161.

Dated at Rockville, Maryland, this 1st day of August, 1975.

For the Nuclear Regulatory Commission.

OLIVER LYNCH, Jr.,
*Acting Chief, Environmental Projects Branch 4, Division of Reactor Licensing.*

## SECURITIES AND EXCHANGE COMMISSION

[File No. 500–1]

### BBI, INC.

### Suspension of Trading

AUGUST 1, 1975.

The common stock of BBI, Inc., being traded on the American, and the Philadelphia-Baltimore Washington Stock Exchanges pursuant to provisions of the Securities Exchange Act of 1934 and all other securities of BBI, Inc. being traded otherwise than on a national securities exchange; and

It appearing to the Securities and Exchange Commission that the summary suspension of trading in such securities on such exchanges and otherwise than on a national securities exchange is required in the public interest and for the protection of investors;

Therefore, pursuant to section 12(k) of the Securities Exchange Act of 1934, trading in such securities on the above mentioned exchanges and otherwise than on a national securities exchange is suspended, for the period from August 2, 1975 through August 11, 1975.

By the Commission.

[Rel. No. 8872; 811-504]

### CROWN WESTERN INVESTMENTS, INC.

### Filing of Application

AUGUST 1, 1975.

Notice is hereby given that Crown Western Investments, Inc. ("Applicant") an investment company registered under the Investment Company Act of 1940 ("Act") as an open end diversified management company, filed an application on May 5, 1975, pursuant to Section 8(f) of the Act for an order of the Commission declaring that Applicant has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations made therein, which are summarized below.

The Applicant registered under the Act on July 9, 1945, by filing of Form N–8A, Notification of Registration. Shares of Applicant's two Series (Dallas and Diversified) were registered pursuant to the Securities Act of 1933.

On December 9, 1974, notice was given to Applicant's shareholders of a special meeting to consider and vote upon a proposal to sell the assets of the Applicant to Selected American Shares, Inc. ("American"), a registered investment company, in exchange for shares of such company; to distribute the shares of American to Applicant's shareholders; and subsequently to dissolve the Applicant. Applicant submits that such action was duly approved by the shareholders on January 30, 1975.

Applicant states that the assets of the Fund have accordingly been sold to American; that shareholders of each Series of the Fund received, in exchange, shares of American on the basis of the relative net asset value of each Series and of American as of the exchange date; and that the Applicant no longer has any shares issued or outstanding and will not issue additional shares in the future.

Applicant states further that all assets of Applicant, except for a small reserve for the payment of unpaid expenses of dissolution, have been transferred to American; that any monies remaining will be transferred to American which will credit those former shareholders of the Applicant who remain shareholders of American with appropriate amounts of additional shares of American; and that Applicant is not now making, nor does it propose to make, any future offering of its securities.

Section 8(f) of the Act provides, in pertinent part, that when the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order and, upon the effectiveness of such order, the registration of such company shall cease to be in effect.

NOTICE IS FURTHER GIVEN that any interested person may, not later than August 25, 1975, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service (by affidavit or, in the case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by Rule 0–5 of the Rules and Regulations promulgated under the Act, an order disposing of the application will be issued as of course following said date, unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS,
*Secretary.*

[FR Doc.75-20883 Filed 8-8-75;8:45 am]

[Release No. 19112, 70–5710]

### DELMARVA POWER & LIGHT CO.

### Proposal To Organize a Wholly Owned Subsidiary Corporation To Engage in the Exploration, Development, and Production of Natural Gas

AUGUST 1, 1975.

NOTICE IS HEREBY GIVEN that Delmarva Power & Light Company ("Delmarva"), a registered holding company, has filed an application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating Sections 6, 7, 9, 10, 12 and 13 of the Act and Rules 43 and 45 promulgated thereunder as applicable to the following proposed transaction. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transaction.

Delmarva proposes to organize and acquire, as a wholly owned subsidiary corporation, Delmarva Energy Company ("Energy"), a Delaware corporation. Delmarva will acquire, for $10,000, all 1,000 authorized shares of Energy's no-par common stock. Energy will engage in the business of exploration, development and production of natural gas and will engage in no activities which do not have as their primary goal the production of additional energy supplies for the use of Delmarva in serving its public utility customers. Energy's sole source of funds will be Delmarva. The operations of Energy will be consolidated with Delmarva for the purpose of tax and general accounting reports and for public utility rate matters. It is expected that the costs and benefits of Energy's activities will be fully recognized in setting applicable rates to Delmarva's customers.

It is further proposed that Energy will acquire a 7.5% limited partnership interest in E.R.I., Ltd. ("Partnership"), a limited partnership to be formed under Texas and Louisiana law. The Partnership will acquire, explore, develop and operate oil, gas and other mineral properties. The Partnership will be comprised of one general partner, Enterprise Resources, Inc., and five limited partners, each of which is a subsidiary of a gas distribution public utility seeking additional supply. The Partnership will terminate eighteen months from the date of its commencement unless extended by the partners.

In the event that a prospect is found capable of producing oil or gas in paying quantities, the Partnership will transfer ownership of the prospect to the partners free and clear of the partnership. Energy's ownership share in such a distribution would be 6.75%. Upon such transfer, the owners are bound to enter into an operating agreement covering such prospect, naming Enterprise Resources, Inc., as the operator. The operator would prepare a budget for development of the prospect which would be paid proportionately by the owners unless they elect not to participate in the devel-

opment costs. Upon such an election, rights to receive benefits from the prospect would be proportionately reduced. Partners have the right to take their share of any oil or gas produced in kind. To the extent feasible Energy expects to take and deliver to Delmarva all natural gas to which it is entitled.

Delmarva further proposes to provide Energy with funds over the next three years of not more than $1,000,000 to participate in the Partnership and prospects discovered. Such funds may be provided as contributions to capital, loans, consideration for goods and services, advance payment for energy supplies or in some other manner. Delmarva will provide $250,000 to Energy to enable it to met its initial commitment to the Partnership. Any funds to be provided by Delmarva to Energy in excess of the aforementioned amount will be the subject of future applications to this Commission.

The fees and expenses to be incurred in connection with this transaction are estimated at $5,500, including legal fees of $3,000. It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

NOTICE IS FURTHER GIVEN that any interested person may, not later than August 25, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicant-declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as filed or as it may be amended, may be granted and permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS,
*Secretary.*

[FR Doc.75-20884 Filed 8-8-75;8:45 am]

[Rel. No. 8871, 812-38133]

## DELAWARE FUND, INC. ET AL.

### Filing of Application

AUGUST 1, 1975.

NOTICE IS HEREBY GIVEN that Delaware Fund, Inc., Decatur Income Fund, Inc., Delta Trend Fund, Inc. (collectively referred to as the "Funds"), each of which is registered as an open-end diversified management investment company under the Investment Company Act of 1940 ("Act"), and Delaware Management Company, Inc. ("Management") (collectively referred to with the Funds as "Applicants"), have filed an application on May 28, 1975, for orders (1) pursuant to Section 11(a) of the Act to permit the Funds to offer to exchange their shares for shares of Delchester Bond Fund, Inc. ("Bond Fund") on a basis other than their relative net asset value per share at the time of the exchange; and (2) pursuant to Section 6 (c) of the Act exempting Applicants from the provisions of Section 22(d) of the Act and Rules 22d-1 and 22d-2 thereunder in connection with such exchanges. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

Bond Fund is an open-end diversified management investment company registered under the Act. Management is the principal underwriter for Bond Fund.

Management, as principal underwriter for each of the Funds and for Bond Fund, maintains a continuous public offering of the shares thereof at their respective net asset values plus a sales charge. At present, the applicable sales charge for the Funds and for Bond Fund varies with the quantity purchased in the transaction as follows:

| Size of transaction at offering price: | *Sales charge as percentage of offering price* |
|---|---|
| Less than $10,000 | 8.5 |
| $10,000 but under $25,000 | 8.0 |
| $25,000 but under $50,000 | 6.5 |
| $50,000 but under $100,000 | 4.5 |
| $100,000 but under $250,000 | 3.5 |
| $250,000 but under $500,000 | 2.5 |
| $500,000 but under $1,000,000 | 2.0 |
| $1,000,000 and over | 1.0 |

Shares of each of the Funds and of the Bond Fund may be exchanged for shares of any of the Funds or of the Bond Fund on the basis of the relative net asset value per share at the time of the exchange without any sales charge. In addition, shareholders of The Bond Fund who redeem their shares have for 30 days after redemption a one-time privilege, to the extent the redeemed shares would have been eligible for exchange, to purchase shares of the Funds without sales charge up to the dollar amount of the redemption proceeds.

Applicants state that Bond Fund's Board of Directors has approved a reduction in the sales charge of Bond Fund, to take effect upon the effectiveness of the necessary post-effective amendment to Bond Fund's registration statement, as follows:

| Size of transaction at offering price: | *Sales charge as percentage of offering price* |
|---|---|
| Less than $100,000 | 4.5 |
| $100,000 but under $250,000 | 3.5 |
| $250,000 but under $500,000 | 2.5 |
| $500,000 but under $1,000,000 | 2.0 |
| $1,000,000 and over | 1.0 |

Applicants propose to offer shares of each of the Funds to shareholders of Bond Fund for shares of Bond Fund that were purchased after the effectiveness of the Bond Fund sales charge reduction, on the basis of relative net asset values at the time of exchange plus a sales charge described in the prospectus of the Fund being acquired, less the sales charge paid on such Bond Fund shares at the time that they were originally acquired. An investor acquiring shares of one of the Funds through an exchange of shares of Bond Fund purchased at the reduced sales charges would, therefore, pay approximately the same overall charge that he would have paid had he purchased the same number of shares of one of the Funds directly.

Applicants represent that they will continue to exchange shares of each of the Funds for shares of Bond Fund which were purchased prior to the reduction of sales charges on the basis of the relative net asset value per share at the time of the exchange without any sales charge. Applicants further submit that no additional sales charge will be imposed upon the exchange of shares of Bond Fund which were acquired as a result of an exchange for shares of the Funds or as a result of the reinvestment of dividends or capital gain distributions on such Bond Fund Shares. Applicants say that in the event a shareholder desires to exchange a portion of his shares of Bond Fund, those shares that may be exchanged at relative net asset value without any additional sales charge will be exchanged first; and that the remaining shares to be exchanged will be selected from those shares entitled to be exchanged upon payment of the lowest additional sales charge.

Applicants further state that purchases of shares of the Funds by investors who redeemed Bond Fund shares within the previous 30 days will also include sales charges equal to the difference between the sales charges that were paid on the Bond Fund shares that were redeemed and the sales charges on the Fund shares acquired with the proceeds of such redemption. Purchases up to the dollar amount of proceeds from the redemption of Bond Fund shares that were acquired (1) prior to the sales charge reduction; (2) as a result of an exchange for shares of the Funds; or (3) as a result of the reinvestment of dividends or capital gains distributions on such Bond Fund Shares, will be made on the basis of relative net asset value per share at the time of the purchase without any sales charge. In the event a shareholder desires to purchase shares of the Funds in an amount less than the dollar amount of redemptions, those purchases which can be made at relative net asset value without any sales charge will be made first followed by those purchases entitled to the lowest additional sales charge.

Section 11(a) of the Act provides, in part, that it shall be unlawful for any registered open-end company or any principal underwriter for such company to make or cause to be made an offer to the shareholders of a security of such company or of any other open-end investment company to exchange his security for a security in the same or another such company on any basis other than the relative net asset values of the respective securities to be exchanged unless the terms of the offer have first been submitted to and approved by the Commission.

Section 22(d) of the Act provides, in part, that no registered investment company or principal underwriter thereof shall sell any redeemable security issued by such company to any person except at a current offering price described in the prospectus. Rule 22d-1 provides for exemption from Section 22(d) to the extent necessary to permit the sale of redeemable securities of a registered investment company at prices which reflect reductions in or eliminations of the sales load under certain stated circumstances. Rule 22d-2 provides, subject to certain conditions, for a further exemption from the provisions of Section 22 (d) to the extent necessary to permit, without sales charge, reinvestment in shares of such a company of the proceeds of a redemption of the same company's shares where the reinvestment takes place within 30 days of the redemption, or the purchase with such proceeds of shares of another investment company which offers to exchange its shares for shares of the company whose shares had been redeemed without any sales charge.

Applicants state that the purpose of the proposed exchange offer is to permit a shareholder of Bond Fund who changes his investment objective to change his investment to a different investment company without paying the full sales charge otherwise applicable. Applicants assert that the exchange offer to Bond Fund shareholders for Bond Fund shares acquired after the effectiveness of the reduced Bond Fund sales charge schedule cannot fairly be made at the relative net asset value of the Fund to be acquired because the Bond Fund shareholder would have paid substantially less sales load on his investment than similarly situated investors in the Fund to be acquired. Applicants further submit that if shares of the Funds could be acquired at net asset value by a Bond Fund shareholder exchanging Bond Fund shares purchased at the reduced sales loads, the purpose and spirit of Section 22(d) of the Act might be violated since an investor would be able to purchase shares of one of the Funds at a sales charge other than that described in its prospectus merely by purchasing shares of Bond Fund at the new reduced sales load rates and thereafter exchanging such Bond Fund shares for Fund Shares at net asset value.

Section 6(c) provides, in part, that the Commission, by order upon application, may conditionally or unconditionally exempt any person, security, or transaction or any class or classes of persons, securities, or transactions from any provision or provisions of the Act and the Rules promulgated thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

NOTICE IS FURTHER GIVEN that any interested person may, not later than August 28, 1975, at 5:30 p.m. submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication shall be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon applicants at the address stated above. Proof of such service (by affidavit or, in the case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by Rule 0-5 of the Rules and Regulations promulgated under the Act, an order disposing of the application will be issued as of course following said date unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS,
*Secretary.*

[FR Doc.75-20885 Filed 8-8-75;8:45 am]

[Rel. No. 8870, 812-3830]

## EDIE SPECIAL GROWTH FUND, INC.

### Filing of Application

AUGUST 1, 1975.

Edie Special Growth Fund, Inc. ("Growth"), a Delaware corporation and Edie Special Institutional Fund, Inc. ("Institutional"), a Delaware corporation (collectively referred to as the "Funds"), open-end diversified management investment companies registered under the Investment Company Act of 1940 (the "Act"), and Lionel D. Edie & Company, Incorporated, a Delaware corporation ("Edie"), the investment adviser to, and a shareholder of, the Funds (Funds and Edie collectively referred to as "Applicants") filed an application on June 30, 1975, pursuant to Section 17(b) of the Act, for an order of the Commission exempting from the provisions of Section 17(a) the proposed merger of Institutional into Growth and, pursuant to Section 17(d) of the Act and Rule 17d-1 thereunder, for an order of the Commission permitting Edie to participate, as a principal, in the merger of Institutional into Growth. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

Growth and Institutional were both organized under the laws of Delaware in February, 1969. As of March 31, 1975, such Funds had net assets of approximately $31,883,000 and $23,378,000, respectively.

The investment objective of both Funds is too seek long-term capital appreciation. The application states that the Funds' portfolios are substantially similar. Each of the Funds offers its shares through Edie Sales, Inc., a wholly owned subsidiary of Edie, at net asset value, with no sales load. The shares of Growth are offered to the general public. The shares of Institutional are offered for investment to pension and profit-sharing trusts and other organizations such as educational, religious and charitable institutions and foundations which are exempt from Federal income taxation under Section 501 of the Internal Revenue Code of 1954, as amended. Each of the Funds has, since its inception, qualified as a "regulated investment company" under the Internal Revenue Code.

Edie acted as sponsor of Growth and Institutional and owned, as of the date of filing of the application, 5314 and 2158 shares of Growth and Institutional, respectively. Edie Management Services, Inc., a Delaware corporation ("EMS"), a registered investment adviser and a wholly-owned subsidiary of Edie, is presently furnishing Growth and Institutional investment advisory services pursuant to substantially identical agreements that have been approved by the Board of Directors and stockholders of each of the Funds. The officers and directors of Institutional and Growth are identical, and such officers and three of the directors are officers and employees of EMS and Edie. Based on the foregoing, Institutional and Growth may be deemed to be affiliated persons of EMS and each other and Edie may be deemed to be an affiliated person of EMS within the meaning of Section 2(a)(3) of the Act.

Amended investment advisory agreements between EMS and each of the Funds will be submitted to their respective stockholders for approval at the same meetings at which such stockholders will consider and vote upon the pro-

posed merger. The amended investment advisory agreements will be identical to the current agreements between EMS and Growth and Institutional, except that the amended investment advisory agreements will provide for a fee payable to EMS at an annual rate of ¾ of 1% of the average daily net assets, as compared with a fee equal, on an annual basis, to ½ to 1% of the average daily net assets under the current agreements.

The proposed Agreement and Plan of Merger between the Funds will provide for the merger of Institutional with and into Growth, which will be the surviving corporation. The corporate existence of Institutional will cease on the effective date of the merger. The proposed merger is contingent upon, among other things, the approval thereof by the affirmative vote of the holders of a majority of the outstanding shares of common stock of each of the Funds and the receipt by the Funds of a ruling by the Internal Revenue Service to the effect that the proposed transaction will constitute a tax-free reorganization and that no gain or loss will be recognized by the Funds or their respective stockholders as a result of the transaction. The proposed merger is also conditioned upon the respective stockholders of each of the Funds approving the respective amended investment advisory agreements with EMS.

The aggregate expenses of the meetings of stockholders of Growth and Institutional at which, among other business to be transacted, the merger proposal will be considered and voted upon, are estimated to be $26,100 and $18,900, respectively, and, of such amounts, approximately $19,600 and $14,200, respectively, are estimated to be attributable to the proposed merger. In the event the proposed merger is not approved, the total expenses with respect to such meetings will be allocated between Growth and Institutional in approximately the same proportion as their respective net assets as of March 31, 1975, bear to each other. However, EMS has agreed to pay the expense of printing and mailing the proxy material to the extent such expense exceeds the amount thereof generally incurred in connection with regular annual meetings of stockholders of the respective Funds.

Each of the Funds intends to declare and pay to its respective stockholders dividends and distributions substantially equal to the amount of its respective net investment income and realized capital gains to the extent any such realized gains exceed any existing capital loss carry-overs, prior to the effective date of the merger, which is to be the first business day following the day of the meetings of stockholders of each of the Funds at which approval of the merger is obtained. Upon the effective date, each outstanding share of Institutional common stock will be converted into a number of shares of common stock of Growth having the same aggregate net asset value as a share of common stock of Institutional, each determined as of the close of business on the day of the meetings of stockholders of each of the Funds at which the meger is approved.

Although Section 262 of the General Corporation Law of Delaware affords appraisal rights to stockholders who dissent from a merger, subject to compliance by any such stockholders with the procedures set forth in said section, Applicants state that it is the position of the Commission (Investment Company Act Rel. No. 8752) that such procedures violate Rule 22c–1 under the Act, and further that such rule, under the Act, supersedes state law. Appraisal rights under Section 262 will not, therefore, be available to dissenting stockholders.

The Agreement and Plan of Merger will not provide for any adjustment of the net assets of either of the Funds to compensate stockholders for any potential Federal income tax consequences which may result from the differences between the Funds in realized or unrealized capital gains or losses. For the nine month period ended March 31, 1975, Growth and Institutional had net realized capital losses of $6,159,517 and $4,482,645, respectively, and the net unrealized depreciation of investments at March 31, 1975, were $6,785,896 and $2,803,666, respectively. As of June 30, 1974, Growth and Institutional had net capital loss carryforwards of approximately $7,431,000 and $4,214,000, respectively, which will be available to offset a like amount of future taxable capital gains through 1979. Although the capital loss carry-forward of Growth is somewhat larger than the capital loss carry-forward available to Institutional, Applicants are of the opinion that the terms of the Agreement and Plan of Merger in not providing for any adjustments with respect to these items are equitable.

Edie presently owns 5,314 and 2,158 shares of Growth and Institutional, respectively. The current value of these shares is approximately $97,299 and $99,592, respectively, and constitute approximately 0.27% and 0.42% of the outstanding voting securities of Growth and Institutional, respectively.

Section 17(a) of the Act, in pertinent part, provides that it shall be unlawful for any affiliated person of a registered investment company or any affiliated person of such person, acting as principal, knowingly to sell to or purchase from such registered investment company any security or other property. Section 17(b) of the Act provides that the Commission, upon application, may exempt from the provisions of Section 17(a) a proposed transaction if evidence submitted establishes the terms of the proposed transaction, including the consideration to be paid or received, are reasonable and fair and do not involve over-reaching on the part of any party to the transaction, and the proposed transaction is consistent with the policy of each registered investment company concerned and with the general purposes of the Act.

Applicants assert that the terms of the proposed merger are fair and reasonable insofar as Growth will be issuing its shares in exchange for shares of common stock of Institutional at a price not less than the net asset value of Growth's shares, and stockholders of Institutional will be receiving common stock of Growth equal in aggregate value to Institutional's net assets. Applicants assert that the larger asset base of the combined fund and the elimination of certain costs incurred in connection with maintaining two separate corporate entities, such as certain printing, auditing, legal and administrative expenses borne by Growth and Institutional separately, may result in a reduction of per share expenses incurred by the combined fund.

The Funds assert that the proposed merger is consistent with their respective investment policies insofar as stockholders of Institutional will receive shares of an open-end management company with identical investment objectives, fundamental policies and investment restrictions, and a combined investment portfolio which is substantially similar to the separate investment portfolios with respect to specific issuers.

Section 17(d) of the Act and Rule 17d–1 thereunder, taken together, provide, in pertinent part, that no affiliated person of any registered investment company and no affiliated person of any such person, acting as principal, shall participate in, or effect, any transaction in connection with any joint enterprise or arrangement in which such registered investment company is a participant unless an application regarding such joint enterprise or arrangement has been filed with the Commission and has been granted by an order. In passing upon such application, the Commission shall consider whether the participation of such registered investment company in such joint enterprise or joint arrangement on the basis proposed is consistent with the provisions, policies, and purposes of the Act and the extent to which such participation is on a basis different from or less advantageous than that of other participants.

The application states that Edie, through its receipt of shares of Growth in exchange for shares of Institutional pursuant to the proposed merger, might be deemed to be a participant in a joint enterprise with Growth and Institutional, and thus, subject to the provisions of Section 17(d) of the Act and Rule 17d–1 thereunder.

Applicants assert that the proposed merger is consistent with the provisions, policies and purposes of the Act. Applicants further assert that the participation of Edie, as a shareholder of Institutional, in the proposed merger will be on the same basis, i.e., net asset value, as all other shareholders of Institutional. Edie will bear any expenses of printing and mailing proxy material which exceed the amount generally incurred in connection with regular annual stockholder meetings.

NOTICE IS FURTHER GIVEN that any interested person may, not later than August 25, 1975, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reasons for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing

thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the Applicants at the address stated above. Proof of such service (by affidavit or, in the case of an attorney at law, by certificate) shall be filed contemporaneously with the request. As provided by Rule O–5 of the Rules and Regulations promulgated under the Act, an order disposing of the application will be issued as of course following said date unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS,
*Secretary.*

## MONONGAHELA POWER CO.

### Proposed Sale of Utility Assets Between Holding Company Systems and Between Subsidiary Companies of One Holding Company

AUGUST 4, 1975.

Notice is hereby given, That Ohio Power Company ("Ohio Power") and Wheeling Electric Company ("Wheeling"), electric utility subsidiary companies of American Electric Power Company, Inc. ("AEP"), a registered holding company, and Monongahela Power Company ("Monongahela") and West Penn Power Company ("West Penn"), electric utility subsidiary companies of Allegheny Power System Inc. ("APS"), a registered holding company, have filed an application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 9, 10 and 12(d) of the Act and rule 44 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transactions.

The proposed transactions generally involve the exchange by purchase and sale of certain facilities among the applicants-declarants. It is stated that the transactions are proposed in order to equalize ownership of and responsibilities for interconnection facilities between the parties. It is specifically proposed that the following transactions occur on September 1, 1975 (the "closing date").

Monongahela owns a substation near Weirton, West Virginia ("Weirton substation") which contains some equipment owned by Ohio. It is proposed that Ohio sell Monongahela this equipment for a price equal to the depreciated book value of the equipment on the closing date, which amount is estimated to be $135,000 as of that date. It is stated that this sale is proposed in order that Monongahela may subsequently upgrade the Weirton substation facilities.

It is also proposed that West Penn transfer and sell to Wheeling a portion of the Fort Martin-Kammer 500 KV line, located in West Virginia, for its depreciated book value as of the closing date. West Penn proposes to transfer such portion of this line as will equal the depreciated book value of the Weirton substation equipment sold by Ohio to Monongahela plus $35,933.

It is further proposed that Monongahela transfer and sell to West Penn a portion of the Wylie Ridge-Cabot 500 KV line located in West Virginia for its depreciated book value as of the closing date. Monongahela proposes to transfer such portion of this line as will equal the depreciated book value of the Weirton substation equipment sold by Ohio to Monongahela plus $35,933.

It is stated that the lines being sold and transferred will continue to be used for their present purpose after the consummation of the proposed transactions. The sales of the lines are proposed in order to equalize ownership of and responsibility for interconnection facilities between the AEP and APS systems. The amount of $35,933 is equal to expenditures previously made by APS in providing interconnection facilities on behalf of AEP.

It is stated that the West Virginia Public Service Commission has jurisdiction over various aspects of the proposed transactions and that no other state commission and no federal commission, other than this Commission, has jurisdiction over the proposed transactions. Fees and expenses to be incurred in connection with the proposed transaction are estimated at $3,500, including legal fees not to exceed $1,500.

Notice is further given, That any interested person may, not later than August 27, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicants-declarants at the above-stated addresses, and proof of service (by affidavit or, in the case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as it may be amended, may be granted and permitted to become effective as provided in rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS,
*Secretary.*

[FR Doc.75–20892 Filed 8–8–75;8:45 am]

[Rel. No. 19110, 70-5709]

## JERSEY CENTRAL POWER & LIGHT CO. ET AL.

### Proposed Transfers of Property Interests in Seven Proposed Sites

AUGUST 1, 1975.

Notice is hereby given, That Jersey Central Power & Light Company ("Jersey Central"), Metropolitan Edison Company ("Met Ed"), and Pennsylvania Electric Company ("Penelec"), electric utility subsidiary companies of General Public Utilities Corporation ("GPU"), a registered holding company, have filed an application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 9(a), 10, 12(d) and 12(f) of the Act and Rule 43 thereunder as applicable to the proposed transaction. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transaction.

Jersey Central, Met Ed and Penelec propose to make the necessary transfer of property interests and to adjust their respective present contractual obligations in order to provide for the ownership, as tenants-in-common, in varying percentage interests of an aggregate of seven proposed sites to be used for generation and related purposes ("Projects"). The respective interests in such sites to be used for generation and related purposes are based on the respective long term load and capacity forecasts of each of the companies and are designed to provide each company with ownership of generation capacity in amounts and types appropriately related to its forecast peak load. Based on expenditures to March 31, 1975, this will result in net payments and receipts by the companies as follows:

| | |
|---|---|
| Net Payments by Jersey Central | $7,871,543 |
| Net Payments by Penelec | 539,098 |
| Net Receipts by Met Ed | 8,410,641 |

The companies will require certificates of public convenience from the Pennsylvania Public Utility Commission for the limited service rights incident to their interests in the various projects. It is stated that the transfers and related transactions will occur as the necessary regulatory authorizations and releases are obtained. It is expected that all the transfers and payments will be effected not later than December 31, 1976, or earlier if feasible. The payments and receipts tabulated above will be adjusted to reflect expenditures incurred (including allowance for funds used during construction) until the actual transfers occur. Each such transfer and purchase will be made at the transferor's cost to the date of transfer. The application-declaration lists the respective Projects, the respective proposed ownerships therein, the investments in such Projects as of March 31, 1975, and the amounts to be paid and received as of that date.

The transfers will embrace the proportionate interests in all items of property (including engineering studies, environmental studies, leases, contracts, permits, etc.) which are part of such Projects and will be subject to all liens and encumbrances (other than the lien of the transferor's first mortgage bond indenture) existing at the date of such transfers, and to the extent required by the transferor, reserve unto the transferor easements for transmission and distribution facilities. After the transfers, each of the companies will bear its proportionate share of the payments to be made in carrying the investment of the Projects and in prosecuting such Projects in accordance with the provisions of Memorandum of Agreements.

The fees, commissions, and expenses to be incurred by the companies in connection with the proposed transaction will be supplied by amendment. It is stated that no state commission, other than the Pennsylvania Public Utility Commission, as mentioned above and no federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given, That any interested person may, not later than August 28, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicants-declarants at the above-stated addresses, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as filed or as it may be amended, may be granted and permitted to become effective as provided in rule 23 of the General rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

[Release No. 19113, 70-5711]

## LOUISIANA POWER & LIGHT CO.

### Proposal To Issue and Sell First Bortgage Bonds at Competitive Bidding

AUGUST 4, 1975.

Notice is hereby given, That Louisiana Power & Light Company ("Louisiana"), an electric utility subsidiary of Middle South Utilities, Inc. ("Middle South"), a registered holding company, has filed an application and an amendment thereto with this Commission pursuant to Sections 6(a) and 7 of the Public Utility Holding Company Act of 1935 ("Act") and Rule 50 promulgated thereunder regarding the following proposed transaction. All interested persons are referred to the application, as amended, which is summarized below, for a complete statement of the proposed transaction.

Louisiana proposes to issue and sell, subject to the competitive bidding requirements of Rule 50 promulgated under the Act, $50,000,000 principal amount of its first mortgage bonds, % Series having a term of not less than 5 nor more than 30 years. The interest rate on the bonds (which will be a multiple of ⅛ of 1%) and the price, exclusive of accrued interest, to be paid to Louisiana (which will be not less than 100% nor more than 102¾% of the principal amount thereof) will be determined by the competitive bidding. The bonds will be issued under Louisiana's Mortgage and Deed of Trust dated as of April 1, 1944, to The Chase Manhattan Bank of New York, Trustee, as heretofore supplemented and as to be further supplemented by a Twenty-second Supplemental Indenture to be dated as of September 1, 1975, which includes a prohibition, for a period of not more than five years, against refunding the bonds with the proceeds of funds borrowed at a lower effective interest cost.

Louisiana's Mortgage and Deed of Trust ("Indenture") as heretofore amended provides that in the computation of the "two times interest" coverage test for the issuance of additional bonds, the amount of the company's non-operating income (as defined) that may be taken into account shall not exceed 15% of the sum of net operating income plus non-operating income. This provision differs from the analogous provision of the Commission's Statement of Policy in respect of first mortgage bonds ("Policy Statement") adopted February 16, 1956 (HCAR No. 13105), which restricts the inclusion of non-operating income to an amount not exceeding 10% of operating income. Over recent years the Indenture provision has resulted in higher computed interest coverages than would have resulted from the provision prescribed by the Policy Statement.

As a first step toward conforming the Indenture provision with that of the Policy Statement, Louisiana's Twenty-second Supplemental Indenture to be dated as of September 1, 1975, will amend the Indenture provision so as to provide that, effective with the first series of bonds to be issued after December 31, 1975, the amount of includable non-operating income shall not exceed 14% of the sum of net operating income plus non-operating income. It is contemplated that said percentage will be successively reduced further in future supplemental indentures so that the Indenture provision (including, ultimately, the base to which the percentage shall apply) will finally conform in substance with the analogous provision of the Policy Statement.

Louisiana proposes to utilize the net proceeds from the issuance and sale of the proposed bonds to retire short-term debt outstanding and to finance its construction program (estimated at $140,500,000 for 1975). Fees and expenses incident to the proposed transaction are estimated at $152,000, including counsel fees of $48,000 and accounts' fees of $10,000. The fee of counsel for the successful bidders is estimated at $16,500 and is to be paid by the successful bidders. No State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given, That any interested person may, not later than August 28, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application, as amended or as it may be further amended, may be granted as provided in rule 23 of the General rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

[Rel. No. 19111, 70-5712]

## MISSISSIPPI POWER CO.

### Proposal To Amend Articles of Incorporation and Solicit Proxies

AUGUST 1, 1975.

Notice is hereby given, That Mississippi Power Company ("Mississippi"), an electric utility subsidiary of The Southern Company, a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating Sections 6(a) and 7 of the Act and Rule 62 promulgated thereunder as applicable to the proposed transactions. All interested parties are referred to said declaration, which is summarized below, for a complete statement of the proposed transactions.

Mississippi's Articles of Incorporation presently empower the Board of Directors to establish various series of preferred stock, and to fix and determine the relative rights and preferences, as to which there may be variations between different series. Mississippi proposes to authorize, by amendment to the Articles of Incorporation, the Board of Directors to fix and determine the sinking fund provisions, if any, for the redemption or purchase of shares of any series.

Mississippi further proposes that it be authorized by vote of the holders of its preferred stock to issue or assume, until July 1, 1982, securities representing unsecured debt having maturities of less than ten years in excess of 10% of capital, surplus and secured debt, provided that (a) the amount of securities representing unsecured debt having maturities of less than ten years outstanding on January 1, 1983, shall not exceed said 10% limitation, and (b) Mississippi's total indebtedness represented by unsecured securities shall at no time exceed 20% of capital, surplus and secured debt.

In furtherance of these proposals Mississippi proposes to solicit proxies from the holders of its outstanding stock in connection with the special meeting of shareholders to be called to take action upon the proposals. The fees and expenses to be incurred in connection with the proposed transactions are estimated at $28,000, including fee for solicitation of proxies of $10,000 and legal fee of $7,500. It is stated that no State commission or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given, That any interested person may, not later than August 26, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from its rules under the Act as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

[Release No. 34-11561; File No. S7-573]

## MUNICIPAL SECURITIES BROKERS AND DEALERS AND SPECIALISTS

### Application of Net Capital Requirements

*Introduction.* The Securities Acts Amendments of 1975 ("the 1975 Amendments") amended section 15(c)(3) of the Securities Exchange Act of 1934 ("the Act") by requiring the Commission to establish minimum financial responsibility requirements for all brokers and dealers. The 1975 Amendments also amended section 23(a)(1) of the Act to authorize the Commission to classify persons for purposes of implementing the provisions of the Act and prescribe greater, lesser or different requirements for different classes.

The Commission is of the view that it may continue to provide appropriate exemptions for brokers and dealers from the provisions of the net capital rule. However, the basic thrust of the legislation requires the establishment of minimum financial responsibility requirements for all brokers and dealers. The Commission has determined to solicit the views of interested persons on the question of the application of the recently adopted uniform net capital rule [1] to municipal securities brokers and dealers and on the question of appropriate net capital requirements to be applied to specialists.

*Municipal securities brokers and municipal securities dealers.* Prior to the enactment of the 1975 Amendments, municipal securities were included in the definition of exempted securities set forth in section 3(a)(12) of the Act and, therefore, brokers or dealers who effected transactions solely in municipal securities or other exempted securities were not subjected to rules adopted under section 15(c)(3) of the Act respecting financial responsibility and related practices. The 1975 Amendments modified section 3(a)(12) to provide that municipal securities would no longer be exempted securities for purposes of section 15 of the Act. Thus, as of December 1, 1975 (the effective date of the relevant provisions of the 1975 Amendments) municipal securities brokers and dealers other than banks will become subject to appropriate

[1] Securities Exchange Act Release No. 11497, June 26, 1975 [40 FR 29795].

financial responsibility requirements under section 15(c)(3).[1]

The Commission has determined to seek public comment from interested persons on any special problems which may be unique to such municipal securities brokers and dealers including those whose only customers may be professional securities dealers and banks. Comments are requested so that any problems which may exist may be appropriately resolved before all the provisions of the uniform net capital rule become effective.

*Specialists.* The net capital rule classifies specialists as a separate class of brokers and dealers and exempts them from its requirements. The separate classification is based on the fact that such specialists deal only with other brokers or dealers and have no public customers and, furthermore, conduct a business which is closely monitored and regulated by the exchanges. Nevertheless, the Commission does not believe that the exemption should be continued indefinitely.

The Commission is soliciting the views of all interested parties as to what types of capital requirements are appropriate for specialists as well as what minimum dollar capital requirements should be applied to all specialists. The alternative net capital concept would appear to be one approach which would be appropriate for specialists. The Commission has already solicited the views of the various self-regulatory organizations as to appropriate uniform financial responsibility requirements for specialists; copies of the views of such organizations are available for public inspection. (File S7-573).

Finally, it is the Commission's view that unique capital requirements appear to be appropriate for market makers, specialists and registered traders in options who do not deal with the public and who are not clearing members of the Options Clearing Corporation. Accordingly, specific comments are sought as to how the capital requirements applicable to such market makers, specialists and registered traders should be incorporated in minimum financial responsibility requirements for all brokers and dealers.

Interested persons are invited to submit their views to George A. Fitzsimmons, Secretary, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549, no later than August 31, 1975. Reference should be made to File No. S7-573. All comments received will be subject to public inspection.

[1] The terms "municipal securities dealer" and "municipal securities broker" are defined in sections 3(a)(30) and 3(a)(31) of the Act to include in general all persons engaged in buying and selling municipal securities for their account including banks. However, banks as defined in section 3(a)(6) of the Act continue to be excluded from the definitions of "broker" and "dealer" set forth in sections 3(a)(4) and 3(a)(5) of the Act and therefore are not subject to the provisions of section 15(c)(3) of the Act.

This advance notice of proposed rulemaking is issued under the authority of section 15(c)(3) of the Securities Exchange Act of 1934 (15 U.S.C. 78a) as amended by the Securities Acts Amendments of 1975 (Pub. L. 94-29).

By the Commission.

[SEAL] GEORGE A. FITZSIMMONS,
*Secretary.*

## WESTGATE CALIFORNIA CORP.

### Suspension of Trading

AUGUST 4, 1975.

It appearing to the Securities and Exchange Commission that the summary suspension of trading in the common stock (class A and B), the cumulative preferred stock (5% and 6%), the 6% subordinated debentures due 1979 and the 6½% convertible subordinated debentures due 1987, and all other securities of Westgate California Corporation being traded otherwise than on a national securities exchange is required in the public interest and for the protection of investors;

Therefore, pursuant to Section 12(k) of the Securities Exchange Act of 1934, trading in such securities otherwise than on a national securities exchange is suspended, for the period from August 5, 1975 through August 14, 1975.

By the Commission.

## OFFICE OF THE SPECIAL REPRESENTATIVE FOR TRADE NEGOTIATIONS

### UNFAIR TRADE PRACTICES

### Hearings

Notice of public hearings relating to a petition filed by Delta Steamship Lines, Inc. pursuant to Title III, Sec. 301 of the Trade Act of 1974, alleging certain unfair trade practices by the Government of Guatemala.

TIMETABLE

I. Hearings will be Tuesday, Sept. 16 and Wednesday, Sept. 17, 1975, beginning at 10 a.m. in Room 730, Office of the Special Representative for Trade Negotiations, 1800 G Street, N.W., Washington, D.C. 20506. Hearings may be held on additional days if necessary.

II. Requests to present oral testimony and accompanying briefs must be received on or before Monday, Sept. 8, 1975.

1. *Previous Public Notice.* In the FEDERAL REGISTER of July 10, 1975 (40 F.R. 29134) a petition received from Delta Steamship Lines, Inc. was published and views of interested parties were solicited pursuant to the requirements of subsections 301(d)(2) of the Trade Act of 1974.

2. *Subject Matter of Public hearings.* The terms of reference of the public hearings are set forth in the petition of Delta Steamship Lines, Inc., published in the FEDERAL REGISTER on July 10, 1975 (40 FR 29134). Delta Steamship Lines, Inc. alleges certain unfair trade practices by the Government of Guatemala which are condemned by Sec. 301 of Title III of the Trade Act of 1974.

3. *Submission of Briefs and Requests to Present Oral Testimony.* (a) Requests for oral testimony and submission of written briefs should conform to the rules of the TPSC set forth in 40 FR 18421, sec. 2003.2 and 2003.4.

(b) Requests to present oral testimony should be sent to the Secretary, Trade Policy Staff Committee, Office of the Special Representative for Trade Negotiations, Room 729, 1800 G St., N.W., Washington, D.C. 20506.

(c) Requests to present oral testimony must state briefly the interest of the applicant in the subject matter and the position to be taken by the applicant.

In addition, requests to present oral testimony should include the following information:

The name, address, telephone number, and official position (if applicable) of the party submitting the request.

The subject or subjects to be dealt with in the proposed testimony, listed individually and described with sufficient particularity to identify the law, regulation, or practices to be discussed and the country or countries involved.

The name, address, and telephone number of the person (or persons) who will present oral testimony.

The amount of time requested for the presentation of oral testimony and the reasons therefore.

Each person scheduled to appear will be notified of the date and the amount of time allotted for his presentation. If such time is inconvenient to the person requesting appearance, the Office of the Special Representative for Trade Negotiations will consider rescheduling that person. The Office of the Special Representative for Trade Negotiations reserves the right to restrict the time allotted for oral presentation and to deny requests when it determines that the proposed testimony is not relevant to the hearings.

(d) Briefs not related to requests to present oral testimony may be submitted at any time, but should be submitted prior to Sept. 17 in order to receive adequate consideration. This date supercedes the date of Aug. 15 noted in 40 FR 29135 (July 10, 1975). Every written brief must present in nonconfidential form a statement of the party's position and supporting arguments sufficient to inform any other party of the arguments he must meet in order to oppose the position taken in the brief.

(e) Briefs should be submitted in 20 copies.

4. *Suggestions on the Preparation of Written Briefs and Oral Testimony.* While there are no formal regulations on the format or content of the material submitted (other than those mentioned in paragraph 3 of this Notice), it is suggested that those preparing testimony or briefs for submission include the following points in their submission:

(a) An introductory summary statement indicating the interest of the witness or person on whose behalf the brief is submitted.

(b) Where applicable, a description of the U.S. or foreign law, regulation, or should be appended to the brief. If this Whenever possible, copies of laws or regulations which are under discussion should be appended to the brief. If this is not possible, the laws and regulations should be identified with the greatest possible particularity, such as by appropriate citations.

(c) Identification of any foreign country or countries the laws or practices of which are discussed in the brief.

(d) A description of how the foreign practice affects the interest of the witness.

While the full presentation of oral testimony is welcomed, it is preferable that such testimony not duplicate material submitted in writing, since both will be reviewed. Instead, oral presentations should emphasize the salient points of the briefs submitted, expand upon their contents when necessary, cover any developments since the briefs were submitted, and emphasize materials not easily susceptible to explanation in writing. Witnesses should be prepared to answer questions.

5. *Rebuttal Briefs.* In order to assure parties the opportunity to contest the information provided by other interested parties, rebuttal briefs may be filed by any party within 15 days after the close of the hearings. Rebuttal briefs must conform, in form and number (except that the requirement that briefs be submitted in 20 copies is hereby waived) to the provisions of this notice applicable to written briefs. Rebuttal briefs should be limited to demonstrating errors of fact or analysis not pointed out in the briefs or hearings, and should be as concise as possible.

6. *Information Exempt from Public Inspection.* Parties are referred to Sec. 2003.6 of the TPSC regulations, published in the FEDERAL REGISTER of April 28, 1975 (40 FR 18419). Those rules concerning information labelled "Business Confidential" which is exempt from public inspection, apply to information received pursuant to this notice.

Oral testimony should contain no confidential information. Any business confidential information should be attached to briefs and be easily separable. If it is determined that the information supplied cannot be accorded confidential treatment, that material will be returned to the Addressee.

7. *Public Inspection of Written Materials.* All nonconfidential written materials filed with the STR in connection with these hearings will be open to public inspection, by appointment, at the Office of the Trade Policy Staff Committee, Room 729, 1800 G Street, N.W., Washington, D.C. 20506.

8. *Transcripts of the Hearings.* All oral testimony presented at the hearing will be recorded and transcribed. Persons giving testimony may correct errors of form or expression in their testimony, but may not change substance. All corrections must be approved by the Secretary of the TPSC. The cost of making such corrections will be the responsibility of the person requesting the corrections.

Transcripts of the hearings will be available for inspection or purchase.

9. *Attendance at the Hearings.* The hearings will be open to the public. Heavy or disruptive equipment, such as television equipment, will not be admitted to the hearings without the permission of the Chairman.

10. *Communications.* All communications with regard to these hearings should be addressed to: Secretary, Trade Policy Staff Committee, Office of the Special Representative for Trade Negotiations, 1800 G Street, N.W., Room 729, Washington, D.C. 20506. The telephone number of the Secretary of the Committee is (202) 395-3395.

CLAYTON YEUTTER,
*Deputy Special Representative*
*for Trade Negotiations.*

## SECTION 301 OF THE TRADE ACT OF 1974

### Complaint

On July 17, 1975 the Special Representative for Trade Negotiations received from the United Egg Producers a petition alleging unfair trade practices by Canada against United States commerce in commercial eggs and requesting relief under section 301 of the Trade Act of 1974 (P.L. 93-618; 88 Stat. 1978). On July 21, 1975 the Special Representative received from the American Farm Bureau Federation a petition also alleging unfair trade practices by Canada against United States commerce in commercial eggs and requesting relief under section 301. The texts of the petitions are as follows:

UNITED EGG PRODUCERS,
*Washington, D.C., July 17, 1975.*

The Honorable CLAYTON YEUTTER,
*Deputy Special Representative, Office of the Special Representative for Trade Negotiations, 1800 G St. NW., Washington, D.C. 20506*

DEAR MR. YEUTTER: In compliance with Section 2003.2(e), Rules and Regulations of the Office of the Special Representative for Trade Negotiations, I am enclosing the brief of United Egg Producers on the subject of the Canadian Import Controls on U.S. Commercial Eggs. Previous communications with your office have signalled the problem and have recommended action by the President under Section 301 of the Trade Act of 1975. The enclosed brief outlines in more detail the Canadian quota plan, its history, previous problems, and our recommendations for response by the U.S. government.

At this time, United Egg Producers is not requesting a public hearing as provided in Section 2003.3, but reserves the right to make such a request at a later date as provided in Subsection (a) of Section 2003.3. We are hopeful that the existing problems will be resolved without the necessity of such hearing. Thanking you for your continued concern in behalf of the egg industry, I am

Sincerely,

JAMES F. FLEMING,
*Vice President, Governmental Relations.*

BRIEF ON CANADIAN IMPORT CONTROLS ON U.S. COMMERCIAL EGGS

On July 4, 1975 the Canadian Minister of Agriculture, Eugene Whelan, announced the imposition of import controls on commercial shell eggs (chicken eggs in the shell) and further processed egg products from the United States. The action took effect at midnight on July 4, effectively closing the border to further U.S. egg imports until a system of import licensing was established and entry permits issued. The licensing system was announced on Monday, July 7, and the first permits were issued shortly thereafter.

Under the import plan, U.S. egg marketers are allocated 0.36 percent (thirty-six one hundredth of one percent) of the annual Canadian commercial market for shell eggs. The formula is derived from five-year Canadian egg production figures which averaged, according to the Canadian government, 475 million dozen eggs annually between 1969-1973. Therefore, the U.S. annual quota for shell eggs wil be approximately 54,000 cases (30-dozen per case). For the balance of 1975, some 36,000 cases will be allowed. Monthly quotas will be announced by the Canadian government based on the historical marketing patterns for eggs during the five-year base period. The monthly quota for July was announced at 3,750 cases—less 500 cases which was the average for the first four days of July.

For processed eggs, the Canadians have established a quota system based on case equivalents. Dried eggs allowed into the country will be equivalent to 84,360 cases of shell eggs, and frozen eggs will be allowed equal to 57,060 cases of shell eggs. These annual quotas will be divided

equally into four quarterly quotas, the Canadian government has said.

Unfilled quotas can not be carried over into a new quota period. Shipments must not exceed the allocated permit for such shipment.

The border restrictions are for an indefinite period. Future quotas will be adjusted according to the historical marketing pattern and the demand for shell eggs in Canada. The formula of 0.36 percent (thirty-six one hundredths of one percent) of the Canadian commercial shell egg market can also be adjusted to the prevailing supply and demand factors of that country.

### Background

For several years, Canadian egg producers have attempted production controls based on historical demand formulas within the individual provinces. Simply, egg producers within the provinces elected to organize egg boards to administer a system of production quotas deemed necessary to keep the supply of eggs in compliance with consumer demand at a profit to producers. The boards set quotas for each egg producer owning 500 or more laying hens, established the minimum price egg processors must pay producers for their quota eggs, and assess producers an amount sufficient to administer the control program. The assessments are used both to finance the board's operations and to purchase eggs from packers that are not needed in the marketplace during any given time period. The "removed" eggs, and the over-quota eggs are pooled by the boards and sold somewhere outside the normal commercial marketing channels of that province. This is done in order to maintain the established price.

The program began with separate government authorized, producer-operated provincial egg marketing boards. Following several inter-provincial disputes, the national government authorized a federation of the provincial boards into a single, national egg board known as the Canadian Egg Marketing Agency (C.E.M.A.). This agency was charged with the responsibility of managing the national supply of eggs to meet the national demand at a price which would return a profit to egg producers.

Under the national plan, provincial boards manage local egg production and marketing. Surpluses of both quota and over-quota eggs are removed by the provincial boards and transferred to C.E.M.A. A portion of the assessments levied against each egg producer is paid to C.E.M.A. for its administration and for the removal of surplus eggs. C.E.M.A. attempts to remove all the surplus eggs from the provinces without disrupting the provincial marketing programs. The surpluses were exported, processed into egg products, and donated to world food organizations through the Canadian government.

In 1974, several million eggs spoiled in storage in Canada under the C.E.M.A. administration, the agency incurred an indebtedness of several million dollars, and all the individual provincial egg marketing boards withdrew from affiliation with C.E.M.A. During 1974, United Egg Producers charged C.E.M.A. was dumping eggs in the U.S. in violation of the Anti-Dumping Act of 1921. From April, 1974 until September, 1974, the Canadians imposed import restrictions on U.S. shell eggs. During that time the surplus produced was overwhelming. In the Fall of 1974, the individual egg boards again assumed the provincial marketing of eggs for their producers, but in the Spring of 1975, these boards again were unable to control domestic egg supplies within a profitable price structure. One of their problems was the close proximity of U.S. egg production. Whenever Canadian prices rose to a point to attract U.S. eggs, the U.S. producers readily responded. This trade continued during the same time provincial egg marketing boards were removing eggs from their market in order to support the artificially high market prices which the boards had set.

In March of 1975, Minister Whelan promised egg producers that he would close the border to U.S. eggs if Canadian egg producers would adjust their production to meet the domestic needs. A national laying flock size of 19.9 million hens was adopted as the target figure. In May, Canadian egg producers petitioned the Agriculture Minister to impose border restrictions. At that time the Canadian Department of Agriculture was reporting a flock size in excess of 24 million layers. Later the egg producers presented the Minister with an ultimatum—either impose border controls by June 10 or they would dissolve C.E.M.A.

On June 10, Minister Whelan announced he was sending a delegation to Washington, D.C., to outline to U.S. officials his plan for restricting U.S. egg imports. The meeting was held at the U.S. State Department on Wednesday, June 11, with representatives of the State Department, U.S. Department of Agriculture, and a representative from the Office of the Special Representative for Trade Negotations. According to reports from that meeting, the Canadian spokesmen made it clear their purpose was to advise the U.S. officials of their plans and not to negotiate the terms. They told U.S. officials the plan would be officially announced on June 12.

Because of internal problems with the formal adoption of the national egg marketing plan—which each provincial egg board was required to endorse—the implementation of the plan did not come about until July 4. As far as we can determine, the announcement was made without preliminary notice to any U.S. government agency.

### Canada Claims GATT Authorization

Minister Whelan claims the Canadian action is authorized by the General Agreement on Tariffs and Trade (GATT). He cites provisions of GATT which states that a government may impose import controls on products of another country which are imported in competition with domestic products which are under a government-administered domestic supply control program. Minister Whelan further states that the U.S. would be in violation of GATT if it retaliated by cutting imports.

### Canadian Claim Challenged

In the opinion of United Egg Producers, the Canadian program does not conform to the provisions of GATT, primarily because the current national plan does not balance the supply of eggs with demand within the country. Additionally, we do not believe the official agreement between C.E.M.A. and the provincial egg marketing boards is legally binding upon the provinces or the egg producers within the provinces. Statistical reports from the Canadian Department of Agriculture indicates the laying flock in the nation is approximately five million hens over the national quota, and there are approximately 68 egg producers in Quebec Province who own approximately 1.8 million layers that are not included in the national plan.

U.S. egg producers offer Canadian export statistics as evidence that the supply control program in Canada does not match supply with demand. According to the Poultry Market Report of the Canadian Department of Agriculture, through the week of July 5, 1975 some 136,862 cases of commercial shell eggs had been exported from Canada into the United States. These figures indicate that almost 10,000 cases of this number entered the U.S. from June 1 to July 7.

U.S. egg producers contend that if the Canadians have a true domestic supply program in effect, there would be no surplus eggs to export to the United States, or any other foreign country.

### Egg Producers' Recommendation

United Egg Producers has a long-standing policy advocating free international trade (see testimony before U.S. International Trade Commission of March 7, 1975 and before Trade Policy Staff, Office of the Special Representative for Trade Negotiations, June 6, 1975). Similarly, our policy advocates strong U.S. action to maintain free trade and failing in that effort, to impose similar or equal economic sanctions against any country which practices trade restrictions. We strongly believe the U.S. should not permit one-way international trade or unfair international trade policies which affect U.S. products.

Therefore, we recommend the following U.S. government response to the arbitrary Canadian egg import controls:

(1) A strong U.S. statement to the Canadian government requesting restoration of free trade in eggs between the U.S. and Canada;

(2) A petition to GATT requesting an immediate investigation of the Canadian restrictions on U.S. eggs; and

(3) Imposition of quotas on Canadian eggs equal to quotas allocated U.S. egg producers until such time as free trade is restored.

The reasons for this position is simply to exert the U.S. government's position of strength in international trade in support of free trade and to stand strong against the imposition of selective embargoes against any U.S. products. Already the Canadian government practices border controls on beef, turkeys, petroleum, and, now, eggs. Press reports indicate plans are already being made to restrict U.S. sales of fresh and frozen poultry. One by one—unless some counter-measures are taken by the U.S. government—Canada will shut off trade with the U.S. at anytime it is to its advantage while taking advantage of the U.S. market for their products.

Since we do not believe the Canadian plan meets the criteria of GATT, we believe the U.S. could win this international trade question by actively pursuing the matter before GATT. Such an investigation could take months, so we also recommend the imposition of import quotas on Canadian eggs until the question is resolved. The imposition of similar controls on Canadian egg imports should serve as a protection to U.S. egg markets and have no adverse effect on Canadian egg producers since C.E.M.A. is not supposed to have any surplus eggs to ship to the U.S. or any other foreign country. On what basis could the Canadians claim the U.S. violated GATT by such a step, when, if they themselves have not violated GATT, they should have no surplus eggs to export?

### Conclusion

The question raised by the imposition of import controls on U.S. eggs is not a major economic question in terms of volumes of shell eggs in international trade. It is significant to U.S. egg producers only in terms of possible effect. For instance, the reaction of the Chicago Shell Egg Futures on Monday, July 7, to the Canadian control was an immediate decline in egg futures down 60 points in spot July to 155 points lower in October.

The importation of commercial shell eggs at any given time could have an adverse effect on the U.S. egg market. Depending on the strength of the market at the time, the importation of a single truckload could cause the market to drop 1¢ or cause the market to remain at the current level when it should have risen by a half-cent or one cent. The inelasticity ratio is said to be 1:7—one percent change in supply causes a seven percent change in price. Economists estimate a 1¢ rise in the egg market means approximately $1.2 million per week to U.S. egg producers. Once the price rise is lost, there is no way to determine if it is ever recovered.

In 1974, U.E.P. estimated the Canadian egg marketing practices had cost U.S. egg producers approximately $45.6 million. Depending on several economic variables, U.S. egg producers could lose this much, or even more, in 1975 if C.E.M.A. employs export sales practices such as those of last year.

In volume figures alone, it is evident the Canadian egg producers have shipped more eggs to the U.S. than has gone to Canada. In 1974, U.S. shipments of commercial shell eggs to Canada amounted to 194,409 cases, while imports from Canada amounted to 436,514 cases. These figures are from the Canadian Poultry Market Report and includes only graded, commercial shell eggs.

Obviously, from the import-export figures cited above, the Canadian egg producers have more to gain in a free international market than does the U.S. egg producer. Obviously, U.S. producers are at a serious disadvantage when artificial import controls prevent free international trade. Part of the difference involved in the 1974 figures resulted from the imposition of import quotas on U.S. eggs between April and September, 1974 by the Canadian government.

American Farm Bureau Federation,
*Park Ridge, Ill., July 21, 1975.*

Hon. Frederick B. Dent,
*Special Representative for Trade Negotiations, 1800 G St., Washington, D.C. 20506*

Dear Mr. Dent: The Canadian government has imposed quota restrictions on U.S. shell and processed eggs, which became effective at midnight on July 4. U.S. egg producers will be allocated 0.36 percent of the Canadian domestic market, based on 1969–73 Canadian production, or approximately 54,000 cases of shell eggs in a 12-month period. In 1974, Canada's inspected imports of shell eggs from the United States (excluding eggs for hatching) totaled 195,759 cases.

We consider this action totally unjustified and contrary to the concept of mutually advantageous freer trade which both nations profess to support.

Therefore, we request that you further investigate this matter and that the President exercise his authority under Title III, Section 301, of the Trade Act of 1974, to bring about the elimination of this unreasonable trade restriction.

We specifically request that serious consideration be given to the imposition of counter-quotas on Canadian eggs shipped to the U.S. for as long as Canada restricts the importation of U.S. eggs.

Sincerely,

William J. Kuhfuss,
*President.*

The petitioners have not requested a hearing on this complaint.

Interested parties are invited to present their views on this matter to the Secretary, Trade Policy Staff Committee, Office of the Special Representative for Trade Negotiations, Room 729, 1800 G Street NW., Washington, D.C. 20506. It is requested that such views be submitted by September 22, 1975.

Morton Pomeranz,
*Chairman, Section 301 Committee, Office of the Special Representative for Trade Negotiations.*

## LEGAL SERVICES CORPORATION

### BY-LAWS

### Notice of Establishment

The Legal Services Corporation was established pursuant to the Legal Services Corporation Act of 1974, Pub. L. 93–355, 88 Stat. 378, 42 U.S.C. 2996–2996*l*, §§ 2971e, 2996b note ("the Act"). Pursuant to Section 1008(e) of the Act, the Corporation herewith publishes the proposed By-laws of the Legal Services Corporation.

Public comment will be received by the Corporation at its temporary office, Room 413, 1725 K Street, N.W., Washington, D.C. 20006, on or before September 10, 1975. Comments may be accompanied by a memorandum or brief in support thereof. Received comments may be seen at the above offices during business hours, Monday through Friday.

The Board of Directors of the Legal Services Corporation at its meeting of August 5, 1975, adopted the following By-laws as temporary By-laws for the Corporation, with the exception of sections 4.08 and 5.02(c). Sections 4.08 and 5.02(c) are published together with alternative language for those sections. Final By-laws will be issued by the Corporation after the Board of Directors has reviewed and considered public comment received pursuant to this notice.

ARTICLE I—NATURE, POWERS, AND DUTIES OF THE CORPORATION

Section 1.01. *Nature of the Corporation.* Legal Services Corporation (the "Corporation") is the corporation established by Section 1003 of the Legal Services Corporation Act, 42 U.S.C. 2996–2996*l* (the "Act"), which was added to the Economic Opportunity Act of 1964 as Title X thereof by an Act of Congress cited as the Legal Services Corporation Act of 1974, Public Law 93–355, approved July 25, 1974, 88 Stat. 378. The Act establishes the Corporation in the District of Columbia as a private nonmembership, nonprofit corporation for the purpose of providing financial support for legal assistance in noncriminal proceedings or matters to persons financially unable to afford legal assistance. Except as may be otherwise provided in the Act, the Corporation is not considered a department, agency, or instrumentality of the United States Government.

SEC. 1.02. *Powers and Duties.* The powers and duties of the Corporation are as set forth in the Act. The powers of the Corporation include, to the extent consistent with the Act, the powers conferred upon a nonprofit corporation by the District of Columbia Nonprofit Corporation Act, D.C. Code Title 29, Chapter 10, other than the power to cease corporate activities.

ARTICLE II—OFFICES AND AGENTS

SEC. 2.01. *Principal Office.* The Corporation shall maintain its principal office in the District of Columbia.

SEC. 2.02. *Agent.* The Corporation shall maintain in the District of Columbia a designated agent to accept service of process for the Corporation.

SEC. 2.03. *Other Offices and Agents.* The Corporation may also have offices and agents at such other places, either within or without the District of Columbia, as the business of the Corporation may require.

ARTICLE III—BOARD OF DIRECTORS

SEC. 3.01. *General Powers.* The property, affairs, and business of the Corporation shall be under the direction of the Board of Directors (the "Board"), subject to the provisions of the Act.

SEC. 3.02. *Number, Terms of Office, and Qualifications.*

(a) The Board shall consist of eleven voting members and the President of the Corporation ex officio. The voting members shall be appointed by the President of the United States by and with the advice and consent of the Senate. No more than six of the voting members shall be of the same political party. A majority of the voting members shall be members of the bar of the highest court of a state. None of the voting members shall be a full-time employee of the United States.

(b) The term of office of each voting member of the Board shall be three years, except that five of the members first appointed have been designated by the President of the United States to serve for a term of two years. Each member of the Board shall continue to serve until his successor is elected and qualified. The term of the initial members of the Board shall be computed from July 14, 1975, the date of the first meeting of the Board. The term of each member of the Board other than the initial members shall be computed from the date of termination of the preceding term. Any member of the Board appointed to fill a vacancy occurring prior to the expiration of the term for which such member's predecessor was appointed shall be appointed for the remainder of such term. No member of the Board shall be reappointed to more than two consecutive terms immediately following such member's initial term.

(c) All references in these By-laws to the members of the Board or to the Directors shall mean the voting members appointed by the President of the United States.

SEC. 3.03. *The Chairman of the Board.* The initial Chairman of the Board, during the period July 14, 1975 to July 13, 1978, shall be the member of the Board initially designated as Chairman by the President of the United States or, if he should resign or otherwise vacate office, the member subsequently so designated by the President of the United States. Thereafter, annually or at such other time as there may be a vacancy in this office, the Board shall elect a Chairman of the Board from among its voting members who shall serve in such capacity until his successor has been duly elected and qualified, or until he shall resign or otherwise vacate his office or his Board membership. The Chairman of the Board shall preside at all meetings of the Board, shall carry out all other functions required of him by the Act and these by-laws, and shall perform such other duties as from time to time may be assigned to him by the members of the Board.

SEC. 3.04. *Qualification.* A person shall be deemed to have qualified as a Director, or as the Chairman of the Board, when upon his appointment or selection, as the case may be, he has affirmed or executed a statement, in a form provided by the Board, faithfully to discharge his duties.

SEC. 3.05. *Outside Interests of Directors.*

(a) No member of the Board may participate in any decision, action, or recommendation with respect to any matter which directly benefits such member or pertains specifically to any firm or organization with which such member is then associated or has been associated within a period of two years. For the purposes of this Section, (1) a member of the Board shall be deemed "associated" with a firm or organization if he (A) is serving or has served within the past two years as a director, officer, trustee, employee, or partner thereof, (B) is negotiating or has any arrangement concerning prospective employment therewith, or (C) has or has had within the past two years any financial or ownership interest therein; (2) the President of the Corporation shall be deemed a member of the Board; (3) the term "member of the Board" includes a member of the immediate family of a member of the Board; and (4) the term "member of the immediate family" of a member of the Board means a spouse, child, parent, brother, or sister of such member of the Board, or a spouse or relative of any of the foregoing who has the same home as such member of the Board. If a Director knowingly violates this subsection in connection with any transaction, the validity of the transaction shall not be affected by the violation, but if the transaction was unfair to the Corporation at the time it was entered into, the Director may be liable to the Corporation for any damages resulting from such unfairness.

(b) Pursuant to procedures to be established by the Board from time to time, each member of the Board, upon assuming office and at least annually thereafter, shall file with the Secretary a statement identifying any firm or organization with which he is then or has been within the past two years associated (as hereinabove defined) and the nature of the association. In the event the association is a result of a financial interest, that fact shall be reflected in the statement, but the member need not reveal the degree of financial interest. Such statements shall be available for public inspection.

SEC. 3.06. *Removal.*

(a) A Director may be removed, by a vote of seven members at a meeting of the Board, for persistent neglect of or inability to discharge duties, for malfeasance in office, or for offenses involving moral turpitude, and for no other cause.

(b) When a Director has been absent from three consecutive meetings of the Board or from one-half of the meetings held during a two-year period, the Secretary shall notify him in writing that the agenda for the next meeting of the Board shall include the question whether he should be removed for persistent neglect of or inability to discharge duties.

(c) The Board shall consider whether a Director shall be removed for malfeasance in office or for offenses involving moral turpitude when five or more Directors have stated in writing that they believe there is reasonable cause for such action, giving specific allegations in support of such belief.

(d) A Director may not be removed unless (1) notice of the basis of removal has been given to such Director at least thirty days before a vote is taken concerning his removal and (2) the Director has been afforded the opportunity to contest his removal by making written submissions to the other members of the Board and by appearing in person, with or without counsel present, at the meeting at which the vote concerning removal is taken.

SEC. 3.07. *Resignation.* A Director may resign at any time by giving written notice of his resignation to the President of the United States and to the President of the Corporation. Notice of a resignation shall be posted at the offices of the Corporation in an area to which the general public has access. A resignation shall take effect at the time received unless another time is specified therein. The acceptance of a resignation shall not be necessary to make it effective.

SEC. 3.08. *Compensation.* Directors shall be entitled to receive, at appropriate rates prescribed from time to time by the Board, not in excess of the rates established for consultants to the Federal Government, per diem compensation for their services as members of the Board or of any committee thereof and reimbursement for travel, subsistence, and other expenses necessarily incurred in connection therewith. A Director shall not serve the Corporation in any other capacity or receive compensation for such services, except as authorized by the Board.

ARTICLE IV—MEETINGS OF DIRECTORS

SEC. 4.01. *Regular Meetings.*

(a) Regular meetings of the Board shall be held at least four times a year, on the first Friday of March, June, October, and December if not a legal holiday or, if a legal holiday, then on the next business day following, at 10:00 a.m., or at such other date and time as shall be determined by a majority of the members of the Board. Such regular meetings shall be held in the District of Columbia unless a majority of the members of the Board otherwise determine. Notice of the place of a regular meeting shall be mailed to each Director at least ten days before the date of the meeting or shall be telegraphed or delivered at least five days before such date.

(b) In the event a majority of the members of the Board agree to postpone a regular meeting, notice of such postponement shall be mailed to each Director at least five days before the scheduled date for such meeting or shall be telegraphed or delivered at least three days before such scheduled date. In the event a majority of the members of the Board agree to reschedule a regular meeting to a date in advance of the scheduled date for such meeting, notice of such rescheduling shall be mailed to each Director at least twenty-one days before the rescheduled date for such meeting or shall be telegraphed or delivered at least fifteen days before such rescheduled date. Every such notice shall specify the place, day, and hour of the rescheduled meeting.

SEC. 4.02. *Special Meetings.* Special meetings of the Board may be called by the Chairman of the Board or shall be called upon receipt by him of a written request from five or more members of the Board or from the President of the Corporation and four or more members of the Board. Notice of any such meeting shall be mailed to each Director at least seven days before the date on which the meeting is to be held or shall be telegraphed or delivered at least three days before such date. Every such notice shall specify the place, day, and hour of the meeting.

SEC. 4.03. *Notice and Waiver of Notice.*

(a) Notice of a meeting of the Board when mailed shall be deemed given when deposited in the United States mail, postage paid, addressed to the Director at his address appearing on the books of the Corporation or supplied by him for the purpose of notice. Notice may be delivered at such addresses to a person having apparent authority to accept delivery for such Director. Notice by telegraph shall be sent, charges prepaid, to such address. The term "telegraph" as used in these By-laws includes any means of record communication.

(b) A waiver of notice of a meeting in writing signed by the Director entitled to such notice, whether before or after the time of such meeting, shall be deemed equivalent to the giving of such notice. Attendance of a Director at any meeting shall constitute a waiver by him of notice of such meeting except where he attends for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened.

SEC. 4.04. *Agenda.* For each regular and special meeting, the Chairman of the Board or the President of the Corporation shall cause to be prepared an agenda of matters to be discussed at the meeting and shall make reasonable effort to mail the agenda to all Directors as far in advance of the meeting as practicable. When feasible, the agenda shall be posted at the offices of the Corporation, in an area to which the public has access, at least three days before the date on which the meeting is to be held. Any matters appearing on the agenda which the Chairman of the Board or the President of the Corporation believes should be discussed in an executive session in accordance with Section 4.08 shall be so noted. Matters not appearing on the agenda may also be discussed and acted upon at the meeting, but the Chairman of the Board or the President of the Corporation shall endeavor to include as many matters on the agenda as can be reasonably anticipated.

SEC. 4.05. *General Notice.* Promptly upon the giving of notice to the Directors of any meeting of the Board, such notice shall be filed for publication in the Federal Register. Reasonable effort shall be made to communicate such notice, at least three days before the meeting, to the chairman of each state advisory council appointed pursuant to Section 1004(f) of the Act and to every recipient as defined in Section 1002(6) of the Act. Failure to provide general notice in accordance with this Section shall not affect the validity of Board action at such meeting.

SEC. 4.06. *Organization of Directors Meetings.* At each meeting of the Board, the Chairman of the Board or, in his absence, a temporary chairman chosen by a majority of the members of the Board present shall preside. The Secretary of the Corporation shall act as secretary at all meetings of the Board. In the absence from any such meeting of the Secretary, the Chairman of the Board shall appoint a person to act as secretary of the meeting.

SEC. 4.07. *Quorum, Manner of Acting, and Adjournment.*

(a) At each meeting of the Board, the presence of a majority of the Directors shall be necessary to constitute a quorum for the transaction of business. Except as otherwise specifically provided by law or these By-laws, the vote of a majority of the Directors present at the time of the vote, provided that a quorum is present at such time, shall be the act of the Board. If a quorum is present when a meeting is convened at which an action is subsequently voted upon, the action shall be the valid action of the Board unless a Director suggests the absence of a quorum and there is, in fact, no quorum then present. A Director who is present at a meeting of the Board but is required to abstain from participation in the vote upon any matter, whether he remains in the meeting or withdraws therefrom during the vote, may be counted for purposes of determining whether or not a quorum is present and, if a quorum is present, the vote of a majority of the Directors who are eligible to vote with respect to such matter shall be the act of the Board.

(b) A majority of the Directors present at a duly convened meeting, whether or not they shall comprise a quorum, may temporarily adjourn the meeting. Whenever a meeting is temporarily adjourned to a date not more than five business days following such adjournment, it shall not be necessary to give any notice of the adjourned meeting or of the business to be transacted thereat otherwise than by an announcement at the meeting at which such adjournment is taken.

(c) Each Director shall be entitled to one vote. Voting rights of Directors may not be exercised by proxy.

SEC. 4.08. *Public Meetings; Executive Sessions.*

All meetings of the Board shall be open to the public unless two-thirds of the Directors present determine that part or all of the meeting shall be in executive session closed to the public. Executive sessions shall be used sparingly and for good reason. Agenda and non-agenda items shall be appropriate matters for executive session.

[ALTERNATIVE SECTION 4.08. *Public Meetings; Executive Sessions.*

(a) All meetings of the Board shall be open to the public unless two-thirds of the members of the Board determine in accordance with the procedures described in this Section that a specific part of the meeting regarding a specific matter shall be closed to the public. That part of a meeting closed to the public shall be known as an executive session.

(b) An executive session may be held only when two-thirds of the members of the Board determine that extraordinary circumstances justify and require an executive session because discussion of the specified matter in public session would clearly prejudice the rights or privacy of an individual or a substantial interest of the Corporation. Such circumstances shall be limited to matters involving (1) the employment or financial relationship of any employee of the Corporation to the Corporation; (2) matters which may impinge upon the privacy of any employee of the Corporation or any employee or client of a recipient; (3) discussions with independent counsel concerning litigation to which the Corporation is a party; and (4) personnel matters involving employment interviews with prospective officers or employees of the Corporation where non-public examination of a specific matter is required in order to prevent a substantial infringement of the interviewee's right to privacy.

(c) Agenda and non-agenda items may be appropriate matters for executive session. An executive session may be held only for that part of a regular or special meeting for which the required finding has been made and for which the Board has announced the specific matters on which the session will be held.]

SEC. 4.09. *Minutes.* The minutes of each meeting of the Board, including the holding of an executive session, shall record the names of the Directors present, the actions taken, and the result of any vote. If there is a division on a vote, the minutes shall record the vote of each Director. Minutes shall reflect discussions held in executive session, including as much information as possible about such discussions without compromising the purpose for which such meeting was closed to the public. A copy of the minutes of each meeting shall be supplied to each member of the Board in advance of the next meeting and shall be presented for approval by the Board at such meeting. The minutes of each meeting shall be available for inspection by the public in the form supplied to the Directors and in the form approved by them.

SEC. 4.10. *Action by Directors Without a Meeting.* Any action which may be taken at a meeting of the Board may be taken without a meeting if a consent in writing, setting forth the action so taken, is signed by all [alternative: two-thirds] of the Directors and general notice of the proposed action is published in the manner prescribed by Section 4.05 on or before the date when such consents are first solicited. Any such action so taken shall be included on the agenda of the next meeting of the Board for discussion, ratification, or such other action as may be indicated by the circumstances.

ARTICLE V—COMMITTEES

SEC. 5.01. *Establishment and Appointment of Committees.* The Board may by resolution of a majority of the Directors establish (and thereafter dissolve) such executive, regular, standing, or temporary committees as the Board may deem appropriate to perform such functions as it may from time to time designate. The authority of any such committee shall expire at the time specified in such resolution, which shall be no later than two years after its establishment. The Board may appoint Directors to serve on such committees including one to serve as the chairmau, or may delegate to the Chairman of the Board the authority to make such appointments. Persons who are not Directors may be appointed to serve as nonvoting members of a committee if the Board so authorizes or directs when the committee is established. A person shall serve as a member of the committee to which he was appointed only at the pleasure of the Board.

SEC. 5.02. *Committee Procedures.*

(a) Except as otherwise provided in these By-laws or in the resolution establishing the committee, a majority of the committee shall constitute a quorum thereof, and the vote of a majority of those present at the time

of the vote; if a quorum is present at such time, shall be the act of the committee. Meetings of each committee shall be called by the chairman of the committee or any two members of the committee, with notice thereof provided to each committee member and to the Chairman of the Board. Agendas shall not be required for committee meetings, but shall be furnished with the notice when feasible.

(b) Notice of a committee meeting shall be provided to members of the committee in the manner required for notice of special meetings of the Board by Sections 4.02 and 4.03. Notice may be waived in the manner described in Section 4.03. When feasible, public notice of a committee meeting shall be given in the manner described in Section 4.05.

(c) All committee meetings shall be open to the public unless two-thirds of the members of the committee determine that part or all of the meeting shall be in executive session closed to the public.

[Alternative subsection (c): All committee meetings shall be open to the public unless two-thirds of the members of the committee determine that part or all of the meeting shall be in executive session closed to the public pursuant to the provisions of Section 4.08.]

(d) Minutes shall be kept of each committee meeting. The minutes of committee meetings shall reflect the discussions held in executive session in the manner described in Section 4.09. The minutes shall be available for inspection by the public.

(e) Any Director and the President of the Corporation shall have access to the records of any committee irrespective of whether he is a member of the committee.

ARTICLE VI—OFFICERS

SEC. 6.01. *Officers.* The officers of the Corporation shall be a President, a Secretary, and a Treasurer, and such other officers as the Board determines to be necessary. The President shal be appointed by a majority of the Board. Other officers shall be appointed by the Board after consultation with the President of the Corporation. The officers shall have such authority and perform such duties, consistent with the Act and these By-laws, as may from time to time be determined by the Board or by the President of the Corporation consistently with any such determination by the Board. The President shall provide supervision and direction to the other officers in the performance of their duties.

SEC. 6.02. *Appointment, Term of Office, and Qualifications.* The officers of the Corporation shall be appointed annually at the October meeting of the Board or whenever a vacancy arises. Each officer shall hold his office until his successor shall have been duly appointed or until he shall resign or shall have been removed in the manner provided in Section 6.03. Any two offices may be held by the same person, except the offices of President of the Corporation and Secretary. All officers shall serve at the pleasure of the Board.

SEC. 6.03. *Removal.* Any officer may be removed by the Board but such removal shall be without prejudice to the contract rights, if any, of the person so removed.

SEC. 6.04. *Resignation.* Any officer may resign at any time by giving written notice of his resignation to the Board. Such resignation shall take effect at the time received, unless another time is specified therein. The acceptance of such resignation shall not be necessary to make it effective.

SEC. 6.05. *Vacancies.* Any vacancy in any office shall be filled as provided in Section 6.01.

SEC. 6.06. *The President.*

(a) The President of the Corporation shall be its Chief Executive Officer and shall have the responsibility and authority, in accordance with the Act and these By-laws, subject to the direction of and policies established by the Board, for (1) the day-to-day administration of the affairs of the Corporation; (2) the appointment of such employees of the Corporation as he determines necessary to carry out the purposes of the Corporation and the removal of such employees; (3) the making of grants and the entering into of contracts; and (4) the exercise of such other powers incident to the office of the President of the Corporation and the performance of such other duties as the Board may from time to time prescribe.

(b) The President of the Corporation shall be a member of the bar of the highest court of a state and shall be a non-voting *ex officio* member of the Board of Directors.

SEC. 6.07. *The Secretary.* The Secretary shall (1) ensure that all notices are duly given in accordance with the Act and these By-laws; (2) be the custodian of the seal of the Corporation and affix such seal to all documents the execution of which is authorized by the Board or by any officer or employee of the Corporation to whom the power to authorize the affixing of such seal shall have been delegated; (3) keep, or cause to be kept, in books provided for the purpose, minutes of the meetings of the Board and of each committee of the Board; (4) ensure that the books, reports, statements, and all other documents and records required by law are properly kept and filed; (5) sign such instruments as require the signature of the Secretary; and (6) in general, perform all the duties incident to the office of the Secretary and such other duties as from time to time may be assigned to him.

SEC. 6.08. *The Treasurer.* The Treasurer shall (1) have charge and custody of, and be responsible for, all funds and securities of the Corporation and (with the exception of petty cash) deposit all such funds and securities in such banks, trust companies, or other depositories as shall be selected in accordance with the provisions of these By-laws; (2) receive, and give receipts for, moneys due and payable to the Corporation from any source whatsoever; (3) sign such documents as shall require the signature of the Treasurer; (4) keep full and accurate account of the Corporation' receipts and disbursements; (5) render to the Board at each regular meeting and at such other times as the Board may require a report on the financial condition of the Corporation; and (6) in general, perform all the duties as from time to time may be assigned to him. The Treasurer shall give a bond for the faithful discharge of his duties in such sum and with such sureties as the Board shall determine.

SEC. 6.09. *Compensation.* The compensation of the officers shall be fixed from time to time by the Board at rates not in excess of amounts permitted by law. No officer of the Corporation may receive any salary or other compensation for services from any source other than the Corporation during his period of employment by the Corporation except as authorized by the Board.

SEC. 6.10. *Prohibition Against Using Political Test or Qualification.* No political test or political qualification shall be used in selecting, appointing, promoting, or taking any other personnel action with respect to any officer, agent, or employee of the Corporation.

SEC. 6.11. *Outside Interests of Officers and Employees.* The Board may from time to time adopt rules and regulations governing the conduct of officers or employees with respect to matters in which they have any interest adverse to the interests of the Corporation. Such rules and regulations may forbid an officer or employee from participating personally and substantially in corporate action with respect to any contract, grant, transaction, or other matter in which, to the knowledge of any such officer or employee, he or any member of his immediate family has any interest, financial or otherwise, unless (a) such officer or employee makes full disclosure of the circumstances to the Board or its delegate and the Board or its delegate determines that the interest is not so substantial as to affect the integrity of the services of such officer or employee, or (b) on the basis of standards to be established in such rules and regulations, the interest is too remote or too inconsequential to affect the integrity of such services. Such rules and regulations may also prohibit or establish appropriate limits upon (1) the ownership by such officer or employee, or member of his immediate family, of securities of any firm, corporation, or other entity doing a substantial volume of business with the Corporation and (2) the present or future association by such officer or employee (or former officer or former employee), or member of his immediate family, with any firm, corporation, or other entity doing a substantial volume of business with the Corporation. As used in this Section, the term "member of his immediate family" has the same meaning as "member of the immediate family" under Section 3.05(a)(4).

ARTICLE VII—DEPOSITS AND ACCOUNTS

SEC. 7.01. All funds of the Corporation, not otherwise employed, shall be deposited from time to time in general or special accounts in such banks, trust companies, or other depositories as the Board may select, or as may be selected by any officer, agent, or employee of the Corporation to whom such power has been delegated by the Board. For the purpose of deposit and for the purpose of collection for the account of the Corporation, checks, drafts, and other orders for the payment of money that are payable to the order of the Corporation may be endorsed, assigned, and delivered by any officer of the Corporation.

ARTICLE VIII—SEAL

SEC. 8.01. The Corporation shall have a corporate seal, which shall include the words "Established by Act of Congress July 25, 1974" and shall be in the form adopted by the Board.

ARTICLE IX—FISCAL YEAR

SEC. 9.01. The fiscal year of the Corporation shall begin on October 1.

ARTICLE X—INDEMNIFICATION

SEC. 10.01. (a) The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of the Corporation), by reason of the fact that he is or was a Director, officer, employee, or agent of the Corporation, against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit, or proceeding if he acted in good faith and in a manner he reasonably believed to be in the best interests of the Corporation and, with respect to any criminal action, suit, or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order settlement, or conviction, or upon a plea of *nolo contendere* or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in the best interests of the Corporation and, with respect to any criminal action, or proceeding, had reasonable cause to believe that his conduct was unlawful.

(b) The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending, or contemplated action or suit by or in the right of the Corporation to procure a judgment in its favor, by reason of the fact that he is or was a Director, officer, employee, or agent of the Corporation, as against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in the best interests of the Corporation and except that no indemnification shall be made in respect to any claim, issue, or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the Corporation unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

(c) To the extent that a Director, officer, employee, or agent of the Corporation has been successful on the merits or otherwise in the defense of any action, suit, or proceeding referred to in subsections (a) and (b), or in the defense of any claim, issue, or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

(d) Any indemnification under subsections (a) and (b) (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the Director, officer, employee, or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in subsections (a) and (b). Such determination shall be made (1) by the Board by a majority vote of a quorum consisting of Directors eligible to vote who were not parties to such action, suit, or proceeding, or (2) if such quorum is not obtainable or, even if obtainable, a quorum of disinterested Directors so directs, by independent legal counsel in a written opinion.

(e) Expenses incurred in defending a civil or criminal action, suit, or proceeding may be paid by the Corporation in advance of the final disposition of such action, suit, or proceeding as authorized by the Board in any case upon receipt of an undertaking by or on behalf of the Director, officer, employee, or agent to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the Corporation as authorized in this Section.

(f) The indemnification provided by this Section shall not be deemed exclusive of any rights to which a person seeking indemnification may be entitled under any By-law, agreement, or vote of disinterested Directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a Director, officer, employee, or agent and shall inure to the benefit of the heirs, executors, and administrators of such a person.

ARTICLE XI—AMENDMENTS

SEC. 11.01. These By-laws may be amended by a vote of sixty percent or five of the members of the Board, whichever is greater; provided that (1) such amendment is not inconsistent with the Act; (2) the notice of the meeting at which such action is taken shall have stated the substance of the proposed amendment, (3) the notice of such meeting shall have been mailed, telegraphed, or delivered to each Director at least five days before the date of the meeting, and (4) when feasible, the proposed amendment shall have been published in the Federal Register at least thirty days before the meeting and interested parties shall have been afforded a reasonable opportunity to comment thereon.

LOUIS F. OBERDORFER,

## DEPARTMENT OF THE TREASURY

### Office of the Secretary

### AUTOMOBILES FROM BELGIUM

### Antidumping Proceeding Notice

On July 8, 1975, information was received in a proper form pursuant to sections 153.26 and 153.27, Customs Regulations (19 CFR 153.26, 153.27), indicating a possibility that automobiles from Belgium are being, or are likely to be, sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 *et seq.*) (referred to in this notice as "the Act").

For purposes of this notice, the term "automobiles" means new, on-the-highway, four-wheeled passenger automobiles.

There is evidence on record concerning injury to or likelihood of injury to or prevention of establishment of an industry in the United States. Available objective data regarding the impact of imports on the domestic industry are inconclusive and subject to conflicting interpretations. While this uncertainty would not normally warrant referral of the matter to the U.S. International Trade Commission, additional factors, including statements before Congressional committees by representatives of the U.S. industry minimizing the effect of imports as well as similar views by certain concerned U.S. Government agencies must be considered. These views create that degree of doubt concerning the impact of imports on the present state of the domestic industry as to require reference of this case to the I.T.C. for appropriate consideration. Accordingly, the United States International Trade Commission is being advised of such doubt pursuant to section 201(c)(2) of the Act (19 U.S.C. 160(c)(2)).

Having conducted a summary investigation as required by section 153.29 of the Customs Regulations (19 CFR 153.29) and having determined as a result thereof that there are grounds for so doing, the U.S. Customs Service is instituting an inquiry to verify the information submitted and to obtain the facts necessary to enable the Secretary of the Treasury to reach a determination as to the fact or likelihood of sales at less than fair value. Should the International Trade Commission, within 30 days of receipt of the information cited in the preceding paragraph, advise the Secretary that there is no reasonable indication that an industry in the United States is being or is likely to be injured, or is prevented from being established, by reason of the importation of such merchandise into the United States, the Department will publish promptly in the FEDERAL REGISTER a notice terminating the investigation. Otherwise the investigation will continue to conclusion.

A summary of price information received from all sources is as follows:

The information received tends to indicate that the prices of the merchandise sold for exportation to the United States are less than the prices to countries other than the United States.

This notice is published pursuant to section 153.30 of the Customs Regulations (19 CFR 153.30).

Dated: August 6, 1975.

[SEAL] DAVID R. MACDONALD,
*Assistant Secretary of the Treasury.*

[FR Doc.75-20953 Filed 8-8-75;8:45 am]

### AUTOMOBILES FROM CANADA

### Antidumping Proceeding Notice

On July 8, 1975, information was received in a proper form pursuant to §§ 153.26 and 153.27, Customs Regulations (19 CFR 153.26, 153.27), indicating a possibility that automobiles from Canada are being, or are likely to be, sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 *et seq.*) (referred to in this notice as "the Act").

For purposes of this notice, the term "automobiles" means new, on-the-highway, four-wheeled passenger automobiles.

There is evidence on record concerning injury to or likelihood of injury to or prevention of establishment of an industry in the United States. Available objective data regarding the impact of imports on the domestic industry are inconclusive and subject to conflicting interpretations. While this uncertainty would not normally warrant referral of the matter to the U.S. International Trade Commission, additional factors, including statements before Congressional committees by representatives of the U.S. industry minimizing the effect of imports as well as similar views by certain concerned U.S. Government agencies must be considered. These views create that degree of doubt concerning the impact of imports on the present state of the domestic industry as to require reference of this case to the I.T.C. for appropriate consideration. Accordingly, the United States International Trade Commission is being advised of such doubt pursuant to section 201(c)(2)(2) of the Act (19 U.S.C. 160(c)(2)).

Having conducted a summary investigation as required by section 153.29 of the Customs Regulations (19 CFR 153.29) and having determined as a result thereof that there are grounds for so doing, the U.S. Customs Service is instituting an inquiry to verify the information submitted and to obtain the facts necessary to enable the Secretary of the Treasury to reach a determination as to the fact or likelihood of sales at less than fair value. Should the International Trade Commission, within 30 days of receipt of the information cited in the preceding paragraph, advise the Secretary that there is no reasonable indication that an industry in the United States is beign or is likel yto be injured, or is prevented from being established, by reason of the importation of such merchandise into the United States, the Department will publish promptly in the FEDERAL REGISTER a notice terminating the investigation. Otherwise the investigation will continue to conclusion.

A summary of price information received for all sources is as follows:

The information received tends to indicate that the prices of the merchandise sold for exportation to the United States are less than the prices for home consumption.

This notice is published pursuant to section 153.30 of the Customs Regulations (19 CFR 153.30).

Dated: August 6, 1975.

## AUTOMOBILES FROM FRANCE

### Antidumping Proceeding Notice

On July 8, 1975, information was received in a proper form pursuant to §§ 153.26 and 153.27, Customs Regulations (19 CFR 153.26, 153.27), indicating a possibility that automobiles from France are being, or are likely to be, sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 *et seq.*) (referred to in this notice as "the Act").

For purposes of this notice, the term "automobiles" means new, on-the-highway, four-wheeled passenger automobiles.

There is evidence on record concerning injury to or likelihood of injury to or prevention of establishment of an industry in the United States. Available objective data regarding the impact of imports on the domestic industry are inconclusive and subject to conflicting interpretations. While this uncertainty would not normally warrant referral of the matter to the U.S. International Trade Commission, additional factors, including statements before Congressional committees by representatives of the U.S. industry minimizing the effect of imports as well as similar views by certain concerned U.S. Government agencies must be considered. These views create that degree of doubt concerning the impact of imports on the present state of the domestic industry as to require reference of this case to the I.T.C. for appropriate consideration. Accordingly, the United States International Trade Commission is being advised of such doubt pursuant to section 201(c)(2) of the Act (19 U.S.C. 160(c)(2)).

Having conducted a summary investigation as required by section 153.29 of the Customs Regulations (19 CFR 153.29) and having determined as a result thereof that there are grounds for so doing, the U.S. Customs Service is instituting an inquiry to verify the information submitted and to obtain the facts necessary to enable the Secretary of the Treasury to reach a determination as to the fact or likelihood of sales at less than fair value. Should the International Trade Commission, within 30 days of receipt of the information cited in the preceding paragraph, advise the Secretary that there is no reasonable indication that an industry in the United States is being or is likely to be injured, or is prevented from being established, by reason of the importation of such merchandise into the United States, the Department will publish promptly in the FEDERAL REGISTER a notice terminating the investigation. Otherwise the investigation will continue to conclusion.

A summary of price information received from all sources is as follows:

The information received tends to indicate that the prices of the merchandise sold for exportation to the United States are less than the prices for home consumption or to countries other than the United States.

This notice is published pursuant to section 153.30 of the Customs Regulations (19 CFR 153.30).

Dated: August 6, 1975.

[SEAL] DAVID R. MACDONALD,
*Assistant Secretary of the Treasury.*

## AUTOMOBILES FROM ITALY

### Antidumping Proceeding Notice

On July 8, 1975, information was received in a proper form pursuant to §§ 153.26 and 153.27, Customs Regulations (19 CFR 153.26, 153.27), indicating a possibility that automobiles from Italy are being, or are likely to be, sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 *et seq.*) (referred to in this notice as "the Act").

For purposes of this notice, the term "automobiles" means new, on-the-highway, four-wheeled passenger automobiles.

There is evidence on record concerning injury to or likelihood of injury to or prevention of establishment of an industry in the United States. Available objective data regarding the impact of imports on the domestic industry are inconclusive and subject to conflicting interpretations. While this uncertainty would not normally warrant referral of the matter to the U.S. International Trade Commission, additional factors, including statements before Congressional committees by representatives of the U.S. industry minimizing the effect of imports as well as similar views by certain concerned U.S. Government agencies must be considered. These views create that degree of doubt concerning the impact of imports on the present state of the domestic industry as to require reference of this case to the I.T.C. for appropriate consideration. Accordingly, the United States International Trade Commission is being advised of such doubt pursuant to section 201(c)(2) of the Act (19 U.S.C. 160(c)(2)).

Having conducted a summary investigation as required by section 153.29 of the Customs Regulations (19 CFR 153.29) and having determined as a result thereof that there are grounds for so doing, the U.S. Customs Service is instituting an inquiry to verify the information submitted and to obtain the facts necessary to enable the Secretary of the Treasury to reach a determination as to the fact or likelihood of sales at less than fair value. Should the International Trade Commission, within 30 days of receipt of the information cited in the preceding paragraph, advise the Secretary that there is no reasonable indication that an industry in the United States is being or is likely to be injured, or is prevented from being established, by reason of the importation of such merchandise into the United States, the Department will publish promptly in the FEDERAL REGISTER a notice terminating the investigation. Otherwise the investigation will continue to conclusion.

A summary of price information received from all sources is as follows:

The information received tends to indicate that the prices of the merchandise sold for exportation to the United States are less than the prices for home consumption or to countries other than the United States.

This notice is published pursuant to section 153.30 of the Customs Regulations (19 CFR 153.30).

## DEPARTMENT OF JUSTICE

### Law Enforcement Assistance Administration

### NATIONAL ADVISORY COMMITTEE ON CRIMINAL JUSTICE STANDARDS AND GOALS

#### Meeting

This is to provide notice of meeting of the Disorders and Terrorism Task Force to the National Advisory Committee on Criminal Justice Standards and Goals.

The Task Force will meet on August 25, 1975. The meeting will be held at the American University Law Institute, 3rd Floor Conference Room, 4900 Massachusets Avenue NW., Washington, D.C. 20016. The meeting will convene at 3 p.m. and will be open to the public. Discussion will focus on the review of the proposed chapter draft.

For further information, contact William T. Archey, Director, Policy Analysis Division, Office of Planning and Management, 633 Indiana Avenue, NW., Washington, D.C.

GERALD H. YAMADA,
*Attorney-Advisor,*
*Office of General Counsel.*

## DEPARTMENT OF THE INTERIOR

### National Park Service

### CONSULTING COMMITTEE TO THE NATIONAL SURVEY OF HISTORIC SITES AND BUILDINGS

#### Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act that a meeting of the Consulting Committee to the National Survey of Historic Sites and Buildings will be held at 9:30 a.m., D.S.T., on September 8 and 9, 1975, in Conference Room 7000 B in the Department of the Interior Building, Washington, D.C.

The purpose of the Consulting Committee is to review and evaluate studies of potential national historic landmarks prepared by the National Survey. The Committee's evaluation is the initial screening of potential historic landmarks. Its recommendations are forwarded to the Secretary of the Interior's Advisory Board on National Parks, Historic Sites, Buildings, and Monuments for a final review.

The members of the Consulting Committee are:

Dr. Richard H. Howland (Chairman), Washington, D.C.
Dr. John O. Brew, Cambridge, Massachusetts.
Mr. Herbert E. Kahler, Alexandria, Virginia.
Dr. Walter L. Creese, Urbana, Illinois.
Professor Frederick D. Nichols, Charlottesville, Virginia.
Dr. Henry A. Millon, New York, New York.
Mr. James Biddle, Washington, D.C.
Mr. Charles E. Lee, Columbia, South Carolina.
Dr. Dorothy B. Porter, Washington, D.C.
Dr. John W. Huston, Annapolis, Maryland.

The subjects that are to be evaluated are:

1. A segment of the subtheme "Architecture"
2. A portion of the subtheme "Science and Invention"
3. Three properties associated with the subject "The Role of Afro-Americans in United States History"

There will also be the following special study: Kalaupapa (Father Damien's Leper Colony) on the Island of Molokai, Hawaii.

The meeting will be open to the public. However, facilities and space for accommodating the publis are limited. It is expected that not more than 10 persons will be able to attend the sessions.

Any member of the public may file with the Consulting Committee a written statement on the subjects to be discussed.

Persons wishing further information concerning this meeting, or who wish to submit written statements, may contact Dr. A. R. Mortensen, Director, Office of Archeology and Historic Preservation, 202-523-5275. Minutes of the meeting will be available for public inspection six weeks after the meeting at the Office of Archeology and Historic Preservation, National Park Service, Department of the Interior, Washington, D.C.

Dated: July 30, 1975.

A. R. MORTENSEN,
*Director, Office of*
*Archeology and Historic Preservation.*

## INTERSTATE COMMERCE COMMISSION

[Notice No. 828]

### ASSIGNMENT OF HEARINGS

AUGUST 6, 1975.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested.

MC 730 Sub-364, Pacific Intermountain Express Co., now assigned September 9, 1975, at Los Angeles, Calif., will be held in Room 517, Federal Courthouse, 312 North Spring Street.

MC 61396 Sub-270, Herman Bros. Inc., now assigned September 17, 1975, at Boston, Mass., is canceled and application dismissed.

[SEAL] ROBERT L. OSWALD,
*Secretary.*

[FR Doc.75-20948 Filed 8-8-75;8:45 am]

FOURTH SECTION APPLICATION FOR RELIEF

AUGUST 6, 1975.

An application, as summarized below, has been filed requesting relief from the requirements of Section 4 of the Interstate Commerce Act to permit common carriers named or described in the application to maintain higher rates and charges at intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the General Rules of Practice (49 CFR 1100.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

FSA No. 43025—*Petroleum Coke, Breeze, Etc., from Points in Colorado and Utah.* Filed by Western Trunk Line Committee, Agent, (No. A-2715), for interested rail carriers. Rates on petroleum coke, breeze, and related articles, in carloads, as described in the application, from Craig and Gilsonite, Colorado, also Salt Lake City, Utah, to points in official, southern, and western trunk-line territories.

Grounds for relief—Market competition, modified short-line distance formula and grouping.

Tariffs—Supplements 38 and 7 to Western Trunk Line Committee, Agent, tariffs 134-R and W-200-E, I.C.C. Nos. A-4949 and A-4936, respectively. Rates are published to become effective on September 10, 1975.

By the Commission.

[SEAL] ROBERT L. OSWALD,
*Secretary.*

[FR Doc.75-20949 Filed 8-8-75;8:45 am]

[Notice No. 52]

## MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

AUGUST 8, 1975.

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to Sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's Special Rules of Practice any interested person may file a petition seeking reconsideration of the following numbered proceedings on or before August 29, 1975. Pursuant to Section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-75969. By order of August 5, 1975, the Motor Carrier Board approved the transfer to Hasselbring Auto Transport, Inc., Saint Cloud, Minnesota, of Certificate No. MC-136458 issued September 20, 1973, to Norbert G. Hasselbring, Saint Cloud, Minnesota, authorizing the transportation of used automobiles, in truckaway service, between points in Minnesota and Iowa, on the one hand, and, on the other, points in Illinois, Iowa, Nebraska, North Dakota, South Dakota and Wisconsin. Charles E. Nieman, 1110 Northwestern Bank Building, Minneapolis, Minnesota 55402, Attorney for Transferor and Transferee.

No. MC-FC-75989. By order of August 5, 1975, the Motor Carrier Board approved the transfer to M. Levey Transfer Corp., Brooklyn, New York, of Certificates No. MC-95809 and No. MC-95809 (Sub-No. 1), issued July 17, 1941 and November 16, 1950, respectively, to Moe Levey, doing business as M. Levey Trucking Co., Brooklyn, New York, authorizing the transportation of electrical supplies and insulating material, from, to and between points in the states of New York and New Jersey. Paul Cohen, 600 Old Country Road, Garden City, New York 11530, Attorney for Transferor and Transferee.

[SEAL] ROBERT L. OSWALD,
*Secretary.*

[FR Doc.75-20950 Filed 8-8-75;8:45 am]

[Notice No. 88]

## MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

AUGUST 6, 1975.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR § 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the FEDERAL REGISTER publication on or before August 26, 1975. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the I.C.C. Field Office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 52938 (Sub-No. 11TA), filed July 29, 1975. Applicant: MASHKIN FREIGHT LINES, INC., 64 Oakland Ave., East Hartford, Conn. 06108. Applicant's representative: Hugh M. Joseloff, 80 State St., Hartford, Conn. 06103. Authority sought to operate as a *common* East Hartford, Conn., to points in Maine, *carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods*, from New Hampshire, and Vermont, for 180 days. Supporting shipper: H. F. Distributors, Inc., 241 Park Ave., East Hartford, Conn. 06108. Send protests to: J. D. Perry, Jr., District Supervisor, Bureau of Operations, Interstate Commerce Commission, 324 U.S. Post Office Bldg., 135 High St., Hartford, Conn. 06101.

No. MC 109533 (Sub-No. 72TA), filed July 29, 1975. Applicant: OVERNITE TRANSPORTATION COMPANY, 1100 Commerce Road, Richmond, Va. 33224. Applicant's representative: Eugene T. Liipfert, Suite 1100, 1660 L. St., NW., Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), between Charleston, W. Va., and Cincinnati, Ohio, serving all intermediate points and serving as off-route points, all points within the Cincinnati and Charleston commercial zones, from Charleston, over U.S. Highway 60 to Huntington, W. Va., thence over U.S.

Highway 52 to Portsmouth, Ohio, thence over U.S. Highway 23 to Chillicothe, Ohio, thence over U.S. Highway 35 to junction Interstate Highway 71 at or near Octa, Ohio, thence over Interstate Highway 71 to Cincinnati, Ohio, and return over the same route. Applicant proposes to interline certain of the traffic it would handle pursuant to the authority here applied for at Cincinnati, Ohio, and at Charleston, W. Va., for 180 days. Supporting shippers: There are 21 statements of support attached to the application which may be examined at the Interstate Commerce Commission, in Washington, D.C., or copies thereof which may be examined at the field office named below. Send protests to: Paul D. Collins, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 10–502 Federal Bldg., 400 North 8th St., Richmond, Va. 23240.

No. MC 110525 (Sub-No. 1126TA), filed July 28, 1975. Applicant: CHEMICAL LEAMAN TANK LINES, INC., 520 East Lancaster Ave., Downingtown, Pa. 19335. Applicant's representative: Thomas J. O'Brien (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Paints, stains, and varnishes*, in bulk, in tank vehicles, from Schenectady, N.Y., to Pittsfield, Mass., and Sandy Hook, Conn., for 180 days. Supporting shipper: Schenectady Chemicals, Inc., Congress St., and Tenth Ave., Schenectady, N.Y. Send protests to: Monica A. Blodgett, Transportation Assistant, Interstate Commerce Commission, 600 Arch St., Room 3238, Philadelphia, Pa. 19106.

No. MC 113678 (Sub-No. 598TA), filed July 24, 1975. Applicant: CURTIS, INC., 4810 Pontiac Street, Commerce City (Denver), Colo. 80022. Applicant's representative: David L. Metzler, P.O. Box 16004, Stockyards Station, Denver, Colo. 80216. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Adhesive, carpets, carpeting*, or *rugs*, NOI, soft surface (pile) *fabric, power machine tufted, display, advertising, store* or *window*, NOI not KDF (advertises carpeting, rugs, NOI), *carpet or rugs made of synthetic fiber, carpet or carpeting unwoven synthetic fiber needle punched through woven synthetic base*, from Marietta, Pa., to Denver, Colo., for 180 days. Supporting shipper: Mountain States Distributing Corporation, 3900 E. 48th Avenue, Denver, Colo. 80216. Send protests to: Herbert C. Ruoff, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 2022 Federal Building, 1961 Stout Street, Denver, Colo. 80202.

No. MC 113828 (Sub-No. 228TA), filed July 30, 1975. Applicant: O'BOYLE TANK LINES, INCORPORATED, P.O. Box 30006, Washington, D.C. 20014. Applicant's representative: William P. Sullivan, Federal Bar Bldg., West, Washington, D.C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Magnetite*, from Kimballton, Va. to West Virginia, Virginia, Kentucky, Georgia, and Tennessee, for 180 days. Supporting shipper: Virginia Lime Company, Star Route, Ripplemead, Va. 24150. Send protests to: Interstate Commerce Commission, 12th & Constitution Ave., N.W., Room 317, W. C. Hersman, District Supervisor, Washington, D.C. 20423.

No. MC 113843 (Sub-No. 221TA) (Correction), filed July 7, 1975, published in the FEDERAL REGISTER issue of July 25, 1975, and republished as corrected this issue. Applicant: REFRIGERATED FOOD EXPRESS, INC., 316 Summer St., Boston, Mass. 02210. Applicant's representative: William J. Boyd, Suite 222, 600 Enterprise Drive, Oak Brook, Ill. 60521.

## IRREGULAR-ROUTE MOTOR COMMON CARRIERS OF PROPERTY ELIMINATION OF GATEWAY APPLICATIONS

AUGUST 6, 1975.

The following applications to eliminate gateways for the purpose of reducing highway congestion, alleviating air and noise pollution, minimizing safety hazards, and conserving fuel have been filed with the Interstate Commerce Commission under the Commission's Gateway Elimination Rules (49 CFR 1065(d)(2)), and notice thereof to all interested persons is hereby given as provided in such rules.

Carriers having a genuine interest in an application may file an original and three copies of *verified statements* in opposition with the Interstate Commerce Commission within 30 days from the date of publication. (This procedure is outlined in the Commission's report and order in *Gateway Elimination*, 119 M.C.C. 530.) A copy of the verified statement in opposition must also be served upon applicant or its named representative. The verified statement should contain all the evidence upon which protestant relies in the application proceeding including a detailed statement of protestant's interest in the proposal. No rebuttal statements will be accepted.

No. MC 63417 (Sub-No. 64G), filed June 4, 1974. Applicant: BLUE RIDGE TRANSFER COMPANY, INCORPORATED, 1814 Hollins Road N.E., P.O. Box 2888, Roanoke, Va. 24001. Applicant's representative: Nancy Pyeatt, 1030 15th Street N.W., Suite 420, Washington, D.C. 20005. Authority sought to operate as a *common carrier* by motor vehicle, over irregular routes, transporting: *New furniture*, (1) from Mullins, Nichols, and Sumter, S.C., to points in North Carolina. The purpose of this filing is to eliminate the gateways of Stanleytown (Henry County), Va. and points in Virginia. (2) from Mullins and Sumter, S.C., to points in Tennessee. The purpose of this filing is to eliminate the gateway of Stanleytown, Va. (3) from Nichols, S.C., to points in Virginia. The purpose of this filing is to eliminate the gateway of Stanleytown, Va. (4) from Selma, Ala., to points in Illinois, Indiana, Kentucky, Michigan, Ohio, Tennessee, and Virginia. The purpose of this filing is to eliminate the gateway of Stanleytown, Va. (5) from Johnson City, Tenn., to points in Arkansas and Mississippi. The purpose of this filing is to eliminate the gateway of Macon, Ga.

(6) from Johnson City, Tenn., to points in Florida. The purpose of this filing is to eliminate the gateway of Sumter, S.C. (7) from points in New York, Pennsylvania, and points in West Virginia on, east and north of a line beginning at the Pennsylvania-West Virginia state line and extending along U.S. Highway 19 to junction West Virginia Highway 39, thence along West Virginia Highway 39 to the West Virginia-Virginia state line, to points in Arkansas and Oklahoma. The purpose of this filing is to eliminate the gateways of Rocky Mount, Va. and Macon, Ga. (8) from points in North Carolina on and east of U.S. Highway 21, to points in Georgia, North Carolina and South Carolina. The purpose of this filing is to eliminate the gateways of Stanleytown (Henry County), Va., points in Virginia. (9) from points in North Carolina on and east of U.S. Highway 21, to points in Arkansas, Louisiana, Mississippi, Oklahoma and Texas. The purpose of this filing is to eliminate the gateways of Stanleytown (Henry County), Va., points in Virginia, and Macon, Ga. (10) from points in North Carolina on and east of U.S. Highway 21, to points in Florida. The purpose of this filing is to eliminate the gateways of Stanleytown (Henry County), Va., points in Virginia and Sumter, S.C. (11) from points in North Carolina on and east of U.S. Highway 21, to points in Virginia. The purpose of this filing is to eliminate the gateway of Stanleytown, Va. (12) from Danville, Va., to points in North Carolina. The purpose of this filing is to eliminate the gateway of Rocky Mount, Va.

(13) from Christiansburg, Va., to points in Kentucky, North Carolina, Ohio, Tennessee. The purpose of this filing is to eliminate the gateway of Rocky Mount, Va. (14) from Roanoke, Rocky Mount, and Galax, Va., to points in Arkansas and Mississippi. The purpose of this filing is to eliminate the gateway of Macon, Ga. (15) from Marion, Va., to points in Alabama, Arkansas, Mississippi, Oklahoma, and Texas. The purpose of this filing is to eliminate the gateway of Macon, Ga. (16) from Christiansburg, Appomattox, Winchester, and Danville, Va., to points in Arkansas, Mississippi, Oklahoma, and Texas. The purpose of this filing is to eliminate the gateways of Rocky Mount, Va. and Macon, Ga. (17) from Altavista, Va., to points in Maryland, New Jersey, New York, North Carolina, Pennsylvania, Virginia, Delaware, and the District of Columbia. The purpose of this filing is to eliminate the gateway of Roanoke, Va. (18) from Bedford, Va., to points in Virginia and the District of Columbia. The purpose of this filing is to eliminate the gateway of Roanoke, Va. (19) from Kenbridge, Va., to points in Delaware, Maryland, New Jersey, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Virginia, West Virginia, and the District of Columbia. The purpose of this filing is to eliminate the gateway of Roanoke, Va.

(20) from Altavista, Bedford, and Kenbridge, Va., to points in Arkansas and Mississippi. The purpose of this filing is to eliminate the gateways of Roanoke, Va. and Macon, Ga. (21) from Richmond, Va., to points in Delaware, Maryland, New Jersey, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Virginia, West Virginia, and the District of Columbia. The purpose of this filing is to eliminate the gateway of Roanoke, Va. (22) from points in Pulaski County, Va., to points in Georgia, Indiana, Kentucky, Ohio, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia. The purpose of this filing is to eliminate the gateway of Roanoke, Va. (23) from Strasburg, Va., to points in Illinois, Indiana, Kentucky, Michigan, Ohio, North Carolina, Virginia, West Virginia, Delaware, Maryland, New Jersey, New York, Pennsylvania, and the District of Columbia. The purpose of this filing is to eliminate the gateway of Roanoke, Va. (24) from Staunton and Waynesboro, Va., to points in Delaware, Maryland, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Virginia, West Virginia, and the District of Columbia. The purpose of this filing is to eliminate the gateway of Roanoke, Va. (25) from Richmond, Strasburg, Staunton, and Waynesboro, Va., to points in Arkansas, Mississippi, and Oklahoma. The purpose of this filing is to eliminate the gateways of Roanoke, Va. and Macon, Ga. (26) from points in Pulaski County, Va., to points in Arkansas, Oklahoma, Mississippi, and Texas. The purpose of this filing is to eliminate the gateways of Roanoke, Va. and Macon, Ga.

The following letter-notices of proposals to eliminate gateways for the purpose of reducing highway congestion, alleviating air and noise pollution, minimizing safety hazards, and conserving fuel have been filed with the Interstate Commerce Commission under the Commission's Gateway Elimination Rules (49 CFR 1065), and notice thereof to all interested persons is hereby given as provided in such rules.

An original and two copies of protests against the proposed elimination of any gateway herein described may be filed with the Interstate Commerce Commission *within 10 days* from the date of this publication. A copy must also be served upon applicant or its representative. Protests against the elimination of a gateway will *not* operate to stay commencement of the proposed operation.

Successively filed letter-notices of the same carrier under these rules will be numbered consecutively for convenience in identification. Protests, if any, must refer to such letter-notices by number.

No. MC 107012 (Sub-No. E123), filed June 3, 1974. Applicant: NORTH AMERICAN VAN LINES, INC., P.O. Box 988, Fort Wayne, Ind. 48601. Applicant's representative: Terry G. Fewell (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New pianos*, uncrated; (1) from points in Alfalfa, Beckham, Blaine, Caddo, Comanche, Cotton, Custer, Dewey, Ellis, Greer, Harmon, Harper, Jackson, Kiowa, Major, Roger Mill, Tillman, Washita, Woodward, and Woods Counties, Okla., to points in Fairfax, Fauquier, King George, Orange, Spotsylvania, Prince William, Stafford, Westmoreland, Alexandria, Fairfax, Fredericksburg, Falls Church, Arlington, Caroline, Essex, Culpeper, Clarke, Page, Harrisonburg, Frederick, Rappahannock, Winchester, Greene, Rockingham, Loudoun, Shenandoah, Madison, and Warren Counties, Va.; (2) from points in Beaver, Cimarron, and Texas Counties, Okla., to points in Per Quiman, Wilson, Gates, Nash, Camden, Pitt, Pasquotank, Halifax, Northampton, Tyrrell, Currituck, Hertford, Pamlico, Chowan, Dare, Hyde, Beaufort, Washington, Edgecombe, Martin, and Bertie Counties, N.C.; Orange, Fredericksburg, Falls Church, Culpeper, Fairfax, Spotsylvania, Westmoreland, Fauquier, Stafford, Essex, King George, Arlington, Prince William, Alexandria, Caroline, Madison, Warren, Frederick, Rockingham, Harrisonburg, Greene, Shenandoah, Rappahannock, Loudoun, Winchester, Page, Clarke, Waynesboro, Mecklenburg, Colonial Heights, Prince Edward, Henrico, New Kent, Richmond, Chesterfield, Prince George, Dinwiddie, Hanover, Albemarle, Petersburg, King William, King & Queen, Louisa, Nottoway, Amelia, Hopewell, Charlottesville, James Pity, Chas Pity, Goochland, Brunswick, Lunenburg, Cumberland, Powhatan, Buckingham, Fluvanna, Nansemond, Northampton, Mathews, Franklin, Middlesex, Lancaster, Emporia, Surry, Newport News, Wight of Isle, Norfolk, Sussex, Hampton, Northumberland, Williamsburg, Suffolk, Accomack, Richmond, Virginia Beach, York, Gloucester, Southampton, Portsmouth, Chesapeake, and Greensville Counties, Va.; (3) from points in Adair, McIntosh, Ottawa, Washington, Cherokee, Muskogee, Rogers, Craig, Nowata, Seqroyah, Delaware, Okmulgee, Tulsa, Mayes, Osage, and Wagoner Counties, Okla., to points in Arlington, King George, Spotsylvania, Stafford, Fredericksburg, Fairfax, Prince William, Falls Church, Essex, Orange, Fairfax, Culpeper, Alexandria, Fauquier, Caroline, and Westmoreland Counties, Va. The purpose of this filing is to eliminate the gateway of DeKalb, Ill.

No. MC 107012 (Sub-No. E124), filed June 3, 1974. Applicant: NORTH AMERICAN VAN LINES, INC., P.O. Box 988, Fort Wayne, Ind. 46801. Applicant's representative: Terry G. Fewell (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New pianos*, uncrated; (1) from points in Clatsop, Linn, Washington, Clackamas, Marion, Yamhill, Columbia, Multhomah, Lane, Polk, Benton, Lincoln, and Tillamook Counties, Oreg., to points in Prairie, Lee, Phillips, Garland, Pulaski, Jefferson, Cleburne, Grant, Saline, Lonoke, Arkansas, White, Monroe, Conway, Hot Springs, Perry, Faulkner, Randolph, Baxter, Independence, Poinsett, St. Francis, Clay, Izard, Cross, Sharp, Craighead, Lawrence, Fulton, Stone, Greene, Jackson, Woodruff, Crittendon, and Mississippi Counties, Ark.; Lee, Van Buren, Jackson, Cedar, Dubuque, Linn, Wapello, Jefferson, Benton, Louisa, Washington, Johnson, Clinton, Muscatine, Henry, Jones, Davis, Scott, Iowa, Keokuk, and Des Moines Counties, Iowa; St. Charles, St. Mary, W. The purpose of this filing is to eliminate the gateway of Corinth, Miss.

No. 107012 (Sub-No. E136), filed June 3, 1974. Applicant: NORTH AMERICAN VAN LINES, INC., P.O. Box 988, Fort Wayne, Ind. 46801. Applicant's representative: Terry G. Fewell (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New pianos*, uncrated; (1) from points in Converse, Goshen, Laramie, Albany, Niobrara, Carbon, and Platte Counties, Wyo., to points in Talladega, Etowah, St. Clair, Bibb, Tallapoosa, Elmore, Shelby, Autauga, Randolph, Cullman, Clay, Chilton, Lee, Coosa, Calhoun, Cherokee, Jefferson, Cleburne, Blount, Chambers, DeKalb, Morgan, Madison, Marshall, Limestone, Jackson, Houston, Montgomery, Coffee, Henry, Barbour, Bullock, Macon, Dale, Geneva, Russell, Crenshaw, Pike, and Covington, Counties, Ala.; St. Johns, Alachua, Bradford, Putnam, Levy, Baker, Nassau, Flagler, Union, Duval, Marion, Clay, Lafayette, Madison, Jefferson, Leon, Suwannee, Hamilton, Wakulla, Franklin, Gilchrist, Liberty, Dixie, Gadsen, Taylor, Columbia, Polk, Volusia, Orange, Pinellas, Seminole, Hillsboro, Sumter, Lake, Hernando, Pasco, Indian River, Citrus, Osceola, Brevard, Monroe, St. Lucie, Martin, Palm Beach, Dade, Collier, Broward, Sarasota, Charlotte, Okeechobee, Highlands, Manatee, Hendry, Lee, Glades, Hardee, and DeSoto Counties, Fla.; Woodford, Rockcaste, Lincoln, Green, Adair, Wayne, Monroe, Madison, Clinton, Fayette, Washington, Pulaski, Marion, Casey, Cumberland, Taylor, Metcalfe, Jessamine, Boyle, Russell, Mercer, Gerrard, Anderson, Knox, McCreary, Laurel, Clay, Whitley, Letcher, Jackson, Breathitt, Pike, Knott, Harlan, Bell, Owsley, Leslie, Floyd, Perry, Lee, Estill, Robertson, Clark, Grant, Lawrence, Martin, Nicholas, Boyd, Rowan, Elliott, Greenup, Lewis, Mason, Owen, Bourbon, Scott, Fleming, Harrison, Pendleton, Menifee, Carroll, Boone, Wolfe, Franklin, Johnson, Powell, Montgomery, Campbell, Bath, Carter, Gallatin, Kenton, Magoffin, Morgan, Bracken, Trimble, Grayson; Jefferson, Sheleby, Edmonson, Todd, LaRue, Henry, Oldham, Christian, Logan, Nelson, Hart, Ohio, Butler, Hardin, Muhlenberg, Warren, Barren, Bullitt, Meade, Spencer, Simpson, Allen, and Breckenridge Counties, Ky.; Macon, Robertson, Williamson, Davidson, Montgomery, Rutherford, Wilson, Clay, Overton, Smith, Dickson, Cheatham, Pickett, Sumner, DeKalb, Cannon, Putnam, Trousdale, Jackson, Lincoln, Marion, Morgan, Van Buren, Bledsoe, Hamilton, Marshall, Polk, Warren, Bedford, Loudon, Meigs, Rhea, White, Franklin, Grundy, Monroe, Roane, Coffee, Fentress, McMinn, Moore, Sequatchie, Bradley, Cumberland, Union, Greene, Unicoi, Hamblen, Sullivan, Hancock, Washington, Hawkins, Sevier, Jefferson, Johnson, Campbell, Knox, Blount, Scott, Anderson, Claiborne, Grainger, Carter, and Cocke Counties, Tenn.;

(2) From points in Yellowstone National Park, Park and Teton Counties, Wyo., to points in Alabama, Florida, and Kentucky; Holmes, Quitman, Washington, Bolivar, Sunflower, Sharkey, Grenada, Issaquena, Talahatchi, Yazoo, Leflore, Warren, Coahoma, Montgomery, Humphreys, Carroll, Tippah, Yalobusha, Prentiss, Lowndes, Pontotoc, Tishomingo, Chichasaw, Desoto, Marshall, Calhoun, Tunila, Choctaw, Itawamba, Monroe, Benton, Union, Clay, Lafayette, Oktibbeha, Alcorn, Webster, Tate, Lee, Panola, Hinds, Leake, Scott, Clarke, Jasper, Madison, Simpson, Clairborne, Kemper, Copiah, Neshda, Attala, Noxubee, Winston, Newton, Lauderdale, Smith, Rankin, Jackson, Stone, Jones, Wayne, Lamar, Hancock, Pearl River, Greene, Perry, Harrison, George, Forrest, and Covington Counties, Miss.; Ickett, Williamson, Wilson, Davidson, Overton, Macon, Putnam, Clay, Sumner, Smith, Jackson, Cheatham, Montgomery, Robertson, Dickson, Cannon, Trousdale, Rutherford, DeKalb, Marshall, Polk, Warren, Fentress, Marion, Meigs, Rhea, White, Cumberland, Coffee, Monroe, Roane, Grundy, Lincoln, Bradley, Moore, Sequatchie, Hamilton, Loudon, Bledsoe, Morgan, Van Buren, Franklin, McMinn, Bedford, Union, Sevier, Cocke, Hamblen, Washington, Scott, Johnson, Greene, Unicoi, Knox, Hawkins, Blount, Grainger, Jefferson, Claiborne, Anderson, Sullivan, Carter, Hancock, Campbell, Weakley, Hardin, Humphreys, Carroll, Giles, Henderson, Lawrence, Benton, Stewart, Henry, Maury, Wayne, Hickman, Lewis, Perry, Houston, and Decatur Counties, Tenn.;

(3) from points in Hot Springs, Natrona, and Fremont Counties, Wyo., to points in Tippah, Yalobusha, Prentiss, Itawamba, Monroe, Tishomingo, Tate, Chickasaw, Lafayette, Benton, Tunila, Oktibbeha, Choctaw, Lee, Alcorn, Union, Panola, Clay, Lowndes, Calhoun, Webster, Pontotoc, Desoto, Marshall, Perry, Greene, George, Stone, Harrison, Forrest, Hancock, Jackson, Covington, Pearl River, Jones, Wayne, and Lamar Counties, Miss.; Sumner, Montgomery, DeKalb, Trousdale, Rutherford, Overton, Smith, Clay, Dickson, Pickett, Davidson, Cheatham, Jackon, Robertson, Putnam, Cannon, Macon, Wilson, Williamson, Cumberland, Monroe, Roane, Coffee, Hamilton, Fentress, Moore, Sequatchie, Marion, Franklin, Marshall, Morgan, Van Buren, McMinn, Bradley, Grundy, Polk, Warren, Loudon, Bledsoe, Meigs, Rhea, White, Lincoln, Bedford, Hancock, Johnson, Carter, Greene, Union, Knox, Claiborne, Hamblen, Washington, Scott, Cocke, Campbell, Hawkins, Sevier, Sullivan, Blount, Jefferson, Grainger, Unicoi, Anderson, Weakley, Hardin, Houston, Benton, Maury, Henderson, Humphreys, Carroll, Giles, Wayne, Lawrence, Perry, Henry, Lewis, Stewart, Hickman, and Decatur Counties, Tenn.; and points in Alabama, Florida, and Kentucky;

(4) from points in Big Horn, Washakie, Campbell, Weston, Crook, Johnson, and Sheridan Counties, Wyo., to points in Alabama, Florida, Kentucky, Mississippi, and Tennessee; (5) from points in Lincoln, Sublette, Sweetwater, and Uinta Counties, W. Va., to points in Tippah, Pontotoc, Union, Lee, Calhoun, Yalobusha, Panola, Clay, Lowndes, Chickasaw, Webster, Choctaw, Desoto, Marshall, Alcorn, Tate, Tishomingo, Itawamba, Monroe, Benton, Prentiss, Tunila, Lafayette, and Oktibbeha Counties, Miss.; Wilson, Sumner, Montgomery, Cannon, Williamson, Smith, Overton, Cheatham, Trousdale, Dickson, Pickett, Clay, Rutherford, Jackson, Putnam, Davidson, DeKalb, Macon, Robertson, Marshall, Polk, Sequatchie, Marion, Fentress, Meigs, Loudon, Van Buren, Grundy, Coffee, Monroe, Franklin, Warren, Hamilton, Bedford, Moore, Rhea, McMinn, Lincoln, Bledsoe, Morgan, Roane, White, Cumberland, Bradley, Union, Sevier, Hawkins, Grainger, Green, Scott, Hancock, Anderson, Washington, Knox, Hamblen, Blount, Unicol, Johnson, Claiborne, Campbell, Sullivan, Jefferson, Cocke, Carter, Weakley, Humphreys, Hardin, Wayne, Lawrence, Henderson, Perry, Lewis, Henry, Stewart, Houston, Benton, Hickman, Maury, and Carroll Counties, Tenn.; and points in Alabama, Florida, and Kentucky. The purpose of this filing is to eliminate the gateway of DeKalb, Ill.

No. MC 108119 (Sub-No. E7), filed May 5, 1975. Applicant: E. L. MURPHY TRUCKING CO., P.O. Box 3010, St. Paul, Minn. 55165. Applicant's representative: Roger L. Bond (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Machinery, equipment, materials*, and *supplies* used in or in connection with, the discovery, development, production, refining, manufacturing, processing, storage, transmission, and distribution of natural gas and petroleum and their products and by-products, *machinery, equipment, materials*, and *supplies* used in or in connection with, the construction, operation, repair, servicing, maintenance, and dismantling of pipelines, including the stringing and picking up thereof (except the stringing or picking up of pipe in connection with main or trunk pipelines), and *machinery* and *machinery parts* not included above, which are embraced within such commodities as contractors' equipment, heavy and bulky articles, machinery and machinery parts, articles requiring specialized handling or rigging, and machinery, materials, supplies, and equipment used or useful in road construction, mining, logging, and sawmill operations, and which because of

size and weight require special handling or the use of special equipment; and (2) *Such self-propelled articles*, each weighing 15,000 pounds or more, and *related machinery, tools, parts, and supplies* moving in connection therewith, which are embraced within machinery, equipment, materials, and supplies used in or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of natural gas and petroleum and their products and by-products and within machinery, equipment, materials, and supplies used in or in connection with the construction, operation, repair, serving, maintenance, and dismantling of pipelines, including the stringing and picking up thereof, except the stringing and picking up of pipe in connection with main or trunk pipelines, and machinery and machinery parts not included above; restricted to commodities which are transported on trailers;

(a) between points in Idaho in and north of Clearwater and Lewis Counties, and in and west of U.S. Highway 95 in Idaho County, on the one hand, and, on the other, points in Illinois, Indiana, Michigan (Lower Peninsula only), Missouri, and Ohio; (b) between points in Idaho within Custer, Lemhi, and Valley Counties and points in Idaho County east of U.S. Highway 95, on the one hand, and, on the other, points in Illinois, Indiana, Michigan (Lower Peninsula), Missouri, and Ohio; (c) between points in Idaho within Adams, Washington, Payette, Gem, Canyon, and Ada Counties, on the one hand, and, on the other, points in Illinois Indiana, Michigan (Lower Peninsula), Missouri, and Ohio; (d) between points in Idaho within Boise, Elmore, Camas, Owyhee, Gooding, and Twin Falls Counties, on the one hand, and, on the other, points in Illinois, Indiana, Michigan (Lower Peninsula), that part of Missouri on and east of a line beginning at the Missouri-Iowa State line and extending along Missouri Highway 13 to junction U.S. Highway 65, thence along U.S. Highway 65 to the Missouri-Arkansas State line, and Ohio; (e) between points in Idaho within Blaine, Butte, Lincoln, Jerome, Power, Minidoka, and Cassia Counties, and the commercial zone of Pocatello, on the one hand, and, on the other, points in Illinois on and east of U.S. Highway 67, Indiana, Michigan (Lower Peninsula), that part of Missouri on and east of U.S. Highway 67, and Ohio; and (f) between points in Idaho within Clark, Fremont, Jefferson, Madison, Teton, Bingham, Bonneville, Bannock, Caribou, Oneida, Franklin, and Bear Lake Counties, on the one hand, and, on the other, points in Illinois on, north, and east of a line beginning at the Illinois-Iowa State line and extending along Interstate Highway 80 to junction Illinois Highway 47, thence along Illinois Highway 47 to junction Illinois Highway 17, thence along Illinois Highway 17 to junction U.S. Highway 52, thence along U.S. Highway 52 to junction Illinois Highway 116, thence along Illinois Highway 116 to junction Illinois Highway 1, thence along Illinois Highway 1 to junction U.S. Highway 150, thence along U.S. Highway 150 to the Indiana-Illinois State line, that part of Indiana on and east of a line beginning at the Illinois-Indiana State line and extending along U.S. Highway 150 to junction U.S. Highway 41, thence along U.S. Highway 41 to the Indiana-Kentucky State line, Michigan (Lower Peninsula), and Ohio.

The purpose of this filing is to eliminate the gateways of that part of Montana west of a line extending from the United States-Canada International Boundary line along U.S. Highway 89 to Livingston, Mont., thence east along U.S. Highway 10 to Laurel, Mont., thence along U.S. Highway 310 to the Montana-Wyoming State line, and that part of Minnesota on and west of U.S. Highway 71.

No. MC 108119 (Sub-No. E18), filed May 19, 1974. Applicant: E. L. MURPHY TRUCKING CO., P.O. Box 3010, St. Paul, Minn. 55165. Applicant's representative: Roger L. Bond (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Commodities*, which, because of size or weight, require special handling or the use of special equipment, (2) *Related parts, materials, and supplies* (not requiring special handling or the use of special equipment), when the transportation of such items is incidental to the transportation by carrier of commodities which, by reason of size or weight, require special handling or the use of special equipment, and (3) *Self-propelled articles*, each weighing 15,000 pounds or more, and *related machinery, tools, parts, and supplies* moving in connection therewith, restricted to commodities which are transported on trailers and restricted in (1), (2), and (3) against the transportation of farm machinery to, or from, Alabama, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Mississippi, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Utah, Vermont, Virginia, West Virginia, and Wyoming; (a) between all points in Montana on, north, and east of a line beginning at the Montana-Idaho State line and extending along U.S. Highway 12 to junction U.S. Highway 287, thence along U.S. Highway 287 to junction U.S. Highway 191, thence along U.S. Highway 191 to the Montana-Idaho State line, on the one hand, and, on the other, points in Alabama, Arkansas, Connecticut, Delaware, District of Columbia, Florida, Georgia, Idaho, that part of Kansas on and east of U.S. Highway 77, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, (Upper Peninsula), Mississippi, that part of Nebraska on and east of U.S. Highway 77, New Hampshire, New Jersey, New York, North Carolina, that part of Oklahoma, on and east of Interstate Highway 35, Pennsylvania, Rhode Island, South Carolina, Tennessee, that part of Texas on and east of Interstate Highway 35, Vermont, Virginia, West Virginia, and Wisconsin; and

(b) Between all points in Montana south and west of a line beginning at the Montana-Idaho State line and extending along U.S. Highway 121 to junction U.S. Highway 287, thence along U.S. Highway 287 to junction U.S. Highway 191, thence along U.S. Highway 191 to the Montana-Idaho State line, on the one hand, and, on the other, points in Alabama, Arkansas, Connecticut, Delaware, District of Columbia, Florida, Georgia, Iowa, that part of Kansas on and east of U.S. Highway 75, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan (Upper Peninsula), Mississippi, that part of Nebraska on and east of U.S. Highway 77, New Hampshire, New Jersey, New York, North Carolina, that part of Oklahoma on and east of a line beginning at the Oklahoma-Kansas State line and extending along U.S. Highway 75 to McAlesta, Okla., thence along Indian Nation Turnpike to Hugo, Okla., thence along U.S. Highway 271 to the Oklahoma-Texas State line, Pennsylvania, Rhode Island, South Carolina, Tennessee, that part of Texas on and east of a line beginning at the Texas-Oklahoma State line near Spring Hill, Tex., thence along U.S. Highway 259 to Lufkin, Tex., thence along U.S. Highway 59 to Houston, Tex., thence along U.S. Highway 75 to Galveston, Tex., Vermont, Virginia, West Virginia, and Wisconsin. The purpose of this filing is to eliminate the gateway of Minnesota.

No. MC 109397 (Sub-No. E72) (Correction), filed May 15, 1974, published in the FEDERAL REGISTER June 26, 1975. Applicant: TRI-STATE MOTOR TRANSIT CO., P.O. Box 113, Joplin, Mo. 64801. Applicant's representative: E. S. Gordon (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Steel bar joists and long spans*, requiring special handling or rigging, from Congaree, S.C., to Connecticut, Massachusetts, New Jersey, New York, Pennsylvania, and Rhode Island. The purpose of this filing is to eliminate the gateway of points in West Virginia. The purpose of this correction is to correct a typographical error.

No. MC 109397 (Sub-No. E83) (Correction), filed May 15, 1974, published in the FEDERAL REGISTER July 1, 1975. Applicant: TRI-STATE MOTOR TRANSIT CO., P.O. Box 113, Joplin, Mo. 64801. Applicant's representative: E. S. Gordon (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Heavy machinery and articles* which require specialized handling or rigging because of their size or weight, and self-propelled articles which are transported on trailers, and related machinery, tools, parts, and supplies moving in connection therewith, between points in that part of the Lower Peninsula of Michigan on and east of a line beginning at Mackinaw City, Mich., and extending along U.S. Highway 27 to junction U.S. Highway 10, thence along U.S. Highway 10 to junction U.S. Highway 23, thence along U.S. Highway 23 to the Michigan-Ohio State line, on the one hand, and, on the other, points in Ohio. The purpose of this filing is to eliminate the gateway of points in Lucas County, Ohio. The purpose of this correction is to correct a highway description.

No. MC 111823 (Sub-No. E105), filed June 4, 1974. Applicant: SHERWOOD VAN LINES, INC., 4322 Milling Road, San Antonio, Tex. 78219. Applicant's representative: Robert J. Gallagher, 1776 Broadway, New York, N.Y. 10019. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods*, as defined by the Commission, between Naval Air Station, New Orleans, La., on the one hand, and, on the other, Ent Air Force & Peterson Field, Colorado Springs, Colo.; Fitzsimons General Hospital, Denver, Colo.; Fort Carson, Colorado Springs, Colo.; Lowry Air Force Base, Denver, Colo.; U.S. Air Force Academy, Colorado Springs, Colo.; Naval Submarine Base New London Groton, Conn.; Pentagon, Arlington Hall Station, Henderson Hall, and Navy Security Station, D.C.; Andrews Air Force Base, Camp Springs, Md.; Bolling Air Force Base, D.C.; Fort Myer, Arlington, Va.; Fort McNair, D.C.; Cameron Station, Alexandria, Va.; Walter Reed Army Medical Center, Bethesda, Md.; Naval Station, D.C.; Chanute Air Force Base, Rantoul, Ill.; Fort Sheridan, Highland Park, Ill.; Joliet Army Ammunition Depot, Joliet, Ill.; Savanna Army Depot, Savanna, Ill.; Naval Air Station, Glenview, Ill.; Naval Training Center, Great Lakes, Ill.; Scott Air Force Base, Belleville, Ill.; Grissom Air Force Base, Peru, Ind.; Fort Benjamin Harrison, Indianapolis, Ind.; Naval Ammunition Depot, Craine, Ind.; Forbes Air Force Base, Topeka, Kans.; Fort Leavenworth, Leavenworth, Kans.; Fort Riley, Junction City, Kans.; Fort Knox, Fort Knox, Ky.; Aberdeen Proving Ground Aberdeen, Md.; Edgewood Arsenal, Edgewood Arsenal, Md.; Fort Detrick, Frederick, Md.; Fort Holabird, Baltimore, Md.; Fort George Meade, Laurel, Md.; Fort Ritchie, Cascade, Md.; Naval Air Station Patuxent, Patuxent River, Md.; Naval Academy, Annapolis, Md.; Naval Training Center, Bainbridge, Md.; Fort Devens, Ayer, Mass.; Naval Air Station, South Weymouth, Mass.; L. G. Hanscom Field, Bedford, Mass.; Otis Air Force Base, Falmouth (Cape Cod), Mass.; Westover Air Force Base, Springfield, Mass.; Kincheloe Air Force Base, Sault Ste. Marie, Mich.; K. I. Sawyer Air Force Base, Mount Clemens, Mich.,

Wurtsmith Air Force Base, Oscoda, Mich., Duluth International Airport, Duluth, Minn., Fort Leonard Wood, Waynesville, Mo., Richards-Gebaur Air Force Base, Kansas City, Mo., Whiteman Air Force Base, Knob Noster, Mo., Offutt Air Force Base, Omaha, Nebr., Pease Air Force Base, Portsmouth, N.H., Fort Dix, Wrightstown, N.J., Fort Monmouth, Oceanport, N.J., McGuire Air Force Base, Wrightstown, N.J., Naval Air Station, Lakehurst, N.J., Camp Drum, Watertown, N.Y., Fort Hamilton, Brooklyn, N.Y., Fort Wadsworth, Staten Island, N.Y., U.S. Coast Guard base, Governor's Island (New York City), N.Y., Griffis Air Force Base, Rome, N.Y., Hancock Field, Syracuse, N.Y., Plattsburg Air Force Base, Plattsburgh, N.Y., Naval Hospital, Saint Albans, N.Y., Seneca Army Depot, Romulus, N.Y., Stewart Field, Newburgh, N.Y., U.S. Military Academy, West Point, N.Y., Grand Forks Air Force Base, Emerado, N. Dak., Minot Air Force Base, Minot, N. Dak., Fort Belvoir, Alexandria, Va., Marine Corps School, Quantico, Va., Naval Weapons Laboratory, Dahlgren, Va., Defense General Supply Center, Richmond, Va., Vint Hill Farms Station, Warrenton, Va., Fort Lee, Petersburg, Va., and Camp McCoy, Sparta, Wis. The purpose of this filing is to eliminate the gateways of St. Louis, Mo., or Louisville, Ky., or that part of Ohio, Indiana, and Illinois, on and north of a line beginning at the Pennsylvania-Ohio State line, and extending along U.S. Highway 422 to junction U.S. Highway 62, thence along U.S. Highway 62 to junction U.S. Highway 40, thence along U.S. Highway 40 to Springfield, Ohio, thence along Ohio Highway 440 to junction U.S. Highway 40, thence along U.S. Highway 40 to junction U.S. Highway 36, thence along U.S. Highway 36 to the Illinois-Missouri State line.

No. MC 113843 (Sub-No. E505), filed May 19, 1974. Applicant: REFRIGERATED FOOD EXPRESS, INC., 316 Summer Street, Boston, Mass. 02210. Applicant's representative: Lawrence T. Sheils (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *frozen fruits and berries and frozen fruit and berry concentrates* (1) from those points in Pennsylvania on and west of U.S. Highway 15, and on, North, and east of a line beginning at the Susquehanna River and extending along U.S. Highway 322 to junction Pennsylvania Highway 144 thence along Pennsylvania Highway 144 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction Pennsylvania Highway 287, thence along Pennsylvania Highway 287 to junction Pennsylvania Highway 249, thence along Pennsylvania Highway 249 to the Pennsylvania-New York State line, to those points in Iowa on and west of U.S. Highway 71 to junction U.S. Highway 34, thence along U.S. Highway 34 to junction U.S. Highway 59, thence along U.S. Highway 59 to junction Iowa Highway 37, thence along Iowa Highway 37 to junction Iowa Highway 183, thence along Iowa Highway 183 to junction Iowa Highway 141, thence along Iowa Highway 141 to junction Iowa Highway 31, thence along Iowa Highway 31 to junction Iowa Highway 3, thence along Iowa Highway 3 to junction U.S. Highway 71, thence along U.S. Highway 71 to junction U.S. Highway 18, thence along U.S. Highway 18 to junction Iowa Highway 15, thence along Iowa Highway 15 to the Iowa-Minnesota State line; (3) from those points in Adams County, Pennsylvania on and west of U.S. Highway 15 to Sioux City, Iowa; and (4) from points in Tioga County, Pa., to points in Iowa. The purpose of this filing is to eliminate the gateway of Penn Yan, N.Y.

No. MC 113843 (Sub-No. E548), filed May 17, 1974. Applicant: REFRIGERATED FOOD EXPRESS, INC., 316 Summer Street, Boston, Mass. 02210. Applicant's representative: Lawrence T. Sheils (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *frozen foods* (1) from points in Tioga County, Pa., to points in Arkansas; (2) from those points in Pennsylvania on and west of U.S. Highway 15 and on, east, and north of a line beginning at U.S. Highway 15 and extending along Pennsylvania Highway 35 to junction U.S. Highway 322, thence along U.S. Highway 322 to junction Pennsylvania Highway 144, thence along Pennsylvania Highway 144 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction Pennsylvania Highway 287, thence along Pennsylvania Highway 287 to junction Pennsylvania Highway 249, thence along Pennsylvania Highway 249 to the Pennsylvania-New York State line, to those points in Iowa on and west of a line beginning at the Iowa-Missouri State line and extending along U.S. Highway 71 to junction U.S. Highway 34, thence along U.S. Highway 34 to junction U.S. Highway 59, thence along U.S. Highway 59 to junction Iowa Highway 37, thence along Iowa Highway 37 to junction Iowa Highway 183, thence along Iowa Highway 183 to junction Iowa Highway 141, thence along Iowa Highway 141 to junction Iowa Highway 31, thence along Iowa Highway 31 to junction Iowa Highway 3, thence along Iowa Highway 3 to junction U.S. Highway 71, thence along U.S. Highway 71 to junction U.S. Highway 18, thence along U.S. Highway 18 to junction Iowa Highway 15, thence along Iowa Highway 15 to the Iowa-Minnesota State line; (3) from those points in Adams County, Pennsylvania on and west of U.S. Highway 15 to Sioux City, Iowa; and (4) from points in Tioga County, Pa., to points in Iowa. The purpose of this filing is to eliminate the gateway of Penn Yan, N.Y.

No. MC 113843 (Sub-No. E548), filed May 17, 1974. Applicant: REFRIGERATED FOOD EXPRESS, INC., 316 Summer Street, Boston, Mass. 02210. Applicant's representative: Lawrence T. Sheils (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *frozen foods* (1) from points in Tioga County, Pa., to points in Arkansas; (2) from those points in Pennsylvania on and west of U.S. Highway 15 and on, east, and north of a line beginning at U.S. Highway 15 and extending along Pennsylvania Highway 35 to junction U.S. Highway 322, thence along U.S. Highway 322 to junction Pennsylvania Highway 144, thence along Pennsylvania Highway 144 to junction Pennsylvania Highway 220, thence along Pennsylvania Highway 220 to junction Pennsylvania Highway 287, thence along Pennsylvania Highway 287 to junction Pennsylvania Highway 249, thence along Pennsylvania Highway 249 to the Pennsylvania-New York State line, to those points in Iowa on and west of a line beginning at the Iowa-Missouri State line and extending along U.S. Highway 71 to junction U.S. Highway 34, thence along U.S. Highway 34 to junction U.S. Highway 59, thence along U.S. Highway 59 to junction Iowa Highway 37, thence along Iowa Highway 37 to junction Iowa Highway 183, thence along Iowa Highway 183 to junction Iowa Highway 141, thence along Iowa Highway 141 to junction Iowa Highway 31, thence along Iowa Highway 31 to junction Iowa Highway 3, thence along Iowa Highway 3 to junction U.S. Highway 71, thence along U.S. Highway 71 to junction U.S. Highway 18, thence along U.S. Highway 18 to junction Iowa Highway 15, thence along Iowa Highway 15 to the Iowa-Minnesota State line; (3) from those points in Adams County, Pennsylvania on and west of U.S. Highway 15 to Sioux City, Iowa; and (4) from points in Tioga County, Pa., to points in Iowa. The purpose of this filing is to eliminate the gateway of Penn Yan, N.Y.

to the Pennsylvania-New York State line, to points in Arkansas. The purpose of this filing is to eliminate the gateway of Dundee, N.Y.

No. MC 113843 (Sub-No. E549), filed May 17, 1974. Applicant: REFRIGERATED FOOD EXPRESS, INC., 316 Summer Street, Boston, Mass. 02210. Applicant's representative: Lawrence T. Sheils (same as above).

Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *frozen foods* (1) between North Adams and Williamstown, Mass., on the one hand, and, on the other, points in Franklin County, Pa.; (2) between those points in Massachusetts on and north of a line beginning at the Massachusetts-Vermont State line and extending along U.S. Highway 5 to Greenfield, thence along Massachusetts Highway 2 to junction Massachusetts Highway 13, thence along Massachusetts Highway 13 to junction Massachusetts Highway 2A, thence along Massachusetts Highway 2A to junction Massachusetts Highway 225, thence along Massachusetts Highway 225 to junction Massachusetts Highway 40, thence along Massachusetts Highway 40 to junction Interstate Highway 495, thence along Interstate Highway 495 to junction Interstate Highway 95, thence along Interstate Highway 95 to the Massachusetts-New Hampshire State line, on the one hand, and, on the other, those points in Pennsylvania west of U.S. Highway 15, and on, west, and north of a line beginning at the Susquehanna River and extending along Pennsylvania Highway 34 to junction U.S. Highway 322, thence along U.S. Highway 322 to Lewistown, thence along U.S. Highway 22 to junction U.S. Highway 219 to the Pennsylvania-Maryland State line,

(3) Between those points in Pennsylvania west of U.S. Highway 15 and on, west, and north of a line beginning at Lewisburg, and extending along Pennsylvania Highway 45 to junction U.S. Highway 22, thence along U.S. Highway 22 to junction U.S. Highway 219, thence along U.S. Highway 219 to the Pennsylvania-Maryland State line, on the one hand, and, on the other those points in Massachusetts on and north of a line beginning at the Massachusetts-New York State line and extending along Massachusetts Highway 9 to junction Massachusetts Highway 128, thence along Massachusetts Highway 128 to junction Massachusetts Highway 3, thence along Massachusetts Highway 123 to junction Massachusetts Highway 123, thence along aMssachusetts Highway 123 to junction unnumbered highway, thence along unnumbered highway to the Atlantic Ocean, (4) between those points in Pennsylvania on, west and north of a line beginning at the Pennsylvania-New York State line and extending along U.S. Highway 15 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction Pennsylvania Highway 120 thence along Pennsylvania Highway 120 to junction Pennsylvania Highway 64, thence along Pennsylvania Highway 64 to junction Pennsylvania Highway 144, thence along Pennsylvania Highway 144 to junction U.S. Highway 322, thence along U.S. Highway 322 to junction U.S. Highway 22, thence along U.S. Highway 22 to junction U.S. Highway 219 thence along U.S. Highway 219 to the Pennsylvania-Maryland State line, on the one hand, and, on the other those points in Massachusetts on, east and north of a line beginning at the Massachusetts-Rhode Island State line and extending along Massachusetts Highway 121 to junction Massachusetts Highway 106, thence along Massachusetts Highway 106 to junction Massachusetts Highway 140, thence along Massachusetts Highway 140 to Apponagansett Bay; and (5) between those points in Pennsylvania on, and west of a line beginning at the Pennsylvania-New York State line and extending along U.S. Highway 219 to junction U.S. Highway 322, thence along U.S. Highway 322 to junction Pennsylvania Highway 350, thence along Pennsylvania Highway 350 to junction U.S. Highway 220, thence along U.S. Highway 220 to the Pennsylvania-Maryland State line, on the one hand, and, on the other, points in Massachusetts. The purpose of this filing is to eliminate the gateway of Elmira, N.Y.

No. MC 113843 (Sub-No. E557), filed May 17, 1974. Applicant: REFRIGERATED FOOD EXPRESS, INC., 316 Summer Street, Boston, Mass. 02210. Applicant's representative: Lawrence T. Sheils (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *frozen foods* (1) from points in Dauphin County, Pa., to those points in Wisconsin on, north, and west of a line beginning at the Wisconsin-Illinois State line and extending along Interstate Highway 90 to junction U.S. Highway 18, thence along U.S. Highway 18 to Lake Michigan; (2) from points in Clinton County, Pa., to points in Wisconsin; (3) from points in Mifflin County, Pa., to those points in Wisconsin on, and north of a line beginning at the Wisconsin-Minnesota State line and extending along U.S. Highway 18 to junction Wisconsin Highway 60, thence along Wisconsin Highway 60 to junction U.S. Highway 61, thence along U.S. Highway 61 to junction Wisconsin Highway 131, thence along Wisconsin Highway 131 to junction U.S. Highway 16, thence along U.S. Highway 16 to junction Wisconsin Highway 173, thence along Wisconsin 173 to junction Wisconsin Highway 80, thence along Wisconsin Highway 80 to junction Wisconsin Highway 13, thence along Wisconsin Highway 13 to junction Wisconsin Highway 54, thence along Wisconsin Highway 54 to junction U.S. Highway 51, thence along U.S. Highway 51 to junction Wisconsin Highway 29, thence along Wisconsin Highway 29 to junction Wisconsin Highway 22, thence along Wisconsin Highway 22 to Lake Michigan;

(4) from points in Centre County, Pa., to those points in Wisconsin, on, north, and west of a line beginning at the Wisconsin-Michigan State line and extending along U.S. Highway 45 to junction U.S. Highway 8, thence along U.S. Highway 8 to junction Wisconsin Highway 27, thence along Wisconsin Highway 27 to junction Wisconsin Highway 178, thence along Wisconsin Highway 178 to junction U.S. Highway 53, thence along U.S. Highway 53 to junction Interstate Highway 94, thence along Interstate Highway 94 to the Wisconsin-Minnesota State line; (5) from points in Adams County, Pa., to those points in Wisconsin on, north and west of a line beginning at the Wisconsin-Michigan State line and extending along Wisconsin Highway 77 to junction Wisconsin Highway 13, thence along Wisconsin Highway 13 to junction U.S. Highway 8, thence along U.S. Highway 8 to junction U.S. Highway 63, thence along U.S. Highway 63 to junction Interstate Highway 94, thence along Interstate Highway 94 to the Wisconsin-Minnesota State line; (6) from points in Tioga Lycoming and Union Counties, Pa., to points in Wisconsin; (7) from Millersburg, Pa. to points in Wisconsin; (8) from Johnstown, Pa., to Superior, Wisc. and those points in Wisconsin on and north of a line beginning at Lake Superior and extending along U.S. Highway 2 to the Wisconsin-Michigan State line; (9) from points in Erie County, Pa., to Superior, Wisc. and those points in Wisconsin on and north of a line beginning at Lake Superior, and extending along U.S. Highway 2 to the Wisconsin-Michigan State line; (10) from points in Franklin County, Pa., to Superior, Wis. and those points in Wisconsin on and north of a line beginning at Lake Superior and extending along U.S. Highway 2 to the Wisconsin-Michigan State line; and (11) from points in Blair County, Pa., to Superior, Wisc. and those points in Wisconsin on and north of a line beginning at Lake Superior and extending along U.S. Highway 2 to the Wisconsin-Michigan State line. The purpose of this filing is to eliminate the gateway of LeRoy, N.Y.

No. MC 114211 (Sub-No. E522) (Correction), filed June 4, 1974, published in the FEDERAL REGISTER February 4, 1975. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Farm machinery and parts* thereof, restricted against the transportation of any of the described commodities which because of size or weight require the use of special equipment, from points in Oklahoma on and northeast of a line beginning at the Kansas-Oklahoma State line extending along U.S. Highway 177 to junction Oklahoma Highway 51, thence along Oklahoma Highway 51 to junction Muskogee Turnpike. The purpose of this filing is to eliminate the gateway of Tulsa, Okla. The purpose of this partial correction is to reflect the origin

point of Oklahoma. The remainder of the letter-notice remains as previously published.

No. MC 114552 (Sub-No. E11), filed May 4, 1974. Applicant: SENN TRUCKING COMPANY, P.O. Drawer 220, Newberry, S.C. 29108. Applicant's representative: William P. Jackson, Jr., 919 Eighteenth St., N.W., Washington, D.C. 20006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Lumber* (except plywood and veneer): (1) From points in Maryland to points in Tennessee; (2) from points in Maryland to points in Alabama; (3) from points in Maryland on and east of U.S. Highway 11 to points in Arkansas; (4) from points in Maryland to points in Florida; (5) from points in Maryland on and east of U.S. Highway 11, to points in Oklahoma, on and west of a line beginning at the Oklahoma-Arkansas State line, thence extending along Interstate Highway 40 to its junction with the Muscogee Turnpike, thence along the Muscogee Turnpike to its junction with U.S. Highway 64, thence along U.S. Highway 64 to its junction with Interstate Highway 35, thence along Interstate Highway 35 to the Oklahoma-Kansas State line; (6) from points in Maryland to points in Texas; (7) from points in Maryland on and east of a line beginning at the Maryland-Pennsylvania State line, thence extending along Interstate Highway 83 to its junction with Interstate Highway 695, thence along Interstate Highway 695 to its junction with Interstate Highway 95, thence along Interstate Highway 95 to its junction with Interstate Highway 495, thence westerly along Interstate Highway 495 to the Maryland-Virginia State line, to points in Kansas on and south of a line beginning at the Kansas-Oklahoma State line, thence extending along Kansas Highway 1 to its junction with U.S. Highway 83, thence along U.S. Highway 83 to its junction with U.S. Highway 154, thence along U.S. Highway 154 to its junction with U.S. Highway 50, thence along U.S. Highway 50 to the Kansas-Colorado State line;

(8) from points in Michigan to points in Alabama; (9) from points in Michigan to points in Virginia on and east of U.S. Highway 21, and on and south of a line beginning at the West Virginia State line, and extending along U.S. Highway 60 to Richmond, thence along Virginia Highway 33 to the Chesapeake Bay; (10) from points in Mississippi to points in Maine, Vermont and New Hampshire; (11) from points in New Jersey to points in Arkansas, Florida, Oklahoma and Texas; (12) from points in New Jersey to points in Alabama; (13) from Camden County, N.J., to points in Ohio; (14) from points in New York, on and south of a line beginning at the New York-Vermont State line, thence extending along New York Highway 7 to its junction with New York Highway 79, thence along New York Highway 79 to the New York-Pennsylvania State line, to points in Oklahoma, on, south and west of a line beginning at the Arkansas-Oklahoma State line, thence extending along U.S. Highway 62 to its junction with U.S. Highway 270, thence along U.S. Highway 270 to its junction with U.S. Highway 183, thence along U.S. Highway 183 to the Oklahoma-Kansas State line; (15) from points in New York, on and south of a line beginning at the New York-Vermont State line, thence extending along New York Highway 7 to its junction with Interstate Highway 87, thence along Interstate Highway 87 to its junction with U.S. Highway 209, thence along U.S. Highway 209 to the New York-New Jersey State line, to points in Arkansas and Texas; (16) from points in New York to points in Florida; and (17) from points in Ohio to points in Alabama. The purpose of this filing is to eliminate the following gateways: Ashe Co., N.C. in (1); North Carolina, (except points in Buncombe, Chatham, Cherokee, Columbus, Cumberland, Franklin, Guilford, Harnett, Henderson, Lee, Macon, Orange, Rockingham, Transylvania, and Union Counties, N.C.) in (2), (4), (12) and (16); Grenwood Co., S.C., in (3), (5), (6), (7), (10), (11), (14) and (15); Tennessee in (8) and (17); Buncombe, Chatham, Cherokee, Columbus, Cumberland, Franklin, Guilford, Harnett, Henderson, Lee, Macon, Orange, Rockingham, Transylvania, and Union Counties, N.C.; and West Virginia in (13).

No. MC 115840 (Sub-No. E73), filed December 30, 1974. Applicant: COLONIAL FAST FREIGHT, INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Pipe, fittings, iron castings, accessories, sand hoppers, conveyors, dust collectors, and meter boxes which are used in the agricultural, water treatment, food processing, and institutional supply industries*, (1) from points in North Carolina on and east of Interstate Highway 85, to points in California, Washington, Oregon, New Mexico, Arizona, Colorado, Utah, Nevada, Idaho, Montana, Texas, Oklahoma, and Louisiana; and (2) from points in South Carolina to points in California, Oregon, Washington, New Mexico, Arizona, Colorado, Utah, Nevada, Idaho, Montana, Texas, Oklahoma, Nebraska, Louisiana, to that part of Kansas on and south of a line beginning at the Kansas-Missouri State line extending along Interstate Highway 70 to junction U.S. Highway 75, thence along U.S. Highway 75 to the Kansas-Nebraska State line. The purpose of this filing is to eliminate the gateways of Birmingham or Montgomery, Anniston and Holt, Ala.

No. MC 115840 (Sub-No. E82), filed December 30, 1974. Applicant: COLONIAL FAST FREIGHT, INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Such iron and steel articles, and hoppers, conveyors, dust collectors, and meter boxes as are embraced in pipe, fittings, iron castings, and accessories as are also embraced in fittings, components, parts and accessories* (except in bulk), from Anniston, Ala., to points in California, Oregon, Washington, Idaho, Nevada, Arizona, Montana, Utah, Wyoming, Colorado, New Mexico, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Texas, Minnesota, Iowa, Missouri, Arkansas, Louisiana, Wisconsin, Illinois, Michigan, Indiana, Kentucky on and west of Interstate Highway 65, Florida on and south of Florida Highway 60 from the Atlantc Ocean to the Gulf of Mexico, Pennsylvania, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, Vermont, New Hampshire, Maine, Mississippi on and south of Interstate Highway 20. The purpose of this filing is to eliminate the gateway of Anniston and Holt, Ala.

No. MC 115840 (Sub-No. E100), filed May 2, 1975. Applicant: COLONIAL FAST FREIGHT, INC., 1215 Bankhead Highway, W., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Non-ferrous scrap metals* (except in dump vehicles), which because of size or weight require the use of special equipment; (1) between Steele, Ala., on the one hand, and, on the other, points in Florida, Georgia, Mississippi, Louisiana east of the Mississippi River, and points in that portion of Tennessee on and west of Interstate Highway 65 (including Davidson County, Tenn.), and that portion of Tennessee on and north of Interstate Highway 40; and (2) between Attalla, Ala., on the one hand, and, on the other, points in Mississippi, Louisiana east of the Mississippi River, Florida, Georgia, and points in that portion of Tennessee on and west of Interstate Highway 65, and points in that portion of Tennessee on and north of Interstate Highway 40 (including Davidson County, Tenn.). The purpose of this filing is to eliminate the gateway of Birmingham, Ala.

No. MC 115841 (Sub-E23), filed June 3, 1974. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: E. Stephen Heisley, 666 Eleventh St. N.W., Washington, D.C. 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) edible meats, edible meat products, and edible meat by-products, as defined by the Commission (except in bulk, in tank vehicles), in vehicles equipped with mechanical refrigeration, (1) from Hernando, Miss., to points in (a) Washington, points in Oregon on and west of U.S. Highway 97, and points in California on and west of a line beginning at the California-Oregon State line and extending along U.S. Highway 395, to junction U.S. Highway 15, thence southwest to junction U.S. Highway 5 to the United States-Mexico International Boundary line (Birmingham, Ala.)*; (b) points in Michigan (points in Tennessee except Memphis and points within the Commercial zone thereof)*; (c)

points in Virginia and West Virginia (Chattanooga, Tenn.)*. (2) From West Point, Miss., to (a) points in California, Oregon, Washington, Connecticut, Massachusetts, Michigan, New Jersey, Delaware, Maryland, Virginia, New York, Ohio, Pennsylvania, Rhode Island, and the District of Columbia (Birmingham, Ala.)*; (b) points in West Virginia (Chattanooga, Tenn.)*. (B) *Edible meats, edible meat products, and edible meat by-products*, as defined by the Commission, frozen (except in bulk, in tank vehicles), in vehicles equipped with mechanical refrigeration, from Bonneville, Miss. to (1) points in Washington, points in Oregon on and west of U.S. Highway 97, and points in California on and west of a line beginning at the California-Oregon State line and extending along U.S. Highway 395, to junction U.S. Highway 15, to junction U.S. Highway 5, to the United States–Mexico International Boundary line (Nashville, Tenn. and Birmingham, Ala.)*. (2) Points in Michigan, points in Tennessee (except Memphis and points within the Commercial zone thereof)*. The purpose of this filing is to eliminate the gateways as indicated by asterisks above.

No. MC 115841 (Sub-No. E26), filed June 3, 1974. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: E. Stephen Heisley, 666 Eleventh St., NW, Washington, D.C. 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) *Edible bakery materials* (except in bulk), in vehicles equipped with mechanical refrigeration, from Knoxville, Tenn., to points in Mississippi on and south of U.S. Highway 82; points in Florida on, south, and west of a line beginning at the Florida-Georgia State line extending along U.S. Highway 75 to junction Florida Highway 20, thence along Florida Highway 20 to the Atlantic Ocean; points in Arkansas on and west of U.S. Highway 49 which are on and south of U.S. Highway 40; and points in Louisiana, Washington, Oregon, and California. (B) *Bakery materials*, restricted to dairy products (except in bulk), in vehicles equipped with mechanical refrigeration, from Knoxville, Tenn., to points in Texas, South Dakota, Oklahoma, Nebraska, and points in Kansas on and west of U.S. Highway 75. The purpose of this filing is to eliminate the gateway of Birmingham, Ala.

No. MC 115841 (Sub-No. E29), filed June 3, 1974. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: E. Stephen Heisley, 666 Eleventh St., N.W., Washington, D.C. 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Prepared beef, lamb, and veal cuts* (except liquid commodities, in bulk, in tank vehicles, and except canned meats), in vehicles equipped with mechanical refrigeration, (A) from New York, N.Y., Union City and Jersey City, N.J., and Philadelphia, to points in Arkansas and points in Georgia on and west of U.S. Highway 75 (Chattanooga, Tenn.)*; (B) from New York, Union City, and Jersey City, and Philadelphia, to points in Texas and Oklahoma (Birmingham, Ala.)*; (C) from New York, Union City and Jersey City, and Philadelphia, to points in California and points in Oregon and Washington on and west of U.S. Highway 5 (Birmingham, Ala.)*; (D) from New York, Union City and Jersey City, and Philadelphia, to points in Arkansas (except Little Rock) (Nashville, Tenn.)*; (E) from New York, N.Y., Union City and Jersey City, to points in Oklahoma and Texas, and from Philadelphia, Pa., to points in Texas (points in Tennessee on and west of the Tennessee River)*. The purpose of this filing is to eliminate the gateways indicated by asterisks above.

No. MC 115841 (Sub-No. E40), filed June 3, 1974. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: E. Stephen Heisley, 666 Eleventh St., N.W., Washington, D.C. 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) *Foodstuffs*, in vehicles equipped with mechanical refrigeration, (1) from points in New York on and west of U.S. Highway 11, to points in California on and south of a line beginning at the California-Nevada State line and extending along the Mono-Inyo County line to junction U.S. Highway 395, thence along U.S. Highway 395 to junction California Highway 120, thence along California Highway 120 to junction California Highway 140, thence along California Highway 140 to junction California Highway 99, thence along California Highway 99 to junction California Highway 12, thence along California Highway 12 to junction U.S. Highway 80, thence along U.S. Highway 80 to the Pacific Ocean, points in Arkansas on and south of U.S. Highway 82, and points in Georgia on and west of U.S. Highway 27; (2) from North East, Pa., to points in California on and west of a line beginning at San Francisco, and extending along California Highway 1 to the United States-Mexico International Boundary line, points in Arkansas on and south of U.S. Highway 82, and points in Georgia on and west of Interstate Highway 75 (Birmingham, Ala.)*; (B) *foodstuffs* (except in bulk), in vehicles equipped with mechanical refrigeration, from North East, Pa., and points in New York on and west of U.S. Highway 11, to Little Rock and Blytheville, Ark., and Little Rock Air Force Base at Jacksonville, Ark. (Nashville, Tenn.)*. The purpose of this filing is to eliminate the gateways indicated by asterisks above.

No. MC 115841 (Sub-No. E47), filed June 4, 1974. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: E. Stephen Heisley, 666 Eleventh St., N.W., Washington, D.C. 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) *Confectionary*, which are embraces in foodstuffs, in vehicles with mechanical refrigeration, from Boston, Mass., to points in California, Oregon, and points in Washington on and west of U.S. Highway 97 (Birmingham, Ala.)*; (B) *candy*, in vehicles with mechanical refrigeration, from Boston, Mass., to points in Georgia on and west of U.S. Highway 75 (but including Cobb, DeKalb, Henry, Gwinnett, and Clayton Counties, and Atlanta, Ga.), (Chattanooga, Tenn.)*; and (C) *unfrozen confectionary products*, in vehicles with mechanical refrigeration, from Boston, Mass., to points in Oklahoma, Texas, Kansas, points in Missouri on and south of a line beginning at the Missouri-Illinois State line and extending along U.S. Highway 60 to junction U.S. Highway 44, thence along U.S. Highway 44 to the Missouri-Oklahoma State line (including Joplin), and points in Nebraska on and south of a line beginning at the Nebraska-Missouri State line and extending along U.S. Highway 136 to junction U.S. Highway 183, thence along U.S. Highway 183 to junction U.S Highway 30, thence along U.S. Highway 30 to the Nebraska-Wyoming State line. (Chattanooga, Tenn.)*. The purpose of this filing is to eliminate the gateways indicated by asterisks above.

No. MC 115841 (Sub-No. E48), filed June 4, 1974. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: E. Stephen Heisley, 666 Eleventh St. NW., Washington, D.C. 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) *Chocolate, chocolate confectionery, and ingredients thereof*, in vehicles with mechanical refrigeration, from Philadelphia, Pa., to points in Georgia on and west of U.S. Highway 27 and U.S. Alternate Highway 27, points in Washington on and west of U.S. Highway 97, and points in Arkansas, California, and Oregon (Birmingham, Ala.)*; and (B) *unfrozen chocolate confectionery products*, in vehicles with mechanical refrigeration, from Philadelphia, Pa., to points in Oklahoma, Texas, and points in Kansas on, south, and west of a line beginning at the Kansas-Missouri State line and extending along U.S. Highway 40 to junction Kansas Highway 63, thence along Kansas Highway 63 to the Kansas-Nebraska State line (Chattanooga, Tenn.)*. The purpose of this filing is to eliminate the gateways indicated by asterisks above.

No. MC 115841 (Sub-No. E122), filed June 4, 1974. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INCORPORATED, PO Box 10327, Birmingham, Ala. 35202. Applicant's representative: E. Stephen Heisley, 666 Eleventh St. NW., Washington, DC 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods, and frozen fruits, vegetables, and berries*, when moving in mixed loads therewith, (1) from points in Michigan on and east of a line beginning at the Michigan-Indiana State line extending along U.S. Highway 27 to junction U.S. Highway 75, thence along U.S. Highway 75 to Lake Huron, to points in Arkansas, Louisiana, Texas, and points in Oklahoma on, south, and west of a line beginning at the Oklahoma-Arkansas State line extending along U.S. Highway 40 to junction Muskogee Turnpike, thence along Muskogee Turnpike to junction U.S. Highway 64, thence along U.S. Highway 64 to junction U.S. Highway 35, thence along U.S. Highway 35 to the Oklahoma-Kansas State line; (2) from points in Michigan on and west of a line beginning at the Michigan-Indiana State line extending along U.S. Highway 27 to junction U.S. Highway 75, thence along U.S. Highway 75 to Lake Huron, to points in Louisiana, points in Texas on and south of U.S. Highway 40, points in Oklahoma on and south of U.S. Highway 40, and points in Arkansas on, south, and east of a line beginning at the Arkansas-Missouri State line extending along U.S. Highway 67 to junction U.S. Highway 40, thence along U.S. Highway 40 to the Arkansas-Oklahoma State line. The purpose of this filing is to eliminate the gateway of points in Tennessee west of the Tennessee River.

No. MC 115841 (Sub E127), filed June 4, 1974. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, CORP., P.O. Box 10327, Birmingham, Alabama 35202. Applicant's representative: E. Stephen Heisley, 666 Eleventh St. NW., Washington, D.C. 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Frozen foods*, in vehicles equipped with mechanical refrigeration, from Port Chester, N.Y., (A) to points in Arkansas, Oklahoma, Texas, and points in Kansas on and east of U.S. Highway 75 (points in Tennessee west of the Tennessee River)*, (B) to points in California, Oregon, and points in Washington, on and west of U.S. Highway 97 (Chattanooga, Tenn., and Birmingham, Ala.)*, (2) Frozen foods, except frozen fruits, berries, and vegetables, from Port Chester, N.Y., to points in Kansas on and east of U.S. Highway 81 (Nashville, Tenn.)*. The purpose of this filing is to eliminate the gateway indicated by asterisks above.

No. MC 115841 (Sub-No. E246), filed May 22, 1975. Applicant: COLONIAL REFRIGERATION TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen edible pizza pie ingredients*, in vehicles equipped with mechanical refrigeration, from Nashville, Tenn., to Atlanta, Ga. The purpose of this filing is to eliminate the gateways of points in Alabama on and east of U.S. Highway 31 (except Montgomery).

No. MC 115841 (Sub-No. E247), filed May 22, 1975. Applicant: COLONIAL REFRIGERATION TRANSPORTATION INCORPOATED, P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen edible meats* and *frozen edible cheese and cheese products* (except liquid commodities, in bulk, in tank vehicles), in vehicles equipped with mechanical refrigeration, from the plant site facilities of DAK Foods, Inc., at East Brunswick, N.J., to points in Alabama on and south of a line beginning at the Alabama-Georgia State line and extending along U.S. Highway 84 to junction U.S. Highway 31, thence along U.S. Highway 31 to the Gulf of Mexico. The purpose of this filing is to eliminate the gateway of Pittsburgh, Pa., Chattanooga, Tenn., and Atlanta, Ga.

No. MC 11581 (Sub-No. E248), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods*, in vehicles equipped with mechanical refrigeration, from North East, Pa.; (1) to points in Alabama on, south, and east of a line beginning at the Alabama-Georgia State line and extending along U.S. Highway 278 to junction U.S. Highway 31, thence along U.S. Highway 31 to the Gulf of Mexico (except Montgomery), and points in Florida (North Carolina and Atlanta, Ga.)*; and (2) Atlanta, Ga. (North Carolina)*. The purpose of this filing is to eliminate the gateways indicated by asterisks above.

No. MC 115841 (Sub-No. E249), filed May 22, 1975. Applicant: COLONIAL REFRIGERATION TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fresh and frozen poultry, fresh and frozen seafood*, and *frozen fruits and vegetables*, and *frozen foods* when moving in mixed loads with fresh and frozen poultry, fresh and frozen seafood, frozen fruits and vegetables, in vehicles equipped with mechanical refrigeration; (1) from points in Delaware south of the Chesapeake and Delaware Canal, and points in Maryland east of the Chesapeake Bay and south of the Chesapeake and Delaware Canal, to points in Alabama on and east of U.S. Highway 231 (except Montgomery); and (2) from points in Virginia east of the Chesapeake Bay to points in Alabama on and east of U.S. Highway 31 (except Montgomery and Dothan). The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., and Atlanta, Ga.

No. MC 115841 (Sub-No. E250), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35202. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods* (except frozen fruits, vegetables, and berries), in vehicles equipped with mechanical refrigeration, from Atlanta, Ga., to Parkersburg, W. Va., points in Iowa, and those points in Kansas and Nebraska which are on and east of U.S. Highway 81. The purpose of this filing is to eliminate the gateways of Chattanooga and Nashville, Tenn.

No. MC 115841 (Sub-No. E301), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen edible dairy products*, as defined by the Commission, in vehicles equipped with mechanical refrigeration; (1) from Adams, N.Y., to points in Alabama on and bounded by a line beginning at the Alabama-Georgia State line and extending along U.S. Highway 59, thence along U.S. Highway 59 to junction U.S. Highway 31, thence along U.S. Highway 31 to junction U.S. Highway 80, thence along U.S. Highway 80 to the Alabama-Georgia State line to points of beginning (except Montgomery); (2) from Chateaugay, N.Y., to points in Florida on and west of U.S. Highway 75, and points in Alabama on and east of U.S. Highway 31 and north of U.S. Highway 80 (except Montgomery); (3) from Carthage, N.Y., to points in Florida on and west of U.S. Highway 231 and points in Alabama on and east of U.S. Highway 31 and north of U.S. Highway 80 (except Montgomery); and (4) from Cuba, N.Y., to points in Florida on and west of U.S. Highway 231, and points in Alabama on and bounded by a line beginning at the Alabama-Georgia State line and extending along U.S. Highway 59 to junction U.S. Highway 31, thence along U.S. Highway 31 to junction U.S. Highway 80, thence along U.S. Highway 80 to the Alabama-Georgia State line to point of beginning. The purpose of this filing is to eliminate the gateway of Atlanta, Ga.

No. MC 115841 (Sub-No. E302), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen edible dairy products*, as defined by the Commission, in vehicles equipped with mechanical refrigeration; (1) from Adams, N.Y., to points in Mississippi on and south of U.S. Highway 82, points in Louisiana, and points in Arkansas on and south of Interstate Highway 40; (2) from Carthage and Chateaugay, N.Y., to points in Mississippi, Louisiana, and points in Arkansas on and south of U.S. Highway 40; and (3) from Cuba, N.Y., to points in Louisiana, points in Mississippi on and south of Interstate Highway 20, and Texarkana, Ark. The purpose of this filing is to eliminate the gateway of Atlanta, Ga., and Birmingham, Ala.

No. MC 115841 (Sub-No. E303), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen dairy products*, as defined by the Commission; (1) from Adams, N.Y., to points in Texas on and south of a line beginning at the Texas-Louisiana State line and extending along U.S. Highway 80 to junction Texas Highway 118, thence along Texas Highway 118 to the United States-Mexico International Boundary line; (2) from Chateaugay and Carthage, N.Y., to points in Texas on and south of U.S. Highway 20; and (3) from Cuba, N.Y., to points in Texas on and south of a line beginning at the Texas-Louisiana State line and extending along U.S. Highway 10 to junction U.S. Highway 59, thence along U.S. Highway 59 to the United States-Mexico International Boundary line. The purpose of this filing is to eliminate the gateways of Atlanta, Ga., Birmingham, Ala., and points in Tennessee on and west of the Tennessee River.

No. MC 115841 (Sub-No. E304), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen edible dairy products*, as defined by the Commission, in vehicles equipped with mechanical refrigeration; (1) from Chateaugay, Adams, and Carthage, N.Y., to points in California on and south of California Highway 78; and (2) from Cuba, N.Y., to points in California on and south of U.S. Highways 80 and Interstate Highway 8. The purpose of this filing is to eliminate the gateways of Atlanta, Ga., and Birmingham, Ala.

No. MC 115841 (Sub-No. E305), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods*, in vehicles equipped with mechanical refrigeration, from Elmira, N.Y., to points in California on, south, and west of a line beginning at the California-Arizona State line and extending along U.S. Highway 10 to junction U.S. Highway 101, thence along U.S. Highway 101 to the California-Oregon State line. The purpose of this filing is to eliminate the gateways of Atlanta, Ga., and Birmingham, Ala.

No. MC 115841 (Sub-No. E306), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods*, in vehicles equipped with mechanical refrigeration, from Nashville, Tenn., to points in Oregon and Washington on and west of U.S. Highway 5, and points in California. The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., Atlanta, Ga., and Birmingham, Ala.

No. MC 115841 (Sub-E330), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INCORPORATED, P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen fruits and frozen berries* (except in bulk), in vehicles equipped with mechanical refrigeration, from Ranson, W. Va., (A) to points in Mississippi on and west of U.S. Highway 55, points in Louisiana, and points in Arkansas on and south of U.S. Highway 40 (Chattanooga, Tenn., Atlanta, Ga., and Birmingham, Ala.)*; (B) to points in Alabama on and north of U.S. Highway 80 (Chattanooga, Tenn., Atlanta, Ga., and points in Alabama on and east of U.S. Highway 31 and north of U.S. Highway 80)*. The purpose of this filing is to eliminate the gateways indicated by asterisks above.

No. MC 115841 (Sub-E332), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INCORPORATED, P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor-vehicle, over irregular routes, transporting: *Frozen fruits and frozen berries*, when moving in mixed loads with frozen foods, in vehicles equipped with mechanical refrigeration, from Ranson, W. Va., to points in Texas on and south of U.S. Highways 30 and 20, and points in Oklahoma on and south of U.S. Highway 70. The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., Atlanta, Ga., Birmingham, Ala., and points in Tennessee west of the Tennessee River.

No. MC 115841 (Sub-E333), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INCORPORATED, P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen fruits and frozen berries*, in vehicles equipped with mechanical refrigeration, from Ranson, W. Va., to points in California and points in Oregon on and west of U.S. Highway 395. The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., Atlanta, Ga., and Birmingham, Ala.

No. MC 115841 (Sub-E334), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INCORPORATED, P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen fruits and frozen berries* (except in bulk), in vehicles equipped with mechanical refrigeration, from Hammonton and Glassboro, N.J., to points in Alabama on and bounded by a line beginning at the Georgia-Alabama State line and extending along U.S. Highway 78 to junction U.S. Highway 31, to junction U.S. Highway 80 to the Alabama-Georgia State line to point of beginning, restricted to traffic originating at Hammonton or Glassboro, N.J.

No. MC 115841 (Sub?E335), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INCORPORATED, P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen fruits and frozen berries*, in vehicles, equipped with mechanical refrigeration, from Hammonton and Glassboro, N.J., to points in Mississippi, Louisiana, and points in Arkansas on and south of U.S. Highway 40, restricted to traffic originating at Hammonton or Glassboro, N.J. The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., Atlanta, Ga., and Birmingham, Ala.

No. MC 115841 (Sub-E336), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INCORPORATED, P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen fruits and frozen berries*, when moving in mixed loads with frozen foods, in vehicles equipped with mechanical refrigeration, from Hammonton and Glassboro, N.J., to points in Texas on and south of U.S. Highway 20, and points in Oklahoma on and south of U.S. Highway 70, restricted to traffic originating at Hammonton or Glassboro, N.J. The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., Atlanta, Ga., Birmingham, Ala., and points in Tennessee west of the Tennessee River.

No. MC 115841 (Sub-No. E339), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION, INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen edible meats, frozen edible meat products*, and *frozen edible meat by-products*, as defined by the Commission (except in bulk, in tank vehicles), in vehicles equipped with mechanical refrigeration, from Bellefontaine, Ohio, to points in Louisiana on and south of Interstate Highway 10 and points in Mississippi on and south of U.S. Highway 84. The purpose of this filing is to eliminate the gateways of

Chattanooga, Tenn., Atlanta, Ga., and Birmingham, Ala.

No. MC 115841 (Sub-No. E340), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen edible meats, frozen edible meat products, frozen edible meat by-products, frozen edible dairy products, frozen edible articles* distributed by meat packinghouses, *frozen edible agricultural commodities* (not including manufactured products thereof), as defined by the Commission, when moving in mixed loads with the aforementioned commodities and *frozen foods*, in vehicles equipped with mechanical refrigeration, from points in Knox County, Tenn., to points in California, Oregon, and Washington. The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., Atlanta, Ga., and Birmingham, Ala.

No. MC 115841 (Sub-No. E341), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods*, in vehicles equipped with mechanical refrigeration, from points in Erie and Chautauqua Counties, N.Y., to points in California on and south of California Highway 78. The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., Atlanta, Ga., and Birmingham, Ala.

No. MC 121470 (Sub-E21), filed May 30, 1974. Applicant: TANKSLEY TRANSFER CO., 901 Harrison Street, Nashville, Tenn. 37203. Applicant's representative: Roy L. Tanksley (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Prestressed and precast concrete products*, which because of size or weight require special handling or equipment, from points in that part of Tennessee on, west, and south of a line along Tennessee Highway 20 from the Missouri-Tennessee line to Dyersburg, thence Tennessee Highway 104 to junction U.S. Highway 45W, thence along U.S. Highway 45W to Jackson, thence U.S. Highway 70 to Nashville, thence south along Interstate 65 to the Alabama-Tennessee line to points in that part of Kentucky on and east of Interstate 65. The purpose of this filing is to eliminate the gateway of Nashville, Tennessee.

No. MC 115841 (Sub-No. E344), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen edible meats*, from Roanoke, Va., to points in Texas and Oklahoma. The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., Atlanta, Ga., Birmingham, Ala., and points in Tennessee west of the Tennessee River.

No. MC 115841 (Sub-No. E345), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen edible meats*, in vehicles equipped with mechanical refrigeration, from Roanoke, Va., to points in California, Oregon, and Washington. The purpose of this filing is to eliminate the gateways of Chattanooga, Tenn., Atlanta, Ga., and Birmingham, Ala.

No. MC 115841 (Sub-No. E346), filed May 22, 1975. Applicant: COLONIAL REFRIGERATED TRANSPORTATION INC., P.O. Box 10327, Birmingham, Ala. 35201. Applicant's representative: Roger M. Shaner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: Frozen edible prepared bakery goods, in vehicles equipped with mechanical refrigeration, from Elizabeth, N.J., to points in Texas on and south of Interstate Highway 30 and Interstate Highway 40. The purpose of this filing is to eliminate the gateways of Union City or Jersey City, N.J., Chattanooga, Tenn., Atlanta, Ga., Birmingham, Ala., and points in Tennessee west of the Tennessee River.

No. MC 118831 (Sub-No. E18), filed May 31, 1974. Applicant: CENTRAL TRANSPORT, INC., P.O. Box 5044, High Point, N.C. 27262. Applicant's representative: Richard E. Shaw (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid chemicals* (except petrochemicals, fertilizer, and fertilizer materials, and anhydrous ammonia, and except caustic soda from Acme, N.C.), in bulk, (1) from those points in North Carolina on, south, and east of a line beginning at the Atlantic Ocean and extending along North Carolina Highway 24 to junction North Carolina Highway 41, thence along North Carolina Highway 41 to junction unnumbered highway near Harrells, thence along unnumbered highway to junction North Carolina Highway 210, thence along North Carolina Highway 210 to junction North Carolina Highway 53, thence along North Carolina Highway 53 to junction unnumbered highway near Kelley, thence along unnumbered highway to junction North Carolina Highway 211, thence along North Carolina Highway 211 to junction U.S. Highway 701, thence along U.S. Highway 701 to junction unnumbered highway, thence along unnumbered highway to junction U.S. Highway 74, thence along U.S. Highway 74 to junction North Carolina Highway 130, thence along North Carolina Highway 130 to junction Interstate Highway 95, thence along Interstate Highway 95 to the North Carolina-South Carolina State line, to those points in North Carolina on and west of a line beginning at the South Carolina-North Carolina State line extending along U.S. Highway 501 to junction U.S. Highway 74, thence along U.S. Highway 74 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction U.S. Highway 64, thence along U.S. Highway 64 to junction U.S. Highway 52, thence along U.S. Highway 52 to the North Carolina-Virginia State line;

(2) From points in New Hanover and Brunswick Counties, N.C., to those points in North Carolina on and west of a line beginning at the North Carolina-South Carolina State line extending along U.S. Highway 701 to junction North Carolina Highway 904, thence along North Carolina Highway 904 to junction U.S. Highway 501, thence along U.S. Highway 501 to junction unnumbered highway at Carthage, thence along unnumbered highway to junction North Carolina Highway 87, thence along North Carolina Highway 87 to junction North Carolina Highway 49, thence along North Carolina Highway 49 to junction U.S. Highway 70, thence along U.S. Highway 70 to junction North Carolina Highway 871, thence along North Carolina Highway 871 to junction North Carolina Highway 14, thence along North Carolina Highway 14 to the North Carolina-South Carolina State line; (3) from Charlotte, N.C., to those points in North Carolina on and east of a line beginning at the North Carolina-South Carolina State line extending along North Carolina Highway 109 to junction U.S. Highway 74, thence along U.S. Highway 74 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction unnumbered highway at Ellerbee, thence along unnumbered highway to junction U.S. Highway 1, thence along U.S. Highway 1 to junction U.S. Highway 15, thence along U.S. Highway 15 to junction North Carolina Highway 87, thence along North Carolina Highway 87 to junction North Carolina Highway 704, thence along North Carolina Highway 704 to junction North Carolina Highway 8, thence along North Carolina Highway 8 to the Virginia-North Carolina State line, and those points in North Carolina on and west of a line beginning at the North Carolina-Virginia State line extending along U.S. Highway 221 to junction North Carolina Highway 181, thence along North Carolina Highway 181 to junction North Carolina Highway 18, thence along North Carolina Highway 18 to junction North Carolina Highway 226, thence along North Carolina Highway 226 to the North Carolina-South Carolina State line; and

(4) From Greensboro and High Point, N.C., to those points in North Carolina on, east, and south of a line beginning at the North Carolina-South Carolina State line extending along North Carolina Highway 177 to junction U.S. Highway 74, thence along U.S. Highway 74 to junction Interstate Highway 95, thence along Interstate Highway 95 to junction North Carolina Highway 211, thence along North Carolina Highway 211 to junction

U.S. Highway 74, and those points in North Carolina on, south, and west of a line beginning at the North Carolina-South Carolina State line extending along North Carolina Highway 200 to junction North Carolina Highway 16, thence along North Carolina Highway 16 to junction Interstate Highway 85, thence along Interstate Highway 85 to junction U.S. Highway 29, thence along U.S. Highway 29 to junction U.S. Highway 74, thence along U.S. Highway 74 to junction U.S. Highway 25, thence along U.S Highway 25 to the North Carolina-Tennessee State line. The purpose of this filing is to eliminate the gateway of points in South Carolina.

No. MC 119777 (Sub-No. E56), filed April 23, 1974. Applicant: LIGON SPECIALIZED HAULER, INC., P.O. Drawer L, Madisonville, Ky. 42431. Applicant's representative: Ronald E. Butler (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fabricated metal stampings*, and *shipping devices, steel containers*, and *storage racks* used in the erection and completion of fabricated metal stampings, restricted to such commodities as requires special handling because of size or weight (except machinery, materials, and supplies and equipment incidental to or used in the construction, development, operation, and maintenance of facilities for the discovery, development, and production of natural gas and petroleum, and incidental to, or used in connection with (a) the discovery, development, production, and preservation of natural gas and petroleum, (b) the construction, operation, repair, servicing, dismantling, and maintenance of pipelines and facilities for the storage of natural gas, gasoline, and petroleum, and (c) the dismantling and maintenance of plants and facilities for refining, recycling, processing, repressuring, and blending gasolines natural gas and petroleum); from the plant sites of Car-Rack Corporation at Macedonia, Ohio, to points in Louisville, Ky., commercial zone, and that part of Indiana on and south of a line beginning at the Illinois-Indiana State line on U.S. Highway 136, thence along U.S. Highway 136 to junction U.S. Highway 52, thence along U.S. Highway 52 to junction Indiana Highway 44, thence along Indiana Highway 44 to the Indiana-Ohio State line, restricted to the transportation of traffic originating at the said plant site. The purpose of this filing is to eliminate the gateway of Kentucky (except Louisville).

No. MC 119777 (Sub-No. E124), filed May 15, 1974. Applicant: LIGON SPECIALIZED HAULER, INC., P.O. Drawer L, Madisonville, Ky. 42431. Applicant's representative: Ronald E. Butler (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Plywood;* (1)(A) from Savannah, Ga., to points in Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, Oklahoma, Oregon, Utah, Washington, and Wyoming; (B) (1) from Savannah, Ga., to Arthur City, Tex., and points in Texas on, north, and west of a line beginning at the United States-Mexico International Boundary line extending along Texas Highway 118 to junction U.S. Highway 385, thence along U.S. Highway 385 to junction U.S. Highway 67, thence along U.S. Highway 67 to junction U.S. Highway 290, thence along U.S. Highway 290 to junction U.S. Highway 277, thence along U.S. Highway 277 to junction Texas Highway 208, thence along Texas Highway 208 to junction Texas Highway 70, thence along Texas Highway 70 to junction U.S. Highway 82, thence along U.S. Highway 82 to junction U.S. Highway 69, thence along U.S. Highway 69 to the Oklahoma-Texas State line; (2)(A) from Savannah, Ga., to points in Michigan (except points in the Detroit commercial zone), and Wisconsin; (B)(1) from Savannah, Ga., to points in Illinois on and north of a line beginning at the Indiana-Illinois State line extending along U.S. Highway 30 to Joliet, Ill., thence along U.S. Highway 52 to junction U.S. Highway 30, thence along U.S. Highway 30 to the Illinois-Iowa State line; (B)(2) from Savannah, Ga, to points in Indiana on, north, and east of a line beginning at the Indiana-Illinois State line extending along U.S. Highway 30 to junction Indiana Highway 5, thence along Indiana Highway 5 to junction U.S. Highway 224, thence along U.S. Highway 224 to the Indiana-Ohio State line; (B) (3) from Savannah, Ga., to Pittsburgh, N.H.;

(B)(4) From Savannah, Ga., to points in New York on and northwest of a line beginning at the Pennsylvania-New York State line extending along New York Highway 19 to junction New York 17, thence along New York Highway 17 to junction New York Highway 21, thence along New York Highway 21 to junction New York Highway 245, thence along New York Highway 245 to junction New York Highway 14A, thence along New York Highway 14A to junction New York Highway 5, thence along New York Highway 5 to junction New York Highway 12, thence along New York Highway 12 to junction New York Highway 28, thence along New York Highway 28 to the junction of New York Highway 30, thence along New York Highway 30 to junction New York Highway 3, thence along New York Highway 3 to a terminus at Plattsburg, N.Y.; (B)(5) from Savannah, Ga., to points in Pennsylvania on, north, and west of a line beginning at the New York-Pennsylvania State line extending along U.S. Highway 219 to junction U.S. Highway 119, thence along U.S. Highway 119 to junction Pennsylvania Highway 36, thence along Pennsylvania Highway 36 to junction Pennsylvania Highway 28, thence along Pennsylvania Highway 28 to junction U.S. Highway 422, thence along U.S. Highway 422 to junction Pennsylvania Highway 68, thence along Pennsylvania Highway 68 to the Ohio-Pennsylvania State line; (B)(6) from Savannah, Ga., to North Troy, and Canaan, Vt., and points in Vermont on and west of a line beginning at Burlington, Vt., thence along U.S. Highway 7 to the United States-Canada International Boundary line; (3)(A) from Savannah, Ga., to points in Ohio on, north, and west of a line beginning at the Ohio-West Virginia State line extending along U.S. Highway 33, thence along U.S. Highway 33 to Athens, Ohio, thence along U.S. Highway 50A to junction Ohio Highway 377, thence along Ohio Highway 377 to junction Ohio Highway 78, thence along Ohio Highway 78 to junction Ohio Highway 513, thence along Ohio Highway 513 to junction Interstate Highway 70, thence along Interstate Highway 70 to the Ohio-West Virginia State line; (B) from Savannah, Ga., to Ewing and Gibson Station, Va.; (C) from Savannah, Ga., to Chester and Huntington, W. Va.;

(4)(A) From Savannah, Ga., to points in Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Oklahoma, South Dakota, and Wisconsin; (B)(1) from Savannah, Ga., to points in Arkansas on and north of a line beginning at the Arkansas-Texas State line extending along U.S. Highway 67 to junction U.S. Highway 270, thence along U.S. Highway 270 to junction U.S. Highway 79, thence along U.S. Highway 79 to junction U.S. Highway 49, thence along U.S. Highway 49 to the Arkansas-Mississippi State line; (B)(2) from Savannah, Ga., to points in Kentucky on, north, and west of a line beginning at the Tennessee-Kentucky State line extending along Kentucky Highway 63 to junction Kentucky Highway 163, thence along Kentucky Highway 163 to junction Kentucky Highway 80, thence along Kentucky Highway 80 to junction Kentucky Highway 55, thence along Kentucky Highway 55 to junction Blue Grass Parkway, thence along Blue Grass Parkway to junction U.S. Highway 127, thence along U.S. Highway 127 to junction Interstate Highway 71, thence along Interstate Highway 71 to the Ohio-Kentucky State line; (B) (3) from Savannah, Ga., to Walls, Miss.; (B)(4) from Savannah, Ga., to Jackson, Tenn., and points in Tennessee on, north, and west of a line beginning at Memphis, Tenn., thence along Interstate Highway 40 to junction U.S. Highway 231, thence along U.S. Highway 231 to the Kentucky-Tennessee State line; (B)(5) from Savannah, Ga., to points in Texas on, north, and west of a line beginning at the Arkansas-Texas State line extending along U.S. Highway 67 to junction Interstate Highway 30, thence along Interstate Highway 30 to Dallas, Tex., thence along Interstate Highway 35E to junction Interstate Highway 35, thence along Interstate Highway 35 to junction U.S. Highway 290, thence along U.S. Highway 290 to junction U.S. Highway 377, thence along U.S. Highway 377 to junction U.S. Highway 277 to the United States-Mexico International Boundary line at Eagle Pass, Tex.; and (5) from Savannah, Ga., to points in Maine. The purpose of this filing is to eliminate the gateways of: in (1), Karnak, Ill.; in (2), the plant site of Hinchcliff Products Company, Inc., located at or near Strongsville, Ohio; in (3), the plant sites of Kentucky Mills

Lumber & Manufacturing Co., at or near Williamsburg, Ky.; in (4), Logan Co., Ky.; and in (5), Tucker Co., W. Va.

No. MC 124947 (Sub-No. E3), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight require the use of special equipment, and of related articles and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, between points in that part of Illinois on and west of a line beginning at the Illinois-Wisconsin State line and junction Illinois Highway 78, thence along Illinois Highway 78 to junction Illinois Highway 104 at Jacksonville, thence along Illinois Highway 104 to junction Illinois Highway 29, thence along Illinois Highway 29 to junction U.S. Highway 51, thence along U.S. Highway 51 to junction U.S. Highway 51 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction Illinois Highway 37, thence along Illinois Highway 37 to junction U.S. Highway 51, thence along U.S. Highway 51 to junction Illinois-Kentucky State line (except points in Union, Johnson, Pope, Hardin, Alexander, Pulaski, and Massac Counties), on the one hand, and, on the other, points in that part of Kentucky on and south of a line beginning at the Kentucky-West Virginia State line to junction Kentucky Highway 40, thence along Kentucky Highway 40 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Indiana-Kentucky State line. The purpose of this filing is to eliminate the gateways of any point in Williamson, Franklin, or Saline Counties, Ill.

No. MC 124947 (Sub-No. E4), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight require the use of special equipment, and of related articles and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, between points in Missouri, on the one hand, and, on the other, points in Wabash, Edwards, White, Hamilton, Gallatin, and Hardin Counties, Ill. The purpose of this filing is to eliminate the gateways of any point in Williamson, Franklin, or Saline Counties, Ill.

No. MC 124947 (Sub-No. E5), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight require the use of special equipment, and of related articles and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, between points in that part of Illinois on, and south of a line beginning at the junction Illinois-Missouri State line and Illinois Highway 140, thence along Illinois Highway 140 to junction Illinois Highway 127, thence along Illinois Highway 127 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction Illinois Highway 37, thence along Illinois Highway 37 to junction Illinois Highway 15, thence along Illinois Highway 15 to junction Illinois Highway 142, thence along Illinois Highway 142 to junction Illinois Highway 13, thence along Illinois Highway 13 to junction Illinois-Indiana State line. The purpose of this filing is to eliminate the gateway of any point in Williamson, Franklin, or Saline Counties, Ill.

No. MC 124947 (Sub-No. E6), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight require the use of special equipment, and of related articles and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, between points in Vanderburgh and Posey Counties, Ind., on the one hand, and, on the other, points in that part of Illinois on and west of a line beginning at the junction of Illinois-Wisconsin State line and U.S. Highway 51, thence along U.S. Highway 51 (including Rockford and LaSalle) to junction Illinois Highway 18, thence along Illinois Highway 18 to junction Illinois Highway 29, thence along Illinois Highway 29 (including Peoria and Springfield) to junction U.S. Highway 51, thence along U.S. Highway 51 (including Centralia) to junction Illinois Highway 14, thence along Illinois Highway 14 to junction Illinois Highway 34, thence along Illinois Highway 34 to junction Illinois Highway 146, thence along Illinois Highway 146 to Golconda and junction with Illinois-Kentucky State line. The purpose of this filing is to eliminate the gateways of any point in Williamson, Franklin, or Saline Counties, Ill.

No. MC 124947 (Sub-No. E7), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight require the use of special equipment, and of related articles and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, between points in that part of Indiana on, east, and south of a line beginning at the junction of the Indiana-Michigan State line and U.S. Highway 31, thence along U.S. Highway 31 to junction U.S. Highway 35, thence along U.S. Highway 35 to junction Interstate Highway 69, thence along Interstate Highway 69 to junction U.S. Highway 35, thence along U.S. Highway 35 to junction Indiana Highway 3, thence along Indiana Highway 3 to junction Indiana Highway 46, thence along Indiana Highway 46 to junction Interstate Highway 65, thence along Interstate Highway 65 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction U.S. Highway 231, thence along U.S. Highway 231 to junction Indiana Highway 64, thence along Indiana Highway 64 to junction with the Illinois-Indiana State line, on the one hand, and, on the other, points in St. Clair, Washington, Jefferson, Monroe, Randolph, Perry, Jackson, Union, Johnson, Alexander, and Pulaski Counties, Ill. The purpose of this filing is to eliminate the gateways of any point in Williamson, Franklin, or Saline Counties, Ill.

No. MC 124947 (Sub-No. E8), filed September 8, 1974). Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight require the use of special equipment, and of related articles and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, between points in Floyd, Harrison, Crawford, Perry, Dubois, Spencer, Pike, Warrick, Gibson, Vanderburgh, and Posey Counties, Ind., on the one hand, and, on the other, points in that part of Illinois on and west of a line beginning at the junction of the Wisconsin-Illinois State line and Illinois Highway 78, thence along Illinois Highway 78 to junction Illinois Highway 88, thence along Illinois Highway 88 to Peoria, thence along Illinois Highway 29 to Springfield, thence along Illinois Highway 4 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction Interstate Highway 57, thence along Interstate Highway 57 to junction Illinois Highway 34, thence along Illinois Highway 34 to junction Illinois Highway 146, thence along Illinois Highway 146 to Golconda and junction Illinois-Kentucky State line. The purpose of this filing is to eliminate the gateways of any point in Williamson, Franklin, or Saline Counties, Ill.

No. MC 124947 (Sub-No. E9), filed September 8, 1974). Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266,

Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight require the use of special equipment, and of related articles and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, between points in that part of Ohio on and beginning at Cleveland, Ohio, thence along U.S. Highway 42 to junction Ohio Highway 3, thence along Ohio Highway 3 to junction with the Ohio-Kentucky State line at Cincinnati, on the one hand, and, on the other, points in that part of Illinois on, south and west of a line beginning at the junction of the Illinois-Missouri State line and U.S. Highway 54, thence along U.S. Highway 54 to junction U.S. Highway 36, thence along U.S. Highway 36 to junction Illinois Highway 106, thence along Illinois Highway 106 to junction Illinois Highway 267, thence along Illinois Highway 267 to junction Illinois Highway 16, thence along Illinois Highway 16 to junction Illinois Highway 127, thence along Illinois Highway 127 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction Interstate Highway 57, thence along Interstate Highway 57 to junction Illinois Highway 34, thence along Illinois Highway 34 to junction Illinois Highway 146, thence along Illinois Highway 146 to junction Illinois-Kentucky State line at Golconda. The purpose of this filing is to eliminate the gateways of any point in Williamson, Franklin, or Saline Counties, Ill.

Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight require the use of special equipment, and of related articles and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, between points in that part of Missouri on and south of a line beginning at the junction of the Kansas-Missouri State line and U.S. Highway 160, thence along U.S. Highway 160 to junction Interstate Highway 44 (U.S. Highway 66), thence along Interstate Highway 44 (U.S. Highway 66) to junction Missouri Highway 8, thence along Missouri Highway 8 to junction U.S. Highway 67, thence along U.S. Highway 67 to junction Missouri Highway 72, thence along Missouri Highway 72 to junction with the Missouri-Illinois State line, on the one hand, and, on the other, points in that part of Illinois on and east of a line beginning at the Illinois-Wisconsin State line to junction with U.S. Highway 14, thence along U.S. Highway 14 to junction Illinois Highway 23, thence along Illinois Highway 23 to junction Illinois Highway 17, thence along Illinois Highway 17 to junction Illinois Highway 47, thence along Illinois Highway 47 to junction Interstate Highway 72, thence along Interstate Highway 72 to junction Interstate Highway 57, thence along Interstate Highway 57 to junction Illinois Highway 13, thence along Illinois Highway 13 to junction Illinois-Kentucky State line. The purpose of this filing is to eliminate the gateways of any point in Williamson, Franklin, or Saline Counties, Ill.

No. MC 124947 (Sub-No. E11), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wire and wire products, fencing materials and accessories, nails, staples, rods, joists, angles, and bars*, the transportation of which because of size or weight requires the use of special equipment from points in that part of Arkansas on or east of U.S. Highway 67 to points in that part of Wisconsin on and east of a line beginning at the junction Illinois-Wisconsin State line and Interstate Highway 90, thence along Interstate Highway 90 to junction Wisconsin Highway 78, thence along Wisconsin Highway 78 to junction U.S. Highway 51, thence along U.S. Highway 51 to junction Wisconsin-Michigan State line. The purpose of this filing is to eliminate the gateways of any points in Williamson, Franklin, or Saline Counties, Ill., and the plant site of Keystone Steel and Wire Company at Bartonville, Ill.

No. MC 124947 (Sub-No. E12), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wire and wire products, fencing materials and accessories, nails, staples, rods, joists, angles, and bars*, the transportation of which because of size or weight requires the use of special equipment, from points in Cape Girardeau, Scott, Mississippi, Stoddard, New Madrid, Pemiscot, and Dunklin Counties, Mo., to points in that part of Wisconsin on and east of a line beginning at the junction of Illinois-Wisconsin State line and Interstate Highway 90, thence along Interstate Highway 90 to junction Wisconsin Highway 78, thence along Wisconsin Highway 78 to junction U.S. Highway 51, thence along U.S. Highway 51 to junction Wisconsin-Michigan State line. The purpose of this filing is to eliminate the gateways of any points in Williamson, Franklin, or Saline Counties, Ill., and the plant site of Keystone Steel and Wire Company at Bartonville, Ill.

No. MC 124947 (Sub.-No. E13), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wire and wire products, fencing materials and accessories, nails, staples, rods, joists, angles, and bars*, the transportation of which because of size or weight requires the use of special equipment, from points in that part of Missouri on and south of a line beginning at the junction of the Missouri-Oklahoma State line and Interstate Highway 44, thence along Interstate Highway 44 to junction Missouri Highway 8, thence along Missouri Highway 8 to junction U.S. Highway 67, thence along U.S. Highway 67 to junction Missouri Highway 32, thence along Missouri Highway 32 to junction Interstate Highway 55, thence along Interstate Highway 55 to junction Missouri Highway 51, thence along Missouri Highway 51 to junction with the Missouri-Illinois State line to points in that part of Wisconsin on, north and east of a line beginning at the junction of the Wisconsin-Michigan State line and U.S. Highway 45, thence along U.S. Highway 45 to junction U.S. Highway 41, thence along U.S. Highway 41 to junction Wisconsin Highway 33, thence along Wisconsin Highway 33 to Port Washington and junction Lake Michigan. The purpose of this filing is to eliminate the gateways of any points in Williamson, Franklin, or Saline Counties, Ill., and the plant site of Keystone Steel and Wire Company at Bartonville, Ill.

No. MC 124947 (Sub-No. E14), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wire and wire products, fencing materials and accessories, nails, staples, rods, joists, angles, and bars*, the transportation of which requires the use of special equipment; from points in that part of Illinois on and south of a line beginning at the junction of the Missouri-Illinois State line and U.S. Highway 67, thence along U.S. Highway 67 to junction Illinois Highway 78, thence along Illinois Highway 78 to junction U.S. Highway 24, thence along U.S. Highway 24 to junction U.S. Highway 51, thence along U.S. Highway 51 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction Illinois Highway 37, thence along Illinois Highway 37 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Illinois Highway 142, thence along Illinois Highway 142 to junction Illinois Highway 13, thence along Illinois Highway 13 to junction Illinois-Kentucky State line to points in Wisconsin. The purpose of this filing is to eliminate the gateway of the plant site of Keystone Steel and Wire Company at Bartonville, Ill.

No. MC 124947 (Sub-No. E15), filed September 8, 1974. Applicant: MACHINERY TRANSPORTS, INC., P.O. Box 266, Stroud, Okla. 74079. Applicant's representative: T. M. Brown, 600 Seininger Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: Commodities, the transportation of which because of size or weight require the use of special equipment, and of related articles and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, between points in Illinois, on the one hand, and, on the other, Beloit and Turtle, Wisc. The purpose of this filing is to eliminate the gateway of any in Winnebago County, Ill.

By the Commission.

VOL. 40 NO. 155 AUG 11 75 XU

## DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

### Office of Education

### [ 45 CFR Part 160f ]

### WOMEN'S EDUCATIONAL EQUITY PROGRAM

### Proposed Rules and Criteria Governing Awards of Grants and Contracts

Pursuant to the authority contained in section 408 of Pub. L. 93-380 (20 U.S.C. 1866), notice is hereby given that the Commissioner of Education, with the approval of the Secretary of Health, Education, and Welfare, proposes to amend Title 45 of the Code of Federal Regulations by adding a new Part 160f to read as set forth below.

The proposed regulations would set forth rules and criteria for governing the award of grants and contracts under the authority of section 408 of Pub. L. 93-380 (the Women's Educational Equity Act of 1974) in order to provide focused Federal support for programmatic efforts to achieve educational equity for women.

A. SUMMARY OF PROPOSED REGULATIONS

1. *Nature of program.* Section 160f.3 of the proposed regulations describes the nature of the program as the elimination of discrimination on the basis of sex and of those components of sex role stereotyping and sex role socialization which prevent the full and fair participation of women in educational programs and in American society generally, and the achievement of responsiveness of educational institutions, programs, curricula, policy makers, administrators, instructors and other personnel to the special educational needs, interests, and concerns of women arising from inequitable educational policies and practices.

Although Title IX of the Education Amendments of 1972 does not require the elimination of sex stereotyping in textbooks and curricular materials, the Women's Educational Equity Act of 1974 specifically includes provisions for the support of activities in this area. Projects funded under the Act for the development, evaluation, and dissemination of curricula, textbooks, and other educational materials, as provided for in subsection (d)(1)(A) of the Act, and other projects related to curricula and textbooks will not involve Federal censorship or exclusive endorsement of textbooks and curricula. Any such materials developed and disseminated by applicants will be for use by local and State agencies, public and private postsecondary institutions at their option for the purpose of eliminating stereotyping by sex.

Section 160f.3(b) would require all projects to effect capacity building in women's educational equity by developing and disseminating approaches and products which would have a national impact. Such projects would be directed toward attainment of women's educational equity through one of the following ways (§ 160f.3(c)):

(a) Systemic change by eliminating those components of sex role stereotyping and sex role socialization which separately, and more importantly, together and over time limit the aspirations, experiences, and options of women;

(b) Institutional change through assistance in the elimination of discriminatory practices and policies in educational agencies, organizations, and programs which may be contrary to Federal statutes, executive orders, and regulations; and

(c) Remediation for individuals through special educational opportunities and training in order to overcome limitations resulting from past discriminatory practices.

2. *Funding areas.* Section 160f.4(b) indicates the areas in which the Commissioner intends to make project awards, including three areas which will be accorded priority in the review of grant applications. It has been deemed necessary to establish these funding areas because of the extremely wide range of authorized activities in the statute and the limited funds which are expected to be available to carry out the Act. As indicated in § 160f.4(c), each of the funding areas (which are more fully explained in §§ 160f.12, 160f.13, and 160f.14) cuts across a number of the types of activities authorized by the Act. At the same time, the funding areas, in carrying out the various types of authorized activities in the statute, focus on specific types of projects which are believed to have the greatest potential for furthering the purpose of women's educational equity on a national scale.

3. *Grant priorities.* In the grant area, § 160f.4(b), while not excluding worthwhile projects under any of the authorized activities identified in § 160f.4(a), proposes that priority be given grant applications in three areas. The parameters of these areas are set forth in § 160f.12 in broad terms, leaving discretion to applicants to devise a wide range of projects in these areas. The priority areas are:

(a) Development, validation, and/or initial utilization of training modules to provide preservice and inservice training for teachers, administrators, and other educational personnel which create an awareness of the extent of sex role stereotyping and sex role socialization in educational institutions, programs, curricula, and personnel, and/or which provide skills and understanding which can help to eliminate them (§ 160f.12(a));

(b) Support of exemplary educational leadership programs whose purpose is both to increase the number of women who assume leadership role in the fields of educational administration, vocational education, career education, physical education, guidance and counseling, or adult education, and to restructure the content of training in these fields to reflect issues in the provision of educational equity for women (§ 160f.12(b)); and

(c) Development of programs to broaden the career options for women, and to assist their entry into occupational fields. Projects in this area are expected to develop and test a program as well as to produce the program design for dissemination (§ 160f.12(c)).

4. *Small grants.* The Act and the proposed regulation also provide for a program of small grants of up to $15,000. These grants are expected to support the development and carrying out of innovative approaches to the attainment of educational equity for women.

5. *Contracts.* Procurement contracts would be awarded in two areas under the proposed regulation. One area would be the development of technical assistance instruments to assist educational agencies to comply with Title IX of the Education Amendments of 1972 and the conduct of national and regional workshops for dissemination of such instruments. The other area would be the development and maintenance of an active communications network to serve educational practitioners, researchers, and persons in the field (§ 160f.14).

6. *Requirements and criteria.* Application requirements for all applications are set forth in proposed § 160f.8, and general evaluation criteria are contained in proposed § 160f.10.

B. CITATIONS OF LEGAL AUTHORITY

As required by section 431(a) of the General Education Provisions Act, a citation of statutory or other legal authority for each section of the regulations has been placed in parentheses on the line following the text of the section.

On occasion, a citation appears at the end of a subdivision of the section. In that case, the citation applies to all that appears in that section between the citation and the immediately preceding citation. When the citation appears only at the end of the section, it applies to the entire section.

C. OTHER APPLICABLE REGULATIONS

The proposed regulations do not contain provisions relating to general fiscal and administrative matters. Requirements of this nature are covered by the Office of Education General Provisions Regulations (45 CFR Part 100a) and the Appendices thereto, which include rules on direct and indirect costs.

In addition, a number of rules common to all of the programs funded pursuant to the Special Projects Act, including the Women's Educational Equity Act Program, are being prepared for publication as Part 160 of Title 45 of the Code of Federal Regulations. These would include definitions of terms used in this proposed regulation and in other regulations related to the Special Projects Act.

D. NOTICE TO PROSPECTIVE APPLICANTS

This first publication is not the final regulation. It is followed by a forty-five day period which allows interested members of the public to submit comments and recommendations. Each comment will be given careful consideration, and will be responded to in substance in the preamble to the final regulations. Following this review, the regulation will be published in final form, with any appropriate changes, in the FEDERAL REGISTER.

As more fully explained below, no money is available at the present time for awards under the program, and no applications are being accepted. Application forms are not available.

The publication of proposed regulations is only a beginning step in a series of formal procedures and actions required before funds can be awarded to recipients. For Fiscal Year 1975, no funds were appropriated for grants or contracts authorized under the program. Following an enactment of an appropriation for the program for Fiscal Year 1976, further administrative steps would have to take place before the award of grants or contracts. With respect to grants, these steps would include the preparation for distribution of appropriate application forms, the publication in the FEDERAL REGISTER of a notice of closing date informing applicants of the period within which applications must be filed and where application forms may be obtained and allowing the applicants sufficient time for the preparation of applications, and the receipt, processing, evaluation, and selection of applications for funding. Finally, the terms of the actual award documents must be negotiated with those applicants whose applications have been accepted.

E. SUBMISSION OF COMMENTS

All interested parties are invited to submit written comments and recommendations concerning the proposed regulations to Dr. Joan Duval, Women's Educational Equity Act Program, Room 3121, FOB-6, 400 Maryland Ave., SW., Washington, D.C. 20202. Such comments and recommendations will be available for public inspection on Mondays through Fridays between 8 a.m. and 4:30 p.m. at the above office.

All relevant material received on or before September 25, 1975, will be considered.

(Catalog of Federal Domestic Assistance No. 13.565; Women's Educational Equity Act Program)

Dated: June 27, 1975.

T. H. BELL,
*U.S. Commissioner of Education.*

Approved: August 5, 1975.

CASPAR W. WEINBERGER,
*Secretary of Health, Education, and Welfare.*

## PART 160f—WOMEN'S EDUCATIONAL EQUITY ACT PROGRAM

Sec.
160f.1 Scope and purpose.
160f.2 Definitions.
160f.3 Nature of projects to provide educational equity for women.
160f.4 Types of projects.
160f.5 Duration of projects.
160f.6 Eligible applicants.
160f.7 Preapplications.
160f.8 Application and proposal requirements.
160f.9 Award decisions.
160f.10 General evaluation criteria.
160f.11 Geographical distribution of awards.
160f.12 General grant awards.
160f.13 Small grant awards.
160f.14 Contract activities.
160f.15 Allowable costs.

AUTHORITY: Sec. 408, Pub. L. 93-380 (20 U.S.C. 1866).

### § 160f.1 Scope and purpose.

(a) *Scope.* The regulations in this part govern projects awarded with funds appropriated pursuant to the Women's Educational Equity Act of 1974, section 408 of Pub. L. 93-380, or with funds made available for expenditure under the Women's Educational Equity Act pursuant to the Special Projects Act, as enacted by section 402 of Pub. L. 93-380.

(20 U.S.C. 1866 and 1861)

(b) *Purpose.* The purpose of the program carried out pursuant to this part is to provide, through grants and contracts, educational equity for women in the United States.

(20 U.S.C. 1866(b))

(c) *Other pertinent regulations*—(1) *Grant awards.* Grant awards under this part, including awards to individuals, are subject to applicable provisions contained in: (i) Subchapter A of this chapter (relating to fiscal, administrative, property management, and other matters, 45 CFR Parts 100, 100a et seq.); and (ii) Part 160 of this chapter relating to the Special Projects Act.

(2) *Contract awards.* Contract awards under this part, including awards to individuals, are subject to applicable provisions contained in: (i) 41 CFR Chapters 1 and 3, and (ii) Part 160 of this chapter relating to the Special Projects Act.

(20 U.S.C. 1866 and 1861)

(d) *Participation by men.* Nothing in this part shall be construed as prohibiting men from participating in any programs or activities assisted under this part.

(20 U.S.C. 1866(d)(4))

(e) Nothing in this part shall be interpreted as requiring or prohibiting or abridging in any way the use of particular textbooks or curricular materials.

(20 U.S.C. 1866(d)(1)(A); 20 U.S.C. 1232a)

### § 160f.2 Definitions.

As used in this part:

"Act" means the Women's Educational Equity Act of 1974, section 408 of Pub. L. 93-380.

(20 U.S.C. 1866)

"Council" means the Advisory Council on Women's Educational Programs established pursuant to subsection (f) of the Act.

(20 U.S.C. 1866(b))

"Career education" means an education process designed: (a) To increase the relationship between schools and society as a whole; (b) to provide opportunities for counseling, guidance and career development for all children; (c) to relate the subject matter of the curricula of schools to the needs of persons to function in society; (d) to extend the concept of the education process beyond the school into the area of employment and community; (e) to foster flexibility in attitudes, skills, and knowledge in order to enable persons to cope with accelerating change and obsolescence; (f) to make education more relevant to employment and functioning in society; and (g) to eliminate any distinction between education for vocational purposes and general or academic education.

(20 U.S.C. 1865(d))

"Man" or "men" may include, as appropriate, boys.

"Sexism" means the collection of attitudes, beliefs, and behaviors which result from the assumption that one sex is superior. In the context of schools, the term refers to the collection of structures, policies, practices, and activities that overtly or covertly prescribe the development of girls and boys and prepare them for traditional sex roles.

"Sex Role Socialization" refers to the differential processes and experiences used to prepare males and females for the roles that society defines as being appropriate for their sex.

"Sex Role Stereotypes" are stereotypes based upon the assumption that because a number of individuals share one attribute—e.g. race or sex—they are similar in many others. Stereotypes arise from a natural need to organize the world around us. They may also result in oversimplified beliefs, attitudes or uncritical judgments. A sex role stereotype may be defined as the assumption that all females or all males, because they share a common gender, also share common abilities, interests, values, and roles.

"Socialization" is the process by which children and adults are prepared to occupy various roles. It is achieved through the provision and accumulation of life experiences that transmit knowledge, attitudes, and skills to perform functions necessary for these roles. Socialization for young children is often deliberate and readily observable as children are being prepared to carry out a complex collection of economic, social, physical, political, and psychological roles as adults. Much of adult socialization is subtle and unnoticed because it consists of continued reinforcement for already learned roles. In situations where the learning of new roles or skills is necessary, adult socialization may become extremely focused and explicit.

"Woman" or "women" may include, as appropriate, girls.

(20 U.S.C. 1866)

"Underemployed" means being employed part-time when full-time employment is desired or being employed part-time or full-time in a job which does not utilize the knowledge and skills which have been acquired for employment.

(20 U.S.C. 1866(d)(1)(E))

### § 160f.3 Nature of projects to provide educational equity for women.

(a) *General.* (1) Educational equity for women, as used in this part, means (i) the elimination of discrimination on the basis of sex and of those components

of sex role stereotyping and sex role socialization in educational institutions, programs, and curricula which prevent full and fair participation by women in educational programs and in American society generally, and (ii) the achievement of responsiveness of educational institutions, programs, curricula, policy makers, administrators, instructors, and other personnel to the special educational needs, interests, and concerns of women arising from inequitable educational policies and practices.

(2) Educational equity for women, as used in this part, involves the elimination of stereotyping by sex, so that both men and women can choose freely among and benefit from opportunities in educational institutions and programs with limitations determined only by each individual's interests, aptitudes, and abilities. Educational equity for women does not imply the development of new stereotypes for men and women.

(b) *Capacity building.* (1) (i) Projects supported under this part must contribute to capacity building in the area of educational equity for women by producing exemplary results and/or products to be used by organizations, agencies, and individuals other than the award recipient, and thereby to have asubstantial national impact in furthering the purpose of providing educational equity for women.

(ii) Projects will not be supported which are designed to benefit only particular organizations, agencies, or individuals.

(2) An application or proposal for a grant or contract under this part must reflect compliance with the requirements of subparagraph (1) of this paragraph (i) in the stated objectives and outcomes, (ii) by the attention to planning, quality controls, and evaluation, and (iii) by the emphasis on dissemination and utilization procedures.

(3) The cost to organizations, agencies, and individuals other than the award recipient of obtaining and using products developed by projects supported under this part may not be on a scale which would inhibit extensive utilization and replication of the products.

(20 U.S.C. 1866 (b) and (d)(2)(B))

(c) *Approaches to educational equity for women.* (1) Each project award under this part must be designed to promote educational equity for women in one of the following ways:

(i) *Focus on systemic change.* The elimination of those components of sex role stereotyping and sex role socialization in educational institutions and agencies which separately, and, more importantly, together and over time limit the aspirations, experiences, and options of women and men for full participation in American society;

(ii) *Focus on institutional change.* Assistance in the process of eliminating discriminatory policies and practices in educational agencies, organizations, and programs which may be contrary to Federal statutes, executive orders, or regulations; or

(iii) *Focus on remediation for individuals.* The provision of special educational and training activities designed to limitations on the opportunities for remedy limitations on the opportunities of women resulting from past and/or continuing discrimination, sex role, stereotyping, and/or sex role socialization.

(2) Specific types of projects to carry out the approaches described in subparagraph (1) of this paragraph are set forth in § 160f.4.

(20 U.S.C. 1866; Committee on Education and Labor, Hearing on H.R. 208 July 25, 1973, pp. 4–6; S. Rept. No. 763, 93rd Cong. 2d Sess. 78–79 (1974))

(d) *Cultural diversity.* Projects funded under this part may, but are not required to, specifically focus on an approach to the provision of educational equity for women relating to one or more specific racial, ethnic, religious, socioeconomic, or regional groups or on the differing approaches to the provision of educational equity for women among various such groups. In any case, each application or proposal as a whole must reflect an appropriate understanding that such differing approaches exist.

(20 U.S.C. 1866)

### § 160f.4 Types of projects.

(a) The Act authorizes the Commissioner to award grants and contracts for activities at all levels of education designed to carry out the purpose of providing educational equity for women, including the following activities related to educational equity:

(1) The development, evaluation, and dissemination of curricula, textbooks, and other educational materials;

(2) Preservice and inservice training for educational personnel, including guidance and counseling personnel;

(3) Research, development, and other educational activities;

(4) Guidance and counseling activities, including the development of tests which are nondiscriminatory on the basis of sex;

(5) Educational activities to increase opportunities for adult women, including continuing educational activities for underemployed and unemployed women;

(6) The expansion and improvement of educational programs and activities for women in vocational education, career education, physical education, and educational administration; and

(7) A program of small grants for innovative projects.

(20 U.S.C. 1866 (d)(1) and (e))

(b) In implementing the activities authorized by the Act and described in paragraph (a) of this section, the Commissioner will:

(1) Make small grants not to exceed $15,000 each, to support innovative approaches to the provision of educational equity for women, as described in § 160f.13;

(2) Solicit proposals for and make awards of

(i) Procurement contracts (A) to develop technical assistance instruments for use in eliminating discrimination in educational institutions as required by Title IX of Pub. L. 92–318, and (B) to conduct national and regional workshops for the dissemination of such instruments, as described in § 160f.14(b)(1), and

(ii) A procurement contract to establish a communications network to advance educational equity for women, as described in § 160f.14(b)(2);

(3) Make grant awards, with priority given to applications

(i) To develop, validate, and/or initially use training modules related to educational equity, as described in § 160f.12(a);

(ii) To support exemplary educational leadership programs which prepare women for leadership, administrative, and instructional positions in the fields of educational administration, vocational education, career education, physical eduction, guidance and counseling, and adult education, as described in § 160f.12(b); and

(iii) To develop special programs to broaden career options for women and to assist their entry into occupational fields, as described in § 160f.12(c).

(20 U.S.C. 1866 (d)(1) and (e); S. Rept. No. 763, 93rd Cong. 2nd Sess. 78 (1974))

(c) The funding areas described in paragraph (b) of this section are not parallel to the description of authorized activities in paragraph (a) of this section, but they do collectively relate to each of the subparagraphs in paragraph (a) of this section. For example:

(1) The development, validation, and initial utilization of training modules under paragraph (b)(3)(i) of this section will necessarily involve the development of the educational materials which constitute the module (paragraph (a)(1) of this section), educational activities designed to advance women's educational equity (paragraph (a)(3) of this section), and the development of a product designed to provide training for educational personnel (paragraph (a)(2) of this section) and may also involve the evaluation of textbooks and curricula (paragraph (a)(1) of this section), the development of supplementary instructional materials (paragraph (a)(1) of this section), analysis of teacher behavior (paragraph (a)(3) of this section), and the elimination of sex role stereotyping or sex role socialization in the areas of guidance, counseling, and testing (paragraph (a)(4) of this section).

(2) Exemplary educational leadership programs for women under paragraph (b)(3)(ii) of this section would most directly involve the activities of training for educational personnel (paragraph (a)(2) of this section) and the improvement of educational programs for women in specified educational fields (paragraph (a)(6) of this section) and could also involve the development of educational materials incidental to the carrying out of these programs (paragraph (a)(1) of this section).

(3) Programs to broaden career options for women under paragraph (b)(3)(iii) of this section would most directly involve educational activities to increase opportunities for adult women (paragraph (a)(5) of this section), guidance and counseling activities (paragraph (a)(4) of this section), and the development of necessary materials (paragraph (a)(1) of this section).

(4) The communications network under paragraph (b)(2)(ii) of this section is designed to provide information about work already completed or in progress with respect to all activities described in paragraph (a) of this section.

(20 U.S.C. 1866(d)(1))

(d) It is expected that the funding areas described in paragraph (b) of this section will be modified from time to time by appropriate amendments to this part, based upon advice and criteria provided by the Council pursuant to subsection (f)(3) of the Act, to reflect changing needs and priorities in the provision of educational equity for women.

(20 U.S.C. 1866(f)(3)).

### § 160f.5 Duration of projects.

(a) While grant applications may be filed proposing multi-year projects, it is expected that a substantial proportion of projects funded by the Commissioner in any fiscal year will have a project duration of only one year.

(b) Applications proposing multi-year projects must be accompanied by an explanation of the need for multi-year support, an overview of the objectives and activities proposed, and budget estimates to attain these objectives in any proposed subsequent year.

(c) If the application demonstrates to the Commissioner's satisfaction that multi-year support is needed to carry out the proposed project, the Commissioner may, in the initial notification of grant award for the project, indicate an intention to assist the project on an appropriate multi-year basis through continuation grants.

(d) Continuation awards may be made to projects described in paragraph (c) of this section, subject to the availability of funds and to the following provisions:

(1) Continuation applications will not be competitive with applications for new grant awards, but will be competitive with other applications for continuation awards; and

(2) Applications for continuation awards will be reviewed to determine (i) if the grantee has complied with the grant terms and conditions, the Act, and any applicable regulations, (ii) the project's effectiveness to date, (iii) the extent to which the project is meeting the applicable priorities, and (iv) the extent to which continuation of Federal assistance to the project is in the best interests of the Government.

(20 U.S.C. 1221e–3(a)(1), 1866)

### § 160f.6 Eligible applicants.

The Commissioner may make grants to, or enter into contracts with, public agencies, private nonprofit organizations, or individuals to carry out projects under this part.

(20 U.S.C. 1866 (d)(1) and (e))

### § 160f.7 Preapplications.

(a) The Commissioner may require applicants for grants under this part to submit preapplications in accordance with § 100a.41 of this chapter by publishing a closing date for preapplications in the FEDERAL REGISTER.

(b) In the event that the Commissioner does require preapplications pursuant to paragraph (a) of this section:

(1) As part of the program narrative statement required in preapplication forms provided for by § 100a.41 of this chapter, which may not exceed ten double-spaced typewritten pages, applicants for grants must provide information on the objectives and activities proposed which is responsive to criteria set forth in §§ 160f.10 160f.12 (a)(4), (b)(5), or (c)(4), as applicable;

(2) If the applicant proposes a project with a duration in excess of one year, the program narrative statement must include an explanation of the need for multi-year support, and the budget forms must be completed for the first budget period of one year and for the balance of the proposed project;

(3) Preapplications will be evaluated by the Commissioner on the basis of the proposed project's prospects for meeting pertinent requirements in this part and for competing successfully with similar applications from other applicants in terms of the funding criteria set forth in §§ 160f.10, and 160f.12 (a)(4), (b)(5), and (c)(4), as applicable;

(4) Applicants submitting the most highly rated preapplications will be invited to submit applications for review.

(20 U.S.C. 1221, 1866 (d)(2) and (e))

### § 160f.8 Application and proposal requirements.

(a) *Introduction.* A grant or a contract under this part will be awarded only upon a grant application (in accordance with § 100a.40 of this chapter) or a contract proposal submitted to the Commissioner.

(b) *General.* (1) Unsolicited applications or proposals will not be accepted under this part. Grant applications will be accepted for review only if they are filed in response to a notice of closing date published in the FEDERAL REGISTER in accordance with 45 CFR 100a.15, concerning application submissions to the Commissioner.

(2) An eligible applicant must file a single and separate application or proposal with respect to each of the subparagraphs of § 160f.4(b) under which it seeks an award.

(3) Lengthy appendices or exhibits attached to the application or proposal will not be reviewed by the Commissioner.

(c) *Requirements.* An application or proposal under this part must:

(1) *Nature and purpose.* Provide information sufficient to satisfy the Commissioner that the proposed project holds promise of making a substantial contribution toward attaining educational equity for women and will comply with the provisions of § 160f.3;

(2) *Applicant qualifications.* Contain sufficient information about the applicant to enable the Commissioner to determine its qualifications for receiving an award and its commitment to the provision of educational equity for women, including information about (i) the applicant's experience in the area of educational equity for women, as well as in the area of programmatic focus of the proposed project, (ii) the proposed staff, including their education, training, awards, publications, and experience in the areas of educational equity for women and in the programmatic focus of the proposed project, and existing or planned commitments to other projects, and (iii) available facilities and other resources for the project;

(3) *Need and impact.* (i) Identify the need to be addressed by the proposed project and supply relevant documentation of that need, and where a general area of need has been set forth in this part or in contract specifications, go beyond a general exposition of need to identify and document specific areas of need which the proposed project would address; (ii) Specify the nature of the output, product, or final results of the proposed project; (iii) Document how the project will contribute to capacity building in the area of women's educational equity as described in § 160f.3(b), including a description of likely users of the results, processes, and products of the project, and rough projections of the financial cost to others of implementing or using the products; and (iv) Describe validation, dissemination, and utilization procedures to be used in the proposed project;

(4) *Plan of operation.* (i) Describe (A) project objectives which state specific outcomes for the project; (B) a project evaluation design which includes both product and process analysis to measure the extent to which the objectives are accomplished by the project; (C) a management design which includes objectives, operational activities, schedules, resources, products, and references to the evaluation design, and (D) a budget;

(ii) The evaluation and management designs need not be capable of being implemented instantly, but must be sufficiently described to indicate the approach, status of planning, methodology, extent of experience in the development and use of such designs, and need for procuring outside expertise;

(5) *Additional information.* Applications or proposals must include other information responsive to applicable criteria and other provisions set forth in §§ 160f.10, 160f.12, and 160f.13 or to the specific criteria and other provisions contained in specifications for contract proposals pursuant to §160f.14; and

(6) *Relationship to other activities.* As described in §160f.3(d), projects must reflect an understanding that differing approaches to the achievement of women's educational equity exist among

various racial, ethnic, religious, socio-economic, and regional groups. If the applicant is carrying out other activities concerned with issues of discrimination, counseling, stereotyping, socialization or the cultural values and heritage of social, ethnic, regional, or socioeconomic groups, the application or proposal must explain the specific relationship of the proposed project to such other activities.

(20 U.S.C. 1866(d)(2))

(d) *Small grants.* Aplications for small grants under §160f.13 are subject to the applicable requirements in this section, with appropriate consideration to the scope and amount of the proposed award.

(20 U.S.C. 1866(e))

(e) *Evaluation.* Project awards under this part will be subject to the condition that the award recipient collect and make available such information as may be required by the Commissioner or by the Council, in accordance with such time constraints as the Commissioner or Council may designate for purposes of carrying out program evaluation, including that provided for under subsection (f) of the Act.

(20 U.S.C. 1866)

**§ 160f.9 Award decisions.**

Decisions on whether or not to make awards under this part will be made by the Commissioner based upon: (a) Applicable criteria set forth in § 160f.10 and § 160f.12 (a), (b), or (c); (b) the geographical distribution requirement of § 160f.11; and (c) the need to support a variety of projects which collectively represent to the extent possible the diversity of needs and concerns in educational equity for women.

(20 U.S.C. 1866 (b), (d), (e), (f)(3))

**§ 160f.10 General evaluation criteria for awards.**

(a) *General criteria.* Applications for grants and proposals for contracts which meet the requirements in § 160f.8 will be evaluated on the basis of the following criteria, weighted according to the indicated points (maximum of 150 points):

(1) *Applicant qualifications.* (45 points) (i) The extent to which the qualifications of the project director and staff include demonstrated relevant experience of high quality in the area of educational equity for women and in the programmatic focus of the project as evidenced in the application (10 points);

(ii) The extent and quality of the applicant's relevant experience in the area of educational equity for women and in the programmatic focus of the project as evidenced in the application (10 points);

(iii) The extent to which the staffing pattern of the project and of the applicant agency or organization as summarized in the application reflects evidence of commitment to educational equity for women, including women from minority groups (15 points);

(iv) The extent to which the applicant has the capability to conduct the proposed project, including necessary facilities and resources as evidenced in the application (10 points);

(2) *Need and impact.* (50 points) (i) The degree to which the proposed project is likely to make a substantial qualitative contribution toward attaining the provision of educational equity for women, and to this end clearly identifies the need to be addressed and specifies the substantive nature of the output, product, or final results of the proposed project (20 points);

(ii) The quality of the application or proposal as a whole over and above the minimum requirement in § 160f.3(d) in reflecting an understanding that differing approaches to the provision of educational equity for women exist among various racial, ethnic, religious, socioeconomic, or regional groups and in taking account of such differing approaches as appropriate in relationship to the proposed project (10 points);

(iii) The extent to which the intended results of the proposed project can be used by others and thus the extent to which the application specifies well-designed validation, dissemination, and utilization procedures (20 points); and

(3) *Plan of operation.* (55 points) (i) The extent to which the application sharply defines and clearly states objectives for the proposed project which are capable of being achieved by the proposed procedures and capable of being assessed upon attainment (15 points);

(ii) The extent to which the application ensures adequate evaluation of the activities through the description of a project evaluation design which would include both process and product analysis and would describe an eventual evaluation report to include sufficient data, information, and direction to permit and encourage replication (15 points);

(iii) The quality of the proposed management design that includes objectives, operational activities, schedules (including the amount of time to be spent on the project by the named proposed staff members), resources, products, and references to the project evaluation design (15 points); and

(iv) The extent to which the application presents a budget that is reasonable in relation to anticipated results and reflects the management design (10 points).

(b) *General provisions criteria.* Evaluation criteria set forth in § 100a.26(b) of this chapter will not apply to applications or proposals submitted under this part.

(c) *Small grants.* Applications for small grants will be evaluated in accordance with the criteria specified in paragraph (a) of this section with appropriate consideration given to the scope and amount of the proposed award.

(20 U.S.C. 1866 (d) and (e))

**§ 160f.11 Geographical distribution of awards.**

In accordance with relevant recommendations of the Council, the Commissioner will make an appropriate geographical distribution of projects throughout the Nation.

(20 U.S.C. 1866(f)(3)(C))

**§ 160f.12 General grant awards.**

In awarding grants under this part (except with respect to small grants described in § 160f.13), the Commissioner will give priority to applications within the following areas:

(a) *Training modules on sexism in education*—(1) *General.* Grants under this paragraph will be for the development, validation, and initial use of training modules for nationwide use in providing preservice and inservice training for teachers, administrators, and other educational personnel. Depending on the scope of the proposed activities and the degree of progress which the applicant may already have made, a grant award may be made for development funds only, or for development and validation and/or initial use of training modules;

(2) *Purpose.* Training modules supported by grants under this paragraph must be designed to create an awareness of the extent and consequences of those components of sex role stereotyping and sex role socialization in educational institutions, programs, curricula, and personnel, which over time limit the aspirations, experiences, and options of women and men for full participation in American society, and/or to provide skills and understanding which can help to eliminate them;

(3) *Nature of modules.* Training modules supported by grants under this paragraph:

(i) Must be designed to be available for use by potential users at relatively low cost and without substantial dependence on consulative assistance;

(ii) (A) May be designed as a comprehensive approach to training in many areas where sex role stereotyping or sex role socialization occur (such as in curriculum, textbooks, counseling, institutional policies and practices, teacher expectations, rewards and punishments, non-verbal behavior of peers and instructors), or in one or more specific areas;

(B) Which are related to such areas as curriculum and textbooks must be designed to give educational personnel the capacity and skills (*1*) to plan curriculum and select textbooks and other instructional materials which are nondiscriminatory on the basis of sex and (2) to identify and combat sex role stereotyping in textbooks and other instructional materials presently available. The training modules may also include the development of supplementary instructional materials designed to promote educational equity for women;

(iii) May concern sex role stereotyping and sex role socialization as they occur at many levels of education or in many educational contexts (such as preschool programs, elementary schools, secondary schools, institutions of higher education, State departments of education, vocational education, and adult education) or may focus on one such level or context;

(iv) May be designed for use in training one, or several, kinds of educational personnel, such as educational administrators, teachers, professors, counselors curriculum specialists, and school board members.

(4) *Evaluation criteria.* Applications for grants under this paragraph will be evaluated on the basis of criteria set forth in § 160f.10 and the following criteria (50 points):

(i) The soundness of the training strategies proposed (10 points);

(ii) The extent to which the module is adaptable for use in a wide range of institutional preservice and inservice training programs (10 points);

(iii) The quality of the plan for validation, dissemination, and utilization, including the applicant's access to existing networks of potential users, as well as access to a delivery system which is not dependent on external funding and would consequently operate after the expiration of assistance pursuant to this part (5 points);

(iv) The degree of involvement of both theoreticians and practitioners in the development of modules (10 points);

(v) The extent to which the trainees for whom modules are developed hold or will hold positions of influence in educational institutions and agencies (10 points); and

(vi) Although, as provided in subparagraph (3)(iii) of this paragraph, training modules supported under this paragraph may focus on one or more of a number of educational levels, priority will be given to projects to support training modules which focus on the preschool, elementary, and/or secondary school levels and which are designed to train educational personnel serving or preparing to serve at any of those levels (5 points).

(20 U.S.C. 1866(d)(1)(A), (B), (C), (D); S. Rept. No. 763, 93d Cong. 2d Sess. 78 (1974))

(b) *Programs for educational leadership*—(1) *Purpose.* The purpose of grants under this paragraph will be to develop, validate, and demonstrate model programs for training and retraining in educational administration, vocational education, career education, physical education, guidance and counseling, and adult education.

(2) *Nature of projects.* (i) Applications for grants under this paragraph must have the dual goals of: (A) Increasing the number of women who can assume leadership, administrative, and instructional positions in the fields described in subparagraph (1) of this paragraph; and (B) restructuring the content of training in these fields to reflect issues in the provision of educational equity for women as appropriate in each field and thereby to generate continuing reform in these fields.

(ii) Projects must result in the development of a program design or other program products which can be used by other institutions or agencies in planning and/or reforming training programs in the fields described in subparagraph (1) of this paragraph.

(iii) Applications must contain a commitment by the applicant and reasonable timetables to implement the program design and products developed under the project in all training which the applicant provides in the field of the project.

(3) *Levels of training.* Model training programs supported under this paragraph may include programs at the prebaccalaureate level, but priority will be given to, and it is expected that most grants will be made to support, graduate level model programs or program components (including either short or long term training) in the fields described in subparagraph (1) of this paragraph.

(4) *Scope of grants.* Subject to the provisions in § 160f.15 on allowable costs, funds granted pursuant to this paragraph will not be generally available to pay the total costs to the applicant of conducting an overall training program in one of the fields described in subparagraph (1) of this paragraph, but will be available for payment of the incremental costs of planning, developing, testing, validating, and disseminating directly related to the purpose of providing educational equity for women, including the incremental costs of (i) reforming such program to further the purpose of educational equity for women in the specific field in which training is provided. cational equity for women in the specific field in which training is provided, (ii) recruiting women for the training program, and (iii) where justified, providing stipends and other support for participants in accordance with § 160f.15(b).

(5) *Criteria for evaluation of applications.* Applications for grants under this paragraph will be evaluated in accordance with the general criteria set out in § 160f.10 and the following criteria (maximum 50 points):

(i) With respect to applicants which conduct training programs in the field of the project, the quality of the applicant's commitment and plans for implementation of program designs developed under the project in all training which the applicant provides in the field of the project (25 points); and

(ii) The extent to which the program to be developed under the project will be developed in cooperation with representative groups, such as practitioners in the field (both at the policy and the implementation levels), theoreticians, and clients (25 points).

(20 U.S.C. 1866(d)(1)(A), (B), (C), (D), (E), (F); S. Rept. No. 763, 93d Cong. 2d Sess. 78 (1974))

(c) *Program development related to career options for women*—(1) *Purpose.* Grants will be awarded under this paragraph to develop special programs to broaden career options for women and to assist their entry into occupational fields. The purpose is to design programs to serve those women who have particular needs for remedial efforts to overcome previous discriminatory practices, sex role stereotyping, and sex role socialization.

(2) *Nature of projects.* (i) Projects supported under this paragraph will develop, validate, and demonstrate programs to broaden the career options of women and to make it possible for women to enter and succeed in occupations, especially those where they have been underrepresented. Projects will develop and test a program as well as produce the program design for dissemination. The term program is used broadly here to include as various components initial information, education or training (including remedial work where necessary to meet the requirements of training), counseling, placement, and a range of other supportive services for women who are entering, reentering, or continuing education or employment.

(ii) Programs must be developed on the basis of existing research about needs, problems, trends, and strategies concerning career options, or such research may be included as necessary as a first phase of the project.

(iii) Programs will be developed for use at the secondary or postsecondary level and may be designed to serve both young girls and adult women entering at these levels. The focus of programs may range from narrow, specific issues to comprehensive ones. For example, a program might include remedial courses in industrial arts for students who have been excluded from such courses, explicitly or through counseling, and thus prevented from entering secondary level vocational education courses now technically open to them. At the other end of the spectrum, a program may focus on a wide range of occupational options and the complex educational needs of adult women to be able to enter those occupations.

(3) *Scope of grants.* Subject to the provisions in § 160f.15 on allowable costs, funds supplied under grants awarded pursuant to this paragraph will not be generally available to pay the total costs of a program in occupational education, but will be available only for the incremental costs directly related to the activities of planning, development of remedial training materials, counseling, placement, transitional supportive services, and development of the program design for use by others which are directly related to the provision of educational equity for women.

(4) *Evaluation criteria.* Applications for grants under this paragraph will be evaluated on the basis of general criteria set forth in § 160f.10 and the following additional criteria (maximum 50 points):

(i) The degree to which the application reflects an understanding of the special needs of the target group and of the barriers and problems which exist for it in education and employment (15 points);

(ii) The extent to which the program will be planned and assessed jointly by representatives of the client target group and of professional staff from the project (10 points);

(iii) The soundness of the training strategies proposed (10 points); and

(iv) The quality of proposed supportive services (including information and counseling) before, during, and after training and placement (15 points).

(20 U.S.C. 1866(d)(1)(D), (E))

(d) *Number and size of general grant awards.* (1) Contingent upon the availability of funds, it is expected that 25 to 40 grants will be awarded per fiscal year under this section.

(2) It is anticipated that the size of grant awards will range from about $50,000 to $200,000, depending on the scope of the proposed project. Nothing in this paragraph shall be construed as a limitation on the amount of funds which may be made available to a particular grantee.

(20 U.S.C. 1866(d))

**§ 160f.13 Small grant awards.**

(a) Grants under this section will support the development and implementation of innovative approaches to the attainment of equity in education for women. The innovative approaches need not be original but may include practices (1) that are similar to present practices but are not widely known or used, (2) that expand on present practices, or (3) that are new to a specific target population.

(b) (1) Applications for grants under this section may focus on any of the six programmatic areas outlined in § 160f.4(a) or other areas of need in the provision of educational equity for women.

(2) Priority will be given to applications under this section which are designed to meet needs in furthering the purposes of providing educational equity for women which are not expressly addressed in § 160f.4(b)(3).

(c) Projects supported under this section must be designed to contribute to capacity building in the area of educational equity for women as provided in § 160f.3(b), with appropriate consideration to the scope and amount of the grant award.

(d) Contingent upon the availability of funds, it is expected that fifteen to twenty grants will be made under this section for amounts not to exceed $15,000 each.

(20 U.S.C. 1866(e))

**§ 160f.14 Contract activities.**

(a) *General.* Contingent upon the availability of funds, contracts will be awarded on the basis of separate solicitations setting forth appropriate specifications in the areas described in paragraph (b) of this section.

(b) *Funding areas.* Contracts will be awarded in the following areas:

(1) *Materials development.* (i) Developing technical assistance instruments designed to assist educational agencies and institutions in complying with Title IX of the Education Amendments of 1972 (Pub. L. 92-318). The technical assistance instruments may include, but are not limited to, position papers, management processes and strategies, training materials, assessment inventories, community involvement plans, and intervention strategies, in print and/or multi-media form.

(ii) Conducting national and regional workshops to disseminate such technical assistance instruments.

(iii) The purpose of both the technical assistance instruments and the workshops is to render a service to educational institutions and agencies by addressing problems in eliminating discrimination on the basis of sex which are most common to them.

(S. Rept. No. 763, 93d Cong. 2d Sess. 79 (1974))

(2) *Information services.* Developing and maintaining a communications network in the field of educational equity for women for the purposes of providing information usable by educational practitioners and researchers, surveying the area of women's educational equity, and creating an active network responsive to individuals in the field by surfacing issues which require research and program development in the area through:

(i) Identifying existing programs, projects, and research (completed and in progress), specialized clearinghouses, newsletters, publications, and other resources and activities concerned with educational equity for women;

(ii) Classifying, cross-referencing, and organizing the data;

(iii) Synthesizing and developing summary statements on data by appropriate areas;

(iv) Analyzing and assessing the areas in order to identify new areas, topics, or problems that need to be pursued; and

(v) Establishing a two-way communication system to receive and answer requests from interested persons, agencies, and institutions for specific information which can be readily usable by practitioners and to request continuing information from the field, to be reported back in general terms by periodic newsletters.

(20 U.S.C. 1866(d)(1))

**§ 160f.15 Allowable costs.**

(a) *General.* (1) Allowable costs under projects to which funds are awarded pursuant to this part shall be determined in accordance with cost principles set forth in: (i) Appendix B of subchapter A of this chapter with respect to grants to public agencies; (ii) Appendix C of subchapter A of this chapter with respect to grants to nonprofit educational institutions; (iii) Appendix D of subchapter A of this chapter with respect to grants to other nonprofit institutions and individuals; and (iv) 41 CFR Parts 1-15 with respect to contracts.

(2) The costs of nonexpendable personal property with an acquisition cost of $1000 or more per unit, depreciation or use allowances, automatic data processing, memberships, subscriptions, and professional activities will be allowable if they have been specifically authorized by the Commissioner in the notification of grant award.

(3) Facilities, capital assets, and repairs which materially increase the value or useful life of capital assets generally shall be unallowable under this part, and will be allowed only where specially justified by the applicant and specifically authorized by the Commissioner.

(b) *Long term training projects.* (1) Grants for training projects designed to provide individual participants with full-time post-baccalaureate training with a duration of at least one academic year may include provision for the payment to (i) grantees of tuition and fees and (ii) participants of stipends, dependency allowances, and travel allowances as the Commissioner may determine to be consistent with prevailing practices under comparable Federal programs.

(2) Provision for payments described in subparagraph (1) of this paragraph will be included in grant award documents at the discretion of the Commissioner and only when the applicant requests such payments and provides sufficient information and justification in the application to satisfy the Commissioner that such payments would contribute substantially to the realization of the project objective to develop, test, and disseminate a successful model training program.

(3) If provisions for the payment of tuition and fees are included in a grant pursuant to this paragraph, the grantee may not charge participants in the training program for tuition and fees.

(c) *Costs of short term training components.* (1) Projects designed to provide training for individual participants with a duration of less than an academic year, including projects where training is a necessary component of validation or dissemination, may include in the grant or contract a provision for payments to such participants, including administrators, counselors, and other educational personnel who receive such training and who are not otherwise compensated for their time while receiving training.

(2) (i) Except as provided under subdivision (ii) of this subparagraph, payments under this paragraph would be at the rate of $30 for each full day of training, up to $150 per week. If a day of training involves less than five hours, the payments for attendance would be at the rate of $6 per hour, subject to the weekly limit of $150.

(ii) Where educational personnel participating in the training are ordinarily paid for their work at a salary scale determined by a collective bargaining agreement in which the minimum hourly rate for any such individual is more than $6 per hour, such individual would be compensated at the minimum hourly rate provided for under the collective bargaining agreement.

(3) Where a local educational agency or other educational agency or institution compensates teachers or other educational personnel whom it employs for their time in receiving training under this paragraph and must also hire a substitute for a participant in the training during the time of such participation, reimbursement may be made under the grant or contract which includes the training component to the local educational agency or other educational agency or institution for the costs of hiring the substitute.

(4) No travel or dependency allowances will be paid for participation in any training component under this paragraph.

(d) *Indirect costs.* (1) Except as provided in subparagraph (2) of this paragraph, indirect costs will be allowed under projects funded under this part in accordance with the indirect cost rate allowances set out in Appendices B through D of Subchapter A of this chapter.

(2) Indirect costs for training grants made to educational institutions under § 160f.12(b) will be allowed at the lesser of: (i) The level of indirect costs, determined under subparagraph (1) of this paragraph, or (ii) in grants where the Commissioner approves payments for stipends and dependency allowances under paragraph (b)(1)(ii) of this section, eight percent of the total direct costs, including stipends and dependency allowances.

# NATIONAL TRANSPORTATION SAFETY BOARD

■

## PRIVACY ACT OF 1974

Notice of Systems of Records

V 40 15 55
AUG 11 75
XU

## IMPLEMENTATION OF PRIVACY ACT OF 1974

### Systems of Records and Notice of Proposed Routine Uses Thereof

The systems of records of the National Transportation Safety Board, listed below, are hereby noticed in accordance with requirements of 5 U.S.C. 552a(e)(4) (Privacy Act of 1974, Pub. L. 93-579, 88 Stat. 1896) (Act):

1. Claimants under Federal Tort Claims Act
2. Personnel Nonpermanent Records
3. Security Records
4. Travel Records of NTSB Employees

Pursuant to 5 U.S.C. 552a(e)(11) (Act), the routine uses of each of these named systems of records are hereby set out for public comment. Interested persons are invited to submit written data, views, or arguments with respect to these routine uses. Comments should be submitted on or before September 2, 1975, to the General Counsel, National Transportation Safety Board, 800 Independence Avenue, S.W., Washington, D.C. 20594.

Fritz L. Puls
General Counsel

JULY 25, 1975.

**NTSB—1**

**System name:** Claimants under Federal Tort Claims Act—NTSB

**System location:**

National Transportation Safety Board
800 Independence Avenue, SW.
Washington, D.C. 20594

**Categories of individuals covered by the system:** Persons with claims against the Government for damage to or loss of property, or personal injury or death, caused by the negligent or wrongful act or omission of any NTSB employee acting within the scope of his employment (provided that any award, compromise or settlement in excess of

25,000 may be effected only with the prior written approval of the Attorney General or his designee).

**Categories of records in the system:** Contains claim, subrogations, legal opinion as to liability of the Government with respect to the claim, final determination, and supporting receipts.

**Authority for maintenance of the system:** Tort Claims Procedure, 28 U.S.C. 2671.

**Routine uses of records maintained in the system, including categories of users and the purposes of such uses:** These records are used to establish liability and the amount of such liability. Routine use includes, but is not limited to, referral to law enforcement agencies of violations of the law and for discovery purposes ordered by a court, referral to potential employers and for security clearance.

**Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the sytem:**

**Storage:** Information in system is maintained on an 8 1/2 inch by 10 1/2 inch form.

**Retrievability:** Indexed by name.

**Safeguards:** Records are maintained in locked file cabinets.

**Retention and disposal:** Records are manually kept and are retained for one year after disposition of the claim and then sent to the Federal Records Center, NARS, where they are retained for at least six years.

**System manager(s) and address:**

Comptroller
Office of the General Manager
National Transportation Safety Board
800 Independence Avenue, SW.
Washington, D.C. 20594

**Notification procedure:** Address inquiries to System Manager.

**Record access procedures:** Procedures are detailed in NTSB proposed regulations: Part 802, Chapter VIII, Title 49, Code of Federal Regulations (40 FR 30130).

**Contesting record procedures:** Same as the above.

**Record source categories:** Claimant and employee or employees of the Government involved in the claim and witnesses to the incident or accident.

**NTSB—2**

**System name:** Personnel Nonpermanent Records—NTSB

**System location:**

National Transportation Safety Board
800 Independence Avenue, SW.
Washington, D.C. 20594

**Categories of individuals covered by the system:** Employees of NTSB.

**Categories of records in the system:** Personnel nonpermanent records not required to be kept by CSC, usually of a personal nature.

**Authority for maintenance of the system:** 5 U.S.C. 301 et seq., implemented by 5 CFR Part 293.

**Routine uses of records maintained in the system, including categories of users and the purposes of such uses:** These records are used to carry out authorized personnel programs, such as promotions. Routine use includes, but is not limited to, referral to law enforcement agencies of violations of the law and for discovery purposes ordered by a court, referral to potential employers, and for security clearance.

**Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the sytem:**

**Storage:** Information is maintained in SF 66, on left-hand side of folder.

**Retrievability:** Indexed by name.

**Safeguards:** Records are kept in locked cabinets.

**Retention and disposal:** Records are manually kept and are retained as long as the individual is employed by NTSB. They are then destroyed.

**System manager(s) and address:**

Director of Administration
Office of the General Manager
National Transportation Safety Board
800 Independence Avenue, SW.
Washington, D.C. 20594

**Notification procedure:** Address inquiries to System Manager.

**Record access procedures:** Procedures are detailed in NTSB proposed regulation: Part 802, Chapter VIII, Title 49, Code of Federal Regulations (40 FR 30130).

**Contesting record procedures:** Same as the above

**Record source categories:** Working papers developed during course of employment, e.g., from supervisors, including evaluations, letters of commendation, and documents which are not permanently retained.

**NTSB—3**

**System name:** Security Records—NTSB

**System location:**

National Transportation Safety Board
800 Independence Avenue, SW.
Washington, D.C. 20594

**Categories of individuals covered by the system:** Employees, prospective employees, and potential contractors

**Categories of records in the system:** Matters pertaining to loyalty qualifications of the individuals—loyalty checks, character evaluations, crimes, past employment records, military service—investigated by NTSB and other agencies such as FBI, DOD, or CSC.

**Authority for maintenance of the system:** Executive Order 10450

**Routine uses of records maintained in the system, including categories of users and the purposes of such uses:** Information is used to determine qualification of an individual for employment by NTSB, or as a contractor with NTSB.

**Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the sytem:**

**Storage:** Information in system is stored in 9 by 12 file folders.

**Retrievability:** Information is indexed by name.

**Safeguards:** Records are maintained in locked cabinets or safes.

**Retention and disposal:** Records are kept manually and are retained by NTSB while the individual is employed by NTSB or is under contract with NTSB. Thereafter, that portion of the records representing information originating from NTSB investigation is destroyed. Investigation reports of other agencies are returned to the originating agency.

**System manager(s) and address:**

Director of Administration
Office of the General Manager
National Transportation Safety Board
800 Independence Avenue, SW.
Washington, D.C. 20594

**Notification procedure:** Address inquiries to System Manager.

**Record access procedures:** Procedures are detailed in NTSB proposed regulation: Part 802, Chapter VIII, Title 49, Code of Federal Regulations (40 FR 30130).

**Contesting record procedures:** Same as the above.

**Record source categories:** Loyalty checks, inquiries, NTSB field investigation reports, and other reports of NTSB and other Government agencies.

**Systems exempted from certain provisions of the act:** Security Record. System is partially exempt from the Privacy Act of 1974 (5 U.S.C. 552a(k)) and NTSB regulation proposed thereunder: Part 802, Chapter VIII, Title 49, Code of Federal Regulations (40 FR 30130).

**NTSB—4**

**System name:** Travel Records of Employees—NTSB

**System location:** National Transportation Safety Board
800 Independence Avenue, SW.
Washington, D.C. 20594

**Categories of individuals covered by the system:** Employees who have traveled pursuant to authorized official business of NTSB.

**Categories of records in the system:** Travel vouchers, which include, e.g., hotel bills, commercial car rentals, meals, telephones, mileage allowances, and training.

**Authority for maintenance of the system:** Travel Expense Amendments Act of 1975 (Pub. L. 94-22).

**Routine uses of records maintained in the system, including categories of users and the purposes of such uses:** Vouchers are used to determine amounts to be paid to an employee for authorized and official travel for NTSB. Routine use includes, but is not limited to, referral to law enforcement agencies of violations of the law and for discovery purposes ordered by a court, referral to potential employers, and for security clearance.

**Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the sytem:**

**Storage:** Information in system is maintained on an 8 1/2 inch by 10 1/2 inch form.

**Retrievability:** Indexed by name.

**Safeguards:** Records are maintained in files with locks.

**Retention and disposal:** Records are manually kept and are maintained by NTSB for one year after payment of allowable travel expenses to employee. Thereafter, they are sent to the Federal Records Center, NARS, where they are retained for at least six years.

**System manager(s) and address:**

Comptroller
Office of the General Manager
National Transportation Safety Board
800 Independence Avenue, SW.
Washington, D.C. 20594

**Notification procedure:** Address inquiries to System Manager

**Record access procedures:** Procedures are detailed in NTSB proposed regulation: Part 802, Chapter VIII, Title 49, Code of Federal Regulations (40 FR 30130).

**Contesting record procedures:** Same as the above.

**Record source categories:** Employee submitting vouchers.

PART IV:

# FEDERAL ELECTION COMMISSION

■

## MAINTENANCE OF RECORDS BY CANDIDATES

Interim Guidelines

AUG 11 75
XU

Title 11—Federal Elections

CHAPTER I—FEDERAL ELECTION COMMISSION

[Notice 1975–22]

## RECORDS TO BE MAINTAINED BY CANDIDATES AND SUBMITTED TO THE COMMISSION FOR CERTIFICATION FOR PRIMARY MATCHING FUNDS

### Interim Guideline

1. To be eligible for Presidential Primary Matching Funds, 26 U.S.C. 9031, *et seq.*, a candidate seeking nomination for election to the Office of President of the United States shall submit or otherwise make available the following information to the Federal Election Commission to enable the Commission to certify the candidate's eligibility for such funds:

(a) An accounting of qualified campaign expenses in each state in which the candidate certifies that he or she has raised a minimum of $5,000 in contributions which do not aggregate more than $250 from any individual; and

(b) An accounting of all contributions and other receipts and transfers in each state in which the candidate certifies he or she has raised a minimum of $5,000 in contributions which do not aggregate more than $250 from any individual—including a photocopy of each check or other written instrument for each contribution which the candidate submits, or intends to submit, in order to receive primary matching funds.

(c) The foregoing information is in addition to the agreements and certifications required to be filed for eligibility under section 9033.

(2) To satisfy the requirements for primary matching funds, contributions shall be made by "written instrument". See 26 U.S.C. 9034. "Written instrument" may include receipts for cash contributions, if the receipt is signed in ink by the contributor, and contains the contributor's full name and full residential address, and the amount and date of the contribution. Cash contributions of a person to one candidate may not exceed $100. See 18 U.S.C. 615.

(3) Those candidates who cannot provide photocopies of checks or other "written instruments" as of the date this Interim Guideline is published in the FEDERAL REGISTER, but who believe they have received contributions in full or partial satisfaction of the requirement in 26 U.S.C. 9033 to raise $5,000 in contributions not aggregating more than $250 per individual donor in at least 20 states, shall submit a written statement to the Commission indicating that they are unable to provide photocopies of checks or other written instruments and the reasons therefor.

(4) Upon receipt of the foregoing statement, the Commission shall review the accounts and records of contributions, and such other information as the Commission deems necessary, to determine if such accounts and records and other information justify Commission certification for matching funds.

(5) Notwithstanding the above and commencing not later than 10 days after the publication of this Interim Guideline in the FEDERAL REGISTER, each candidate seeking to raise matching funds shall photocopy each check or other written instrument to be used to meet the requirements for matching funds.

(6) Candidates affected by the foregoing should note the Commission's general audit authority and duties under 2 U.S.C. 437d and 438.

Dated: August 8, 1975.

THOMAS B. CURTIS,
*Chairman for the*
*Federal Election Commission.*

| 33649–33817 | 11 |
| 33819–33959 | 12 |

# rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

## Title 4—Accounts

## CHAPTER III—COST ACCOUNTING STANDARDS BOARD

## PART 351—BASIC REQUIREMENTS

## PART 403—ALLOCATION OF HOME OFFICE EXPENSES TO SEGMENTS

### Filing Requirements and Contract Awards; Correction

In a document published in the August 4, 1975, FEDERAL REGISTER (40 FR 32747 et seq.) there were two typographical errors which were corrected as follows:

1. Immediately preceding the amendment to § 351.40 Filing Requirement there is a reference to § 351.40(a). The reference should have been to § 351.40 (e) so that the sentence reads "Delete § 351.40(e) and § 351.41 and add new § 351.40(e) and (f) as follows:"

2. In the amendment to Part 403, Allocation of home office expenses to segments, the reference to § 403.70(a) which was the only paragraph affected by the revision, was omitted. Therefore, the instructional line is corrected to read "Amend § 403.70(a) to read as follows:" and the regulatory text is amended to preface the paragraph with (a).

(84 Stat. 796, sec. 103 (50 U.S.C. App. 2168))

ARTHUR SCHOENHAUT,
*Executive Secretary.*

[FR Doc.75-21116 Filed 8-11-75;8:45 am]

## Title 14—Aeronautics and Space

## CHAPTER I—FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Docket No. 14909; Amdt. 39-2340]

## PART 39—AIRWORTHINESS DIRECTIVES

### Caproni Vizzola Construzioni Aeronautiche Calif A-21 Series Gliders

There has been a report of probable aileron flutter on Caproni Calif A-21 gliders that could result in loss of lateral control and eventual loss of the aircraft. Since this condition is likely to exist or develop in other aircraft of the same type design, an airworthiness directive is being issued which imposes an airspeed operating limitation and requires repetitive inspections of the aileron system on Caproni Calif A-21 gliders.

Since this situation requires immediate adoption of this regulation, notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

(Secs. 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)))

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR § 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

CAPRONI VIZZOLA CONSTRUZIONI AERONAUTICHE S.P.A. Applies to Caproni Calif A-21 series gliders, serial numbers 201, 202, and 204 through 215.

Compliance is required as indicated.

To prevent aileron flutter, accomplish the following:

(a) Within the next 10 hours time in service after the effective date of this AD, unless already accomplished:

(1) Install an operating limitations placard near the airspeed indicator reading—"DO NOT EXCEED 124 MPH—108 KNOTS".

(2) Inspect the aileron control driving cones for cleanliness.

NOTE.—To gain access to the driving cones, located in the fuselage under the central segment of the wing, disassemble the wing from the fuselage. Avoid entry of solid foreign material and dirt particles in driving cones upon reassembly.

(3) Inspect the aileron system for free play by holding the trailing edge of one aileron at the wing tip end and measuring the distance through which the trailing edge of the other aileron at wing tip end travels from upward to downward position when moved by hand without causing elastic deflection of the aileron. If the free play exceeds 3 mm (0.118 inch), rerig the aileron system.

(b) Inspect the aileron system for cleanliness and free play, and rerig as necessary, in accordance with paragraphs (a)(2) and (a)(3) of this AD, at intervals not to exceed 50 hours time in service from the last inspection.

(Caproni Vizzola Construzioni Aeronautiche S.p.A. Mandatory Technical Bulletin T.B. No. 75.01 R.A.I. dated March 10, 1975, refers in part to this subject.)

This amendment becomes effective August 22, 1975.

Issued in Washington, D.C. on August 5, 1975.

R. P. SKULLY,
*Director, Flight Standards Service.*

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

### Alteration of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter the Intracoastal City, La., transition area.

On June 20, 1975, a notice of proposed rule making was published in the FEDERAL REGISTER (40 FR 26043) stating the Federal Aviation Administration proposal to alter the Intracoastal City, La., transition area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., October 9, 1975, as hereinafter set forth.

In § 71.181 (40 FR 441), the Intracoastal City, La., transition area is amended to read:

INTRACOASTAL CITY, LA.

That airspace extending upward from 700 feet above the surface within 3.5 miles either side of the White Lake, La., VORTAC 065° radial extending from 11 miles NE of the VORTAC to 23 miles NE of the VORTAC and within 5 miles either side of the 17.5-mile-radius arc centered on the White Lake VORTAC extending clockwise between the 065° and 084° radials.

(Sec. 307(a), Federal Aviation Act of 1958 (49 U.S.C. 1348); Sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in Forth Worth, Tex., on July 30, 1975.

ALBERT H. THURBURN,
*Acting Director, Southwest Region.*

[FR Doc.75-20970 Filed 8-11-75;8:45 am]

[Airspace Docket No. 75-SW-27]

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

### Alteration of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter the Frederick, Okla., transition area.

On June 20, 1975, a notice of proposed rule making was published in the Federal Register (40 FR 26045) stating the Federal Aviation Administration proposed to alter the Frederick, Okla., transition area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., October 9, 1975, as hereinafter set forth.

In § 71.181 (40 FR 441), the Frederick, Okla., transition area is amended to read:

FREDERICK, OKLA.

That airspace extending upward from 700 feet above the surface within an 8.5-mile radius of Frederick, Okla., Municipal Airport (latitude 34°21'09" N., longitude 98°59'21" W.) and within 3.5 miles each side of the 001° bearing from the Frederick, Okla., RBN (latitude 34°23'35" N., longitude 98°59'19" W.) extending from the 8.5-mile-radius area to 11.5 miles north of the RBN.

(Sec. 307(a), Federal Aviation Act of 1958 (49 U.S.C. 1348); sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in Fort Worth, Tex., on July 31, 1975.

ALBERT H. THURBURN,
*Acting Director, Southwest Region.*

## Title 21—Food and Drugs

## CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

[Docket No. 75P-0195]

## PART 26—NUTRITIVE SWEETENERS

### Establishment of Standard of Identity for Lactose

The Commissioner of Food and Drugs is establishing a standard of identity for lactose, a nutritive sweetener; effective October 14, 1975.

In a notice published in the FEDERAL REGISTER of July 5, 1974 (39 FR 24663), the Food and Drug Administration issued a proposal to establish a definition and standard of identity for the nutritive sweetener lactose. The proposal was based upon a recommended international standard submitted by the Food and Agriculture Organization/World Health Organization Codex Alimentarius Commission (hereinafter referred to as "Codex" when used with the word "standard"), and was also based upon a petition filed by the Whey Products Institute (hereinafter referred to as "WPI"), 130 North Franklin St., Chicago, IL 60606, proposing the establishment of a definition and a standard of identity for lactose.

Two comments were received in response to the proposal.

1. One comment was received from the WPI regarding the name of the food. The comment noted that, in the preamble to the revised standards for fruit jelly and preserves, published in the FEDERAL REGISTER of August 28, 1974 (39 FR 31304), the Commissioner concluded that "lactose" may be declared as such or, alternatively, as "milk sugar." The WPI stated it has no objection to the alternative name and recommended that the proposed standard for lactose be modified to provide for the name "milk sugar" as an alternative to the name "lactose."

The Commissioner notes that there were no objections to his earlier recognition of the name "milk sugar." Therefore, he has provided in the regulation for "milk sugar" as an alternative name for "lactose."

2. A comment from Kraftco Corp., Glenview, IL 60025, questioned the need for establishing a standard of identity for lactose under the provisions of section 401 of the Federal Food, Drug, and Cosmetic Act. The comment stated that the Food Chemicals Codex contains appropriate specifications for food chemicals and suggested that the Food and Drug Administration refer the matter of establishing specifications for lactose to the Food Chemicals Codex Committee.

The promulgation of a standard for this sweetener is consistent with the Commissioner's establishment of standards for other nutritive sweeteners in 21 CFR Part 26. Furthermore, this action also fulfills the obligation of the United States to consider the Codex standard for lactose.

On the basis of the information given in the proposal and the comments received, the Commissioner concludes that it will promote honesty and fair dealing in the interest of consumers to adopt the standard as set forth below.

References in the proposed standard to methods of analysis in the 11th edition of the "Official Methods of Analysis of the Association of Official Analytical Chemists" have been changed to incorporate the appropriate provisions of the new 12th edition, which was issued after publication of the proposed standard in the FEDERAL REGISTER.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701(e), 52 Stat. 1046 as amended, 70 Stat. 919 as amended by 74 Stat. 398 (21 U.S.C. 341, 371(e))) and under authority delegated to the Commissioner (21 CFR 2.120): *It is ordered*, That Part 26 be amended by adding a new section to read as follows:

§ 26.5 **Lactose; identity.**

(a) Lactose is the carbohydrate normally obtained from whey. It may be anhydrous or contain one molecule of water of crystallization or be a mixture of both forms.

(b) The food shall meet the following specifications:

(1) The lactose content is not less than 99.0 percent, mass over mass (m/m), calculated on a dry basis.

(2) The sulfated ash content is not more than 0.3 percent, m/m, calculated on a dry basis.

(3) The pH of a 10.0 percent, m/m, solution is not less than 4.5 nor more than 7.0.

(4) The loss on drying for 16 hours at 120° C is not more than 6.0 percent, m/m.

(c) The name of the food is "lactose" or, alternatively, "milk sugar."

(d) (1) The methods of analysis to be used to determine whether the food meets the requirements of paragraph (b) (1), (2), and (3) of this section are the following sections in "Official Methods of Analysis of the Association of Official Analytical Chemists," 12th ed., 1975: [1]

(i) Lactose content, section 31.062.

(ii) Sulfated ash content, section 31.014.

(iii) pH, section 14.022, except that a 10.0 percent, m/m, solution of lactose in water is used for the determination.

(2) The method of analysis to be used to determine if the food meets the requirement of paragraph (b) (4) of this section is the following: Loss on drying at 120° C, "United States Pharmacopeia," 18th revision, 1970, pages 358 and 935.

Any person who will be adversely affected by the foregoing order may submit to the Hearing Clerk, Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20852, written objections and a request for hearing. Objections and requests for hearing will be accepted during regular business hours, Monday through Friday, from 9 a.m. to 4 p.m., eastern standard or daylight saving time, whichever is effective at the time, except on Federal legal holidays, and shall be submitted on or before September 11, 1975. Each objection to the order shall be separately numbered and shall specify with particularity the provisions of the order to which objection is made, stating the grounds for the objection. If a hearing is requested, each numbered objection on which a hearing is requested shall specifically so state and include a detailed description and analysis of the specific factual information intended to be presented in support of the objection in the event that a hearing is held. A copy of any report, article, survey or other written document relied upon and a summary of the testimonial evidence to be presented by any witnesses relied upon shall be submitted.

Objections and requests for hearing shall be submitted in quintuplicate and shall be identified with the Hearing Clerk docket number found in brackets in the heading of this order. Received objections and requests for hearing may be seen in the office of the Hearing Clerk, Rockville, MD, during the above stated hours.

*Effective date.* This order shall become effective October 14, 1975, except as to any provisions that may be stayed by the filing of proper objections. Notice of the filing of objections or lack thereof will be given by publication in the FEDERAL REGISTER.

(Secs. 401, 701(e), 52 Stat. 1046 as amended, 70 Stat. 919 as amended by 74 Stat. 398 (21 U.S.C. 341, 371(e)))

Dated: August 6, 1975.

SAM D. FINE,
*Associate Commissioner for Compliance.*

(Incorporation by reference provisions approved by the Director of the FEDERAL REGISTER March 20, 1973.)

## PART 561—TOLERANCES FOR PESTICIDES IN ANIMAL FEEDS ADMINISTERED BY THE ENVIRONMENTAL PROTECTION AGENCY

### Hexakis (2-Methyl-2-Phenylpropyl) Distannoxane

*Correction*

In FR Doc. 75-20381, appearing at page 33033 in the issue for Wednesday, August 6, 1975, correct the third line of the second paragraph to read as follows: "distannoxane; the accepted name is hex-".

SUBCHAPTER F—BIOLOGICS

[Docket No. 75N-0022]

## TEST FOR HEPATITIS B SURFACE ANTIGEN

*Correction*

In FR Doc. 75-18219 appearing at page 29706 in the issue for Tuesday, July 15, 1975, make the following corrections:

1. On page 29709, in the 3rd column, in the paragraph beneath the paragraph numbered "17", in the 7th line, the chemical reading "$MH_2Ag$" should be changed to read "$HB_2Ag$".

2. In the last paragraph of the document, entitled *"Effective date."*, in the last line, the date September 15, 1976, should read "July 15, 1976".

## Title 24—Housing and Urban Development

## CHAPTER X—FEDERAL INSURANCE ADMINISTRATION

[Docket No. FI-658]

## PART 1915—IDENTIFICATION OF SPECIAL HAZARD AREAS

### List of Communities With Special Hazard Areas

**● Purpose. The purpose of this notice is the identification of communities with areas of special flood/or mudslide/or erosion hazards in accordance with Part 1915 of Title 24 of the Code of Federal Regulations as authorized by the National Flood Insurance Program (42 U.S.C. 4001-4128). The identification of such areas is to provide guidance so that communities may adopt appropriate flood plain management measures to minimize damage caused by flood losses and to guide future construction, where practicable, away from locations which are threatened by flood hazards. ●**

The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or Federally related financial assistance for acquisition or construction purposes in an identified flood plain area having special flood hazards that is located within any community currently participating in the National Flood Insurance Program.

Effective July 1, 1975, or one year after the identification of the community as flood prone, whichever is later, the requirement will apply to all identified special flood hazard areas within the United States, so that, after that date, no such financial assistance can legally be provided for acquisition and construction in these areas unless the community has entered the program. The prohibition, however, does not apply to loans by a Federally regulated, insured, supervised or approved bank prior to January 1, 1976, to finance the acquisition of a previously occupied residential dwelling.

Effective July 1, 1975, even though no areas with special flood hazards in the community had previously been identified, the identification of special hazard areas within the community makes mandatory the purchase of insurance. Therefore, the effective date of identification shall be September 11, 1975 or the date which appears in this notice, whichever is later.

This 30 day period does not supersede the statutory requirement that a community, whether or not participating in the program, be given the opportunity for a period of six months to establish that it is not seriously flood prone or that such flood hazards as may have existed have been corrected by floodworks or other flood control methods. Effective July 1, 1975, the six months period shall be considered to begin 30 days after the date of publication in the FEDERAL REGISTER or the effective date of the Flood Hazard Boundary Map, whichever is later. Similarly, the one year period a community has to enter the program under Section 201(d) of the Flood Disaster Protection Act of 1973 shall be considered to begin 30 days after publication in the FEDERAL REGISTER or the effective date of the Flood Hazard Boundary Map, whichever is later.

Where several dates appear in the column set forth below marked Effective Date of Identification, the first date is the date of initial identification, and all other dates represent modification by additions or deletions to identified areas with special hazards.

Accordingly, § 1915.3 is amended by adding in alphebetical sequence a new entry to the table, which entry reads as follows:

**§ 1915.3 List of communities with special hazard areas.**

## Title 38—Pensions, Bonuses, and Veterans' Relief

### CHAPTER I—VETERANS ADMINISTRATION

### PART 21—VOCATIONAL REHABILITATION AND EDUCATION

### Determination of Satisfactory Progress, Conduct, and Enrollment

On page 22849 of the FEDERAL REGISTER of May 27, 1975, there was published a notice of proposed regulatory development to amend §§ 21.4153, 21.4203, 21.4253 and 21.4277 to provide new guidelines for determining terminations for students no longer enrolled and pursuing the course and to make explicit that State approval agencies should require educational institutions to maintain and enforce standards and practices for determining progress and conduct of veterans and eligible persons and for other purposes. Interested persons were given 30 days in which to submit comments, suggestions, or objections regarding the proposed regulations.

A total of 28 comments were timely received by the Veterans Administration.

Two of the comments seek changes in the proposals which would require a legislative change for authority (tuition payments, rescission of prepayment and advance payment). These suggestions may not be implemented, without a change in the law.

Another comment objects to the change to § 21.4253 which states that courses of schools which are "Recognized Candidates" for accreditation shall not be considered to be "accredited" courses. The person commenting draws attention to a change in the list of nationally recognized accrediting agencies published by the U.S. Commissioner of Education. The New York Board of Regents is now included on the list as a nationally recognized regional accrediting commission for institutions within New York State registered by the Office of Higher Education, the State Education Department. Wherever the proposed regulations refer to "nationally recognized accrediting agency" the intent is to accord the New York Board of Regents this status as given by the U.S. Office of Education. Other regulations which limit the nationally recognized groups to six will be revised to include the New York Board of Regents as a seventh such group to the extent of the status given it by the U.S. Office of Education.

However, the suggestion that courses at "Recognized Candidate" schools be treated as accredited has not been done in the past and this regulatory change merely emphasizes that fact. One of the

other persons commenting also indicates that the change is inconsistent with § 21.4272. This regulation will also be amended to clarify its language to accord with this change to § 21.4253. It should be noted, however, that present § 21.4272 does not make the courses of "Recognized Candidate" schools accredited courses. It merely provides for credit-hour measurement of such courses.

Two of the comments seek a meeting between the Veterans Administration and interested parties or an advisory committee of school representatives to the Veterans Administration. The Administrator's advisory committee established by law already affords such input. Others suggest informal input on regulation changes is desirable. The Veterans Administration has and will continue to receive input of this sort from all interested persons. Such input was considered in drafting these regulation proposals.

One comment questions the legality of release to the Veterans Administration of information called for by these regulations. The Department of Justice has determined that such information may be provided to the Veterans Administration without consent of the veteran despite the provisions of the so-called "Buckley Amendment" (section 513, Pub. L. 93-380, as amended.)

The balance of the comments speak to a variety of interrelated issues, often more than one per comment. Since the issues concern the same area of consideration they will be reviewed generally. Each has been individually considered in the light of the proposed changes, however.

These comments question the need or desirability for the proposed changes: The proposals are characterized as unwarranted or an illegal attempt to impose standards upon the schools as to attendance, withdrawals, probation, progress records, faculty-school duties, and student options.

The comments merely serve to point up the urgent need for the promulgation of these changes.

For example, the changes emphasize the statutory requirements that schools may be approved only if the school maintains written records of previous education or training and clearly gives appropriate credit for such prior education or training (38 U.S.C. 1775, 1776). Yet one comment reveals that, "It is the purpose of the master records in this central office to record in detail only the work a student has undertaken" at the school. Another states, ". . . an actual evaluation of a student's credits is not done until such time as it is requested by the student . . ." One school states that since transcripts of prior training are not required of a student until completion of the first semester, "There is no way at present to determine previous training and credit given . . ."

Another institution admits in its comment that veterans have enrolled for training and received benefits without the school even certifying the enrollment to the Veterans Administration. Apparently, a local official has certified the enrollment rather than the school.

While none of the comments suggests that the Veterans Administration should pay benefits to students who have not pursued the course, many reveal practices for monitoring pursuit which are so indefinite as to preclude the school from truthfully certifying the fact of pursuit as required by law.

For example, one comment states, "The University has no immediate way of knowing whether a veteran is no longer attending class unless the instructor should happen to notify the administration. Unfortunately, instructors are notoriously lax at least at the University level, in doing anything about attendance regulations." Another school states, "The Office of Veterans Affairs on campus agrees with the idea that students should be terminated when they discontinue attending class. Due to the institutions (sic) present policy, there is no method to determine this date."

Under the law the State approving agency shall determine the standards by which a school shall be judged to be approved for payment of "G.I. Bill" benefits to veterans and other eligible persons. The Veterans Administration does not, by these regulations, purport to set criteria for the schools to follow. They are intended to demonstrate that, unless standards do exist and are sufficiently definite to be enforced by the school, the Veterans Administration will be unable to verify information necessary for the discharge of its statutory responsibility. The Veterans Administration payment of these benefits to the student is conditioned upon the requirements of title 38, United States Code. The veteran-student does not qualify for the benefit merely by paying a tuition fee to the school and enrolling. He or she must, in fact, satisfactorily pursue the course. The veteran is, to that extent, different from the non-veteran-student who, according to the comments, is not required by current school policies to demonstrate such diligence.

One of the comments indicates this is essentially a problem between the veteran and the Veterans Administration. However, the assistance and cooperation of the school are required by the law. This law requires that the educational institution shall, without delay, report to the Administrator in the form prescribed by him the enrollment, interruption and termination of the student enrolled under the Veterans Administration programs. (38 U.S.C. 1784)

The guidelines which are proposed are not intended to infringe on the rights of the school, the student (veteran or non-veteran) or the faculty. They are intended to be reasonable and are not intended to unfairly add to the burden or costs of the school. The State approving agency shall have discretion under the language of these proposals. Some comments have objected to certain phrases such as "last date of attendance," "extenuating circumstances," "satisfactory progress," and "adequate records." Others complain that the proposals are too specific. Upon review the Veterans Administration has determined that the language is specific enough to reasonably convey the intent of the revisions, but desires to amend the proposed § 21.4253 to make clear that the State approving agencies are not limited by the specific requirement stated in paragraph (d). The phrase "and additional reasonable criteria established by the State approving agency:" is added to § 21.4253(d) following the word, "criteria."

*Effective Date.* These VA Regulations are effective August 6, 1975.

Approved: August 6, 1975.

By direction of the Administrator.

[SEAL] ODELL W. VAUGHN,
*Deputy Administrator.*

Part 21 is amended as set forth below.

1. In § 21.4135, paragraphs (e), (o), (p)(1), (s), and (v)(2) are revised to read as follows:

**§ 21.4135 Discontinuance dates.**

• • • • • •

(e) *Course discontinued—course interrupted*—(1) *Residence training.* Last date of attendance.

(2) *Correspondence training.* Date last lesson is serviced.

(3) *Flight training.* Date of last instruction.

(4) *Job training.* Last date worked.

(5) *Independent study.* Official date of change in status under the practices of the institution.

• • • • • •

(o) *Veteran no longer rated permanent total disabled; or spouse (trainee) divorced from veteran without fault on his or her part; or serviceman or servicewoman removed from "missing status" listing; chapter 35 (§§ 21.3041 and 21.3046).* (1) End of quarter or semester if school is operated on quarter or semester system.

(2) End of course or a 9-week period whichever is earlier, if school is not operated on quarter or semester system.

(p) *Error; payee's or administrative.* (1) Effective date of award or day preceding act, whichever is later, but not prior to the date entitlement ceased, on an erroneous award based on an act of commission or omission by a payee or with his or her knowledge.

• • • • • •

(s) *Reduction in rate of pursuit of course (§ 21.4270).* End of month in which reduction occurred except, first date of a term, if the reduction is effective at beginning of the term.

• • • • • •

(v) *Remarriage of widow or widower.* • • •

(2) Conduct of widow or widower: Last day of month before inception of relationship.

2. In § 21.4203, paragraphs (c) and (d) (2) are revised to read as follows:

**§ 21.4203 Reports by schools; requirements.**

• • • • • •

(c) *Course changes.* Any changes in the number of credit hours or the clock hours of attendance or instruction or any other modification in the course as certified at enrollment must be reported promptly to the Veterans Administration. In institutions this reporting requirement will be satisfied if the official date of the change of status is reported in accordance with §§ 21.4253(d) or 21.4254(c)(7).

(d) • • •

(2) In other cases the school will initiate the certification. Information regarding any changes or an interruption or termination of training must be reported during or immediately after the end of the month in which the event occurred. In institutions this reporting requirement will be satisfied if the official date of change of status or interruption or termination is reported in accordance with §§ 21.4253(d) or 21.4254(c)(7).

• • • • • •

3. In § 21.4253, paragraphs (a)(1), (b), (d), (e) and (f) are revised to read as follows:

**§ 21.4253 Accredited courses.**

(a) *General.* A course may be approved as an accredited course if it meets one of the following requirements:

(1) The course has been accredited and approved by a nationally recognized accrediting agency or association. "Candidate for accreditation" status is not a basis for approval of a course as accredited.

• • • • • •

(b) *Course objective.* Any curriculum offered by an educational institution which is a member of one of the nationally recognized accrediting agencies or associations and which leads to a degree, diploma, or certificate will be accepted as an accredited course when approved as such by the State approving agency. Any curriculum accredited by one of the specialized nationally recognized accrediting agencies or associations and which leads to a degree, diploma, or certificate will also be accepted as an accredited course when approved as such by the State approving agency. Approval of the individual subjects, required or elective, which are designated as a part of a degree curriculum will not be necessary. Such approval may include non-credit subjects that are prescribed as a required part of the curriculum. The course objective may be educational (high school diploma or a standard college degree) or it may be vocational or professional (an occupation).

• • • • • •

(d) *School qualification.* A school desiring to enroll veterans or eligible persons in accredited courses will make application for approval of such courses to the State approving agency and will submit copies of its catalog or bulletin. The State approving agency may approve the application of the school when the school and its accredited courses are found to have met the following criteria and additional reasonable criteria established by the State approving agency:

(1) Adequate records are kept by the school to show the progress of each veteran or eligible person. The records must be sufficient to show continued pursuit at the rate for which enrolled and the progress being made. They must include final grade in each subject for each term, quarter, or semester; record of withdrawal from any subject to include the last date of attendance for a resident course; and record of reenrollment in subjects from which there was a withdrawal; and may include such records as attendance for resident courses, periodic grades and examination results.

(2) The school maintains a written record of previous education and training of the veteran or eligible person which clearly indicates that appropriate credit has been given by the school for previous education and training, with the training period shortened proportionately, and the person and the Veterans Administration so notified. The record must be cumulative in that the results of each enrollment period (term, quarter or semester) must be included so that it shows each subject undertaken and the final result, i.e., passed, failed, incomplete or withdrawn. (38 U.S.C. 1775(b))

(3) The school enforces a policy relative to standards of conduct and progress required of the student. The school policy relative to standards of progress must be specific enough to determine the point in time when educational benefits should be discontinued, pursuant to section 1674, title 38, United States Code, when the veteran or eligible person ceases to make satisfactory progress. No student will be considered to have made satisfactory progress when he or she fails or withdraws from all subjects undertaken (except when there is a showing of extenuating circumstances) when enrolled in two or more unit subjects. The policy must include the grade or grade point average that will be maintained if the student is to graduate. For example, a 4-year college may require a 1.5 grade point average the first year, a 1.75 average at mid-year the second year, and a cumulative average of 2.0 thereafter on the basis of 4.0 for an A. The policy may include a probationary period of one quarter or semester when the student falls below the required average.

(4) The school maintains adequate attendance records for veterans and eligible persons enrolled in resident courses not leading to a standard college degree.

(e) *College level.* Under the provisions of paragraph (a)(1) of this section, any course at college level approved by the State approving agency as an accredited course will be accepted by the Veterans Administration as an accredited course when all of the following conditions are met:

(1) The college or university is accredited by a nationally recognized regional accrediting agency listed by the Commissioner of Education or the course is accredited at the college level by a specialized accrediting agency or association recognized by the Commissioner of Education; and

(2) The course has entrance requirements of not less than the requirements applicable to the college level program of the school; and

(3) Credit for the course is awarded in terms of standard semester or quarter hours or by recognition at completion by the granting of a standard college degree.

(f) *Courses not leading to a standard college degree.* Any course in a school approved by the State approving agency will be accepted as an accredited course when all of the following conditions are met:

(1) The course or the school offering such course is accredited by the appropriate accrediting agency; and

(2) The course offers training in the field for which the accrediting agency is recognized and at a level for which it is recognized; and

(3) The course leads to a high school diploma or a vocational objective.

4. Section 21.4277 is revised to read as follows:

**§ 21.4277 Discontinuance; unsatisfactory progress and conduct.**

(a) *Satisfactory pursuit of program.* Entitlement to a program of education is subject to the requirement that the veteran or eligible person having commenced the pursuit of such program, continues to maintain satisfactory progress in accordance with the regularly prescribed standards and practices of the institution in which he or she is enrolled. If the veteran or eligible person is not making satisfactory progress according to those standards and practices, educational benefits will be discontinued. See § 21.4253.

(b) *Satisfactory conduct.* Entitlement to a program of education is subject to the requirement that the veteran or eligible person, having commenced the pursuit of such program, continues to maintain satisfactory conduct in accordance with the regularly prescribed standards and practices of the institution in which he or she is enrolled. If the veteran or eligible person will no longer be retained as a student or will not be readmitted as a student by the institution in which he or she is enrolled, educational benefits will be discontinued, unless further development establishes that the action of the school is of a retaliatory nature. See § 21.4253.
(38 U.S.C. 1674 and 1724)

## Title 49—Transportation

### CHAPTER V—NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Docket No. 74-20; Notice 2]

### PART 571—FEDERAL MOTOR VEHICLE SAFETY STANDARDS

#### Rearview Mirrors

This notice amends Standard No. 111, Rearview Mirrors (49 CFR 571.111) to allow installation of truck-type mirror systems in multipurpose passenger ve-

hicles and to extend the coverage of the standard to trucks and buses.

The NHTSA proposed in a notice published on May 1, 1974 (39 FR 15143) to amend Standard No. 111, to specify minimum requirements for mirror size, capability, and location which would be applicable to all trucks, buses, and motorcycles, and to establish an option which would allow multipurpose passenger vehicles to meet either the present passenger-car mirror requirements or to satisfy the requirements proposed in the notice for trucks and buses. Standard No. 111 currently applies only to passenger cars and multipurpose passenger vehicles, specifying the same rearview mirror requirements for each. The NHTSA has determined that a need exists to extend the standard's coverage to other vehicle types that presently lack uniform Federal regulation in order to ensure observance of minimum mirror performance levels essential to motor vehicle safety.

The NHTSA also proposed in the notice published May 1, 1974 to require that all mirrors required by the standard, except those specified for motorcycles, be designed to reflect an image of unit magnification, thereby limiting any deviation from unit magnification to normal production variations and not variations which are the result of design. To this end it was proposed that the term "substantially" be deleted where it modifies "unit magnification" in the text of Standard No. 111.

Interested persons were afforded an opportunity to submit comments on the proposal by July 1, 1974 and due consideration has been given to the 36 comments received.

Two commenters opposed deletion of the term "substantial" where it modifies "unit magnification" on the ground that only mirrors of precisely unit magnification will now be acceptable. This view is erroneous. The interpretation followed by the NHTSA—and proposed to be incorporated in Standard No. 111 in this issue of the FEDERAL REGISTER—is that deviations from unit magnification are acceptable under the standard as amended below provided that the deviations do not exceed normal manufacturing tolerances.

All comments generally agreed with the NHTSA proposal to extend a Federal rearview mirror standard to trucks, buses and motorcycles. However, several comments recommended mirrors of larger area than those required in the NHTSA proposal for trucks and buses, and suggested the use of convex mirrors in addition to unit magnification mirrors. Others recommended specific requirements for school buses and clarification of the proposed standard for motorcycles with regard to location and area of mirrors and use of convex mirrors. While the NHTSA considers that the proposed extension of the scope of Standard No. 111 to cover trucks and buses will promote efficient rearward visibility, it agrees with those who have urged further research regarding requirements for school buses and motorcycles. Consequently, Standard No. 111 is amended by this notice to extend the scope of its coverage to trucks and buses (including school buses). At the same time, however, the NHTSA is proposing in this issue of the FEDERAL REGISTER to amend Standard No. 111 to specify new rearview mirror requirements for motorcycles and further requirements for school buses.

The majority of comments favored the proposal that trucks, buses, and multipurpose passenger vehicles with a GVWR of 10,000 pounds or less comply either with the present passenger car mirror requirements, or with new requirements specifying outside mirrors on both sides of the vehicle with not less than 19.5 $in^2$ of reflective surface. This option is intended to overcome difficulties caused by classifying trucks, buses, and multipurpose passenger vehicles into groups specifying one mirror system adequate to fulfill the safety needs of all.

In addition, several commenters felt that heavy commercial vehicles, such as truck tractors, moving vans, and dump trucks, needed outside mirrors larger than 50 $in^2$. The NHTSA has determined that the 50 $in^2$ mirror is adequate for buses and for smaller multipurpose passenger vehicles and trucks. However, for multipurpose passenger vehicles and trucks with a GVWR exceeding 25,000 pounds, a 75 $in^2$ mirror appears better to meet the safety need. Therefore, while this notice amends Standard No. 111 to require that multipurpose passenger vehicles, trucks, and buses with a GVWR of more than 10,000 pounds have outside mirrors of not less than 50 $in^2$ of reflective surface, the NHTSA is proposing in this issue of the FEDERAL REGISTER to amend Standard No. 111 to require mirrors of at least 75 $in^2$ of reflective surface on multipurpose passenger vehicles and trucks with a GVWR of 25,000 pounds or more.

Several persons contended with regard to multipurpose passenger vehicles, trucks, and buses that the provision requiring that mirrors be adjustable by "tilting in both the horizontal and vertical direction" did not take into account the methods used to mount mirrors on these types of vehicles. Large mirrors, such as the so-called "West Coast" mirror which affords approximately 96 square inches of reflective surface area, are commonly mounted on rigid brace assemblies. These mirrors can be adjusted to provide the driver a view to the rear. However, once they are locked into place they are not capable of "tilting in both the horizontal and vertical direction." While mirrors mounted on ball sockets are fully adjustable in the horizontal and vertical directions by tilting, the NHTSA finds no reason to preclude the use of a mirror that possesses full adjustment capability and is only locked into a position once it satisfies the particular driver's viewing needs.

The NHTSA has decided to delete the words "by tilting" from the requirements for multipurpose passenger vehicles, trucks, and buses. The rule requires that mirrors on such vehicles "shall be adjustable in both the horizontal and vertical directions to view the rearward scene."

In consideration of the foregoing, Motor Vehicle Safety Standard No. 111, 49 CFR 571.111, is amended to read as set forth below.

*Effective date:* February 12, 1976.

(Secs. 103, 119, Pub. L. 89563, 80 Stat. 718 (15 U.S.C. 1392, 1407); delegation of authority at 49 CFR 1.51)

Issued on: August 6, 1975.

JAMES B. GREGORY,
*Administrator.*

§ 571.111 is revised to read as set forth below.

**§ 571.111 Standard No. 111; Rearview Mirrors.**

S1. *Scope.* This standards specifies requirements for the performance and location of rearview mirrors.

S2. *Purpose.* The purpose of this standard is to reduce the number of deaths and injuries that occur because the driver of a motor vehicle does not have a clear and reasonably unobstructed view to the rear.

S3. *Application.* This standard applies to passenger cars, multipurpose passenger vehicles, trucks, and buses.

S4. *Requirements for passenger cars.*

S4.1 *Inside rearview mirror.* Each passenger car shall have an inside rearview mirror of unit magnification.

S4.1.1 *Field of view.* Except as provided in S4.3, the mirror shall provide a field of view with an included horizontal angle measured from the projected eye point of at least 20 degrees, and sufficient vertical angle to provide a view of a level road surface extending to the horizon beginning at a point not greater than 200 feet to the rear of the vehicle when the vehicle is occupied by the driver and four passengers or the designed occupant capacity, if less, based on an average occupant weight of 150 pounds. The line of sight may be partially obscured by seated occupants or by head restraints. The location of the driver's eye reference point shall be that established in Motor Vehicle Safety Standard No. 104 (§ 571.104).

S4.1.2 *Mounting.* The passenger car mirror mounting shall provide a stable support for the mirror, and shall provide for mirror adjustment by tilting in both horizontal and vertical directions. If the mirror is in the head impact area, the mounting shall deflect, collapse, or break away without leaving sharp edges when the mirror is subjected to a force of 90 pounds in a forward or sideward direction in any plane 45° above or below the horizontal.

S4.2 *Outside rearview mirror—driver's side.*

S4.2.1 *Field of view.* Each passenger car shall have an outside mirror of unit magnification. The mirror shall provide the driver a view of a level road surface extending to the horizon from a line, perpendicular to a longitudinal plane tangent to the driver's side of the vehicle at the widest point, extending 8 feet out from the tangent plane 35 feet behind the driver's eyes, with the seat in the rearmost position. The line of sight may be partially obscured by rear body or fender contours. The location of the driver's eye reference point shall be that established in Motor Vehicle Safety Standard No. 104 (§ 571.104).

S4.2.2 *Mounting.* The mirror mounting shall provide a stable support for the mirror, and neither the mirror nor the mounting shall protrude farther than the widest part of the vehicle body except to the extent necessary to produce a field of view meeting or exceeding the requirements of S4.2.1. The mirror shall not be obscured by the unwiped portion of the windshield, and shall be adjustable by tilting in both horizontal and vertical directions from the driver's seated position. The mirror and mounting shall be free of sharp points or edges that could contribute to pedestrian injury.

S4.3 *Outside rearview mirror passenger's side.* Each passenger car whose inside rearview mirror does not meet the field of view requirements of S4.1.1 shall have an outside rearview mirror of unit magnification installed on the passenger's side. The mirror mounting shall provide a stable support and be free of sharp points or edges that could contribute to pedestrian injury. The mirror need not be adjustable from the driver's seat but shall be capable of adjustment by tilting in both horizontal and vertical directions.

S5 *Requirements for multipurpose passenger vehicles, trucks, and buses with GVWR of 10,000 pounds or less.*

S5.1 Each multipurpose passenger vehicle, truck, and bus with GVWR of 10,000 pounds or less shall have either—

(a) Mirrors that conform to the requirements of S4; or

(b) Outside mirrors of unit magnification, each with not less than 19.5 $in^2$ of reflective surface, installed with stable supports on both sides of the vehicle, located so as to provide the driver a view to the rear along both sides of the vehicle, and adjustable in both the horizontal and vertical directions to view the rearward scene.

S6. *Requirements for multipurpose passenger vehicles, trucks and buses with GVWR of more than 10,000 pounds.*

S6.1 Each multipurpose passenger vehicle, truck, and bus with a GVWR of more than 10,000 pounds shall have outside mirrors of unit magnification, each with not less than 50 $in^2$ of reflective surface, installed with stable supports on both sides of the vehicle. The mirrors shall be located so as to provide the driver a view to the rear along both sides of the vehicle and shall be adjustable in both the horizontal and vertical directions to view the rearward scene.

S7. *Mirror construction.* The reflectance value of the reflective film employed on any mirror required by this standard, determined in accordance with SAE Recommended Practice J694, June, 1966, shall be at least 35 percent. If a mirror is of the selective position prismatic type, the reflectance value in the night driving position shall be at least 4 percent.

[FR Doc.75-21068 Filed 8-11-75;8:45 am]

# proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

## DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

### Food and Drug Administration

[ 21 CFR Part 1020 ]

[Docket No. 75N-0046]

### DIAGNOSTIC X-RAY EQUIPMENT

### Advance Notice of Proposed Rulemaking; Extension of Comment Period

The Commissioner of Food and Drugs issued in the FEDERAL REGISTER of June 19, 1975 (40 FR 25830), an announcement of plans to develop amendments to the performance standard for diagnostic x-ray equipment (21 CFR 1020.30 et seq). The amendments under consideration would apply to (1) dental x-ray equipment and (2) all diagnostic x-ray equipment. Proposed amendments applicable to item (1) would be presented to the Technical Electronic Product Radiation Safety Standards Committee (TEPRS SC) at its meeting on September 17 to 18, 1975, and therefore the notice of June 19 tion must be submitted by August 1, 1975, to be considered prior to the TEPRSSC meeting.

The notice incorrectly implied that amendments related to item (2) above would be discussed at the forthcoming meeting of the Committee; therefore, the comment period for possible amendments related to medical x-ray film screen combinations and x-ray tube focal spot size (item (2) above), is hereby extended to November 10, 1975.

This notice is issued under the authority of the Public Health Service Act as amended by the Radiation Control for Health and Safety Act of 1968 (sec. 358, 82 Stat. 1177–1179 (42 U.S.C. 263f)) and under authority delegated to the Commissioner (21 CFR 5.1).

Dated: August 6, 1975.

SAM D. FINE,
*Associate Commissioner for Compliance.*

### FEDERAL HEALTH INSURANCE FOR THE AGED AND DISABLED

### Disclosure of Information Where Physician Frequently Submits Erroneous Certifications or Inappropriate Plans of Treatment; Extension of Comment Period

This notice extends the period for comments provided in the notice published July 9, 1975 (40 FR 28810), in which comments were solicited on proposed amendments to Part 401 and 405 (Regulations No. 1 and 5) concerning presumed coverage of post-hospital extended care and post-hospital home health services, and disclosure of certain related information.

Comment on the proposed regulations was invited on or before August 8, 1975. In view of the great amount of interest in the proposed amendments, the time period for comment is hereby extended for 15 days to August 23, 1975.

Comments on the proposed regulations of the Social Security Administration (20 CFR Parts 401 and 405) should be submitted in writing, in triplicate, to the Commissioner of Social Security, Department of Health, Education, and Welfare, P.O. Box 1585, Baltimore, Maryland 21203, on or before August 23, 1975.

Copies of all comments received will be available for public inspection during regular business hours at the Washington Inquiries Section, Office of Information, Social Security Administration, Department of Health, Education, and Welfare, North Building, Room 4146, 330 Independence Avenue SW., Washington, D.C. 20201.

## DEPARTMENT OF TRANSPORTATION

### Coast Guard

[ 33 CFR Part 117 ]

[CGD 74 299]

### CLEARWATER PASS, FLA.

### Drawbridge Operation Regulations

At the request of the City of Clearwater, Florida, the Coast Guard is considering amending the regulations for the Clearwater Pass drawspan to allow a delay of 10 minutes before the draw would be required to open for the passage of vessels from 11 p.m. to 7 a.m. The draw will continue to open on signal from 7 a.m. to 11 p.m. This change is being considered because of limited requests for openings from 11 p.m. to 7 a.m.

Interested persons may participate in this proposed rule making by submitting written data, views, or arguments to the Commander (oan), Seventh Coast Guard District, Room 1018, Federal Building, 51 SW 1st Avenue, Miami, Florida 33130. Each person submitting comments should include his name and address, identify the bridge, and give reasons for any recommended change in the proposal. Copies of all written communications received will be available for examination by interested persons at the office of the Commander, Seventh Coast Guard District.

The Commander, Seventh Coast Guard District, will forward any comments received before September 12, 1975, with his recommendations to the Chief, Office of Marine Environment and Systems, who will evaluate all communications received and take final action on this proposal. The proposed regulations may be changed in the light of comments received.

In consideration of the foregoing, it is proposed that Part 117 of Title 33 of the Code of Federal Regulations, be amended by adding a new § 117.467 immediately after § 117.466 to read as follows:

**§ 117.467 Clearwater Pass, Clearwater, Florida.**

(a) The draw shall open on signal from 7 a.m. to 11 p.m. From 11 p.m. to 7 a.m a delay of up to 10 minutes may be expected.

(Sec. 5, 28 Stat. 362, as amended, sec. 6(g)(2), 80 Stat. 937; 33 U.S.C. 499, 49 U.S.C. 1655 (g)(2); 49 CFR 1.46(c)(5), 33 CFR 1.05-1 (c)(4).)

Dated: August 6, 1975.

D. J. RILEY,
*Captain, U.S. Coast Guard, Acting Chief, Office of Marine Environment and Systems.*

### National Highway Traffic Safety Administration

[ 49 CFR Part 571 ]

[Docket No. 74-20; Notice 3]

### MOTOR VEHICLE SAFETY STANDARDS

### Rearview Mirrors

The purpose of this notice is to propose an amendment to Standard No. 111, Rearview Mirrors (49 CFR 571.111) to adopt rearview mirror requirements for motorcycles and school buses and to increase the amount of reflective surface required on mirrors on multipurpose passenger vehicles and trucks with a GVWR of 25,000 pounds or more.

By final rule published in this issue of the Federal Register, Standard No. 111 is amended to allow installation of truck-type mirror systems in multipurpose passenger vehicles and to extend the coverage of the standard to trucks and buses. So amended, the standard sets out identical requirements for all types of buses. It sets out no requirements for motorcycles. In addition, the current standard imposes the same requirements for all multipurpose passenger vehicles, trucks, and buses with a GVWR of more than 10,000 pounds. After further research and consideration of the comments submitted by participants in that rulemaking, the NHTSA has determined that a need exists to promulgate separate rearview mirror standards for motorcycles, multipurpose passenger vehicles and trucks with a GVWR of 25,000 pounds or more, and school buses.

It is proposed that motorcycles be equipped with either a mirror of unit magnification with not less than 12.5 in² of reflective surface, or a convex mirror with not less than 10 in² of reflective surface and a radius of curvature not less than 20 inches and not greater than 60 inches, installed with a stable support and mounted so that the horizontal center of the reflective surface is at least 11 inches outward from the longitudinal centerline of the motorcycle.

A specific requirement for school buses is needed to address special problems of driver visibility associated with pupil transportation. To reduce the danger of death or injury to school children it is necessary that the school bus driver have the fullest possible view of all sides of the vehicle, including the front. The proposal is that each school bus be equipped with outside rearview mirrors of unit magnification, each with not less than 50 in² of reflective surface, on both sides of the vehicle, and, except in the case of forward control vehicles, a convex, outside cross view mirror with at least 40 in² of reflective surface and an average radius of curvature of 12 to 25 inches. Because of this special provision covering school buses, the general requirements for multipurpose passenger vehicles, trucks, and buses would be amended to except school buses from their provisions.

In proposing rearview mirror standards for school buses, it is the intention of NHTSA to establish minimum safety criteria. Section 103 of the National Traffic and Motor Vehicle Safety Act of 1966, P.L. 89-563 (15 U.S.C. § 1392) provides that the motor vehicle safety standards promulgated by the NHTSA preempt any non-identical standards regulating the same aspects of performance established by any state or political subdivision of a state. Notwithstanding this provision, however, Section 103 also provides that a state or political subdivision of a state may impose a higher standard of performance for vehicles purchased for that governmental body's use. Therefore a state or political subdivision thereof with rearview mirror standards stricter than those set out in Standard No. 111 may impose those standards with respect to school buses provided by the state, county, city, school district or other political subdivision for its own use. It should also be noted that the preemption provision of the National Traffic and Motor Vehicle Safety Act of 1966 does not prohibit a nongovernmental purchaser of a vehicle (e.g. a private school or church) from negotiating with a manufacturer or seller for features which afford a higher level of safety than NHTSA standards.

The NHTSA also believes that adequate rearward visibility requires that multipurpose passenger vehicles, trucks, and buses with a GVWR of more than 10,000 and less than 25,000 pounds be equipped with outside mirrors of unit magnification, each with not less than 50 in² of reflective surface, on both sides of the vehicle. The proposed standard would increase the required area of reflective surface to 75 in² for multipurpose passenger vehicles, and trucks with a GVWR of 25,000 pounds or more.

The proposal would also amend the "break away" requirements for inside rearview mirror mountings on passenger cars. Under the current standard such a mounting, if in the head impact area, shall deflect, collapse, or break away without leaving sharp edges, when the mirror is subjected to a force of 90 pounds in a forward or sideward direction in any plane 45° above or below the horizontal. The proposed amendment is intended to clarify the intention of the drafters of the current provision that the mounting is required to "break away" when the force is applied to the reflective surface in a generally forward direction. This capability is only required when the force is applied to the reflective surface in a direction that forms an angle of up to 45° with the forward longitudinal direction.

Amendment is also proposed to the provision of Standard No. 111 governing mirror construction to provide that any mirror required by the standard satisfies the reflectance value requirement stated in the standard where the "average reflectance value" of the reflective film employed on the mirror is at least 35 percent. The purpose of this amendment would be to make clear that the failure of any individual point or points on the reflective surface of a mirror to reflect 35 percent of a light source does not constitute failure to comply with the standard if the average reflectance of the total of points comprising the reflective surface is at least 35 percent.

In addition, the proposal would incorporate into the mirror construction requirements the current test procedures for measurement of average reflectance value in Society of Automotive Engineers Recommended Practice J964a, August 1974.

The NHTSA has also decided that amendment of Standard No. 111 to add a definition of the term "mirror of unit magnification" would facilitate compliance with the rearview mirror requirements. By final rule published in this issue of the FEDERAL REGISTER, the term "substantial" was deleted wherever it modified the term "unit magnification" in Standard No. 111. Several comments received in connection with that rulemaking contended that under the standard as so amended, only precisely unit magnification would be acceptable. Commenters acknowledged the NHTSA view, expressed in the standard's preamble, that deviations not in excess of normal manufacturing tolerances are permissible under the "unit magnification" requirement. However it was their opinion that this interpretation should be incorporated into the text of Standard No. 111. The NHTSA agrees. It is proposed that a "unit magnification mirror" be defined as a plane or flat mirror with a reflective surface through which the angular height and width of the image of an object is equal to the angular height and width of an object when viewed directly at the same distance except for flaws that do not exceed normal manufacturing tolerances. A prismatic day-night adjustment rearview mirror, one of whose positions provides unit magnification mirror" for purposes of this definition.

It is proposed in this notice that the term "driver's eye reference point" referred to in S5.1.1 and S5.2.1 of the standard be changed to "driver's eye reference points" in order to more accurately describe the locations to which the term refers. There are actually two eye reference points which represent a person's two eyes.

Several comments submitted in connection with the final rulemaking to amend Standard No. 111, issued this date, pointed out that a series of regulatory actions has confused the definition of the "driver's eye reference point" contained in the field of view requirements.

Although Standard No. 111 provides that the location of the driver's eye reference point "shall be that established in Motor Vehicle Safety Standard No. 104," by a previous published interpretation (32 FR 5498) the standard also permits location of the driver's eye reference point at "a nominal location appropriate for any 95th percentile male driver." It is proposed that the rule be amended to permit location of the driver's eye reference point through either of the above formulas.

In consideration of the foregoing, it is proposed that Motor Vehicle Safety Standard No. 111, 49 CFR 571.111, be amended to read as set forth below.

Interested persons are invited to submit comments on the proposal. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5108, 400 Seventh Street S.W., Washington, D.C. 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the comment closing date indicated below will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. However, the rulemaking action may proceed at any time after that date, and comments received after the closing date and too late for consideration in regard to the action will be treated as suggestions for future rulemaking. The NHTSA will continue to file relevant material as it becomes available in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new material.

*Comment closing date:* September 26, 1975.

*Proposed effective date:* Six months after publication of the final rule.

(Secs. 103, 119, Pub. L. 89-563, 80 Stat. 718 (15 U.S.C. 1392, 1407); delegations of authority at 49 CFR 1.51 and 501.8)

Issued on: August 7, 1975.

ROBERT L. CARTER,
*Associate Administrator,*
*Motor Vehicle Programs.*

It is proposed to amend § 571.111 as set forth below:

**§ 571.111 Standard No. 111: Rearview Mirrors.**

S1. *Scope.* This standard specifies requirements for the performance and location of rearview mirrors.

S2. *Purpose.* The purpose of this standard is to reduce the number of deaths and injuries that occur when the driver of a motor vehicle does not have a clear and reasonably unobstructed view to the rear.

S3. *Application.* This standard applies to passenger cars, multipurpose passenger vehicles, trucks, buses, school buses and motorcycles.

S4. *Definition.* "Unit magnification mirror" means a plane or flat mirror with a reflective surface through which the angular height and width of the image of an object is equal to the angular height and width of the object when viewed directly at the same distance except for flaws that do not exceed normal manufacturing tolerances. For the purposes of this regulation a prismatic day-night adjustment rearview mirror one of whose positions provides unit magnification is considered a unit magnification mirror.

S5. *Requirements for passenger cars.*

S5.1. *Inside rearview mirror.* Each passenger car shall have an inside rearview mirror of unit magnification.

S5.1.1. *Field of view.* Except as provided in S5.3, the mirror shall provide a field of view with an included horizontal angle measured from the projected eye point of at least 20 degrees, and sufficient vertical angle to provide a view of a level road surface extending to the horizon beginning at a point not greater than 200 feet to the rear of the vehicle when the vehicle is occupied by the driver and four passengers or the designed occupant capacity, if less, based on an average occupant weight of 150 pounds. The line of sight may be partially obscured by seated occupants or by head restraints. The location of the driver's eye reference points shall be those established in Motor Vehicle Safety Standard No. 104 (§ 571.104) or a nominal location appropriate for any 95th percentile male driver.

S5.1.2. *Mounting.* The mirror mounting shall provide a stable support for the mirror, and shall provide for mirror adjustment by tilting in both the horizontal and vertical directions. If the mirror is in the head impact area, the mounting shall deflect, collapse or break away without leaving sharp edges when the reflective surface of the mirror is subjected to a force of 90 pounds in any forward direction that is not more than 45° from the forward longitudinal direction.

S5.2 *Outside rearview mirror—driver's side.*

S5.2.1. *Field of view.* Each passenger car shall have an outside mirror of unit magnification. The mirror shall provide the driver a view of a level road surface extending to the horizon from a line, perpendicular to a longitudinal plane tangent to the driver's side of the vehicle at the widest point, extending 8 feet out from the tangent plane 35 feet behind the driver's eyes, with the seat in the rearmost position. The line of sight may be partially obscured by rear body or fender contours. The location of the driver's eye reference points shall be those established in Motor Vehicle Safety Standard No. 104 (§ 571.104) or a nominal location appropriate for any 95th percentile male driver.

S5.2.2. *Mounting.* The mirror mounting shall provide a stable support for the mirror, and neither the mirror nor the mounting shall protrude farther than the widest part of the vehicle body except to the extent necessary to produce a field of view meeting or exceeding the requirements of S5.2.1. The mirror shall not be obscured by the unwiped portion of the windshield, and shall be adjustable by tilting in both horizontal and vertical directions from the driver's seated position. The mirror and mounting shall be free of sharp points or edges that could contribute to pedestrian injury.

S5.3 *Outside rearview mirror passenger's side.* Each passenger car whose inside rearview mirror does not meet the field of view requirements of S5.1.1 shall have an outside rearview mirror of unit magnification installed on the passenger's side. The mirror mounting shall provide a stable support and be free of sharp points or edges that could contribute to pedestrian injury. The mirror need not be adjustable from the driver's seat but shall be capable of adjustment by tilting in both horizontal and vertical directions.

S6 *Requirements for multipurpose passenger vehicles, trucks, and buses, other than school buses, with GVWR of 10,000 pounds or less.*

S6.1. Each multipurpose passenger vehicle, truck and bus, other than a school bus, with a GVWR of 10,000 pounds or less shall have either—

(a) Mirrors that conform to the requirements of S5; or

(b) Outside mirrors of unit magnification, each with not less than 19.5 $in^2$ of reflective surface, installed with stable supports on both sides of the vehicle, located so as to provide the driver a view to the rear along both sides of the vehicle, and adjustable in both the horizontal and vertical directions to view the rearward scene.

S7. *Requirements for multipurpose passenger vehicles and trucks with a GVWR of more than 10,000 and less than 25,000 pounds and buses, other than school buses, with a GVWR of more than 10,000 pounds.*

S7.1. Each multipurpose passenger vehicle and truck with a GVWR of more than 10,000 pounds and less than 25,000 pounds and each bus, other than a school bus, with a GVWR of more than 10,000 pounds shall have outside mirrors of unit magnification, each with not less than 50 $in^2$ of reflective surface, installed with stable supports on both sides of the vehicle. The mirrors shall be located so as to provide the driver a view to the rear along both sides of the vehicle and shall be adjustable both in the horizontal and vertical directions to view the rearward scene.

S8. *Requirements for multipurpose passenger vehicles and trucks with a GVWR of 25,000 pounds or more.*

S8.1 Each multipurpose passenger vehicle and truck with a GVWR of 25,000 pounds or more shall have outside mirrors of unit magnification, each with not less than 75 $in^2$ of reflective surface, installed with stable supports on both sides of the vehicle. The mirrors shall be located so as to provide the driver a view to the rear along both sides of the vehicle and shall be adjustable both in the horizontal and vertical directions to view the rearward scene.

S9. *Requirements for school buses.*

S9.1. *Outside rearview mirrors.* Each school bus shall have outside mirrors of unit magnification, each with not less than 50 $in^2$ of reflective surface, installed with stable supports on both sides of the vehicle. The mirrors shall be located so as to provide the driver a view to the rear along both sides of the vehicle and shall be adjustable both in the horizontal and vertical directions to view the rearward scene.

S9.2. *Outside cross view mirror.* Each school bus, except those which are forward control vehicles, shall have a convex mirror with at least 40 $in^2$ of reflective surface with an average radius of curvature not less than 12 inches and not greater than 25 inches, installed with a stable support, and mounted so as to provide the driver a view of the front bumper and the area in front of the bus.

S10. *Requirements for motorcycles.*

S10.1. Each motorcycle shall have either a mirror of unit magnification with not les than 12.5 $in^2$ of reflective surface, or a convex mirror with not less than 10 $in^2$ of reflective surface and an average radius of curvature not less than 20 inches and not greater than 60 inches, installed with a stable support, and mounted so that the horizontal center of the reflective surface is at least 11 inches outward of the longitudinal centerline of the motorcycle. The mirror shall be adjustable by tilting in both the horizontal and vertical directions.

S11. *Mirror construction.* The average reflectance value of the reflective film employed on any mirror required by this standard, determined in accordance with SAE Recommended Practice J964a, August 1974, shall be at least 35 percent. If a mirror is of the selective position prismatic type, the reflectance value in the night driving position shall be at least 4 percent.

[FR Doc.75-21069 Filed 8-11-75;8:45 am]

## FARM CREDIT ADMINISTRATION

**[ 12 CFR Part 603 ]**

**PRIVACY ACT**

**Proposed Rulemaking**

Notice is hereby given that the Farm Credit Administration, by its Federal Farm Credit Board, has under consideration proposed regulations to implement the provisions of the Privacy Act of 1974 (5 U.S.C. 552a). These proposed regulations would establish the procedures to be followed by individuals who request information about records pertaining to themselves and access to or amendments of records which are contained in a system of records maintained by the Farm Credit Administration. The proposed regulations also would set forth the procedures to be followed by the Farm Credit Administration in processing requests. The Farm Credit Administration currently is considering which of the systems of records it maintains are to be exempted pursuant to 5 U.S.C. 552a (j) and (h). Sections 603.355 and 603.360 of these proposed regulations dealing with exemptions will be issued at a later date.

Prior to final adoption of the proposed regulations, consideration will be given to any comments or suggestions pertaining thereto which are submitted in writing (10 copies) no later than August 22, 1975, to W. M. Harding, Governor, Farm Credit Administration, Washington, DC 20578. Copies of all communications received will be available for examination by interested persons in the office of Director, Information Division, Office of Administration, Farm Credit Administration.

Chapter VI of Title 12 of the Code of Federal Regulations is amended by adding Part 603—Privacy Act regulations, §§ 603.300–603.360, as follows:

**PART 603—PRIVACY ACT REGULATIONS**

Sec.

603.300 Purpose and scope.
603.305 Definitions.
603.310 Procedures for requests pertaining to individual records in a record system.
603.315 Times, places, and requirements for identification of individuals making requests.
603.320 Disclosure of requested information to individuals.
603.325 Special procedures for medical records.
603.330 Request for amendment to record.
603.335 Agency review of request for amendment of record.
603.340 Appeal of an initial adverse determination of a request to amend a record.
603.345 Fees for providing copies of records.
603.350 Criminal penalties.
603.355 General exemptions [Reserved].
603.360 Specific exemptions [Reserved].

AUTHORITY: 5 U.S.C. 552a (f), (j), (k).

**§ 603.300 Purpose and scope.**

(a) This part is published by the Farm Credit Administration pursuant to the Privacy Act of 1974 (Pub. L. 93-579, 5 U.S.C. 552a) which requires each Federal agency to promulgate rules to establish procedures for notification and disclosure to an individual of agency records pertaining to him, and for review of such records.

(b) The records covered by this part include:

(1) Personnel and employment records maintained by the Farm Credit Administration which are not covered by §§293.101–293.111 of the regulations of the Civil Service Commission (5 CFR 293.101–293.111), and

(2) Other records contained in record systems maintained by the Farm Credit Administration.

**§ 603.305 Definitions.**

In this part:

(a) "Individual" means a citizen of the United States or an alien lawfully admitted for permanent residence;

(b) "Maintain" includes maintain, collect, use, or disseminate;

(c) "Record" means any item, collection, or grouping of information about an individual that is maintained by an agency including, but not limited to, his education, financial transactions, medical history, and criminal or employment history, and that contains his name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or photograph;

(d) "System of records" means a group of any records under the control of any agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual;

(e) "Statistical record" means a record in a system of records maintained for statistical research or reporting purposes only and not used in whole or in part in making any determination about an identifiable individual, except as provided by 13 U.S.C. 8.

(f) "Routine use" means, with respect to the disclosure of a record, the use of such record for a purpose that is compatible with the purpose for which it was collected;

(g) "Agency" includes the Farm Credit Administration.

**§ 603.310 Procedures for requests pertaining to individual records in a record system.**

(a) Any present or former employee of the Farm Credit Administration seeking access to his official civil service records maintained by the Farm Credit Administration shall submit his request in such manner as is prescribed by the Civil Service Commission.

(b) Any individual seeking to obtain from the Farm Credit Administration:

(1) Notification whether the agency maintains a record pertaining to him in a system of records;

(2) Notification whether the agency has disclosed a record for which an accounting of disclosure is required to be maintained and made available to him;

(3) A copy of a record pertaining to him or the accounting of its disclosure; or

(4) The review of a record pertaining to him or the accounting of its disclosure;

shall submit a written request to the Director, Administrative Division, Office of Administration (hereafter referred to as "Director"), Farm Credit Administration, 490 L'Enfant Plaza East, SW., Washington, DC 20578. The request shall state the full name and address of the individual and identify the system or systems of records believed to contain the information or record sought.

**§ 603.315 Times, places, and requirements for identification of individuals making requests.**

(a) The individual making written requests to the Director for information or records ordinarily will not be required to verify his identity. The signature upon such requests shall be deemed to be a certification by the requester that he is the individual to whom the record pertains, or the parent of a minor, or the duly appointed legal guardian of the individual to whom the record pertains. The Director, however, may require such additional verification of identity as he may specify in any instance in which he deems it advisable.

**§ 603.320 Disclosure of requested information to individuals.**

(a) The Director shall, within a reasonable period of time after the date of receipt of a request for information or records:

(1) Determine whether or not such request shall be granted,

(2) Notify the requester of the determination and, if the request is denied, of the reasons therefor, and

(3) Notify the requester that fees for reproducing copies of records may be charged as provided in § 603.345.

(b) If access to a record is denied because the information therein has been compiled by the Farm Credit Administration in reasonable anticipation of a civil or criminal action proceeding the Director shall notify the requester of his right to judicial appeal under 5 U.S.C. 552a(g).

(c) (1) If access to a record is granted the requester shall notify the Director whether the requested record is to be copied and mailed to him or whether the record is to be made available to him in person.

(2) A requester who is an individual may be accompanied by an individual selected by him when the record is disclosed, in which case he may be required to furnish a written statement authorizing the discussion of the record in the presence of the accompanying person.

(d) If the record is to be made available for personal inspection, the requester shall arrange with the Director a mutually agreeable time in the offices of the Farm Credit Administration for inspection of the record.

**§ 603.325 Special procedures for medical records.**

Medical records in the custody of the Farm Credit Administration which are

not subject to Civil Service Commission regulations shall be disclosed either to the individual to whom they pertain or his authorized or legal representative or to a licensed physician named by the individual.

**§ 603.330 Request for amendment to record.**

(a) If, after disclosure of the requested information, an individual believes that the record is not accurate, relevant, timely, or complete, he may request in writing that the record be amended. Such a request shall be submitted to the Director and shall contain identification of the system of records and the record or information therein, a brief description of the material requested to be changed, the requested change or changes, and the reason for such change or changes.

(b) The Director shall acknowledge receipt of the request within 10 days (excluding Saturdays, Sundays, and legal holidays) and, if a determination has not been made, advise the individual when he may expect to be advised of action taken on the request. The acknowledgement may contain a request for additional information needed to make a determination.

**§ 603.335 Agency review of request for amendment of record.**

Upon receipt of a request for amendment of a record, the Director shall:

(a) Correct any portion of a record which the individual making the request believes is not accurate, relevant, timely, or complete and thereafter inform the individual in writing of such correction, or

(b) Inform the individual in writing of refusal to amend the record and of the reasons therefor, and advise him that he may appeal such determination as provided in § 603.340.

**§ 603.340 Appeal of an initial adverse determination of a request to amend a record.**

(a) Not more than 10 days (excluding Saturdays, Sundays, and legal holidays) after receipt by an individual of an adverse determination on his request to amend a record or otherwise, the individual may appeal to the Deputy Governor, Office of Administration.

(b) The appeal shall be by letter, mailed or delivered to the Deputy Governor, Office of Administration, Farm Credit Administration, 490 L'Enfant Plaza East, SW., Washington, D.C. 20578. The letter shall identify the records involved in the same manner they were identified to the Director, shall specify the dates of the request and adverse determination, and shall indicate the expressed basis for that determination. Also, the letter shall state briefly and succinctly the reasons why the adverse determination should be reversed.

(c) The review shall be completed and a final determination made by the Deputy Governor not later than 30 days (excluding Saturdays, Sundays, and legal holidays) from receipt of the request for such review, unless the Deputy Governor extends such 30-day period for good cause. If the 30-day period is extended the individual shall be notified of the reasons therefor.

(d) If the Deputy Governor refuses to amend the record in accordance with the request, the individual shall be notified of his right to file a concise statement setting forth his disagreement with the final determination and his right under 5 U.S.C. 552a(g)(1)(A) to a judicial review of the final determination.

(e) If an amendment of a record as requested upon review is refused, there shall be included in the disputed portion of the record a copy of the concise statement filed by the individual together with a concise statement of the reasons for not amending the record as requested. Such statements will be included when disclosure of the disputed record is made to persons and agencies as authorized under 5 U.S.C. 552a.

**§ 603.345 Fees for providing copies of records.**

Fees for providing copies of records shall be charged in accordance with § 602.285 of this chapter.

**§ 603.350 Criminal penalties.**

Section 552a(i)(3) of the Privacy Act (5 U.S.C. 552a(i)(33 makes it a misdemeanor, subject to a maximum fine of $5,000, to knowingly and willfully request or obtain any record concerning any individual from an agency under false pretenses. Sections 552a(i)(1) and (2) of the Act (5 U.S.C. 552a(i)(1), (2)) provides penalties for violation by agency employees of the Act or regulations established thereunder.

**§ 603.355 General exemptions. [Reserved]**

**§ 603.360 Specific exemptions. [Reserved]**

## FUNDING AND FISCAL AFFAIRS

### Proposed Rulemaking

Notice is hereby given that the Farm Credit Administration, by its Federal Farm Credit Board, has under consideration a proposed amendment to its regulations which would provide for the adoption by the board of directors of each Federal land bank, Federal intermediate credit bank, and bank for cooperatives of a policy concerning the management of surplus funds.

Prior to final adoption of such amendment, consideration will be given to any comments or suggestions pertaining thereto which are submitted in writing (10 copies) not later than September 12, 1975, to W. M. Harding, Governor, Farm Credit Administration, Washington, DC 20578. Copies of all communications received will be available for examination by interested persons in the office of Director, Information Division, Office of Administration, Farm Credit Administration.

Chapter VI of Title 12 of the Code of Federal Regulations is amended by adding § 615.5135 as follows:

## PART 615—FUNDING AND FISCAL AFFAIRS

**§ 615.5135 Investment policy.**

Each Bank's board of directors shall adopt a policy, subject to approval by the Farm Credit Administration, regarding the management of surplus funds.

(Sec. 5.9, 5.18, 85 Stat. 619, 621)

W. M. HARDING,
*Governor,*
*Farm Credit Administration.*

### Proposed Rulemaking and Public Hearing

*Correction*

In FR Doc. 75-19872 appearing at page 32136, in the issue for Thursday, July 31, 1975 change the hearing date which appears in the first paragraph of the second column of page 32138 from August 13, 1975 to August 15, 1975.

## FEDERAL TRADE COMMISSION

## [ 16 CFR Part 257 ]

## ADVERTISING OF CHILDREN'S PREMIUMS ON TELEVISION

### Change in Closing Date for Additional Comment on Proposed Guide

Request for additional comment on the proposed Guide concerning Advertising of Children's Premiums on Television was published in the FEDERAL REGISTER on July 7, 1975 (40 F.R. 28489). Interested parties were afforded the opportunity to present the Commission their written views on the following two items:

1. A paper entitled, "Advertising of Children's Premiums on Television: An Experimental Evaluation of the FTC's Proposed Guide," by Terance A. Shimp, Robert F. Dyer, and Salvatore F. Divita under the sponsorship of the George Washington University School of Government and Business Administration: and

2. "Proposed Standards for Advertising Premiums on Children's Television," by the Cracker Jack Division of Borden Foods, Borden, Inc.

Comments on the foregoing two items were to be sent to the Secretary, Federal Trade Commission, Pennsylvania Avenue and Sixth Streets, N.W., Washington, D.C. 20580 no later than August 7, 1975.

The Commission has determined that the comment period to present views on these two items should be extended. Accordingly, the Commission extends the

time during which such views may be submitted, as provided, to not later than September 8, 1975.

Issued: August 7, 1975.

By direction of the Commission.

VIRGINIA M. HARDING,
*Acting Secretary.*

## NUCLEAR REGULATORY COMMISSION

## [ 10 CFR Part 9 ]

## PRIVACY ACT REGULATIONS

### Promulgation of Agency Rules

Notice is hereby given that the Nuclear Regulatory Commission is considering the amendment of its regulations in 10 CFR Part 9, Public Records, to implement the provisions of the Privacy Act of 1974, Public Law 93-579, enacted December 31, 1974, including, in particular, those provisions of that Act which require the promulgation of agency rules.

The purpose of the Privacy Act of 1974 is to protect individuals against invasions of personal privacy by placing restrictions on the manner in which Federal agencies collect, maintain, use and disseminate personal information about individuals. To this end, the Act added a new section 552a, Records Maintained on Individuals, to Title 5 of the United States Code, to become effective September 27, 1975. Section 552a places limits on the kind and amount of personal information agencies may collect about individuals; requires agencies, to the greatest extent practicable, to collect personal information directly from the individual concerned; precludes agencies, except in certain well-defined situations, from disclosing personal information about individuals without their prior written consent; requires agencies to assume responsibility for the accuracy of records containing personal information about individuals so that individuals will not be denied rights, benefits or entitlements because of erroneous information; and allows individuals to obtain access to their records and to have their records corrected where appropriate. Agencies are required, by the provisions of 5 U.S.C. 552a(f) to promulgate implementing regulations, after notice and opportunity for public comment, establishing procedures which will enable individuals to inquire whether an agency has a record concerning the individual in its system of records, to obtain access to those records and to request correction of those records.

The proposed amendments to conform NRC regulations to the requirement of 5 U.S.C. 552a(f) would add a new Subpart B, Privacy Act Regulations, to 10 CFR Part 9. The present regulations in 10 CFR Part 9 which implement the Freedom of Information Act, 5 U.S.C. 552, would be placed in a new Subpart A, Freedom of Information Act Regulations. No substantive changes in the present Freedom of Information Act regulations are proposed. However, certain minor editorial revisions have been made to reflect the proposed division of Part 9 into Subparts A and B.

Specific exemptions from the requirements of the Privacy Act pertaining to accounting for disclosure of records to an individual named in the record, access of individuals to records containing information pertaining to them, maintenance of information on individuals only as relevant and necessary to accomplish a purpose of the agency required to be accomplished by statute or Executive Order, notice of agency procedures whereby an individual can be notified at his request if a records system contains a record pertaining to him, and how he can gain access to such record and contest its content, notice of sources of records in records systems and promulgation of rules such as those which follow are proposed for portions of:

(a) NRC-Wide Contracts Records Files
(b) Office of Inspection and Auditor Index File and Associated Records
(c) Development and Advancement for Regulatory Employees (DARE) Records
(d) Equal Employment Opportunity Records Files
(e) General Personnel Records (Official Personnel Folder and Related Records)
(f) Personnel Security Files
(g) Personnel Performance Appraisals
(h) Personnel Research and Test Validation Records
(i) Recruiting, Examining and Placement Records
(j) Secretariat Facility Files

The proposed exemptions for portions of contracts files, Office of Inspection and Auditor Files, Personnel Security Files and the Secretariat Facility Files are intended to prevent access to records that contain information specifically authorized under Executive Order (E.O. 11652) to be kept secret in the interest of national defense and foreign policy and, except for the Secretariat Facility Files, to protect the identity of confidants who provide information under an expressed or implied promise of confidentiality.

The proposed exemptions for portions of Recruiting, Examining and Placement Records and Equal Employment Opportunity Files are intended to protect the identity of confidants who furnish information regarding the eligibility or qualifications for Federal employment of individuals when such information is or was furnished under an expressed or implied promise that the identity of the confidant would be held in confidence.

All other proposed exemptions are intended to protect the identity of persons who furnish information regarding the eligibility or qualifications for Federal employment of individuals when such information is or was furnished under an expressed or implied promise that the identity of the confidant would be held in confidence, and to protect the confidentiality of testing and examination material the disclosure of which would compromise the objectivity or fairness of the testing or examination process.

Pursuant to the Atomic Energy Act of 1954, as amended, the Energy Reorganization Act of 1974, and sections 552, 552a and 553 of Title 5 of the United States Code, as amended, notice is hereby given that adoption of the following amendments to Title 10, Chapter 1, Code of Federal Regulations, Part 9, is contemplated. All interested persons who desire to submit written comments or suggestions for consideration in connection with the proposed amendments should send them to the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Section, by September 12, 1975. Copies of comments received will be available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C.

1. The table of contents, citation of authority and §§ 9.1 and 9.2 are revised and a new § 9.1a is added, to read as follows:

APPENDIX A—REQUESTS FOR DECLASSIFICATION REVIEW

AUTHORITY: Sec. 161, Pub. L. 83-703, 68 Stat. 948, (42 U.S.C. 2201); Sec. 201, Pub. L. 93-438, 88 Stat. 1242 (42 U.S.C. 5841); Subpart A also issued under 5 U.S.C. 552; Subpart B also issued under 5 U.S.C. 552a.

§ 9.1 Scope.

The regulations in this part implement: (a) The provisions of the Freedom of Information Act, 5 U.S.C. 552, with respect to the availability to the public of Nuclear Regulatory Commission records for inspection and copying; and (b) the provisions of the Privacy Act of 1974, Pub. L. 93-579, with respect to disclosure and availability of certain Nuclear Regulatory Commission records maintained on individuals.

§ 9.1a Subparts.

Subpart A sets forth special rules applicable to matters pertaining to the Freedom of Information Act. Subpart B sets forth special rules applicable to matters pertaining to the Privacy Act of 1974.

§ 9.2 Definitions.

As used in this part:

(a) "NRC" means the Nuclear Regulatory Commission, established by the Energy Reorganization Act of 1974.

(b) "NRC personnel" means employees, consultants, and members of advisory boards, committees and panels of the NRC; members of boards designated by the Commission to preside at adjudicatory proceedings; and officers or employees of Government agencies, including military personnel, assigned to duty at the NRC.

(c) "Commission" means the commission of five members or a quorum thereof sitting as a body, as provided by section 201 of the Energy Reorganization Act of 1974.

(d) "Government agency" means any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency.

(e) "Working days" means Monday through Friday, except legal holidays.

2. A new centerhead is added following § 9.2, § 9.3 is revised and a new § 9.3a is added, to read as follows:

Subpart A—Freedom of Information Act Regulations

§ 9.3 Scope of subpart.

This subpart prescribes procedures under which NRC records are made available to the public for inspection and copying pursuant to the provisions of 5 U.S.C. 552. This subpart does not affect the dissemination or distribution of NRC originated, or NRC contractor originated, information to the public pursuant to any NRC public, technical, or other information program or policy, nor is it intended to restrict or limit the free flow of information between the NRC and its contractors and subcontractors, or between the NRC and a Government agency. Except where specifically noted otherwise, this subpart applies to all records whether they predate or postdate July 4, 1967.

§ 9.3a Definitions.

As used in this subpart:

(a) "Office", unless otherwise indicated, means all offices and divisions of the NRC reporting to or through the Executive Director for Operations, except for the Office of the Executive Legal Director.

(b) "Record" means any book, paper, map, photograph, brochure, punch card, magnetic tape, paper tape, sound recording, pamphlet, slide, motion picture, or other documentary material regardless of form or characteristics, made by, in the possession of, or under the control of the NRC pursuant to Federal law or in connection with the transaction of public business as evidence of NRC organization, functions, policies, decisions, procedures, operations, programs or other activities. "Records" do not include objects or articles such as structures, furniture, tangible exhibits or models, or vehicles and equipment.

3. A new subpart B following § 9.16 is added to read as follows:

Subpart B—Privacy Act Regulations

§ 9.50 Scope of subpart.

This subpart implements the provisions of section 3 of the Privacy Act of 1974, Pub. L. 93-579, 5 U.S.C. 552a, with respect to (a) the procedures by which individuals may determine the existence of, seek access to and request correction of NRC records concerning themselves, and (b) the requirements applicable to NRC personnel with respect to the use and dissemination of such records. The regulations in this subpart apply to all records which are retrievable from a system of records under the control of the Nuclear Regulatory Commission by the use of an individual's name or of an identifying number, symbol, or other identifying particular assigned to such individual. Except where specifically provided otherwise, this subpart applies to all NRC records maintained on individuals whether they predate or postdate September 27, 1975.

§ 9.51 Definitions.

As used in this subpart:

(a) "Individual" means a citizen of the United States or an alien lawfully admitted for permanent residence.

(b) The term "maintain" includes maintain, collect, use or disseminate.

(c) "Record" means any item, collection or grouping of information about an individual that is maintained by the NRC, including, but not limited to, his education, financial transactions, medical history, employment history or criminal history, and that contains the individual's name, or the identifying number, symbol or other identifying particular assigned to the individual, such as a finger or voice print or a photograph.

(d) "System manager" means the NRC official responsible for maintaining a system of records.

(e) "Systems of records" means a group of records under the control of the NRC from which information is retrieved by the name of an individual or by an identifying number, symbol, or other identifying particular assigned to an individual.

(f) "Statistical record" means a record in a system of records maintained for statistical research or reporting purposes only and not used in whole or in part in making any determination about an identifiable individual, except as provided by the Census Act, 13 U.S.C. 8.

(g) "Routine use" means, with respect to the disclosure of a record, the use of such record for a purpose which is compatible with the purpose for which it was collected, as described in a notice published in the FEDERAL REGISTER.

PROCEDURES APPLICABLE TO REQUESTS BY INDIVIDUALS FOR INFORMATION, ACCESS OR AMENDMENT OF RECORDS MAINTAINED ABOUT THEM

PRESENTATION OF REQUESTS

§ 9.52 Types of requests.

(a) Individuals may make the following requests respecting records about themselves maintained by NRC in a system of records subject to the provisions of the Privacy Act of 1974:

(1) Request a determination whether a record about the individual is contained in a system of records.

(2) Request access to a record about the individual. Access requests may include requests to review the record and to have a copy made of all or any portion thereof in a form comprehensible to the individual.

(3) Request correction or amendment of a record about the individual.

(b) *Requests for accounting of disclosures.* Individuals may, at any time, request an accounting by NRC of disclosures to any other person or Government agency of any record about themselves contained in a system of records controlled by NRC, except the following: (1) Disclosures made pursuant to the Freedom of Information Act, 5 U.S.C. 552; (2) disclosures made within the Nuclear Regulatory Commission; (3) disclosures made to another Government agency or instrumentality for an authorized law enforcement activity pursuant to 5 U.S.C. 552a(b)(7); (4) disclosures expressly exempted by NRC regulations from the requirements of 5 U.S.C. 552a(c)(3) pursuant to 5 U.S.C. 552a(k).

§ 9.53 Requests: how and where presented.

(a) Requests may be made in person or in writing. Assistance regarding requests or other matters relating to the

Privacy Act of 1974 may be obtained by writing to the Director, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. Requests relating to records in multiple systems of records should be made to the Director, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. The Director, or his designee, shall assist the requestor in identifying his request more precisely and shall be responsible for forwarding the request to the appropriate system manager.

(b) All written requests shall be made to the Director, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, and shall clearly state on the envelope and on the letter, as appropriate: "Privacy Act Request", "Privacy Act Disclosure Accounting Request", "Privacy Act Correction Request".

(c) Requests may be made in person during official hours at the U.S. Nuclear Regulatory Commission office where the record is located, as listed in the "Notice of System of Records" for the system in which the record is contained.

§ 9.54 Verification of identity of individuals making requests.

(a) Identification requirements in paragraphs (a) (1) and (2) of this section are applicable to any individual who makes requests respecting records about himself, except that no verification of identity shall be required if the records requested are available to the public under the provisions of the Freedom of Information Act. With respect to certain sensitive records, additional requirements for verification of identity stated in the appropriate published "Notice of System of Records" may be imposed.

(1) *Written requests.* An individual making a written request respecting a record about himself may establish his identity by a signature, address, date of birth, employee identification number if any, and one other item of identification such as a photocopy of a driver's license or other document.

(2) *Requests in person.* An individual making a request in person respecting a record about himself may establish his identity by the presentation of a single document bearing a photograph (such as a passport or identification badge) or by the presentation of two items of identification which do not bear a photograph but do bear a name, address and signature (such, as a driver's license or credit card).

(b) *Inability to provide requisite documentation of identity.* An individual making a request in person or in writing respecting a record about himself who cannot provide the necessary documentation of identity may provide a notarized statement, swearing or affirming to his identity and to the fact that he understands that penalties for false statements may be imposed pursuant to 18 U.S.C. 1001, and that penalties for obtaining a record concerning an individual under false pretenses may be imposed pursuant to 5 U.S.C. 552a(i)(3). Forms for such notarized statements may be obtained on request from the Director, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555.

(c) *Verification of guardianship.* In addition to establishing the identity of the minor or other individual he represents as required in paragraph (a) of this section, the parent or guardian of a minor or an individual judicially determined to be incompetent shall establish his status as parent or guardian by furnishing a copy of a birth certificate of the minor showing parentage of, a copy of a court order establishing guardianship.

§ 9.55 Specification of records.

(a)(1) Requests relating to records shall, insofar as practicable, specify the nature of the record sought, the approximate dates covered by the record, the system of records in which the record is thought to be included and the system manager having custody of the record system as shown in the annual compilation, "Notices of Records Systems", published by the General Services Administration. Requests shall, in addition, comply with any additional specification requirements contained in the published "Notice of System of Records" for that system.

(2) Requests for correction or amendment of records shall, in addition, specify the particular record involved, state the nature of the correction or amendment sought and furnish justification for the correction or amendment.

(b) Requests which do not contain information sufficient to identify the record requested will be returned promptly to the requestor, with a notice indicating what information is lacking. Individuals making requests in person will be informed of any deficiency in the specification of records at the time the request is made. Individuals making requests in writing will be notified of any such deficiency when their request is acknowledged.

§ 9.56 Accompanying persons.

An individual requesting access to records about himself may be accompanied by another individual of his own choosing. Both the individual requesting access and the individual accompanying him shall sign the required form indicating that the Nuclear Regulatory Commission is authorized to discuss the contents of the subject record in the presence of both individuals.

NRC PROCEDURES FOR PROCESSING REQUESTS

§ 9.60 Acknowledgment of requests.

(a) Written requests by individuals to verify the existence of, obtain access to or correct or amend records about themselves maintained by NRC in a system of records subject to the provisions of the Privacy Act of 1974, shall be acknowledged in writing by the Director, Office of Administration, or his designee, within ten working days after date of actual receipt. The acknowledgment shall advise the requestor if any additional information is needed to process the request. Wherever practicable, the acknowledgment shall notify the individual whether his request to obtain access to the record or to correct or amend the record has been granted or denied.

(b) When an individual requests access to records or permission to correct or amend records in person, every effort will be made to make an immediate determination as to whether access or correction or amendment should be granted. If an immediate determination cannot be made, the request will be processed in the same manner as a written request. Records will be made available for immediate inspection whenever possible.

§ 9.61 Procedures for processing requests for records exempt in whole or in part.

(a) When an individual requests information concerning the existence of, or access to, records about himself which have been compiled in reasonable anticipation of a civil action or proceeding in either a court or before an administrative tribunal, the NRC shall advise the individual only that no record available to him pursuant to the Privacy Act of 1974 has been identified.

(b) *Specific exemptions pursuant to 5 U.S.C. 552a(k).* Individual requests for access to records which have been exempted from access pursuant to the provisions of 5 U.S.C. 552a(k) and § 9.95 shall be processed as follows:

(1) *Information classified pursuant to Executive Order 11652 and exempted pursuant to 5 U.S.C. 552a(k)(1).* Requested information classified by NRC will be reviewed by the responsible official of the NRC to determine whether it continues to warrant classification under the criteria of sections 1 and 5 (B), (C), (D), and (E) of Executive Order 11652. Information which no longer warrants classification under these criteria shall be declassified and made available to the individual. If the requested information has been classified by another agency, the responsible official of the NRC will request the classifying agency to review the information to ascertain if classification is still warranted. If the information continues to warrant classification, the individual shall be advised that the information sought is classified, that it has been reviewed and continues to warrant classification, and that it has been exempted from access pursuant to 5 U.S.C. 552a(k)(1).

(2) *Investigatory material compiled for law enforcement purposes exempted pursuant to 5 U.S.C. 552a(k)(2).* Requests shall be responded to in the manner provided in paragraph (a) of this section unless a review of the information indicates that the information has been used or is being used to deny the individual any right, privilege or benefit for which he is eligible or to which he would otherwise be entitled under Federal law. In that event, the individual shall be advised of the existence of the information and shall be provided the information except to the extent it would reveal the identity of a confidential source. Information that would reveal the identity of a confidential source shall be extracted or summarized in a manner

which protects the source and the summary or extract shall be provided to the requesting individual.

(3) *Material within a system of records required by statute to be maintained and used solely as statistical records and exempted pursuant to 5 U.S.C. 552a(k)(4).* The exempted information requested will be reviewed by the responsible official of the NRC to determine whether it continues to warrant exemption. Information which no longer warrants exemption shall be made available to the individual. If the information continues to warrant exemption, the individual shall be advised that the information sought is exempt from disclosure, that it has been reviewed and continues to warrant exemption, and that it has been exempted from access pursuant to 5 U.S.C. 552a(k)(4).

(4) *Investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, Federal contracts, or access to classified information and exempted pursuant to 5 U.S.C. 552a(k)(5).* Information exempted pursuant to 5 U.S.C. 552a(k)(5) shall be made available to an individual upon request except to the extent that the information would reveal the identity of a confidential source. Material that would reveal the identity of a confidential source shall be extracted or summarized in a manner which protects the source and the summary or extract shall be provided to the requesting individual.

(5) *Testing or examination material exempted pursuant to 5 U.S.C. 552a(k)(6).* Testing or examination material used solely to determine individual qualifications for appointment or promotion in the Federal service which has been exempted pursuant to 5 U.S.C. 552a(k)(6) shall not be made available to an individual if disclosure would compromise the objectivity or fairness of the testing or examination process but may be made available if no possibility of such compromise exists.

**§ 9.62 Special procedures.**

(a) *Medical records under the control of NRC.* Requests received by NRC pertaining to medical records under the control of NRC, with the exception of radiation exposure records, will be made available to a physician of the requesting individual's choosing. Both the physician and the requestor shall first sign the required form indicating that NRC is authorized to disclose the contents of the record to the physician. Radiation exposure records will be made available directly to the requesting individual pursuant to § 19.13 of this chapter.

(b) *Records under the control of another government agency.* (1) *Medical records.* Requests received by NRC pertaining to medical records under the control of the U.S. Public Health Service or another Government agency will either be referred to the appropriate agency or returned to the requestor with the name of the controlling Government agency, if known, within ten working days after receipt by NRC. NRC will inform the requestor of any referral of his request to another Government agency at the time the referral is made.

(2) *Nonmedical records.* Requests received by NRC pertaining to nonmedical records under the control of another Government agency will be returned to the requestor with the name of the controlling Government agency, if known, within ten working days after receipt by NRC.

DETERMINATION AND APPEALS

**§ 9.65 Access determinations; appeals.**

(a) *Initial determinations.* The Director, Office of Administration, or his designee, with the advice of the system manager having control of the record to which access is requested, shall determine whether access to the record is available under the Privacy Act and notify the requesting individual in person or in writing of that determination. Unless the request presents unusual difficulties or involves extensive numbers of records, individuals shall be notified of determinations to grant access within 30 days after receipt of the request.

(1) Notices granting access shall inform the individual when and where the requested record may be seen, how copies may be obtained, and of any fees or anticipated charges which may be incurred pursuant to § 9.85 of this subpart.

(2) Notices denying access shall state the reasons for the denial, and advise the individual that he may appeal the denial to the Executive Director for Operations in accordance with the procedures set forth in this section.

(b) *Appeals from denials of access.* Within 30 days of the receipt of an initial determination denying access to a record, an individual may request a final review and determination of his request by the Executive Director for Operations. Requests for final review shall be in writing, shall be addressed to the Executive Director for Operations, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, and shall be clearly marked on the request and on the envelope "Privacy Act Appeal—Denial of Access".

(c) *Final determinations.* (1) The Executive Director for Operations shall make a final determination within 30 working days of receipt of the request for final review, unless he extends the time for good cause shown such as the need to obtain additional information, the volume of records involved or the complexity of the issue. The extension of time shall not exceed 30 additional working days. The requestor shall be advised in advance of any extension of time and of the reasons therefor.

(2) If the Executive Director for Operations determines that access was properly denied because the information requested has been exempted from disclosure, he shall undertake a review of the exemption to determine whether the information should continue to be exempt from disclosure. The Executive Director for Operations shall notify the individual in writing of his final determination to grant or deny the request for access. Notices denying access shall state the reasons therefor and shall advise the individual of his right to judicial review pursuant to 5 U.S.C. 552a(g).

**§ 9.66 Determinations authorizing or denying correction of records; appeals.**

(a) *Initial determinations.* (1) The Director, Office of Administration, or his designee, with the advice of the system manager having control of the record, shall determine whether to authorize or refuse correction or amendment of a record. In making this determination, the Director, or his designee, shall be guided by the following standards:

(i) Records shall contain only such information about an individual as is relevant and necessary to accomplish an NRC function required to be accomplished by statute or by executive order of the President;

(ii) Records used by NRC in making any determination about any individual shall be as accurate, relevant, current, and complete as is reasonably necessary to assure fairness to the individual in the determination;

(iii) No record shall describe how any individual has exercised rights guaranteed by the First Amendment unless such record is expressly authorized by statute or by the individual about whom the record is maintained, or is pertinent to and within the scope of an authorized law enforcement activity.

(2) If correction or amendment of a record is authorized, the Director, Office of Administration, or his designee, shall correct or amend the record, notify the requesting individual in writing that the correction or amendment has been made and provide the individual with a courtesy copy of the corrected record.

(3) If correction or amendment of a record is refused, the Director, Office of Administration, or his designee, shall notify the requesting individual in writing of the refusal and the reasons therefor, and shall advise the individual of his right to request a review of the refusal by the Executive Director for Operations in accordance with the procedures set forth in this section.

(b) *Appeals from initial adverse determinations.* Within 30 days of the receipt of an initial determination of refusal to amend or correct a record in whole or in part, an individual may request a final review and determination of his request by the Executive Director for Operations. Requests for final review shall be in writing, shall be addressed to the Executive Director for Operations, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, and shall be clearly marked on the request and on the envelope "Privacy Act Correction Appeal". Requests for final review shall set forth the specific item of information sought to be corrected or amended and the individual's documentation justifying the correction or amendment.

(c) *Final determinations.* (1) The Executive Director for Operations shall

make a final determination within 30 working days of receipt of the request for final review unless, for good cause shown such as the need to obtain additional information, the volume of records involved or the complexity of the issue, he extends the time for making the final determination. The extension of time shall not exceed 30 additional working days. The requestor shall be advised in advance of any extension of time and the reasons therefor.

(2) If the Executive Director for Operations makes a final determination that an amendment or correction of the record is not warranted on the facts, he shall notify the individual in writing of his refusal to authorize correction or amendment of the record in whole or in part, and of the reasons therefor, and shall advise the individual of his right to provide a "Statement of Disagreement" for the record and of his right to judicial review pursuant to 5 U.S.C. 552a(g).

**§ 9.67 Statements of disagreement.**

(a) Written "Statements of Disagreement" may be furnished by the individual within 30 days of the date of receipt of the final adverse determination of the Executive Director for Operations. "Statements of Disagreement" shall be addressed to the Executive Director for Operations, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, and shall be clearly marked on the statement and on the envelope "Privacy Act Statement of Disagreement".

(b) The Executive Director for Operations, or his designee, shall be responsible for ensuring that: (1) The "Statement of Disagreement" is included in the system or systems of records in which the disputed item of information is maintained; and (2) the original record is marked to indicate the information disputed, the existence of a "Statement of Disagreement", and the location of the "Statement of Disagreement" within the system of records.

**§ 9.68 NRC Statements of Explanation.**

The Executive Director for Operations, or his designee, may, if he deems it appropriate, prepare a concise statement of the reasons why the requested amendments or corrections were not made. Any NRC "Statement of Explanation" shall be included in the system of records in the same manner as the "Statement of Disagreement". Courtesy copies of the NRC statement and of the notation of dispute as marked on the original record shall be furnished to the individual who requested correction or amendment of the record.

**§ 9.69 Notices of correction or dispute.**

(a) When a record has been corrected or a "Statement of Disagreement" has been filed, the Director, Office of Administration, or his designee, shall, within 30 days thereof, advise all prior recipients of the record whose identity can be determined pursuant to an accounting of disclosures required by the Privacy Act or any other accounting previously made, of the correction or of the filing of the "Statement of Disagreement".

(b) Any disclosure of disputed information occurring after a "Statement of Disagreement" has been filed shall clearly identify the specific information disputed and be accompanied by a copy of the "Statement of Disagreement" and a copy of any NRC "Statement of Explanation".

DISCLOSURE TO OTHERS OF RECORDS ABOUT INDIVIDUALS

**§ 9.80 Disclosure of record to persons other than the individual to whom it pertains.**

(a) NRC Commissioners and NRC personnel shall not disclose any record which is contained in a system of records maintained by NRC by any means of communication to any person, or to another Government agency, except pursuant to a written request by, or with the prior written consent of, the individual to whom the record pertains, unless disclosure of the record is:

(1) To NRC Commissioners and NRC personnel who have a need for the record in the performance of their duties;

(2) Required under 5 U.S.C. 552;

(3) For a routine use published in the FEDERAL REGISTER;

(4) To the Bureau of the Census for purposes of planning or carrying out a census or survey or related activity pursuant to the provisions of Title 13 of the United States Code;

(5) To a recipient who has provided the agency with advance adequate written assurance that the record will be used solely as a satistical research or reporting record and the record is transferred in a form that is not individually identifiable. The advance written statement of assurance shall (i) state the purpose for which the record is requested, and (ii) certify that the record will be used only for statistical purposes. Prior to release for statistical purposes in accordance with the provisions of this paragraph, the record shall be stripped of all personally identifying information and reviewed to ensure that the identity of any individual cannot reasonably be determined by combining two or more statistical records;

(6) To the National Archives of the United States as a record which has sufficient historical or other value to warrant its continued preservation by the United States Government, or to the Administrator of General Services or his designee for evaluation to determine whether the record has such value;

(7) To another agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law, and if the head of the agency or instrumentality has made a written request to the NRC specifying the particular portion of the record desired and the law enforcement activity for which the record is sought. A record may be disclosed to a law enforcement agency at the initiative of the NRC if criminal conduct is suspected, provided that such disclosure has been established as a routine use by publication in the FEDERAL REGISTER, or if the instance of misconduct is directly related to the purpose for which the record is maintained;

(8) To any person upon a showing of compelling circumstances affecting the health or safety of any individual;

(9) To either House of Congress or, to the extent of matter within its jurisdiction, to any committee or subcommittee thereof or to any joint committee of the Congress or to any subcommittee of such joint committee;

(10) To the Comptroller General, or any of his authorized representatives, in the course of the performance of the duties of the General Accounting Office; or

(11) Pursuant to the order of a court of competent jurisdiction.

**§ 9.81 Notices of subpoenas.**

When records concerning an individual are subpoenaed or otherwise disclosed pursuant to court order, the NRC officer or employee served with the subpoena shall be responsible for assuring that the individual is notified of the disclosure within five days after such subpoena or other order becomes a matter of public record. The notice shall be mailed to the last known address of the individual and shall contain the following information: (1) The date the subpoena is returnable; (2) the court in which it is returnable; (3) the name and number of the case or proceeding; and (4) the nature of the information sought.

**§ 9.82 Notices of emergency disclosures.**

When information concerning an individual has been disclosed to any person under compelling circumstances affecting health or safety, the NRC officer or employee who made or authorized the disclosure shall notify the individual at his last known address within five days of the disclosure. The notice shall contain the following information: (a) The nature of the information disclosed; (b) the person or agency to whom the information was disclosed; (c) the date of the disclosure; and (d) the compelling circumstances justifying the disclosure.

**§ 9.85 Fees.**

(a) *When charged.* Fees shall not be charged for search for or review of records requested pursuant to this subpart or for making copies or extracts of records in order to grant access to records and make them available for review. Fees established pursuant to 31 U.S.C. 483a and 5 U.S.C. 552a(f)(5) shall be charged according to the schedule contained in paragraph (b) of this section for actual copies of records requested by individuals pursuant to the Privacy Act of 1974, unless the Director, Office of Administration, or his designee, waives the fee because of the inability of the individual to pay. Fees shall not be charged where they would amount, in the aggregate, to less than $3.

(b) *Schedule of fees.* Fees may only be assessed for reproduction charges for

actual copies of records requested by individuals pursuant to the Privacy Act of 1974 in accordance with the following schedule:

(1) Record sizes up to 8½ x 14 inches made on office copying machines—$0.10 per page copy.

(2) Record sizes greater than 8½ x 14 inches—$0.10 for each 8½ x 14 inch unit or fraction thereof per page copy.

(3) Microfiche—8½ x 11 inches—$0.15 per page copy.

(4) The charge for reproducing records other than those specified above will be computed on the basis of NRC's direct costs.

(c) *Notice of anticipated charges.* When it is anticipated that fees chargeable under this section will amount to more than $3, and the requestor has not indicated in advance his willingness to pay fees as high as are anticipated, the requestor shall be notified of the amount of the anticipated cost before copies are made. The notification shall offer the requestor the opportunity to confer with NRC personnel with the object of reformulating the request to meet the requestor's needs at lower cost.

(d) *Form and place of payment.* Fee payments shall be by check, draft or money order payable to the U.S. Nuclear Regulatory Commission. No employee of NRC is authorized to accept payment of fees in cash.

(e) *Advance deposit.* Where the anticipated fee chargeable under this section exceeds $25, an advance deposit of 25% of the anticipated fee or $25, whichever is greater, may be required. Where a requestor has previously failed to pay a fee under this section, an advance deposit of the full amount of the anticipated fee may be required.

ENFORCEMENT

**§ 9.90 Violations.**

(a) An injunction or other court order may be obtained pursuant to 5 U.S.C. 552a(g)1–3 to compel NRC to permit an individual to review, amend or copy a record pertaining to him, or to be accompanied by someone of his own choosing when he reviews his record. A court order may be obtained for the payment of a civil penalty imposed pursuant to 5 U.S.C. 552a(g)4 if NRC intentionally or willfully fails to maintain a record accurately, or fails to comply with any provision of 5 U.S.C. 552a, or any provision of this subpart, if such failure results in an adverse determination or has and adverse effect on an individual. Court costs and attorney's fees may be awarded in civil actions.

(b) Any officer or employee of NRC who willfully maintains a system of records without meeting the notice requirements of 5 U.S.C. 552a(e)(4), or who willfully discloses information knowing such disclosure to be prohibited by 5 U.S.C. 552a or by any rules or regulations issued thereunder, may be guilty of a criminal misdemeanor and upon conviction may be fined up to $5000. Any person who knowingly and willfully requests or obtains any record concerning an individual from NRC under false pretenses may be convicted of a criminal misdemeanor and upon conviction may be fined up to $5000.

EXEMPTIONS

**§ 9.95 Specific exemptions.**

Pursuant to 5 U.S.C. 552a(k), portions of the following NRC systems of records are exempt from 5 U.S.C. 552a (c)(3); (d); (e)(1); (e)(4) (G), (H) and (I) and (f) and from the provisions of this part other than § 9.61:

(a) NRC-Wide Contracts Records Files
(b) Office of Inspection and Auditor Index File and Associated Records
(c) Development and Advancement for Regulatory Employees (DARE) Records
(d) Equal Employment Opportunity Records Files
(e) General Personnel Records (Official Personnel Folder and Related Records)
(f) Personnel Security Files
(g) Personnel Performance Appraisals
(h) Personnel Research and Test Validation Records
(i) Recruiting, Examining and Placement Records
(j) Secretariat Facility Files

(Sec. 161, Pub. L. 83–703 68 Stat. 948 (42 U.S.C. 2201); sec. 201, Pub. L. 93–438, 88 Stat. 1242 (42 U.S.C. 5841); Subpart A also issued under 5 U.S.C. 552; Subpart B also issued under 5 U.S.C. 552a.)

Dated at Washington, D.C., this 6th day of August 1975.

For the Nuclear Regulatory Commission.

SAMUEL J. CHILK,
*Secretary of the Commission.*

## PENSION BENEFIT GUARANTY CORPORATION

[ 29 CFR Part 2602 ]

### PREMIUM PAYMENT AND DECLARATION

### Notice of Proposed Rulemaking

Section 4006 of the Employee Retirement Income Security Act of 1974 (hereinafter "the Act") authorizes the Pension Benefit Guaranty Corporation (hereinafter "the PBGC") to prescribe insurance rates and coverage schedules for the application of those rates. Section 4007 of the Act provides for the payment of premiums by the plan administrator for each plan and further provides that premiums are payable at the time, and on an estimated, advanced or other basis, as determined by the PBGC.

As indicated in the FEDERAL REGISTER of June 5, 1975 (40 FR 24253), the premium rates currently in effect will be continued with respect to plan years beginning on or after September 2, 1975. These rates, contained in Section 4006 (a)(3) of the Act, are one dollar for each participant in a single employer plan and fifty cents for each participant in a multiemployer plan.

In general, the definition of "participant" contained in a particular plan will be acceptable for premium payment purposes for that plan. The term "participant" generally includes: All active participants currently employed and those who are on furlough, layoff or leave of absence who accrue or retain credited service; terminated employees with vested rights to deferred benefits; retirees who are receiving or who are eligible to receive benefit payments; and, deceased participants whose survivors are receiving benefit payments. In addition, an individual for whom a plan has purchased an annuity or insurance policy is to be counted if he remains a participant in the plan, and if he retains that status.

Within 30 days after the beginning of plan years beginning on or after September 2, 1975, plan administrators will be required to pay the premiums imposed by this regulation. Plan administrators also will be required to pay any premiums necessary to reconcile the estimated premiums they paid for partial plan years beginning before and in progress on September 2, 1974, with the actual premiums due for such period.

Notice is hereby given that the PBGC proposes to revise Part 2602, Chapter XXVI, of Title 29, Code of Federal Regulations, as set forth below, to impose the premiums to be paid for basic benefits guaranteed under section 4022(a) of the Act, for plan years beginning on or after September 2, 1975, and to prescribe a new Premium Payment Declaration form (Form PBGC–1 (Revised August 1975)). Copies of the form have been filed with and are available for inspection at the Office of the Federal Register and additional copies are available upon request from the PBGC.

Interested persons may submit written comments on this proposal to the Office of the General Counsel, Pension Benefit Guaranty Corporation, Post Office Box 7119, Washington, D.C. 20044. Each person submitting comments should include his/her name and address, identify this notice and give reasons for any recommendations. Comments should be submitted on or before August 22, 1975. Copies of written comments will be available for examination by interested persons in the Office of Communications of the PBGC, Room No. 1431, 8757 Georgia Avenue, Silver Spring, Maryland, between the hours of 9 a.m. and 4 p.m. The proposal may be changed in the light of comments received.

In consideration of the foregoing, the PBGC proposes to revise Part 2602, Chapter XXVI, of Title 29, Code of Federal Regulations, to read as follows:

---

## PART 2602—PREMIUM RATES AND PAYMENT OF PREMIUMS

DECLARATION AND PAYMENT OF PREMIUMS

Sec.
2602.1 Purpose and scope.
2602.2 Filing requirement.
2602.3 Coverage for guaranteed basic benefits.
2602.4 Premium rate.
2602.5 Form.
2602.6 Interest charges.
2602.7 Late payment charges.
2602.8 Mailing address.

AUTHORITY: Sections 4002, 4006, 4007; 88 Stat. 1004, 1010, 1013; 29 U.S.C. 1302,, 1306, 1307.

**§ 2602.1 Purpose and scope.**

(a) The purpose of this Part is to impose the premiums applicable to plan years beginning on or after September 2, 1975.

(b) This Part applies to all covered plans, as provided by section 4021 of the Act.

**§ 2602.2 Filing requirement.**

Within 30 days after the beginning of any plan year beginning on or after September 2, 1975, the plan administrator of each covered plan shall file in accordance with the instructions contained therein: (a) The premium declaration form prescribed by this Part, as well as any estimated premium payments due for any plan year beginning on or after September 2, 1975; and, (b) any premium payments necessary, or request for refunds due, as a result of reconciling the estimated premium payments paid, with the actual premium payment due, for any plan year beginning before and in progress on September 2, 1974. The "plan year" is the calendar, policy or fiscal year on which the records of the plan are kept.

**§ 2602.3 Coverage for guaranteed basic benefits.**

(a) The failure by a plan administrator to pay the premiums due under this Part will not result in that plan's loss of coverage for basic benefits guaranteed under section 4022(a) of the Act.

(b) The payment of the premiums imposed by this Part will not result in coverage for basic benefits guaranteed under section 4022(a) of the Act for plans excluded from coverage under section 4021(b) of the Act.

**§ 2602.4 Premium rate.**

For plan years beginning on or after September 2, 1975, the premium rate for basic benefits guaranteed under section 4022(a) of the Act shall be as follows:

(a) Plans which are not multiemployer plans shall pay a premium of one dollar for each individual who is a participant in such plan at any time during the plan year;

(b) Multiemployer plans shall pay a premium of fifty cents for each individual who is a participant in such plan at any time during the plan year.

**§ 2602.4 Form.**

The form prescribed by this Part is PBGC–1 (Revised August 1975).[1]

**§ 2602.6 Interest charges.**

If any premium payment due under this Part is not paid by the last date prescribed for payment in section 2602.2 of this Part, an interest charge will be imposed on the unpaid amount at the rate of 6 percent per annum through June 30, 1975 and 9 percent per annum thereafter, for the period from the date payment is due to the date the payment is made.

**§ 2602.7 Late payment charges.**

(a) If any premium payment due under this Part is not paid by the last date prescribed for payment in section 2602.2 of this Part, a late payment charge will be assessed on the unpaid amount at the rate provided in the following table:

[1] Instructions and form filed as part of the original document.

*Late payment charges*

| Plan years in progress on and beginning on or after Sept. 2, 1974 | | Plan years beginning on or after Sept. 2, 1975 | |
|---|---|---|---|
| Days late from due date | Late payment charge | Days late from due date | Late payment charge |
| 1 to 60 | 0 percent. | 1 to 30 | 5 percent. |
| 61 to 90 | 25 percent. | 31 to 60 | 10 percent. |
| 91 to 120 | 50 percent. | 61 to 90 | 20 percent. |
| 121 to 180 | 75 percent. | 91 to 120 | 40 percent. |
| More than 180 | 100 percent. | 121 to 150 | 60 percent. |
| | | 151 to 180 | 80 percent. |
| | | More than 180 | 100 percent. |

For this purpose, if the premium paid is less than 80 percent of the actual premium due, the underpayment will be presumptively treated as a nonpayment subject to the appropriate late payment charges.

(b) The late payment charges imposed by Paragraph (a) of this section will not be assessed with respect to any premium payment made within 60 days after the last date prescribed for payment in section 2602.2 of this Part if, before such date, the PBGC grants a waiver upon a showing of substantial hardship arising from the timely payment of the premium. The PBGC will not grant such waivers if it appears that the premiums will not be paid within such 60 day period.

**§ 2602.8 Mailing address.**

The mailing address of the Pension Benefit Guaranty Corporation is P.O. Box 7119, Washington, D.C. 20044.

Signed at Washington. D.C., this 8th day of August 1975.

Issued on the date set forth above, pursuant to a resolution of the Board of Directors approving these regulations and authorizing its Chairman to issue same.

JOHN T. DUNLOP,
*Chairman, Board of Directors, Pension Benefit Guaranty Corporation.*

HENRY ROSE,
*Secretary, Pension Benefit Guaranty Corporation.*

[ 29 CFR Part 2606 ]

## ANNUAL REPORT

### Notice of Proposed Rulemaking

Section 4065 of the Employee Retirement Income Security Act of 1974 (hereinafter "the Act") provides that for each plan year for which Section 4021 of the Act applies to a plan, each plan administrator is required to file an annual report with the Pension Benefit Guaranty Corporation (hereinafter "the PBGC"), on a form prescribed by the PBGC, within six months after the close of the plan year to which the report relates (hereinafter "the Annual Report").

This regulation will require plan administrators to inform the PBGC of any reportable events as described in Section 4043(b) of the Act (e.g., a decrease in benefit payments or a plan merger) or occurrences which require notification pursuant to Section 4063(a) of the Act (e.g., the withdrawal of a substantial employer) which took place in the plan year covered by the Annual Report. The initial Annual Report covers plan years beginning on or after September 2, 1974, and must be submitted within six months after the end of such plan years.

Plan administrators also may satisfy the requirements of this regulation by submitting their Annual Reports simultaneously with the filing of their plan's premium payment and declaration form. Either Form PBGC–1 (Revised August 1975), also prescribed for the declaration and payment of premiums, or Form PBGC–1A, as appropriate in accordance with the instructions therein, may be used for Annual Report filing. Copies of the forms have been filed with and are available for inspection at the Office of the Federal Register and additional copies are available upon request from the PBGC.

Notice is hereby given that the PBGC proposes to amend Chapter XXVI, of Title 29, Code of Federal Regulations, to add a new Part 2606 set forth below, which will specify the form and content of the Annual Report required by Section 4065 of the Act.

Interested persons may submit written comments on this proposal to the Office of the General Counsel, Pension Benefit Guaranty Corporation, Post Office Box 7119, Washington, D.C. 20044. Each person submitting comments should include his/her name and address, identify this notice and give reasons for any recommendations. Comments should be submitted on or before August 22, 1975. Copies of written comments will be available for examination by interested persons in the Office of Communications of the PBGC, Room No. 1431, 8757 Georgia Avenue, Silver Spring, Maryland, between the hours of 9 a.m. and 4 p.m. The proposal may be changed in the light of comments received.

In consideration of the foregoing, the PBGC proposes to add a new Part 2606, Chapter XXVI, of Title 29, Code of Federal Regulations, to read as follows:

## PART 2606—ANNUAL REPORT

Sec.
2606.1 Purpose and scope.
2606.2 Filing requirement.
2606.3 Forms.
2606.4 Mailing address.

AUTHORITY: Sections 4002, 4065; 88 Stat. 1004, 1032; 29 U.S.C. 1302, 1365.

### § 2606.1 Purpose and scope.

(a) The purpose of this Part is to specify the form and content of the Annual Report required by section 4065 of the Act.

(b) This Part applies to all covered plans, as provided by section 4021 of the Act.

### § 2606.2 Filing requirement.

Within six months after the end of any plan year beginning on or after September 2, 1974, plan administrators shall file the Annual Report on either of the forms prescribed by this Part, as appropriate in accordance with the instructions therein. The "plan year" is the calendar, policy or fiscal year on which the records of the plan are kept.

### § 2606.3 Forms.

The forms prescribed by this Part are PBGC–1 (Revised August 1975) and PBGC–1A.[1]

### § 2606.4 Mailing address.

The mailing address of the Pension Benefit Guaranty Corporation is P.O. Box 7119, Washington, D.C. 20044.

Signed at Washington, D.C., this 8th day of August, 1975.

Issued on the date set forth above, pursuant to a resolution of the Board of Directors approving these regulations and authorizing its Chairman to issue same.

JOHN T. DUNLOP,
*Chairman, Board of Directors.*

## INTERSTATE COMMERCE COMMISSION

[49 CFR Parts 1048, 1049]

**[ 49 CFR Parts 1048, 1049 ]**

[Ex Parte No. MC–37 (Sub-No. 26)]

### COMMERCIAL ZONES; TERMINAL AREAS

**General Rules and Regulations**

**● Purpose: The purpose of this document is to institute a proceeding to determine whether commercial zones and terminal areas of motor carriers and freight forwarders should be redefined. ●**

At a General Session of the Interstate Commerce Commission, held at its office in Washington, D.C., on the 14th day of July, 1975.

*It is ordered*, That based on the reasons set forth in the attached notice, a proceeding be, and it is hereby, instituted pursuant to 5 U.S.C. 552, 553, and 559 (the Administrative Procedure Act) and sections 202, 203, 204, 402, 403, and 404 of the Interstate Commerce Act (49 U.S.C. 302, 303, 304, 1002, 1003, and 1004), for the purpose of considering the modification of the present rules governing commercial zones and terminal areas. (49 CFR and 1049)

*It is further ordered*, That this order shall become effective on the date of publication of the attached notice in the FEDERAL REGISTER.

*And it is further ordered*, That notice of this order shall be given to the general public by depositing a copy of this order and the attached notice in the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., for public inspection and by delivering a copy thereof to the Director, Office of the Federal Register for publication in the FEDERAL REGISTER as notice to interested persons; and that a copy of this order and notice shall be served upon the Secretaries of the Departments of Transportation, Labor, and Commerce.

By the Commission.

[SEAL] JOSEPH M. HARRINGTON,
*Acting Secretary.*

Sections 203(b)(8) of the Interstate Commerce Act exempts motor carrier operations about municipalities from Federal economic regulation. The geographic area within which exempt motor carrier operations may be performed is referred to as a commercial zone. The existing regulations provide two methods of defining the size of a particular commercial zone. The customary method is by reference to a population-mileage formula developed in the mid-1940's (see Commercial Zones and Terminal Areas, 46 M.C.C. 665, 698–9 (1946) 49 CFR 1048). The alternative method provides for an individual determination of the commercial zone of a specific municipality. The present proceeding is instituted for the following three purposes: (1) To determine whether, and the extent to which commercial zones (and corresponding terminal areas of motor carriers and freight forwarders (section 202 (c) of the act, 49 CFR 1049)) should be enlarged by expanding or otherwise changing the present population-mileage formula; (2) to attempt to devise a rule of general applicability for all commercial zones and terminal areas of motor carriers and freight forwarders, at least with respect to incorporated communities, thus dispensing with the need for the present individual definition of irregularly shaped zones which are sometimes difficult to describe and in need of subsequent revision; and (3) to make adjustments in the rule of applicability about unincorporated communities compatible therewith.

Commercial zones exist about municipalities as an economic fact and are intended to reflect the location of economic and industrial activity in urban areas. The present population-mileage formula was developed 30 years ago and must be re-examined in light of the changes that have occurred since that time in demographic and industrial location patterns. It is evident that in most areas the past 3 decades have been characterized by the movement of business and industrial activity away from the central city, and our rules governing the transportation industry must take account of these developments.

The purpose of this proceeding is to review the present regulations and their application, and to consider possible changes, including:

1. Changing the population-mileage formula:

*49 CFR 1048.101*

| Population | From— | To— |
|---|---|---|
| | *Miles* | *Miles* |
| Less than 2,500 | 2 | 3 |
| 2,500 to 24,999 | 3 | 4 |
| 25,000 to 99,999 | 4 | 6 |
| 100,000 to 199,999 | 5 | 8 |
| 200,000 to 499,999 | 5 | 10 |
| 500,000 to 999,999 | 5 | 15 |
| 1,000,000 and up | 5 | 20 |

2. A comparable spread of new commercial zones and terminal areas ranging from 5 to 25 miles.

3. Use of the Standard Metropolitan Statistical Areas to define the commercial zones and terminal areas.

4. Methods for determining commercial zones and terminal areas suggested by interested members of the public in this proceeding.

It is anticipated that there will be many questions at issue in this proceeding, including the following:

a. Is the population-mileage formula now used adequate?

b. Would an expanded formula better satisfy the statutory requirements and the needs of those affected?

c. Specifically, with respect to each of the possible methods of determining expanded commercial zones and terminal areas listed:

(1) The impact of greater use of nonregulated carriers for more local movements. For example, in some commercial zones a householder would not have the benefits of ICC household goods consumer regulations on some moves that are now covered.

(2) The impact of expanded commercial zones and terminal areas on long-haul and short-haul operations? (Carriers should submit data, if available, within the time frame established.)

(3) The profile of migration of businesses from urban centers and points within their commercial zones to more distant suburban locations. (Shippers, shipper associations, and governmental agencies such as the Departments of Commerce and Labor are requested to submit data.)

(4) The number of applications filed in the past 2 calendar years because of shipper relocations from points within to points beyond a commercial zone. (Carriers and carrier associations should address themselves to supplying information.)

(5) Expected changes in:
(a) Competitive relations
(b) Quality of transportation service
(c) Rates, revenues and financial results
(d) Operating efficiency
(e) Conservation of scarce resources
(f) Impact on environment
(g) Operating rights application activity
(h) Private carriage

In addition representations should be made on whether the shipping public is best served by the continuation of the commercial zone concept of nonregulated carrier service particularly in metropolitan areas, and whether the commercial zone and terminal area exemption for New York, N.Y. which has been partially removed should be restored.

Oral hearings do not appear necessary at this time and none is contemplated. Anyone wishing to present views and evidence concerning the matters involved in this notice may do so by the submission of written data, views, or arguments.

Parties will be expected to present economic data supporting their contentions to the extent feasible. An original (and 15 copies whenever possible) of such data, views, or arguments shall be filed with this Commission on or before October 14, 1975.

Interested persons will have 60 days to comment on this Notice and no extension of time to file comments will be granted. The Commission will issue an interim report in this matter within 90 days of the comment date.

All written submissions will be available for public inspection during regular business hours at the offices of the Interstate Commerce Commission, 12th and Constitution Avenue, Washington, D.C.

This notice of proposed rulemaking is issued under the authority of sections 552, 553, and 559 of the Administrative Procedures Act (5 U.S.C. 552, 553, and 559) and sections 202, 203, 204, 402, 403, and 404 of the Interstate Commerce Act (49 U.S.C. 302, 303, 304, 1002, 1003, and 1004).

# notices

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

## DEPARTMENT OF STATE

### Agency for International Development

### HOUSING GUARANTY PROGRAM FOR PARAGUAY

#### Information for Investors

The Agency for International Development (A.I.D.) has advised the National Savings and Loan Bank (the "Borrower") that upon execution by an Eligible investors intereste din extendof an agreement to loan the Borrower an amount not to exceed $4 million, and subject to the satisfaction of certain further terms and conditions by the Borrower, A.I.D. will guaranty repayment to the investor of the principal and interest on such loan. The guaranty will be backed by the full faith and credit of the United States of America and will be issued pursuant to authority contained in section 222 of the Foreign Assistance Act of 1961, as amended (the "Act"). Proceeds of the loan will be used to finance housing for lower income families in Paraguay.

Eligible investors interested in extending a guaranteed loan to the Borrower should communicate promptly with:

Dr. Eligio Tomas Franco F., President, Banco National de Ahorro y Prestamos para la Vivienda, Asuncion, Paraguay.

Investors eligible to receive a guaranty are those specified in section 238(c) of the Act. They are: (1) U.S. citizens, (2) domestic corporations, partnerships or associations substantially beneficially owned by U.S. citizens; (3) foreign corporations whose share capital is at least 95 per cent owned by U.S. citizens; and (4) foreign partnerships or associations wholly owned by U.S. citizens.

To be eligible for a guaranty, the loan must be repayable in full no later than 30 years from the first disbursement of the principal amount thereof and the interest rate must be no higher than the maximum rate to be established by A.I.D.

Information as to eligibility of investors and other aspects of the A.I.D. housing guaranty program can be obtained from:

Director, Office of Housing, Agency for International Development, Room 30C, SA-2, Washington, D.C. 20523.

This notice is not an offer by A.I.D. or by the Borrower. The Borrower and not A.I.D. will select a lender and negotiate the terms of the proposed loan.

PETER M. KIMM,
*Director, Office of Housing, Agency for International Development.*

### SHIPPING COORDINATING COMMITTEE

#### Meeting

The working group on safety of fishing vessels of the U.S. Subcommittee on Safety of Life at Sea, a subcommittee of the Shipping Coordinating Committee, will hold an open meeting at 10 a.m. on Friday, August 29, 1975 in Rooms 8326 and 8328 of the Department of Transportation, 400 Seventh Street, S.W., Washington, D.C.

The purpose of the meeting is to discuss preparations for the Nineteenth Session of the Subcommittee on Safety of Fishing Vessels of the Intergovernmental Maritime Consultative Organization to be held in London, September 29–October 10, 1975. The principal agenda item will be the proposed Draft Convention on Safety of Fishing Vessels and the main topic will be fire protection and stability, Chapters 4 and 6 respectively.

Requests for further information on the meeting should be directed to Mr. William V. Cleary of the United States Coast Guard. He may be reached by telephone on (area code 202) 426–2170.

The Chairman will entertain comments from the public as time permits.

JOHN P. STEINMETZ,
*Acting Director, Office of Maritime Affairs.*

### ADVISORY COMMITTEE TO UNITED STATES SECTION, INTERNATIONAL NORTH PACIFIC FISHERIES COMMISSION

#### Meeting

Notice is hereby given, pursuant to the provisions of Pub. L. 92–463, that a meeting of the Advisory Committee to the United States Section, International North Pacific Fisheries Commission, will be convened on September 29, 1975 at the Northwest Fisheries Center Auditorium, National Marine Fisheries Service, 2725 Montlake Boulevard East, Seattle, Washington at 9:00 a.m. The agenda of the meeting will include discussions of U.S. surveillance of foreign fishing fleets, the progress of fisheries research, the Alaska salmon fisheries, the status of stocks of groundfish, including halibut, and king and tanner crabs. Also discussed will be the U.S. Observer Program over foreign fleets and world fishery developments as they affect the Commission. The meeting will be open to the public and public participation, either oral or in writing, may be permitted by the chairman. Adequate seating space will be available. Inquiries may be directed to Mr. Harvey L. Moore, Secretary, U.S. Section, telephone (206) (Seattle) 442–7575.

The Advisory Committee will also meet on September 30, 1975. This meeting will not be open to the public inasmuch as the discussion will be directed to classified matters pertaining to the United States negotiating position to be taken to the 22nd Annual Meeting of the International North Pacific Fisheries Commission. These classified matters are exempt from public disclosure under 5 USC 552(b)(1) and the public interest requires that such discussion be withheld from disclosure.

Dated: August 24, 1975.

ALANSON G. BURT,
*International Relations Officer.*

### GOVERNMENT ADVISORY COMMITTEE ON INTERNATIONAL BOOK AND LIBRARY PROGRAMS

#### Meeting

The Government Advisory Committee on International Book and Library Programs is announcing a meeting of its Task Force to review Draft Protocols for the Agreement on the Importation of Educational, Scientific and Cultural Material (Florence Agreement). The meeting is open to the public and will be held in Room 1408 in the Department of State, 2201 C Street, NW., Washington, D.C. from 10 a.m. to 4 p.m. on September 11, 1975.

The Draft Protocols to the Florence Agreement were proposed by UNESCO, and the Task Force will develop a set of options for the U.S. Delegation to the March 1976 UNESCO Intergovernmental Conference on the Florence Agreement.

Members of the public may submit written comments to the Chairman prior to September 4, 1975. The Chairman, will as time permits, entertain all comments made by the public attending the meeting.

For purposes of fulfilling building security requirements, anyone wishing to attend the meeting must advise the Executive Secretary by telephone in advance of the meeting. Telephone: (202) 632–2841.

CAROL M. OWENS,
*Executive Secretary.*

## DEPARTMENT OF THE TREASURY

### Office of the Secretary

[Public Debt Series No. 27–75]

### TREASURY NOTES OF SERIES F–1979

#### Interest Rates

AUGUST 7, 1975.

I. INVITATION FOR TENDERS

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites tenders on a yield basis for $2,000,000,000, or thereabouts, of notes of the United States, designated Treasury Notes of Series F–1979. The interest rate for the notes will be determined as set forth in Section III, paragraph 3, hereof. Additional amounts of these notes may be issued at the average price of accepted tenders to Government accounts and to Federal Reserve Banks for themselves and as agents of foreign and international monetary authorities. Tenders will be received up to 1:30 p.m., Eastern Daylight Saving time, Thursday, August 21, 1975, under competitive and noncompetitive bidding, as set forth in Section III hereof.

II. DESCRIPTION OF NOTES

1. The notes will be dated September 4, 1975, and will bear interest from that date, payable on a semiannual basis on March 31 and September 30, 1976, and thereafter on March 31 and September 30 in each year until the principal amount becomes payable. They will mature September 30, 1979, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of $1,000, $5,000, $10,000, $100,000 and $1,000,000. Book-entry notes will be available to eligible bidders in multiples of those amounts. Interchanges of notes of different denominations and of coupon and registered notes, and the transfer of registered notes will be permitted.

5. The notes will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing United States notes.

III. TENDERS AND ALLOTMENTS

1. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20226, up to the closing hour, 1:30 p.m., Eastern Daylight Saving time, Thursday, August 21, 1975. Each tender must state the face amount of notes bid for, which must be $1,000 or a multiple thereof, and the yield desired, except that in the case of noncompetitive tenders the term "noncompetitive" should be used in lieu of a yield. In the case of competitive tenders, the yield must be expressed in terms of an annual yield, with two decimals, e.g., 7.11. Fractions may not be used. Noncompetitive tenders from any one bidder may not exceed $500,000.

2. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, may submit tenders for account of customers provided the names of the customers are set forth in such tenders. Others will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from banking institutions for their own account, Federally-insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, and Government accounts. Tenders from others must be accompanied by payment of 5 percent of the face amount of notes applied for.

3. Immediately after the closing hour tenders will be opened, following which public announcement will be made by the Department of the Treasury of the amount and yield range of accepted bids. Those submitting competitive tenders will be advised of the acceptance or rejection thereof. In considering the acceptance of tenders, those with the lowest yields will be accepted to the extent required to attain the amount offered. Tenders at the highest accepted yield will be prorated if necessary. After the determination is made as to which tenders are accepted, an interest rate will be established at the nearest ⅛ of one percent necessary to make the average accepted price 100.000 or less. That will be the rate of interest that will be paid on all of the notes. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will be required to pay the price corresponding to the yield bid. Price calculations will be carried to three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, including the right to accept tenders for more or less than the $2,000,000,000 of notes offered to the public, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for $500,000 or less without stated yield from any one bidder will be accepted in full at the average price (in three decimals) of accepted competitive tenders.

IV. PAYMENT

1. Settlement for accepted tenders in accordance with the bids must be made or completed on or before September 4, 1975, at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt, Washington, D.C. 20226. Payment must be in cash, in other funds immediately available to the Treasury by September 4, 1975, or by check drawn to the order of the Federal Reserve Bank to which the tender is submitted, or the United States Treasury if the tender is submitted to it, which must be received at such Bank or at the Treasury no later than: (1) Friday, August 29, 1975, if the check is drawn on a bank in the Federal Reserve District of the Bank to which the check is submitted, or the Fifth Federal Reserve District in the case of the Treasury, or (2) Wednesday, August 27, 1975, if the check is drawn on a bank in another district. Checks received after the dates set forth in the preceding sentence will not be accepted unless they are payable at a Federal Reserve Bank. Payment will not be deemed to have been completed where registered notes are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. In every case where full payment is not completed, the payment with the tender up to 5 percent of the amount of notes allotted shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States.

V. GENERAL PROVISIONS

1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive tenders, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of notes on full-paid tenders allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe suppelmental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

STEPHEN S. GARDNER,
*Acting Secretary of the Treasury.*

[Public Debt. Series No. 26-75]

## TREASURY NOTES OF SERIES L-1977

### Interest Rates

AUGUST 7, 1975.

I. INVITATION FOR TENDERS

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites tenders on a yield basis for $2,000,000,000, or thereabouts, of notes of the United States, designated Treasury Notes of Series L-1977. The interest rate for the notes will be determined as set forth in Section III, paragraph 3, thereof. Additional amounts of these notes may be issued at the average price of accepted tenders to Government accounts and to Federal Reserve Banks for themselves and as agent of foreign and international monetary authorities. Tenders will be received up to 1:30 p.m., Eastern Daylight Saving time, Thursday, August 14, 1975, under competitive and noncompetitive bidding, as set forth in Section III hereof.

II. DESCRIPTION OF NOTES

1. The notes will be dated August 29, 1975, and will bear interest from that date, payable on a semiannual basis on February 29, 1976, August 31, 1976, February 28, 1977, and August 31, 1977. They will mature August 31, 1977, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of $5,000, $10,000, $100,000 and $1,000,000. Book-entry notes will be available to eligible bidders in multiples of those amounts. Interchanges of notes of different denominations and of coupon and registered notes, and the transfer of registered notes will be permitted.

5. The notes will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing United States notes.

III. TENDERS AND ALLOTMENTS

1. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20226, up to the closing hour, 1:30 p.m., Eastern Daylight Saving time, Thursday, August 14, 1975. Each tender must state the face amount of notes bid for, which must be $5,000 or a multiple thereof, and the yield desired, except that in the case of noncompetitive tenders the term "noncompetitive" should be used in lieu of a yield. In the case of competitive tenders, the yield must be expressed in terms of an annual yield, with two decimals, e.g., 7.11. Fractions may not be used. Noncompetitive tenders from any one bidder may not exceed $500,000.

2. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, may submit tenders for account of customers provided the names of the customers are set forth in such tenders. Others will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from banking institutions for their own account, Federally-insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, and Government accounts. Tenders from others must be accompanied by payment of 5 percent of the face amount of notes applied for.

3. Immediately after the closing hour tenders will be opened, following which public announcement will be made by the Department of the Treasury of the amount and yield range of accepted bids. Those submitting competitive tenders will be advised of the acceptance or rejection thereof. In considering the acceptance of tenders, those with the lowest yields will be accepted to the extent required to attain the amount offered. Tenders at the highest accepted yield will be prorated if necessary. After the determination is made as to which tenders are accepted, an interest rate will be established at the nearest ⅛ of one percent necessary to make the average accepted price 100.000 or less. That will be the rate of interest that will be paid on all of the notes. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will be required to pay the price corresponding to the yield bid. Price calculations will be carried to three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, including the right to accept tenders for more or less than the $2,000,000,000 of notes offered to the public, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for $500,000 or less without stated yield from any one bidder will be accepted in full at the average price (in three decimals) of accepted competitive tenders.

IV. PAYMENT

1. Settlement for accepted tenders in accordance with the bids must be made or completed on or before August 29, 1975, at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt, Washington, D.C. 20226. Payment must be in cash, in other funds immediately available to the Treasury by August 29, 1975, or by check drawn to the order of the Federal Reserve Bank to which the tender is submitted, or the United States Treasury if the tender is submitted to it, which must be received at such Bank or at the Treasury no later than: (1) Tuesday, August 26, 1975, if the check is drawn on a bank in the Federal Reserve District of the Bank to which the check is submitted, or the Fifth Federal Reserve District in the case of the Treasury, or (2) Friday, August 22, 1975, if the check is drawn on a bank in another district. Checks received after the dates set forth in the preceding sentence will not be accepted unless they are payable at a Federal Reserve Bank. Payment will not be deemed to have been completed where registered notes are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. In every case where full payment is not completed, the payment with the tender up to 5 percent of the amount of notes allotted shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States.

V. GENERAL PROVISIONS

1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive tenders, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of notes on full-paid tenders allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

## DEPARTMENT OF DEFENSE

### Department of the Army

### SHORELINE EROSION ADVISORY PANEL

### Notice of Meeting

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), notice is hereby given of a meeting of the Shoreline Erosion Advisory Panel on 10-12 September 1975.

The meeting will be held in the Kuenzel Room at the Michigan Union, University of Michigan, Ann Arbor, Michigan 48104, on Friday morning, 12 September 1975, from 0800 to 1200 hours.

The 10 September 1975 session will be devoted entirely to a field trip by bus to visit the State of Michigan shoreline erosion control demonstration projects and erosion problems at Stickney Ridge, Palisades Park, Benton Harbor, Michiana, Lincoln Township, and the Port Sheldon, Michigan area.

The 11 September 1975 session will include overflights of Grand Traverse Bay, Tawas City, and Port Huron, followed by a visit to the Sanilac County demonstration projects, terminating with a visit to the Coastal Zone Laboratory at the University of Michigan, Ann Arbor, Michigan. Members of the public may attend the field trips but must provide their own transportation.

The 12 September 1975 morning session will be devoted to presentations and discussions on summary of potential demonstration devices and methods, site selection procedures, and the State of Michigan demonstration program update.

Time has been allocated for public participation at the 12 September 1975 morning session at 1100 hours.

The meeting will be open to the public subject to the following:

1. Since seating capacity of the Kuenzel Room, Michigan Union, limits public attendance to not more than 100 people, advance notice of intent to attend, although not required, is requested in order to assure adequate arrangements for those wishing to attend.

2. Oral participation by public attendees is encouraged during those times scheduled on the agenda; written statements may be submitted prior to or up to 30 days after the meeting.

Inquiries may be addressed to Colonel James L. Trayers, Commander and Director, U.S. Army Coastal Engineering Research Center, Kingman Building, Fort Belvoir, Virginia 22060, Telephone (202) 325-7000.

Dated: August 7, 1975.

By authority of the Secretary of the Army:

PAUL L. O'DONNELL,
*Major, U.S. Army*
*Programs Officer, TAGCEN.*

[FR Doc.75-21026 Filed 8-11-75;8:45 am]

### Office of the Secretary

### DEPARTMENT OF DEFENSE WAGE COMMITTEE

### Closed Meetings

Pursuant to the provisions of section 10 of Public Law 92-463, the Federal Advisory Committee Act, effective January 5, 1973, notice is hereby given that a meeting of the Department of Defense Wage Committee will be held on Tuesday, September 2, 1975; Tuesday, September 9, 1975; Tuesday, September 16, 1975; Tuesday, September 23, 1975; and Tuesday, September 30, 1975, at 9:45 a.m. in Room 1E801, The Pentagon, Washington, D.C.

The Committee's primary responsibility is to consider and submit recommendations to the Assistant Secretary of Defense (Manpower and Reserve Affairs) concerning all matters involved in the development and authorization of wage schedules for Federal prevailing rate employees pursuant to Public Law 92-392. At this meeting, the Committee will consider wage survey specifications, wage survey data, local wage survey committee reports and recommendations, and wage schedules derived therefrom.

Under the provisions of section 10(d) of Public Law 92-463, the Federal Advisory Committee Act, meetings may be closed to the public when they are "concerned with matters listed in section 552 (b) of Title 5, United States Code." Two of the matters so listed are those "related solely to the internal personnel rules and practices of an agency," (5 USC 552 (b)(2)), and those involving "trade secrets and commercial or financial information obtained from a person and privileged or confidential" (5 USC 552 (b)(4)).

Accordingly, the Deputy Assistant Secretary of Defense (Civilian Personnel Policy) hereby determines that this meeting will be closed to the public because the matters considered are related to the internal rules and practices of the Department of Defense (5 U.S.C. 552(b)(2)), and the detailed wage data considered by the Committee during its meetings have been obtained from officials of private establishments with a guarantee that the data will be held in confidence, (5 USC 552(b)(4)).

However, members of the public who may wish to do so, are invited to submit material in writing to the Chairman concerning matters believed to be deserving of the Committee's attention. Additional information concerning this meeting may be obtained by contacting the Chairman, Department of Defense Wage Committee, Room 3D281, The Pentagon, Washington, D.C.

MAURICE W. ROCHE,
*Director, Correspondence and Directives OASD(C).*

### Bureau of Indian Affairs

[Phoenix Area Office Redelegation Order 3, Amdt. 4]

### SUPERINTENDENTS, ET AL.

### Delegation of Realty Authority

MAY 21, 1975.

This notice is published in exercise of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs by 230 DM 2.

This delegation is issued under the authority delegated to the Commissioner of Indian Affairs from the Secretary of the Interior in 230 DM 1 and redelegated by the Commissioner to the Area Directors in 10 BIAM 3.

The Phoenix Area Office Redelegation Order 3, published on page 11108 in the July 1, 1969, issue of the Federal Register (34 FR 11108), as amended, is further amended by revoking, revising, and renumbering sections under the heading, "Lands and Minerals," in Part 2—Authority to Superintendents Functions Relating to Specific Programs.

1. As amended, the table of sections for Part 2—Authority to Superintendents Functions Relating to Specific Programs, reads as follows:

PART 2—AUTHORITY TO SUPERINTENDENTS FUNCTIONS RELATING TO SPECIFIC PROGRAMS

* * * * *

LANDS AND MINERALS

Sec.
2.11 Rights-of-way.
2.12 Tax exemption certificates.
2.13 Adoption or application of State or local laws.
2.14 Revocation of Departmental reserves.
2.15 Mineral leasing—Coal, sand, gravel, pumice, and building stone.
2.16 Mineral leasing—all other materials except oil and gas.
2.17 Oil and gas leasing, Uintah and Ouray.
2.18 Surface leases, terms of ten years or less.
2.19 Surface leases, terms of 65 years or less.
2.20 Homesite leases, tribal lands.
2.21 Land acquisitions, partitions, exchanges, and sales.
2.22 Sales of improvements on tribal lands.

* * * * *

2. As amended, Part 2—Authority to Superintendents Functions Relating to Specific Programs, reads as follows:

PART 2—AUTHORITY TO SUPERINTENDENTS FUNCTIONS RELATING TO SPECIFIC PROGRAMS

* * * * *

SEC. 2.16 *Mineral leasing—all other minerals except oil and gas.* To the Superintendents of the Colorado River, Fort Apache, Eastern Nevada, Western Nevada, Papago, Pima, Salt River and Uintah and Ouray Agencies, only, the authority of the Area Director relating to the leasing or permitting of tribal or individually owned Indian lands for all other minerals except oil and gas. This authority does not apply to:

(1) Lands purchased or reserved for agency, school, or other administrative purposes; and,

(2) Modification of any forms approved by the Commissioner.

* * * * *

SEC. 2.18 *Surface leases, terms of ten years or less.* The authority of the Area Director relating to surface leases for terms of ten (10) years or less, pursuant to 25 CFR 131: Provided, however, that except for leases authorized by 25 CFR 131.5(b)(1) and (2), the Superintendent shall not grant or approve any lease pursuant to this authority unless he has in his possession a current appraisal of the fair annual rental value of the property covered by the lease at the time he exercises such authority.

SEC. 2.19 *Surface leases, terms of 65 years or less.* To the Superintendents of the Colorado River, Fort Apache, Eastern Nevada, Western Nevada, Papago, Pima, Salt River, and Uintah and Ouray Agencies, only, the authority of the Area Director relating to surface leases for terms of sixty-five (65) years or less, pursuant to 25 CFR 131, except the authority to grant or approve leases at less than the fair annual rental pursuant to 25 CFR 131.5(b)(5). The authority delegated by this section to grant or approve leases

shall not be exercised by a Superintendent unless he has in his possession at the time of such grant or approval a current appraisal of the fair annual rental value of the property to be covered by such lease.

* * * * *

SEC. 2.21 *Land acquisitions, partitions, exchanges, and sales.* To the Superintendents of the Colorado River, Fort Apache, Eastern Nevada, Western Nevada, Papago, Pima, Salt River, and Uintah and Ouray Agencies, only, the authority of the Area Director concerning acquisitions, partitions, exchanges and sales except sales to non-Indians; subject to the condition that when fee lands are being acquired, the case will be referred to the Field Solicitor's Office for title examination.

SEC. 2.22 *Sales of improvements on tribal lands.* The approval, with tribal consent, of sales of improvements made upon tribal lands by individual Indians.

* * * * *

JOHN ARTICHOKER, Jr.,
*Area Director.*

Approved: July 29, 1975.

MORRIS THOMPSON,
*Commissioner of Indian Affairs.*

## Bureau of Indian Affairs

## JICARILLA APACHE TRIBE

### Plan for the Use and Distribution of Jicarilla Apache Funds

AUGUST 5, 1975.

This notice is published in exercise of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs by 230 DM 2.

The Act of October 19, 1973 (Pub. L. 93-134, 87 Stat. 466), requires that a plan be prepared and submitted to Congress for the use or distribution of funds appropriated to pay a judgment of the Indian Claims Commission or Court of Claims to any Indian tribe. Funds were appropriated by the Act of June 8, 1974, 88 Stat. 195, in satisfaction of an award granted to the Jicarilla Apache Tribe in Indian Claims Commission Docket 22-K. The plan for the use and distribution of the funds was submitted to Congress with a letter dated April 2, 1975, and was received (as recorded in the Congressional Record) by the House of Representatives on April 7, 1975, and by the Senate on April 18, 1975. Neither House of Congress having adopted a resolution disapproving it, the plan became effective on July 8, 1975, as provided by section 5 of the 1973 Act, *supra*.

The Plan reads as follows:

"The funds appropriated by the Act of June 8, 1974, 88 Stat. 195, in satisfaction of the award granted to the Jicarilla Apache Tribe in Docket 22-K before the Indian Claims Commission, less attorney fees and litigation expenses, shall be utilized by the tribe for the purposes and in the amounts described below.

COMMUNITY DEVELOPMENT AND IMPROVEMENTS

$235,000 plus all interest and investment income accrued on this portion.

1. *Rural Utilities Services:* $30,000. For the provision of utilities for 15 or more homes in rural areas of the reservation.

2. *Nursing and Intermediate Care Facility:* $15,000. For a study to determine the feasibility and cost of the construction and operation of such facility.

3. *Tribal Maintenance Building:* $165,000. For construction, equipment and furnishing.

4. *Museum and Arts and Crafts Building:* $25,000. For the renovation of a tribal building to serve as a museum and arts and crafts center.

CAPITAL DEVELOPMENT AND INVESTMENTS

$1,031,000 plus all interest and investment income accrued on this portion.

1. *Oil and Gas By-products:* $25,000. For tribal participation in the production of ammonia from reservation oil and gas by-products.

2. *Forestry Complex Building:* $200,000. For the construction and furnishing of and future additions to a building for tribal forestry operations.

3. *Natural Resources Improvements:* $446,000. For the reseeding and improvement of rangelands, the development of springs and pipeline systems, a domestic water system for Stone Lake Lodge and the enhancement of other existing and proposed reservation projects.

4. *Printing Facility:* $25,000. For a printing facility to be operated and managed by the Tribal Council.

5. *Roads Maintenance and Construction Enterprise:* $335,000. For the acquisition of heavy equipment for roads maintenance and construction work.

LAND ACQUISITION

$1,000,000 plus all interest and investment income accrued on this portion; for the purchase of lands within or without the present reservation boundaries.

CONTINGENCY COST

$34,000. To be held in reserve, to offset expected cost increases.

INVESTMENT PROGRAM

$4,000,000 plus all interest and investment income accrued on this portion shall be utilized for the establishment of a Jicarilla tribal investment program. The specific investment program adopted by the tribe shall be subject to the approval of the Secretary and shall provide that investments shall be limited as authorized by 25 U.S.C. § 162a. Interest or investment income earned by the corpus of this fund may be appropriated by the Jicarilla Apache Tribal Council in accordance with Article XI, section 1(c) of the Revised Constitution of the Jicarilla Apache Tribe. Any per capita payments made from interest or investment income shall be subject to the approval of the Secretary.

Should funds programed in any of the above cited categories be determined to be in excess of needs, the Tribal Council, on an annual budgetary basis, may make appropriate adjustments from one category to another, with the approval of the Secretary."

MORRIS THOMPSON,
*Commissioner of Indian Affairs.*

### NEW MEXICO

### Application

JULY 31, 1975.

Notice is hereby given that, pursuant to Section 28 of the Mineral Leasing Act of 1920 (30 U.S.C. 185), as amended by the Act of November 16, 1973 (87 Stat. 576), Continental Oil Company has applied for two 2⅛ inch water injection pipeline rights-of-way across the following lands:

NEW MEXICO PRINCIPAL MERIDIAN, NEW MEXICO

T. 17 S., R. 32 E.,
Sec. 8, SE¼SE¼;
Sec. 9, SE¼SW¼.

These pipelines will convey water across .351 miles of national resource lands in Lea County, New Mexico.

The purpose of this notice is to inform the public that the Bureau will be proceeding with consideration of whether the applications should be approved, and if so, under what terms and conditions.

Interested persons desiring to express their views should promptly send their name and address to the District Manager, Bureau of Land Management, P.O. Box 1397, Roswell, NM 88201.

FRED E. PADILLA,
*Chief, Branch of Lands and Minerals Operations.*

### DESIGNATION OF THE OREGON TRAIL ROUTE AS AN ELEMENT OF THE PROPOSED NATIONAL HISTORIC TRAIL SYSTEM

### Availability of Draft Environmental Statement

Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, the Department of the Interior has prepared a draft environmental statement for a proposal to designate the route of the Oregon Trail as a National Historic Trail and invites written comment within forty-five (45) days of this notice.

The environmental statement considers all foreseeable impacts of the proposal, which include establishment of interpretive trails along suitable cross-country segments of the Oregon Trail route and establishment of a continuous travelway along roads and highways which closely follow the actual historic route.

Copies are available for inspection at the following locations:

Division of Resource Area Studies, Bureau of Outdoor Recreation, Interior Building, Washington, D.C. 20240, Telephone: (202) 343-5772.

Office of the Regional Director, Northwest Region, Bureau of Outdoor Recreation, 915 Second Avenue, Room 990, Seattle, Washington 98174, Telephone: (206) 442-4706.

Budget Division, Department of Administration, First Floor, Statehouse, Topeka, Kansas 66612.

State Planning Coordinator, Office of the Governor, Capitol Building, Cheyenne, Wyoming 82001.

Federal Aid Coordination Section, Intergovernmental Relations Division, 240 Cottage Street S.E., Salem, Oregon 97310.

Office of the Regional Director, Mid-Continent Region, Bureau of Outdoor Recreation, P.O. Box 25387, Building 41, Denver Federal Center, Denver, Colorado 80225, Telephone: (303) 234-2634.

Office of Administration, Division of State Planning and Analysis, P.O. Box 809, State Capitol, Jefferson City, Missouri 65101.

State Office of Planning and Programming, State Capitol, Box 94601, Lincoln, Nebraska 68509.

Division of State Planning, Statehouse, Room 122, Boise, Idaho 83720.

Office of Program Planning and Fiscal Management, 106 House Office Building, Olympia, Washington 98504.

A limited number of single copies are available and may be obtained by writing to the Division of Resource Area Studies, Bureau of Outdoor Recreation, or the Regional Directors.

Dated: August 6, 1975.

STANLEY D. DOREMUS,
*Deputy Assistant Secretary of the Interior.*

### PROPOSED WHITE RIVER WILDERNESS AREA

### Availability of Final Environmental Statement

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, Public Law 91-190, the Department of the Interior has prepared a final environmental statement for the Proposed White River Wilderness Area, Desha County, Arkansas.

The proposal recommends that approximately 1,000 acres of White River National Wildlife Refuge in Desha County, Arkansas be designated as wilderness within the National Wilderness Preservation System.

Copies of the final statement are available for inspection at the following locations:

Regional Director, U.S. Fish and Wildlife Service, 17 Executive Park Drive, N.E., Atlanta, Georgia 30329.

Refuge Manager, White River National Wildlife Refuge, Box 308, 704 S. Jefferson Street, De Witt, Arkansas 72042.

U.S. Fish and Wildlife Service, Office of Environmental Coordination, Department of the Interior, Room 2252, 18th and C Streets, N.W., Washington, D.C. 20240.

Single copies may be obtained by writing the Chief, Office of Environmental Coordination, U.S. Fish and Wildlife Service, Department of the Interior, Washington, D.C. 20240.

Dated: August 5, 1975.

STANLEY D. DOREMUS,
*Deputy Assistant Secretary of the Interior.*

## DEPARTMENT OF COMMERCE

### Domestic and International Business Administration

### ELECTRONIC INSTRUMENTATION TECHNICAL ADVISORY COMMITTEE

### Partially Closed Meeting

Pursuant to the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. III, 1973), notice is hereby given that a meeting of the Electronic Instrumentation Technical Advisory Committee will be held on Thursday, September 11, 1975, Room 1851, 9:30 a.m., Main Commerce Building, 14th and Constitution Avenue, N.W., Washington, D.C.

The Committee was established on October 23, 1973 to advise the Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to electronic instrumentation, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls.

The Committee meeting agenda has four parts:

GENERAL SESSION

(1) Opening remarks by the Chairman.
(2) Presentation of papers or comments by the public.
(3) Review of active and passive radio frequency and microwave measuring components.

EXECUTIVE SESSION

(4) Discussion of matters properly classified under Executive Order 11652, dealing with the U.S. and COCOM control program and strategic criteria related thereto.

The public will be permitted to attend the General Session, at which a limited number of seats will be available to the public. To the extent time permits members of the public may present oral statements to the Committee. Written statements may be submitted at any time before or after the meeting.

With respect to agenda item (4), the Assistant Secretary of Commerce for Administration, with the concurrence of the delegate of the General Counsel, formally determined on December 16, 1974, pursuant to Section 10(d) of the Federal Advisory Committee Act that the matters to be discussed in the Executive Session should be exempt from the provisions of the Act relating to open meetings and public participation therein, because the Executive Session will be concerned with matters listed in 5 U.S.C. 552(b)(1), i.e., it is specifically required by Executive Order 11652 that they be kept confidential in the interest of the national security. All matters have been properly classified under the Executive Order. All Committee members have appropriate security clearances.

Copies of the minutes of the open portion of the meeting will be available upon written request addressed to the Freedom of Information Officer, Domestic and International Business Administration, Room 3100, U.S. Department of Commerce, Washington, D.C. 20230.

For further information, contact Mr. Charles C. Swanson, Director, Operations Division, Office of Export Administration, Domestic and International Business Administration, Room 1620, U.S. Department of Commerce, Washington, D.C. 20230, telephone: A/C 202-967-4196.

In accordance with paragraph (4) of the Order of the United States District Court for the District of Columbia in *Aviation Consumer Action Project, et al., v. C. Langhorne Washburn, et al.*, September 10, 1974, as amended, September 23, 1974 (Civil Action No. 1838-73), the Complete Notice of Determination to close portions of the series of meetings of the Electronic Instrumentation Technical Advisory Committee and of any subcommittees thereof, was published in

the Federal Register (40 FR 5547, appearing in the issue of February 6, 1975).

Dated: August 7, 1975.

LAWRENCE J. BRADY,
*Acting Director, Office of Export Administration, Bureau of East-West Trade, U.S. Department of Commerce.*

## Domestic and International Business Administration

### NATIONAL INDUSTRIAL ENERGY COUNCIL

#### Public Meeting

A meeting of the National Industrial Energy Council (formerly the National Industrial Energy Conservation Council) will be held on Wednesday, September 17, 1975, from 10:00 a.m. to 12:00 noon, in Room 4830, Main Commerce Building, 14th and Constitution Avenue, NW., Washington, D.C. 20230.

The Council will meet to discuss programs and plans to improve the level of public awareness as to the nature and extent of the national energy situation; to comment upon possible Federal options in dealing with anticipated shortages of natural gas; and to transact such other business as may come before the Council at this meeting.

The public will be permitted to attend and a limited number of seats will be available for that purpose. To the extent that time permits, members of the public may present oral statements to the Council. Interested person are also invited to file written statements with the Council. Interested persons are also

Persons who wish to attend the meeting should contact Floyd E. Lankton, Room 2014, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Washington, D.C. 20230—(202) 967-4703.

ROBERT M. JACKSON,
*Acting Executive Director, National Industrial Energy Council.*

### UNIVERSITY OF RHODE ISLAND

#### Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (40 F.R. 12253 et seq, 15 CFR 701, 1974.)

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

DOCKET NUMBER: 74-00501-33-46070. APPLICANT: University of Rhode Island, Kingston, Rhode Island 02881. ARTICLE: Scanning Electron Microscope, Model S4. MANUFACTURER: Cambridge Scientific Instruments Ltd., United Kingdom. INTENDED USE OF ARTICLE: The article is intended to be used for a wide range of research in the areas of micropaleontology, bacteriology, phycology, marine microbiology, invertebrate and vertebrate zoology, sedimentation, particulate chemistry and botany. More specifically some of the research activities for which the article is to be used are:

1. The study of the surfaces and ultrastructure of recent and fossil Foraminifera, Radiolaria and sediment grain surface related to paleoecological and paleoenvironmental studies.

2. The examination in detail of the surface characteristics of a wide variety of both hard and soft animal and plant tissues. These will include pelagic larval stages of invertebrates, mollusca and crustacea, fungi (Hyponycetes), fish olfactory and sound apparatus and epiphytic bacterial colonies living on surfaces of marine algae and invertebrates. Studies are being carried out on the detailed surface ornamentation and structure of *Equisetum* for which many species have siliceous ornamentation on the stem surfaces. A general study of nematode morphology is planned including forms in soil, in fresh water, and in the marine environment.

3. The study of the taxonomy life cycles of marine phytoplankton, including coccolithophorids, diatoms, and silicoflagellates. The article will also be used to provide information and teaching materials which are to be used in the following courses:

Ocean 604 Marine Paleoecology.
Ocean 667 Marine Bacteriology.
Ocean 647 Recent Sedimentary Environments.
Ocean 661 Phytoplankton Taxonomy.
Ocean 664 Phytoplankton Ecology.
Ocean 666 Zooplankton.
Ocean 672 Marine Invertebrates and Environment.
Geol 225 Animal Micropaleontology.
Bot 116 Phycology.
Bot 111 Plant Anatomy.
Plant Path 182 Plant Nematology.

Furthermore, the article forms an integral part of the education of many graduate students especially those in biological and geological oceanography.

COMMENTS: No comments have been received with respect to this application. DECISION: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, was being manufactured in the United States at thet time the foreign article was ordered (June 17, 1971).

REASONS: This application is a resubmission of Dockets No. 73-00153-33-46070 and 71-00589-33-46070 which were denied without prejudice to resubmission on February 27, 1974 and May 31, 1972 respectively for informational deficiences. At the time the foreign article was ordered the applicant intended to study a number of specimens which normally contain a high degree of moisture and are significantly altered as drying occurs. Although several methods are currently widely accepted as a means of studying such specimens in the scanning electron microscope (SEM) without maintaining the wet condition (e.g., critical point drying), at the time of order direct examination of wet specimens was worthy of investigations. Direct examination of very wet specimens in the SEM, however, is difficult because the specimen chamber must accommodate the excess moisture needed to prevent degradation and charging of the specimen (while micrographs are being obtained) without significantly blocking the path of the electron beam or altering the vacuum in the electron optical column needed for normal instrument operation. The foreign article overcomes this difficulty with a dual pump vacuum system in which the specimen chamber and the electron optical column are each pumped independently with a high degree of control by a separate diffusion pump. The manufacturer of the foreign article states that 4000 micrograms of water per minute can be accommodated by the chamber under normal SEM operation. Domestic instruments available at the time the foreign article was ordered provided a single pump vacuum system in which the diffusion pump is connected to a manifold with separate valves to divide between the column and chamber. Interplay of both valves is involved in an adjustment of vacuum. Information as to the rate at which water may enter the specimen chamber without adversely affecting operation has not been obtainable from manufacturers of domestic instruments comparable to the article. We are advised by the Department of Health, Education, and Welfare (HEW) in its memorandum dated August 22, 1974 that the capabilities of the dual vacuum system of the foreign article is pertinent to the applicant's research studies. HEW further advises that the vacuum system of domestically manufactured SEMs does not match the dual pump system of the foreign article and, therefore, these instruments are not of equivalent scientific value to the article for the applicant's intended purposes.

RICHARD M. SEPPA,
*Acting Director, Special Import Programs Division.*

## National Oceanic and Atmospheric Administration

### CENTRAL MAINE POWER CO.

#### Receipt of Application for a Scientific Research Permit

Notice is hereby given that the following applicant has applied in due form for a permit to take marine mammals for scientific research as authorized by the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361-1407) and the regulations Governing the Taking and Importing of Marine Mammals.

Central Maine Power Company, 9 Green Street, Augusta, Maine 04330, to take an unspecified number of marine mammals of the following species: Atlantic bottlenose dolphin (*Tursiops truncatus*); Atlantic white-sided dolphin (*Lagenorhynchus acutus*); harbor porpoise (*Phocoena phocoena*); and the harbor seal (*Phoca vitulina*) as they might be accidentally captured in the course of the Applicant's research on the distribution and abundance of finfishes in the inshore waters of the Maine Coast.

The Applicant's research projects, which may result in the accidental capture of the above marine mammals, are long-term marine monitoring programs in the vicinity of operating power plants and long-term base line studies in the areas being evaluated for new plant construction sites. The research programs include water chemistry, distribution and abundance of planktonic organisms. The finfish studies are conducted by trawling and gill netting and, in the course of such activities, there is a possibility of accidentally ensnaring marine mammals. The applicant proposes to make available the carcasses of these animals to qualified researchers for study and final disposition. Any marine mammal which is captured alive will be released.

Documents submitted in connection with the above application are available for review in the Office of the Director, National Marine Fisheries Service, Department of Commerce, Washington, DC 20235, and the Office of the Regional Director, National Marine Fisheries Service, Northeast Region, Federal Building, 14 Elm Street, Gloucester, Massachusetts 01930.

Concurrent with the publication of this notice in the FEDERAL REGISTER, the Secretary of Commerce is forwarding copies of this application to the Marine Mammal Commission and the Committee of Scientific Advisors.

Written data or views or requests for a public hearing on this application should be submitted to the Director, National Marine Fisheries Service, Washington DC 20235 on or before September 11, 1975. The holding of such a hearing is at the discretion of the Director.

All statements and opinions contained in this notice in support of this application are summaries of those of the Applicant and do not necessarily reflect the views of the National Marine Fisheries Service.

Dated: August 7, 1975.

FRED C. CLEAVER,
*Acting Associate Director for Resource Management, National Marine Fisheries Service.*

[FR Doc.75-21054 Filed 8-11-75;8:45 am]

[Docket No. MMPAH #1, 1975]

### FOUKE CO.

#### Change in Schedule for Hearing on Marine Mammal Application

On July 7, 1975, notice was published in the FEDERAL REGISTER of a proposed waiver of the moratorium on importation, proposed regulations to govern such waiver and a hearing on the proposed waiver and regulations (40 FR 28469). In compliance with hearing procedure regulations, 50 CFR 216.73, the July 7 notice stated that the final date for submission of direct testimony was August 15, 1975, and that the pre-hearing conference would be held on August 28, 1975, at the Penthouse Conference Room, Page Building No. 1, at 2001 Wisconsin Avenue, NW., Washington, D.C.

On July 24, 1975, the Fouke Company, a party in the hearing, filed a Motion for Extension of Time for submission of direct testimony with the Administrative Law Judge designated to hear the case, the Honorable James W. Mast, Department of Housing and Urban Development, 451 7th St., S.W.—Room 7150, Washington, D.C. 20510. Since no objection was made to the Fouke Co. Motion by any party and the regulations provide for modification of the dates for submission of direct testimony and the prehearing conference (50 CFR 216.75), Judge Mast ordered on July 31, 1975, that those dates be changed.

Notice is hereby given that in accordance with that order: direct testimony must be received by the Director, National Marine Fisheries Service, 3300 Whitehaven Street, NW., Page Building 2, Washington, D.C., 20235, no later than August 27, 1975, in original and ten copies; and the pre-hearing conference will be held on September 3, 1975, at 9:30 a.m., at the Administrator's Conference Room, National Oceanic and Atmospheric Administration, Room 5230, Commerce Building, Washington, D.C.

JACK W. GEHRING,
*Acting Director, National Marine Fisheries Service.*

AUGUST 8, 1975.

[FR Doc.75-21058 Filed 8-11-75;8:45 am]

### SEA WORLD INC.

#### Receipt of Application, Public Display Permit

Notice is hereby given that the following Applicant has applied in due form for a permit to take marine mammals for public display, as authorized by the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361-1407), and the Regulations Governing the Taking and Importing of Marine Mammals.

Sea World, Incorporated, 1720 South Shores Road, San Diego, California 92109, to take twelve (12) northern fur seals (*Callorhinus ursinus*) for the purpose of public display.

The fur seals will be taken on the Pribilof Islands under the supervision of personnel of the Northwest Fisheries Center, National Marine Fisheries Service or the Pribilof Islands Program, National Marine Fisheries Service. They will be taken by employees of the Federal Government, as required by the Fur Seal Act of 1966.

The fur seals will be transported by the Applicant from St. Paul, Pribilof Islands to Seattle, Washington, where they will be initially placed in the Seattle Marine Aquarium. Following acclimation, the fur seals will be maintained and displayed at the Seattle Marine Aquarium and at Sea World facilities in San Diego, California, in Aurora, Ohio, and in Orlando, Florida. The animals will be maintained and displayed in various pinniped facilities, as proper husbandry practices indicate.

The arrangements and facilities for transporting and maintaining the marine mammals requested in the above application have been inspected by a licensed veterinarian, who has certified that such arrangements and facilities are adequate to provide for the well-being of the requested animals.

Documents submitted in connection with the above application are available for review in the Office of the Director, National Marine Fisheries Service, Department of Commerce, Washington, DC 20235, and the Offices of the Regional Director, National Marine Fisheries Service, Northeast Region, Federal Building, 14 Elm Street, Gloucester, Massachusetts 01930; the Regional Director, National Marine Fisheries Service, Southwest Region, 300 South Ferry Street, Terminal Island, California 90731; the Regional Director, National Marine Fisheries Service, Southeast Region, Duval Building, 9450 Gandy Boulevard, St. Petersburg, Florida 33702; the Regional Director, National Marine Fisheries Service, Northwest Region, Lake Union Building, 1709 Westlake Avenue, North, Seattle, Washington 98109; and the Regional Director, National Marine Fisheries Service, Alaska Region, P.O. Box 1668, Juneau, Alaska 99801.

Concurrent with the publication of this notice in the FEDERAL REGISTER, the Secretary of Commerce is forwarding copies of this application to the Marine Mammal Commission and the Committee of Scientific Advisors.

Interested parties may submit written data or views, or requests for a public hearing on this application to the Director, National Marine Fisheries Service, Department of Commerce, Washington, DC 20235 on or before September 11, 1975. The holding of such a hearing is at the discretion of the Director.

All statements and opinions contained in this notice in support of this application are those of the Applicant and do not

necessarily reflect the views of the National Marine Fisheries Service.

Date: August 7, 1975.

FRED C. CLEAVER,
*Acting Associate Director for Resource Management.*

## THOMAS P. DOHL

### Issuance of Permit To Take Marine Mammals

On June 18, 1975, notice was published in the FEDERAL REGISTER (40 FR 25701) that an application had been filed with the National Marine Fisheries Service by Thomas P. Dohl, Coastal Marine Laboratory, University of California, Santa Cruz, California 95064, for a permit to take by tagging up to 1,900 cetaceans in the waters of Southern California over a period of five years for the purpose of scientific research.

Notice is hereby given that on July 25, 1975, and as authorized by the provisions of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361-1407), the National Marine Fisheries Service issued a permit, to the Coastal Marine Laboratory, University of California, Santa Cruz, California for the above taking, subject to certain conditions therein.

The Permit is available for review by interested persons in the Office of the Director, National Marine Fisheries Service, Washington, D.C. 20235 and in the Office of the Regional Director, National Marine Fisheries Service, Southwest Region, 300 South Ferry Street, Terminal Island, California 90731.

Dated: July 25, 1975.

MORRIS M. PALLOZZI,
*Acting Director,*
*National Marine Fisheries Service.*

[FR Doc.75-21056 Filed 8-11-75;8:45 am]

## UNIVERSITY OF FLORIDA

### Modification of Permit

Notice is hereby given that, pursuant to the provisions of § 216.33(d) and (e) of the regulations Governing the Taking and Importing of Marine Mammals (39 FR 1851, January 15, 1974), the Scientific Research Permit issued to Blair Irvine, Department of Zoology, University of Florida, Gainesville, Florida 32601, on December 17, 1974, is modified in the following manner:

Of the two hundred-fifty (250) animals to be captured, biopsy samples taken, tagged and released, thirteen (13) are to be radio tagged and two hundred thirty-seven are to be visually tagged and released. Of the two hundred (200) selected cetaceans of species that have stranded en masse those considered most likely to survive will have biopsy samples taken, be visually tagged and released.

This modification is effective on July 25, 1975.

The permit as modified and documentation pertaining to the modification, is available for review in the Office of the Director, National Marine Fisheries Service, Washington, D.C. 20235, and in the Office of the Regional Director, National Marine Fisheries Service, Southeast Region, Duval Building, 9450 Gandy Boulevard, St. Petersburg, Florida 33702.

Dated: July 25, 1975.

MORRIS M. PALLOZZI,
*Acting Director,*
*National Marine Fisheries Service.*

## COMMERCE TECHNICAL ADVISORY BOARD

### Notice of Meeting

A meeting of the Department of Commerce Technical Advisory Board will be held on Wednesday, September 10, 1975 from 9:00 a.m. to 5:00 p.m. in Room 4833, Main Commerce Building, 14th and Constitution Avenue, N.W. and on Thursday, September 11, 1975 from 8:30 a.m. to 12 noon, in Room 4830, Main Commerce Building.

The Board was established to study and evaluate the technical activities of the Department of Commerce and recommend measures to increase their value to the business community. Tentative agenda items include:

Discussion of proposed Panel on Commercial Utilization of Federally-funded R&D.
Final SO2 Panel Report.
Proposed Symposium on East-West Trade.
Implications of Regulatory Actions on High Technology Business.

A limited number of seats will be available to the press and to the public. The public will be permitted to file written statements or inquiries with the Chairman before or after the meeting.

Persons desiring to obtain further information concerning the Board should contact Mrs. Florence S. Feinberg, Room 3865, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 967-2388.

BETSY ANCKER-JOHNSON,
*Assistant Secretary for Science and Technology.*

### Applications for Certification of Certain Gas Detector Tube Units

In the FEDERAL REGISTER of May 8, 1973 (38 FR 11458), the Department adopted regulations which set forth the requirements and procedures for the evaluation and certification of gas detector tube units (42 CFR Part 84). In accordance with § 84.3(a) of the regulations, notice is hereby given that the National Institute for Occupational Safety and Health will accept applications for certification of gas detector tube units pursuant to the following schedule:

| Gas | Dates for submittal | Test standard (parts per million) |
|---|---|---|
| Methane, dichloro-($CH_2Cl_2$) (methylene chloride). | Sept. 1 to 30, 1975. | 500 |
| Acrolein ($C_3H_4O$) (acrylaldehyde). | Oct. 1 to 31, 1975. | .1 |
| Aniline ($C_6H_7N$) | Nov. 1 to 30, 1975. | 5 |

All applications and any questions concerning the certification program should be submitted to the Institute's Testing and Certification Laboratory, 944 Chestnut Ridge Road, Morgantown, West Virginia 26505.

Dated: August 7, 1975.

HOWARD L. MCMARTIN,
*Acting Director, National Institute for Occupational Safety and Health.*

## Food and Drug Administration

[Docket No. 75N-0149; DESI 8430; NDA 8-430]

## DIRECT SKY BLUE INJECTION

### Withdrawal of Approval of New Drug Application

A notice (DESI 8430, Docket No. FDC-D-719 (now Docket No. 75N-0149) was published in the FEDERAL REGISTER of April 3, 1975 (40 FR 14962) in which the Director of the Bureau of Drugs offered an opportunity for a hearing on his proposal to issue an order withdrawing approval of the new drug application described below, for Direct Sky Blue Injection. The basis of the proposed action was the lack of substantial evidence that the product is effective for its labeled indications. The drug has been used as a diagnostic agent for the staining of lymphatic tissue during surgery. The proposed action was not contested and approval of the new drug application is now being withdrawn.

NDA 8-430; Direct Sky Blue Injection; formerly marketed by Wyeth Laboratories, Division of American Home Products Corp., Box 8299, Philadelphia, PA 19101.

All drug products which are identical, related, or similar to the drug product named above, not the subject of an approved new drug application, are covered by the new drug application reviewed and are subject to this notice, pursuant to § 310.6 (21 CFR 310.6). Any person who wishes to determine whether a specific product is covered by this notice should write the Food and Drug Administration, Bureau of Drugs, Division of Drug Labeling Compliance, (HFD-310), 5600 Fishers Lane, Rockville, MD 20852.

Neither the holder of the application nor any other person filed a written appearance of election as provided by said notice. The failure to file such an appearance constitutes an election by such persons not to avail themselves of the opportunity for a hearing.

The Director of the Bureau of Drugs, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1053, as amended (21 U.S.C. 355)), and under authority delegated to him (21 CFR 2.121), finds that on the basis of new information before him with respect to the drug product, evaluated together with the evidence available to him when the application was approved, there is a lack of substantial evidence that the drug product will have the effects it purports or is represented to have under the conditions of use prescribed, recommended or suggested in the labeling.

Therefore, pursuant to the foregoing finding, approval of new drug application No. 8-430 and all amendments and supplements applying thereto is withdrawn effective August 22, 1975.

Shipment in interstate commerce of the above product or any identical, related, or similar product, not the subject of an approved new drug application, will then be unlawful.

Dated: July 30, 1975.

CARL M. LEVENTHAL,
*Acting Director, Bureau of Drugs.*

# DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. D-75-360]

## REGIONAL ADMINISTRATOR, REGION X (SEATTLE)

### Redelegation of Authority

On February 5, 1975, the Assistant Secretary for Committee Planning and Development of the Department of Housing and Urban Development published in the FEDERAL REGISTER (40 FR 5386) a redelegation of authority to each Regional Administrator, Deputy Regional Administrator, Area Director, Deputy Area Director and the Director of the Anchorage, Alaska Insuring Office to exercise, with certain exceptions not here applicable, the power and authority of the Assistant Secretary for Community Planning and Development with respect to the Community Development Block Grant program under Title I of the Housing and Community Development Act of 1974. The Regional Administrators and Deputy Regional Administrators for Regions I through VII, IX and X were authorized to retain the authority including final program authority in the jurisdiction of those subordinate field offices from which the Regional Administrator or Deputy Regional Administrator determines that such authority should be withheld or withdrawn. The Regional Administrator for the Seattle Regional Office has made the determination that the Community Development Block Grant program for the Portland and Seattle Area Offices for the State of Idaho should be administered in the Seattle Regional Office. Said determination was approved by the Assistant Secretary for Community Planning and Development on March 17, 1975. In accordance with the redelegation of authority published in the FEDERAL REGISTER (40 FR 5386), notice is hereby given that authority for approval of Community Development Block grant applications from the Directors and Deputy Directors of the Portland and Seattle Area Offices for the State of Idaho is revoked and shall be administered by the Seattle Regional Office. Applications for Community Development Block grants to recipients within the State of Idaho shall be submitted to: Director, Boise Insuring Office, 331 Idaho Street, Boise, Idaho 83707.

(40 FR 5386, February 5, 1975)

*Effective date.* This notice and redelegation shall be effective on August 12, 1975.

DAVID W. PEYTON,
*Acting Regional Administrator, Region X (Seattle).*

Approved:

DAVID O. MEEKER,
*Assistant Secretary for Community Planning & Development.*

## Office of the Secretary

[Docket No. D-75-359]

## ACTING AREA DIRECTOR

### Designation for Philadelphia Area Office

Each of the officials appointed to the following positions is designated to serve as Acting Area Director during the absence of, or vacancy in the position of, the Area Director, with all the powers, functions and duties redelegated or assigned to the Area Director: Provided, that no official is authorized to serve as Acting Area Director unless all officials listed before him in this designation are unavailable to act by reason of absence or vacancy in the position:

1. The Deputy Area Director.
2. The Director, Community Planning and Development Division.
3. The Director, Housing Production and Mortgage Credit Division.
4. The Director, Housing Management Division.
5. The Area Counsel.

This designation supersedes the designation effective June 27, 1975, (40 FR 28843, July 9, 1975).

(Delegation of Authority by the Secretary effective October 1, 1970 (36 FR 3389, February 23, 1971.))

*Effective Date*—This designation shall be effective as of August 4, 1975.

PAUL T. CAIN,
*Area Director, Philadelphia Area Office.*

VINCENT A. MARINO,
*Acting Regional Administrator, Region III, (Philadelphia).*

## Coast Guard

[CGD 75-156]

## NATIONAL OFFSHORE OPERATIONS INDUSTRY ADVISORY COMMITTEE

### Open Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), notice is hereby given that the National Offshore Operations Industry Advisory Committee will conduct an open meeting on August 27 and 28, 1975, at the International Hotel, 300 Canal Street, New Orleans, Louisiana. The meeting will begin at 9:00 a.m. on August 27, and is expected to last all day. On August 28, the meeting is scheduled to begin at 9:00 a.m. and adjourn at noon.

Items to be discussed include:

1. Manning and Stability.
2. Mobile Drilling Units.
3. Environmental Affairs.
4. Offshore Operations Safety.
5. IMCO Activities.
6. International Convention on Tonnage Measurement of Ships, 1969.
7. Occupational Safety and Health Act.
8. Subsea Operations.
9. International Rules of the Road.
10. Inspections by Overseas Coast Guard Marine Inspection Offices.
11. Lighted Buoys Marking Obstructions.
12. Coast Guard Policy on Foreign Rigs Drilling on the Outer Continental Shelf.
13. Status of Existing Coast Guard Regulations.

By notice published in the June 30, 1975, FEDERAL REGISTER (40 FR 27507), the National Offshore Operations Industry Advisory Committee was renewed by the Secretary of Transportation for a two year period beginning on July 1, 1975, and terminating on July 1, 1977, to provide consultation and advice on a wide range of offshore operations including, but not limited to, fairways, sealanes, and offshore drilling operations. Public members of the Committee serve voluntarily without compensation from the Federal Government, either travel or per diem.

Persons interested in attending the meeting or obtaining more information should write to: Commandant (G-CMC/82), U.S. Coast Guard, Washington, DC 20590 or call 202-426-1477.

Dated: August 1, 1975.

W. M. BENKERT,
*Rear Admiral, U.S. Coast Guard, Chief, Office of Merchant Marine Safety.*

[FR Doc.75-20978 Filed 8-11-75;8:45 am]

## National Highway Traffic Safety Administration

## VOLKSWAGEN OF AMERICA, ET AL.

### Denial of Petitions To Commence Rulemaking

This notice sets forth the reasons for denial of three petitions for rulemaking to initiate or amend Federal motor vehicle safety standards promulgated under

AUG 12 1975

authority of section 103 of the National Traffic and Motor Vehicle Safety Act (15 U.S.C. 1391 et seq.). This notice is published in accordance with section 124 of the Act, which provides that the National Highway Traffic Safety Administration must grant or deny such petitions within 120 days, and "If the Secretary denies such petition he shall publish in the FEDERAL REGISTER his reasons for such denial" (§ 124(d)).

*Volkswagen of America (March 25, 1975).* Petition to amend S4.5.3.3 of Standard No. 208, *Occupant crash protection*, 49 CFR 571.208, to allow, at the manufacturer's option, visual warning lamps which remain activated whenever front outboard safety belts are not in use. Volkswagen's petition was denied as unnecessary on the grounds that Volkswagen may already provide the additional warning it desires for passive seat belt systems without amendment of the standard.

*Trailmobile Corporation (May 21 1975).* Petition to amend Standard No. 121, *Air brake systems*, 49 CFR 571.121, to include a discussion of center of gravity location during testing. Trailmobile's petition was denied because the center of gravity issue only concerns vehicles that are manufactured in two or more stages and refers to the incomplete vehicle, while the standard itself applies only to completed vehicles. As requested by Trailmobile, the NHTSA did publicize the concept by publication of a discussion of center of gravity in the FEDERAL REGISTER.

*Ford Motor Company (June 9, 1975).* Petition to amend S7.2 of Standard No. 208, *Occupant crash protection*, to permit the use of two latch-release mechanisms on Type II seat belt assemblies at seating positions other than the front outboard designated seating positions in trucks and multipurpose passenger vehicles with a gross vehicle weight rating of 10,000 pounds or less. Ford's petition was denied because the NHTSA has determined that single-point belt release and other standardized features encourage belt usage and are for this reason preferable to the belt system features offered by Ford which require release at two points.

(Sec. 103, 119, Pub. L. 89-563, 80 Stat. 718 (15 U.S.C. 1392, 1407); Sec. 106 Pub. L. 93-492, 88 Stat. 1482 (15 U.S.C. 1410); delegations of authority at 49 CFR 1.51 and 49 CFR 501.8).

Issued on August 7, 1975.

ROBERT L. CARTER,
*Associate Administrator,*
*Motor Vehicle Programs.*

[FR Doc.75-21067 Filed 8-11-75;8:45 am]

## CIVIL RIGHTS COMMISSION

### COLORADO STATE ADVISORY COMMITTEE

#### Agenda and Notice of Open Meeting

Notice is hereby given, pursuant to the provisions of the Rules and Regulations of the U.S. Commission on Civil Rights, that a conference of the Colorado State Advisory Committee (SAC) to this Commission will convene at 8:00 a.m. on September 6, 1975, at the Quality Inn Motel, 1840 Sherman Street, Denver, Colorado 80203.

Persons wishing to attend this meeting should contact the Committee Chairperson, or the Mountain States Regional Office of the Commission, Room 216, 1726 Champa Street, Denver, Colorado 80202.

The purpose of this meeting is to review and discuss the medical section of the Medical/Legal Access Project Report.

This meeting will be conducted pursuant to the Rules and Regulations of the Commission.

Dated at Washington, D.C., August 6, 1975.

ISAIAH T. CRESWELL, Jr.,
*Advisory Committee Management Officer.*

*Advisory Committee Management Officer.*

[FR Doc.75-21026 Filed 8-11-75;8:45 am]

### WEST VIRGINIA STATE ADVISORY COMMITTEE

#### Agenda and Notice of Open Meeting

Notice is hereby given, pursuant to the provisions of the Rules and Regulations of the U.S. Commission on Civil Rights, that a planning meeting of the West Virginia State Advisory Committee (SAC) to this Commission will convene at 12:00 noon and end at 2:00 p.m. on August 29, 1975, at Capitol and E. Washington Streets, Room 310, Charleston, W. Virginia.

Persons wishing to attend this meeting should contact the Committee Chairperson, or the Mid-Atlantic Regional Office of the Commission, Room 510, 2120 L Street, N.W., Washington, D.C. 20037.

The purpose of this meeting is to review the final draft of the Kanawha County Textbook Controversy Report.

This meeting will be conducted pursuant to the Rules and Regulations of the Commission.

Dated at Washington, D.C., August 6, 1975.

ISAIAH T. CRESWELL, Jr.,
*Advisory Committee Management Officer.*

[FR Doc.75-21027 Filed 8-11-75;8:45 am]

## COMMITTEE FOR IMPLEMENTATION OF TEXTILE AGREEMENTS

### MAN-MADE FIBER TEXTILE PRODUCTS FROM THAILAND

AUGUST 5, 1975.

On July 31, 1975, the United States Government, in furtherance of the objectives of, and under the terms of, the Arrangement Regarding International Trade in Textiles, done at Geneva on December 20, 1973, requested the Government of Thailand to enter into consultations concerning exports to the United States of man-made fiber textile products in Categories 219 (shirts, including blouses) and 229 (woven coats), produced or manufactured in Thailand. A complete description of these categories was published in the FEDERAL REGISTER of February 3, 1975. (40 FR 5010).

Notice is hereby given that under the provisions of Article 3 of the Arrangement, if no solution is mutually agreed upon by the two governments within sixty (60) days of the date of delivery of the aforementioned note, entry and withdrawal from warehouse for consumption of man-made fiber textile products in Categories 219 and 229, produced or manufactured in Thailand and exported to the United States during the twelve-month period beginning on the date of delivery of the note, may be restrained at levels which are yet to be determined.

There is published below market disruption information relating to each of the aforementioned categories. Any party wishing to express a view or provide data or information with respect to these categories is invited to submit such in ten copies to Mr. Alan Polansky, Chairman of the Committee for the Implementation of Textile Agreements and Deputy Assistant Secretary for Resources and Trade Assistance, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Room 3826, Washington, D.C. 20230. To enable timely consideration, comments should be submitted at the earliest date possible, but no later than September 10, 1975.

Views, data or information submitted under this procedure will be available for public inspection at the Central Reference and Records Inspection Facility, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Room 7043, Washington, D.C. 20230 and may be obtained upon written request pursuant to the Freedom of Information Act, 5 U.S.C. 552 (1970), as amended, Pub. L. No. 93-502, (November 21, 1974) and the regulations of the Department of Commerce (15 CFR Part 4 (1974)). Whenever practicable, public comment may be invited concerning views, comments or information received from the public which the Committee for the Implementation of Textile Agreements considers appropriate for further consideration.

The solicitation of comments on market disruption or any other matter pursuant to this notice is not a waiver in any respect of the exemption contained in 5 U.S.C. 553(a)(1) and 554(a)(4) (1970) relating to matters which constitute "a foreign affairs function of the United States."

ALAN POLANSKY,
*Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance, U.S. Department of Commerce.*

CATEGORY 219

KNIT SHIRTS

Apparel items in this category include men's and boys' knit shirts, ornamented and non ornamented and women's, children's and infants' knit blouses, waists and shirts, ornamented and non ornamented.

The U.S. knit shirt (including blouses) industry is one the most import impacted sectors of the U.S. apparel industry. The import/production ratio for man-made fiber knit shirts and blouses is estimated to have increased to 80 percent in the first half of 1975, up from 67 percent in 1974 and 39 percent in 1968.

*Imports:* Total imports of knit shirts and blouses into the U.S. market have increased substantially each year. In the year ending May 1975, these imports were at a high of more than 19.2 million dozen, up from 16.2 million in 1974 and 3.5 million in 1968.

Imports from Thailand of knit shirts and blouses began in 1972 and totaled 285 thousand dozen. By the year ending May 1975, these imports had increased more than threefold to 867 thousand dozen. Thailand is the sixth largest supplier of knit shirts and blouses to the U.S. market. All major suppliers, except Thailand, have entered into agreements to control their exports to the U.S. market.

*Prices:* The CIF value, including import duties, of these imports from Thailand range from $12 per dozen for infants knit blouses to $31 per dozen for men's knit shirts. These prices are substantially below the domestic prices for comparable items, and in most cases are also below value of comparable products being imported from Taiwan, Korea, Singapore, Hong Kong and Japan (Annex B).

*Domestic Production:* U.S. production of knit shirts and blouses declined during the latter part of 1974 and the first half of 1975 to an estimated 24 million dozen, on an annual basis, from 27 million dozen in 1974 and 26 million dozen in 1973.

*Knit Industry Data:* Employment in U.S. knit outerwear mills in June 1975 totaled 75,000, or 15 percent less than in June 1975. The average hours worked in these mills was down 4 percent for the same period. A further indication of the depressed state of the knit industry is the decline in Federal Reserve Board production index to 145.4 in May 1975 from 166.6 in May 1974, or 13 percent.

*U.S. production and imports of knit shirts and blouses, category 219, in 1,000 dozens*

| Year | Production | Imports | Ratio |
|---|---|---|---|
| 1968 | 9,091 | 3,513 | 38.6 |
| 1969 | 8,184 | 5,336 | 65.2 |
| 1970 | 9,263 | 6,629 | 71.6 |
| 1971 | 12,701 | 11,728 | 92.3 |
| 1972 | 22,914 | 15,475 | 67.5 |
| 1973 | 25,913 | 17,061 | 65.8 |
| 1974 [1] | 27,000 | 18,185 | 67.3 |
| 1975 [2] | 24,000 | 19,250 | 80.2 |

[1] Preliminary.
[2] Estimated.

*Category 219: Major suppliers, in dozens*

| Major suppliers [1] | Period | | | |
|---|---|---|---|---|
| | 1972 | 1973 | 1974 | Year ending May 1975 |
| Thailand [2] | 285,363 | 868,170 | 803,500 | 866,094 |
| China (Taiwan) | 5,424,109 | 4,716,776 | 5,974,116 | 6,460,591 |

CATEGORY 229

COATS, WOVEN

Apparel items in this category include men's and boys' raincoats, suit-type sport coats and jackets, and other outer coats and women's, girls' and infants' raincoats, outer coats and jackets; ornamented and non ornamented.

The U.S. men's and women's coat industry is one of the most import impacted areas of the U.S. apparel industry. The import/production ratio for man-made fiber woven coats is estimated to have increased to 50 percent in the first half of 1975, up from 44 percent in 1974 and 11 percent in 1966.

*Imports:* Total imports of woven coats into the U.S. marker have increased nearly fourfold from 530 thousand dozen in 1968 to more than 2 million dozen in the year ending May 1975.

Imports of woven coats from Thailand began in 1972 and totaled 55 thousand dozen. By the year ending May 1975, these imports had increased more than threefold to 176 thousand dozen. Thailand is the fourth largest supplier of woven coats to the U.S. market. All major suppliers, except Thailand, have entered into agreements to control their exports to the U.S. market.

The CIF value, including import duties, of imports of this category from Thailand ranged from $21 per dozen for children's coats to $32 per dozen for men's jackets. These prices are substantially below the domestic prices for comparable items, and are also below the value of comparable products being imported from Korea, Taiwan, Hong Kong, Japan and Singapore (Annex B).

*Domestic Production:* U.S. production of woven coats declined during the latter part of 1974 and the first half of 1975 to an estimated 4 million dozen, on an annual basis, from 5 million dozen in 1973 and 1974.

*Employment* in the U.S. men's and women's suit and coat industry in June 1975 totaled 145,600, or 25 percent less than in June 1974.

ANNEX A

MARKET CONDITIONS IN THE U.S. APPAREL INDUSTRY

The United States apparel industry is in a depressed state.

The Federal Reserve Board production index for apparel products in March 1975 was down 22 percent from a year earlier and the lowest since February 1963.

Total employment in the apparel industry in June 1975 was 1,210,000, down 144,000 or 11 percent from June 1974.

Unemployment in the apparel industry was 13.9 percent in June 1975, compared with 7.5 percent for the same month a year earlier.

## COMMODITY FUTURES TRADING COMMISSION

### CONTRACT MARKETS

#### Designation of Boards of Trade as Contract Markets

On July 18, 1975, the Commodity Futures Trading Commission ("Commission"), pursuant to provisions of the Commodity Exchange Act ("Act"), 7 U.S.C. section 1 *et seq.*, as amended by the Commodity Futures Trading Commission Act of 1974, Pub. L. 93-463, 88 Stat. 1389 (1974), entered orders designating ten boards of trade as contract markets for certain commodities, as follows:

(1) The Board of Trade of the City of Chicago as a contract market for plywood, stud lumber, silver, gold, and iced broilers;

(2) The Chicago Mercantile Exchange as a contract market for lumber and frozen turkeys;

(3) The Commodity Exchange, Inc. as a contract market for gold, silver and copper;

(4) The International Monetary Market of the Chicago Mercantile Exchange as a contract market for gold, United States silver coins, copper, German Deutsche Marks, Japanese Yen, Swiss Francs, French Francs, Canadian Dollars, Mexican Pesos, Dutch Guilders, and Pounds Sterling;

(5) The MidAmerica Commodity Exchange as a contract market for silver, gold and United States silver coins;

(6) The New York Cocoa Exchange, Inc. as a contract market for cocoa and natural rubber;

(7) The New York Coffee and Sugar Exchange, Inc. as a contract market for coffee and sugar;

(8) The New York Mercantile Exchange as a contract market for British Pound Sterling, Canadian Dollar, Deutsche Mark, Dutch Guilder, heating oil, industrial fuel oil, Italian Lira, Japanese Yen, Mexican Peso, Swiss Franc, Belgian Franc (commercial), gold, palladium, platinum, and United States Silver coins;

(9) The Pacific Commodities Exchange, Inc. as a contract market for silver; and

(10) The Petroleum Associates of the New York Cotton Exchange, Inc. as a contract market for crude oil and liquefied propane gas.

Appended to this notice are the orders granting designation of the named boards of trade as contract markets for the commodities listed.[1] Accompanying each order is a letter reviewing some of the Commission's considerations in evaluating the applications.

Because of the time constraints imposed by the Act, the Commission was unable to conduct an in-depth study of all bylaws, rules, regulations, resolutions, practices, procedures and stated policies ("rules") of the contract markets; however, the Commission will be conducting such a review of contract market rules on a continuing basis, including a review pursuant to section 5a (12) of the Act. See, 40 FR 25849 (June 19, 1975) and 40 FR 30107 (July 17, 1975). Nevertheless, from the review that was conducted, the Commission observed a number of rules that generally need review and possible amendments. These matters are discussed in the letters accompanying the Commission's orders.

Issued in Washington, D.C. on August 5, 1975.

By the Commission.

WILLIAM T. BAGLEY,
*Chairman, Commodity Futures Trading Commission.*

## ENVIRONMENTAL PROTECTION AGENCY

[FRL 414-7; PFT2]

### MOBAY CHEMICAL CORP.

#### Filing of Food Additive Petition

A petition proposing the establishment of a food additive tolerance for residues of a pesticide in an experimental use program has been filed with the Environmental Protection Agency (EPA). Notice is given pursuant to the provisions of section 409(b)(5) of the Federal Food, Drug and Cosmetic Act. The petition and proposal is:

FAP5H5095. Chemagro Agricultural Div. of Mobay Chemical Corp., Box 4913, Kansas City MO 64120, proposes establishment of food additive tolerances (21 CFR Parts 123 and 561) for residues of the insecticide fenthion (O,O-dimethyl O-[3-methyl-4-(methylthio)phenyl phosphorothioate) in food commodities at 1 part per million, resulting from the use of the insecticide in a proposed experimental program involving application in food handling establishments.

[1] Orders filed as part of the original document.

Interested persons are invited to submit written comments on this notice to the Federal Register Section, Technical Services Division (WH-569), Office of Pesticide Programs, Environmental Protection Agency, Room 401, East Tower, 401 M St. SW, Washington DC 20460. Three copies of the comments should be submitted to facilitate the work of the EPA and others interested in inspecting them. The comments should be submitted as soon as possible and should bear a notation indicating the subject (PFT2). Comments may be made at any time while a petition is pending before the Agency. All written comments filed pursuant to this notice will be available for public inspection in the office of the Federal Register Section from 8:30 a.m. to 4:00 p.m. Monday through Friday.

Dated: August 5, 1975.

MARTIN H. ROGOFF,
*Acting Director Registration Division.*

## FEDERAL POWER COMMISSION

[Docket No. ER76-16]

### ALABAMA POWER CO.

#### Filing of Initial Rate Schedule

AUGUST 5, 1975.

Take notice that on July 21, 1975, Alabama Power Company (Alabama), tendered for filing a Service Agreement dated April 16, 1975, with Wiregrass Electric Cooperative, Inc. (Wiregrass). Alabama states that it will serve the electrical requirements of Wiregrass pursuant to its FPC Electric Tariff, Original Volume No. 1, incorporating Revision No. 1 Rate Schedule REA-1 which was filed on June 17, 1974 and allowed by the Commission to become effective subject to refund in its order in FPC Docket No. E-8851 issued September 12, 1974. Alabama's filing includes a Sixth Revised Sheet No. 39 to supersede Fifth Revised Sheet No. 39, to the Index of Purchasers Section of FPC Electric Tariff, Original Volume No. 1.

Alabama requests a waiver of the 30 day notice requirement due to the fact that Wiregrass has requested service as soon as possible. Alabama states that it intends to commence service to Wiregrass on or about August 1, 1975.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 18, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[Docket No. RP72-110, PGA76-1A]

### ALGONQUIN GAS TRANSMISSION CO.

#### Rate Change Pursuant to Purchased Gas Cost Adjustment Provision

AUGUST 5, 1975.

Take notice that Algonquin Gas Transmission Company (Algonquin Gas), on July 16, 1975, as revised on July 28, 1975, tendered for filing Fourth Substitute, Sixth Revised Sheet No. 10 to its FPC Gas Tariff, First Revised Volume No. 1.

This tariff sheet is being filed pursuant to Algonquin Gas' Purchased Gas Cost Adjustment Provision set forth in Section 17 of the General Terms and Conditions of its FPC Gas Tariff, First Revised Volume No. 1. The rate adjustment, amounting to an increase of 1.14¢ per MMBtu in Algonquin Gas' sales rates under applicable rate schedules, is being filed to amortize the balance in Algonquin Gas' Unrecovered Purchased Gas Cost Account.

The proposed effective date of the revised tariff sheet is September 1, 1975.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8, 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[Docket No. ER76-24]

### APPALACHIAN POWER CO.

#### Filing

AUGUST 5, 1975.

Take notice that Appalachian Power Company (APCO) on July 25, 1975, tendered for filing the following documents:

1. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 2 to Appalachian Power Company's Rate Schedule No. 27, applicable to service to the City of Martinsville, Virginia;

2. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 31, applicable to service to Black Diamond Power Company (Elkhurst);

3. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 32, applicable to service to Black Diamond Power Company (East Hartland);

4. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 33, applicable to service to Black Diamond Power Company (Chattaroy);

5. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 34, applicable to service to Black Diamond Power Company (Sophia);

6. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 35, applicable to service to Chesapeake Light and Water Company;

7. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 36, applicable to service to Elk Power Company;

8. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 37, applicable to service to Elkhorn Public Service Company (Elkhorn);

9. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 38, applicable to service to Elkhorn Public Service Company (McDowell);

10. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 40, applicable to service to Kimball Light and Water Company;

11. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 4 to Appalachian Power Company's Rate Schedule No. 43, applicable to service to Standard Utility Service Corporation;

12. Revised fuel adjustment clause to supersede and replace the present fuel

adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 4 to Appalachian Power Company's Rate Schedule No. 44, applicable to service to United Light and Power Company:

13. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 46, applicable to service to Union Power Company (Rhodell);

14. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 4 to Appalachian Power Company's Rate Schedule No. 47, applicable to service to Union Power Company (Mullens);

15. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. * to Appalachian Power Company's Rate Schedule No. 48, applicable to service to Virginia Polytechnic Institute and State University;

16. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 3 to Appalachian Power Company's Rate Schedule No. 49, applicable to service to War Light and Power Company;

17. Revised fuel adjustment clause to supersede and replace the present fuel adjustment clause contained in "Rate Schedule WS" filed as part of Supplement No. 1 to Appalachian Power Company's Rate Schedule No. 54, applicable to service to the Town of Richlands, Virginia.

Apco states that its filing is made to comply in all respects with the requirements of Section 35.14 of the Commission's Rules and Regulations, as amended by the Commission's Order No. 517.

Apco states that copies of the filing were served upon Appalachian Power Company's affected customers, the State Corporation Commission of Virginia and the West Virginia Public Service Commission.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 21, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

## CAROLINA POWER AND LIGHT CO.

### Further Extension of Procedural Dates

AUGUST 4, 1975.

On June 26, 1975 and on July 28, 1975, ElectriCities of North Carolina and the Cities of Bennettsville and Camden, South Carolina (ElectriCities) filed motions to extend the procedural dates fixed by order issued August 26, 1974, as most recently modified by notice issued June 2, 1975, in the above-designated matter.

Upon consideration, notice is hereby given that the procedural dates in the above matter are modified as follows:

Service of Intervenor Testimony, September 29, 1975.
Service of Staff Testimony, October 30, 1975.
Service of Company Testimony, November 13, 1975.
Service of Intervenor Rebuttal, November 26, 1975.
Hearing, December 17, 1975 (10:00 a.m. EST).

By direction of the Commission.

[Docket No. E-9506]

## CENTRAL ILLINOIS PUBLIC SERVICE CO.

### Filing of Supplemental Data

AUGUST 1, 1975.

Take notice that on July 28, 1975, Commonwealth Edison Company (Edison) tendered supplemental data intended to make complete its original filing of June 20, 1975. This data consists of Edison's Certificate of Concurrence to the Amendment to existing rate schedule as filed by Central Illinois Public Service Company on June 20, 1975. This action is in response to a deficiency letter issued by the Secretary of the Federal Power Commission.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

## CITY OF CLEVELAND, OHIO V.S. CLEVELAND ELECTRIC ILLUMINATING CO.

### Conference

AUGUST 5, 1975.

Pursuant to Section 1.3 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 1.3), notice is hereby given that a public conference shall be convened on August 14, 1975, at the Office of the Federal Power Commission, 825 North Capitol Street, N.E. Washington, D.C. 20426, at 10:00 AM in Conference Room 8402. This conference will be of record. This conference is a continuation of the Commission's inquiry under Sections 202 (b) and (c) of the Federal Power Act, 16 U.S.C. §§ 824a (b) and (c), Opinion No. 644, issued January 11, 1973, Opinion No. 644-A issued March 9, 1973, and Order Directing Compliance with Previous Orders and Denying Motion, issued April 8, 1974. This inquiry is independent of matters now pending for which hearings were held on November 25-27, 1974, although information obtained may be used by any party and will be a part of the public file.

The purpose of this conference is to obtain further information and discussion regarding the situation now obtaining between the City of Cleveland, Ohio (City) and the Cleveland Electric Illuminating Company (CEI), relating to the subject matter of a motion filed with the Commission by CEI on June 9, 1975, and responded to by the City on June 24, 1975. The City is hereby ordered to produce evidence demonstrating the amount of funds currently in the escrow account which was ordered established as a repository for disputed amounts due and owing by Commission order issued April 8, 1974. The City is further ordered to produce evidence showing all payments made to CEI since April 8, 1974, as remuneration for services received over the 11 kv load transfer points, the 69 kv emergency interconnection and the 138 kv permanent interconnection. CEI is hereby ordered to provide evidence demonstrating the amount of disputed funds that it believes should be on deposit in the escrow account. CEI is further ordered to produce evidence demonstrating the amount of services rendered via the 11 kv load transfer points, the 69 kv interconnection and the 138 kv interconnection, charges for such services, and remunerations received therefor since April 8, 1974.

[Docket No. ER76-30]

## CONNECTICUT LIGHT AND POWER CO.

### Termination

AUGUST 1, 1975.

Take notice that the Connecticut Light and Power Company (CL&P) tendered for filing on July 28, 1975, a Notice of Termination of FPC Rate Schedule No. CL&P 108, HELCO 88, and WEMCO 102, effective January 29, 1975, and terminated in accordance with its terms, effective April 30, 1975. CL&P states that notice of the proposed termination has been served upon Public Service Company of New Hampshire, The Hartford Electric Light Company, and Western Massachusetts Electric Company.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 18, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. CP76-21]

## EASTERN SHORE NATURAL GAS CO.

### Application

AUGUST 1, 1975.

Take notice that on July 18, 1975, Eastern Shore Natural Gas Company (Applicant), P.O. Box 615, Dover, Delaware 19901, filed in Docket No. CP76-21 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation of natural gas in interstate commerce for storage by Consolidated Gas Supply Corporation (Consolidated) for the benefit of Applicant's customers, Stauffer Chemical Company (Stauffer) and General Foods Corporation (General Foods), all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant requests authorization to render a service whereby deliveries of natural gas would be made by Transcontinental Gas Pipe Line Corporation (Transco) to Consolidated for injection into Consolidated's storage facilities from April 16 through November 15, in 1975 and 1976. Transco would return the gas, stored by Consolidated, from November 16, 1975, through April 15, 1976, and November 16, 1976, through April 15, 1977, to Applicant for the benefit of Stauffer and General Foods. Applicant states that Consolidated would charge rates in accordance with its Rate Schedule GSS[1] for the service rendered. The proposed volumes that would be made available are as follows:

| | Capacity volumes (thousand cubic feet) | Daily demands (thousand cubic feet) |
|---|---|---|
| Stauffer | 230,000 | 2,800 |
| General Foods | 20,000 | 185 |
| Total | 250,000 | 2,985 |

It is stated that no additional facilities would be constructed to implement the proposed plan.

The proposed storage plan is said to be in the public interest because it would assist Stauffer and General Foods in meeting their peak demands during the coldest days of the winter. The gas stored pursuant to the proposed plan would be used as feedstock and in food processing, it is alleged.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 27, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requiremens of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of

[1] The Rate Schedule GSS is indicated to provide for the following charges:

| | Before 5 percent State tax | After 5 percent State tax |
|---|---|---|
| Demand charge per thousand cubic feet of demand per month | $3.42 | $3.591 |
| Capacity volume charge per thousand cubic feet per month | .014 | .0147 |
| In charge per thousand cubic feet | .01 | .0105 |
| Out charge per month | .01 | .0105 |

the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
*Secretary.*

[Docket No. ER76-31]

## HARTFORD ELECTRIC LIGHT CO.

### Termination

AUGUST 5, 1975.

Take notice that on July 28, 1975, Hartford Electric Light Company (HELCO) tendered for filing Notice of Termination of FPC Rate Schedule No. 94, which became effective April 1, 1975, and was terminated in accordance with its terms. HELCO states that the termination became effective April 30, 1975, and that notice of the proposed termination has been served on Central Maine Power Company.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 18, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-21005 Filed 8-11-75;8:45 am]

[Docket No. RP73-23, RP75-104, PGA75-5a]

## LAWRENCEBURG GAS TRANSMISSION CORP.

### Filing of Tariff Sheets

AUGUST 4, 1975.

Take notice that on July 14, 1975, Lawrenceburg Gas Transmission Corporation (Lawrenceburg) tendered for filing Substitute Eleventh Revised Sheet No. 3-A to its FPC Gas Tariff, Original Volume No. 1 to replace a previously filed tariff sheet.

Lawrenceburg states that on June 26, 1975, it tendered for filing, under the terms of its Purchased Gas Cost Adjustment Provision, Eleventh Revised Sheet No. 3-A to its FPC Gas Tariff, Original Volume No. 1, in order to track a reduction in its cost of gas purchased from Texas Gas Transmission Corporation, proposed to become effective August 1, 1975.

Lawrenceburg states that subsequent to its June 26, 1975 filing, it received Commission authorization, by Order issued June 27, 1975, to place into effect on July 1, 1975, a general increase in its jurisdictional wholesale natural gas rates that it had filed on May 29, 1975 at Docket No. RP75-104.

Lawrenceburg states that in order to properly track Texas Gas' August 1, 1975 rate reduction to the revised effective July 1, 1975 tariff rates, it has submitted the subject substitute tariff sheet in which it has applied its August 1, 1975 purchased gas adjustment to the revised base rates established at Docket No. RP75-104. The revised base rates were filed on July 10, 1975 in tariff sheet Tenth Revised Sheet No. 3-A of FPC Gas Tariff, Original Volume No. 1 in compliance with Ordering Paragraph (D) of Commission Order issued June 27, 1975.

Lawrenceburg has requested waiver of the Commission's Regulations to permit its substitute tariff sheet to become effective August 1, 1975 and states that copies of its filing have been mailed to its wholesale customers, and interested state commissions.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 22, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. ER76-23]

## MINNESOTA POWER AND LIGHT CO.

### Filing of Amendment to Sale Agreement

AUGUST 5, 1975.

Take notice that on July 25, 1975, Minnesota Power and Light Company (Minnesota) tendered for filing an Amendment to the Sale of Electric Capacity and Energy Agreement dated May 2, 1975, between Minnesota and Lake Superior District Power Company. Minnesota states that the capacity Agreement dated September 27, 1971, amended by a Letter Agreement dated August 22, 1973, provides therein for changing this Capacity Agreement. Minnesota's filing includes a statement of revenue comparisons for the twelve preceding months ending April 1975 and the twelve succeeding months ending April 1976. An effective date is requested as soon as possible under the Commission's Regulations.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[Docket No. ER76-25]

## MINNESOTA POWER & LIGHT CO.

### Filing of Service Agreement

AUGUST 5, 1975.

Take notice that on July 28, 1975, Minnesota Power & Light Company (Minnesota) tendered for filing a firm power Electric Service Agreement dated May 1, 1975, between Minnesota and the City of Buhl, Minnesota. Minnesota states that this Agreement supersedes and replaces the Municipal Interchange Agreement dated January 22, 1973, in FPC Rate Schedule No. 113, and the proposed firm power billings are on Schedule 90, which is the Schedule contained in Minnesota's filing of November 16, 1973, assigned FPC Docket No. E-8494. The rate was placed into effect under bond on July 19, 1974.

Minnesota states further that the service provided for in this Agreement has been included in its application for a change in rate filed with the Commission on June 18, 1975, and assigned FPC Docket No. E-9502. Minnesota requests that this Agreement become effective as soon as possible under the Commision's Regulations.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20992 Filed 8-11-75;8:45 am]

[Docket No. ER76-38]

## MISSISSIPPI POWER & LIGHT CO.

### Filing of Letter Agreement

AUGUST 1, 1975.

Take notice that on July 28, 1975, Mississippi Power & Light Company (MP&L) tendered for filing a Letter Agreement, dated June 26, 1975, between the Tennessee Valley Authority (TVA) and MP&L. MP&L states that the Agreement provides for MP&L, at the request of the TVA, to extend for three weeks (through July 19, 1975) the period during which short-term power and energy would be made available under the same terms and conditions as set forth in the Letter Agreement between these parties dated June 26, 1975, designated Supplement No. 20 to Rate Schedule FPC No. 35.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 15, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-21006 Filed 8-11-75;8:45 am]

[Docket Nos. RP72-149, RP75-20 and PGA75-11]

## MISSISSIPPI RIVER TRANSMISSION CORP.

### Order Granting Reconsideration of Prior Orders, Accepting and Suspending Proposed PGA Rate Increase, and Consolidating Proceedings

AUGUST 5, 1975.

On June 24, 1975, Mississippi River Transmission Corporation (MRT) tendered for filing Thirty-Second Revised Sheet No. 3A to its FPC Gas Tariff, First Revised Volume No. 1, which (1) reflects changes in the cost of gas purchased from Trunkline Gas Company (Trunkline) and the Natural Gas Pipeline Company of America (Natural), and (2) provides for the recovery of previously disallowed Mills Ranch Field gas costs through a deferred cost adjustment. Concurrently therewith, and in support of the proposed recovery of Mills Ranch costs, MRT filed a motion for reconsideration of the prior Commission orders disallowing that recovery. MRT proposes an effective date of August 1, 1975 for the subject changes. Alternatively, MRT in effect requests that we grant limited reconsideration to permit acceptance and a one-day suspension of the tendered sheet, and consolidate the matter of recovery of the amount in MRT's deferred account applicable to its purchases of gas in the Mills Ranch Field during the period December 1974 through March 1975 with MRT's pending rate proceeding at Docket No. RP75-20.

Notice of the subject filing was issued on July 8, 1975 with protests and petitions to intervene due on or before July 14, 1975. No such protests or petitions have been received.

That portion of the instant PGA filing which deals with the Mills Ranch costs represents another attempt by MRT to recoup through the PGA clause of its FPC gas tariff the revenue losses which it incurs during the period from December to March when it sells volumes to Natural at a price lower than that which it pays producers in the Mills Ranch Field. We disallowed recovery of those costs by this method for the December 1974 through March, 1975 period in our April 24, 1975 order in Docket No. RP72-149, *et al.*, and denied MRT's application for rehearing of that order on May 19, 1975.

The subject sales from MRT to Natural were certificated for a period of two years by order issued January 11, 1974 in Docket No. CP74-29 and CP74-41.[1] In support of its instant motion for reconsideration, MRT essentially confines itself to reconstructing the history of these certificated sales in an effort to justify its current tariff filing by demonstrating the benefit which each affected party derives from this arrangement with Natural. We have had recent occasion to explore this history, both in the instant proceeding and in the proceedings recently concluded in Docket Nos. CP75-224 and CP75-226.[2] In the latter consolidated proceedings, MRT and Natural sought and were granted long-term certificates of public convenience and necessity permitting Natural to transport up to 200,000 Mcf per day of MRT's Mills Ranch volumes, 66% of which will ultimately be redelivered to MRT in Illinois and Arkansas. The remainder will be sold to Natural at 85% of the average price which MRT has paid producers for the gas during a given month. In return for the gas and the 15% reduction, Natural transports the MRT volumes free of charge, save for Natural's cost of fuel and incremental transportation expenses. This agreement becomes effective upon expiration of the existent two-year certificate, and has the comparative advantage of making price to Natural a function of cost to MRT, rather than a fixed amount per Mcf, the reasonableness of which can vary according to factors beyond the control of the parties.

In the proceedings at Docket No. CP75-224 and CP75-226, MRT convincingly demonstrated that the 15% of purchase price which it loses on the sales to Natural should be treated as a transportation expense rather than a cost of purchased gas. It was for this reason that we conditioned our June 19, 1975 grant of certificates therein so as to prevent MRT from recovering the 15% difference through use of the purchased gas clause of its FPC tariff.

Strict application of the above reasoning to the facts at bar would produce the same result: disallowance as a cost of purchased gas of the loss which MRT sustains on the gas sold to Natural. After re-examining all aspects of the subject sales, however, we are of the opinion that neither the certificate which we issued in Docket No. CP74-29, which contained no proviso prescribing treatment to be accorded losses incurred in connection with the sales there in issue, nor Section 17 of the General Terms and Conditions of MRT's FPC Gas Tariff provides a dispositive statement to how these losses should be allocated. While we are certainly not persuaded that MRT should be allowed as a matter of right to recover these losses in whole or in part from its jurisdictional ratepayers through the purchased gas clause of its tariff, we are nevertheless convinced that MRT should at least be afforded the opportunity to present and develop its case in support thereof at formal hearing. Further, we foresee no irreparable harm in permitting MRT its requested suspension, subject to refund, pending hearing and disposition of this matter. In this connection, we are mindful that Laclede Gas Company (Laclede), MRT's largest resale customer and the sole protestant in the instant proceeding, advocated such an approach in its April 10, 1975 Protest and Petition to Intervene and again in its May 19, 1975 Statement in response to our May 6 and May 12, 1975 Notices of MRT's PGA filings.

Upon reconsideration of our orders of April 24, 1975 and May 19, 1975, we find MRT's alternative request to be reasonable and proper, neither unduly burdensome to, nor opposed by, any party to the instant proceeding. We will therefore grant MRT the requested waiver, accept its June 23, 1975 filing, and allow the changes proposed therein to become effective, subject to refund, on August 2, 1975. Our review of that portion of the subject filing which proposes to track the changes in the Trunkline and Natural filings indicates that said changes are just and reasonable and therefore need not undergo suspension. Accordingly, our suspension of the subject filing is without prejudice to MRT's right to submit a revised filing, to be effective August 1, 1975, which tracks the Trunkline and Natural changes but excludes the 1.06 cents per Mcf deferred cost recovery adjustment pertaining to the MRT sale of Mills Ranch volumes to Natural. Pursuant to MRT's request and our order of May 19, 1975, we shall order the matter of recovery of said amounts consolidated with MRT's pending major rate proceeding in Docket No. RP75-20.

*The Commission finds:*

(1) Good cause has been shown to grant MRT's June 24, 1975 Motion for Reconsideration of Orders of May 19, 1975 and April 24, 1975 in the instant proceeding.

[1] *Mississippi River Transmission Corporation*, Docket No. CP74-29; *Natural Gas Pipeline Company of America*, Docket No. CP74-41.

[2] *Natural Gas Pipeline Company of America*, Docket No. CP75-224. *Mississippi River Transmission Corporation*, Docket No. CP75-226.

VOL 40 NO 156 AUG 12 75 XU

(2) It is necessary and appropriate in the public interest and to aid in the enforcement of the Natural Gas Act that the proposed filing submitted by MRT on June 23, 1975 be accepted for filing, suspended and permitted to become effective August 2, 1975, subject to refund.

(3) The proposed changes other than those increased costs associated with the sale by MRT of Mills Ranch volumes to Natural have been reviewed and found fully justified and in compliance with the standards set forth in Docket No. R-406.

(4) The matter of recovery of the costs associated with the sale by MRT of Mills Ranch volumes to Natural should be consolidated with the pending proceedings in Docket No. RP75-20.

*The Commission orders:*

(A) MRT's June 24, 1975 Motion for Reconsideration of Orders of May 19, 1975 and April 24, 1975 in this proceeding is hereby granted, as provided in Ordering Paragraphs (B) and (E), below.

(B) MRT's Thirty-Second Revised Sheet No. 3A to its FPC Gas Tariff, First Revised Volume No. 1 is hereby accepted for filing, suspended, and permitted to become effective August 2, 1975, subject to refund, pending further Commission order in this docket.

(C) Waiver of the Commission's notice requirements is hereby granted.

(D) Within 15 days of the issuance hereof MRT may file to become effective August 1, 1975 a substitute tariff sheet reflecting costs other than those described in Docket Nos. RP72-149 and PGA 75-11 as being associated with the sale by MRT of Mills Ranch volumes of gas to Natural, which sale was certificated in Docket No. CP74-29.

(E) That portion of Docket Nos. RP72-149 and PGA75-11 dealing with the recovery of costs associated with the subject sales to Natural is hereby consolidated for purposes of hearing and disposition with the pending proceedings in Docket No. RP75-20.

(F) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20993 Filed 8-11-75;8:45 am]

---

[Docket No. RP72-149]

## MISSISSIPPI RIVER TRANSMISSION CORP.

### Proposed Change in Rates

AUGUST 1, 1975.

Take notice that Mississippi River Transmission Corporation (Mississippi) on July 25, 1975 submitted Second Substitute Thirty-Second Revised Sheet No. 3A to its FPC Gas Tariff, First Revised Volume No. 1, proposed to become effective August 1, 1975.

The instant tariff sheet is being submitted pursuant to Purchased Gas Cost Adjustment (PGCA) clause of Mississippi's tariff to reflect rates filed by Trunkline Gas Company (Trunkline) pursuant to the Federal Power Commission's Order Approving Settlement and Determining Reserved Issue in Trunkline's Docket No. RP74-89 rate proceeding. Mississippi requested that such tariff sheet be substituted for Substitute Thirty-Second Revised Sheet No. 3A. (Substitute Thirty-Second Revised Sheet No. 3A itself was tendered by Mississippi on July 17, 1975 in substitution for Thirty-Second Revised Sheet No. 3A, which had been submitted to the Commission under date of June 23, 1975 concurrently with the "Motion of Mississippi River Transmission Corporation Requesting Reconsideration of Orders of May 19 and April 24, 1975, and Issuance of an Order Authorizing Recovery of Mills Ranch Field Gas Costs.")

Mississippi also submitted therewith Alternate Second Substitute Thirty-Second Revised Sheet No. 3A in the event the Commission granted the Alternate tariff sheet submitted by Trunkline, proposed to become effective August 1, 1975.

Mississippi submitted schedules containing computation supporting the rate changes to be effective August 1, 1975. Mississippi states that copies of its filing were served on Mississippi's jurisdictional customers and the State Commissions of Arkansas, Illinois and Missouri.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 15, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene unless such petition has previously been filed. Copies of the filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-21007 Filed 8-11-75;8:45 am]

---

[Docket No. RM75-14]

## NATURAL GAS

### National Rates for Jurisdictional Sales; Order Denying Rehearing

AUGUST 4, 1975.

In the matter of National rates for jurisdictional sales of natural gas dedicated to interstate commerce on or after January 1, 1973, for the period January 1, 1975 to December 31, 1976.

On July 14, 1975, The Superior Oil Company (Superior) filed an application for rehearing and a request for a stay of the Commission's order issued June 13, 1975, in the above-entitled proceeding. By the June 13 order the Commission instituted an investigation to inquire further into the gas reserves relating to the Gulf of Mexico 1971-1972 new field gas discoveries.

On July 24, 1975, we issued an order denying the applications for rehearing filed by a number of the producers in this proceeding.

We also denied motions for a stay of the June 13 order but provided that any information submitted pursuant to the June 13 order would not be placed in the public files until August 11, 1975. For the same reasons set forth in the July 24 order we shall deny Superior's application for rehearing and its request for a stay.

The application for rehearing filed herein presents no new facts or principles of law which were not fully considered by the Commission in its June 13 order, or, which having now been considered, warrant any modification of that order.

*The Commission orders:*

(A) The application for rehearing filed herein is denied.

(B) The motion for a stay is denied.

By the Commission.

[Docket No. R-472]

## NATURAL GAS

### Report of Alternate Fuel Demand; Extension of Time

AUGUST 1, 1975.

In the matter of report of the alternate fuel demand of direct end use customers of interstate pipeline companies due to natural gas curtailments, FPC Form No. 69.

On July 25, 1975, El Paso Natural Gas Company and Arkansas-Missouri Power Company filed motions to extend the time within which to file FPC Form No. 69 as fixed by order issued June 25, 1975, in the above-designated matter.

Upon consideration, notice is hereby given that El Paso Natural Gas Company and Arkansas-Missouri Power Company have until September 2, 1975, to file FPC Form No. 69.

KENNETH F. PLUMB,
*Secretary.*

---

[Docket No. CP75-16, CP75-81, CP75-104]

## NATURAL GAS PIPELINE CO. OF AMERICA, ET AL.

### Reconvening Public Informal Conference

AUGUST 4, 1975.

In the matter of Natural Gas Pipeline Company of America, Texas Offshore Pipeline System, Inc., Amtex Offshore Pipe Line Company.

Take notice that on May 22, 1975, a public informal conference was convened, twice recessed to permit the applicants to meet separately on certain technical aspects and reconvened on June 27, 1975,[1] with respect to the applications filed in Docket Nos. CP75-16, CP75-81 and CP75-104, to explore the possibility of, *inter alia*, a single project with appropriate transmission arrangements made for the other applicants.

At the latter meeting, applicants reported that substantial progress had been made to date in the development of a joint approach to the three projects contemplated. However, in view of the complexity of the matters involved in formulation of such proposal, applicants requested the opportunity for an additional technical meeting for further discussion of this matter and were permitted to do so.

In order to facilitate the ongoing cooperative effort manifested by the applicants herein, the public informal conference will reconvene at 2:00 p.m. on August 22, 1975, in Room 5200 at the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20994 Filed 8-11-75;8:45 am]

[1] Notices of the Public Informal Conference were published in the Federal Register on May 13, 1975, (40 FR 20806), June 4, 1975, (40 FR 24055), and June 19, 1975, (40 FR 25859).

---

[Docket No. RP76-1]

## NATURAL GAS PIPELINE CO. OF AMERICA

### Petition To Change to Last-in-First-Out Method of Accounting for Storage Gas Withdrawals

AUGUST 5, 1975.

Take notice that on July 15, 1975, Natural Gas Pipeline Company of America (Natural) filed herein a petition requesting the Commission to approve a change from the average cost method to the last-in-first-out (LIFO) method of accounting for storage gas withdrawals commencing October 1, 1975. In support of its request, Natural states that under its existing average cost method, it is experiencing a growing disparity between the cost of purchased gas and gas withdrawn from storage. As a result, Natural states, there is a mismatching of costs and revenues.

Any person desiring to be heard or to make protest with reference to said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All such petitions or protests should be filed on or before August 18, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Natural's filing is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75-20995 Filed 8-11-75;8:45 am]

---

[Docket No. CP76-31]

## NORTHERN NATURAL GAS CO.

### Notice of Application

AUGUST 4, 1975.

Take notice that on July 28, 1975, Northern Natural Gas Company (Applicant), 2223 Dodge Street, Omaha, Nebraska 68102, filed in Docket No. CP76-31 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation of up to 5,200 Mcf of gas per day during the period between March 27 and October 26, (summer period) each year for Minnesota Gas Company (Minnesota), all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant states that Minnesota has advised it that in order for Minnesota to assure maintenance of reliable and adequate service to its firm and small volume customers, Minnesota has entered into an agreement with Northern States Power Company (NSP) whereby NSP would accept certain volumes of gas at the St. Paul TBS at Inver Grove, Dakota County, Minnesota, from Applicant for the account of Minnesota. NSP would transport such gas, it is stated, to NSP's Westcott liquefied natural gas (LNG) plant where the gas would be liquefied and stored for Minnesota. It is stated that redelivery would be made by tank truck.

Applicant states that it has agreed to transport and deliver up to 5,200 Mcf of natural gas per day for the account of Minnesota in the summer period and at Minnesota's request, subject to Applicant's approval, on days outside the summer period.

Applicant states that it would be paid an annual demand charge for the proposed transportation which would be calculated as the product of (1) 03.9531 cents per Mcf/mile demand charge as proposed in the proceeding pending in Docket No. RP75-89[1] (2) the maximum daily volume to be delivered to NSP under the subject agreement for the summer period and (3) 10.24 (which is stated to be the mileage from Farmington to Inver Grove).

Applicant states that it proposes no new facilities for the proposed service.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 29, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Northern's filing is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[1] Order published in FEDERAL REGISTER on May 23, 1975 (40 FR 22598), as amended.

[Docket No. E-9497]

## OHIO EDISON CO.

### Order Accepting for Filing and Suspending Proposed Rate Increase, Granting Interventions, and Establishing Dates

AUGUST 5, 1975.

On June 13, 1975, Ohio Edison Company (Ohio) tendered for filing revised tariff sheets for firm power service to twenty municipal wholesale customers (Cities).[1] The proposed rates would increase revenues from the Cities by $4,397,000 (21.8%) for the twelve month period ending June 30, 1976, which is Period II, and would amend the fuel clause to conform to Order No. 517, issued November 13, 1974. Ohio proposes an effective date of August 13, 1975, for these changes.

Ohio states that the reason for the increase in rates is that the present rates are inadequate to provide a basis for attracting capital on reasonable terms and to permit issuance of senior securities. Ohio states that the reason for the change in the fuel adjustment cluases is to bring them into conformity with § 35.-14 of the Commission's Regulations.

Notice of Ohio's filing was issued on June 20, 1975, with comments, protests, or petitions to intervene due on or before July 7, 1975. On June 25, 1975, City of Wadsworth, Ohio, filed a letter requesting extension of the notice period until July 14, 1975. The Acting Secretary on July 1, 1975, issued a notice extending the notice period until July 14, 1975.

On July 14, 1975, the Cities filed a joint petition styled as a "PETITION OF THE CITIES OF AMHERST, BEACH CITY, OHIO, ET AL., FOR LEAVE TO INTERVENE, COMPLAINT AND REQUEST FOR SUSPENSION OF RATE SCHEDULES." The Cities allege, *inter alia*, that the proposed increase follows closely on the heels of Ohio's last increase approved by the Commission on March 2, 1973, and would work a severe hardship on the Cities in that it could jeopardize their financial soundness and could impair their ability to meet obligations to holders of oustanding bonds; and that Ohio was granted a temporary emergency rate increase by the Public Utilities Commission of Ohio (PUCO) to various classes of retail customers on February 13, 1975, and that when the final amount of this retail rate increase approved is determined, the Cities could face a "price squeeze" in competing with Ohio for retail industrial loads in the face of Ohio's proposed wholesale rates herein.

The Commission must utilize a cost plus fair return standard for establishing the justness and reasonableness of wholesale rates and does not have the authority under the Federal Power Act to set wholesale rates predicated upon retail rates over which we have no jurisdiction.[2] We shall therefore limit this proceeding so as to exclude consideration of the price squeeze issue. We are aware of Cities' reliance upon *Conway Corporation* v. *F.P.C.*, 510 F. 2d 1264 (1975). However the court in *Conway* stayed its mandate pending appeal by the Commission. Accordingly, Cities may renew its request for consideration of the price squeeze issue when and if the *Conway* decision becomes final.

The Cities allege that suspension for the full statutory period is proper in this case. We believe that the circumstances of this case indicate thirty day suspension is proper. *Municipal Light Boards of Reading and Wakefield, Mass.* v. *F.P.C.*, 450 F.2d 1341 (D.C. Cir. 1971), *cert. den.*, 405 U.S. 989 (1972). The Cities request that they be permitted to intervene.

Evidence relevant to the issues raised by the instant filing should be submitted by all parties including the Commission Staff. Without limiting the rights of the parties, including Staff, in presenting such further evidence as they deem relevant and material, we hereby direct that the parties and our Staff present evidence which addresses itself to the following matters. We note that in our Order Approving Rate Settlement, in Docket No. E-7705, issued August 29, 1973, we specifically found a return on common equity of 11.79 percent and an overall return of 7.75 percent as just and reasonable for Ohio's service to these Cities. Ohio is requesting herein that it be allowed a rate of return on common equity of 15.27 percent and an overall rate of return of 10.00 percent. All parties, including Staff, are directed to present evidence specifying the factors justifying change from the rates of return we have previously approved for service to these Cities. We further note that Ohio states that its estimated construction program over the next five years is $1.44 billion and may be over $1.9 billion. All parties, including Staff, are directed to present evidence as to how their rate of return recommendations relate to Ohio's alleged financing requirements and should address themselves specifically to Ohio's statements that it has low interest coverage ratios and is currently blocked from issuance of first mortgage bonds; that Moody's has downgraded Ohio's bonds from Aaa to Aa in August, 1974, and Standard and Poor's has reduced the preferred stock rating from aa to a in January, 1975; that the market price of Ohio's stock is less than book value, resulting in the dilution of existing stockholders equity when common stock is sold; that earnings are currently barely above Ohio's current dividend; and that allowance for funds used during construction were 55% of total earnings per share for the twelve months ended April, 1975. A review of Ohio's submittal indicates that among other things, it reduced rate base by the amount of accumulated provision for deferred Federal income taxes (Account 281); functionalized general plant, common plant, and administrative and general expenses on functional plant ratios, allocated operation and maintenance expenses; and included fuel expense in the allowance for cash working capital.

Our review of Ohio's proposed rates filed herein indicates that the proposed rates have not been shown to be just and reasonable. We shall, therefore, accept Ohio's tendered tariff sheets for filing and suspend the use thereof for thirty days, when they will be permitted to become effective subject to refund. We shall also provide for an evidentiary hearing to test the lawfulness of the proposed rates.

*The Commission finds:*

(1) Ohio's filing should be accepted for filing and suspended for thirty days, as hereinafter ordered.

(2) It is necessary and proper in the public interest and to aid in the enforcement of the Federal Power Act that the Commission enter upon a hearing concerning the lawfulness of Ohio's proposed rate changes.

(3) "Price-squeeze" issues should be excluded from the proceeding hereinafter established.

(4) The participation of Cities in these proceedings is in the public interest.

*The Commission orders:*

(A) Ohio's filing is hereby accepted for filing and suspended for thirty days until September 13, 1975, when the proposed rates will go into effect subject to refund.

(B) Pursuant to the authority of the Federal Power Act, particularly Sections 205 and 206 thereof, the Commission's Rules of Practice and Procedure, and the Regulations under the Federal Power Act (18 CFR Chapter I), a public hearing shall be held on November 13, 1975, at 10:00 A.M., in a hearing room of the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426.

(C) On or before October 2, 1975, the Commission Staff shall serve its prepared testimony and exhibits. Prepared testimony and exhibits of intervenors, if any, shall be served on or before October 16, 1975. Company rebuttal shall be served on or before October 30, 1975.

(D) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose, (See Delegation of Authority, 18 CFR 3.5(d)), shall preside at the hearing in this proceeding, shall prescribe relevant procedure matters not herein provided, and shall control this proceeding in accordance with the policies expressed in the Commission's Rules of Practice and Procedure.

(E) Nothing contained herein shall be construed as limiting the rights of parties to this proceeding regarding the convening of conferences or offers of settlement pursuant to § 1.18 of the Commission's Rules of Practice and Procedure.

(F) The Cities are hereby permitted to intervene in these proceedings, subject to the Rules and Regulations of the Commission; *Provided, however*, that the participation of such intervenors shall be limited to matters affecting rights and interests specifically set forth in their petition to intervene, with the exclusion of price-squeeze issues; and *Provided, further*, that the admission of such intervenors shall not be considered as recognition by the Commission that they might be aggrieved because of any order or orders issued by the Commission in this proceeding.

(G) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[Docket No. ER76-27]

## PHILADELPHIA ELECTRIC CO.

### Filing of Modification of Agreement

AUGUST 5, 1975.

Take notice that on July 28, 1975 Philadelphia Electric Company (PE) tendered for filing a modification to the Extra High Voltage Transmission System Agreement between the following companies (agreement filed as each company's rate schedule, FPC number as indicated):

| | *Rate Schedule Designation (FPC No.)* |
|---|---|
| Public Service Electric and Gas Co | 42 |
| Philadelphia Electric Co | 30 |
| Atlantic City Electric Co | 5 |
| Delmarva Power & Light Co | 34 |
| Pennsylvania Power & Light Co | 48 |
| Baltimore Gas and Electric Co | 20 |
| Potomac Electric Power Co | 26 |
| Pennsylvania Electric Co | 57 |
| Metropolitan Edison Co | 36 |
| Jersey Central Power & Light Co | 30 |
| UGI Corp | 1 |

PE requests waiver of the filing requirements so that the modification can be made effective as of May 1, 1975. The modification concerns the allocation of losses for the total 500 KV system within the Pennsylvania-Maryland-New Jersey Interconnection. PE states that the filing is made on behalf of all the parties to the agreement.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before August 21, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-20998 Filed 8-11-75;8:45 am]

[Docket No. E-9530]

## PYRAMID LAKE PAIUTE TRIBE OF INDIANS V. SIERRA PACIFIC POWER CO.

### Complaint and Petition for Declaratory Order

AUGUST 5, 1975.

Public notice is hereby given that a Complaint and Petition for Declaratory Order was filed on July 1, 1975, pursuant to Sections 1.6 and 1.7(c) of the Commission's Rules of Practice and Procedure, 18 CFR 1.6 and 1.7(c), by the Pyramid Lake Paiute Tribe of Indians (Petitioner) claiming that certain hydroelectric facilities owned by Sierra Pacific Power Company (Sierra Pacific) on the Truckee River in California and Nevada are being operated illegally. (Correspondence to: Robert S. Pelcyger, Esq., Native American Rights Fund, 1506 Broadway, Boulder, Colorado, 80302; Don B. Miller, Esq., Native American Rights Fund, 1712 N Street, NW., Washington, D.C. 20036; Robert D. Stitser, 755 Forest Street, Reno, Nevada 89502).

Petitioner claims that Sierra Pacific owns and operates the Farad Plant near Farad, California, the Fleish and Verdi Plants near Verdi, Nevada, and the Washoe Plant near Mogul, Nevada. It is further claimed that the Truckee River, on which the above-noted plants are located, is an interstate, navigable stream.

Petitioner alleges that Sierra Pacific does not now have and has never possessed a permit from the Corps of Engineers, Congressional approval, or a Federal Power Commission license to operate the four facilities.

Petitioner states that the Truckee River, which rises in California as the outlet stream of Lake Tahoe, is the main source of water for Pyramid Lake. Petitioner claims that it has relied upon the water of the Truckee River for maintenance of the level and the quality of the lake and for maintenance of the Truckee River as the natural spawning ground for lake fish which Petitioner uses for food and for barter. The Petitioner alleges that the United States, in establishing the Pyramid Lake Reservation, impliedly reserved sufficient water for the needs of the Pyramid Lawe Indians.

Petitioner further alleges that the Floriston rates for flowage of the Truckee River were designed to meet the requirements of Sierra Pacific's hydroelectric facilities. It is alleged that this flow regimen is not in the best interest of maintaining and preserving the fishery in Pyramid Lake and in the Truckee River. Petitioner is currently in the U.S. District Court for the District of Nevada attempting to establish its rights to the waters of the Truckee River. Petitioner believes that resolution of the Commission jurisdiction question is important to the District Court case.

The relief requested in the complaint is that a declaratory order be issued stating that the operation of the four hydroelectric facilities is illegal, that Sierra Pacific be required to cease operations of the four hydroelectric facilities in the absence of a Federal Power Commission license and that any further appropriate relief be granted.

Any person desiring to be heard or to make protest with reference to said complaint and petition should on or before September 15, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to a proceeding. Any person wishing to become a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-21008 Filed 8-11-75;8:45 am]

[Docket Nos. CP75-322 and CP75-327]

## SOUTHWEST GAS CORP.

### Amendments to Applications

AUGUST 4, 1975.

Take notice that on July 24, 1975, Southwest Gas Company (Applicant), P.O. Box 1450, Las Vegas, Nevada 89101, filed in Docket No. CP75-322 and CP75-327 amendments to its applications of April 30, 1975,[1] and May 2, 1975,[2] respectively filed in said dockets pursuant to Section 7(c) of the Natural Gas Act for certificates of public convenience and necessity authorizing the construction and operation of a compressor station on its northern Nevada transmission system for the purpose of protecting its present and future priority 1 requirements customers and authorizing the sale of natural gas under certain *force majeure* situations, all as more fully set forth in the amendments to the applications on file with the Commission and open to public inspection.

Applicant alleges that it is amending its application in Docket No. CP75-322 because (1) large fluctuations in line pack that occur on the system from day-to-day operations require the use of a three-day consecutive peak day average rather than a single day, (2) an increased volume of gas should have been allocated to Applicant's Placer County, California, service area but was not because of a metering error of the Nevada-California border check meter, (3) the

[1] Appendix A filed as part of the original document.

[2] See *e.g.*, *Virginia Electric and Power Company*, Docket No. E-9147, order issued January 22, 1975, *Carolina Power and Light Company*, Docket No. E-8884, order issued August 26, 1974; *Wisconsin Public Service Corporation*, Docket No. E-8867, order issued August 23, 1974; and *Pacific Gas and Electric Company*, Docket No. E-7777, order issued March 14, 1974.

[1] Notice issued May 14, 1975.

[2] Notice issued May 14, 1975.

installation cost of the proposed Station No. 6 has been changed to reflect more recent cost estimates and the installation has been delayed so that the No. 6 Station would now be operational for the 1976–1977 heating season, and (4) the new volumes create new delivery capacities within the system.

Applicant states that it amends its application in Docket No. CP75–327 for sale of natural gas under an amendment of the proration of impaired deliveries subsection of the *force majure* provisions of its FPC Gas Tariff because (1) the three-day consecutive peak day average should have been used for the allocation basis, (2) the latest survey of priority 2 industrial load reveals a reduction in those requirements, (3) the metering error of the Nevada-California border check meter requires a change in the allocation percentage based on the estimated actual peak day demand for the 1974–75 heating season, and (4) the new allocation percentage have caused a change in the delivery capacities.

Applicant states that in the original application in Docket No. CP75–322 it stated that the proposed facilities would provide reliable service for priority 1 and 2 requirements customers in the 1975–1976 heating service, but amends this to state that for the 1976–1977 heating season the proposed facilities would provide reliable service to its priority 1 requirements customers. Applicant alleges that the proposed facilities would provide reliable service to present and future priority 1 and 2 requirements customers. Further, applicant states that it has been ordered by the Public Service Commission of Nevada and the California Public Utilities Commission to discontinue its moratorium on new customers and resume connecting customers, even in light of the increasing shortage of the national supply of gas and projected curtailments.

Applicant amends the environmental material that was originally filed in the application in Docket No. CP–75–322 to include an environmental report as required by Order No. 415–C of the Commission issued on December 18, 1972, it is stated.

Applicant has amended the application filed in Docket No. CP75–322 to include an explanation of the financing of the proposed construction. Applicant states in the instant amendment to application that it is having some difficulty in obtaining financing but that it ultimately expects to be able to solve its problems. Applicant states that it believes that it the necessary financing will become available, and that at such time it would hope to have the necessary authorizations. Applicant states that delays in the proposed construction are costly whether due either to lack of funds or to lack of Commission approval and that it is willing and expects to be able to perform the proposal. Applicant states further that it would be improvident for Applicant to operate its business on the assumption that it will never be able to solve its financing, and that if Applicant were to adopt this defeatist attitude it would not be in a position to move ahead on needed construction because it would be many months behind in obtaining authorizations required.

Any person desiring to be heard or to make any protest with reference to said amendments should on or before August 26, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene or notice of interventions in the instant docket need not file again.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75–21009 Filed 8–11–75;8:45 am]

[Docket No. CP73–27]

## STINGRAY PIPELINE CO.

### Tariff Filing

AUGUST 5, 1975.

Take notice that on July 14, 1975, Stingray Pipeline Company (Stingray), P.O. Box 1642, Houston, Texas 77001, filed in Docket No. CP73–27 Third Revised Sheet No. 4 to Original Volume No. 1 of its FPC Gas Tariff to become effective on July 1, 1975.

Stingray states that the rate level reflected in Third Revised Sheet No. 4 utilizes a 8.4% cost of debt capital (7% x 1.2) for the 75% portion of Stingray's capitalization which consists of debt. The interest charge of 8.4% for the Third quarter of 1975 has been established pursuant to the terms of the Revolving Credit and Term Loan Agreement, dated April 1, 1973 which was introduced as Exhibit No. 8 in the record in Docket No. CP73–27, *et al.*

Any person desiring to be heard or to make any protest with reference to said tariff filing should on or before August 22, 1975, file with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75–21010 Filed 8–11–75;8:45 am]

[Docket No. RP73–114]

## TENNESSEE GAS PIPELINE CO.

### Order Granting Motion To Remove Refund Obligation and Terminating Proceedings

On June 30, 1975, Tennessee Gas Pipeline Company (Tennessee) filed a motion requesting removal of the refund obligation established by previous Commission orders issued in this docket.

By order issued June 28, 1974, the Commission, *inter alia*, accepted for filing Tennessee's PGA rate increase filed on May 16, 1974, suspended it for one day and made it effective subject to refund on July 2, 1974. The reason for such suspension was that the PGA filing included amounts for certain small producer and emergency purchases at rates which might be excessive. By order issued August 9, 1974, the Commission granted rehearing to allow all other portions of the PGA increase to become effective without refund obligation. That portion of the PGA filing reflecting amounts for small producer and emergency purchases in excess of the national rate established by Opinion No. 699, amounting to 0.01 cents per Mcf, remained subject to refund.

Opinion 699 was issued on June 21, 1974. On December 4, 1974, the Commission issued Opinion 699–H, which increased the national rate above that originally established by Opinion 699. Opinion 699–H was made effective as of June 21, 1974, the date on which Opinion 699 was originally issued. It follows that the reasonableness of the small producer and emergency rates in question must be judged by reference to the rates established in Opinion 699–H rather than in Opinion 699. Since all of the small producer and emergency rates in question are below the level established by Opinion 699–H, it follows that Tennessee's refund obligations as to such rates should be removed. Tennessee's motion will accordingly be granted.

*The Commission orders:*

(A) Tennessee's motion filed herein on June 30, 1975, is granted. The refund obligation established by the orders issued in this docket on June 28, 1974, and August 9, 1974, is removed.

(B) The proceedings instituted by the June 28, 1974, docket herein are terminated.

(C) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

Issued August 4, 1975.

[SEAL] KENNETH F. PLUMB,
*Secretary.*

[FR Doc.75–21014 Filed 8–11–75;8:45 am]

## FEDERAL RESERVE SYSTEM

### AMERIBANC, INC.

### Order Approving Acquisition of Bank

Ameribanc, Inc., St. Joseph, Missouri ("Applicant"), a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire 90 percent or more of the voting shares of Farmers State Bank, Princeton, Missouri ("Bank").

The application has been processed by the Federal Reserve Bank of Kansas City, pursuant to authority delegated by the Board of Governors of the Federal Reserve System, under the provisions of § 265.2(f)(24) of the rules regarding delegation of authority.

Notice of the application, affording an opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The Federal Reserve Bank has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant, the eleventh largest banking organization in Missouri, controls six banks with aggregate deposits of $191.7 million,[1] representing 1.19 percent of the commercial bank deposits in the State. Acquisition of Bank, ranked 366th in the State, would increase Applicant's share of deposits to 1.24 percent, and would result in no significant increase in concentration of banking resources in Missouri.

Consummation of the proposed acquisition would neither eliminate any significant existing competition nor foreclose the development of future competition between any of Applicant's subsidiary banks and Bank. Bank ($9.3 million in deposits) is the largest of three banks in the relevant banking market, defined as Mercer County, and controls 37.45 percent of deposits therein. None of Applicant's subsidiary banks are located in the relevant market. Applicant's nearest subsidiary is Marceline State Bank which is located approximately 90 road miles southeast of Princeton. Current population per banking office ratios suggest that *de novo* entry is unlikely. Competitive considerations are, therefore, consistent with approval.

The financial and managerial resources and future prospects of Applicant, its subsidiaries and Bank are regarded as satisfactory and consistent with approval. Affiliation with Applicant should enable Bank to offer expanded services, especially in the areas of agricultural lending and trust services. These factors, as they relate to the convenience and needs of the community to be served, are consistent with approval of this application. It is the Reserve Bank's judgment that consummation of the proposed acquisition is in the public interest and that the application should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be made (a) before the thirtieth calendar day following the effective date of this Order, or (b) later than three months after the effective date of this Order, unless such period is extended for good cause by the Board or by the Federal Reserve Bank of Kansas City, pursuant to delegated authority.

[SEAL] WILBUR T. BILLINGTON,
*Senior Vice President.*

AUGUST 1, 1975.

[FR Doc.75–20964 Filed 8–11–75;8:45 am]

## FEDERAL OPEN MARKET COMMITTEE

### Domestic Policy Directive of June 16–17, 1975

In accordance with § 271.5 of its rules regarding availability of information, there is set forth below the Committee's Domestic Policy Directive issued at its meeting held on June 16–17, 1975.[1]

The information reviewed at this meeting suggests that real output of goods and services—after having fallen sharply for two quarters—has leveled off in the current quarter. In May retail sales strengthened considerably. Industrial production declined slightly further, but total employment advanced for the second consecutive month. The unemployment rate increased again, from 8.9 to 9.2 percent, as the civilian labor force rose substantially further. The rise in average wholesale prices of industrial commodities continued to be slow; prices of farm and food products increased moderately further. The advance in average wage rates so far this year has been considerably less rapid than the increase during the second half of 1974.

The foreign exchange value of the dollar has changed little since mid-May. The U.S. foreign trade balance continued in substantial surplus in April, but at a rate much reduced from the first quarter. After large net outflows in the first quarter, there was a small net inflow of funds through banks in April, as liabilities to foreigners rose more than claims.

Growth in $M_1$, $M_2$, and $M_3$ was substantial in May, reflecting in part large Federal income tax rebates deposited at both banks and nonbank thrift institutions. Business demands for short-term credit both at banks and in the commercial paper market remained unusually weak, while demands in the long-term market continued very strong. Market interest rates in general changed little during the latter part of May, but since then rates in longer-term markets and on Treasury bills have declined. Mortgage rates have eased over the past month.

In light of the foregoing developments, it is the policy of the Federal Open Market Committee to foster financial conditions conductive to stimulating economic recovery, while resisting inflationary pressures and working toward equilibrium in the country's balance of payments.

To implement this policy, while taking account of developments in domestic and international financial markets, the Committee seeks to achieve bank reserve and money markt conditions consistent with moderate growth in monetary aggregates over the months ahead.

By order of the Federal Open Market Committee, August 6, 1975.

ARTHUR L. BROIDA,
*Secretary.*

[FR Doc.75–20968 Filed 8–11–75;8:45 am]

## FIRST SECURITY CORP.

### Order Approving Formation of Bank Holding Company

First Security Corporation, Sutherland, Nebraska, has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) of formation of a bank holding company through acquisition of 89 percent or more of the voting shares of First Security Bank, Sutherland, Nebraska ("Bank").

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).[1]

On April 21, 1975, the Federal Reserve Bank of Kansas City, acting pursuant to the Board's Rules Regarding Delegation of Authority, 12 CFR 265.2(f), approved the instant application. By telegram received on April 25, 1975, First Security Corporation, Salt Lake City, Utah, claiming to be adversely affected by the approval, petitioned the Board for review of the action taken by the Federal Reserve Bank of Kansas City. Acting pursuant to

[1] Unless otherwise indicated all banking data are as of December 30, 1974, and reflect all bank holding company applications approved by the Board through May 19, 1975.

[1] The Record of Policy Actions of the Committee for the meeting of June 16–17, 1975, is filed as part of the original document. Copies are available on request to the Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

[1] First Security Corporation, Salt Lake City, Utah ("Protestant"), has objected to this application alleging that unfair competition would result from public confusion of the two corporations deriving from the fact that the names of the two corporations are identical. The Board has determined that resolution of such allegations rests with the courts and is not properly within the jurisdiction of the Board under section 3(c) of the Act. In any event, the Board, on the record before it, finds that use of the name "First Security Corporation" by Applicant is not an unfair method of competition against Protestant as the two firms are not in competition with one another, neither firm operating in the same geographic market as the other.

12 CFR 265.3, Governor Bucher subsequently requested this review by the Board.

Applicant, a non-operating corporation with no subsidiaries, was organized for the purpose of becoming a bank holding company through the acquisition of Bank. Bank (deposits of $3.6 million)[2] is the only bank in Sutherland, an agriculturally oriented community with a population of approximately 840 persons. Bank is the fourth largest of eight banks in the relevant banking market[3] and 325th largest bank in the State of Nebraska. Upon acquisition of Bank, Applicant would control approximately 4 percent of the total deposits in commercial banks in the relevant market and considerably less than one percent of such deposits in the State. The proposal represents merely a reorganization of the existing ownership of Bank and it appears that consummation of the proposal would not adversely affect existing or potential competition nor would it increase the concentration of banking resources in any relevant area. Principals of Applicant are principals of four other Nebraska banks, none of which compete in the relevant banking market. Accordingly, the Board regards competitive considerations as being consistent with approval of the application.

The financial and managerial resources and future prospects of Applicant, which are considered generally satisfactory and consistent with approval of the application. The debt to be assumed by Applicant as a result of the proposal appears to be serviceable from the income to be derived from Bank without having an adverse effect on the financial condition of either Applicant or Bank. Accordingly, banking factors are regarded as being consistent with approval. Although consummation of the transaction would have no immediate effect on the area's banking needs, considerations relating to the convenience and needs of the community to be served are consistent with approval of the application. It is the Board's judgment that consummation of the proposed transaction would be in the public interest and that the application to acquire Bank should be approved.

On the basis of the record, the application is approved for the reasons set forth above. The transaction shall not be made (a) before the thirtieth calendar day following the effective date of this Order or (b) later than three months after the effective date of this Order, unless such period is extended for good cause by the Board or by the Federal Reserve Bank of Kansas City pursuant to delegated authority.

[2] All banking data are as of October 15, 1974.

[3] The relevant banking market is approximated by Lincoln County.

By order of the Board of Governors,[4] effective August 6, 1975.

[SEAL] GRIFFITH L. GARWOOD,
*Assistant Secretary of the Board.*

[FR Doc.75-20965 Filed 8-11-75;8:45 am]

## FIRST SECURITY CORP. OF KENTUCKY

### Order Approving Formation of Bank Holding Company

First Security Corporation of Kentucky, Lexington, Kentucky, has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) of formation of a bank holding company through acquisition of 100 percent (less directors' qualifying shares) of the voting shares of the successor by merger to First Security National Bank and Trust Company of Lexington, Lexington, Kentucky ("Bank"). The bank with which Bank is to be merged has no significance except as a means to facilitate the acquisition of Bank.

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).[1]

Applicant, a non-operating corporation with no subsidiaries, was organized for the purpose of becoming a bank holding company through the acquisition of Bank. Bank (deposits of $318.8 million)[2] is the largest of 22 banks in the relevant banking market,[3] and the fourth largest bank in the State of Kentucky. Upon acquisition of Bank, Applicant would control approximately 32 percent of the total deposits in commercial banks in the relevant market and approximately 3.5 percent of such deposits in the State. The proposal represents merely a reorganization of the existing ownership of Bank and it appears that consummation of the proposal would not adversely affect existing or potential competition nor would it increase the concentration of banking resources in any relevant area. Accordingly, the Board regards competitive considerations as being consistent with approval of the application.

The financial and managerial resources and future prospects of Applicant, which are dependent on those of Bank, are considered generally satisfactory and consistent with approval. Accordingly, banking factors are regarded as consistent with approval. Although consummation of the transaction would have no immediate effect on the area's banking needs, considerations relating to the convenience and needs of the community to be served are consistent with approval of the application. It is the Board's judgment that consummation of the proposed transaction would be in the public interest and that the application to acquire Bank should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be made (a) before the thirtieth calendar day following the effective date of this order or (b) later than three months after the effective date of this Order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Cleveland pursuant to delegated authority.

By order of the Board of Governors,[4] effective August 6, 1975.

[SEAL] GRIFFITH L. GARWOOD,
*Assistant Secretary of the Board.*

[FR Doc.75-20966 Filed 8-11-75;8:45 am]

[4] Voting for this action: Vice Chairman Mitchell and Governors Bucher, Wallich and Coldwell. Absent and not voting: Chairman Burns and Governors Holland and Jackson.

[1] First Security Corporation, Salt Lake City, Utah ("Protestant"), has objected to this application alleging that unfair competition would result from public confusion of the two corporations deriving from the fact that the names of the two corporations are similar. The Board has determined that resolution of such allegations rests with the courts and is not properly within the jurisdiction of the Board under section 3(c) of the Act. In any event, the Board, on the record before it, finds that use of the name "First Security Corporation" by Applicant is not an unfair method of competition against Protestant as the two firms are not in competition with one another, neither firm operating in the same geographic market as the other.

[2] All banking data are as of December 31, 1974.

[3] The relevant banking market is approximated by the Lexington Standard Metropolitan Statistical Area.

## OSBORNE INVESTMENTS, INC.

### Order Approving Formation of Bank Holding Company and Retention of Insurance Agency Activities

Osborne Investments, Inc., Osborne, Kansas, has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) of formation of a bank holding company through acquisition of 90 percent or more of the voting shares of The Farmers National Bank of Osborne, Osborne, Kansas ("Bank"). Applicant has also applied, pursuant to section 4(c)(8) of the Act (12 U.S.C. 1843(c)(8)) and § 225.4(b)(2) of the Board's Regulation Y, for permission to retain the general insurance agency business (in a town with a population of less than 5,000) presently operated under the name of Osborne Investments, Inc., Osborne, Kansas ("Agency"). Such activities have been determined by the Board to be closely related to banking (12 CFR 225.4(a)(9)(iii)(a)).

Notice of the applications, affording opportunity for interested persons to submit comments and views, has been given in accordance with sections 3 and 4 of the Act (40 FR 26587). The time for filing comments and views has expired, and the applications and all comments received have been considered in light of the factors set forth in section 3(c) of the Act, and the considerations specified in section 4(c)(8) of the Act.

Applicant was organized in December 1974 for the purposes of becoming a bank holding company through acquisition of Bank and of operating an insurance agency business. Bank, with deposits of approximately $8 million, representing .1 of one percent of the total commercial bank deposits in Kansas,[1] is the second largest of 5 banks located in the relevant banking market.[2] Inasmuch as Applicant has no existing subsidiary banks and the proposal represents merely a restructuring of Bank's ownership, the acquisition of Bank by Applicant would have no adverse effects on competition within the area served by Bank. Accordingly, it is concluded that competitive considerations are consistent with approval of the application.

The financial condition, managerial resources, and prospects of Bank are regarded as satisfactory and consistent with approval of the application. The management of Applicant is satisfactory, and Applicant's financial condition and prospects, which are dependent upon profitable operations of both Bank and the insurance agency, appear favorable. Although Applicant will incur debt in connection with the proposal, the projected income from Bank and the insurance agency activities should provide sufficient revenue to service the debt without impairing the financial condition of Bank. Accordingly, considerations relating to banking factors are consistent with approval of the application. Considerations relating to convenience and needs are also regarded as being consistent with approval of the application to acquire Bank. It is the Board's judgment that consummation of the proposal to form a bank holding company would be consistent with the public interest and the application should be approved.

Applicant has also applied to the Board to retain ownership of the insurance agency business, pursuant to § 225.4(a)(9)(iii)(a) of Regulation Y, which it purchased in January 1975. The agency would continue to act as a general insurance agent or broker with respect to automobile, life, health, fire and casualty insurance in the town of Osborne, Kansas, which has a population of less than 5,000. It does not appear that the retention of the insurance agency business would have any significant effect on existing or future competition. On the other hand, approval of the application would assure residents of the area of the continuance of a convenient source of insurance services, which factor the Board regards as being in the public interest. There is no evidence in the record indicating that consummation of the proposal would result in any undue concentration of resources, unfair competition, conflicts of interest, unsound banking practices or other adverse effects on the public interest.

Based on the foregoing and other considerations reflected in the record, the Board has determined that the considerations affecting the competitive factors under section 3(c) of the Act and the balance of the public interest factors the Board must consider under section 4(c)(8) both favor approval of Applicant's proposals.

Accordingly, the applications are approved for the reasons summarized above. The acquisition of Bank shall not be made (a) before the thirtieth calendar day following the effective date of this Order; nor (b) later than three months after the effective date of this Order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Kansas City pursuant to delegated authority. The determination as to Applicant's insurance activities is subject to the conditions set forth in § 225.4(c) of Regulation Y and to the Board's authority to require reports by, and make examinations of, holding companies and their subsidiaries and to require such modification or termination of the activities of a bank holding company or any of its subsidiaries as the Board finds necessary to assure compliance with the provisions and purposes of the Act and the Board's regulations and orders issued thereunder, or to prevent evasion thereof.

By order of the Board of Governors,[3] effective August 1, 1975.

[SEAL] GRIFFITH L. GARWOOD,
*Assistant Secretary of the Board.*

[FR Doc.75-20967 Filed 8-11-75;8:45 am]

[4] Voting for this action: Vice Chairman Mitchell and Governors Bucher, Wallich and Coldwell. Absent and not voting: Chairman Burns and Governors Holland and Jackson.

[1] All banking data are as of June 30, 1974.

[2] The market is approximated by Osborne County, excluding the town of Natoma.

[3] Voting for this action: Chairman Burns and Governors Bucher, Wallich, and Coldwell. Absent and not voting: Governors Mitchell, Holland, and Jackson.

## GENERAL SERVICES ADMINISTRATION

### GENERAL ACCOUNTING OFFICE

### Transfer of Audit Function; Detailed Plan for Transfer of Functions and Personnel to the General Services Administration

Title II of the General Accounting Office Act of 1974 (Public Law 93-604), hereinafter referred to as "the act," authorizes the transfer of the function of auditing all Government transportation freight and passenger bills from the General Accounting Office (GAO) to the General Services Administration (GSA). In addition, section 203(c) of the act calls for publication in the FEDERAL REGISTER of a detailed transfer plan as follows:

> At least sixty days prior to the effective date determined under subsection (a), the Administrator of General Services shall establish a detailed plan for the transfer of functions and personnel under this title and shall publish such plan in the Federal Register. Such plan shall be based on a thorough survey of the availability of transportation to any new location for functions and personnel transferred and of the availability of parking facilities and food, health, and other services for personnel transferred, and shall include a detailed description of a personnel development program to be conducted by the Administrator of General Services to assure the establishment and maintenance of procedures which guarantee equal employment opportunities, promotion opportunities, employment and career counseling, and training and career development for personnel who are transferred.

Pursuant to section 203(c) of the act, the following is the detailed plan for the transfer of functions and personnel under Title II of the act. This plan is divided into three parts: Part I, General; Part II, Personnel Development Program; and Part III, Services Available at the New Location.

#### PART I

#### GENERAL

The Comptroller General of the United States and the Administrator of General Services have agreed to transfer the Transportation and Claims Division of the General Accounting Office (GAO) to the General Services Administration (GSA) on October 12, 1975. It is planned to organizationally locate the function in the Federal Supply Service (FSS), Office of Transportation and Public Utilities.

The function will become part of the Office of the Assistant Commissioner for Transportation and Public Utilities. The highest graded position being transferred will be designated as the Deputy Assistant Commissioner for Transportation Audit. Under the Deputy Assistant Commissioner, there will be three divisions: The Transportation Audits Division; the Planning, Procedures, and Services Division; and the Automated Transportation Audit Systems Division. The existing branch and section structure will be kept intact for the foreseeable future.

It is planned to physically relocate the function and the transferred employees into a leased building in the District of Columbia during the latter part of October 1975. The data processing equipment that supports the function and the personnel who operate it will not physically move from the GAO Building, but will be organizationally transferred. The necessary legal support for the function will be physically located in the leased space.

It is the intent of FSS that the employees being transferred will become part of the established bargaining unit exclusively represented by the National Federation of Federal Employees (NFFE) Local 1642. However, on the transfer date, FSS will file a Clarification of Unit

VOL 40 NO 156 AUG 12 75 XU

Petition with the Assistant Secretary of Labor for Labor-Management Relations, U.S. Department of Labor, to determine whether the action is consistent with Executive Order 11491, as amended.

PART II

PERSONNEL DEVELOPMENT PROGRAM

A. *General.* The Federal Supply Service (FSS) of the General Services Administration (GSA) conducts a full range of highly effective programs designed to assure every employee ample opportunity for career enrichment. These programs have been evaluated and approved by the Civil Service Commission (CSC) and meet or exceed all relevant CSC standards for such programs. All personnel development programs presently available to transportation audit employees within the General Accounting Office (GAO) are likewise provided by FSS.

While some structural distinctions between the FSS and GAO employee development programs are apparent, the GSA and GAO programs are fundamentally similar and are designed to achieve the same career enrichment goals. In some instances, special developmental activities, such as specialized training courses, have been furnished by GAO to be responsive to the specific peculiarities of the transportation audit discipline. In instances in which such developmental voids are identified within existing FSS programs, the FSS programs will be augmented to incorporate those activities, or some satisfactory equivalent. In most instances, however, careful comparative review demonstrates that existing FSS employee development programs are functionally similar to those practiced in GAO. A brief outline of these FSS programs in relation to the comparable GAO programs is furnished in the paragraphs below. Copies of any GSA issuances cited in this statement and copies of existing GSA–FSS training agreements are available for reference from: Personnel Division (FAE), Federal Supply Service, GSA, Room 925, Crystal Mall Building 4, Washington, D.C. 20406.

B. *Equal Employment Opportunity (EEO) Program.* Like GAO, GSA has an active and comprehensive EEO program. A full presentation of this program is provided in the GSA Handbook, GSA Equal Employment Opportunity Program (ADM P 1090.7). On an agency level, the EEO program is administered by the Office of Civil Rights, which is organizationally attached to the Office to the Administrator. Within FSS, there is a full-time EEO Staff of six, which is organizationally located in the Office of the Executive Director.

The EEO Staff in FSS is charged with the responsibility of implementing and maintaining an effective EEO program which is responsive to the changing needs of all FSS employees. The EEO Staff is available to discuss the concerns of FSS employees at all times. Specifically, the EEO Staff is responsible for providing centralized guidance and coordination to the EEO effort in Central Office, FSS, and for recommending the necessary policies and procedures to enhance the total program. Some of the activities used by FSS to achieve EEO objectives are described below:

1. *Counseling Program.* The EEO Staff coordinates the activities of numerous part-time EEO counselors. There are trained EEO counselors in each major program area, and there is an overall ratio of about one EEO counselor for each 100 FSS employees. Accordingly, at least four additional counselors will need to be selected from the transportation audit employees transferring to GSA–FSS. These counselors serve as a liaison between employees and management. They provide an open and sympathetic channel through which an employee may raise questions, discuss or resolve complaints of discrimination, and obtain resolutions of other related personnel problems on an informal basis.

2. *Affirmative Action Plan.* The annual Affirmative Action Plan is a specific statement of goals and objectives for EEO program implementation for the coming year. It consists of a narrative plan of implementation, work force analysis, numerical goals and timetables, assignment of responsibilities for specific goals, and target dates for implementation. FSS Affirmative Action Plans and EEO Progress Reports are prepared quarterly to monitor and evaluate progress and accomplishments under the Affirmative Action Plan.

3. *Federal Women's Program.* A Federal Women's Program Coordinator has been designated at the agency level, and another will be designated at the FSS level in the near future. The day-to-day purpose of the program is to ensure that all women are provided with opportunities for career development by furnishing assistance to women in identifying realistic career goals, developing career plans, and formulating developmental strategies for achieving their goals through utilization of upward mobility, career counseling, and other training programs. Program effectiveness is monitored and evaluated within FSS through the use of a monthly Report of Appointments, Promotions, and Upward Mobility of Women.

4. *Spanish-Speaking Program.* The immediate objectives of the GSA–FSS Spanish-Speaking Program focus on an intensive recruitment effort to attract qualified Spanish-speaking individuals into the FSS work force. Long range objectives of the program relate to assurance of career advancement opportunities for Spanish-speaking Americans within the work force.

C. *Merit Promotion System.* GSA has a formally established merit promotion plan which has been approved by the CSC. This plan is provided in the GSA Handbook, Employee Appraisal System and Merit Promotion Plan (OAD P 3630.1A). The policies and procedures of this system will apply to all transportation audit personnel who transfer to GSA. The methods incorporated into the GSA system are fundamentally similar to those described in GAO's "Promotion Policy and Procedures Manual," and where competitive promotion procedures apply, both use the basic approach of convening impartial employee evaluation panels to develop selection evaluation criteria for the position and to rank eligible candidates into categories defining relative degree of qualification based upon those criteria. GSA makes use of this method at all levels through GS–15 (and sometimes at supergrade levels). The criteria used by GSA normally includes some combination of whichever of the following factors are appropriate to the responsibilities of the position (with relative weights assigned according to degree of importance): performance rating, assessment of potential, experience, formal education, and job-related training. Management usually will select from among those candidates ranked in the "highly qualified" group. Any GSA employee is entitled to apply in response to any vacancy announcement. But only those who satisfy minimum CSC qualification standards for the vacant position, as determined by the Personnel Office, can receive competitive consideration by an evaluation panel.

It is important to note that following months of work with representatives of the Civil Service Commission's Bureau of Policies and Standards, FSS has been one of the first Government organizations to establish standardized merit promotion evaluation criteria which are validated by the job element analysis technique recommended by CSC researchers. So far, this has been accomplished for certain proceurement agent positions and is in the process of being finalized for senior-level managerial positions. It is possible that the evaluation criteria being developed for managerial positions will be used as a model for Government-wide application. The application of the job element analysis techniques will be gradually expanded to cover the maximum number of FSS position categories which is practical, but it will be quite some time before nonmanagerial transportation audit positions can be incorporated into the program.

D. *Training and career development.* The management of FSS is strongly committed to the vigorous use of training and career development activities to assist employees in reaching their fullest career potential and to achieve optimum utilization of employee skills and abilities. Consequently, a broad array of training and developmental programs is available to employees and supervisors to facilitate realization of these mutual goals. Collectively, these various programs (which will be described more fully below) furnish a wide variey of developmental opportunities for every grade level and career stage. Used individually or in selective combination, they offer sufficient flexibility to satisfy the specific training and developmental needs of almost every employee. In FSS, formal training is coordinated by the Training Division; i.e., classroom and correspondence courses. Programs involving rotational and developmental assignments are coordinated by the Personnel Division.

There is considerable similarity in functional characteristics and goal orientation between the GAO training and career development programs used by transportation audit employees and the programs used in FSS. Consequently, it is anticipated that integration of the vital substance of the GAO transportation audit programs into the adaptable structures of the existing FSS programs can be eventually accomplished with no sacrifice of qualitative developmental benefits by transportation audit employees. The preservation and integrity of specialized content elements of training which are peculiar to the transportation audit mission, such as for Freight Rate Specialists, can be assured. The operational continuity of transportation audit training activities will be maintained within the GAO program structure until such time as the programs can be satisfactorily absorbed and integrated within the FSS structure. Upon the effective date of the transfer of transportation audit employees to GSA–FSS, selections of participants for entrance into training and career development programs (including residual GAO programs) will be performed in a fashion consistent with the GSA Performance Appraisal System and Merit Promotion Plan in every case in which competitive procedures apply. Most formal training courses are excluded from competitive procedures, except in cases where completion of a particular course is a prerequisite for, and normally leads to, promotion to a specific position.

In summary, FSS offers a well-rounded and comprehensive training and career development program which will provide excellent career enrichment benefits to the transportation audit employees who will join GSA. Below are brief descriptions of the major programs used by FSS in this area:

1. *Formal training courses:*

a. *Adult education.* The FSS Adult Education Program consists of a number of courses conducted by volunteer instructors during the lunch period. The program enables employees to choose a subject of interest and learn along with their co-workers in an informal environment. While the courses offered vary from semester to semester depending on the interest of participants and the availability of instructors, a typical semester offering would include the following classes: Speechcraft, Basic Conversational Spanish I, Procurement Law I, Specifications, College Math, Financial Management, Arithmetic, Chemistry, Personnel Management, Investment Analysis, and Fundamentals of Marketing.

b. *Correspondence courses.* A wide variety of Department of Defense correspondence courses are available at no cost to Federal employees, many of which have been determined to be appropriate for FSS personnel. Sample offerings include Fundamentals of Procurement, Introduction to Inventory Management, Formulation Specifications, Fundamentals of Management, Management Analysis, Statistical Sampling, and Introduction to Computer Programing.

Additional offerings responsible to the needs of transportation audit employees wil be made available, as appropriate.

c. *Interagency and internal training courses.* Various courses related to the FSS mission are sponsored and conducted by FSS in Crystal Mall Building 4, and are available to qualified GSA employees as well as employees of other agencies. Most of these courses are of 5 days duration, and are conducted during regular working hours. Additional "in-house" course offerings related to the transportation audit function may be developed by the FSS Training Division if it becomes apparent that doing so would be the most effective and efficient method of providing such training. Current "in-house" course offerings include: Small Purchases, Contracting by Formal Advertising, Government Contract Negotations, Government Contract Administration, Storage and Materials Handling, Inventory Control of Supplies and Materials and Economic Order Quantity Techniques, Federal Supply Schedules, Basic Procurement, Value Management, Management for FSS Supervisors, Effective Executive Workshop, Management by Objectives, Course for Coaches of Trainees, and Labor/Management Relations for Supervisors.

In addition, job-related training is available from the Civil Service Commission, Department of Agriculture, Department of Defense, local schools and universities, and other organizations involved in providing training.

d. *Orientation for transportation audit suprevisors.* The FSS Training Division is currently developing an orientation course for transportation audit supervisors focusing on GSA–FSS policy and procedures relating to employee appraisal, merit promotion, labor management relations, equal employment opportunity, and other areas of supervisory responsibility.

2. *Developmental and rotational assignment programs.* Provided below are descriptions of the various programs in this category which are used in FSS. GSA's Training and Advancement Program (TAP) is designed to achieve the same developmental goals as the Transportation Clerk rotational program within the Transportation and Claims Division (TCD) of GAO. Likewise, the developmental opportunities available through GSA's Career Advancement Program (CAP) correspond to the basic principles underlying TCD's Freight Rate Specialist Training Program. The FSS Personal Property Management Training Program (PPMT) is the equivalent of GAO's Preprofessional Training Program.

a. *Training and Advancement Program (TAP).* TAP provides an opportunity for lateral and upward mobility of clerical and other subprofessional fields. Candidates are selected in accordance with the GSA Employee Appraisal System and Merit Promotion Plan, and are eligible for promotion or reassignment to target positions after successfully completing 1 year of training. Trainees enter as grades GS–2 through GS–9. Some representative occupational series (additional series can be added for transportation audit employees) for this program are:

| *GS series* | *Position classification title* |
|---|---|
| 203 | Personnel assistant. |
| 301 | General clerical and administrative. |
| 1105 | Purchasing. |
| 1106 | Procurement clerk. |
| 2005 | Supply clerk and Technician. |
| 2134 | Shipping clerk. |

Those eligible for consideration are employees who meet CSC qualification requirements or possess overall backgrounds that strongly indicate a potential for successful performance in new positions.

b. *Career Advancement Program (CAP).* CAP enables professional, administrative, and technical employees in grades GS–5 through GS–15 to compete for reassignment to careers in new occupational series on the basis of their demonstrated potential for development and advancement.

Candidates are selected in accordance with the GSA Employee Appraisal System and Merit Promotion Plan. Participants are eligible for promotion and reassignment to target positions after successfully completing one year of CAP training.

c. *Cooperative Work-Study Program (CO-OP).* In this cooperative education-employment program, students undergo alternate periods of planned work experience with Central Office, GSA, or with one regional office, and related college level studies in a cooperative and correlated curriculum in which work experience is a prerequisite to earning a degree.

d. *Personal Property Management Training Program (PPMT).* Trainees under this program receive training in FSS operating and staff functions. Entry is at the GS–5 or GS–7 level with promotion to GS–9 upon successful completion of the prescribed 1- or 2-year training period. Trainees receive on-the-job training, special projects, and rotational assignments in program offices. The program includes promotion at the end of each year's training if the trainee meets the conditions of the agreement. Participants are selected from among GSA employees in accordance with the GSA Employee Appraisal System and Merit Promotion Plan, and from those who have been selected from the Professional and Administrative Career Examination (PACE) Registers of the Civil Service Commission.

The program objective is to attract outstanding undergraduate students to GSA whose academic studies are related to professional practices in GSA and to provide a program in which the individual is enabled to perform work in GSA related to studies. The combination of academic background and on-the-job training under this program produces exceptionally qualified employees.

e. *Management Intern Training Program (MI).* This program is designed for highly qualified college caliber personnel who have demonstrated the potential to attain mid-management and upper management position levels with GSA. Interns enter the program at GS–7 or GS–9 levels.

The first year consists of rotational assignments through several GSA services which lead to permanent assignments to one of the services or staff offices in the second year.

Selections are made from two sources: The Management Intern Register of the Professional and Administrative Career Examination and from among incumbent GSA employees who qualify under the GSA Employee Appraisal System and Merit Promotion Plan.

Selectees must also have demonstrated to an evaluation panel, through oral examination, the potential for successful program participation.

f. *Nationwide Cross-Training Agreement (NCT).* This program provides: (1) Employees with an opportunity to obtain experience in new career fields, (2) planned movement of personnel to increase their program familiarity, (3) broadening of employees' skills to strengthen individual qualifications for higher level assignments, and (4) development of the qualifications of employees for meeting FSS executive manpower replacement needs.

Program objectives are accomplished through reciprocal cross-training personnel exchanges with and between FSS, Central Office and regional offices. Duration of assignment is from 6 months to 3 years, with promotion eligibility accrued after 1 year. Trainees are selected by management from employees in grades GS–5 through GS–15, including wage grade equivalents, who meet applicable requirements based upon demonstrated or CSC qualifications.

E. *Employment and career counseling.* FSS considers counseling to be an ongoing day-to-day responsibility shared mutually between supervisor and subordinate. In some instances, however, more specialized counseling may be required. In recognition of this fact, a variety of counseling avenues are open to FSS employees.

1. *Employee relations counseling.* FSS has a full-time employee and labor relations specialist who is available to provide expert advice on personal, financial, employee benefits, retirement, and similar matters.

2. *Career development and upward mobility counseling.* This counseling includes developing realistic career goals, designing strategies to achieve career goals, and defining the relative merits of and eligibility for GSA–FSS career development programs. FSS has full-time career development specialists who can assist with special individual problems in these areas. In addition, personnel management specialists and training contacts are able to answer routine questions relating to career development programs and will be available onsite at the transportation audit location.

3. *Training counseling.* Advice regarding formal training courses (including catalog reference, course availability, eligibility requirements, feedback on course quality and content, and course recommendations) is available from the FSS Training Division. In addition, FSS has designated a training contact in each major program area to enhance the convenience of obtaining training counseling. FSS plans to designate an onsite training contact for transportation audit employees.

4. *Equal employment opportunity counseling.* EEO counselors are available to discuss and assist in resolving problems of discrimination on the basis of race, sex, religion, national origin, or other nonmerit factors. At least four EEO counselors will be available onsite for transportation audit employees.

5. *General counseling.* Personnel Management Specialists will be available onsite to transportation audit employees to provide advice, information, and assistance on a broad range of subjects which coincide with their professional training and experience.

6. *Employee appraisal counseling.* In FSS, supervisors are responsible for counseling subordinates in conjunction with the annual review of employee performance ratings and potential assessments. Normally, these counseling sessions include discussions of the ratings themselves, performance goal setting, employee work preferences, career goals and how they might best be accomplished, and training and development needs of the employee.

F. *Summary.* In summary, the Administrator of General Services is confident that GSA and FSS programs for EEO, merit promotion, training and career development, and employment and career counseling are thorough and of the highest quality. Transportation audit employees transferring from GAO will find that career enrichment opportunities in FSS are extensive for employees willing to take the initiative to satisfy their developmental needs. Distinctive content features of the GAO training and career development programs which are vital to the developmental needs of transportation audit employees will be incorporated into the GSA–FSS programs in some equivalent fashion if they are currently absent.

## PART III

### SERVICES AVAILABLE AT THE NEW LOCATION

A. *New location.* It is planned to relocate most of the transportation audit function employees from the GAO Building to the Chester Arthur Building located at 425 Eye Street, N.W., Washington, DC. GSA has leased 88,188 net useable square feet, on the second and third floors of this new modern high-rise building to house the more than 400 GAO employees who are to be transferred to GSA. The building is one block from the GAO Building where the employees are presently located. Approximately eight transportation audit function employees will remain with the computer facility in the GAO Building.

B. *Services available.* The following is a description of the services and facilities which will be available to the employees in the Chester Arthur Building.

1. *Parking facilities.* There are two floors of parking in the basement controlled by a private parking firm. The charge for parking is $25.00 per month. The GAO Employees Association parking lot is across the street from the Chester Arthur Building. The transferred employees will be able to continue their membership in the GAO Employee Association as associate members and continue to park in the Association's lot if they so desire. Any transferred employee presently in a corpool, parking in the GAO Building, will be able to continue in that carpool.

2. *Transportation.* Since the new location is only one block from the GAO Building, none of the transferred employees should have to make changes in their present use of public transportation.

3. *Health facilities.* The transferred employees will continue to have access to the public health facility operated by HEW in the GAO Building and receive the services provided by that facility.

4. *Eating facilities.* Presently there are some vending machines in the building to provide on-the-spot food. GSA plans to establish in the near future a take-out food facility as provided under the Randolph-Sheppard Act. The closest cafeteria is the one located in the GAO Building. The commercial eating establishments in the area will be those that are near the employees' present location.

5. *Credit union.* The employees will be able to continue as members of the GAO credit union if they so desire and make use of its facilities in the GAO Building. They may also become members of the GSA credit union which will make arrangements to conduct business in the new location on a part-time basis.

6. *Personnel office services.* The FSS personnel office will have space in the Chester Arthur Building and will have staff available for employee counseling for career development, retirement planning, employee benefits, and all other aspects of the personnel office.

7. *Training services.* Within the leased space a training room will be furnished with all the necessary visual aids for conducting employee training. The FSS training staff will be available to conduct training courses, as needed, in this facility.

8. *Building security.* The Chester Arthur Building has full security services. There are guards on all entrances. Appropriate identification is necessary to gain access to the work areas.

ARTHUR F. SAMPSON,
*Administrator of General Services.*

AUGUST 6, 1975.

## NUCLEAR REGULATORY COMMISSION

### ADVISORY COMMITTEE ON REACTOR SAFEGUARDS SUBCOMMITTEE ON THE SOUTH TEXAS PROJECT, UNITS 1 AND 2

#### Notice of Meeting

In accordance with the purposes of Sections 29 and 182 b. of the Atomic Energy Act (42 U.S.C. 2039, 2232 b.), the ACRS Subcommittee on the South Texas Project, Units 1 and 2, will hold a meeting on August 27, 1975 at the Oasis Motel, Highway 35–W, Bay City, Texas 77414. The purpose of this meeting is to continue the ACRS review of the application of the Houston Lighting and Power Company for a permit to construct the South Texas Project, Units 1 and 2.

The agenda for the subject meeting shall be as follows:

*Wednesday, August 27, 1975, 8:30 a.m., until the conclusion of business.* The Subcommittee will hear presentations by representatives of the NRC Staff and the Houston Lighting and Power Company and will hold discussions with these groups pertinent to its review of the application of the Houston Lighting and Power Company for a permit to construct the South Texas Project, Units 1 and 2.

In connection with the above agenda item, the Subcommittee will hold Executive Sessions, not open to the public, at 8 a.m. and at the end of the day to consider matters relating to the above application. These sessions will involve an exchange of opinions and discussion of preliminary views and recommendations of Subcommittee members and internal deliberations for the purpose of formulating recommendations to the ACRS.

In addition to the Executive Sessions, the Subcommittee may hold closed sessions with representatives of the NRC Staff and Applicant for the purpose of discussing privileged information concerning plant physical security and other matters related to plant design, construction, and operation, if necessary.

I have determined, in accordance with Subsection 10(d) of Public Law 92–463, that the above-noted Executive Sessions will consist of an exchange of opinions and formulation of recommendations, the discussion of which, if written, would fall within exemption (5) of 5 U.S.C. 552(b) and that a closed session may be held, if necessary, to discuss certain documents and information which are privileged and fall within exemption (4) of 5 U.S.C. 552(b). Further, any nonexempt material that will be discussed during the above closed sessions will be inextricably intertwined with exempt material, and no further separation of this material is considered practical. It is essential to close such portions of the meeting to protect the free interchange of internal views, to avoid undue interference with agency or Subcommittee operation, and to avoid public disclosure of proprietary information.

Practical considerations may dictate alterations in the above agenda or schedule.

The Chairman of the Subcommittee is empowered to conduct the meeting in a manner that, in his judgment, will facilitate the orderly conduct of business.

With respect to public participation in the open portion of the meeting, the following requirements shall apply:

(a) Persons wishing to submit written statements regarding the agenda items may do so by mailing a readily reproducible copy thereof, postmarked no later than August 20, 1975 to the Executive Secretary, ACRS, NRC, Wash., D.C. 20555. Background information concerning items to be discussed can be found in the Safety Analysis Report for this project and related documents on file and available for public inspection at the NRC Public Document Room, 1717 H St., NW., Wash., D.C. 20555 and at the Matagorda County Court House, Bay City, Texas 77414. Comments which fail to meet the specified mailing date noted above will be considered to the extent practicable.

(b) Those persons submitting a written statement in accordance with paragraph (a) above, may request an opportunity to make oral statements concerning the written statement. Such requests shall accompany the written statement so that appropriate arrangements can be made. To the extent that time available for the meeting permits, the Subcommittee will receive oral statements at an appropriate time chosen by the Chairman of the Subcommittee.

(c) Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements, and the time allotted can be obtained by a prepaid telephone call on August 25, 1975 to the Office of the Executive Secretary of the Committee (telephone 202/634–1394, ATTN: Paul T. Burnett) between 8:15 a.m. and 5 p.m., Eastern Daylight Time.

(d) Questions may be propounded only by members of the Subcommittee and its consultants.

(e) Seating for the public will be available on a first-come, first-served basis.

(f) The use of still, motion picture, and television cameras, the physical installation and presence of which will not interfere with the conduct of the meeting, will be permitted both before and after the meeting and during any recess. The use of such equipment will not, however, be allowed while the meeting is in session.

(g) Persons desiring to attend portions of the meeting where proprietary information, other than plant security information, is to be discussed may do so by providing to the Executive Secretary, ACRS, NRC, Wash., D.C. 20555, seven days prior to the meeting, a copy of an executed agreement with the owner of the proprietary information to safeguard this material.

(h) A copy of the transcript of the open portion of the meeting will be available for inspection on or after September 1, 1975 at the NRC Public Document Room, 1717 H St., N.W., Wash., D.C. 20555. Copies of the transcript may be reproduced in the Public Document Room or may be obtained from Ace Federal Reporters, Inc., 415 Second St., N.E., Wash., D.C. 20002 (telephone 202/547–6222) upon payment of appropriate charges.

(i) On request, copies of the minutes of the meeting will be made available for inspection at the NRC Public Document Room, 1717 H St., N.W., Wash., D.C. 20555 after November 28, 1975. Copies may be obtained upon payment of appropriate charges.

Dated: August 7, 1975.

JOHN C. HOYLE,
*Advisory Committee Management Officer.*

## REGULATORY GUIDE

### Issuance and Availability

The Nuclear Regulatory Commission has issued a new guide in its Regulatory Guide Series. This series has been developed to describe and make available to the public methods applicable to the NRC staff of implementing specific parts of the Commission's regulations and, in some cases, to delineate techniques used by the staff in evaluating specific problems or postulated accidents and to provide guidance to applicants concerning certain of the information needed by the staff in its review applications for permits and licenses.

Regulatory Guide 10.1, Revision 1, "Compilation of Reporting Requirements for Persons Subject to NRC Regulations," presents a compilation of all reporting requirements applicable to the various types of NRC licensees and other persons subject to NRC regulations. The guide identifies the proper NRC addressee or addresses for each report and designates the number of copies required. This revision reflects comments received from the public and other factors.

Since this guide may apply to all persons subject to NRC regulations, it is being sent to recipients of regulatory guides in all divisions.

Comments and suggestions in connection with (1) items for inclusion in guides currently being developed or (2) improvements in all published guides are encouraged at any time. Comments should be sent to the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Section.

Regulatory Guides are available for inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. Requests for single copies of issued guides (which may be repro-

duced) or for placement on an automatic distribution list for single copies of future guides should be made in writing to the Director, Office of Standards Development, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. Telephone requests cannot be accommodated. Regulatory Guides are not copyrighted and Commission approval is not required to reproduce them.

(5 U.S.C. 552(a))

Dated at Rockville, Maryland this 5th day of August 1975.

For the Nuclear Regulatory Commission.

ROBERT B. MINOGUE,
*Director,*
*Office of Standards Development.*

## OFFICE OF MANAGEMENT AND BUDGET

### CLEARANCE REPORTS

#### List of Requests

The following is a list of requests for clearance of reports intended for use in collecting information from the public received by the Office of Management and Budget on August 6, 1975 (44 USC 3509). The purpose of publishing this list in the FEDERAL REGISTER is to inform the public.

The list includes the title of each request received; the name of the agency sponsoring the proposed collection of information; the agency form number(s), if applicable; the frequency with which the information is proposed to be collected; the name of the reviewer or reviewing division within OMB, and an indication of who will be the respondents to the proposed collection.

Requests for extension which appear to raise no significant issues are to be approved after brief notice thru this release.

Further information about the items on this Daily List may be obtained from the Clearance Office, Office of Management and Budget, Washington, D.C. 20503 (202-395-4529), or from the reviewer listed.

NEW FORMS

DEPARTMENT OF AGRICULTURE

Extension Service, Study of Marketing (Advertising and Promotion) Practices of Minnesota Resort and Campground Industry, Form ——, single time, resort and campground operators, Lowry, R. L., 395-3772.

Economic Research Service, Overseas Markets for U.S. Food Processors, Form ——, single time, business firms, Lowry, R. L., 395-3772.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Human Development, Readership Survey, Form ——, single time, subscribers to magazine, Lowry, R. L., 395-3772.

Social Security Administration, Medical History and Disability Report Vocational History Report, Forms SSA-401, SSA-401-B, occasional, Caywood, D. P., 395-3443.

Health Services Administration, Health Maintenance Organization—Qualification Application Form, Form HSA-20, single time, health maintenance organizations, Lowry, R. L., 395-3772.

NATIONAL ACADEMY OF SCIENCES

Protocol To Assess Veterans' Perceptions of VA Medical and Surgical Care at Discharge and After Discharge, Form DMS-CHCRVA-012, single time, Elsinger, R., 395-6140.

REVISIONS

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Social and Rehabilitation Services, Quarterly Estimate of Expenditures, Form SRS OFM 65, quarterly, States, D.C., Guam, Puerto Rico, and Virgin Islands, Lowry, R. L., 395-3772.

## SECURITIES AND EXCHANGE COMMISSION

[File No. 81-168]

### AMANA SOCIETY

#### Application and Opportunity for Hearing

JUNE 26, 1975.

Notice is hereby given that The Amana Society ("the Applicant") has filed an application pursuant to Section 12(h) of the Securities Exchange Act of 1934, as amended, ("the Act") for an order exempting the Applicant from the provisions of Section 12(g) of the Act. Exemption from Section 12(g) will have the effect of exempting the Applicant from Sections 13 and 14 of the Act and any officer, director or ten percent beneficial owner from Section 16 thereof.

Section 12(g) of the Act requires the registration of the securities of every issuer which is engaged in interstate commerce or in a business affecting interstate commerce, or whose securities are traded by use of the mails or any means or instrumentality of interstate commerce, and on the last day of the fiscal year has total assets exceeding $1 million and a class of equity securities held of record by 500 or more persons. Registration is terminated 90 days after the issuer files a certification with the Commission that the number of holders of the registered class of securities is fewer than 300 persons.

Section 12(h) empowers the Commission to exempt, in whole or in part, any issuer or class of issuers from the registration, periodic reporting, proxy solicitation and other requirements of the Act, if the Commission finds by reason of the number of public investors, amount of trading interest in the securities, the nature and extent of the activities of the issuer, income or assets of the issuer, or otherwise, that such exemption is not inconsistent with the public interest or the protection of investors.

The application states, in part, that:

1. The Applicant is an Iowa corporation and as of February 6, 1975, had in excess of 500 shareholders and owned assets with an approximate value of $9,000,000;

2. The Applicant and its two subsidiaries are engaged in various businesses for profit including farming, the manufacture and sale of woolen goods, wood products, and the operation of general stores and a motel;

3. No public market exists for the common stock of the Applicant and none will develop;

4. The holders of the stock of Applicant are all knowledgeable of its operations, and therefore no public interest would be protected by requiring Applicant to file the reports required under the Securities Exchange Act of 1934;

5. As conditions to the granting of this application, the Applicant would agree to provide to all holders of its common stock at least annually, by mail or other method of distribution, certified financial statements of the Applicant, including a balance sheet, income statement, statement of retained earnings, and statement of changes in financial position and to file with the Commission annually, as supplemental information relating to its application for exemption, a statement setting forth the classes of outstanding securities of the Society and any changes therein, the number of security holders as of a recent date, and information as to trading in securities of the Society for the preceding year comparable to the information set forth in paragraph 8 of the Applicant's application for exemption dated December 18, 1974; and

6. In view of the facts that no public trading market exist for its common stock and that the present stockholders are all knowledgeable of its operations, the Applicant should not be subjected to the burden of complying with the requirements of sections 12, 13, and 14 of the Act and its officers and directors and 10 percent beneficial owners should not be subject to Section 16 of the Act.

For a more detailed statement of the information presented, all persons are referred to said application which is on file in the offices of the Commission at 500 North Capitol Street, Washington, D.C.

Notice is further given that any interested person not later than August 29, 1975, may submit to the Commission, in writing, his views or any substantial facts bearing on this application or the desirability of a hearing thereon. Any such communication or request should be addressed to: Secretary, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549, and should state briefly the nature of the interest of the person submitting such information or requesting the hearing, the reason for such request, and the issues of fact and law raised by the application which he desires to controvert. At any time after said date, an order granting the application, in whole or in part may be issued upon request or upon the Commission's own motion.

By the Commission.

[SEAL] GEORGE A. FITZSIMMONS,
*Secretary.*

[FR Doc.75-21038 Filed 8-11-75;8:45 am]

[811-2058]

### AMERICAN UNION INVESTMENT FUND, INC.

#### Application

AUGUST 5, 1975.

Notice is hereby given that on February 26, 1975 American Union Investment Fund, Inc. ("Applicant"), 201 West Wisconsin Avenue, Milwaukee, Wisconsin 53203, registered as an open-end, diversified management investment company under the Investment Company Act of 1940 ("Act") filed an application pursuant to Section 8(f) of the Act for an order of the Commission declaring that Applicant has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein which are summarized below.

Applicant was incorporated under the laws of the State of Maryland on September 8, 1969 and registered under the Act on December 11, 1970.

On March 11, 1974, Applicant's board of directors voted to submit a proposal for Applicant's dissolution to its shareholders, and, at a meeting held for that purpose on November 19, 1974, such shareholders authorized the dissolution of Applicant and the distribution of its assets. Subsequently, Applicant's portfolio was liquidated and its total net assets were distributed on a pro rata basis to Applicant's shareholders as of December 19, 1974.

Applicant states that it no longer has either assets or shareholders, other than $647.09 outstanding in a trust account for shareholders who cannot be located. Applicant further states that its corporate existence has been terminated pursuant to the laws of the State of Maryland.

Section 8(f) of the Act provides, in pertinent part, that whenever the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, and upon the taking effect of such order the registration of such company shall cease to be in effect.

Notice is hereby given that any interested person may, not later than August 29, 1975, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the Applicant at the address stated above.

Proof of such service (by affidavit, or in case of attorney-at-law, by certificate) shall be filed contemporaneously with the request, as provided by Rule 0–5 of the Rules and Regulations promulgated under the Act, an order disposing of the application will be issued as of course following August 29, 1975, unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive any notices or orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] SHIRLEY E. HOLLIS,
*Assistant Secretary.*

[FR Doc.75 21037 Filed 8-11-75;8:45 am]

[812-3822-3]

## STANDARD & POOR'S/INTERCAPITAL LIQUID ASSET FUND, INC.

### Application

AUGUST 5, 1975.

Notice is hereby given that Standard & Poor's InterCapital Liquid Asset Fund, Inc., ("Fund" or "Applicant"), 1775 Broadway, New York, New York 10019, a Maryland Corporation registered under the Investment Company Act of 1940 ("Act") as an open-end diversified management company, filed an application on June 16, 1975, pursuant to Section 6 (c) of the Act for an order of the Commission declaring that John J. Scanlon ("Scanlon") and Irwin Friend ("Friend") shall not be deemed "interested persons" of Applicant within the meaning of Section 2(a)(19) of the Act solely by reason of their relationships with certain corporations which are registered as broker-dealers under the Sechange Act"). All interested persons are curities Exchange Act of 1934 ("Exreferred to the application on file with the Commission for a statement of the representations made therein, which are summarized below.

Scanlon, a proposed nominee for the position of Director of Applicant is also a director of USLIFE Corporation ("USLIFE"), a diversified financial services company. Through certain of its subsidiaries, USLIFE is engaged in the business of selling life and title insurance, banking and consumer lending. Other USLIFE subsidiaries manage investment portfolios and act as investment adviser of USLIFE Funds, Inc. ("USLIFE Funds"), a group of mutual funds, and USLIFE Income Fund, Inc., a closed-end, diversified management investment company.

USLIFE Mutual Funds Management Corp. ("Funds Management") acts as investment adviser, general distributor and principal underwriter of USLIFE Funds; USLIFE Equity Sales Corp. ("Equity Sales") also acts as principal underwriter for USLIFE Funds. Funds Management and Equity Sales, both wholly owned subsidiaries of USLIFE, are registered as broker-dealers under the Exchange Act solely for the purpose of selling shares of USLIFE Funds. Both companies do not otherwise act as broker-dealers in any capacities.

Section 10(a) of the Act prohibits Applicant from having a Board of Directors more than 60% of the members of which are interested persons of Applicant. Section 2(a)(19) of the Act, to the extent relevant, defines an "interested person" of an investment company to include any broker of dealer registered under the Exchange Act or any affiliated person of such broker or dealer. Section 2(a)(3) of the Act defines an "affiliated person" of another person to include any director of such other person and, also, any person directly or indirectly controlling, controlled by or under common control with such other person.

By reason of Scanlon's position as a director of USLIFE, which owns Funds Management and Equity Sales, Scanlon might be considered for purposes of Section 2(a)(19) of the Act to be an affiliated person of Funds Management and Equity Sales, and hence, an interested person of the Applicant.

Friend, Richard K. Mellon Professor of Finance and Professor of Economics and Finance at The Wharton School of the University of Pennsylvania, and a Director of The Rodney L. White Center for Financial Research at the University of Pennsylvania, is a proposed nominee for the position of Director of Applicant. Friend is also director of PMI Investment Corporation ("PMI"), which is registered as a broker-dealer under the Exchange Act. PMI was originally organized in December, 1972 to be a holding company of two mortgage insurance companies, PMI Mortgage Insurance Co. and PMI Mortgage Insurance Co. of California (hereinafter collectively referred to as the "Mortgage Insurance Companies"). In September, 1973, PMI and the Mortgage Insurance Companies were acquired by Allstate Insurance Company ("Allstate"). After the acquisition, PMI and PMI Mortgage Insurance Company became direct subsidiaries of Allstate. PMI Mortgage Insurance Company of California became a direct subsidiary of PMI Mortgage Insurance Co., and PMI commenced doing business as a "match-maker", that is, a person who brings together buyers and sellers of whole mortgages on residential properties.

PMI anticipates that at some time in the future it may commence acting as a matchmaker in connection with the placement of "participations" in whole mortgages. Because it considered that such mortgage participations may be deemed to be securities within the meaning of the Exchange Act and that its matchmaking activities may subject it to the registration provisions of that Act, PMI registered as a broker-dealer under the Exchange Act.

Section 2(a)(19) as already noted, treats as an "interested person" of an investment company any affiliated person of a broker-dealer registered under the Exchange Act.

By virtue of his position as Director of PMI, Friend is an affiliated person of PMI under Section 2(a)(3) of the Act, and, hence, an interested person of Applicant under Section 2(a)(19) of the Act.

Section 6(c) of the Act provides that the Commission may conditionally or unconditionally exempt any person from any provision of the Act if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Applicant represents that Scanlon's connection with Funds Management and Equity Sales is such that he has no personal interest in their business and that such relationship is remote and irrelevant to his functioning as an independent director of the Fund. Further, Applicant represents and warrants that so long as Scanlon remains a director of Applicant, it will not transact any business with the USLIFE subsidiary broker-dealers as portfolio brokers or otherwise.

In connection with the application insofar as it concerns Friend, Applicant represents that its investment policy requires it to invest all of its assets in money market instruments and that it is precluded from purchasing interests in real estate, except marketable securities issued by companies which invest in real estate or interests therein. Applicant states that since the mortgage participations proposed to be the subject of PMI's matchmaking business are not expected to be marketable, Applicant will have no occasion to do business with PMI. Furthermore, Applicant undertakes that it will not, under any circumstances, do any business with PMI so long as Friend is a director of Applicant and a director of PMI.

Applicant submits that it would be inherently misleading to stockholders and unfair to Scanlon and Friend to identify them as interested directors of Applicant since such a label, it contends, implies the existence of a question of actual or potential conflict of interest which, Applicant claims, would not in fact exist in the event they became directors of Applicant. Applicant further states that it would be appropriate to treat Scanlon and Friend as disinterested directors in those instances when Applicant's directors vote on a matter which requires majority approval by disinterested directors.

Notice is further given that any interested person may, not later than 5:30 p.m. on September 2, 1975, submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service (by affidavit or in the case of an attorney at law by certificate), shall be filed contemporaneously with the request. As provided by Rule 0–5 of the Rules and Regulations promulgated under the Act, an order disposing of the application herein will be issued as of course following September 2, 1975, unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] SHIRLEY E. HOLLIS,
*Assistant Secretary.*

## SECURITIES AND EXCHANGE COMMISSION

[70–5703]

## SOUTHWESTERN ELECTRIC POWER CO.

### Proposed Acquisition of Interests in Fuel Exploration and Development Activities

AUGUST 5, 1975.

Notice is hereby given, That Southwestern Electric Power Company ("SWEPCO") P.O. Box 1106, Shreveport, Louisiana, 71156, an electric utility subsidiary company of Central and South West Corporation, a registered holding company, has filed an application-declaration, and amendments thereto, pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(a), 7, 9 and 10 of the Act and Rule 50 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the application-declaration, as amended, which is summarized below, for a complete statement of the proposed transactions.

By order dated August 4, 1975 (HCAR No. 1914) issued in this proceeding, SWEPCO was authorized to issue and sell $40,000,000 principal amount of its first mortgage bonds by competitive bidding. By amendment filed on July 31, 1975, SWEPCO requested authorization to conduct a fuel exploration and development program to which a part of the proceeds of the bonds is to be applied. Jurisdiction was reserved in the order of August 4 with respect to the use of proceeds from the sale of the bonds for certain fuel exploration and development activities of SWEPCO, including acquisition of oil, gas and coal leases and with respect to SWEPCO's application for authority to make such acquisitions.

SWEPCO states that it has acquired or proposes to acquire and develop oil and gas leases, coal leases and related pipeline facilities. SWEPCO states that it has been engaged in such activities since 1971 when it commenced to suffer from curtailment of deliveries to certain generating plants. It has spent to May 31, 1975, approximately $1.8 million on lease acquisition, $7.4 million on development, $3.5 million on pipeline construction and $0.4 million on other costs, an aggregate of $13.1 million. Such expenditures have been made in Louisiana and Texas, in areas accessible to its generating plants.

All of SWEPCO's existing generating units are equipped to burn natural gas on a continuous basis with the exception of a small station which accounts for about 1% of its total capability. Exclusive of this plant, approximately 41% of its gas-fired stations are also equipped to burn oil for short periods when natural gas is unavailable. SWEPCO currently has under construction two baseload coal-fired generating units scheduled for completion in 1977 and 1978 and two lignite units tentatively projected for completion in the early 1980's. It also anticipates that by 1980 over half of the energy produced from the SWEPCO generating facilities will come from coal or lignite units and that it will use increasing amounts of oil to replace natural gas.

It has completed 26 wells, of which five were dry holes and has three wells underway. Gas reserves are estimated at 31.8 BCF, producing slightly under 2 BCF annually. Its pipelines include a gathering system and one 31-mile, 12 inch line. Five gas wells and its only oil well are not connected to its generating plants and the production thereof is sold to nonaffiliates under short-term contracts. It is seeking exchanges or other means of using this production.

Ownership of the wells is shared with others, but SWEPCO is purchasing most of the production accruing to other owners. It has entered into various operating and farm out agreements. It has also made small advances to owners of nearby wells to finance their connection with SWEPCO's gathering lines.

SWEPCO has also, through a nominee, acquired lignite leaseholds, aggregating some 27,000 acres in two areas—one in Louisiana and one in east Texas—in anticipation of construction of lignite generating units planned for the mid 1980's.

SWEPCO proposes to continue its oil and gas exploration and development activities and to do further geological work and lease acquisition for lignite. It expects such acquisitions will be conducted generally as described above, and in or near its service territory.

SWEPCO has budgeted $8,750,000 of expenditures for such purpose in the years 1975–1977, of which about $840,000 has been spent in the first five months of 1975. SWEPCO requests authority, to the extent required under the Act, to acquire interests in the oil and gas and lignite ventures indicated. It states that its program will involve geological evaluation and testing, acquisition of leasehold interests, and possible related surface interests, drilling of exploratory and development wells, operation of wells, construction of pipeline and gathering lines and appurtenant facilities where necessary to connect production to its plants, arrangement for necessary treatment or processing and incidental sale of products which cannot be feasibly used by SWEPCO.

It will dispose from time to time of interests not deemed attractive. It may engage in joint ventures, partnerships or other common activities, and may make advances and receive notes or other evidences of indebtedness therefor. Activity may involve farm-ins, farm-outs, bottom-hole or dry-hole contributions, and other transactions of the sort customarily engaged in during acquisition, exploration and development of oil and gas leasehold properties, or lignite properties.

SWEPCO proposes to report quarterly to the Commission, pursuant to Rule 24 under the Act, on operations undertaken, expenditures made and interests acquired and disposed of pursuant to the authorization sought herein.

Any fees and expenses to be incurred by SWEPCO in connection with the proposed acquisition of interests in fuel exploration and development activities beyond those fees incurred in connection with the bond financing previously approved herein will be supplied by amendment. It is stated that no state commission and no federal commission, other than this Commission, has jurisdiction over the proposed acquisition of interests in fuel exploration and development activities by SWEPCO.

Notice is further given, That any interested person may, not later than September 2, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issue of fact or law raised by said application-declaration, as amended, with respect to the proposed acquisition of interest in fuel exploration and development activities which he de-

VOL 40 NO 156 AUG 12 75 XU

sires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicant-declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as amended, or as it may be further amended, may be granted and permitted to become effective with respect to the proposed acquisition of interests in fuel exploration and development activities as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] SHIRLEY E. HOLLIS,
*Assistant Secretary.*

## DEPARTMENT OF LABOR

### Office of the Secretary

### BROWN SHOE CO.

#### Certifications and Negative Determinations of Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-46; TA-W-48; TA-W-49 and TA-W-52; investigations regarding certifications of eligibility to apply for adjustment assistance as described in Section 222 of the Act.

The investigations were instituted on June 5, 1975 in response to petitions filed by the Boot and Shoe Workers Union AFL–CIO on behalf of workers and former workers producing men's and women's footwear and women's handbags at Brown Shoe Company plant in Brookfield, Charleston, Fulton, and Versailles, Missouri.

The Notices of Investigations were published in the FEDERAL REGISTER (40 FR 25646; 40 FR 25648; 40 FR 25646; 40 FR 25646) on June 17, 1975. No public hearings were requested and none were held.

The information upon which the determinations were made was obtained from officials of Brown Shoe Company, its customers, the U.S. International Trade Commission, U.S. Department of Commerce, industry analysts, and Department files.

In order to make affirmative determinations and issue certifications of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) that a significant number or proportion of the workers in such workers' firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated.

(2) that sales or production, or both, of such firm or subdivision have decreased absolutely, and

(3) that increases of imports of articles produced by such workers' firm or an appropriate subdivision thereof contributed importantly to such total or partial separation, or threat thereof, and to such decline in sales or production. For purposes of paragraph (3), the term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

A significant number or proportion of the hourly, piecework and salaried workers of Brown Shoe Company's Brookfield plant became totally or partially separated in the fourth quarter of 1974. Employment declined 67 percent from October 1974 to February 1975.

A significant number or proportion of the hourly, piecework and salaried workers of Brown Shoe Company's Charleston plant became totally or partially separated in the first quarter of 1975. Employment declined 34 percent from December 1974 to March 1975.

A significant number or proportion of the hourly, piecework and salaried workers of Brown Shoe Company's Fulton plant became totally or partially separated in the third quarter of 1974. Employment declined 41 percent from October 1974 to February 1975.

A significant number or proportion of the hourly, piecework and salaried workers of Brown Shoe Company's Versailles plant became totally or partially separated in the third quarter of 1974. Employment declined 44 percent from July 1974 to April 1975.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Sales and production of men's footwear at the Brookfield plant each declined by 16 percent from 1973 to 1974. In the first quarter of 1975 sales and production were 63 percent and 66 percent respectively below their levels in the same quarter of the previous year.

Sales and production of women's footwear at the Charleston plant declined 18 percent and 20 percent respectively from 1973 to 1974. In the first quarter of 1975 sales and production were 52 percent and 53 percent respectively below their levels in the same quarter of the previous year.

Sales and production of women's footwear at the Fulton plant increased 7 percent and 6 percent respectively from 1973 to 1974. In January and February of 1975 sales and production were 37 percent and 34 percent below their levels in the same months of the previous year.

Sales and production of women's vinyl handbags at the Versailles plant declined 5 percent and 9 percent respectively from 1973 to 1974. In the first quarter of 1975 sales and production were 56 percent and 58 percent below their levels in the same quarter of the previous year.

INCREASED IMPORTS CONTRIBUTED IMPORTANTLY

During 1970–1974 imports of men's leather footwear like or directly competitive with footwear produced at the Brookfield plant increased nearly 92 percent from 29 million pairs in 1970 to 56 million pairs in 1974. The import/consumption and import/production ratios increased each year during 1970–1974. These ratios were at their highest level for the period at 54.2 percent and 118.3 percent respectively in 1974.

During 1970–1974 imports of women's and misses' nonrubber footwear like or directly competitive with footwear produced at the Charleston and Fulton plants increased by 14.5 percent while domestic production of such footwear declined by 33.9 percent. In 1974 the import/consumption and import/production ratios were higher than their respective level in 1973 and significantly greater than their respective average for 1970–1973.

Imports of women's and misses' handbags like or directly competitive with handbags produced at the Versailles plant declined nearly 20 percent from 1973 to 1974, while U.S. production increased about 8 percent. The import/consumption and import/production ratios in 1974 were at their lowest level for the period 1970–1974.

The evidence developed in the Department's investigations indicates that increased imports of articles like or directly competitive with those produced at Brown Shoe Company's Brookfield and Charleston plants contributed importantly to the curtailment of production and separation of workers from such plants. The evidence also shows that Brown Shoe Company's Fulton plant experienced increased sales and production from 1973 to 1974 prior to the closure in February 1975. The closure of the Fulton plant resulted from the transfer of production to another domestic facility of Brown Shoe and the realization of more effective plant utilization rather than import competition.

The decline in sales and production of handbags at Brown Shoe Company's Versailles plant resulted from factors other than imports. Imports of handbags like or directly competitive with those produced at the Versailles plant declined 20 percent from 67 million in 1973 to 54 million in 1974.

CONCLUSION

After careful review of the facts obtained in the investigations, I conclude that increases of imports like and directly competitive with those produced at Brown Shoe Company's Fulton and Versailles plants did not contribute importantly to the total or partial separations of a significant number or proportion of the workers at such firms. I further conclude that increases of imports like or directly competitive with those produced at Brown Shoe Company's Brookfield and Charleston plants contributed importantly to the total or partial separations of a significant number or proportion of workers at such firms. In accordance with Section 223 of the Trade Act of 1974, I make the following certification:

"All workers, hourly, piecework and salaried, of Brown Shoe Company's Brookfield, Missouri plant who became totally or partially separated from employment related to the production of men's footwear on or after October 3, 1974 and before March 30, 1975 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974."

"All workers, hourly, piecework and salaried of Brown Shoe Company's Charleston, Missouri plant who became totally or partially separated from employment related to the production of women's footwear on or after December 29, 1974 and before May 3, 1975 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974."

Signed at Washington, D.C. this 5th day of August 1975.

HERBERT N. BLACKMAN,
*Associate Deputy Under Secretary for Trade and Adjustment Policy.*

## INTERSTATE COMMERCE COMMISSION

[Notice No. 829]

### ASSIGNMENT OF HEARINGS

AUGUST 7, 1975.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested.

MC 200 Sub 273, Riss International Corporation; MC 10761 Sub 276, Transamerican Freight Lines, Inc.; MC 95540 Sub 923, Watkins Motor Lines, Inc.; MC 108207 Sub 414, Frozen Food Express, Inc.; MC 111231 Sub 191, Jones Truck Lines, Inc.; MC 113678 Sub 584, Curtis, Inc.; MC 114569 Sub 115, Shaffer Trucking, Inc.; MC 119789 Sub 236, Caravan Refrigerated Cargo, Inc.; MC 133655 Sub 82, Trans-National Truck, Inc.

MC 134323 Sub 69, Jay Lines, Inc.; and MC 134755 Sub 51, Charter Express, Inc., now being assigned October 29, 1975 (3 days), at Wichita, Kansas, in a hearing room to be later designated.

MC 127616 Sub 20, Savage Trucking Company, Inc., now assigned September 25, 1975, at Washington, D.C., is postponed indefinitely.

MC 29886 Sub 320, Dallas & Mavis Forwarding Co., Inc., now assigned September 29, 1975, at Chicago, Ill., is canceled and Application dismissed.

### FOURTH SECTION APPLICATIONS FOR RELIEF

AUGUST 7, 1975.

An application, as summarized below, has been filed requesting relief from the requirements of Section 4 of the Interstate Commerce Act to permit common carriers named or described in the application to maintain higher rates and charges at the intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the General Rules of Practice (49 CFR 1100.40) and filed on or before August 27, 1975.

FSA No. 43026—*Iron or Steel Billets and Bars to Russellville, Arkansas.* Filed by Southwestern Freight Bureau, Agent (No. B–544), for interested rail carriers. Rates on billets, bars, iron or steel, other than copper clad, in car-

loads, as described in the application, from Steelton, Kentucky, to Russellville, Arkansas.

Grounds for relief—Market competition.

Tariff—Supplement 132 to Southwestern Freight Bureau, Agent, tariff 301–F, I.C.C. No. 5098. Rates are published to become effective on September 9, 1975.

AGGREGATE-OF-INTERMEDIATES

FSA No. 43027—*Iron or Steel Billets and Bars to Russellville, Arkansas.* Filed by Southwestern Freight Bureau, Agent (No. B–543), for interested rail carriers. Rates on billets, bars, iron or steel, other than copper clad, in carloads, as described in the application, from Steelton, Kentucky, to Russellville, Arkansas.

Grounds for relief—Maintenance of depressed rates published to meet market competition without use of such rates as factors in constructing combination rates.

Tariff—Supplement 132 to Southwestern Freight Bureau, Agent, tariff 301–F, I.C.C. No. 5098. Rates are published to become effective on September 9, 1975.

By the Commission.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[FR Doc.75-21062 Filed 8-11-75;8:45 am]

[Notice No. 89]

## MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

AUGUST 7, 1975.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the I.C.C. Field Office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 13900 (Sub-No. 27TA) (Amendment), filed July 7, 1975, published in the FEDERAL REGISTER issue of July 25, 1975, and republished as amended this issue. Applicant: MIDWEST HAULERS, INC., 228 Superiro St., Toledo, Ohio 43604. Applicant's representative: Harold G. Hernly, Jr., 118 North St. Asaph St., Alexandria, Va. 22314. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities*, which are at the time moving on bills of lading of freight forwarders as defined under Section 402(a) of the Act, from Memphis, Tenn., and points in its commercial zone, to Syracuse, Rochester, Buffalo, and Albany, N.Y.; West Haven, Conn.; Allentown, Pa.; Worcester, Mass.; Whippany, N.J.; and Wilmington, Del., and points within their respective commercial zones, for 180 days. Supporting shipper: Spring Springmeier Shipping Company, Inc., 123 Hadley St., St. Louis, Mo. 63101. Send protests to: Keith D. Warner, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 313 Federal Office Bldg., 234 Summit St., Toledo, Ohio 43604. The purpose of this republication is to include the commercial zone of Memphis, Tenn., and the commercial zones of the (9) destination points.

No. MC 20992 (Sub-No. 34TA), filed July 30, 1975. Applicant: DOTSETH TRUCK LINE, INC., Knapp, Wis. 54749. Applicant's representative: Patrick E. Quinn, P.O. Box 82028, Lincoln, Nebr. 68501. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Loaders, and parts, accessories, and attachments therefor*, from Madison, S. Dak., to points in Alabama, Arizona, Arkansas, California, Colorado, the District of Columbia, Florida, Georgia, Idaho, Louisiana, Mississippi, Nevada, New Mexico, North Carolina, Oklahoma, Oregon, Rhode Island, South Carolina, Tennessee, Texas, Utah, and Washington; (2) *Agricultural machinery, equipment, implements, and parts, accessories, and attachments therefor*, from Madison, S. Dak., to points in the United States (except Alaska and Hawaii). Restriction: Restricted to the transportation of shipments originating at the facilities of The Gehl Company, at or near Madison, S. Dak., for 180 days. Supporting shipper: The Gehl Company, 143 Water St., West Bend, Wis. 53095. Send protests to: Raymond T. [Notice No. 87]

## MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

AUGUST 4, 1975.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 C.F.R. 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the

service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the I.C.C. Field Office to which protests are to be transmitted.

No. MC 1759 (Sub-No. 34TA), filed July 28, 1975. Applicant: FROEHLICH TRANSPORTATION CO., INC., Federal Road, Danbury, Conn. 06810. Applicant's representative: Thomas W. Murrett, 342 North Main Street, West Hartford, Conn. 06117. ## IRREGULAR-ROUTE MOTOR COMMON CARRIERS OF PROPERTY

### Elimination of Gateway Letter Notices

AUGUST 7, 1975.

The following letter-notices of proposals to eliminate gateways for the purpose of reducing highway congestion, alleviating air and noise pollution, minimizing safety hazards, and conserving fuel have been filed with the Interstate Commerce Commission under the Commission's Gateway Elimination Rules (49 CFR 1065), and notice thereof to all interested persons is hereby given as provided in such rules.

An original and two copies of protests against the proposed elimination of any gateway herein described may be filed with the Interstate Commerce Commission on or before August 22, 1975. A copy must also be served upon applicant or its representative. Protests against the elimination of a gateway will not operate to stay commencement of the proposed operation.

Successively filed letter-notices of the same carrier under these rules will be numbered consecutively for convenience in identification. Protests, if any, must refer to such letter-notices by number.

No. MC 504 (Sub-No. E10), filed June 5, 1974. Applicant: HARPER MOTOR LINES, INC., P.O. Box 6985, Atlanta, Ga. 30315. Applicant's representative: B. K. McClain (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Granite* (except granite requiring special equipment), (a) from points in South Carolina (except points in Cherokee and York Counties), to points in Indiana, Illinois, Iowa, Michigan, Wisconsin, and Ohio (except points in Lawrence County), (b) from points in South Carolina (except points north of U.S. Highway 76 from the Georgia-South Carolina State line to Columbia, S.C., and points east of U.S. Highway 176 from Columbia, S.C., to Charleston, S.C.), to points in Virginia, Maine, Kentucky, Tennessee, and West Virginia (except points in McDowell, Mercer, Wyoming, Summers, Monroe and Raleigh Counties); (Elberton, Ga., and points within 25 miles thereof) *; and (2) *Building and monumental stone* (except commodities requiring special equipment), from points in South Carolina to points in Illinois and points in West Virginia on and north of U.S. Highway 50 (Rion, S.C.) *. The purpose of this filing is to eliminate the gateways indicated by asterisks above.

No. MC 1936 (Sub-No. E3), filed May 25, 1974. APPLICANT: B & P MOTOR EXPRESS, INC., 720 Gross Street, Pittsburgh, Pa. 15224. Applicant's representative: William J. Cavelle, 2310 Grant Building, Pittsburgh, Pa. 15219. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes transporting: *commodities*, the transportation of which because of their size or weight, requires the use of special equipment, (1) between points in Pennsylvania, on the one hand, and, on the other, points in Illinois, Michigan, and points in Indiana (except points in Wayne County), (2) between points in Brooke, Hancock and Ohio Counties, W. Va., on the one hand, and, on the other, points in Illinois and Michigan, (3) (a) between points in Brooke, Hancock and Ohio Counties, W. Va., on the one hand, and, on the other points in Indiana on, north and west of a line beginning at the Indiana-Ohio State line and extending along U.S. Highway 36 to junction U.S. Highway 65 to Indiana-Kentucky State line (b) between points in Brooke and Hancock Counties, W. Va., on the one hand, and, on the other, points in Indiana (except points in Jefferson, Switzerland, Ohio, Dearborn, Ripley, Franklin, Union, Fayette, Rush, Decatur and Wayne Counties, Ind., (4) between points in Brooke and Hancock Counties, W. Va., on the one hand, and, on the other, points in Indiana. The purposes of this filing is to eliminate the gateway of points in Cuyahoga, Lake, Lorain or Medina Counties, Ohio.

No. MC 2630 (Sub-No. E48), filed May 31, 1974. Applicant: TOM STILL TRANSFER COMPANY, INC., 632 Boone St., Kingsport, Tenn. 37660. Applicant's representative: Eugene R. Still (same as

above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods*, as defined in *Practices of Motor Common Carriers of Household Goods*, 17 M.C.C. 467, between points in Georgia on and east of a line beginning at the Georgia-Alabama State line extending along Alabama Highway 143 to junction Alabama Highway 53, thence along Alabama Highway 53 to junction Alabama Highway 11, thence along Alabama Highway 11 to junction U.S. Highway 129, thence along U.S. Highway 129 to junction Interstate Highway 16, thence along Interstate Highway 16 to junction Alabama Highway 29, thence along Alabama Highway 29 to junction Alabama Highway 46, thence along Alabama Highway 46 to junction U.S. Highway 1, thence along U.S. Highway 1 to junction U.S. Highway 34, thence along U.S. Highway 34 to the Atlantic Coast, including Jekyll Island, on the one hand, and, on the other, points in Oklahoma (except LeFlore and McCurtain Counties). The purpose of this filing is to eliminate the gateway of Kingsport, Tenn., or points within 100 miles thereof.

No. MC 2630 (Sub-No. E49), filed May 31, 1974. Applicant: TOM STILL TRANSFER COMPANY, INC., 632 Boone St., Kingsport, Tenn. 37660. Applicant's representative: Eugene R. Still (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods*, as defined in *Practices of Motor Common Carriers of Household Goods*, 17 M.C.C. 467, between points in Georgia on and south of a line beginning at the Georgia-Alabama State line extending along Georgia Highway 62 to junction U.S. Highway 82, thence along U.S. Highway 82 to junction U.S. Highway 17, thence along U.S. Highway 17 to the Atlantic Ocean, on the one hand, and, on the other, points in Kentucky. The purpose of this filing is to eliminate the gateway of Kingsport, Tenn., or points within 100 miles thereof.

No. MC 2630 (Sub-No. E50), filed May 31, 1974. Applicant: TOM STILL TRANSFER COMPANY, INC., 632 Boone St., Kingsport, Tenn. 37660. Applicant's representative: Eugene R. Still (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods*, as defined in *Practices of Motor Common Carriers of Household Goods*, 17 M.C.C. 467, between points in Georgia on and south of a line beginning at the Georgia-Alabama State line extending along U.S. Highway 19 to junction U.S. Highway 80, thence along U.S. Highway 80 to the Atlantic Coast, on the one hand, and, on the other, points in Kentucky on and north of a line beginning at the Kentucky-Missouri State line extending along Kentucky Highway 80 to junction Purchase Parkway, thence along the Purchase Parkway to junction U.S. Highway 431, thence along U.S. Highway 431 or points on and east thereof. The purpose of this filing is to eliminate the gateway of Kingsport, Tenn., or points within 100 miles thereof.

No. MC 2630 (Sub-No. E51), filed May 31, 1974. Applicant: TOM STILL TRANSFER COMPANY, INC., 632 Boone St., Kingsport, Tenn. 37660. Applicant's representative: Eugene R. Still (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods* as defined in *Practices of Motor Common Carriers of Household Goods*, 17 M.C.C. 467, between points in Georgia on and south of a line beginning at the Georgia-Alabama State line extending along Alternate U.S. Highway 27 to junction Interstate Highway 85, thence along Interstate Highway 85 to junction Interstate Highway 285, thence along Interstate Highway 285 to junction Interstate Highway 20, thence along Interstate Highway 20 to the Georgia-South Carolina State line, on the one hand, and, on the other, points in Kentucky on and east of a line beginning at the Kentucky-Indiana State line extending along U.S. Highway 41 to junction Green River Parkway, thence along Green River Parkway to junction Western Kentucky Parkway, thence along Western Kentucky Parkway to junction Interstate Highway 65, thence along Interstate Highway 65 to junction U.S. Highway 90, thence along U.S. Highway 90 to junction U.S. Highway 31E, thence along U.S. Highway 31E to the Kentucky-Tennessee State line. The purpose of this filing is to eliminate the gateway of Kingsport, Tenn., or points within 100 miles thereof.

No. MC 2630 (Sub-No. E52), filed May 31, 1974. Applicant: TOM STILL TRANSFER COMPANY, INC., 632 Boone St., Kingsport, Tenn. 37660. Applicant's representative: Eugene R. Still (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods* as defined in *Practices of Motor Common Carriers of Household Goods*, 17 M.C.C. 467, between points in Georgia on and south of a line beginning at the Georgia-Alabama State line extending along Alternate U.S. Highway 27 to junction Interstate Highway 85, thence along Interstate Highway 85 to junction Interstate Highway 285, thence along Interstate Highway 285 to junction Interstate Highway 20, thence along Interstate Highway 20 to the Georgia-South Carolina State line, on the one hand, and, on the other, points in Kentucky on and east of a line beginning at the Kentucky-Indiana State line extending along U.S. Highway 31E to junction Kentucky Highway 49, thence along Kentucky Highway 49 to junction Kentucky Highway 70, thence along Kentucky Highway 70 to junction U.S. Highway 27, thence along U.S. Highway 27 to the Kentucky-Tennessee State line. The purpose of this filing is to eliminate the gateway of Kingsport, Tenn., or points within 100 miles thereof.

No. MC 2630 (Sub-No. E53), filed May 31, 1974. Applicant: TOM STILL TRANSFER COMPANY, INC., 632 Boone St., Kingsport, Tenn. 37660. Applicant's representative: Eugene R. Still (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods* as defined in *Practices of Motor Common Carriers of Household Goods*, 17 M.C.C. 467, between points in Florida on and east of U.S. Highway 319 on the one hand, and, on the other, points in Missouri on and north of Interstate Highway 44. The purpose of this filing is to eliminate the gateway of Kingsport, Tenn., or points within 100 miles thereof.

No. MC 2630 (Sub-No. E54), filed May 31, 1974. Applicant: TOM STILL TRANSFER COMPANY, INC., 632 Boone St., Kingsport, Tenn. 37660. Applicant's representative: Eugene R. Still (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods* as defined in *Practices of Motor Common Carriers of Household Goods*, 17 M.C.C. 467, between points in Florida on and south of a line beginning at the Atlantic Coast extending along Florida Highway 207 to junction Florida Highway 20, thence along Florida Highway 20 to the Gulf Coast, on the one hand, and, on the other, points in Missouri. The purpose of this filing is to eliminate the gateway of Kingsport, Tenn., or points within 100 miles thereof.

No. MC 2630 (Sub-No. E55), filed May 31, 1974. Applicant: TOM STILL TRANSFER COMPANY, INC., 632 Boone St., Kingsport, Tenn. 37660. Applicant's representative: Eugene R. Still (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods* as defined in *Practices of Motor Common Carriers of Household Goods*, 17 M.C.C. 467, between points in Alabama on, north or west of a line beginning at the Alabama-Georgia State line extending along Interstate Highway 20 to junction Interstate Highway 65, thence along Interstate Highway 65 to junction Alabama Highway 22, thence along Alabama Highway 22 to junction Alabama Highway 41, thence along Alabama Highway 41 to junction Alabama Highway 21, thence along Alabama Highway 21 to junction Alabama Highway 59, thence along Alabama Highway 59 to the Gulf of Mexico, on the one hand, and, on the other, points in South Carolina on and north of a line beginning at the North Carolina-South Carolina State line extending along U.S. Highway 276 to junction Interstate Highway 26, thence along Interstate Highway 26 to the Atlantic Coast. The purpose of this filing is to eliminate the gateway of Kingsport, Tenn., or points within 100 miles thereof.

No. MC 2900 (Sub-E32), filed June 4, 1974. Applicant: RYDER TRUCKING LINES, INC., P.O. Box 2408, Jacksonville, Fla. 32203. Applicant's representative: S. E. Somers, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Paper which is a material or supply used in the manufacture of paper products, paper board, and box board*, (1) from points in Massachusetts, Rhode Island, Connecticut, points in that part of New York east and south of a line beginning at the New York-New Jersey State line, thence along Interstate Highway 87 to junction New York Highway 2, thence along New York Highway 2 to the New York-Massachusetts State line, and points in that part of New Jersey on and north of New Jersey Highway 33, to points in Lewis, Jefferson, St. Lawrence, Oneida and Franklin Counties, N.Y.; (2) from points in Massachusetts, Rhode Island, Connecticut, points in New York on and east of a line beginning at the N.Y.-Massachusetts State line and extending along New York State Highway 2 to Junction I87, thence along I87 to and including New York City, N.Y., points in New Jersey in the New York, N.Y. Commercial Zone and east of a line beginning at the New York-New Jersey State line and extending along the New Jersey Turnpike to Junction New Jersey State Highway 33, thence along New Jersey State Highway 33 to the Atlantic Ocean to points in Oswego County, N.Y.; (3) From points in Massachusetts, Rhode Island, Connecticut, points in New York on and south of a line beginning at Buffalo, N.Y. and extending along I90 to junction New York State Highway 14, thence along New York State Highway 14 to junction U.S. Highway 20, thence along U.S. Highway 20 to junction New York State Highway 41, thence along New York State Highway 40 to junction New York State Highway 206, thence along New York State Highway 206 to junction New York State Highway 7, thence along New York State Highway 7 to junction New York State Highway 2, thence along New York State Highway 2 to the New York-Massachusetts State line, and points in New Jersey north of New Jersey State Highway 33 to points in Clinton County, New York; and (4) from points in Massachusetts, Rhode Island, Connecticut, points in New York south of a line beginning at Watertown, N.Y. and extending along New York State Highway 12 to junction I90, thence along I90 to junction New York State Highway 2, thence along New York State Highway 2 to the New York-Massachusetts State line and points in New Jersey north of New Jersey State Highway 33 to points in Essex County, New York. The purpose of this filing is to eliminate the gateway of Albany, New York.

No. MC 2900 (Sub-E35), filed June 4, 1974. Applicant: RYDER TRUCKING LINES, INC., P.O. Box 2408, Jacksonville, Fla. 32203. Applicant's representative: S. E. Somers, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Paper and paper products*, (1) from points in Jefferson and Lewis Counties, N.Y. to points in Pennsylvania on and south of a line beginning at the Pennsylvania-Ohio State line and extending along Pennsylvania State Highway 884 to junction U.S. Highway 40 at Washington, Pa., thence along U.S. Highway 40 to the Pennsylvania-Maryland State line; and (2) from points in St. Lawrence County, N.Y. to points in Pennsylvania on and south of a line beginning at the Ohio-Pennsylvania State line and extending along U.S. Highway 442 to junction Pennsylvania State Highway 8, thence along Pennsylvania State Highway 8 to junction I76, thence along I76 to junction U.S. 119, thence along U.S. 119 to junction U.S. Highway 40, thence along U.S. Highway 40 to the Pennsylvania-Maryland State line. The purpose of this filing is to eliminate the gateway of Akron, Ohio.

No. MC 6801 (Sub-No. E1), filed May 25, 1974. Applicant: G. H. HARNUM, INC., 867 Woburn Street, Wilmington, Mass. 01887. Applicant's representative: Frank J. Weiner, 15 Court Square, Boston, Mass. 02108. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (a) *articles requiring specialized handling or rigging*, (1) between points in New Hampshire on the one hand, and, on the other, points in Connecticut, (2) between points, in Essex, Middlesex, Suffolk, Norfolk and Worcester Counties, Mass., on the one hand, and, on the other, points in Connecticut on and west of U.S. Highway 5, (3) between points in Berkshire, Franklin, Hampshire, and Hampden Counties, Mass., on the one hand, and, on the other, point in Connecticut on and east of a line beginning at the Connecticut-Massachusetts State line at U.S. Highway 5, thence along U.S. Highway 5 to junction Connecticut Highway 9, thence along Connecticut Highway 9 to Saybrook, Connecticut. The purpose of this filing is to eliminate the gateway of Springfield, Mass., and points within 15 miles thereof.

No. MC 6801 (Sub-No. E2), filed May 25, 1974. Applicant: G. H. HARNUM, INC., 867 Woburn Street, Wilmington, Mass. 01887. Applicant's representative: Frank J. Weiner, 15 Court Square, Boston, Mass. 02108. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (b) *machinery, factory equipment, and supplies*, and *heavy commodities* requiring rigging, (1) between points in Rhode Island on the one hand, and, on the other, points in Maine, (2) between points in Rhode Island on the one hand, and, on the other, points in Vermont, (3) between points in Maine on the one hand, and, on the other, points in Connecticut, (4) between points in Maine on the one hand, and, on the other, points in Massachusetts. The purpose of this filing is to eliminate the gateway of Boston, Mass., and points within 15 miles thereof.

No. MC 6801 (Sub-No. E3), filed May 25, 1974. Applicant: G. H. HARNUM, INC., 867 Woburn Street, Wilmington, Mass. 01887. Applicant's representative: Frank J. Weiner, 15 Court Square, Boston, Mass. 02108. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *buildings* (except in sections, and except when travelling on their own or removable undercarriages), restricted to the transportation of commodities which require the use of special equipment, (1) from points in New Hampshire to points in Connecticut, Delaware, Maryland, New Jersey, Ohio, Pennsylvania, Virginia, West Virginia, and the District of Columbia, (2) from points in Massachusetts on and east of Massachusetts Highway 12 to points in Maryland, Ohio, Virginia, West Virginia, the District of Columbia, those in New York on and west of Interstate Highway 81, those in New Jersey on and south of U.S. Highway 30, and those in Pennsylvania on and west of a line beginning at the New York-Pennsylvania State line at Interstate Highway 81, thence along Interstate Highway 81 to junction Pennsylvania Highway 61, thence along Pennsylvania Highway 61 to junction Pennsylvania Highway 10, thence along Pennsylvania Highway 10 to the Pennsylvania-Maryland State line, (3) from points in Rhode Island to points in Delaware, Maryland, Ohio, Virginia, West Virginia, the District of Columbia, those in New York, on, west, and north of a line beginning at the New York-Pennsylvania State line at Interstate Highway 81, thence along Interstate Highway 81 to junction New York Highway 7, thence along New York Highway 7 to junction New York Highway 50, thence along U.S. Highway 50 to junction U.S. Highway 9, thence along U.S. Highway 9 to junction New York Highway 32, thence along New York Highway 32 to junction U.S. Highway 4, thence along U.S. Highway 4 to the New York-Vermont State line and those in Pennsylvania on and west of a line beginning at the New York-Pennsylvania State line at U.S. Highway 219, thence along U.S. Highway 219 to junction Pennsylvania Highway 255, thence along Pennsylvania Highway 255 to junction Pennsylvania Highway 153, thence along Pennsylvania Highway 153 to junction U.S. Highway 322, thence along U.S. Highway 322 to junction Pennsylvania Highway 350, thence along Pennsylvania Highway 350 to junction U.S. Highway 220, thence along U.S. Highway 220 to the Pennsylvania-Maryland State line, (4) from points in Maine, to points in Connecticut, Delaware, Maryland, New Jersey, Ohio, Pennsylvania, Virginia, West Virginia, Rhode Island, the District of Columbia, and those in New York on, south, and west, of a line beginning at the Massachusetts-New York State line at Interstate Highway 90, thence along Interstate Highway 90 to junction N.Y. Highway 31, and thence along N.Y. Highway 31 to Lake Ontario. The purpose of this filing is to eliminate the gateway of Action, Mass.

No. MC 6801 (Sub-No. E4), filed May 25, 1974. Applicant: G. H. HARNUM, INC., 867 Woburn St., Wilmington, Mass. 01887. Applicant's representative: Frank J. Weiner, 15 Court Square, Boston, Mass. 02108. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *such machines and machinery, telephone equipment, electrical equipment, radio equipment, air conditioning equipment, patterns, auto bodies, auto equipment, signs, cooling units, transformers, generators, valves, work benches, reels of wire, blackboards, sound equipment, and articles* necessary to the use or installation of such commodities, requiring special handling, (1) between points in Massachusetts on and east of U.S. Highway 5

VOL 40 NO 156 AUG 12 75 XU

on the one hand, and, on the other, points in New York, New Jersey, Pennsylvania, Maryland, and the District of Columbia, (2) between points in Rhode Island on the one hand, and, on the other, points in Pennsylvania on and west of a line beginning at the New York-Pennsylvania State line at Interstate Highway 81 thence along Interstate Highway 81 to junction Interstate Highway 83, and thence along Interstate Highway 83 to the Pennsylvania-Maryland State line, points in New York (except New York, N.Y., and points in Dutchess, Ulster, Sullivan, Orange, Putnam, Rockland, Westchester, Nassau, and Suffolk Counties), points in Maryland and the District of Columbia, (3) between points in New Hampshire on the one hand, and, on the other, points in New York on and west of a line beginning at the Massachusetts-New York State line at Interstate Highway 90, thence along Interstate Highway 90 to junction N.Y. highway 31, and thence along N.Y. Highway 31 to Lake Ontario, New Jersey, Pennsylvania, Maryland, and the District of Columbia, (4) between points in Maine on the one hand, and, on the other, points in New York, on, south, and west of a line beginning at the Massachusetts-New York State line at Interstate Highway 90, thence along Interstate Highway 90 to junction N.Y. Highway 31, and thence along N.Y. Highway 31 to Lake Ontario, New Jersey, Pennsylvania, Maryland, and the District of Columbia. The purpose of this filing is to eliminate the gateway of Springfield, Mass., and points within 15 miles thereof and Boston, Mass., and points within 15 miles thereof.

No. MC 8958 (Sub-No. E3), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel articles of the kind used in construction and manufacture* (except commodities requiring special equipment) between all points in Massachusetts, Rhode Island, Connecticut, Delaware, the District of Columbia, and points in that part of Maryland on and east of U.S. Highway 15, on the one hand, and, on the other, points in that part of Lake and Porter Counties, Indiana, on and north of U.S. Highway 30; Cook County, Illinois; Libertyville and Grayslake, Illinois; Chicago, Illinois; points in Illinois within twenty-five miles of Chicago; points in DeKalb, DuPage, Grundy, Kane, Kendall, and Will Counties, Illinois; Belvidere, Illinois; points in LaSalle County, Illinois, within fifty miles of Oswego, Illinois, and points in Kenosha and Walworth Counties, Wisconsin.

Gateways: Points in New York, New Jersey, and those in Pennsylvania on and east of U.S. Highway 15; and Points in part of Ohio on and east of U.S. Highway 21 and on and north of the junction of U.S. Highways 21 and 36 to U.S. Highway 22 and on and north of U.S. Highway 22 to the Ohio-West Virginia State line; and Points in Ohio east of Ohio Highway 13 and north of U.S. Highway 30 which overlap the Ohio (6) and (6a) territory plus Indiana Toll Road Interchange No. 12; and Points in Lake County, Indiana, on and north of U.S. Highway 30 and points in Cook County, Illinois, on and south of U.S. Highway 34; or Cook County, Illinois; or Chicago, Illinois; or Cook, McHenry, and Lake Counties, Illinois.

*Iron and steel articles of the kind used in construction and manufacture* (except commodities requiring special equipment) between all points in New York, New Jersey, and Pennsylvania, on the one hand, and, on the other, points in that part of Lake and Porter Counties, Indiana, on and north of U.S. Highway 30; Cook County, Illinois; Libertyville and Grayslake, Illinois; Chicago, Illinois; points in Illinois within twenty-five miles of Chicago; points in DeKalb, DuPage, Grundy, Kane, Kendall, and Will Counties, Illinois; points in LaSalle County, Illinois, within fifty miles of Oswego, Illinois, and points in Kenosha and Walworth Counties, Wisconsin.

Gateways to be eliminated: Points in that part of Ohio on and east of U.S. Highway 21 and on and north of the junction of U.S. Highway 21 and 36 to U.S. Highway 22 and on and north of U.S. Highway 22 to the Ohio-West Virginia State line; and Points in Ohio east of Ohio Highway 13 and north of U.S. Highway 30 which overlap the Ohio (6) and (6a) territory plus Indiana Toll Road Interchange No. 12; and Points in Lake County, Indiana, on and north of U.S. Highway 30 and points in Cook County, Illinois, on and south of U.S. Highway 34; or Cook County, Illinois; or Chicago, Illinois; or Cook, McHenry, and Lake Counties, Illinois.

No. MC 8958 (Sub-No. E8), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel articles, of the kind used in construction and manufacture, contractors' equipment metal and metal products, and machinery* between points in that part of Ohio on and east of Ohio Highway 534 from Lake Erie to its junction with Ohio Highway 14 thence along Ohio Highway 14 to its junction with Ohio Highway 45 thence along Ohio Highway 45 to its junction with Ohio Highway 7, thence along Ohio Highway 7 to its junction with Interstate 70 and thence along Interstate 70 to the Ohio-West Virginia State line, on the one hand, and, on the other, points in that part of Lake and Porter Counties, Indiana, on and north of U.S. Highway 30; Cook County, Illinois; Libertyville and Grayslake, Illinois; Chicago, Illinois; points in Illinois within twenty-five miles of Chicago; points in DeKalb, DuPage, Grundy, Kane, Kendall, and Will Counties, Illinois; Belvidere, Illinois; points in LaSalle County, Illinois within fifty miles of Oswego, Illinois, and points in Kenosha and Walworth Counties, Wisconsin.

Gateways to be eliminated: Niles, Ohio, and Ohio Turnpike Interchange No. 15, both of which are in northeastern Ohio; and Points in that part of northeastern Ohio on and east of U.S. Highway 21 and on and north of the junction of U.S. Highways 21 and 37 to U.S. Highway 22 and on and north of U.S. Highway 22 to the Ohio-West Virginia State line and Indiana Toll Road Interchange No. 12; and Points in Ohio east of Ohio Highway 13 and north of U.S. Highway 30; and Points in Lake County, Indiana, on and north of U.S. Highway 30 and points in Cook County, Illinois, on and south of U.S. Highway 34; or Cook County, Illinois; or Chicago, Illinois; or Cook, McHenry, and Lake Counties, Illinois.

No. MC 8958 (Sub-No. E9), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Metal, metal products, asphalt, roofing cement, and prepared roofing materials* (except commodities in bulk and those requiring special equipment) from points in that part of Lake and Porter Counties, Indiana, on and north of U.S. Highway 30; Cook County, Illinois; Libertyville and Grayslake, Chicago, Illinois; points in Illinois within twenty-five miles of Chicago; points in DeKalb, DuPage, Grundy, Kane, Kendall, and Will Counties, Illinois; Belvidere, Illinois; points in LaSalle County, Illinois within fifty miles of Oswego, Illinois, and points in Kenosha and Walworth Counties, Wisconsin.

Gateways to be eliminated: Indiana Toll Road Interchange No. 12; and Points in Lake County, Indiana, on and north of U.S. Highway 30 and points in Cook County, Illinois, on and south of U.S. Highway 34; or Cook County, Illinois; or Chicago, Illinois; or Cook, McHenry, and Lake Counties, Illinois.

No. MC 8958 (Sub-No. E9), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Metal, metal products, asphalt, roofing cement, and prepared roofing materials* (except commodities in bulk and those requiring special equipment) from points in that part of Lake and Porter Counties, Indiana, on and north of U.S. Highway 30; Cook County, Illinois; Libertyville and Grayslake, Chicago, Illinois; points in Illinois within twenty-five miles of Chicago; points in DeKalb, DuPage, Grundy, Kane, Kendall, and Will Counties, Illinois; Belvidere, Illinois;

points in LaSalle County, Illinois, within fifty miles of Oswego, Illinois, and points in Kenosha and Walworth Counties, Wisconsin, to points in that part of Ohio on, north, and east of a line beginning at the Ohio-Michigan State line and extending along U.S. Highway 23 to Upper Sandusky, thence extending eastward along U.S. Highway 30 to the Ohio-Pennsylvania State line.

Gateways to be eliminated: Cook, McHenry, and Lake Counties, Illinois; or Chicago, Illinois; or Cook County, Illinois; and points in Lake County, Indiana, on and north of U.S. Highway 30 and points in Cook County, Illinois, on and south of U.S. Highway 34; and Indiana Toll Road Interchange No. 12.

No. MC 8958 (Sub-No. E10), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel articles of the kind used in construction and manufacture*, from Toledo, Ohio, and points in Ohio on, east, and north of a line beginning at Sandusky, Ohio, thence extending along Ohio Highway 13 to U.S. Highway 30, thence east along U.S. Highway 30 to Ohio Highway 21, thence south along Ohio Highway 21 to junction Interstate Highway 77, thence along Interstate Highway 77 to Ohio Highway 7, thence south and west along Ohio Highway 7 to U.S. Highway 33, thence south along U.S. Highway 33 to the Ohio-West Virginia State line, to points in Lake and Porter Counties, Indiana, which are on and north of U.S. Highway 30; Chicago, Illinois, and points in Cook, McHenry, DuPage, DeKalb, Grundy, Kane, Kendall, and Will Counties, Illinois; points in LaSalle County, Illinois, which are within 50 miles of Oswego, Illinois; Belvidere, Illinois, and points in Kenosha and Walworth Counties, Wisconsin.

Gateways to be eliminated: Toledo, Ohio, and points in that part of Ohio on and north of U.S. Highway 30 and on and east of Ohio Highway 13; and junction Interstate Highways 80 and 90 with U.S. Highway 27, also known as Indiana Toll Road Interchange No. 12; and Points in that part of Ohio on and east of Ohio Highway 21, and on and north of a line beginning at the junction of Ohio Highways 21 and 36 and extending eastward along U.S. Highway 36 to the junction of U.S. Highway 22, thence along U.S. Highway 22 to the Ohio-West Virginia State line; and points in Ohio, and the junction of Interstate Highways 80 and 90 with U.S. Highway 27, also known as Indiana Toll Road Interchange No. 12; or Points in Cook County, Illinois, and points in that part of Lake and Porter Counties, Indiana, on and north of U.S. Highway 30; or Chicago, Illinois; or Points in Cook, McHenry, and Lake Counties, Illinois.

No. MC 8958 (Sub-No. E11), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel articles of the kind used in construction and manufacture* from points in Kenosha and Walworth Counties, Wisconsin; Belvidere, Illinois; points in LaSalle County, Illinois, which are within 50 miles of Oswego, Illinois; Chicago, Illinois, and points in Cook, McHenry, DuPage, Lake, DeKalb, Grundy, Kane, Kendall, and Will Counties, Illinois; and points in Lake and Porter Counties, Indiana, which are on and north of U.S. Highway 30, to points in Ohio on, north, and east of a line beginning at Toledo, Ohio, and extending thence south along U.S. Highway 23 to U.S. Highway 30S, thence east along U.S. Highway 30S to junction U.S. Highway, thence along U.S. Highway 30 to Ohio Highway 21, thence south along Ohio Highway 21 to junction I77, and thence along Interstate Highway 77 to Ohio Highway 7, thence southwest along Ohio Highway 7 to U.S. Highway 33, thence south along U.S. Highway 33 to the Ohio-West Virginia State line.

Gateways to be eliminated: Points in Cook, McHenry, and Lake Counties, Illinois; or Chicago, Illinois; or Points in Cook County, Illinois, and points in that part of Lake and Porter Counties, Indiana, on and north of U.S. Highway 30; and Points in that part of Ohio on and east of Ohio Highway 21 and on and north of a line beginning at the junction of Ohio Highway 21 and U.S. Highway 36 and extending eastward along U.S. Highway 26 to U.S. Highway 22, and thence along U.S. Highway 22 to the Ohio-West Virginia State line; and Points in Ohio, and the junction of Interstate Highways 80 and 90 with U.S. Highway 27, also known as Indiana Toll Road Interchange No. 12; and Junction of Interstate Highways 80 and 90 with U.S. Highway 27, also known as Indiana Toll Road Interchange No. 12; and points in Ohio on, east, and north of a line beginning at the Ohio-Michigan State line and extending south along U.S. Highway 23 to U.S. Highway 30, thence eastward along U.S. Highway 30 to the Ohio-Pennsylvania State line.

No. MC 8958 (Sub-No. E15), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, livestock, Classes A and B explosives and household goods, as defined by the Commission commodities in bulk, and those requiring special equipment), between points in that part of Michigan on and south of a line beginning at Detroit and extending along Michigan Highway 14 to Ann Arbor, thence along Interstate Highway 84 to Marshall, thence along Michigan Highway 96 through Battle Creek to Kalamazoo, and thence along Interstate Highway 94 through Benton Harbor to the Michigan-Indiana State line, on the one hand, and, on the other, points in Lake County, Indiana which are on and north of U.S. Highway 30; Chicago, Illinois, and points in Cook, McHenry, Du Page, Lake De Kalb, Grundy, Kane, Kendall and Will Counties, Illinois; points in La Salle County, Illinois, which are within 50 miles of Oswego, Illinois; Belvidere, Illinois, and points in Kenosha and Walworth Counties, Wisconsin.

Gateways: Points in Lake County, Indiana, on and north of U.S. Highway 30, and points in Cook County, Illinois, on and south of U.S. Highway 34; and Cook County, Illinois; or Chicago, Illinois; or Cook, McHenry, and Lake Counties, Illinois; or Chicago, Illinois.

No. MC 8958 (Sub-No. E16), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel articles of the kind used in construction and manufacture* from the plant site of Jones and Laughlin Steel Corporation located in Putnam County, Illinois, to points in that part of Ohio on, north, and east of a line commencing at Toledo, Ohio, thence south along U.S. Highway 23 to its junction with U.S. Highway 30S, thence east along U.S. Highway 30S to junction U.S. Highway 30, thence along U.S. Highway 30 to the junction with Ohio Highway 83, thence south along Ohio Highway 83 to the junction with Ohio Highway 16, thence south along Ohio Highway 16 to the junction with Ohio Highway 60, thence south along Ohio Highway 60 to the junction Ohio Highway 93, thence south along Ohio Highway 93 to the junction with Ohio Highway 13, thence south along Ohio Highway 13 to the junction with U.S. Highway 33, thence south along U.S. Highway 33 to the West Virginia State line, points in Pennsylvania, West Virginia, New York, New Jersey, Delaware, District of Columbia, Massachusetts, Rhode Island, Connecticut, and those in Maryland on and east of U.S. Highway 15.

Gateways to be eliminated: Points in Indiana and the lower peninsula of Michigan; and junction Interstate Highways 80 and 90 with U.S. Highway 27, also known as Indiana Toll Road Interchange No. 12; points in Ohio on and east of a line beginning at the Ohio-Michigan State line and extending along U.S. Highway 23 to the junction of U.S. Highway 30 south, thence along U.S. Highways 30S and 30, to the Ohio-West

Virginia State line; and points in that part of Ohio on and east and north of a line extending from Lake Erie south along Ohio Highway 21 to U.S. Highway 36, thence east along U.S. Highway 22 to the Ohio-West Virginia State line; or points in Pennsylvania on and east of U.S. Highway 15.

No. MC 8958 (Sub-No. E17), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio, 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel articles of the kind used in construction and manufacture*, which are under the manufacturing and processing of iron and steel articles, from points in Pennsylvania, West Virginia, New York, New Jersey, Delaware, District of Columbia, Massachusetts, Rhode Island, Connecticut; those in that part of Maryland on and east of U.S. Highway 15 and those in that part of Ohio on, north, and east of a line commencing at Toledo, Ohio, thence south along U.S. Highway 23 to the junction of U.S. Highways 30S, thence east along U.S. Highways 30S to junction U.S. Highway 30, thence along U.S. Highway 30 junction with Ohio Highway 83, thence south along Ohio Highway 83 to the junction of Ohio Highway 16, thence south along Ohio Highway 16 to the junction of Ohio Highway 60, thence south along Ohio Highway 60 to the junction of Ohio Highway 93, thence south along Ohio Highway 93 to the junction with Ohio Highway 13, thence south along Ohio Highway 13 to the junction with U.S. Highway 33, thence south along U.S. Highway 33 to the West Virginia State line to the plant site of Jones & Laughlin Steel Corporation located in Putnam County, Illinois.

Gateways to be eliminated: Points in Pennsylvania on and east of U.S. Highway 15; or points in that part of Ohio on and east and north of a line extending from Lake Erie along Ohio Highway 21 to its junction with U.S. Highway 36, thence eastward along U.S. Highway 36 to the junction with U.S. Highway 22, thence eastward along U.S. Highway 22 to the Ohio-West Virginia State line; and points in Ohio on and east of Ohio Highway 13 and on and north of U.S. Highway 30; and, junction Interstate Highways 80 and 90 with U.S. Highway 27, also known as Indiana Toll Road Interchange No. 12; and points in Indiana.

No. MC 8958 (Sub-No. E19), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel articles of the kind used in construction and manufacture*, from points in that part of West Virginia on and east of Interstate Highway 77 to points in that part of Michigan east of U.S. Highway 27 and on and south of Michigan Highway 20 and south of Saginaw Bay; points in Lake and Porter Counties, Indiana which are on and north of U.S. Highway 30; Chicago, Illinois, and points in Cook, McHenry, Du Page, Lake, De Kalb, Grundy, Kane, Kendall, and Will Counties, Illinois; points in La Salle County, Illinois, which are within 50 miles of Oswego, Illinois; and Belvidere, Illinois, and points in Kenosha and Walworth Counties, Wisconsin.

Gateways to be eliminated: Points in that part of Ohio on and east of Ohio Highway 21 and on and north of a line beginning at the junction of Ohio Highway 21 and U.S. Highway 36 and extending eastward along U.S. Highway 36 to the junction of U.S. Highway 22 and thence along U.S. Highway 22 to the Ohio-West Virginia State line; and Toledo, Ohio, and points in that part of Ohio on and north of U.S. Highway 30 and on and east of Ohio Highway 13; junction Interstate Highways 80 and 90 with U.S. Highway 27, also known as Indiana Toll Road Interchange No. 12; and points in Lake and Porter Counties, Indiana, which are on and north of U.S. Highway 30; and Chicago, Illinois, and points in Cook County, Illinois, on and south of U.S. Highway 34; or points in Cook, McHenry, and Lake Counties, Illinois; or Chicago, Illinois.

No. MC 8958 (Sub-No. E20), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representativee: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel articles of the kind used in construction and manufacture* (except commodities requiring special equipment), from points in Kenosha and Walworth Counties, Wisconsin; Belvidere, Illinois; Chicago, Illinois, and points in Cook, McHenry, Du Page, Lake, De Kalb, Grundy, Kane, Kendall, and Will Counties, Illinois; points in La Salle County, Illinois, which are within 50 miles of Oswego, Illinois; points in Lake and Porter Counties, Indiana, which are on and north of U.S. Highway 30; Monroe, Michigan, and points in Wayne County, Michigan; and points in Ohio on and east of U.S. Highway 23 and on and north of U.S. Highway 30; to points in that part of West Virginia on and east of Interstate Highway 77.

Gateways to be eliminated: Points in Cook, McHenry, and Lake Counties, Illinois; Chicago, Illinois; points in De Kalb, Du Page, Grundy, Kane, Kendall, and Will Counties, Illinois; Belvidere, Illinois; points in La Salle County, Illinois, within 50 miles of Oswego, Illinois; or Cook County, Illinois; points in that part of Lake and Porter Counties, Indiana, on and north of U.S. Highway 30; the junction of Interstate Highways 80 and 90 with U.S. Highway 27, also known as Indiana Toll Road Interchange No. 12; Monroe, Michigan, and points in Wayne County, Michigan; or points in that part of Ohio on and east of Ohio Highway 21 and on and north of a line beginning at junction of Ohio Highway 21 and U.S. Highway 36 and extending eastward along U.S. Highway 36 to junction U.S. Highway 22, and thence along U.S. Highway 22 to the Ohio-West Virginia State line; and points in Ohio.

No. MC 8958 (Sub-No. E23), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Metal, metal products, asphalt, roofing, cement, and prepared roofing materials* (except commodities in bulk and those requiring special equipment), from points in Kenosha and Walworth Counties, Wisconsin; Cook, McHenry, Lake, De Kalb, Du Page, Grundy, Kane, Kendall, and Will Counties, Illinois; Belvidere, Illinois; and points in La Salle County, Illinois, within 50 miles of Oswego, Illinois; Chicago, Illinois; and points in Lake and Porter Counties, Indiana, which are on and north of U.S. Highway 30; to points in that part of Michigan on and north of Interstate Highway 94, and on and east of Michigan Highway 24 from Detroit to Caro, Michigan, thence on and east of Michigan Highway 138 to its junction with Michigan Highway 25, and thence on and east of Michigan Highway 25 to the shore of Saginaw Bay at Bayport, Michigan.

Gateways to be eliminated: Points in Cook, McHenry, and Lake Counties, Illinois; or Chicago, Illinois; points in De Kalb, Du Page, Grundy, Kane, Kendall, and Will Counties, Illinois; Belvidere, Illinois, and points in La Salle County, Illinois, within 50 miles of Oswego, Illinois; and points in Lake and Porter Counties, Indiana, on and north of U.S. Highway 30; the junction of Interstate Highways 80 and 90 with U.S. Highway 27, also known as Indiana Toll Road Interchange No. 12; and Toledo, Ohio; points in Ohio on and north of U.S. Highway 30 and on and east of Ohio Highway 13.

No MC 8958 (Sub-No. E25), filed June 4, 1974. Applicant: THE YOUNGSTOWN CARTAGE CO., 825 West Federal Street, Youngstown, Ohio 44501. Applicant's representative: Mr. John P. McMahon, Suite 1800, 100 East Broad Street, Columbus, Ohio 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), between the site of the Ford Motor Company plant located at the intersection of Michigan Highway 218 (Wixom Road) and unnumbered Highway (Westlake Drive) north of U.S.

Highway 16 in Novi Township, Oakland County, Michigan; the site of the Ford Motor Company plant located at the northeast intersection of Mound Road and 17 Mile Road in Sterling Township, Macomb County, Michigan, the plant site of Ford Motor Company located at VanDyke and 18 Mile Road, Sterling Township, Macomb County, Michigan, and the facilities of the Ford Motor Company at Romeo, Michigan, on the one hand, and, on the other, points in Porter County, Indiana, on and north of U.S. Highway 30; points in Cook, McHenry, Du Page, Lake, De Kalb, Grundy, Kane, Kendall, and Will Counties, Illinois, points in La Salle County, Illinois, which are within 50 miles of Oswego, Illinois; Belvidere, Illinois; and points in Kenosha and Walworth Counties, Wisconsin.

Gateways to be eliminated are: Points in Cook, Du Page, Lake, and Will Counties, Illinois, and those in that part of Lake County, Indiana, on and north of U.S. Highway 30; or Chicago, Illinois; or De Kalb, Grundy, Kane, Kendall Counties, Illinois; Belvidere, Illinois; points in La Salle County, Illinois, within 50 miles of Oswego, Illinois; or points in Illinois within 25 miles of Chicago; or Cook, McHenry, and Lake Counties, Illinois; or points in Lake and Porter Counties, Indiana, on and north of U.S. Highway 30.

No. MC 13250 (Sub-No. E3), filed June 4, 1974. Applicant: J. H. ROSE TRUCK LINE, INC., 5003 Jensen Drive, Houston, Tex. 77002. Applicant's representative: James M. Doherty, P.O. Box 1945, Austin, Tex. 78701. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (a) *Tractors* (except tractors designed for use in drawing commercial trailers over the highway), *motor graders, motor scrapers, wagons* designed for off-highway use, *road rollers, stationary engines, generators, engines* and *generators combined, and welding equipment*, the transportation of which, because of their size or weight, requires the use of special equipment, and related machinery parts and related contractor's materials and supplies when their transportation is incidental to the transportation of commodities which by reason of size or weight require special equipment, and *tractors* (except tractors designed for use in drawing commercial trailers over the highway), *motor graders, motor scrapers*, and *road rollers*, each weighing 15,000 pounds or more, and *related machinery, tools, parts, and supplies* moving in connection therewith, (1) from Aurora, Joliet, Morton, Mossville, and Peoria, Ill., to those points in Idaho on and south of a line beginning at the Washington-Idaho State line and extending along Idaho Hwy. 6, U.S. Hwy. 95-A and Idaho Hwy. 3 to the Idaho-Montana State line and on and west of a line beginning at the Idaho-Montana State line and extending along Interstate Hwy. 15 and Idaho Hwy. 34 to the Wyoming-Idaho State line; (2) from Decatur, Ill., to those points in Idaho on, south, and west of a line beginning at the Montana-Idaho State line and extending along Interstate Highway 15, Idaho State Hwy. 88, and Idaho State Hwy. 33 to the Wyoming-Idaho State line (Nevada and Utah)*; (3) from Aurora, Joliet, Peoria, Mossville, and Morton, Ill., to those points in Utah on, west, and south of a line beginning at *the Utah-Wyoming State line and extending along Utah Hwys. 150, 35, 121, and 88 to the Colorado-Utah State line; (4) from Decatur, Ill., to points in Utah (Nevada or Texas)*; (5) from Aurora, Decatur, Joliet, Morton, Mossville, and Peoria, Ill. (Nevada, Utah, and Idaho)*.

(6) From Aurora, Ill., to those points in Washington on and west of a line beginning at the United States-Canada International Boundary line and extending along Washington Hwy. 25, U.S. Hwy. 395, U.S. Hwy. 2, and Washington Hwy. 27 to the Idaho-Washington Line; (7) from Morton, Mossville, Peoria, Joliet, and Decatur, Ill., to points in Washington (Nevada, Utah, and Idaho)*; (b) *dump trucks* designed for off-highway use in truckaway service, the transportation of which, because of their size or weight, requires the use of special equipment, and *related machinery parts and related contractor's materials and supplies* when their transportation is incidental to the transportation of commodities which by reason of size or weight require the use of special equipment, and, *dump trucks* designed for off-highway use, in truckaway service, each weighing 15,000 pounds or more, and *related machinery tools, parts, and supplies* moving in connection therewith, (1) from Decatur, Ill., to those points in Idaho on, south, and west of a line beginning at the Idaho-Montana State line and extending along interstate Hwy. 15, Idaho Hwy. 68, and Idaho Hwy. 33 to the Wyoming-Idaho State line (Nevada and Utah)*; (2) from Decatur, Ill., to points in Utah (Nevada or Texas)*; (3) from Decatur, Ill., to points in Oregon; (4) from Decatur, Ill., to points in Washington (Nevada, Utah, and Idaho); (c) *commodities*, the transportation of which, because of their size or weight, requires the use of equipment, and related machinery parts and related contractor's materials and supplies when their transportation is incidental to the transportation by said carrier of commodities which by reason of size or weight require special equipment, and *self-propelled articles*, each weighing 15,000 pounds or more, and related machinery, tools, parts, and supplies moving in connection therewith, (1) from Joliet and Auroro, Ill., to those points in Colorado on and south of U.S. Hwy. 50; (2) from Decatur, Ill., to those points in Colorado on, west, and south of a line beginning at the Colorado-Wyoming State line and extending along Clark Road, U.S. Hwy. 40, U.S. Hwy. 50, and Colorado Hwy. 9 to the Kansas-Colorado State line; (3) from Peoria, Morton, and Mossville, Ill., to those points in Colorado on and south of a line beginning at the Utah-Colorado State line and extending along Interstate Hwy. 70, Colorado Hwy. 82, U.S. Hwy. 24, and U.S. Hwy. 50 to the Kansas-Colorado State Line (Texas)*. The purpose of this filing is to eliminate the gateways as indicated by asterisks above.

No. MC 13250 (Sub-E7), filed June 25, 1975. Applicant: J. H. ROSE TRUCK LINE, INC., 5003 Jensen Drive, Houston, Tex. 77026. Applicant's representative: James M. Doherty, 500 W. 16th Street, Austin, Tex. 78767. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities* (except boats and classes A and B explosives), which because of their size or weight require the use of special equipment, and, self-propelled articles (except boats) each weighing 15,000 pounds or more, which are transported on trailers, (1) between points in Alabama, on the one hand, and, on the other, points in Miller County; (2) between those points in Alabama on and south of a line beginning at the Alabama-Mississippi State line and extending along U.S. Hwy. 82, I.H. 20, and U.S. Hwy. 78 to the Alabama-Georgia State line, on the one hand, and, on the other, those points in Arkansas on and west of a line beginning at the Arkansas-Louisiana State line and extending along Arkansas Hwy. 29, Arkansas Hwy. 4, Arkansas Hwy. 84, Arkansas Hwy. 246, Arkansas Hwy. 375, and U.S. Hwy. 71; (3) between those points in Alabama on and south of a line beginning at the Alabama-Mississippi State line and extending along U.S. Hwy. 80, Alabama Hwy. 14, and U.S. Hwy. 80 to the Alabama-Georgia State line, on the one hand, and, on the other, points in Kansas; (4) between those points in Alabama on and south of a line beginning at the Alabama-Mississippi State line and extending along U.S. Hwy. 82, I.H. 20, U.S. Hwy. 78, Alabama Hwy. 202, U.S. Hwy. 431, and U.S. Hwy. 78 to the Alabama-Georgia State line, on the one hand, and, on the other, those points in Kansas on, west, and south of a line beginning at the Kansas-Oklahoma State line and extending along U.S. Hwy. 77, Kansas Hwy. 96, I.H. 35W, Kansas Hwy. 18, and U.S. Hwy. 183 to the Kansas-Nebraska State line; (5) between points in Alabama, on the one hand, and, on the other, those points in Louisiana on and west of a line beginning at the Louisiana-Arkansas State line and extending along Louisiana Hwy. 7, U.S. Hwy. 71, Louisiana Hwy. 177, Louisiana Hwy. 175, U.S. Hwy. 171, I.H. 10, and Louisiana Hwy. 27 to the Gulf of Mexico.

(6) Between those points in Alabama on and south of a line beginning at the Alabama-Mississippi State line and extending along U.S. Hwy. 90 and I.H. 10 to the Alabama-Florida State line, on the one hand, and, on the other, those points in Missouri on and west of a line beginning at the Missouri-Arkansas State line and extending along Missouri Hwy. 37, U.S. Hwy. 160, Missouri Hwy. 39, an unnumbered Highway, Missouri Hwy. 13, Missouri Hwy. 20, Missouri Hwy. 23, and U.S. Hwy. 65 to the Missouri-Iowa State line; (7) between those points in Alabama on and south of a line beginning

AUG 12 75

at the Alabama-Mississippi State line and extending along Alabama Hwy. 96, U.S. Hwy. 43, Alabama Hwy. 18, Alabama Hwy. 20, Alabama Hwy. 22, and U.S. Hwy. 78 to the Alabama-Georgia State line, on the one hand, and, on the other, points in Oklahoma; (8) between those points in Alabama on and north of a line beginning at the Alabama-Mississippi State line and extending along Alabama Hwy. 96, Alabama Hwy. 18, Alabama Hwy. 20, Alabama Hwy. 22, U.S. Hwy. 78, I.H. 59, and U.S. Hwy 411 to the Alabama-Georgia State line, on the one hand, and, on the other, those points in Oklahoma on, south, and west of a line beginning at the Oklahoma-Arkansas State line and extending along Oklahoma Hwy. 3, the Indian Nation Turnpike, I.H. 40, and U.S. Hwy 177 to the Oklahoma-Kansas State line; (9) between points in Miller County, Ark., on the one hand, and, on the other, points in Florida; (10) between those points in Arkansas on and west of a line beginning at the Arkansas-Louisiana State line and extending along Arkansas Hwy. 29, Arkansas Hwy. 4, Arkansas Hwy. 27, Arkansas Hwy. 7, and U.S. Hwy. 65 to the Arkansas-Missouri State line, on the one hand, and, on the other, points in Florida; (11) between points in Miller County, Ark., on the one hand, and, on the other, points in Georgia; (12) between those points in Arkansas on, south, and west of a line beginning at the Arkansas-Oklahoma State line and extending along U.S. Hwy. 71, Arkansas Hwy. 10, Arkansas Hwy. 7, U.S. Hwy. 67, Arkansas Hwy. 19, U.S. Hwy. 82, and U.S. Hwy. [illegible] to the Arkansas-Louisiana State line, on the one hand, and, on the other, those points in Georgia on and south of a line beginning at the Georgia-Alabama State line and extending along Alternate U.S. Highway 27, Georgia Hwy. 22, U.S. Hwy. 80, Georgia Hwy. 29, Georgia Hwy. 46, and U.S. Hwy. 80 to the Atlantic Ocean.

(13) Between points in Miller County, Ark., on the one hand, and, on the other, points in Mississippi; (14) between those points in Arkansas on and west of a line beginning at the Arkansas-Oklahoma State line and extending along Arkansas Hwy. 29, Arkansas Hwy. 4, Arkansas Hwy. 84, Arkansas Hwy. 246, Arkansas Hwy. 375, and U.S. Hwy. 71 to the Arkansas-Oklahoma State line, on the one hand, and, on the other, those points in Mississippi on and south of I.H. 20; (15) between points in Miller County, Ark., on the one hand and, on the other, points in North Carolina; (16) between those points in Arkansas on and west of a line beginning at the Arkansas-Louisiana State line and extending along Arkansas Hwy. 7, Arkansas Hwy. 24, Arkansas Hwy. 53, Arkansas Hwy. 8, Arkansas Hwy. 27, U.S. Hwy. 270, and U.S. Hwy. 71 to the Arkansas-Oklahoma State Line, on the one hand, and, on the other, points in North Carolina; (17) between points in Miller County, Ark., on the one hand, and, on the other, points in South Carolina; (18) between those points in Arkansas on, west, and south of a line beginning at the Arkansas-Alabama State line and extending along U.S. Hwy. 71, U.S. Hwy. 270, Arkansas Hwy. 7, U.S. Hwy. 67, Arkansas Hwy. 24, and Arkansas Hwy. 7 to the Arkansas-Louisiana State line, on the one hand, and, on the other, those points in South Carolina on and east of a line beginning at the South Carolina-Georgia State line and extending along U.S. Hwy. 17, U.S. Hwy. 21, U.S. Hwy. 301, and I.H 95 to the South Carolina-North Carolina State line; (19) between points in Florida, on the one hand, and, on the other, those points in Louisiana on and west of a line beginning at the Louisiana-Arkansas State line and extending along U.S. Hwy. 71, Louisiana Hwy. 1, Louisiana Hwy. 174, Louisiana Hwy. 175, U.S. Hwy. 171, U.S Hwy. 90, and Louisiana Hwy. 27; (20) between points in Florida, on the one hand, and, on the other, those points in Missouri on and west of a line beginning at the Missouri-Arkansas State line and extending along Missouri Hwy. 37, U.S. Hwy. 60, Missouri Hwy. 39, an unnumbered highway, Missouri Hwy. 13, Missouri Hwy. 7, U.S. Hwy. 169, and U.S. Hwy. 71 to the Missouri-Iowa State Line.

(21) Between those points in Georgia on and south of a line beginning at the Georgia-Alabama State line and extending along Georgia Hwy. 20, Georgia Hwy. 32, Georgia Hwy. 8, U.S. Hwy. 78, and I.H. 20 to the Georgia-South Carolina State line, on the one hand, and, on the other, those points in Kansas on, south, and west of a line beginning at the Kansas-Oklahoma State line and extending along U.S. Hwy. 77, Kansas Hwy. 96, I.H. 35W, Kansas Hwy. 18, and U.S. Hwy. 183 to the Kansas-Nebraska State Line; (22) between those points in Georgia on and south of a line beginning at the Atlantic Ocean and extending along U.S. Hwy. 84, U.S. Hwy. 82, and Georgia Hwy. 62 to the Georgia-Alabama State line, on the one hand, and, on the other, points in Kansas; (23) between points in Georgia, on the one hand, and, on the other, those points in Louisiana on and west of a line beginning at the Arkansas-Louisiana State line and extending along U.S. Hwy. 71, Louisiana Hwy. 1, Louisiana Hwy. 174, Louisiana Hwy. 175, U.S. Hwy. 171, U.S. Hwy. 90, and Louisiana Hwy. 27 to the Gulf of Mexico; (24) beginning those points in Georgia on and south of a line beginning at the Georgia-Alabama State line and extending along U.S. Hwy. 84 to the Atlantic Ocean, on the one hand, and, on the other, those points in Missouri on and west of a line beginning at the Arkansas-Missouri State line and extending along U.S. Hwy. 71 and I.H. 29 to the Missouri-Iowa State line; (25) between those points in Georgia on and north of a line I.H. 20, on the one hand, and, on the other, those points in Oklahoma on, south, and west of a line beginning at the Oklahoma-Arkansas State line and extending along U.S. Hwy. 70, State Hwy. 3, the Indian Nation Turnpike, U.S. Hwy. 75, U.S. Hwy. 64, and I.H. 35 to the Oklahoma-Kansas State line; (26) between those points in Georgia on and south of a line beginning at the Georgia-Alabama State line and extending along State Hwy. 34, U.S. Hwy. 29, and I.H. 20 to the Georgia-South Carolina State line, on the one hand, and, on the other, points in Oklahoma.

(27) Between those points in Kansas on and west of a line beginning at the Kansas-Oklahoma State line and extending along U.S. Hwy. 77, I.H. 35W, State Hwy. 18, U.S. Hwy. 281, State Hwy. 9, and U.S. Hwy. 183 to the Kansas-Nebraska State line, on the one hand, and, on the other, those points in Mississippi on and south of a line beginning at the Mississippi-Arkansas State line and extending along Mississippi State Hwy. 1, Mississippi Hwy. 6, and U.S. Hwy. 78 to the Mississippi-Alabama State line; (28) between points in Kansas, on the one hand, and, on the other, those points in Mississippi on and south of I.H. 20; (29) between those points in Kansas on and west of a line beginning at the Kansas-Oklahoma State line and extending along U.S. Hwy. 77, U.S. Hwy. 54, I.H. 35W, I.H. 70, Kansas Hwy. 232, Kansas Hwy. 18, U.S. Hwy. 281, and U.S. Hwy. 183 to the Kansas-Nebraska State line, on the one hand, and, on the other, those points in North Carolina on and east of a line beginning at the Atlantic Ocean and extending along U.S. Hwy. 117, N.C. Hwy. 97, and U.S. Hwy. 258 to the North Carolina-Virginia State line; (30) between those points in Kansas on and west of a line beginning at the Kansas-Oklahoma State line and extending along U.S. Hwy. 169, U.S. 160, Kansas Hwy. 196, I.H. 35W, and U.S. Hwy. 81 to the Kansas-Nebraska State line, on the one hand, and, on the other, those points in South Carolina on and north of a line beginning at the South Carolina-Georgia State line and extending along I.H. 20, U.S. Hwy. 76, and I.H. 95 to the South Carolina-North Carolina State line; (31) between those points in Kansas on, south, and west of a line beginning at the Kansas-Oklahoma State line and extending along U.S. Hwy. 169, U.S. Hwy. 160, Kansas Hwy. 196, I.H. 35W, and U.S. Hwy. 81 to the Kansas-Nebraska State line, on the one hand, and, on the other, those points in South Carolina on and south of a line beginning at the South Carolina-Georgia State line and extending along I.H. 20, U.S. Hwy. 76, and I.H. 95 to the South Carolina-North Carolina State line.

(32) Between those points in Louisiana on, south, and west of a line beginning at the Louisiana-Texas State line and extending along I.H. 20, U.S. Hwy. 171, Louisiana Hwy. 175, U.S. Hwy. 171, I.H. 10, and Louisiana Hwy. 27 to the Gulf of Mexico, on the one hand, and, on the other, points in Mississippi; (33) between those points in Louisiana on and west of a line beginning at the Arkansas-Louisiana State line and extending along Louisiana Hwy. 7, U.S. Hwy. 71, Louisiana Hwy. 6, U.S. Hwy. 117, U.S. Hwy. 171, and Louisiana Hwy. 27 to the Gulf of Mexico, on the one hand, and, on the other, points in North Carolina; (34) between those points in Louisiana on and west of a line beginning at the Louisiana-Arkansas State line and extending along Louisiana Hwy. 7, U.S. Hwy. 71, Louisiana Hwy. 6, Louisiana Hwy. 117, U.S. Hwy. 171, and Louisiana Hwy. 27 to Creole, La., on the one hand, and, on the other, points in South Carolina; (35) between those points in Mississippi on and south of U.S. Hwy. 84, on the one hand, and, on the other, those points in Missouri on and west of a line beginning at the Arkansas-Missouri State line and extending along Hwy. 37, U.S. Hwy. 60, Missouri Hwy. 39, an unnumbered Missouri highway, Missouri Hwy. 13, Missouri Hwy. 20, Missouri Hwy. 23, and U.S. Hwy. 65 to the Missouri-Iowa State line; (36) between those points in Mississippi on and south of a line beginning at Sherard, Miss., and extending along Miss. Hwy. 322, Miss. Hwy. 6, and U.S. Highway 78, to the Mississippi-Alabama State line, on the one hand, and, on the other, those points in Oklahoma on, south, and west of a line beginning at the Oklahoma-Arkansas State line and extending along U.S. Hwy. 70, Oklahoma Hwy. 3, the Indian Nation Turnpike, I.H. 40, and U.S. Hwy. 177 to the Oklahoma-Kansas State line; (37) between those points in Mississippi on and south of a line beginning at the Mississippi-Arkansas State line and extending along U.S. Hwy. 82 and Miss. Hwy. 50 to the Mississippi-Alabama State line, on the one hand, and, on the other, points in Oklahoma; (38) between those points in Missouri on, south, and west of a line beginning at the Missouri-Arkansas State line and extending along U.S. Hwy. 71 and Missouri Hwy. 171 to the Missouri-Kansas State line, on the one hand, and, on the other, those points in North Carolina on and east of a line beginning at the Atlantic Ocean extending along U.S. Hwy. 421, U.S. Hwy. 17, U.S. Hwy. 264, N.C. Hwy. 32, and U.S. Hwy. 17 to the North Carolina-Virginia State line.

(39) Between those points in Missouri on, south, and west of a line beginning at the Missouri-Arkansas State line and extending along U.S. Hwy. 71 and Missouri Hwy. 171 to the Missouri-Kansas State line, on the one hand, and, on the other, those points in South Carolina on and east of a line beginning at the Atlantic Ocean extending along U.S. Hwy. 21, U.S. Hwy. 15, and I.H. 95 to the South Carolina-North Carolina State line; (40) between those points in North Carolina on and east of a line beginning at the North Carolina-South Carolina State line and extending along U.S. Hwy. 25 and U.S. Highway 23 to the North Carolina-Tennessee State line, on the one hand, and, on the other, those points in Oklahoma State line and extending along Oklahoma Hwy. 33, U.S. Hwy. 69, Oklahoma Hwy. 20, U.S. Hwy. 169, and U.S. Hwy. 75 to the Oklahoma-Kansas State line; and (41) between points in Oklahoma, on the one hand, and, on the other, those points in South Carolina on and east of a line beginning at the North Carolina-Georgia State line and extending along U.S. Hwy. 123, S.C. Hwy. 183, S.C. Hwy. 11, and U.S. Hwy. 178 to the South Carolina-North Carolina State line. The purpose of this filing is to eliminate the gateway of the State of Texas.

No. MC 14552 (Sub-No. E11), filed May 20, 1974. Applicant: J. V. MCNICHOLAS TRANSFER CO., P.O. Box 749, Youngstown, Ohio 44501. Applicant's representative: Brian S. Stern, Suite 318, 933 N. Kenmore St., Arlington, Va. 22201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Steel mill equipment, materials, and supplies* (except commodities in bulk, commodities requiring special equipment, and rolling mill rolls), from Washington, D.C., and those points in Maryland on and east of U.S. Highway 522 to those points in Ohio on, north, and east of a line beginning at the Ohio-Kentucky State line and extending along Interstate Highway 275 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction U.S. Highway 23, thence along U.S. Highway 23 to junction Interstate Highway 70, thence along Interstate Highway 70 to junction Interstate Highway 77, thence along Interstate Highway 77 to Lake Erie (except Cambridge, Ohio). The purpose of this filing is to eliminate the gateways of the plant site of the Youngstown Sheet and Tube Co., located at or near Youngstown, Ohio, and Akron, Ohio.

No. MC 29886 (Sub-No. E107), filed June 3, 1974. Applicant: DALLAS & MAVIS FORWARDING CO., INC., 4000 W. Sample St., South Bend, Ind. 46627. Applicant's representative: Charles Pieroni (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New automobiles, new trucks, new tractors, and new chassis*, in driveaway service, in secondary service, from Chillicothe, Ohio, to those points in Texas in and west of Fannin Hunt, Vanzandt, Henderson, Anderson, Houston, Walker, San Jacinto, Liberty, and Chambers (South Bend, Ind.*); and *new trucks*, in driveaway service, in secondary service, from Indianapolis, Ind., to points in Montana, Nevada, and Utah (except those in Brand and San Juan Counties, Utah) (Toledo, Ohio*). The purpose of this filing is to eliminate the gateways indicated by the asterisks above.

No. MC 29886 (Sub-No. E108), filed June 3, 1974. Applicant: DALLAS & MAVIS FORWARDING CO., 4000 W. Sample St., South Bend, Ind. 46627. Applicant's representative: Charles Pieroni (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Self-propelled street sweepers*, which because of size or weight require the use of special handling or special equipment, each weighing 15,000 pounds or more, (1) from points in Iowa to the District of Columbia; (2) from those points in Iowa on and north of Interstate Highway 80 to those points in Tennessee in and east of Macon, Smith, DeKalb, Warren, Sequatchie, and Hamilton Counties; (3) from points in Pennsylvania and those points in Ohio on and north of U.S. Highway 30, to points in Wisconsin, Minnesota, North Dakota, South Dakota, Nebraska, Montana, Wyoming, Colorado, Idaho, Utah, Arizona, Nevada, Oregon, Washington, California, and Iowa (except those in Louisa, Henry, Des Moines, Lee, Van Buren, Davis, and Appanoose Counties) (those points in Michigan on and south of a line extending along the northern boundaries of Allegan, Barry, and Eaton Counties, thence along Business Route Interstate Highway 96 to Lansing, thence on and west of a line extending along U.S. Highway 127 to Jackson, thence along unnumbered highway (formerly portion U.S. Highway 127) to junction U.S. Highway 12 near Somerset Center, thence along U.S. Highway 12 to junction U.S. Highway 127, thence along U.S. Highway 127 to the Michigan-Ohio State line; and South Bend, Ind.*); and (4) from those points in the Lower Peninsula of Michigan to points in Nebraska, Colorado, Wyoming, Idaho, Oregon, and Washington (South Bend, Ind.*). The purpose of this filing is to eliminate the gateways indicated by the asterisks above.

No. MC 31600 (Sub-No. E4), filed June 4, 1974. Applicant: P. B. MUTRIE MOTOR TRANSPORTATION, INC., Calvary Street, Waltham, Mass. 02154. Applicant's representative: Marshall Kragen, 666 Eleventh Street, N.W., Washington, D.C. 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *glues, resins, starches, surface coatings*, and *sizings*, in bulk, in tank vehicles, from Leominster, Mass. to points in Alabama, Delaware, Georgia, Illinois, Indiana, Iowa, Kentucky, Maryland, Michigan, Minnesota, Missouri, New Jersey, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Virginia, West Virginia, Wisconsin, points in New York south of New York Highway 3 (except points in Kings, Queens, Nassau, and Suffolk Counties, but including Long Island City and Hicksville), and the District of Columbia. The purpose of this filing is to eliminate the gateway of points in Connecticut east of the Connecticut River in the Commercial Zone of Springfield, Mass.

No. MC 35358 (Sub-No. E10), filed June 4, 1974. Applicant: BERGER TRANSFER & STORAGE, INC., 3720 MacAlaster Drive, N.E., Minneapolis, Minn. 55421. Applicant's representative: Andrew R. Clark, 1000 First National Bank Bldg., Minneapolis, Minn. 55402. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *new furniture, crated and uncrated*, from St. Louis, Mo., to points in Wisconsin on and west of a line beginning at Lake Superior and extending along U.S. Highway 63 to junction U.S. Highway 53, to junction Wisconsin Highway 37 to the Wisconsin-Minnesota State line, points in Iowa on and north of a line beginning at the Minnesota-Iowa State line and extending along U.S. Highway 63 to junction Iowa Highway 9, to junction U.S. Highway 218, to junction U.S. Highway 18 to the

South Dakota-Iowa State line, points in South Dakota on and north of U.S. Highway 18, points in North Dakota, Montana, points in Wyoming on and north of a line beginning at the Nebraska-Wyoming State line and extending along U.S. Highway 20 to junction U.S. Highway 85 to U.S. Highway 26, to junction U.S. Highway 25, to junction Nebraska Highway 34 to junction U.S. Highway 80, to the Utah-Wyoming State line, points in Utah on and west of a line beginning at the Wyoming-Utah State line and extending along U.S. Highway 80 to junction U.S. Highway 15, to junction U.S. Highway 91 to the Arizona-Utah State line, points in Idaho, Washington, Oregon, points in Nevada on and north of a line beginning at the Nevada-Arizona State line and extending along U.S. Highway 15 to junction U.S. Highway 91 to the California-Nevada State line, and points in California-Nevada State line and extending along U.S. Highway 15 to junction U.S. Highway 10 to the Pacific Ocean. The purpose of this filing is to eliminate the gateway of Albert Lea, Minn.

No. MC 41635 (Sub-No. E3), filed June 3, 1974. Applicant: DEALERS TRANSPORT CO., Box 21126, Standiford Station, Louisville, Ky. 40221. Applicant's representative: Richard D. Gleaves, 602 Stahlman Bldg., Nashville, Tenn. 37201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Automobiles, trucks, bodies, cabs and chassis* in secondary movements, in truckaway service, (1) between Helena, Hot Springs, and Little Rock, Ark., on the one hand, and, on the other, points in Georgia north and east of a line beginning at the Georgia-Alabama State line extending along U.S. Highway 78 to junction Interstate Highway 75, thence along Interstate Highway 75 to the Georgia-Florida State line; (2) between Texarkana and DeQueen, Ark., on the one hand, and, on the other, points in Georgia north of a line beginning at the Georgia-Alabama State line extending along Georgia Highway 20 to junction U.S. Highway 41, thence along U.S. Highway 41 to junction Interstate Highway 20, thence along Interstate Highway 20 to junction U.S. Highway 278, thence along U.S. Highway 278 to the Georgia-South Carolina State line; (3) between points in Arkansas south of a line beginning at the Arkansas-Louisiana State line extending along U.S. Highway 79 to junction Arkansas Highway 49, thence along Arkansas Highway 49 to the Arkansas-Mississippi State line, on the one hand, and, on the other, points in Tennessee east of the Tennessee River;

(4) Between Gulfport, Miss., on the one hand, and, on the other, points in Tennessee east of the Tennessee River and on and north of a line beginning at the junction of U.S. Highway 70 and the Tennessee River extending along U.S. Highway 70 to junction Interstate Highway 40, thence along Interstate Highway 40 to junction U.S. Highway 70, thence along U.S. Highway 70 to junction U.S. Highway 11, thence along U.S. Highway 11 to junction Interstate Highway 40, thence along Interstate Highway 40 to the North Carolina-Tennessee State line, and to Columbia, McMinnville, Murphysbors, and Tullahoma, Tenn.; (5) between points in Mississippi west of Interstate Highway 55, on the one hand, and, on the other, points in Tennessee east of the Tennessee River; (6) between points in Louisiana east of a line beginning at the Louisiana-Mississippi State line extending along Interstate Highway 55 to junction Interstate Highway 12, thence along Interstate Highway 12 to junction U.S. Highway 61, thence along U.S. Highway 61 to New Orleans, La., on the one hand, and, on the other, points in Tennessee north and west of a line beginning at the Mississippi-Tennessee State line extending along Tennessee Highway 57 to junction U.S. Highway 64, thence along U.S. Highway 64 to junction Natchez Trace Parkway, thence along Natchez Trace Parkway to junction Tennessee Highway 99, thence along Tennessee Highway 99 to junction Interstate Highway 65, thence along Interstate Highway 65 to junction Interstate Highway 40, thence along Interstate Highway 40 to junction U.S. Highways 25/70, thence along U.S. Highways 25/70 to junction Interstate Highway 40, thence along Interstate Highway 40 to the Tennessee-North Carolina State line; and (7) between points in Louisiana west and north of a line beginning at the Louisiana-Mississippi State line extending along Interstate Highway 55 to junction Interstate Highway 12, thence along Interstate Highway 12 to junction Interstate Highway 10, thence along Interstate Highway 10 to the Louisiana-Texas State line, on the one hand, and, on the other, points in Tennessee east of the Tennessee River. The purpose of this filing is to eliminate the gateway of points in Tennessee west of the Tennessee River.

No. MC 41635 (Sub-No. E5), filed June 3, 1974. Applicant: DEALERS TRANSPORT CO., Box 21126, Standford Station, Louisville, Ky. 40221. Applicant's representative: Richard D. Gleaves, 602 Stahlman Bldg., Nashville, Tenn. 37201. Authority sought to operate as a *common carrier*, by motor vehicles, over irregular routes, transporting: *automobiles, trucks, bodies, cabs* and *chassis* in secondary movements, in truckaway service, (1) from points in Arkansas north of I40 and west of U.S. 65 to points in Indiana east and south of a line beginning at the Ohio River and extending along U.S. 231 to junction Indiana State 62 and U.S. 460, then along Indiana State 62 and U.S. 460 to the Ohio River; (2) from points in Arkansas south of a line beginning at the Missouri-Arkansas State Line and extending along U.S. 65 to junction Arkansas State 124, then along Arkansas State 124 to junction Arkansas State 36, then along Arkansas State 36 to junction U.S. 167, then along U.S. 167 to junction U.S. 64, then along U.S 64 to the Mississippi River to points in Kentucky west and south of a line beginning at the Ohio River and extending along I65 to junction Bluegrass Parkway, then along Bluegrass Parkway to junction U.S. 150, then along U.S. 150, to junction U.S. 27, then along U.S. 27 to junction Kentucky State 80, then along Kentucky State 80 to junction U.S. 23, then along U.S. 23 to junction Kentucky State 194, then along Kentucky State 194 to the West Virginia State Line; (3) from points in Arkansas on and south of I40 to points in Indiana on and west of I65; (4) from points in Arkansas on and south of I40 to points in Illinois on and south of U.S. 24 and Chicago, Ill.; (5) from points in Louisiana to points in Kentucky west of a line beginning at the Louisiana-Tennessee State line and extending along U.S. 27 to junction I64, then along I64 to the Ohio River; (6) from points in Louisiana to points in Illinois on and south of U.S. 24; and (7) from points in Louisiana to points in Indiana south of a line beginning at the Ohio River and extending along U.S. 150 to the Indiana-Illinois State line. The purpose of this filing is to eliminate the gateways of Memphis, Tenn., and points in Kentucky west of U.S. Highway 51.

No. MC 41635 (Sub-No. E6), filed June 3, 1974. Applicant: DEALERS TRANSPORT CO., Box 21126, Standiford Station, Louisville, Ky. 40221. Applicant's representative: Richard D. Gleaves, 602 Stahlman Bldg., Nashville, Tenn. 37201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Automobiles, trucks, bodies, cabs and chassis*, in secondary movements, in truckaway service, (1) between points in Georgia on the one hand, and, on the other, points in Arkansas on and north of Interstate Highway 40; and (2) between points in Tennessee east of the Tennessee River, on the one hand, and, on the other, points in Arkansas west of a line beginning at the Arkansas-Missouri State line extending along U.S. Highway 63 to junction Interstate Highway 55, thence along Interstate Highway 55 to junction Interstate Highway 40, thence along Interstate Highway 40 to junction U.S. Highway 79, thence along U.S. Highway 79 to the Arkansas-Louisiana State line. The purpose of this filing is to eliminate the gateway of Memphis, Tenn.

No. MC 41635 (Sub-No. E8), filed June 3, 1974. Applicant: DEALERS TRANSPORT CO., Box 21126, Standiford Station, Louisville, Ky. 40221. Applicant's representative: Richard D. Gleaves, 602 Stahlman Bldg., Nashville, Tenn. 37201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Automobiles and trucks*, in secondary movements, in truckaway service, (1) from points in Alabama on and north of U.S. Highway 80 to Bell, Brazos, Burleson, Chambers, Dallas, Ellis, Falls, Freestone, Grimes, Harris, Jefferson, Kaufman, Lee, Leon, Liberty, Limestone, Madison, Milam, Montgomery, Navarro, Robertson, San Jacinto, Travis, Walker, Washington, and Williamson Counties, Tex.; (2) from points in Alabama south

of U.S. Highway 80 to Bell, Brazos, Dallas, Ellis, Falls, Freestone, Kaufman, Leon, Limestone, Madison, Milam, Navarro, Robertson, Travis and Williamson Counties, Tex.; (3) from points in Arkansas east of a line beginning at the Arkansas-Louisiana State line extending along U.S. Highway 167 to junction U.S. Highway 67, thence along U.S. Highway 67 to the Arkansas-Missouri State line, to points in Bell, Brazos, Chambers, Dallas, Ellis, Falls, Freestone, Grimes, Harris, Jefferson, Kaufman, Lee, Leon, Liberty, Limestone, Madison, Milam, Montgomery, Navarro, Robertson, San Jacints, Travis, Walker, Washington, Burleson and Williamson Counties, Tex.; (4) from points in Florida east of U.S. Highway 319 and U.S. Highway 98 to points in Bell, Brazos, Burleson, Chambers, Dallas, Ellis, Falls, Freestone, Grimes, Harris, Jefferson, Kaufman, Lee, Leon, Liberty, Limestone, Madison, Milam, Montgomery, Navarro, Robertson, San Jacinto, Travis, Walker, Washington and Williamson Counties, Tex.; (5) from Baton Rouge, La., to points in Kaufman, Ellis, Dallas & Navarro Counties, Tex.;

(6) From New Orleans, La., to points in Kaufman, Ellis, Dallas & Navarro Counties, Tex.; (7) from points in Mississippi on and north of U.S. Highway 80 to points in Bell, Brazos, Burleson, Chambers, Dallas, Ellis, Falls, Freestone, Grimes, Harris, Jefferson, Kaufman, Lee, Leon, Liberty, Limestone, Madison, Milam, Montgomery, Navarro, Robertson, San Jacinto, Travis, Walker, Washington, and Williamson Counties, Tex.; (8) from Gulfport, Miss., to points in Kaufman, Ellis, Dallas and Navarro Counties, Tex.; (9) from St. Louis, Mo., to points in Bell, Brazos, Burleson, Chambers, Dallas, Ellis, Falls, Freestone, Grimes, Harris, Jefferson, Kaufman, Lee, Leon, Liberty, Limestone, Madison, Milam, Montgomery, Navarro, Robertson, San Jacinto, Travis, Walker, Washington, and Williamson Counties, Tex.; and (10) from points in South Carolina to points in Bell, Brazos, Burleson, Chambers, Dallas, Ellis, Falls, Freestone, Grimes, Harris, Jefferson, Kaufman, Lee, Leon, Liberty, Limestone, Madison, Milam, Montgomery, Navarro, Robertson, San Jacinto, Travis, Walker, Washington and Williamson Counties, Tex. The purpose of this filing is to eliminate the gateway of Shreveport, La.

No. MC 41635 (Sub-No. E9), filed June 3, 1974. Applicant: DEALERS TRANSPORT CO., P.O. Box 21126, Standiford Station, Louisville, Ky. 40221. Applicant's representative: Richard D. Gleaves, 602 Stahlman Bldg., Nashville, Tenn. 37201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Automobiles and trucks in secondary movements in truckaway service*, from points in Georgia to points in Kentucky on and west of U.S. Highway 45; from points in Georgia to points in Illinois on and south of U.S. Highway 24 and Chicago, Illinois; from points in Georgia to points in Missouri. The purpose of this filing is to eliminate the gateways of Memphis, Tenn., and points in Kenutcky west of U.S. Highway 51.

No. MC 48806 (Sub-No. E1), filed June 4, 1974. Applicant: HAMMEL MOVING & STORAGE, INC., 5415 Conner Ave., Detroit, Mich. 48213. (Streator, Ill., and Terre Haute, Ind.*); (2) from Streator, Ill., to points in Kentucky (except those west of a line beginning at Paducah, thence along U.S. Highway 45 to Mayfield, thence along Kentucky Highway 97 to the Kentucky-Tennessee State line), points in Kansas on, south and west of a line beginning at the Kansas-Colorado State line extending along U.S. Highway 40 to Oakley, thence along U.S. Highway 83 to the Oklahoma-Kansas State line, and those points in Colorado on and south of U.S. Highway 40. (Terre Haute, Ind.*); (3) from Gas City, Ind., to points in Colorado, Nebraska, Kansas, Missouri, Iowa (except points east of a line beginning at the Minnesota-Iowa State line extending along U.S. Highway 218 to junction Iowa Highway 22, thence along Iowa Highway 22 to Muscatine), Minnesota (except points east and south of a line beginning at the Minnesota-Iowa State line extending along U.S. Highway 218 to Owatonna, thence along U.S. Highway 14 to junction Minnesota Highway 15, thence along Minnesota Highway 15 to St. Cloud, thence along U.S. Highway 10 to Little Falls, thence along Minnesota Highway 371 to Brainerd, thence along Minnesota Highway 210 to Duluth), and Kentucky (except points east of U.S. Highway 431), (Terre Haute, Ind.*);

(4) from Evansville, Ind., to points in Michigan, Minnesota, Iowa, Nebraska, Kansas, Colorado, and Missouri (except points south of a line beginning at Kansas City, extending along Interstate Highway 35 to junction U.S. Highway 36, thence along U.S. Highway 36 to Hannibal) (Terre Haute, Ind.*); (5) from Burlington, Wis., to points in Kentucky, Missouri (except points north of a line beginning at the Kansas-Missouri State line extending along Missouri Highway 52 to junction U.S. Highway 65, thence along U.S. Highway 65 to Sedalia, thence along U.S. Highway 50 to St. Louis), Kansas (except points north of a line beginning at the Colorado-Kansas State line extending along U.S. Highway 40 to Salina, thence along U.S. Highway 81 to Wichita, thence along U.S. Highway 54 to the Kansas-Missouri State line), and Colorado (except points north of U.S. Highway 40) (Terre Haute, Ind.*); (6) from Mundelein, Ill., to points in Kentucky, Missouri (except points north of U.S. Highway 40), Kansas (except points north of U.S. Highway 24), and Colorado (except points north of a line beginning at the Utah-Colorado State line extending along U.S. Highway 40 to junction U.S. Highway 34, thence along U.S. Highway 34 to Greeley, thence along U.S. Highway 85 to Denver, thence along U.S. Highway 36 to the Colorado-Kansas State line) (Terre Haute, Ind.*); (B) *Glass containers*, from Oil City, Pa., to points in Colorado on and south of U.S. Highway 40 and points in Kansas south and west of a line beginning at the Colorado-Kansas State line extending along U.S. Highway 40 to Oakley, thence along U.S. Highway 83 to Garden City, thence along U.S. Highway 50 to Dodge City, thence along U.S. Highway 283 to the Kansas-Oklahoma State line (Burlington, Wis., and Terre Haute, Ind.*); and

(C) *Such glass containers and closures for glass containers* as are manufactured or distributed by manufacturers or converters of cellulose materials and products and paper products (except in bulk), from Terre Haute, Ind., to points in New Mexico, Arizona, Utah, Nevada, California, Idaho, Wyoming, Oregon, Washington, and Montana (except points east of a line beginning at the United States-Canada International Boundary line extending along Montana Highway 247 to Glasgow, thence along Montana Highway 24 to junction Montana Highway 200, thence along Montana Highway 200 to Jordan, thence along Montana Highway 22 to Miles City, thence along U.S. Highway 312 to junction U.S. Highway 212, thence along U.S. Highway 212 to the Montana-Wyoming State line) (Burlington, Colo.*). The purpose of this filing is to eliminate the gateways indicated by the asterisks above.

No. MC 59247 (Sub-No. E1), filed June 4, 1974. Applicant: LINDEN MOTOR FREIGHT COMPANY, INC., 1300 Lower Road, Linden, N.J. 07036. Applicant's representative: Louis Salz (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *acids, chemicals, containers and chemical supplies in containers* between points in Massachusetts, on the one hand, and, on the other, points in Middlesex, Union, Bergen, Passaic, Essex, Hudson, Somerset, Mercer, and Morris Counties, New Jersey. The purpose of this filing is to eliminate the gateway of New York, N.Y.

No. MC 61231 (Sub-No. E-8), filed May 15, 1974. Applicant: ACE LINES, INC., 4143 East 43rd Street, Des Moines, Iowa 50317. Applicant's representative: Wm. L. Fairbank, 900 Hubbell Bldg., Des Moines, Iowa 50309. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel mill products*, that are building materials, (except commodities in bulk and those that require special equipment) from Garey, Ind., to points in Arizona, Colorado, Montana, New Mexico, Oklahoma, Wyoming, and Texas (except points in Texas on, east, and north of a line beginning at the Arkansas-Texas State line, thence over Texas Highway 8 to U.S. Highway 59, thence over U.S. Highway 59 to Interstate Highway 20, thence over Interstate Highway 20 to the Louisiana-Texas State line) and Wyoming. The purpose of this filing is to eliminate the gateways of Marshalltown and Des Moines, Iowa.

No. MC 61231 (Sub-No. E31), filed May 15, 1974. Applicant: ACE LINES, INC., 4143 East 43rd Street, Des Moines, Iowa 50317. Applicant's representative: Wm. L. Fairbank, 900 Hubbell Bldg., Des Moines, Iowa 50309. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Building materials*, from Kansas City, Missouri, and Kansas City, Kansas, to points in Michigan, points in Indiana on and north of a line beginning at the Illinois-Indiana State line, thence over U.S. Highway 24 to junction Interstate Highway 65, thence over Interstate Highway 65 to Indiana Highway 26, thence over Indiana Highway 59 to the Indiana-Ohio State line, and to points in Ohio, (except points in that part of Ohio located south and west of a line beginning at the Indiana-Ohio State line, thence over U.S. Highway 33 to junction U.S. Highway 23, thence over U.S. Highway 23 to the Ohio River. Restriction: The authority authorized above is restricted against the transportation of cement from the plant site of the Lone Star Cement Corp., at Bonner Springs, Kansas and restricted against the transportation of mineral filler, lime, limestone and limestone products, in bulk. The purpose of this filing is to eliminate the gateway of Des Moines, Iowa.

No. MC 61231 (Sub-No. E76), filed May 15, 1974. Applicant: ACE LINES, INC., 4143 East 43rd Street, Des Moines, Iowa 50317. Applicant's representatives: Wm. L. Fairbank, 900 Hubbell Bldg., Des Moines, Iowa 50309. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Building materials*, (except iron and steel articles and commodities in bulk), (1) from points in Missouri on and south of a line beginning at the Kansas-Missouri State line thence over Missouri Highway 92 to junction Missouri Highway 10, thence over Missouri Highway 10 to U.S. Highway 24, thence over U.S. Highway 24 to the Mississippi River, to points in Nebraska; (2) from points in that part of Missouri bounded by a line beginning at the Iowa-Missouri State line thence over U.S. Highway 65 to junction U.S. Highway 24, thence over U.S. Highway 24 to the Mississippi River, to points in that part of Nebraska on and West of U.S. Highway 281. The purpose of this filing is to eliminate the gateway of Kansas City, Mo.

No. MC 61231 (Sub-No. E80), filed May 15, 1974. Applicant: ACE LINES, INC., 4143 East 43rd Street, Des Moines, Iowa 50317. Applicant's representative: Wm. L. Fairbank, 900 Hubbell Bldg., Des Moines, Iowa 50309. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel building materials, including road building materials, structural steel and iron and steel tanks*, (1) from points in that part of Missouri on and south and west of a line beginning at the Kansas-Missouri State line thence over Interstate Highway 70 to junction Missouri Highway 47, thence over Missouri Highway 47 to junction Missouri Highway 21, thence over Missouri Highway 21 to junction Missouri Highway 72, thence over Missouri Highway 72 to the Mississippi River, to points in Minnesota, (except points in that part of Minnesota east of a line beginning at the Iowa-Minnesota State line, thence over Interstate Highway 35 to junction Minnesota Highway 19, thence over Minnesota Highway 19 to junction U.S. Highway 52, thence over U.S. Highway 52 to junction Minnesota Highway 20, thence over Minnesota Highway 20 to junction U.S. Highway 61, thence over U.S. Highway 61 to the Mississippi River) (2) from points in Missouri on and south of Interstate Highway 70 and on and west of Missouri Highway 5, to points in Minnesota. The purpose of this filing is to eliminate the gateway of the facilities of Simco Steel Corporation at Kansas City, Mo.

No. MC 61825 (Sub-No. E107), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: General Commodities, except those of unusual value, Classes A and B Explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, between Cumberland, Md., on the one hand, and, on the other, points in Virginia on and south of a line beginning at the Kentucky-Virginia State line and extending along U.S. Highway 23 to junction U.S. Highway 58 Alternate, thence along U.S. Highway 58 Alternate to junction U.S. Highway 11, thence along U.S. Highway 11 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Blue Ridge Parkway, thence along Blue Ridge Parkway to junction Virginia Highway 130, thence along Virginia Highway 130 to junction Virginia Highway 635, thence along Virginia Highway 635 to junction U.S. Highway 60, thence along U.S. Highway 60 to junction Virginia Highway 26, thence along Virginia Highway 26 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Virginia Highway 40, thence along Virginia Highway 40 to junction Virginia Highway 46, thence along Virginia Highway 46 to junction to the Virginia-North Carolina State line. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E108), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General Commodities*, except those of Unusual value, Class A and B Explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points in Maryland on and west of U.S. Highway 220 on the one hand, and, on the other, points in Virginia on and south of a line beginning at the North Carolina-Virginia State line and extending along Virginia Highway 8, thence along Virginia Highway 8 to the junction of U.S. Highway

11, thence along U.S. Highway 11 to the junction of Virginia Highway 130, thence along Virginia Highway 130 to the junction of Virginia Highway 635, thence along Virginia Highway 635 to the junction of U.S. Highway 60, thence east along U.S. Highway 60 to junction Virginia Highway 26, thence south along Virginia Highway 26 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Virginia Highway 40, thence south along Virginia Highway 40 to junction Virginia Highway 46, thence south along Virginia Highway 46 to the Virginia-North Carolina State line. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E109), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative Joe Clyde Wilson (same as above). Authority sought to operate as a *Common carrier*, by motor vehicle, over irregular routes, transporting: *General Commodities*, except those of unusual value, Class A and B Explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points in Maryland on and east of U.S. Highway 15 and on and west of U.S. Highway 220, on the one hand, and, on the other, points in Virginia on and south of a line beginning at the Kentucky-Virginia State line and extending south along U.S. Highway 23 to junction U.S. Highway 58 Alternate, thence along U.S. Highway 58 Alternate to junction U.S. Highway 11, thence northeast along U.S. Highway 11 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Blue Ridge Parkway, thence along Blue Ridge Parkway to junction Virginia Highway 130, thence along Virginia Highway 130 to junction Virginia Highway 635, thence along Virginia Highway 635 to junction U.S. Highway 60, thence east along U.S. Highway 60 to junction Virginia Highway 26, thence south along Virginia Highway 26 to junction U.S. Highway 460, thence east along U.S. Highway 460 to junction Virginia Highway 47, thence south along Virginia Highway 47 to junction U.S. Highway 360, thence north along U.S. Highway 360 to junction Virginia Highway 646, thence along Virginia Highway 646 to junction Virginia Highway 92, thence along Virginia Highway 92 to junction Virginia Highway 707, thence along Virginia Highway 707 to junction Virginia Highway 4, thence south along Virginia Highway 4 to the Virginia-North Carolina State line. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E110), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General Commodities*, except those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points in Maryland on and bounded by a line beginning at the Delaware-Maryland State line and extending southwest on U.S. Highway 301 to junction U.S. Highway 50, thence along U.S. Highway 50 to the Maryland-District of Columbia boundary, thence along the Maryland-District of Columbia boundary to the Potomac River to U.S. Highway 15, thence along U.S. Highway 15 to the Maryland-Pennsylvania State line, thence east along the Maryland-Pennsylvania State line to the Maryland-Delaware State line, thence south along the Maryland-Delaware State line to the point of beginning, on the one hand, and, on the other, points in Virginia on, south, and west of a line beginning at the Virginia-West Virginia State line and extending along Interstate Highway 64 to junction U.S. Highway 60, thence east along U.S. Highway 60 to junction Virginia Highway 26, thence south along Virginia Highway 26 to junction U.S. Highway 460, thence east along U.S. Highway 460 to junction Virginia Highway 47, thence south along Virginia Highway 47 to junction U.S. Highway 360, thence along U.S. Highway 360 to junction Virginia Highway 646, thence south along Virginia Highway 646 to junction Virginia Highway 49, thence south along Virginia Highway 49 to junction U.S. Highway 15, thence south along U.S. Highway 15 to the North Carolina-Virginia State line. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E111), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General Commodities*, except those of unusual value, Class A and B Explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points in Maryland south of a line beginning at the Delaware-Maryland State line and extending along U.S. Highway 301 to junction U.S. Highway 50, thence along U.S. Highway 50 to the Maryland-District of Columbia boundary, on the one hand, and, on the other, points in Virginia on, south, and west of a line beginning at the West Virginia-Virginia State line and extending along Virginia Highway 39 to junction Virginia Highway 252, thence north along Virginia Highway 252 to junction Virginia Highway 606, thence east along Virginia Highway 606 to junction Virginia Highway 56, thence east along Virginia Highway 56 to junction U.S. Highway 60, thence east along U.S. Highway 60 to junction U.S. Highway 15, thence south along U.S. Highway 15 to junction Virginia Highway 646, thence along Virginia Highway 646 to the junction of Virginia Highway 92, thence south along Virginia Highway 92 to junction U.S. Highway 58, thence west along U.S. Highway 58 to junction U.S. Highway 15, thence south along U.S. Highway 15 to the Virginia-North Carolina State line. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E112), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General Commodities*, except those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points in West Virginia on and north of a line beginning at the Ohio-West Virginia State line and extending along Virginia Highway 18 to junction U.S. Highway 50, thence east along U.S. Highway 50 to junction U.S. Highway 19, thence north along U.S. Highway 19 to junction U.S. Highway 119, thence north along U.S. Highway 119 to the West Virginia-Pennsylvania State line on the one hand, and, on the other, points in Virginia on, east, and south of a line beginning at the North Carolina-Virginia State line and extending along Virginia Highway 103 to junction Virginia Highway 8, thence along Virginia Highway 8 to junction Virginia Highway 57, thence along Virginia Highway 57 to junction Virginia Highway 623, thence along Virginia Highway 623 to junction Virginia Highway 40, thence along Virginia Highway 40 to junction Virginia Highway 122, thence along Virginia Highway 122 to junction U.S. Highway 501, thence north along U.S. Highway 501 to junction Virginia Highway 130, thence along Virginia Highway 130 to junction Virginia Highway 635, thence along Virginia Highway 635 to junction U.S. Highway 60, thence east along U.S. Highway 60 to junction U.S. Highway 15, thence south along U.S. Highway 15 to junctfon U.S. Highway 460, thence east along U.S. Highway 460 to junction Virginia Highway 36, thence east along Virginia Highway 36 to junction Virginia Highway 10, thence east along Virginia Highway 10 to junction Virginia Highway 156, thence north along Virginia Highway 156 to the James River, thence east along the James River to the Chesapeake Bay, thence east on the Chesapeake Bay to the Atlantic Ocean. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E113), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle,

over irregular routes, transporting: *General Commodities*, except those of unusual value, Class A and B Explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points in West Virginia on and south of U.S. Highway 60 on the one hand, and, on the other, points in Virginia on and east of a line beginning at the North Carolina-Virginia State line extending along U.S. Highway 501 to junction Virginia Highway 603, thence west along Virginia Highway 603 to junction Virginia Highway 40, thence west along Virginia Highway 40 to junction U.S. Highway 29, thence north along U.S. Highway 29 to junction Virginia Highway 622, thence north along Virginia Highway 622 to junction U.S. Highway 60, thence east along U.S. Highway 60 to junction U.S. Highway 15, thence north along U.S. Highway 15 to junction Virginia Highway 610, thence along Virginia Highway 610 to junction Virginia Highway 690, thence along Virginia Highway 690 to junction Virginia Highway 605, thence along Virginia Highway 605 to junction U.S. Highway 33, thence east along U.S. Highway 33 to junction U.S. Highway 522, thence north along U.S. Highway 522 to junction Virginia Highway 719, thence along Virginia Highway 719 to junction Virginia Highway 652, thence along Virginia Highway 652 to junction Virginia Highway 608, thence along Virginia Highway 608 to junction Virginia Highway 604, thence along Virginia Highway 604 to junction Virginia Highway 20, thence east along Virginia Highway 20 to junction Virginia Highway 3, thence north along Virginia Highway 3 to junction Virginia Highway 669, thence along Virginia Highway 669 to junction U.S. Highway 15, thence north along U.S. Highway 15 to the Virginia-Maryland State line. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E114), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General Commodities*, except those of unusual value, Class A and B Explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points in West Virginia on and west of a line beginning at the Ohio-West Virginia State line and extending along West Virginia Highway 18 to junction West Virginia Highway 47, thence east along Virginia Highway 47 to junction U.S. Highway 33, thence south along U.S. Highway 33 to junction U.S. Highway 119, thence along U.S. Highway 119 to junction U.S. Highway 60, thence west along U.S. Highway 60 to the West Virginia-Kentucky State line, on the one hand, and, on the other, points in Virginia on and east of a line beginning at the North Carolina-Virginia State line and extending along U.S. Highway 29 to junction Virginia Highway 43, thence along Virginia Highway 43 to junction Virginia Highway 122, thence along Virginia Highway 122 to junction U.S. Highway 501, thence west along U.S. Highway 501 to junction Blue Ridge Parkway, thence north along the Blue Ridge Parkway to junction Virginia Highway 130, thence east along Virginia Highway 130 to junction Virginia Highway 635, thence along Virginia Highway 635 to junction U.S. Highway 60, thence east along U.S. Highway 60 to junction U.S. Highway 360, thence northeast along U.S. Highway 360 to the Chesapeake Bay, and points in Northampton and Accomack Counties, Va. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E115), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General Commodities*, except those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points in West Virginia on and west of a line beginning at the Virginia-West Virginia State line and extending along U.S. Highway 33 to junction West Virginia 32, thence along West Virginia Highway 32 to junction U.S. Highway 219, thence to the Maryland-West Virginia State line and east of a line beginning at the West Virginia-Pennsylvania State line and extending along U.S. Highway 119, thence along U.S. Highway 19 to junction U.S. Highway 19, thence along U.S. Highway 19 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction West Virginia Highway 18, thence along West Virginia Highway 18 to junction West Virginia 47, thence along West Virginia Highway 47 to junction U.S. Highway 33, thence along U.S. Highway 33 to junction U.S. Highway 119, thence along U.S. Highway 119 to junction U.S. Highway 60, thence along U.S. Highway 60 to the West Virginia-Virginia State line, on the one hand, and, on the other, points in Virginia on, east, and south of a line beginning at the North Carolina-Virginia State line and extending along U.S. Highway 29 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Virginia Highway 40, thence along Virginia Highway 40 to junction Virginia Highway 619, thence along Virginia Highway 619 to junction Virginia Highway 730, thence along Virginia Highway 730 to junction Virginia Highway 186, thence along Virginia Highway 186 to junction Virginia Highway 35, thence along Virginia Highway 35 to the Virginia-North Carolina State line. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E116), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General Commodities*, except those of unusual value, Class A and B Explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points in West Virginia east of a line beginning at the Maryland-West Virginia State line and extending along U.S. Highway 219 to junction West Virginia Highway 32, thence along U.S. Highway 32 to junction U.S. Highway 33, thence along U.S. Highway 33 to the West Virginia-Virginia State line on the one hand, and, on the other, points in Virginia on and south of a line beginning at the North Carolina-Virginia State line and extending along Virginia Highway 653 to junction U.S. Highway 58, thence along U.S. Highway 58 to junction Virginia Highway 626, thence along Virginia Highway 626 to junction Virginia Highway 687, thence along Virginia Highway 687 to junction Virginia Highway 57, thence along Virginia Highway 57 to junction Virginia Highway 108, thence along Virginia Highway 108 to junction Virginia Highway 890, thence along Virginia Highway 890 to junction Virginia Highway 40, thence along Virginia Highway 40 to junction Virginia Highway 834, thence along Virginia Highway 834 to junction Virginia Highway 122, thence north along Virginia Highway 122 to junction U.S. Highway 501, thence along U.S. Highway 501 to junction U.S. Highway 29, thence along U.S. Highway 29 to junction U.S. Highway 60, thence along U.S. Highway 60 to junction Virginia Highway 26, thence along Virginia Highway 26 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Virginia Highway 47, thence along Virginia Highway 47 to junction Virginia Highway 40, thence along Virginia Highway 40 to junction Virginia Highway 46, thence along Virginia Highway 46 to the Virginia-North Carolina State line. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E117), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading; between points

in West Virginia south of a line beginning at the Virginia-West Virginia State line and extending along West Virginia Highway 39 to junction U.S. Highway 19, thence along U.S. Highway 19 to junction Interstate Highway 79, thence along Interstate Highway 79 to junction West Virginia Highway 16, thence along West Virginia Highway 16 to junction U.S. Highway 33, thence along U.S. Highway 33 to junction U.S. Highway 119, thence along U.S. Highway 119 to junction U.S. Highway 60, thence along U.S. Highway 60 to West Virginia-Kentucky State line on the one hand, and, on the other, points in North Carolina east of a line beginning at the Virginia-North Carolina State line and extending along U.S. Highway 501 to junction U.S. Highway 158, thence along U.S. Highway 158 to junction North Carolina Highway 96, thence along North Carolina Highway 96 to junction U.S. Highway 264, thence along U.S. Highway 264 to junction North Carolina Highway 581, thence along North Carolina Highway 581 to junction U.S. Highway 117, thence along U.S. Highway 117 to junction North Carolina Highway 132, thence along North Carolina Highway 132 to U.S. Highway 74, to the Atlantic Ocean. The purpose of this filing is to eliminate the gateway of Lynchburg, Va.

No. MC 61825 (Sub-No. E118), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATED, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New furniture*, between points in Georgia west and south of a line beginning at the Alabama-Georgia State line and extending along U.S. Highway 80 to junction Interstate Highway 75, thence along Interstate Highway 75 to the Georgia-Florida State line on the one hand, and, on the other, points in Kentucky on and east of a line beginning at the Ohio-Kentucky State line and extending west along U.S. Highway 60 to junction Kentucky Highway 1, thence along Kentucky Highway 1 to junction Kentucky Highway 201, thence along Kentucky Highway 201 to junction U.S. Highway 23, thence along U.S. Highway 23 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Kentucky Highway 7, thence along Kentucky Highway 7 to junction Kentucky Highway 317, thence along Kentucky Highway 317 to junction U.S. Highway 119, thence to the Kentucky-Virginia State line. The purpose of this filing is to eliminate the gateway of points in Smyth County, Va.

No. MC 61825 (Sub-No. E119), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New furniture*, between points in Georgia on, south, and east of a line beginning at the Georgia-South Carolina State line at Savannah, Ga., and extending along U.S. Highway 80 to junction Interstate Highway 75, to the Georgia-Florida State line on the one hand, and, on the other, points in Kentucky on and east of a line beginning at the Ohio-Kentucky State line at Vanceburg, Ky., and extending along Kentucky Highway 59 to junction Kentucky Highway 377, thence along Kentucky Highway 377 to junction Kentucky Highway 32, thence along Kentucky Highway 32 to junction Kentucky Highway 173, thence along Kentucky Highway 173 to junction Kentucky Highway 7, thence along Kentucky Highway 7 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Kentucky Highway 205, thence along Kentucky 205 to junction Kentucky Highway 1812, thence along Kentucky Highway 1812 to junction Kentucky Highway 15, thence along Kentucky Highway 15 to junction Daniel Boone Parkway, thence along Daniel Boone Parkway to junction Kentucky Highway 257, thence along Kentucky Highway 257 to junction U.S. Highway 421, thence along U.S. Highway 421 to Kentucky-Virginia State line. The purpose of this filing is to eliminate the gateway of points in Smyth County, Va.

No. MC 61825 (Sub-No. E120), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New furniture* between points in Georgia east of a line beginning at the South Carolina-Georgia State line and extending along U.S. Highway 123 to junction U.S. Highway 23, thence along U.S. Highway 23 to junction Georgia Highway 13, thence along Georgia Highway 13 to junction Georgia Highway 20, thence along Georgia Highway 20 to junction Georgia Highway 324, thence along Georgia Highway 324 to junction Georgia Highway 11, thence along Georgia Highway 11 to junction U.S. Highway 80, thence along U.S. Highway 80 to the Georgia-South Carolina State line at Savannah, Georgia, on the one hand, and, on the other, points in Kentucky on and east of a line beginning at the Ohio-Kentucky State line and extending along Kentucky Highway 59 to junction Kentucky Highway 2, thence along Kentucky Highway 2 to junction Kentucky Highway 174, thence along Kentucky Highway 174 to junction Kentucky Highway 955, thence along Kentucky Highway 955 to junction Kentucky Highway 504, thence along Kentucky Highway 504 to junction Kentucky Highway 173, thence along Kentucky Highway 173 to junction Kentucky Highway 7, thence along Kentucky Highway 7 to junction U.S. Highway 460, thence along U.S. Highway 460 to junction Kentucky Highway 205, thence along Kentucky Highway 205 to junction Kentucky Highway 1812, thence along Kentucky Highway 1812 to junction Kentucky Highway 15, thence along Kentucky Highway 15 to junction Daniel Boone Parkway, thence along Daniel Boone Parkway to junction Kentucky Highway 257, thence along Kentucky Highway 257 to junction U.S. Highway 421, thence along U.S. Highway 421 to the Kentucky-West Virginia State line. The purpose of this filing is to eliminate the gateway of points in Smyth County, Va.

No. MC 61825 (Sub-No. E121), filed May 13, 1974. Applicant: ROY STONE TRANSFER CORPORATION, P.O. Box 385, Collinsville, Va. 24078. Applicant's representative: Joe Clyde Wilson (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New furniture*, between points in Georgia on and bounded by a line beginning at the Alabama-Georgia State line and extending along U.S. Highway 29 to junction Interstate Highway 85, thence along Interstate Highway 85 to junction U.S. Highway 23, thence along U.S. Highway 23 to junction Georgia Highway 13, thence along Georgia Highway 13 to junction Georgia Highway 20, thence along Georgia Highway 20 to junction Georgia Highway 324, thence along Georgia Highway 324 to junction Georgia Highway 11, thence along Georgia Highway 11 to junction U.S. Highway 80, thence along U.S. Highway 80 to the Georgia-Alabama State line, thence north along the Georgia-Alabama State line to the point of beginning, on the one hand, and, on the other, points in Kentucky on and east of a line beginning at the Ohio-Kentucky State line extending along U.S. Highway 60 to junction Kentucky Highway 1, thence along Kentucky Highway 1 to junction Kentucky Highway 201, thence along Kentucky Highway 201 to junction U.S. Highway 23, thence along U.S. Highway 23 to the Kentucky-Virginia State line. The purpose of this filing is to eliminate the gateway of points in Smyth County, Va.

No. MC 64932 (Sub-No. E95), (Correction), filed June 3, 1974, republished in the FEDERAL REGISTER July 2, 1975. Applicant: ROGERS CARTAGE CO., 10735 S. Cicero Ave., Oak Lawn, Ill. 60453. Applicant's representative: W. S. Farrell (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid chemicals*, in bulk, in tank vehicles, from the plant site of Baird Chemical Industries, Inc., at or near Mapleton, Ill., to those points in Nebraska on and east of a line beginning at the South Dakota-Nebraska State line and extending along U.S. Highway 81 to junction U.S. Highway 34, thence along U.S. Highway 34 to the Nebraska-Iowa State line (plant site of the Hawkeye Chemical Co., at or near Clinton, Iowa) *, and Kansas and those in Nebraska on and west of a line beginning at the South Dakota-Nebraska State line and extending along U.S. Hihgway 81 to junction U.S. Highway 34, thence along U.S. Highway 34 to the Nebraska-Iowa State line (Pike County, Mo.) *. The purpose of this filing is to eliminate the gateways indicated by

asterisks above. The purpose of this correction is to correct the origin territories.

No. MC 67646 (Sub-E5), filed May 16, 1974. Applicant: HALL'S MOTOR TRANSIT COMPANY, 6060 Carlisle Pike, Mechanicsburg, Pa. 17055. Applicant's representative: Daniel W. Rohrbaugh (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) General commodities, except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, between points in Allegheny, Greene and Washington Counties, Pennsylvania, and in Brooke, Hancock, Marshall, and Ohio Counties, West Virginia, on the one hand, and, on the other, those points in Warren County, Pennsylvania, on and north of U.S. Highway 6; (2) General commodities, except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, between points in Allegheny, Fayette, Greene, Washington and Westmoreland, Pa., and those in Brooke, Hancock, Marshall and Ohio Counties, West Virginia, on the one hand, and, on the other, points in Erie County, Pa., on and north of U.S. Highway 6, and those points in Ashtabula County, Ohio north of U.S. Highway 6.

(3) General commodities, except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, between points in Allegheny, Fayette and Westmoreland Counties, Pennsylvania, on the one hand, and, on the other, points in Cuyahoga, Geauga, and Lake Counties, Ohio; (4) General commodities, except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, between points in Allegheny and Westmoreland Counties, Pennsylvania, and Brooke and Hancock Counties, W.Va., on the one hand, and on the other, those points in New York, New Jersey, Pennsylvania, Maryland, Virginia, and Washington, D.C., on and east of a line beginning at the Canada-New York Boundary, thence along Interstate Highway 8 to junction New York Highway 8, thence along N.Y. Highway 8 to junction N.Y. Highway 30, thence along N.Y. Highway 30 to junction N.Y. Highway 17, thence along N.Y. Highway 17 to junction N.Y. Highway 42, thence along N.Y. Highway 42 to junction N.Y. Highway 97, thence along N.Y. Highway 97 to junction U.S. Highway 209, thence along U.S. Highway 209 to junction Interstate Highway 81, thence along Interstate Highway 81 to junction Pa. Highway 72, thence along Pa. Highway 72 to junction U.S. Highway 30, thence along U.S. Highway 30 to junction Pa. Highway 116, thence along Pa. Highway 116 to junction Pa. Highway 16, thence along Pa. Highway 16 to junction Interstate Highway 81, thence along Interstate Highway 81 to junction Interstate Highway 70, thence along Interstate Highway 70 to junction U.S. Highway 15, thence along U.S. Highway 15 to junction U.S. Highway 29, thence along U.S. Highway 29 to junction U.S. Highway 221 to junction Va. Highway 122, thence along Va. Highway 122 to junction U.S. Highway 220, thence along U.S. Highway 220 to the Virginia-North Carolina State line.

(5) General commodities, except those of unusual value, Classes A and B explosives, household goods, as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, between points in Fayette, Green and Washington Counties, Pennsylvania, and points in Marshall and Ohio Counties, West Virginia, on the one hand, and, on the other, those points in New York, New Jersey, Pennsylvania, Maryland, Virginia, and Washington, D.C., on and east of a line beginning at the Canada-United States Boundary, thence along Interstate Highway 87 to junction N.Y. Highway 8, thence along N.Y. Highway 8 to junction N.Y. Highway 17, thence along N.Y. Highway 17 to junction N.Y. Highway 79, thence along N.Y. Highway 79 to New York-Pennsylvania State line, thence along Pa. Highway 92 to junction Interstate Highway 81, thence along Interstate Highway 81 to junction Interstate Highway 83, thence along Interstate Highway 83 to junction U.S. Highway 11, thence along U.S. Highway 11 to junction Interstate Highway 81 thence along Interstate Highway 81 to junction Interstate Highway 70S to junction Interstate Highway 495, thence along Interstate Highway 495 to junction Maryland Highway 5, thence along Maryland Highway 5 to junction U.S. Highway 301, thence along U.S. Highway 301 to junction U.S. Highway 360, thence along U.S. Highway 360 to junction U.S. Highway 15, thence along U.S. Highway 15 to Virginia-North Carolina State line. The purpose of this filing is to eliminate the gateways of Greenville, Pa. in (1), (2), and (3) above; and Bedford, Pa., Fairview and Hagerstown, Md., in (4); and Bedford, Pa., Fairview and Hagerstown, Md., in (5) above.

No. MC 71855 (Sub-No. E1), filed June 4, 1974. Applicant: ESSEX VAN AND STORAGE, INC., 1500 Eastern Ave., Baltimore, Md. 21221. Applicant's representative: Frances Jalet, 1776 Broadway, New York, N.Y. 10019. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *household goods* as defined by the Commission, between Baltimore, Md., on the one hand, and, on the other Massachusetts and North Carolina. The purpose of this filing is to eliminate the gateways of Federalsburg, Md., and points within 40 miles thereof.

No. MC 94842 (Sub-No. E1), filed May 23, 1974. Applicant: ROBERT CROCKET, INC., 102 Crescent Ave., Chelsea, Mass. 02150. Applicant's representative: Frank J. Weiner (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) *Commodities*, the transportation of which, because of size or weight requires the use of special equipment, and *related machinery parts and related contractor's materials and supplies*, when their transportation is incidental to the transportation of commodities, which by reason of size or weight require special equipment, (1) between points in Maine, New Hampshire, and Vermont, on the one hand, and, on the other, points in New Jersey. (2) between points in Maine, New Hampshire, and Vermont, on the one hand, and, on the other, points in Pennsylvania. (3) between points in Maine, New Hampshire, and Grand Isle, Franklin, Orleans, Essex, Chittendon, Lamoille, Caledonia, Washington and Orange Counties, Vt., on the one hand, and, on the other, points in New York on, south and west of a line beginning at the Massachusetts-New York State line extending along US Highway 90 to junction New York Highway 31, thence along New York Highway 31 to Lake Ontario, (4) between points in Rhode Island, on the one hand, and, on the other, points in New York (except New York, N.Y., and points in Dutchess, Ulster, Sullivan, Orange, Putnam, Rockland, Westchester, Nassau and Suffolk Counties).

(5) between points in Connecticut on and east of U.S. Highway 5, on the one hand, and, on the other, points in Pennsylvania on, south and west of a line beginning at the New York-Pennsylvania State line extending along U.S. Highway 219 to junction U.S. Highway 80, thence along U.S. Highway 80 to junction U.S. Highway 220, thence along U.S. Highway 220 to the Pennsylvania-Maryland State line, (6) between points in Rhode Island, on the one hand, and, on the other, points in Pennsylvania on and west of a line beginning at the New York-Pennsylvania State line extending along U.S. Highway 81 to junction U.S. Highway 83, thence along U.S. Highway 83 to the Pennsylvania-Maryland State line, (7) between points in Connecticut, on the one hand, and, on the other, points in New York (except New York, N.Y., and points in Columbia, Dutchess, Sullivan, Ulster, Orange, Putnam, Rockland, Westchester, Nassau and Suffolk Counties). The purpose of this filing is to eliminate the gateway of points in Massachusetts. (B) *Weldments*, the transportation of which, because of size or weight requires the use of special equipment, (1) from points in Maine, to points in the United States (excluding Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, and Hawaii), (2) from points in New Hamp-

shire to points in the United States (excluding Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, and Hawaii), and (3) from points in Massachusetts on or east of Massachusetts Highway 12 to points in the United States (excluding Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, and Hawaii). The purpose of this filing is to eliminate the gateway of Fitchburg, Mass.

No. MC 95490 (Sub-No. E2), filed May 3, 1974. Applicant: UNION CARTAGE CO., 9A Southwest Cutoff, Worcester, Mass. 01604. Applicant's representative: Edward J. Kiley, Suite 501, 1730 M St., N.W., Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Malt beverages*, in containers, from Middlesex, Essex, and Suffolk Counties, Mass., to those points in Anne Arundel and Prince Georges Counties, Md., south of U.S. Highway 50, and points in Calvert, Charles, and St. Mary's Counties, Md. The purpose of this filing is to eliminate the gateway of Springfield, Mass., and Cranston, R.I.

No. MC 95490 (Sub-No. E4) (Correction), filed May 31, 1974, published in the FEDERAL REGISTER July 2, 1975. Applicant: UNION CARTAGE CO., 9A Southwest Cutoff, Worcester, Mass. 10604. Applicant's representative: Edward J. Kiley, Suite 501, 1730 M St., N.W., Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *alcoholic beverages, soda water, carbonic gas*, and *containers* therefor, between Philadelphia, Pa., on the one hand, and, on the other, points in Hartford, Windham, and Tolland Counties, Conn. The purpose of this filing is to eliminate the gateway of points within 15 miles of Springfield, Mass. (excluding Springfield, Mass.). The purpose of this correction is to correct the origin Counties.

No. MC 95490 (Sub-No. E9) (Correction), filed May 31, 1974, published in the FEDERAL REGISTER July 2, 1975. Applicant: UNION CARTAGE CO., 9A Southwest Cutoff, Worcester, Mass. 01604. Applicant's representative: Edward J. Kiley, Suite 501, 1730 M St., N.W., Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities*, except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, between Middlesex, Essex, and Suffolk Counties, Mass., on the one hand, and, on the other, Jersey City, N.J., and Philadelphia, Pa. The purpose of this filing is to eliminate the gateways of Springfield, West Springfield, Mass., and Newburgh, N.Y. The purpose of this correction is to correct the territorial description.

No. MC 95490 (Sub-No. E10) (Correction), filed May 31, 1974, published in the FEDERAL REGISTER July 2, 1975. Applicant: UNION CARTAGE CO., 9A Southwest Cutoff, Worcester, Mass. 01604. Applicant's representative: Edward J. Kiley, Suite 501, 1730 M St., N.W., Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, from points in Middlesex, Essex, and Suffolk Counties, Mass., to points in Litchfield County, Conn., and Columbia, Dutchess (except Poughkeepsie), Greene, Ulster, and Westchester Counties, N.Y. The purpose of this filing is to eliminate the gateway of Springfield, Mass. The purpose of this correction is to clarify the territorial description.

No. MC 95490 (Sub-No. E11) (Correction), filed May 31, 1974, published in the FEDERAL REGISTER July 2, 1975. Applicant: UNION CARTAGE CO., 9A Southwest Cutoff, Worcester, Mass. 01604. Applicant's representtive: Edward J. Kiley, Suite 501, 1730 M St., N.W., Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading), between points in Middlesex, Essex, and Suffolk Counties, Mass., on the one hand, and, on the other, points in Orange County, N.Y. The purpose of this filing is to eliminate the gateway of Springfield, Mass. The purpose of this correction is to clarify the territorial description.

No. MC 95490 (Sub-No. E12), (Correction), filed May 31, 1974, published in the FEDERAL REGISTER July 2, 1975. Applicant: UNION CARTAGE CO., 9A Southwest Cutoff, Worcester, Mass. 01604. Applicant's representative: Edward J. Kiley, Suite 501, 1730 M St., N.W., Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading), between points in Middlesex, Essex, and Suffolk Counties, Mass., on the one hand, and, on the other, Poughkeepsie, N.Y. The purpose of this filing is to eliminate the gateway of Springfield, Mass. The purpose of this correction is to clarify the territorial description.

By the Commission.

[SEAL] ROBERT L. OSWALD,
*Secretary.*

TUESDAY, AUGUST 12, 1975

PART II:

# DEPARTMENT OF LABOR

## Office of the Secretary

## COMPREHENSIVE EMPLOYMENT AND TRAINING ACT

Special Federal Programs and Responsibilities: Special Manpower Target Groups and Youth Programs and Other Special Programs

## DEPARTMENT OF LABOR

### Office of the Secretary

### [ 29 CFR Part 97 ]

### COMPREHENSIVE EMPLOYMENT AND TRAINING ACT

### Special Federal Programs and Responsibilities: Special Manpower Target Groups and Youth Programs and Other Special Programs

Pursuant to section 602(a) of the Comprehensive Employment and Training Act of 1973 (Pub. L. 92–203, 87 Stat. 839), which authorizes the Secretary of Labor to prescribe such rules, regulations and guidelines as he deems necessary to carry out the provisions of this Act, the Secretary proposes to amend Part 97 of Title 29, Code of Federal Regulations, entitled Special Federal Programs and Responsibilities, under the Comprehensive Employment and Training Act, by adding a Subpart D to set forth regulations governing activities carried out under sections 301 and 304 of the Act.

Section 301 of the Act confers special responsibility on the Secretary of Labor to provide additional manpower services to segments of the population that are in particular need of them.

Section 304 authorizes the Secretary to provide financial assistance in urban and rural areas, including areas having large concentrations or proportions of low-income, unemployed persons, and rural areas having substantial outmigration to urban areas, for comprehensive work and training programs and necessary supportive and follow-up services.

It should be noted that this new Subpart D does not contain regulatory governance for Summer Programs for Economically Disadvantaged Youth which are funded in Fiscal Year 1975 under section 304(a)(3) of the Act. In this regard, it should be further noted that regulations contained in 29 CFR 97, Subpart A, apply to summer youth programs under section 304(a)(3) of the Act which are funded in Fiscal Year 1975.

It should be noted that the allocation planning procedures set forth in § 97.304–§ 97.306 of this new Subpart D will be in effect initially with respect to program efforts to be implemented in Fiscal Year 1977. However, the Department will make available upon request its Fiscal Year 1976 operating budget for special manpower target group programs and youth programs and other special programs. Interested parties should, in this regard, contact the Associate Manpower Administrator whose address is given below.

Interested person may participate in this proposed rulemaking process by submitting written data, views, and arguments pertaining to the proposed Subpart D to the Assistant Secretary for Manpower, United States Department of Labor, 601 D Street, NW, Washington, D.C. 20213, Attention: Associate Manpower Administrator for Manpower Development Programs, Room 6000. Comments received on or before September 11, 1975, will be considered before final action is taken on the proposal. Copies of all written comments received will be available for examination by interested persons in room 6402, Patrick Henry Building, 6th and D Streets, NW, Washington, D.C. The proposal may be changed in light of the comments received.

In consideration of the foregoing, it is proposed to amend Part 97 of Title 29 by adding a new Subpart D to read as follows:

## PART 97—SPECIAL FEDERAL PROGRAMS AND RESPONSIBILITIES UNDER THE COMPREHENSIVE EMPLOYMENT AND TRAINING ACT

AUTHORITY: Comprehensive Employment and Training Act of 1973 (Pub. L. 93–203, sec. 602(a), 87 Stat. 839) unless otherwise noted.

### GENERAL

#### § 97.301 Scope.

(a) Pursuant to section 301 of the Act, the Secretary will use funds available under Title III of the Act to provide additional manpower services as authorized under Title I and Title II of the Act to segments of the population that are in particular need of such services including youth, offenders, persons of limited English-speaking ability, older workers, and other persons who the Secretary determines have particular disadvantages in the labor market. The Secretary shall take into account the need for continued funding of programs of demonstrated effectiveness.

(b) Pursuant to section 304 of the Act, the Secretary may use funds available under Title III of the Act to provide financial assistance in urban and rural areas, including areas having large concentrations or proportions of low-income, unemployed persons, and rural areas having substantial outmigration to urban areas, for comprehensive work and training programs and necessary supportive and follow-up services.

(c) In combination, sections 301 and 304 of the Act enable the Secretary to respond directly through the implementation and financial support of manpower programs and services, to manpower problems of special significance as these problems become apparent from time to time. The Secretary intends to exercise authority under these two sections in a flexible manner, flexibility being necessary to meet shifting manpower needs and priorities both swiftly and decisively. The use of this authority will not be limited to permanently fixed and narrow purposes.

#### § 97.302 Purpose.

(a) The purpose of this Subpart D is to prescribe the Department of Labor's rules and regulations that govern:

(1) Identifying on a continuing basis the manpower problems of special significance which might be resolved, in whole or in part, through programs and services required under section 301 and authorized under section 304 of the Act, or both;

(2) Allocating resources available under Title III of the Act to alleviate specific problems identified;

(3) Awarding Federal financial assistance necessary to carry out individual programs under section 301 or section 304 of the Act; and

(4) Administering and operating individual programs under section 301 or section 304 of the Act.

(b) This Subpart D contains the regulatory material necessary for the implementation and operation of programs under sections 301 and 304 of the Act, including specific references to rules and requirements which are set forth in other parts of Title 29 and which are applicable to programs under this subpart.

(c) When the regulations set forth in this subpart conflict with other regulations promulgated under the Act in 29 CFR Parts 94 through 99, the regulations contained in this subpart shall prevail and apply to programs under this subpart.

#### § 97.303 Definitions.

Definitions for abbreviations and major terms used in this subpart are contained in § 94.4 of this title. Additional terms applicable only to this subpart or having special significance in this subpart are defined as follows:

"Affirmative action effort" shall mean a program effort intended to provide or foster new employment opportunities for members of groups which have, for reasons of past custom, historical practice, or otherwise, been discouraged from entering certain occupational fields.

"Job search and relocation assistance" shall mean assisting an individual by locating a job opportunity that meets the individual's specific needs and by providing assistance, including financial support, to relocate the individual and the family near the new job site.

"Limited English-speaking ability" shall mean an inability to speak the English language which impairs a person's ability to seek or obtain employment.

"Local government" shall mean a local unit of government including specifically a county, municipality, city, town, township, local public authority, special district, intrastate district, council of governments, sponsor group representative organization, and other regional or interstate government entity, or any agency or instrumentality of a local government exclusive of institutions of higher education, hospitals, and school districts.

"Program," except where the context indicates otherwise, shall mean a program, project or service funded and carried out under this subpart.

"Skill improvement training" shall mean training given to an individual to make that individual more employable or to increase the possibilities of retention in his chosen field.

"State" shall mean any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States; for the purposes of § 97.341 through § 97.355, "State" shall also mean any agency or instrumentality of a State exclusive of institutions of higher education and hospitals.

"Training for technological change" shall mean training given to an individual who faces unemployment or underemployment caused by newly emergent technology in an occupational field.

"Upgrading training" shall mean training given to an individual who needs such training to advance above an entry-level or dead-end employment position.

### ALLOCATION OF AVAILABLE RESOURCES

#### § 97.304 General.

The Secretary will allocate funds made available to carry out the purposes of sections 301 and 304 of the Act to resolve, in whole or in part, specific and identifiable manpower problems of special significance. These problems may be identified and funds allocated on bases which include, but are not limited to:

(a) Severe employment and training problems and needs which are identified as being common to members of specific segments of the population such as those indicated in § 97.301(a) of this part;

(b) Severe employment and training problems and needs which are identified as being special to certain geographical areas of the country, such as areas having a large concentration or proportion of low-income, unemployed persons, and rural areas having substantial out-migration to urban areas;

(c) The need, if any, to continue funding of programs of demonstrated effectiveness;

(d) Severe manpower and training problems and needs identified as existing within critical industries or occupational fields;

(e) Emergency or disaster; and

(f) Any other basis which is appropriate to national manpower priorities and emphases as they evolve from time to time.

#### § 97.305 Allocation planning.

The Secretary will develop an allocation plan for the sum of money made available each fiscal year to carry out the purposes of sections 301 and 304 of the Act. The allocation plan will be designed to:

(a) Identify each specific manpower problem of special significance for which resources will be allocated;

(b) Indicate the approximate level of resources to be allocated for each problem identified;

(c) Indicate, in brief, the types of programs to be implemented with resources allocated for each problem identified;

(d) Indicate, to the extent possible, the geographical areas to be served by planned activities;

(e) Indicate the effects or benefits anticipated from the programs or services to be implemented; and

(f) Provide any background or explanatory material which might be necessary for a full understanding of the priorities and methods reflected in the plan.

#### § 97.306 Public notification.

(a) The Secretary will notify the public of the substantial content of the plan for allocating the sum of money made available each fiscal year to carry out the purposes of sections 301 and 304 of the Act. This notification will be accomplished by publication in the FEDERAL REGISTER. The published plan will contain all elements specified in § 97.305 and will, if possible, be published prior to the fiscal year covered by the plan.

(b) The plan will not limit the Secretary in allocating funds in a manner or for specific purposes other than those set forth in the plan. The purposes of this notification process do not include committing the Secretary to any fixed plan or order of priorities. The sole purposes to be served in this notification process are:

(1) To inform the public with respect to current planning of Department of Labor manpower activities;

(2) To inform prime sponsors of manpower problems judged to be of special significance and impact on the well-being of the country; and

(3) To provide prime sponsors and other agencies responsible for conducting manpower or related programs with information both useful and necessary for planning their own operations.

(c) The Secretary may, at any time, revise the plan or implement operational deviations from the plan. The Secretary will, however, notify the public as soon as is practicable of any material revision to the plan or any major operational deviations from the plan. This notification will be published in the FEDERAL REGISTER and will include any background or explanatory material necessary for a full understanding of the action taken or to be taken.

### AWARD OF FEDERAL FUNDS

#### § 97.307 General.

(a) The Secretary may make such grants, contracts, or other agreements which provide for the award of Federal funds as may be necessary to carry out

the purposes of sections 301 and 304 of the Act.

(b) Any grant, contract, or other agreement under this subpart which involves the award of Federal funds will be developed and executed in accordance with the provisions set forth in § 97.308 through § 97.315.

**§ 97.308 Eligibility for funds.**

The Secretary may award funds available under this subpart to carry out the purposes of sections 301 and 304 of the Act to the following types of organizations:

(a) States and agencies of a State;

(b) Units of general local government and their agencies;

(c) Consortia which have been approved by the Department as prime sponsors under Title I of the Act which are made of:

(1) Units of general local government; or

(2) A State and a unit or units of general local government;

(d) Private, nonprofit organizations other than political parties;

(e) Private, profitmaking organizations;

(f) Other Federal establishments and agencies; and

(g) Indian tribes on Federal or State reservations.

**§ 97.309 Soliciting applications for Federal funds.**

(a) The Secretary may solicit or request eligible organizations to submit a proposal or application for funds.

(b) Except under conditions described in paragraph (c) of this section, the Secretary may limit solicitation to organizations which have special or unique capabilities to operate a program.

(c) When soliciting proposals from private, profitmaking organizations, the Secretary will issue a formal Request for Proposal.

(d) A solicitation or request to submit a proposal or application for funds is not an assurance or commitment that a proposal or application will be approved or accepted for funding.

(e) The Secretary may solicit or request a proposal or application for funds at any time.

(f) Funds allocated to carry out the purposes of section 304 of the Act are allocated for specific geographical areas. In awarding funds to carry out the purposes of section 304 of the Act, the Secretary will give primary consideration to awarding funds to prime sponsors which are responsible for the jurisdiction or jurisdictions in which Federal assistance is to be provided. In this respect, the Secretary will not solicit or request proposals or applications for these funds from other eligible organizations until consultation with the appropriate prime sponsors, if any, discloses that award of funds to an eligible organization other than the prime sponsor would enhance program effectiveness.

**§ 97.310 Specifications.**

In soliciting proposals or applications for funds the Secretary may specify detailed program requirements to which the proposal or application must assure adherence as a condition for approval or acceptance. These specifications may include, but are not limited to:

(a) The type of manpower program to be conducted;

(b) The target group to be served;

(c) The geographic area in which the program, project, or service is to be carried out;

(d) The approximate costs;

(e) Minimum quantifiable performance goals; and

(f) Results and benefits expected.

**§ 97.311 Proposal or application format and content.**

(a) Where the applicant is a State government or a local government, the application shall follow the format prescribed in Federal Management Circular (FMC) 74-7, Attachment M.

(b) Where the applicant or proposer is an organization other than a State government or a local government, the application or proposal shall be prepared in a format prescribed by the Department.

(c) As a condition for approval or acceptance, a proposal or application for funds must indicate or contain the following:

(1) The performance period of the program;

(2) A program budget for the Department's share and, if applicable, the program sponsor's share which accounts for administrative costs, participant allowances, participant wages, participant fringe benefits, training costs, and participant services costs;

(3) The need for the program and its objectives, including a precise indication of the target group or groups to be served;

(4) The results or benefits to be derived from the program, including the benefits which will accrue to program participants;

(5) A description of the separate functions of the program and the methods and procedures to be used in performing these functions, including, as appropriate:

(i) Recruitment and selection of participants;

(ii) Assessment of participants;

(iii) Orientation;

(iv) Counseling;

(v) Classroom training or education;

(vi) Payment of training and other allowances;

(vii) On-the-job training;

(viii) Subsidized community service or public service employment;

(ix) Work experience;

(x) Job development;

(xi) Job placement and followup;

(xii) Supportive services to participants such as health care and medical services, child care, residential support, assistance in securing bonds, and family planning assistance; and

(xiii) Other manpower activities such as the removal of artificial barriers to employment, job restructuring, revision or establishment of merit systems, and the development and implementation of affirmative action plans.

(6) Quantified performance goals;

(7) The steps to be taken by the program sponsor to evaluate program performance in comparison with program goals;

(8) Procedures for establishing cooperative relationships, liaison and working linkages with other manpower and manpower related agencies;

(9) Program activities to carry out under contract, subcontract, or subgrant with justification therefor;

(10) The specific geographic location or locations of program activity including, in cases of multistate programs, a state-by-state breakout as to funds budgeted and numbers of participants planned;

(11) The program staff structure, including brief position descriptions for professional staff and program administrators;

(12) The arrangements or agreements made with any labor organization which is necessarily connected with the program; and

(13) When the applicant or proposer is an organization other than a State or local government, a description of the general structure of the organization and a certified statement by a Certified Public Accountant attesting to the adequacy of the applicant's or proposer's financial management system.

**§ 97.312 Review.**

(a) The Secretary will review and consider for approval or acceptance each proposal or application for funds which is submitted in response to a specific solicitation or request made by the Secretary.

(b) The Secretary may review and consider for approval or acceptance an unsolicited proposal or application for funds submitted by an eligible organization other than a private, profitmaking organization.

(c) The Secretary will not consider or approve any unsolicited proposal or application submitted by a private, profitmaking organization.

(d) When reviewing and considering a proposal or application, the Secretary will determine whether:

(1) It meets the requirements of the Act, the regulations promulgated under the Act, and other applicable law;

(2) It is complete;

(3) It contributes to the implementation of the allocation plan described in § 97.305;

(4) The planned expenditures for program activity and services are substantiated and reasonable;

(5) The performance goals set forth are reasonable in view of past program experience in the same or similar activity and conform with documentation provided by the proposer or applicant;

(6) Operational methods are adequate;

(7) Administrative costs are reasonable and properly justified;

(8) The applicant or proposer evidences adequate internal administrative controls, accounting procedures, personnel standards and other capabilities that assure effective use of government funds; and

(9) Sufficient funds are available under the Act to fund the program in whole or in part.

**§ 97.313 Rejection of a proposal or application.**

(a) When the review of a proposal or application reveals that it is not approvable, the Secretary will notify the proposer or applicant in writing that the proposal or application is rejected. This notification shall include the reason or reasons for rejection.

(b) The rejection of a proposal or application is a final act.

(c) A rejection will not prejudice the review and consideration of any future proposal or application submitted by an eligible organization.

(d) The notification described in paragraph (a) of this section is not required with respect to any unsolicited proposal or application submitted by a private, profitmaking organization.

**§ 97.314 Negotiation.**

(a) When the review of a proposal or application reveals that it is generally adequate for favorable consideration, the Secretary may negotiate with the eligible organization to arrive at an agreement which is advantageous to the Department. The subjects of negotiation may include, but are not limited to:

(1) Separate program functions or components;

(2) Subgrantees, contractors, or subcontractors;

(3) Funding level and budget line items;

(4) Program objectives; and

(5) Performance standards.

(b) The Secretary may reject any separate program function or component described in the proposal or application when he determines it will not serve the purposes of the Act.

(c) The Secretary may, if negotiation does not result in a mutually acceptable conclusion, reject the subject proposal or application. In this event, written notification shall be provided to the eligible organization in accordance with § 97.313.

**§ 97.315 Award.**

(a) The Secretary may, if a proposal or application assures an agreement which is advantageous, approve the proposal or application and award funds without negotiation.

(b) The Secretary may also approve a proposal or application as revised during negotiation.

(c) Award of funds will be accomplished through the execution of a legally binding agreement in document form. The document, which will be prepared by the Department, will contain:

(1) The proposal or application as approved by the Secretary; and

(2) Department of Labor requirements for program administration.

(d) When the program sponsor is a unit of State or local government, the Secretary will use a grant agreement to implement the program and award funds.

(e) When the program sponsor is a nonprofit organization, public or private, other than unit of State or local government, the Secretary will use a grant agreement or a contract, whichever is appropriate, to implement the program and award funds. Determination as to the most appropriate of these two legal instruments shall be based, in each case, upon the following general criteria:

(1) The contract is the appropriate instrument when the Department has a need to exercise considerable direction and control over the program.

(2) The grant is the appropriate instrument when the Department does not need to exercise considerable direction and control over the program.

(f) When the program sponsor is a unit of the Federal Government other than the Department of Labor, the Secretary will use an interagency agreement, which will be in document form, to implement the program and award Federal funds.

(g) When the program sponsor is a private, profitmaking organization, the Secretary will use a contract to implement the program and award Federal funds.

PROGRAM OPERATION

**§ 97.317 General.**

Program operation requirements for activities carried out under sections 301 and 304 of the Act are set forth in § 97.317 through § 97.332. The utilization of funds under this subpart is conditioned upon adherence to the Act, the regulations promulgated under the Act, and other applicable law.

**§ 97.318 Basic responsibilities of program sponsors.**

Each organization which enters an agreement with the Department and is awarded funds by the Department under this subpart shall be responsible for:

(a) Following and enforcing the requirements of the Act, the regulations in this subpart, and all other applicable laws;

(b) Implementing and carrying out the program in accordance with the terms and provisions of the program agreement;

(c) Conducting program activities that are, to the maximum extent feasible, consistent with each participant's fullest capabilities and which will lead to employment opportunities enabling each participant to become economically self-sufficient and which will contribute to the occupational development or upward mobility of each participant;

(d) Advising each participant of his rights and responsibilities prior to entering the program; and

(e) Making every reasonable effort to achieve program goals.

**§ 97.319 Cooperative relationships.**

(a) Each organization conducting a program under this subpart shall, to the maximum extent feasible:

(1) Establish cooperative relationships or linkages with other manpower and manpower related agencies in the area within its jurisdiction and, in particular, with agencies operating programs through the Department including but not limited to SESA's and prime sponsors under title I of the Act; and

(2) Notify the appropriate apprenticeship agency of training activities in apprenticeable occupations.

(b) Each organization conducting a program under this subpart in which recipients of Aid to Families with Dependent Children (AFDC) participate shall coordinate services with the local sponsor, if any, of the Work Incentive Program (WIN). Coordination is necessary because provision of manpower services to recipients of AFDC who have been required to register for the WIN program may be affected by the provisions of title IV of the Social Security Act and the WIN regulations in part 56 of this title.

**§ 97.320 Eligibility for participation.**

(a) Except as permitted under paragraph (e) of this section, participation in programs under this subpart shall be limited to persons who are economically disadvantaged, unemployed or underemployed. However, any agreement entered by the Secretary under this subpart may specify the target group or groups to benefit from or be served by the progam.

(b) Participants in public service employment programs under this subpart must meet the eligibility qualifications stated in § 96.47 of this title.

(c) Citizenship may not be used as a criterion to prevent permanent residents of the United States, including permanent resident aliens, from participating in a program, but services may not be provided to illegal aliens.

(d) Program sponsors shall give special consideration to disabled veterans and veterans of the Vietnam-era who meet the eligibility requirements in paragraph (a) of this section.

(e) The provisions of paragraph (a) of this section notwithstanding, the Secretary may establish especially suitable and appropriate eligibility guidelines for persons participating in and benefitting from affirmative action efforts, job search and relocation assistance, skill improvement training, and upgrading training as these types of services are authorized by § 97.321(b). Where special eligibility guidelines are in effect, they shall be stated in the program agreement.

**§ 97.321 Permissible activities.**

(a) A program under section 301 of the Act may include any type of manpower activity which is authorized under Title I or Title II of the Act and the regulations applicable thereto as set forth in Part 95 and Part 96 of this title.

(b) A program under section 301 of the Act may, in addition to the activities

authorized by paragraph (a) of this section, include the following types of activities:

(1) Affirmative action;

(2) Job search and relocation assistance;

(3) Skill improvement training;

(4) Training for technological change; and

(5) Upgrading training.

(c) Under section 304 of the Act, comprehensive work and training programs, and necessary supportive and followup services may be carried out, including the following:

(1) Programs to provide part-time employment, on-the-job training, and useful work experience for students from low-income families who are in the 9th through 12th grades of school or are equivalent in age to students in these grades and who need the earnings to resume or maintain attendance in school;

(2) Programs to provide unemployed, underemployed, or low-income persons, aged 16 and over, with useful work and training, including sufficient basic education and institutional or on-the-job training, designed to assist them to develop their maximum occupational potential and to obtain regular competitive employment;

(3) Jobs, including those in recreation and related programs for economically disadvantaged youth during the summer months;

(4) Special programs which involve work activities directed to the needs of those chronically unemployed poor who have poor employment prospects and are unable, because of age, lack of employment opportunity, or otherwise, to secure appropriate employment or training assistance under other programs, and which, in addition to other services provided, will enable such persons to participate in projects for the betterment, physical improvement, or beautification of the community or area served by the program;

(5) Special programs which provide unemployed or low-income persons with jobs leading to career opportunities, including new types of careers, in programs designed to improve the physical, social, economic, or cultural condition of the community or area served;

(6) Special services, when required, for middle-aged and older persons, including recruitment, placement, and counseling for such persons who are unemployed as a result of the closing of a plant or factory or a permanent large-scale reduction in the work force of a locality, and the provision of grants to prime sponsors to assist the prime sponsors in securing part-time or temporary employment for middle-aged and older persons; and

(7) Other manpower programs conducted by community-based organizations.

### § 97.322 Services to persons of limited English-speaking ability.

Each program sponsor conducting a program with significant participation by persons of limited English-speaking ability shall establish operating procedures to ensure:

(a) That, when teaching of skills for occupations not requiring high proficiency in English is authorized, instruction is given in the primary language of the participant;

(b) That instruction in the English language is made available to participants with limited English-speaking ability; and

(c) That the primary language of the participants is used in the delivery of other authorized services including, but not limited to:

(1) Dissemination of information;

(2) Job placement services;

(3) Counseling;

(4) Training; and

(5) Employment supervision.

### § 97.323 Services to offenders.

(a) Programs under section 301 of the Act which are intended to serve offenders shall be designed to enable participants to secure and obtain meaningful employment. Program functions or components may include, but are not limited to:

(1) Basic education;

(2) Drug addiction or dependency rehabilitation;

(3) Use of training equipment comparable to that currently used on the job for which training is provided;

(4) Making arrangements for training, job placement, or related services with:

(i) Employers;

(ii) Labor organizations; and

(iii) Parole, probationary, and judicial authorities; and

(5) Any other service which contributes to the employability of offenders.

(b) The Secretary may, however, limit the program functions or components to specific services or types of services within individual programs for offenders under this subpart.

### § 97.324 Training for lower wage industries and relocation of industries.

The regulations contained in § 95.36 of this title apply to programs under this subpart.

### § 97.325 Non-Federal status of participants.

Participants in programs under this subpart are not Federal employees for any purpose and are not subject to the provisions of law relating to Federal employment, including those relating to hours of work, rates of compensation, leave, unemployment compensation, and Federal employment benefits.

### § 97.326 Training allowances.

(a) *General.* (1) For each program under this subpart that includes activities in which allowances may be authorized for payment to participants, the Secretary, subject to the requirements and limitations of this section, will determine:

(i) Whether basic allowances are payable and the extent to which they shall be waived or adjusted upward;

(ii) Whether incentive allowances to public assistance recipients are payable;

(iii) Whether incentive allowances to institutionalized persons are payable and the amounts which are payable;

(iv) Whether allowances for exceptional expenses incurred by program participants are payable and the rates or schedules which will govern payments; and

(v) The delivery agent or agents authorized to operate the allowance payment system.

(2) When a program under this subpart includes activities in which allowances may be authorized for payment to participants, the Secretary's determinations with respect to these allowance payments will be stated in the program agreement. Program sponsors may pay allowances only as authorized by the program agreement.

(b) *Basic allowances.* (1) Basic allowances under this subpart may be paid only to individuals who participate in a course of training or education for which no wages are payable. Basic allowances may not, however, be paid to any individual who is receiving public assistance or whose needs or income are taken into account in determining public assistance payments to others or be paid to institutionalized persons.

(2) Basic allowances may be paid only to reimbursed participants for the hours they spend (or are excused for good cause therefrom) in a course of training or education for which no wages are payable. Reimburseable hours may include those spent by participants in supportive activities, such as orientation and counseling, carried out in conjunction with the course of training or education in which the individual is enrolled.

(3) When no waiver or other adjustment is in effect, the basic allowance for one week shall be computed by applying whichever is higher of (i) the minimum hourly wage prescribed by State or local law in the jurisdiction in which the training or education is conducted or (ii) the minimum hourly wage prescribed under section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, to the number of hours which are reimburseable for that week.

(4) The basic allowance paid to a participant for one week shall be increased by $5 for each dependent over two, up to a maximum of four additional dependents. The maximum increase for dependents is $20 for six or more dependents.

(5) Any sum of money received by a participant as an unemployment compensation benefit in a week shall be subtracted from the participant's basic allowance payment for that week. For the purposes of this paragraph, unemployment compensation benefits do not include separation payments provided under a collective bargaining agreement; and the basic allowance payment to which an individual is entitled may not be diminished because of a separation payment provided under a collective bargaining agreement.

(6) The basic allowance may be adjusted upward to the degree that the local costs of living exceed the national norm.

(7) Periodic increases to the basic allowance paid to participants in a program under this subpart may be authorized to provide an additional incentive for continued participation in the course of training or education.

(8) For any program under this subpart, or any component thereof, that includes activities in which basic allowances may be authorized for payment to participants, the Secretary may waive the payment of all or part of the basic allowances. However, any such waiver:

(i) May be made only to increase the number of individuals who may be served or to otherwise promote the purposes of this subpart;

(ii) Must be applied to all participants in a program, or component thereof, who would otherwise be entitled, except as provided by paragraph (b)(8)(iii) of this section.

(iii) May apply to participants on an individual basis only when:

(A) Approved by the Department of Labor Contract/Grant Officer in writing;

(B) Agreed to freely, in writing, by the individual who is affected; and

(C) Funds allocated for basic allowance under the program agreement have been depleted;

(iv) May apply to basic allowance increments for dependents only when basic allowances have been waived in whole;

(v) May not be made solely because a participant is a veteran and receives benefits through the Vietnam Era Veteran's Readjustment Assistance Act, as amended; and

(vi) Must be made known, in writing, to all participants affected.

(c) *Incentive allowances for public assistance recipients.* (1) When an individual who is receiving public assistance or whose needs or income are taken into account in determining public assistance payments to others participates in a program under this subpart, or a component thereof, in which basic allowances have been authorized, the individual shall be paid an incentive allowance in lieu of the basic allowance. Under programs, or components thereof, where the payment of basic allowances has been waived in whole for participants who would otherwise be entitled, no incentive allowances may be paid.

(2) Incentive allowances shall be paid to entitled participants at the rate of $30 per week.

(3) Incentive allowances to entitled participants shall be reduced pro rata under part-time courses of training or education for which no wages are payable and shall be reduced pro rata for absences without good cause.

(4) Incentive allowances shall be disregarded in determining the amount of public assistance payments individuals are entitled to receive under Federal or federally assisted public assistance programs.

(d) *Incentive allowances for institutionalized persons.* (1) Incentive allowances may be paid to institutionalized persons, including prison inmates, who participate in a program under this subpart.

(2) The determination as to whether such allowances will be paid, and the amounts thereof, will be made by the Secretary in consultation with officials of the institutions. In the case of prison inmates, all or part of such payments, as determined by the Secretary and the head of the institution, may be held in reserve and delivered upon the participants' release from the institution.

(3) Incentive allowances for institutionalized persons may not be paid at a rate which exceeds the minimum wage prescribed by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, as applied to the number of hours spent (or excused for good cause therefrom) by the participant in training, education, or related program activities carried out under this subpart.

(e) *Exceptional expenses allowances.* Allowances may be paid to participants in a program under this subpart for the exceptional expenses they incur in connection with program activities. Reasonable allowances may be provided for expenses including, but not limited to:

(1) Meal expenses;

(2) Transportation expenses; and

(3) Lodging expenses.

(f) *Time limitation.* Allowances may not be paid under any course of training or education having a duration in excess of 104 weeks.

(g) *Repayments.* Each delivery agent responsible for operating an allowance payment system under this subpart shall, to the extent possible, require participants to repay the amount of any allowance overpayments received. Any overpayment not returned may be set off against any future allowance or other benefits under the Act to which the participant may become entitled. Where the overpayment was made in the absence of fault on the part of the participant, repayment shall be waived where recovery would be against equity and good conscience or would otherwise defeat the purposes of the program.

(h) *Allowance payment systems.* Each allowance payment system established or used in conjunction with a program under this subpart shall include:

(1) A procedure to obtain information concerning receipt of unemployment compensation by participants entitled to basic allowances;

(2) A procedure to encourage each participant entitled to basic allowances to apply for unemployment compensation benefits to which the participant is also entitled if he or she is not already receiving them;

(3) Determination of entitlement and computation of amount to be paid;

(4) Issuance and distribution of payments;

(5) Maintenance of payment records and preparation of required reports;

(6) Maintenance of a system to detect and collect overpayments; and

(7) Close working arrangements with other agencies to obtain necessary information to minimize unauthorized payments, including arrangements with:

(i) The State employment security agency for verification of unemployment compensation benefits;

(ii) Local welfare agencies for verification of public assistance payments; and

(iii) Training facilities for submittal of payment requests and time and attendance certifications.

### § 97.327 Wages, minimum duration of training and reasonable expectation of employment.

The regulations contained in § 95.35 of this title apply to programs under this subpart.

### § 97.328 General benefits and working conditions for program participants.

The regulations contained in § 98.24 of this title apply to programs under this subpart.

### § 97.329 Adverse actions.

Each program sponsor shall establish procedures for resolving any issue arising between it and a participant or an applicant for participation. Such procedures shall include an opportunity for an informal conference and a prompt determination of the issue. Such procedures shall also include a notice setting forth the grounds for any adverse action proposed to be taken against a participant and giving the participant an opportunity to respond. If an issue cannot be resolved, the participant or applicant for participation may request a review of the issue by the Contract or Grant Officer who shall act on behalf of the Secretary.

### § 97.330 Labor standards.

All laborers and mechanics employed by contractors or subcontractors in the construction, alteration or repair, including painting and decorating, of projects, buildings and works which are federally assisted under this subpart shall be paid wages at rates not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 27a–5).

### § 97.331 Nondiscrimination and equal employment opportunities.

The regulations contained in § 98.21 of this title apply to programs under this subpart.

### § 97.332 Nepotism.

The regulations contained in § 98.22 of this title apply to programs under this subpart.

### § 97.333 Special limitations on participant activities.

The regulations contained in § 98.23 of this title apply to programs under this subpart.

### § 97.334 Limitations on Federal funds.

Federal funds provided under this subpart may be expended only for purposes permitted by the applicable Federal cost principles.

(a) The cost principles in Subpart 1–15.7 of Title 41 of the Code of Federal Regulations apply to program sponsors which are units of State or local government.

(b) The cost principles in Subpart 1–15.3 of Title 41 of the Code of Federal

Regulations apply to program sponsors which are institutions of higher education.

(c) The cost principles in Subpart 1-15.2 of Title 41 of the Code of Federal Regulations apply to all types of program sponsor organizations not covered by paragraphs (a) and (b) of this section.

**§ 97.335 Subagreements.**

(a) Program sponsors under this subpart may contract, subcontract, or subgrant for portions of the required program activity only if specifically authorized to do so by the program agreement.

(b) Where contracting, subcontracting, or subgranting is authorized, the regulations contained in § 98.27 of this title apply, except that no contract, subcontract, or subgrant may be entered which has a performance period extending beyond the termination date of the basic program agreement.

ADMINISTRATIVE REQUIREMENTS FOR PROJECT GRANTS TO STATE AND LOCAL GOVERNMENTS

**§ 97.341 General.**

The Department's administrative requirements, standards, and procedures for grants awarded under this subpart to State and local governments are stated in § 97.341 through § 97.355. These requirements, standards, and procedures reflect those authorized and required by Federal Management Circular (FMC) 74–7; and they explicate the material contained in FMC 74–7 as it applies to State and local governments which are awarded grants under this subpart. Each State and local government which is awarded a grant under this subpart must conform to these administrative requirements, standards, and procedures. Hereinafter, State and local governments which are awarded a grant under this subpart are referred to as "grantees."

**§ 97.342 Cash depositories.**

(a) Any moneys advanced to a grantee are "public moneys" (owned by the Federal Government) and must be deposited in a bank with FDIC insurance coverage; and the balances exceeding FDIC coverage must be collaterally secure, as provided for in 12 U.S.C. 265.

(b) Except as provided by paragraph (a) of this section, there are no Department of Labor requirements for the physical segregation of cash depositories for grant funds which are provided to the grantee, nor are there any other requirements or eligibility standards for cash depositories in which Federal grant funds are deposited by the grantee.

(c) A separate bank account may be used when payments under letter of credit are made on a "checks-paid" basis in accordance with agreements entered into by a grantee, the Federal Government, and the banking institutions involved.

(d) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees are encouraged to use minority banks.

**§ 97.343 Bonding and insurance.**

Each grantee shall apply its normal bonding and insurance requirements, including fidelity bonds, to protect the interest of the Federal Government.

**§ 97.344 Records maintenance.**

(a) Each grantee shall retain for a period of at least three years all financial records, supporting documents, statistical records, and all other records pertinent to the program. The retention period starts from the date of the submission of the final expenditure report or, for grants which are renewed annually, from the date of the submission of the annual expenditure report, except that:

(1) The records shall be retained beyond the three-year period for as long as any audit findings remain unresolved;

(2) Records for nonexpendable property acquired with grant funds shall be retained for three years after its final disposition; and

(3) When grant records are transferred to or maintained by the Department, the three-year retention requirement does not apply to the grantee with respect to these records.

(b) Grantees may substitute microfilm copies in lieu of original records only with the written permission of the Grant Officer.

(c) When the Department determines that certain grant records have long-term or historical retention value, the grantee shall, upon the Department's request, deliver the records to the Department. The grantee may request an arrangement to retain the records when they are continuously needed for joint use.

(d) The Secretary of Labor and the Comptroller General of the United States or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the grantee and its subgrantees and contractors which are pertinent to the grant program for the purpose of making audit, examination, excerpts and transcripts.

(e) (1) The names of all participants supported under the Act are considered public information.

(2) Other information regarding applicants, program participants, or their immediate families, which may be obtained through application forms, interviews, tests, reports from public agencies, counselors, or any other source, shall be made available to the public by the grantee to the same degree it makes such information available about its own employees in the governmental jurisdiction. Without the permission of the applicant or participant, such information which is not normally made available to the public on the grantee's own employees in the governmental jurisdiction shall be divulged only as necessary for purposes related to the performance or evaluation of the grant under this subpart to persons having responsibilities under the grant, including those furnishing services to the program under subgrant or contract, and to governmental authorities to the extent necessary for the proper administration of law.

(3) The names of all individuals employed in staff positions under the Act are considered public information. A grantee shall make other information available to the public pertaining to individuals employed in staff positions under the Act in the same manner and to the same extent as such information is made available on its regular employees. A grantee shall make other information available to the public on individuals employed in staff positions by the administrative unit of a consortium who are not also employed by a member jurisdiction in accordance with the policy of the member jurisdiction which has the least restrictive policy.

(f) Grantees shall maintain records on each program participant, including:

(1) Personal identifying information and characteristics;

(2) Residence;

(3) The work history of the participant;

(4) Program activities and supportive services in which the individual participated; and

(5) Status of the participant upon termination from the program.

**§ 97.345 Single State agency not required.**

No single State agency or multimember board or commission need be established or designated to administer or supervise the administration of grant programs under this subpart.

**§ 97.346 Program income.**

(a) In accordance with Section 203 of the Intergovernmental Cooperation Act of 1968 (Pub. L. 90–577), the Federal Government will not hold any grantee which is a State or an agency or instrumentality of a State accountable for interest earned on grant funds pending their disbursement for program purposes.

(b) Grantees which are units of local government shall return to the Federal Government all interest earned on advances of grant funds (42 Comp. Gen. 289).

(c) Proceeds from the sale of real and personal property, either provided by the Federal Government or purchased in whole or in part with Federal funds, shall be handled in accordance with the *MA Property Handbook* which implements Attachment N of FMC 74–7.

(d) Royalties received from copyrights and patents during the grant period shall be retained by the grantee and be added to the funds already committed to the program. After termination or completion of the grant, the Federal share of royalties, which is any amount in excess of $200 received annually, shall be returned to the Department.

(e) All other gross income earned by grant-supported activities during the grant period shall be retained by the grantee and shall be added to funds committed to the program and be used to further program objectives.

**§ 97.347 Matching share.**

The criteria and procedures for evaluating and determining the allowability of cash and in-kind contributions made by grantees are those set forth in Attachment F of FMC 74–7.

**§ 97.348 Standards for grantee financial management systems.**

(a) Each grantee shall operate a financial management system which provides for:

(1) Accurate, current, and complete disclosure of the financial results of the grant program in accordance with the Federal reporting requirements;

(2) Records which identify the source and application of funds for grant-supported activities, including records containing information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income;

(3) Effective control over and accountability for all funds, property and other assets to safeguard these assets and to ensure that they are used only for authorized purposes;

(4) The comparison of actual costs with amounts budgeted for the grant;

(5) Procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and the disbursement by the grantee when funds are advanced by the Federal Government;

(6) Drawdowns from the U.S. Treasury through the commercial bank as close as possible to the time of disbursements when advances are made by the letter-of-credit method;

(7) Procedures for determining the allowability and allocability of costs in accordance with the provisions of FMC 74–4; and

(8) Accounting records which are supported by source documentation.

(b) Each grantee shall audit or have audited the grant financial records to determine, at a minimum, the fiscal integrity of financial transactions and reports, and the compliance with laws, regulations and administrative requirements. The grantee shall schedule these audits with reasonable frequency, usually annually, but not less frequently than once every two years. The grantee shall establish a systematic method to assure timely and appropriate resolution of audit findings and recommendations.

(c) Because the Department requires financial reporting on an accrual basis, the grantee shall, when its own accounting system is not kept on that basis, develop the required reporting information through analysis of documentation on hand or on the basis of best estimates.

(d) Each grantee shall require subgrantees or contractors (i.e., recipients of subgrants or contracts which are passed through by the grantee) to adopt all the standards set forth in this section, except the standard applicable to letter-of-credit drawdowns as described in paragraph (a)(6) of this section.

**§ 97.349 Financial reporting requirements.**

(a) Each grantee shall periodically submit a Financial Status Report which, on an accrual basis, indicates total costs incurred by cost category including indirect costs, if any. This report shall be prepared to coincide with the ending dates for Federal fiscal year quarters and shall be submitted to the Department no later than 30 days after the end of the quarterly reporting period. If the grant period ends at a date other than the last day of Federal fiscal year quarter, a final report covering the entire grant period shall also be required. Grantees must certify to the accuracy and completeness of the costs reported.

(b) Each grantee shall periodically submit a Report of Federal Cash Transactions. Grantees which receive annual grants totalling $1 million or more shall submit this report monthly; and all other grantees shall submit it quarterly.

(c) Specific instructions and procedures for preparing and submitting the Financial Status Report and the Report of Federal Cash Transactions are contained in the *Forms Preparation Handbook*. These written procedures and instructions implement Attachment H of FMC 74–7. The Department will furnish a copy of the Handbook to each grantee.

**§ 97.350 Monitoring and reporting program performance.**

(a) Each grantee shall continually monitor the performance of grant supported activities to assure that program goals are being met and that the requirements of the Act and the regulations in this subpart are being met.

(b) Each grantee shall periodically submit a Program Status Summary (including any special supplement the Department may require). This report shall be prepared to coincide with the ending dates for Federal fiscal year quarters and shall be submitted to the Grant Officer no later than 30 days after the end of the quarterly reporting period. If the grant period ends at a date other than the last day of a Federal fiscal year quarter, a final report covering the entire grant period shall also be required. Specific instructions for the preparation of this report are contained in the *Forms Preparation Handbook*. Instructions for supplemental reports will be provided by the Department. The Program Status Summary provides the following types of information together with a comparison of the same items as they appear in the grant document:

(1) The total number of enrollments with granted funds during the grant period;

(2) The total number of participants placed in unsubsidized employment upon termination from the program and the number entering school, other training or military service;

(3) The level of enrollment associated with each program activity;

(4) The number of individuals within the target group or groups being served by the program; and

(5) A brief narrative account of significant program accomplishments and problem areas.

(c) Each grantee shall submit a Quarterly Summary of Participant Characteristics with the Program Status Summary. This report will include characteristics data aggregated for all participants as set forth in the report form and will include all participants terminating or placed during the reporting period. For participants who entered employment during the report period, the report will also aggregate the average wage before enrollment and upon termination from the program. Specific instructions for the preparation of this report are contained in the *Forms Preparation Handbook*.

(d) Each grantee shall, without regard to normal reporting periods, advise the Grant Officer of the following types of conditions as soon as they become known:

(1) Problems, delays, or adverse conditions which may materially affect the ability to attain program goals with an indication of what corrective action has been or will be taken and an indication of the Federal assistance, if any, which may be helpful in resolving the situation; and

(2) Favorable developments or events which will materially assist the program in meeting or exceeding its intended purposes and goals.

(e) If a performance review conducted by the grantee discloses the need for grant budget revision, the grantee shall submit a request for revision to the Grant Officer.

(f) The Department will make onsite visits as frequently as is practicable to review program accomplishments and management control systems and to provide technical assistance. Grantees shall cooperate fully with the Department in the performance of these visits.

**§ 97.351 Payment procedures.**

(a) Consistent with the requirements, criteria and standards stated in Attachment J of FMC 74–7, grant payments will be made through a letter of credit, an advance by Treasury check, or a reimbursement by Treasury check.

(b) Specific instructions and procedures for preparing forms associated with grant payments are contained in the *Forms Preparation Handbook*.

(c) The Department may withhold payments for proper charges if the grantee has failed to comply with program objectives, grant award conditions, or Federal reporting requirements or if the grantee is indebted to the United States and collection of the debt will not impair the accomplishment of the objectives of any grant program sponsored by the United States. When it determines to withhold payments, the Department will inform the grantee with reasonable notice that payments will not be made for obligations incurred after a specified date until the conditions are corrected or the indebtedness of the United States is liquidated.

**§ 97.352 Budget revision procedures.**

(a) The grant budget is the approved financial plan for the Federal share and, if applicable, the nonfederal share to carry out the purposes of the grant as set forth in the grant agreement docu-

ment. Grantees shall promptly request prior written approvals from the Grant Officer for budget revision whenever:

(1) The revision results from a net increase or decrease from the anticipated enrollment level of 15 percent or more, or from other significant changes in the scope of the grant program;

(2) The revision indicates a need for additional Federal funding;

(3) The Federal share of the grant budget is over $100,000 and the cumulative amount of transfers among direct cost object class budget categories exceeds or is expected to exceed $10,000, or 5 percent of the total grant budget, whichever is greater;

(4) The Federal share of the grant budget is $100,000 or less and the cumulative amount of transfers among direct cost object categories exceeds or is expected to exceed 5 percent of the total grant budget;

(5) The revision involves the transfer of amounts budgeted for indirect costs to absorb increases in direct costs;

(6) The revision pertains to the addition of cost items requiring approval in accordance with the provisions of FMC 74–4; or

(7) The grantee plans to transfer Federal funds allotted for training allowances or other direct payments to participants to other categories of expense.

(b) Before deviating from the grant budget in any manner described in paragraph (a) of this section, the grantee must obtain the prior written approval of the Grant Officer. All other deviations from the grant budget may be undertaken by the grantee without the approval of the Grant Officer. These deviations include the use of additional grantee funds to further the purposes of the program and the transfer of amounts budgeted for direct costs to absorb authorized increases in indirect costs.

(c) Each grantee shall promptly notify the Grant Officer when the amount of Federal funds authorized is expected to exceed actual needs by more than $5,000 or 5 percent of the Federal grant, whichever is greater.

(d) When requesting approval for budget revisions grantees must use the budget forms which are used in the grant agreement document. However, grantees may request by letter the cost item approvals required by FMC 74–4.

(e) Under normal circumstances, the Department will notify the grantee of budget revision approvals or disapprovals within 30 days of receipt of the request. If the revision request is still under consideration at the end of 30 days, the Department will inform the grantee in writing as to when the Department's decision will be forthcoming.

### § 97.353 Grant closeout procedures.

(a) Subsequent to the completion date of the grant, i.e., the date stated in the grant agreement document or any amendment thereto upon which Federal assistance under the grant ends, the grant must be closed out. Grant closeout is the process by which the Department determines that all required administrative actions and all required grant work have been completed by the grantee and the Department. The Department will provide each grantee with the necessary forms (with instructions) associated with the closeout of the grant. The basic procedures for closeout are described in this paragraph.

(1) If grant payments are made on a letter of credit, the Department will notify the grantee that the letter of credit is to be cancelled and that, following cancellation, any further payments under the grant will be made by Treasury check upon submission and approval of the required payment requests.

(2) Upon receipt and approval of the necessary requests, the Department will make prompt payment to the grantee for allowable reimbursable costs under the grant being closed out.

(3) Upon the Department's request, the grantee shall immediately refund any unencumbered balance of cash drawn down from the letter of credit or advanced by Treasury check. Items to be included with the refund check are detailed in the *Forms Preparation Handbook.*

(4) Within 90 days after the completion date, the grantee shall submit the following financial and inventory reports which are described in the *Forms Preparation Handbook:*

(i) A final Financial Status Report;

(ii) A final Report of Federal Cash Transactions;

(iii) The Grantee's Assignment of Refunds, Rebates, and Credits;

(iv) Bank Statement—Special Bank/Financial Account;

(v) Cancellation/Adjustment of Fidelity Bond;

(vi) A list of possible claimants for unclaimed checks cancelled or payment stopped;

(vii) Grant Closeout Tax Certification;

(viii) Government Property Inventory; and

(ix) Inventory Certificate.

(5) Within 90 days after the completion date, the grantee shall submit the Grantee's Release form as described in the *Forms Preparation Handbook.*

(6) Within 30 days after the completion date, the grantee shall submit a final Program Status Summary (with supplement if appropriate) and Quarterly Summary of Participant Characteristics.

(7) After receipt of the documents and final reports described in paragraphs (a)(4) through (a)(6) of this section, the Department will make settlement for any upward or downward adjustment to the Federal share of costs.

(8) In the event a final audit has not been performed prior to closeout of the grant, the Department retains the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

(b) Suspension of a grant is an action by the Secretary which temporarily suspends Federal assistance under the grant pending corrective action by the grantee or pending a decision by the Secretary to terminate the grant. In the event that the Secretary determines that a grantee has failed to comply with stipulations, standards, or conditions of the grant agreement, the Secretary may, on reasonable notice to the grantee, suspend the grant, and withhold further payments, or prohibit the grantee from incurring additional obligations of grant funds, pending corrective action by the grantee or a decision to terminate in accordance with paragraph (c)(1) of this section. The Secretary may allow all necessary and proper costs which the grantee could not reasonably avoid during the period of suspension provided that they meet the provisions of FMC 74–4.

(c) The termination of a grant is the cancellation of Federal assistance, in whole or in part, under a grant at any time prior to the completion date.

(1) The Secretary may terminate any grant in whole, or in part, at any time before the date of completion, whenever it is determined that the grantee has failed to comply with the conditions of the grant. The Secretary will promptly notify the grantee in writing of the determination and the reasons for the termination, together with the effective date. Payments made to grantees or recoveries by the Department under grants terminated for cause shall be in accord with the legal rights and liabilities of the parties.

(2) A grant may be terminated in whole or in part when both the grantee and the Secretary agree that the continuation of the program would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial terminations, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Secretary will allow full credit to the grantee for the Federal share of the noncancellable obligations, properly incurred by the grantee prior to termination.

### § 97.354 Property management standards.

Standards for the management, control, and disposition of grant-acquired property are contained in the *MA Property Handbook.* Grantees must adhere to the standards set forth in the handbook. A copy of the handbook, which implements Attachment N of FMC 74–7, will be furnished by the Department to each grantee.

### § 97.355 Procurement standards.

The standards to be used by grantees for the procurement of supplies, equipment, and other services with Federal grant funds are those stated in Attachment O of FMC 74–7.

ADMINISTRATIVE STANDARDS FOR PROGRAM AGREEMENTS WITH PUBLIC AND PRIVATE INSTITUTIONS OF HIGHER EDUCATION, PUBLIC AND PRIVATE HOSPITALS, AND OTHER PUBLIC AND PRIVATE NONPROFIT ORGANIZATIONS

### § 97.361 General.

The Department's administrative requirements, standards, and procedures for program agreements awarded under this subpart to public and private institutions of higher education, public and private hospitals, and other public and private nonprofit organizations, including Indian Tribes are stated in § 97.361 through § 97.375. These requirements, standards, and procedures reflect those described by the General Services Administration in their notice of proposed rulemaking for 34 CFR 258 which was published Monday, February 10, 1975, in the FEDERAL REGISTER (40 FR 6304–6312). The requirements, standards, and procedures stated in § 97.361 through § 97.375 will be amended as any subsequent effective regulations in 34 CFR 258 might indicate. Each public or private institution of higher education, public or private hospital, or other public or private nonprofit organization, including any Indian Tribe, which is awarded a program agreement under the Act must conform to these requirements, standards and procedures. Hereinafter, these types of organizations will be referred to as "recipients."

### § 97.362 Cash depositories.

(a) A separate bank account shall be used when letter-of-credit agreements entered into by the recipient, the Federal Government and the bank involved provide that drawdowns will be made when the recipient's checks are presented to the bank for payment.

(b) Any Federal funds which are advanced to a recipient are subject to the control and regulation of the United States and its officers, agents or employees (public moneys as defined in Treasury Circular No. 1976). Funds advanced must be deposited in a bank with Federal Deposit Insurance Corporation (FDIC) insurance coverage; and the balance exceeding FDIC coverage must be collaterally secured. In order to ensure that security is obtained, a special bank account with a lien in favor of the Federal Government is required when funds are advanced to a recipient.

(c) Except as provided by paragraphs (a) and (b) of this section, there are no Department of Labor requirements for the physical segregation of cash depositories for Federal program funds which are provided to the recipient, nor are there any other requirements or eligibility standards for cash depositories in which Federal program funds are deposited by the recipient.

(d) Consistent with the national goal of expanding opportunities for minority business enterprises, recipients are encouraged to use minority banks (a bank at least 50 percent owned by minority group members).

### § 97.363 Bonding and insurance.

(a) When advance payments are made to the recipient, the recipient shall obtain fidelity bond coverage which meets the specifications described in paragraphs (a)(1) through (a)(6) of this section.

(1) Fidelity bond coverage shall be in the form of a blanket position bond with an approved corporate surety covering any and all officers and employees of the recipient organization who are involved in the activities of the program.

(2) The amount of the bond shall be $25,000 or the amount of the advance payment, whichever is less.

(3) If possible, both the recipient and the Secretary of Labor shall be named as the insureds. If this is not possible, the recipient shall be named as the insured.

(4) The period of coverage shall be at least one year, with a discovery period of no less than one year after the cancellation or other termination of the bond.

(5) The bond shall stipulate that the Department of Labor Contract/Grant Officer be given 35 days advance notice by the surety prior to making any material change in, or cancellation of, the bond. The advance notice shall be provided by certified mail.

(6) If the bond covers advance payments under funding agreements with more than one agency, the bond shall contain a recovery provision for each Federal agency involved.

(b) Recipients shall obtain and maintain in force during the lifetime of the program agreement "third person" liability insurance of the types and in the amounts described in this paragraph.

(1) The recipient shall obtain and maintain Worker's Compensation insurance for his staff in the amounts required by State law.

(2) The recipient shall obtain and maintain Occupational Diseases Insurance as required by applicable law. In an area where all occupational diseases are not compensable under applicable law, insurance for occupational diseases shall be secured under the employer liability section of the recipient's insurance policy. Minimum coverage per incident is $100,000.

(3) The recipient shall obtain and maintain Employer Liability insurance to cover any liability imposed upon the recipient, by law, for damages on account of personal injuries, including death resulting therefrom, sustained by the recipient's employees by reason of accident. Minimum coverage per incident is $100,000.

(4) The recipient shall obtain and maintain General Liability Insurance (Bodily Injury) to provide coverage against claims arising from bodily injury or death to third parties occurring on the recipient's business premises or through the recipient's operations, except those arising from motor vehicles away from the premises, those covered by Worker's Compensation Law, and other exclusions stated in the policy. The minimum coverage for bodily injury is $100,000 per person and $300,000 per accident.

(5) The recipient shall obtain and maintain Automobile Liability insurance. The required coverage is $100,000 per person and $300,000 per accident for bodily injury and $25,000 per accident for property damage. The types and amounts stated for vehicle insurance must apply to any vehicle operated or used in connection with project activities. In the event a privately-owned vehicle is used, the Federal Government's share of insurance premiums, including any additional coverage required to conform with the requirements of this paragraph, shall be prorated in accordance with the vehicle's actual use while conducting activities under the program.

### § 97.364 Records maintenance.

(a) Each recipient shall retain for a period of at least three years all financial records, supporting documents, statistical records, and all other records pertinent to the program. For types of program agreements other than contracts the retention period starts from the date of the submission of the final expenditure report or, for agreements which are renewed annually, from the date of the submission of the annual expenditure report. For contracts, the retention period starts from the date of final payment. For all types of program agreements, however:

(1) The records shall be retained beyond the three-year period for as long as any audit findings remain unresolved;

(2) Records for nonexpendable property acquired with Federal program funds shall be retained for three years after its final disposition; and

(3) When program records are transferred to or maintained by the Department, the three-year retention requirement does not apply to the recipient with respect to these records.

(b) Recipients may substitute microfilm copies in lieu of original records only with the written permission of the Contract/Grant Officer.

(c) When the Department determines that certain project records have long-term or historical retention value, the recipient shall, upon the Department's request, deliver the records to the Department. However, the recipient may request an arrangement to retain the records when they are continuously needed for joint use.

(d) The Secretary of Labor and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the recipient and its subgrantees, contractors, and subcontractors which are pertinent to the program for the purpose of making audit, examination, excerpts and transcripts.

(e) (1) The names of all participants supported under the Act are considered public information.

(2) Other information regarding applicants, program participants, or their immediate families, which may be obtained through application forms, interviews, tests, reports from public agencies, counselors, or any other source, shall be

made available to the public by the recipient to the same degree it makes such information available about its own employees. Without the permission of the applicant or participant, such information which is not normally made available to the public on the recipient's own employees shall be divulged only as necessary for purposes related to the performance or evaluation of the program agreement to persons having responsibilities under the agreement, including those furnishing services to the program under subgrant, contract, or subcontract, and to governmental authorities to the extent necessary for the proper administration of law.

(3) The names of all individuals employed in staff positions under the Act are considered public information. A recipient shall make other information available to the public pertaining to individuals employed in staff positions under the Act in the same manner and to the same extent as such information is made available on its regular employees.

(f) Recipients shall maintain records on each program participant, including:

(1) Personal identifying information and characteristics;

(2) Residence;

(3) The work history of the participant;

(4) Program activities and supportive services in which the individual participated; and

(5) Status of the participant upon termination from the program.

**§ 97.365 Program income.**

(a) In accordance with section 203 of the Intergovernmental Cooperation Act of 1968 (Pub. L. 90–577), the Federal Government will not hold any recipient which is an instrumentality of a State accountable for interest earned on Federal program funds pending their disbursement for program purposes.

(b) Recipients which are not instrumentalities of a State shall remit to the Federal Government all interest earned on advances of Federal program funds.

(c) Proceeds from the sale of real and personal property, either provided by the Federal Government or purchased in whole or in part with Federal funds, shall be handled in accordance with the Property Handbook for MA Contractors.

(d) Royalties received as a result of copyrights or patents will be retained by the recipient unless the terms of the program agreement provide otherwise.

(e) All other gross income earned by program activities during the program agreement period shall be retained by the recipient and shall be added to funds committed to the program and be used to further program objectives.

**§ 97.366 Matching share.**

(a) Definitions of terms for the purposes of this section are provided in this paragraph.

(1) "Program costs" means all allowable costs incurred by a recipient (as set forth in the applicable Federal cost principles) and the value of in-kind contributions made by third parties in accomplishing the objectives of the program agreement during the program period.

(2) "Matching share" means that portion of the program costs not borne by the Federal Government.

(3) "Cash contributions" means the recipient's cash outlay, including the outlay of money contributed to the recipient by non-Federal parties.

(4) "In-kind contributions" means the value of noncash contributions provided by the recipient and nonfederal third parties. Property purchased with Federal funds may not be considered as any part of the recipient's in-kind contribution. In-kind contributions may be in the form of real property and nonexpendable personal property, and the value of goods and services directly benefitting the program.

(b) The matching share may consist of items described in this paragraph.

(1) The matching share may include charges incurred by the recipient as program costs. It is acknowledged that not all charges require cash outlays by the recipient during the program period, such as depreciation and use charges for buildings and equipment.

(2) The matching share may include program costs financed with cash contributed or donated to the recipient by public agencies and institutions, and private organizations and individuals.

(3) The matching share may include program costs represented by services and real and personal property, or use thereof, donated by public agencies and institutions, and private organizations and individuals.

(c) All contributions, both cash and in-kind, will be accepted as part of the recipient's matching share when the contributions meet all the following criteria:

(1) Are verifiable from the recipient's records;

(2) Are not included as contributions to any other federally assisted program;

(3) Are necessary and reasonable for proper and efficient accomplishment of program objectives;

(4) Are types of charges which would be allowable under the applicable cost principles;

(5) Are not paid by the Federal Government directly or indirectly under another agreement; and

(6) Conform to the other requirements and standards stated in this section.

(d) Values for recipient in-kind contributions will be established in accordance with the applicable cost principles.

(e) Specific procedures for recipients in establishing the value of in-kind contributions from non-Federal third parties are described in this paragraph.

(1) Volunteer services may be furnished by professional and technical personnel, consultants, and other skilled and unskilled labor. Volunteer service may be counted toward the matching share if the service is an integral and necessary part of the approved program. Rates for volunteers must be consistent with those paid for similar work in the recipient's organization. In instances when the required skills are not found in the recipient's organization, rates must be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. When an employer other than the recipient furnishes the services of an employee, these services must be valued at the employee's regular rate of pay (excluding fringe benefits and overhead costs) provided that these services are in the same skill for which the employee is normally paid.

(2) Donated expendable personal property includes such items as expendable equipment, office supplies, laboratory supplies or workshop and classroom supplies. Values assessed to expendable personal property included in the matching share must be reasonable and must not exceed the market value of the property at the time of the donation.

(3) (i) Depreciation or use charges may be made for the contributed use of equipment, buildings, or land which directly supports project activities. The full value of equipment or other capital assets and fair rental charges for land may be included only if permitted and approved by the Department in writing.

(ii) The value of donated property will be determined in accordance with the usual accounting policies of the recipient with the following qualifications:

(A) The value of donated land and buildings may not exceed its fair market value at the time of donation as established by an independent appraiser (e.g., certified real property appraiser or Government Services Administration (GSA) representative);

(B) The value of donated nonexpendable personal property may not exceed the fair market value of equipment and property of the same age and condition at the time of donation;

(C) The value of donated space may not exceed the fair rental value of comparable space as established by an independent appraiser of comparable space and facilities in a privately owned building in the same locality; and

(D) The value of loaned equipment may not exceed its fair rental value.

(f) Volunteer services contributed from non-Federal third parties must, to the extent feasible, be supported by the same methods used by the recipient for its employees. Also, the basis used for determining the value of personal services, material, equipment and land contributed from non-Federal third parties must be documented.

**§ 97.367 Standards for recipient financial management systems.**

(a) Each recipient shall operate a financial management system which provides for:

(1) Accurate, current, and complete disclosure of the financial results of the program in accordance with the Federal reporting requirements;

(2) Records which identify the source and application of funds for federally supported program activities, including records containing information pertaining to Federal program awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income;

(3) Effective control over and accountability for all funds, property and other assets to safeguard these assets and to ensure that they are used only for authorized purposes;

(4) The comparison of actual costs with amounts budgeted for the program;

(5) Procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and the disbursement by the recipient when funds are advanced by the Federal Government;

(6) Drawdowns from the U.S. Treasury through the commercial bank as close as possible to the time of disbursements when advances are made by the letter-of-credit method;

(7) Procedures for determining the allowability and allocability of costs in accordance with the applicable Federal cost principles and the terms of the agreement; and

(8) Accounting records which are supported by source documentation.

(b) Each recipient shall conduct or arrange for examinations in the form of audits or internal audits of its financial transactions. These examinations may be performed only by individuals who are sufficiently independent of those who authorize the expenditure of Federal funds to produce unbiased opinions, conclusions or judgments. These examinations shall be made to ascertain the effectiveness of the financial management system and internal procedures that have been established to meet the terms and conditions of the program agreement. Examinations should be conducted on an organizationwide basis to test the fiscal integrity of financial transactions, as well as compliance with the terms and conditions of the project agreement. The tests must include an appropriate sampling from the program agreement. Examinations must be conducted with reasonable frequency, but not less frequently than once every two years. The recipient shall establish a systematic method to assure timely and appropriate resolution of audit findings and recommendations.

(c) Because the Department requires financial reporting on an accrual basis, the recipient shall, when its own accounting system is not kept on that basis, develop the required reporting information through analysis of documentation on hand or on the basis of best estimates.

(d) Recipients shall require their subgrantees, contractors, and subcontractors to adopt the standards stated in this section, except those for letter-of-credit drawdowns as described in paragraph (a)(6) of this section.

**§ 97.368 Financial reporting requirements.**

(a) Each recipient shall periodically submit a Financial Status Report which, on an accrual basis, indicates total costs incurred by cost category including indirect costs, if any. This report shall be prepared to coincide with the ending dates for Federal fiscal year quarters and shall be submitted to the Department no later than 30 days after the end of the quarterly reporting period. If the program period ends at a date other than the last day of a Federal fiscal year quarter, a final report covering the entire program period shall also be required. Recipients must certify to the accuracy and completeness of the costs reported.

(b) Each recipient shall periodically submit a Report of Federal Cash Transactions. Recipients which receive advances totalling $1 million or more per year shall submit this report monthly; and all other recipients shall submit it quarterly.

(c) Specific instructions and procedures for preparing and submitting the Financial Status Report and the Report of Federal Cash Transactions are contained in the Forms Preparation Handbook. The Department will furnish a copy of the handbook to each recipient.

**§ 97.369 Monitoring and reporting program performance.**

(a) Each recipient shall continually monitor the performance of program activities to assure that program goals are being met and that the requirements of the Act and the regulations in this subpart are being met.

(b) Each recipient shall periodically submit a Program Status Summary (including any special supplement the Department may require). This report shall be prepared to coincide with the ending dates for Federal fiscal year quarters and shall be submitted to the Contract/Grant Officer no later than 30 days after the end of the quarterly reporting period. If the program period ends at a date other than the last day of a Federal fiscal year quarter, a final report covering the entire program period shall also be required. Specific instructions for the preparation of this report are contained in the Forms Preparation Handbook. Instructions for supplemental reports will be provided by the Department. The Program Status Summary provides the following types of information together with a comparison of the same items as they appear in the grant document:

(1) The total number of enrollments with program funds during the program period;

(2) The total number of participants placed in unsubsidized employment upon termination from the program and the number entering school, other training or military service;

(3) The level of enrollment associated with each program activity;

(4) The number of individuals within the target group or groups being served by the program; and

(5) A brief narrative account of significant program accomplishments and problem areas.

(c) Each recipient shall submit a Quarterly Summary of Participant Characteristics with the Program Status Summary. This report will include characteristics data aggregated for all participants as set forth in the report form and will include all participants terminating or placed during the reporting period. For participants who entered employment during the report period, the report will also aggregate the average wage before enrollment and upon termination from the program. Specific instructions for the preparation of this report are contained in the Forms Preparation Handbook.

(d) Each recipient shall, without regard to normal reporting periods, advise the Contract/Grant Officer of the following types of conditions as soon as they become known:

(1) Problems, delays, or adverse conditions which may materially affect the ability to attain program goals with an indication of what corrective action has been or will be taken and an indication of the Federal assistance, if any, which may be helpful in resolving the situation; and

(2) Favorable developments or events which will materially assist the program in meeting or exceeding its intended purposes and goals.

(e) If a performance review conducted by the grantee discloses the need for program budget revision, the recipient shall submit a request for revision to the Contract Grant Officer.

(f) The Department will make onsite visits as frequently as is practicable to review program accomplishments and management control systems and to provide technical assistance. Recipients shall cooperate fully with the Department in the performance of these visits.

**§ 97.370 Payment procedures.**

(a) Consistent with all applicable Federal requirements, payments to recipients will be made through letter-of-credit, advance by Treasury check, or reimbursement by Treasury check. The Department will provide specific instructions and procedures to each recipient.

(b) The Department may withhold payments for proper charges if the recipient has failed to comply with program objectives, award conditions, or Federal reporting requirements or if the recipient is indebted to the United States and the collection of the debt will not impair the accomplishment of the objectives of any project or program sponsored by the United States. When it determines to withhold payments, the Department will inform the recipient with reasonable notice that payments will not be made for obligations incurred after a specified date until the conditions are corrected or the indebtedness to the United States is liquidated.

**§ 97.371 Budget revision procedures.**

(a) The program budget is the approved financial plan for the Federal share and, if applicable, the non-Federal shares as set forth in the program agreement document. Recipients shall promptly request the prior written approval of the Contract/Grant Officer for budget revision whenever:

(1) The revision results from a net increase or decrease from the anticipated enrollment level of 15 percent or more, or from other significant changes in the scope of the program;

(2) The revision indicates a need for additional Federal funding;

(3) The Federal share of the budget is over $100,000 and the cumulative amount of transfers among direct cost object class budget categories exceeds or

is expected to exceed 5 percent of the total budget;

(4) The revision involves the transfer of amounts budgeted for indirect costs to absorb increases in direct costs or vice versa;

(5) The revision pertains to expenditures which require approval in accordance with FMC 73–8 (34 CFR Part 254) (Cost Principles for Educational Institutions); or

(6) The recipient plans to transfer Federal funds allotted for training allowances or other direct payments to participants to other categories of expense.

(b) Before deviating from the budget in any manner described in paragraph (a) of this section, the recipient must obtain the prior written approval of the Contract/Grant Officer. All other deviations from the budget may be undertaken by the recipient without the aproval of the Contract/Grant Officer. These deviations include the use of additional recipient funds to further the purposes of the program.

(c) Each recipient shall promptly notify the Contract/Grant Officer when the amount of Federal funds authorized is expected to exceed actual needs by more than $5,000 or 5 percent of the Federal award, whichever is greater.

(d) When requesting approval for budget revisions, recipients must use the budget forms which are used in the program agreement document.

(e) Under normal circumstances, the Department will notify the recipient of budget revision approvals or disapprovals within 30 days of receipt of the request. If the revision request is still under consideration at the end of 30 days, the Department will inform the recipient in writing as to when the Department's decision will be forthcoming.

**§ 97.372 Closeout procedures.**

Subsequent to the completion date of the agreement, i.e., the date stated in the agreement document or any amendment thereto upon which Federal assistance under the agreement ends, the agreement must be closed out. Closeout is the process by which the Department determines that all required administrative actions and all required program work have been completed by the recipient and the Department. The Department will provide each recipient with the necessary forms (with instructions) associated with the closeout of the agreement. The basic procedures for closeout are described in this section.

(a) If payments are made on a letter of credit, the Department will notify the recipient that the letter of credit is to be cancelled and that, following cancellation, any further payments under the agreement will be made by Treasury check upon submission and approval of the required payment requests.

(b) Upon receipt and approval of the necessary requests, the Department will make prompt payment to the recipient for allowable reimbursable costs under the agreement being closed out.

(c) Upon the Department's request, the recipient shall immediately refund any unencumbered balance of cash drawn down from the letter of credit or advanced by Treasury check. Items to be included with the refund check are detailed in the Forms Preparation Handbook.

(d) Within 90 days after the completion date, the recipient shall submit the following financial and inventory reports:

(1) A final Financial Status Report;

(2) A final Report of Federal Cash Transactions;

(3) The Assignment of Refunds, Rebates, and Credits;

(4) Bank Statement-Special Bank/Financial Account;

(5) Cancellation/Adjustment of Fidelity Bond;

(6) A list of possible claimants for unclaimed checks cancelled or payment stopped;

(7) Closeout Tax Certification;

(8) Government. Property Inventory; and

(9) Inventory Certificate.

(e) Within 90 days after the completion date, the recipient shall submit the required Release form.

(f) Within 30 days after the completion date, the recipient shall submit a final Program Status Summary (with supplement if appropriate) and Quarterly Summary of Participant Characteristics.

(g) After receipt of the documents and final reports described in paragraphs (a) through (f) of this section, the Department will make settlement for any upward or downward adjustment to the Federal share of costs.

(h) In the event a final audit has not been performed prior to closeout of the agreement, the Department retains the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

**§ 97.373 Suspension and termination procedures.**

(a) Suspension of an agreement is an action by the Secretary which temporarily suspends Federal assistance under the agreement pending corrective action by the recipient or pending a decision by the Secretary to terminate the agreement. In the event that the Secretary determines that a recipient has failed to comply with stipulations, standards, or conditions of the agreement, the Secretary may, on reasonable notice to the recipient, suspend the agreement, and withhold further payments, or prohibit the recipient from incurring additional obligations of Federal funds, pending corrective action by the recipient or a decision to terminate in accordance with paragraph (b)(1) of this section. The Secretary may allow all necessary and proper costs which the recipient could not reasonably avoid during the period of suspension provided that they meet the provisions of the applicable cost principles.

(b) The termination of an agreement is the cancellation of Federal assistance, in whole or in part, under an agreement at any time prior to the completion date.

(1) The Secretary may terminate any agreement in whole, or in part, at any time before the date of completion, whenever it is determined that the recipient has failed to comply with the conditions of the agreement. The Secretary will promptly notify the recipient in writing of the determination and the reasons for the termination, together with the effective date. Payments made to recipients or recoveries by the Department under agreements terminated for cause shall be in accord with the legal rights and liabilities of the parties.

(2) An agreement may be terminated in whole or in part when both the recipient and the Secretary agree that the continuation of the program would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial terminations, the portion to be terminated. The recipient shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Secretary will allow full credit to the recipient for the Federal share of the noncancellable obligations, properly incurred by the recipient prior to termination.

(3) If the agreement is in the form of a contract, the Contracting Officer may cancel the agreement (i.e., contract) in whole or in part whenever the Contracting Officer determines that termination would be in the best interest of the Government.

**§ 97.374 Property management standards.**

Standards for the management, control, and disposition of property acquired under the agreement are contained in the *Property Handbook for MA Contractors*. Recipients shall adhere to the standards set forth in the handbook. A copy of the handbook will be furnished by the Department to each recipient.

**§ 97.375 Procurement standards.**

(a) Recipients shall procure supplies, equipment and other services with Federal program funds in an effective manner and in compliance with the provisions of applicable Federal law and executive orders. Recipients shall rely on the private sector to provide goods and services to the extent feasible. The term "procurement" refers to the acquisition of supplies, equipment and other services from outside sources which are to be used by the recipient in carrying out its organizational mission and responsibilities under the program.

(b) The recipient shall maintain a code or standard of conduct which shall govern the performance of its officers, employees and agents in the award and administration of procurement contracts using Federal program funds. The recipient's officers, employees and agents shall

neither solicit nor accept gratuities, favors, or anything of monetary value from actual or potential contractors. The recipient's code or standard of conduct shall provide for disciplinary actions against persons who violate the code or standard.

(c) All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient should be alert to organizational conflicts of interest or noncompetitive practices among contractors which may eliminate competition or otherwise restrain trade. Procurement awards shall be made to the bidder/offeror with the lowest bid/offer, provided the bidder/offeror is responsible and its bid/offer is responsive to the solicitation and is most advantageous to the recipient, price and other factors considered. Solicitations for procurements must describe clearly the requirements which the bidder/offeror must meet in order for the bid/offer to be evaluated by the recipient. Any and all bids/offers may be rejected when it is in the recipient's interest to do so.

(d) Recipients shall establish procurement procedures which, as a minimum, are based on the requirements described in this paragraph (d)(8) of this section.

(1) Proposed procurement actions shall include a procedure to assure the avoidance of purchasing unnecessary or duplicative items. When appropriate, an analysis shall be made of lease and purchase alternatives to determine which would be the most economical, practical procurement.

(2) Solicitations for supplies and services shall be based upon a clear and accurate description of the technical requirements for the material, product or service to be procured. Such a description shall not, in competitive procurements, contain features which unduly restrict competition. "Brand name or equal" description may be used as a means to define the performance or other salient requirements of a procurement, and when so used the specific features of the name brand which must be met by bidders/offerors shall be clearly specified.

(3) Positive efforts must be made by recipients to utilize small businesses and minority-owned businesses as sources of supplies and services. These efforts should focus on allowing these types of sources the maximum feasible opportunity to compete for procurement awards under the program agreement.

(4) The type of procuring instruments used, e.g., fixed price contracts, cost reimbursement contracts, purchase orders, and incentive contracts, shall be determined by the recipient to be appropriate for the particular procurement and for promoting the best interest of the program. The "cost plus a percentage of cost" method of contracting may not be used.

(5) Procurement contracts may be made only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of the proposed procurement. Consideration shall be given to such matters as contractor integrity, record of past performance, financial and technical resources, or accessibility to other necessary resources.

(6) No proposed sole source procurement contracts in which the aggregate expenditure is expected to exceed $5,000 may be awarded without prior written approval from the Contract/Grant Officer.

(7) Procurement records and files for purchases in excess of $10,000 shall include:

(i) Basis for contractor selection;

(ii) Justification for lack of competition when competitive bids or offers are not obtained and the written authority of the Contract/Grant Officer for the noncompetitive procurement as is required by paragraph (d)(7) of this section; and

(iii) Basis for award cost or price.

(8) A system for procurement contract administration shall be maintained to ensure contractor conformance with terms, conditions and specifications of the contract and to ensure adequate and timely followup of all purchases.

(e) In addition to provisions which provide for a sound and complete agreement, the recipient shall include in procurement agreements the provisions described and required by paragraphs (e)(1) through (e)(5) of this section. These provisions shall also be applied to subcontracts.

(1) Contracts in excess of $10,000 shall contain provisions or conditions that will allow for administrative, contractual, or legal remedies in instances in which contractors violate or breach contract terms and provide for such remedial actions as may be appropriate.

(2) All contracts in excess of $10,000 must contain suitable provisions for termination by the recipient including the manner by which termination will be effected and the basis for settlement. In addition, these contract provisions must describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(3) Contracts or agreements, the principal purpose of which is to create, develop, or improve products processes, or methods; or for exploration into fields which directly concern public welfare, shall contain a notice to the effect that matters regarding rights to inventions and materials generated under the contract or agreement are subject to the Department's regulations and recipient's regulations. The contractor must be advised as to the source of additional information regarding these matters.

(4) All negotiated procurement contracts in excess of $2,500 shall include a provision to the effect that the recipient, the Department, the Comptroller General of the United States, and any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to the activities of the program.

(5) Procurement agreements and subproject agreements in excess of $100,000 shall contain a provision which requires the awardee to agree to comply with all applicable standards, orders, and regulations issued pursuant to the Clean Air Act of 1970. Violations must be reported to the Department and the Regional Office of the Environmental Protection Agency.

(f) The standards contained in this section in no way relieve the recipient of contractual responsibilities arising under its contracts or subagreements. The recipient is the responsible authority, without recourse to the Department, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of the program agreement. This includes disputes, claims, protests of award, source evaluation, or other matters of a contractual nature. Matters concerning violation of law are to be referred to the appropriate local, State, or Federal authority.

PRIVATE PROFITMAKING ORGANIZATIONS—CONTRACT ADMINISTRATION

**§ 97.381 Administration.**

(a) The Secretary will require private, profitmaking organizations which are awarded contracts under this subpart to submit program progress reports. Specific reporting requirements will be stated in the contracts.

(b) The Secretary will require private, profitmaking organizations which are awarded contracts under this subpart to maintain records on individual participants. Specific record keeping requirements will be stated in the contracts.

(c) In all aspects of program administration other than those covered by paragraphs (a) and (b) of this section, the regulations contained in 41 CFR, Chapter 1, shall apply.

INTERAGENCY AGREEMENTS

**§ 97.386 Administration.**

(a) The Secretary will require other Federal establishments which receive and utilize funds under this subpart to submit financial reports and standard program progress reports. However, the Secretary will not require these reports to be submitted more frequently than quarterly.

(b) The Secretary will require other Federal establishments which receive and utilize funds under this subpart to maintain the standard records on individual participants and participant activities.

(c) In all aspects of program administration other than those described in paragraphs (a) and (b) of this section, Federal establishments which receive and utilize funds under this subpart may use their normal administrative procedures.

ASSESSMENT AND EVALUATION

**§ 97.391 General.**

Procedures which will be observed by the Department in assessing and evaluating the results and effectiveness of programs under this subpart are described in § 97.391 through § 97.393 of this part. The Department will assess program sponsors to determine whether they are

carrying out the purposes and provisions of the Act in accordance with their program agreements. The Secretary will also evaluate the overall effort under this subpart to aid in the overall administration of the Act.

§ 97.392 Responsibilities of the Secretary.

(a) As used in this section, the term "assessment" means the Federal review of the performance of individual program sponsors; and the term "evaluation" means the Federal study of the overall results and general effectiveness of activities under this subpart.

(b) The Secretary has the responsibility to determine whether program sponsors are operating in accord with their respective program agreements in carrying out the purposes and provisions of the Act and are demonstrating maximum efforts to achieve the stated goals and objectives of their programs.

(c) (1) Assessment will be conducted through the review of required periodic reports and, as necessary, will be supplemented with special reports from program sponsors, the examination of records maintained by program sponsors, selective on-site reviews, including the investigation of allegations or complaints, or other examination as may be deemed necessary and appropriate by the Secretary.

(2) Assessment may also be conducted for purposes of offering technical assistance and recommendations for corrective actions to program sponsors as considered necessary.

(d) The Secretary has the responsibility to provide for the continuing evaluation of all activities conducted under the Act. These studies will include examination of:

(1) Cost in relation to effectiveness;

(2) Impact on communities and participants;

(3) Implications for related programs;

(4) The effectiveness with which the needs of the target groups are being met;

(5) Adequacy of mechanisms for administration;

(6) Opinions of participants about the strengths and weaknesses of programs; and

(7) The extent to which artificial barriers restricting employment and advancement opportunities in organizations receiving funds under this subpart have been removed.

(e) The Secretary will compile, on a State, regional, and national basis, information obtained from periodic reports or special reports, surveys or samples required from program sponsors, including information related to:

(1) Participant characteristics;

(2) Duration in training and employment situations; and

(3) Costs.

(f) Evaluations carried out in accordance with paragraph (d) of this section may be conducted directly by the Department or through contract, grant or other arrangements.

§ 97.393 Limitation.

The Secretary may not, in arranging for the evaluation of projects under this subpart, utilize for such evaluation any non-governmental individual, institution or organization which is associated with any program as a consultant, technical advisor or in any similar capacity.

CONSULTATION WITH THE SECRETARY OF HEALTH, EDUCATION AND WELFARE

§ 97.396 General.

The Secretary will consult with the Secretary of Health, Education and Welfare with respect to arrangements for services of a health, education, or welfare character in programs under this subpart. This consultation will focus on the relationship of such services under this subpart with those being delivered under laws administered by the Secretary of Health, Education and Welfare.

§ 97.397 Youth programs.

Prior to awarding funds directly to any local or State education agency to implement a youth program as authorized by section 304(a)(1) of the Act, the Secretary will consult with the Secretary of Health, Education and Welfare to obtain his comments and guidance on the planned program.

Signed at Washington, D.C. this 1st day of August, 1975.

WILLIAM H. KOLBERG,
*Assistant Secretary of Labor for Manpower.*

## DEPARTMENT GRANT APPEALS PROCESS

Revision of Charter for Departmental Grant Appeals Board: Procedural Rules

AUG 12 1975
XU

Title 45—Public Welfare

## SUBTITLE A—DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE, GENERAL ADMINISTRATION

## PART 16—DEPARTMENT GRANT APPEALS PROCESS

### Revision of Charter for Departmental Grant Appeals Board: Procedural Rules

The purpose of these amendments is to set forth procedural rules for proceedings before the Departmental Grant Appeals Board. Some incidental clarifications are made in the charter of the Board, and the entire charter (§§ 16.1 through 16.11) is redesignated as Subpart A—General while the new procedural rules are set forth as Subpart B—Practice and Procedure. For the convenience of users this part has been reprinted in full. An incidental typographical correction is made in the caption heading of the charter.

Interested persons have been afforded an opportunity to participate in the making of these amendments by a notice of proposed rulemaking issued August 13, 1974, and published in the FEDERAL REGISTER on August 19, 1974 (39 FR 29931). No written comments or objections have been submitted. However, a number of informal suggestions have been received and have been considered. These suggestions were for minor corrections (which have been made) and for certain clarifications in the text. We believe that the text is adequately clear, and have not changed it, but the explanations below elaborate on the intention of the questioned provisions.

The significant changes made in the rules include the following:

There is a correction of the list of programs to which this Part is applicable to show those programs which have current authority to make grants. It is made clear, however, that programs remain subject to the procedures of this Part if they meet the requirements of § 16.2 (a) and (b) even though their authority to make grants no longer exists. Although they thus remain subject to the procedures they will not be included in the list of programs with current authority included in the appendices.

There is a corrected definition in § 16.3 of "constituent agencies" and "head of the constituent agency" to reflect the present organization of the Department.

Paragraph 16.5(a) (5) relating to indirect cost and research patient hospital care rates has been amended to make explicit that the Board will hear appeals from determinations with respect to cost allocation plans negotiated with state and local units of Government, and indirect cost rates, research patient care rates and amounts, computer, fringe benefit, and other special rates negotiated with colleges and universities, state and local government agencies, hospitals and other nonprofit institutions. The clarification was suggested by the Comptroller's Office which is for this purpose the constituent agency. No narrowing of the rights of any grantee results from this change which simply adds further explicit topics of permissible appeal, which have formerly not been explicit but have been within the Board's interpretation of its jurisdiction.

In the new procedural rules, there is provision making explicit the practice of the Board not to include in panels Board members who have been associated with the particular case to be appealed (§ 16.4(b)). The intention of this rule is that no person will sit on a panel deciding a particular case when he has personally participated in the decision being reviewed or when he has had organizational responsibility for the decision being reviewed.

Provision is made for the Board Chairman to designate another member of the Board to act for him (§ 16.4(c)). The intent of this rule is to permit delegations of the Chairman's authority to other members of the Board in decisional matters. This is without derogation from the authority of the Chairman to delegate to the Executive Secretary of the Board responsibility for formal communications and other actions on behalf of the Board which do not involve the process of Board decision.

The term "Administrative Law Judge" is adopted to conform to the change in the designation of hearing examiners by the Civil Service Commission (§ 16.9).

The procedural rules are designed to make proceedings simple and prompt while at the same time providing a full opportunity for the constituent agency and the grantee and anyone else directly affected to have their views heard by an impartial decision-maker. It is intended to maintain Board procedures on an informal basis for the prompt disposition of applications to the Board, while preserving the essentials of notice and fair treatment.

In particular, it may be noted that Section 16.51 authorizes the modification or waiver of any rule in the interest of serving the ends of justice. It is the intent of this rule to achieve the flexibility contemplated in comparable situations by Rule 2 of the Federal Rules of Appellate Practice.

Section 16.6(a) (2) provides that "although the application for review need not follow any prescribed form, it shall clearly identify the question or questions in dispute and contain a full statement of the grantee's position with respect to such question or questions, and the pertinent facts and reasons in support of such position." The additional procedural rules which will form Subpart B include Section 16.60 specifying that a grantee who desires review shall file with the Board an application for review as prescribed in Section 16.6(a). The purpose of these rules is to maintain, without formalistic requirements, a procedure under which essential issues are identified so that the panel may determine whether oral testimony will be useful, whether written briefs or informal conferences will be useful, or whether a hearing will be required. Examination of filings made with the Board indicates that in several instances filings fail to identify with clarity the issues involved and assume on the part of the Board prior acquaintance with the issues in dispute. No useful purpose appears served by further amending the regulations, but the attention of the grantees is called to the need for brief and discriminating identification of the real matters in dispute and of basic factual background which will normally include: the terms of the grant award; a specification of the action taken by the grantee now in dispute; the text of pertinent HEW policy statements and regulations relied on by the grantee; correspondence between the grantee and HEW relied on by the grantee; the audit report, if relevant; the determination appealed from; and a brief statement of the grantee's grounds for appeal. Agency responses should normally identify relevant statements of fact that are considered incorrect or misleading and should include such additional documents as are considered necessary for an understanding of the agency position.

Among the informal comments received was one that Section 16.7 of the charter be amended to make clear that when the Board has assumed jurisdiction pursuant to the filing of an application with the Board with respect to a determination, no action may be taken by the constituent agency pursuant to such determination until the application has been disposed of. The charter provides by way of exception that the filing of the application shall not affect the authority which the constituent agency may have to suspend assistance under a grant during appeal proceedings or otherwise to hold or defer payments under the grant. The purpose of the exception is to assure the protection of the interest of the Government where there may be an immediate threat of misuse of grant funds. The purpose of the basic rule of Section 16.7 is to protect the jurisdiction of the Board and to give the grantee assurance against adverse action taken because of the application to the Board. The power to suspend is intended for the limited purpose stated. The suggestion was that it should be made additionally clear that § 16.7 does not authorize adverse action by the agency with respect to other grants or other annual installments of multi-year grants. In the light of the purpose of the rule as explained above, we believe that the language of the rule as it now exists makes sufficiently clear that such action is forbidden, and we, therefore, see no necessity to change the language of the rule. Agencies are expected to take no action against a grantee with respect to a matter before the Board and to restrict to circumstances of urgency any use of the authority to suspend.

A number of minor typographical corrections are made: in § 16.53 the caption is amended to read "Filing and Service;" in § 16.58, two references to the Board Chairman are corrected to read "he" instead of "it"; and in § 16.60(c) the word "if" is corrected to read "whether".

Accordingly, after consultation with the Department's constituent agencies,

45 CFR Part 16 is revised as set forth below.

Effective Date. This regulation shall become effective August 12, 1975.

Date: August 1, 1975.

MALCOLM S. MASON,
*Chairman, Departmental Grant Appeals Board.*

Date: August 6, 1975.

### Subpart A—General

#### § 16.1 Purpose.

This part establishes a Departmental Grant Appeals Board, for the purpose of reviewing and providing hearings upon post-award disputes which may arise in the administration of or carrying out of grants under grant programs (as described in § 16.2) and which are submitted to the Board as provided in § 16.6.

(Authority cited in the Appendices.)

#### § 16.2 Scope.

(a) This part applies to certain determinations (as set forth in § 16.5), made after the effective date of this part, with respect to grants awarded by a constituent agency of the Department of Health, Education, and Welfare pursuant to: (1) Any program which authorizes the making of direct, discretionary project grants or (2) any other program (including any State plan, formula program) which the head of the constituent agency, with the approval of the Secretary, may designate in whole or in part.

(b) Notwithstanding paragraph (a) of this section, this part shall not be applicable to a determination: (1) If the grantee is entitled to an opportunity for hearing with respect to such determination pursuant to 5 U.S.C. sec. 554 or (2) if, in order to meet special needs applicable to a particular program, the constituent agency has established an appropriate alternative procedure (which is available to the grantee) for the review or resolution of such determination and the Secretary has approved such procedure as an alternative to the procedures under this part.

(c) Programs subject to this part under the terms of paragraphs (a) and (b) of this section and which have current authority to make grants shall be listed in the Appendices to this part. Programs subject to this part under the terms of paragraphs (a) and (b) of this section but which do not have current authority to make grants will not be listed in the Appendices to this part.

(d) This part does not apply to any action taken pursuant to title VI of the Civil Rights Act of 1964, Part 80 of this title, and Executive Order No. 11246.

(Authority cited in the Appendices.)

#### § 16.3 Definitions.

For purposes of this part:

(a) "Board" means the Departmental Grant Appeals Board, as described in paragraph (a) of § 16.4.

(b) "Board Chairman" means the Board member designated by the Secretary to serve as Chairman of the Board.

(c) "Panel" means a Grant Appeals Panel, as described in paragraph (b) of § 16.4.

(d) "Panel Chairman" means a member of a Grant Appeals Panel who has been designated as Chairman of such Panel by the Board Chairman.

(e) "Constituent agency" means the Office of the Assistant Secretary for Education (with respect to grants pursuant to section 404 of the General Education Provisions Act), the Office of Education, the National Institute of Education, the Office of the Assistant Secretary for Health (with respect to grants awarded by the Health Resources Administration, the Health Services Administration, the National Institutes of Health, the Center for Disease Control, the Food and Drug Administration, the Alcohol, Drug Abuse, and Mental Health Administration, and the Public Health Service Regional Offices), the Office of Human Development, the Administration on Aging, the Social and Rehabilitation Service, the Rehabilitation Services Administration, the Office of Assistant Secretary, Comptroller, the several Regional Offices of the Department (with respect to grants made by the Regional Directors), and any other organizational component the Secretary may designate.

(f) "Head of the constituent agency means, as appropriate, the Assistant Secretary for Education (with respect to grants pursuant to section 404 of the General Education Provisions Act), the Commissioner of Education, the Director, National Institute of Education, the Assistant Secretary for Health (with respect to grants awarded by the Health Resources Administration, the Health Services Administration, the National Institutes of Health, the Center for Disease Control, the Food and Drug Administration, the Alcohol, Drug Abuse, and Mental Health Administration, and the Public Health Service Regional Offices), the Assistant Secretary for Human Development, the Commissioner on Aging, the Administrator of the Social and Rehabilitation Service, the Commissioner of the Rehabilitation Services Administration, the Assistant Secretary, Comptroller, the several Regional Directors (with respect to grants made by them), and the head of any other organizational component which the Secretary may designate.

(g) The terms "Department" and "Departmental" refer to the U.S. Department of Health, Education, and Welfare.

(h) "Secretary" means the U.S. Secretary of Health, Education, and Welfare.

(i) "Termination" of a grant means the termination of the grantee's authority to charge allowable costs to a grant prior to the grant expiration date in the grant award document.

(j) "Grantee" means the agency, institution, organization, or individual named as grantee in the grant award document.

(Authority cited in the Appendices.)

#### § 16.4 Grant Appeals Board; Grant Appeals Panel.

(a) There is established, within the Office of the Secretary, a Departmental Grant Appeals Board the members of which shall be appointed by the Secretary, for such terms as may be designated by him, to perform the functions described in this part. Subject to the limitations set forth in § 16.11, persons who are officers or employees of the Department or of any of its constituent agencies as well as other Federal officers or employees may serve on the Board. Persons who are not otherwise full-time employees of the Federal Government may, in accordance with appropriate arrangements, also be asked to serve on the Board. Service on the Board may be on a regular or an intermittent basis.

(b) The Secretary shall designate one of the members of the Board to be Chairman. The Board Chairman shall designate Grant Appeals Panels for the consideration of one or more cases submitted to the Board. Each such panel shall consist of not less than three members of the Board none of whom shall have been associated with the case to be appealed either directly or by reason of any organizational affiliation. The Board Chairman may, at his discretion, constitute the entire Board to sit for any case or class of cases. The Board Chairman

V 40 N 156 AUG 12 75 XU

shall designate himself or any other member of a Panel to serve as Chairman.

(c) The Board Chairman may designate another member of the Board to act for him.

(Authority cited in the Appendices.)

**§ 16.5 Determinations subject to the jurisdiction of the Board.**

(a) Subject to § 16.2 and paragraph (b) of this section, the Board shall have jurisdiction over the following determinations of a cognizant officer or employee of a constituent agency adverse to a grantee:

(1) Termination, in whole or in part, of a grant for failure of the grantee to carry out its approved project proposal in accordance with the applicable law and the terms of such assistance or for failure of the grantee otherwise to comply with any law, regulation, assurance, term, or condition applicable to the grant.

(2) A determination that an expenditure not allowable under the grant has been charged to the grant or that the grantee has otherwise failed to discharge its obligation to account for grant funds.

(3) The disapproval of a grantee's written request for permission to incur an expenditure during the term of a grant.

(4) A determination that a grant is void.

(5) Determinations with respect to cost allocation plans negotiated with State and local units of Government, and indirect cost rates, research patient care rates and amounts, computer, fringe benefit, and other special rates negotiated with colleges and universities, State and local Government agencies, hospitals, and other nonprofit institutions (except where the grantee has appealed to the Armed Services Board of Contract Appeals with respect to such determination under a contract with the Department).

(b) A determination described in paragraph (a) of this section may not be reviewed by the Board unless: (1) An officer or employee of the constituent agency has notified the grantee in writing of such determination and (2) such informal procedures as the agency has established by regulation for the resolution (prior to submission to the Board) of issues related to such determination have been exhausted. A notification described in subparagraph (1) of this paragraph shall set forth the reasons for the determination in sufficient detail to enable the grantee to respond and shall inform the grantee of his opportunity for review under this part. In the case of a determination under paragraph (a)(3) of this section, the failure of a constituent agency to approve a grantee's request within a reasonable time, which shall be no longer than 30 days after the postmark date of the grantee's request unless the constituent agency demonstrates to the Board Chairman good cause for not acting upon the request within such time period and has so notified the grantee within 30 days after the postmark date of the grantee's request, shall be deemed by the Board a notification for purposes of this paragraph.

(Authority cited in the Appendices.)

**§ 16.6 Submission.**

(a) *Application for review.* (1) A grantee with respect to whom a determination described in § 16.5 has been made and who desires review may file with the Board an application for review of such determination. The grantee's application for review must be postmarked no later than 30 days after the postmark date of notification provided pursuant to § 16.5(b)(1) except when (i) the head of the constituent agency, by regulation, establishes a different period of time for any class of cases; (ii) the Board Chairman grants an extension of time for good cause shown; or (iii) the determination is one described in the last sentence of § 16.5(b), in which case subject to subdivisions (i) and (ii) of this subparagraph, the grantee's application for review must be postmarked no later than 90 days after the postmark date of the grantee's request for permission to incur an expenditure.

(2) Although the application for review need not follow any prescribed form, it shall clearly identify the question or questions in dispute and contain a full statement of the grantee's position with respect to such question or questions, and the pertinent facts and reasons in support of such position. Except in the case of a determination described in the last sentence of § 16.5(b), the grantee shall attach to his submission a copy of the agency notification described in § 16.5(b)(1).

(b) *Action by Board on application for review.* (1) The Board Chairman shall promptly send a copy of the grantee's application to the appropriate constituent agency.

(2) If the Board Chairman determines, after receipt of an application for review, that the requirements of § 16.5 and paragraph (a) of this section have been satisfied, he shall promptly refer the application to a Grant Appeals Panel designated pursuant to § 16.4(b) for further proceedings under this part. If he determines that such requirements have not been met, the Board Chairman shall advise the grantee of the reasons for the rejection of the application.

(Authority cited in the Appendices.)

**§ 16.7 Effect of submission.**

When an application has been filed with the Board with respect to a determination, no action may be taken by the constituent agency pursuant to such determination until such application has been disposed of, except that the filing of the application shall not affect the authority which the constituent agency may have to suspend assistance under a grant during proceedings under this part or otherwise to withhold or defer payments under the grant.

(Authority cited in the Appendices.)

**§ 16.8 Substantive and procedural rules.**

(a) *Substantive rules.* The Panel shall be bound by all applicable laws and regulations.

(b) *Procedural rules.* (1) With respect to cases involving, in the opinion of the Panel, no dispute as to a material fact the resolution of which would be materially assisted by oral testimony, the Panel shall take appropriate steps to afford to each party to the proceeding an opportunity for presenting his case at the option of the Panel (i) in whole or in part in writing or (ii) in an informal conference before the Panel which shall afford each party: (*a*) Sufficient notice of the issues to be considered (where such notice has not previously been afforded); and (*b*) an opportunity to be represented by counsel.

(2) With respect to cases involving a dispute as to a material fact the resolution of which would be materially assisted by oral testimony, the Panel shall afford each party an opportunity for a hearing, which shall include, in addition to provisions required by subparagraph (1)(ii) of this paragraph provisions designed to assure to each party the following:

(i) An opportunity for a record of the proceedings;

(ii) An opportunity to present witnesses on his behalf; and

(iii) An opportunity to cross-examine other witnesses either orally or through written interrogatories.

(3) After consultation with the constituent agencies, the Board shall, with the approval of the Secretary, promulgate and publish rules of procedure, including rules respecting opportunity for intervention by interested third parties, relating to proceedings under this part.

(Authority cited in the Appendices.)

**§ 16.9 Hearing before Panel or a Hearing Officer.**

A hearing pursuant to § 16.8(b)(2) shall be conducted, as determined by the Panel Chairman, either before the Panel or a hearing officer. The hearing officer may be (a) one of the members of the Panel or (b) a nonmember who is appointed as an administrative law judge under 5 U.S.C. 3105.

(Authority cited in the Appendices.)

**§ 16.10 Initial decision; final decision.**

(a) The Panel shall prepare an initial written decision, which shall include findings of fact and conclusions based thereon. When a hearing is conducted before a hearing officer alone, the hearing officer shall separately find and state the facts and conclusions which shall be incorporated in the initial decision prepared by the Panel.

(b) Copies of the initial decision shall be mailed promptly by the Panel to each party, or his counsel and to the Secretary with a notice affording such party an opportunity to submit written comments thereon to the head of the appropriate constituent agency within a specified reasonable time.

(c) The initial decision of the Panel shall be transmitted to the head of the constituent agency and shall become the final decision of the constituent agency, unless, within 25 days after the expiration of the time for receipt of written comments, the head of the appropriate constituent agency advises the Board Chairman in writing of his determination to review such decision.

(d) In any case in which the head of the constituent agency modifies or reverses the initial decision of the Panel, he shall accompany such action by written statement of the grounds for such modification or reversal, which shall promptly be filed with the Secretary and the Board. In order to afford the Secretary an opportunity to study such decision of the agency head, it shall be served upon the parties no earlier than 30 days after such filing. Such decision shall not become final until it is served upon the grantee involved or his attorney.

(e) The authority to review initial decisions shall not be delegated. Review of any initial decision by the head of the constituent agency shall be based upon such decision, the written record, if any, of the Panel's proceedings, and written comments or oral arguments by the parties, or by their counsel, to the proceeding.

(Authority cited in the Appendices.)

**§ 16.11 Separation of functions.**

No person who participated in prior administrative consideration, or in the preparation or presentation of, a case submitted to the Board shall advise or consult with, and no person having an interest in such case shall make or cause to be made an ex parte communication to, the Panel, Board, or head of the constituent agency with respect to such case, unless all parties to the case are given timely and adequate notice of such advice, consultation, or communication, and reasonable opportunity to respond is given all parties.

(Authority cited in the Appendices.)

## Subpart B—Practice and Procedure

### General

**§ 16.50 Scope of rules.**

This subpart governs the practice and procedure for proceedings conducted under this part.

(Authority cited in the Appendices.)

**§ 16.51 Waiver, modification.**

Upon notice to all parties, the Board, the Board Chairman, a panel, or a hearing officer may, with respect to matters pending before them, modify or waive any rule in this subpart upon a determination that no party will be prejudiced and that the ends of justice will thereby be served.

(Authority cited in the Appendices.)

**§ 16.52 Form.**

Documents filed in a proceeding under this part shall be dated, the original signed in ink, shall show the docket description and title of the proceeding, and shall indicate the party or amicus curiae, filing, and the title, if any, and address of the person signing. Copies need not be signed, but the name of the person signing the original shall be reproduced.

(Authority cited in the Appendices.)

**§ 16.53 Filing and Service.**

(a) All documents submitted in a proceeding shall be filed in original and four copies, and a copy shall be served on each party by the person submitting the document. Filing shall be made with the Executive Secretary of the Board, by registered or certified mail, or by personal delivery, to the Executive Secretary, Grant Appeals Board, U.S. Department of Health, Education, and Welfare, 330 Independence Avenue, SW., Washington, D.C., 20201.

(b) Service shall be made by personal delivery of one copy to each person to be served, or by mailing by first-class mail, properly addressed with postage prepaid. Service on the party's designated attorney is service upon the party.

(c) The date of filing or of service shall be the day when the document is deposited in the U.S. mail or, if the document is delivered in person, the day it is so delivered.

(d) The original of every document filed and required to be served upon parties shall be accompanied by a certificate of service signed by the party or amicus curiae making service or by his attorney or representative, stating the persons upon whom service has been made, date of service, and manner of service.

(Authority cited in the Appendices.)

**§ 16.54 Computation of time.**

In computing any period of time under this part or in an order issued hereunder, the time begins with the day following the act, event, or default, and includes the last day of the period, unless it is a Saturday, Sunday, or legal holiday observed in the District of Columbia, in which event it includes the next following business day. When the period of time prescribed or allowed is less than 7 days, intermediate Saturdays, Sundays, and legal holidays shall be excluded from the computation.

(Authority cited in the Appendices.)

### Participation and Practice

**§ 16.57 Participation by a party.**

A party may participate in person, or by counsel, pursuant to the procedures set forth in this part, in any proceeding held pursuant to this part.

(Authority cited in the Appendices.)

**§ 16.58 Participation by interested persons.**

(a)(1) The constituent agency and the grantee who has filed an application for review under § 16.6 are parties to proceedings under this part. Persons or organizations other than grantees and constituent agencies shall have the right to be parties in proceedings instituted by a grantee if the final decision could directly and adversely affect them or the class they represent.

(2) Persons or organizations wishing to participate as parties shall file with the Executive Secretary of the Board, and serve on all parties, a petition within 15 days after the notice initiating the proceeding under § 16.6 has been filed. Such petition shall concisely state (i) petitioner's interest in the proceeding, (ii) who will represent petitioner, (iii) the issues on which petitioner wishes to participate, and (iv) if a hearing is held, whether petitioner intends to present witnesses.

(3) The Board Chairman shall consider each petition and determine whether each petitioner has the requisite interest in the proceedings, as defined in paragraph (a)(1) of this section, and shall permit or deny participation accordingly. Where petitions to participate as parties are made by individuals or groups with common interests, the Board Chairman may request all such petitioners to designate a single representative, or may recognize one or more petitioners to represent all the petitioners. The Board Chairman shall give each petitioner written notice of the decision on his petition, and shall serve such notice on each party. If the petition is denied, he shall briefly state the grounds for denial and shall then treat the petition as a request for participation as amicus curiae.

(b)(1) Any interested person or organization wishing to participate as amicus curiae shall file a petition within 15 days after the notice initiating the proceeding under § 16.6 has been filed. The petition shall concisely state (i) the petitioner's interest in the proceeding, (ii) who will represent the petitioner, and (iii) the issues on which petitioner intends to present argument. The Board Chairman shall grant the petition if he finds that the petitioner has a legitimate interest in the proceedings, and that such participation will not unduly delay the outcome and may contribute materially to the proper disposition of the issues. The Board Chairman shall give the applicant written notice of the decision on the petition, and shall serve such notice on each party. If the petition is denied, the Board Chairman shall briefly state the grounds for such denial.

(2) An amicus curiae may submit a written statement of position within 30 days of the time his petition for participation has been approved pursuant to paragraph (b)(1) of this section, and shall serve a copy of any such statement on each party. He may present a brief oral statement at the hearing, if one is held, at the point in the proceeding designated for this. He may also submit a brief or written statement at such time as the parties submit briefs and shall serve a copy on each party.

(Authority cited in the Appendices.)

### Application Procedures

**§ 16.60 Application for review.**

(a) A grantee with respect to whom a determination described in § 16.5 has been made and who desires review shall file with the Board an application for review of such determination as pre-

AUG 12 75

scribed in § 16.6(a). The application will be considered in accordance with § 16.6 (b).

(b) The Board Chairman shall transmit, within 10 days of the date of which the application was filed, a copy of the application to the appropriate constituent agency indicating his decision either to accept or reject the application, and shall also advise the grantee of his decision.

(c) The panel designated to process an application shall review it and the attached copy of the agency notification described in § 16.5(b)(1) and determine whether

(1) there is a dispute as to a material fact the resolution of which would be materially assisted by oral testimony, in which case the panel shall order a hearing under § 16.8(b)(2); or

(2) there is no such dispute, in which case the panel shall notify the parties in writing that the case will be handled under § 16.61 and indicate if the application is to be processed by written briefs alone or by written briefs in conjunction with an informal conference before the panel.

(d) If, after a hearing has been ordered, the panel or hearing officer determines, on the basis of admissions or stipulations of the parties, that there is no dispute as to a material fact the resolution of which would be materially assisted by oral testimony, the panel or hearing officer may enter an order so finding, vacating the hearing date, and directing the continuation of proceedings under § 16.61. Thereafter, the proceeding shall continue as if a hearing had not been ordered.

(Authority cited in the Appendices.)

### § 16.61 Processing of application without a hearing.

If it has been determined pursuant to § 16.60(c)(2) or (d) that a hearing is not required, the panel shall provide an opportunity for all parties, either by written briefs alone or by written briefs in conjunction with an informal conference, to present arguments and evidence supporting their respective positions. The panel shall specify such time limits for submission as it deems advisable. All such submissions shall be served by the party submitting them on all other parties and shall be filed with the panel within the time limit specified by the panel. Such submittals, together with the application and agency notice attached thereto, shall constitute the record for decision in such cases.

(Authority cited in the Appendices.)

## HEARINGS

### § 16.65 Notice of hearing.

If it has been determined pursuant to § 16.60(c)(1) that a hearing should be held, a notice of hearing shall be filed and served on the parties. The notice shall contain the time, place, and nature of the hearing; the issues to be considered; and the matters of fact on which testimony is to be taken. The hearing shall be held in such location as the panel may determine.

(Authority cited in the Appendices.)

### § 16.66 Designation of panel or hearing officer.

Hearings shall be held before a panel or before a hearing officer designated by the panel. All decisions by a panel, at all stages of the process, shall be by majority vote. If a hearing officer is designated, all motions and petitions shall be submitted to and ruled on by the hearing officer until he makes his recommended decision.

(Authority cited in the Appendices.)

### § 16.67 Authority and responsibilities of panel or hearing officer.

(a) If the panel conducts the hearing itself, it shall prepare, on the basis of the record, the initial decision, required by § 16.10, which shall include findings of fact and conclusions based thereon. If a hearing officer conducts the hearing, he shall make findings of fact and conclusions based thereon, and recommend an initial decision to the panel on the basis of the record.

(b) The panel or hearing officer shall have the duty to conduct a fair and impartial hearing, to take all necessary action to avoid delay, and to maintain order. The panel or hearing officer shall have all powers necessary to those ends, including, but not limited to, the power to:

(1) Hold conferences, including prehearing conferences, to settle, simplify, or fix the issues in a proceeding, or to consider other matters that may aid in the expeditious disposition of the proceeding.

(2) Require parties to state their position with respect to the various issues in the proceeding.

(3) Direct the parties to exchange their evidentiary exhibits, witness lists, and a narrative summary of their expected testimony prior to the hearing. Where good cause exists, the parties should be afforded the right at any time to amend, by deletion or supplementation, their evidentiary exhibit and witness lists.

(4) Rule on motions, and other procedural items.

(5) Regulate the course of the hearing and conduct of counsel therein.

(6) Establish rules for media coverage of the proceedings.

(7) Examine witnesses.

(8) Receive, rule on, exclude, or limit evidence at any state of the proceeding.

(9) Fix the limits for submission of written documents.

(10) Take any action authorized by these rules.

(Authority cited in the Appendices.)

### § 16.68 Evidence.

The panel or hearing officer shall receive as evidence the testimony of witnesses and any documents which are relevant and material. Evidence may be received at the hearing even though inadmissible under rules of evidence applicable to court procedures.

(Authority cited in the Appendices.)

### § 16.69 Testimony.

Testimony shall be given orally by witnesses at the hearing, but may, at the discretion of the panel or hearing officer, be prepared in writing and served on all parties to the hearing. A witness shall be available for cross-examination, and, at the discretion of the panel or hearing officer, may be cross-examined without regard to the scope of direct examination as to any matter which is material to the proceeding.

### § 16.70 Exceptions to rulings.

Exceptions to rulings of the panel or hearing officer are unnecessary. It is sufficient that a party, at the time the ruling of the panel or hearing officer is sought, makes known the action which he desires the panel or hearing officer to take, or his objection to an action taken, and the ground therefor.

(Authority cited in the Appendices.)

### § 16.71 Interlocutory appeals.

Except as specifically provided in these rules, rulings of the panel or hearing officer may be appealed only following the entire hearing and the panel's decision or the hearing officer's findings, conclusions, and recommended decision.

(Authority cited in the Appendices.)

### § 16.72 Official hearing record.

(a) If a hearing is held, the official hearing record shall consist of a transcript of testimony and argument, or an electronic recording thereof, or if all parties to the proceeding agree, a typewritten summary of such testimony and argument. It shall be filed with the Executive Secretary of the Board.

(b) The Department will designate the official reporter for all hearings. Transcripts, recordings, or summaries may be obtained from the official reporter by the parties and the public at rates not to exceed the applicable rates fixed by the contract between the Department and the reporter. Upon notice to all parties, the panel or the hearing officer may authorize such corrections to the transcript as are necessary to reflect the testimony accurately.

(c) If a hearing is held, the official hearing record together with all papers, documents, exhibits, and requests filed in the proceedings (except the correspondence section of the docket) including rulings and the recommended findings, conclusions, and decision, shall constitute the record for decision.

(Authority cited in the Appendices.)

### § 16.73 Proposed findings of fact and conclusions.

If a hearing is held, each party may, within such time as the panel or hearing officer specifies, file proposed findings of fact and conclusions based thereon, and a proposed decision, together with a supporting brief expressing the reasons for

such proposals. Such proposals and briefs shall be filed and served on all parties and amici curiae. Reply briefs may be submitted within 10 days after receipt of the initial briefs and proposals, and shall be filed and served in like manner.

(Authority cited in the Appendices.)

### § 16.74 Recommended decision of hearing officer.

Within 30 days after the time for filing reply briefs, or, if the parties elect not to file briefs, within 30 days after the filing of the official hearing record, the hearing officer shall make findings of fact and conclusions based thereon and recommend a decision based on the record for decision. These findings, conclusions, and recommendations shall be certified, together with the record for decision, to the panel for its decision. The findings, conclusions, and recommended decision of the hearing officer shall be served on all parties and amici curiae to the proceeding.

(Authority cited in the Appendices.)

## DECISION

### § 16.80 Initial decision.

The panel shall prepare an initial written decision, and transmit it, in accordance with § 16.10. Each party shall have an opportunity to submit written comments on the initial decision to the head of the constituent agency within the time specified by the panel.

(Authority cited in the Appendices.)

### § 16.81 Final decision.

If the head of the constituent agency advises that he intends to review the initial decision, the Board Chairman shall notify the parties of this within 10 days of the notice.

(Authority cited in the Appendices.)

### § 16.82 Publication of decisions.

All final decisions made pursuant to this part shall be made available for inspection by the Executive Secretary of the Board at the main office of the Board and at such other locations as the Executive Secretary may designate.

(Authority cited in the Appendices.)

## APPENDICES

This part is issued under 5 U.S.C. 301 and sections 1, 5, 6, and 7 of Reorganization Plan No. 1 of 1953, 18 F.R. 2053, 67 Stat. 631 and is applicable to programs carried out under the following authorities:

### APPENDIX A—EDUCATION PROGRAMS

(1) Section 306 of the Elementary and Secondary Education Act (20 U.S.C. 844b);

(2) Title V of the Elementary and Secondary Education Act (except as to matters governed by part E of such title) (20 U.S.C. 861);

(3) Title VII of the Elementary and Secondary Education Act (20 U.S.C. 880b);

(4) Sections 807, 808, 809, and 810 of the Elementary and Secondary Education Act (20 U.S.C. 887, 887a, 887b, 887c);

(5) Title IX of the Elementary and Secondary Education Act (20 U.S.C. 900);

(6) Parts C, D, E, F, and G of the Education of the Handicapped Act (20 U.S.C. 1421, 1431, 1441, 1451, and 1461);

(7) Section 309 of the Adult Education Act (20 U.S.C. 1206);

(8) Section 314 of the Adult Education Act, as added by Part C of the Indian Education Act (20 U.S.C. 1211a);

(9) Title IV of the Civil Rights Act of 1964 (42 U.S.C. 2000c–2000c–9);

(10) The Cooperative Research Act (20 U.S.C. 331a–332b);

(11) Sections 131(a), 142(c), and 191 of the Vocational Education Act (20 U.S.C. 1281(a), 1302(d), 1391);

(12) Section 106 of the Higher Education Act (20 U.S.C. 1005a);

(13) Parts A and B of title II of the Higher Education Act (20 U.S.C. 1021, 1031);

(14) Title III of the Higher Education Act (20 U.S.C. 1051);

(15) Section 417B of the Higher Education Act of 1965 (20 U.S.C. 1070d–1);

(16) Title IV–D of the Higher Education Act (20 U.S.C. 1087a);

(17) Section 504 and parts B–1, C, D, E, and F of the Education Professions Development Act (20 U.S.C. 1101, 1111, 1119, 1119a, 1119b, 1119c);

(18) Title VI of the National Defense Education Act (20 U.S.C. 511);

(19) The Environmental Education Act (20 U.S.C. 1531);

(20) The Drug Abuse Education Act (21 U.S.C. 1001);

(21) Part IV of title III of the Communications Act of 1934 (47 U.S.C. 390);

(22) Section 411 of the General Education Provisions Act (20 U.S.C. 1222);

(23) International Education Act of 1966 (20 U.S.C. 1171);

(24) Direct project grants under sections 231(a), 241, 251, 309 of the Manpower Development and Training Act (42 U.S.C. 2601 (a), 2610a, 2610b, 2619);

(25) Section 404 of the General Education Provisions Act (20 U.S.C. 1221d);

(26) Direct grants under section 405 of the General Education Provisions Act (20 U.S.C. 1221e);

(27) Emergency School Aid Act, except for determinations described under § 16.5(a)(1) and (4) (20 U.S.C. 1601 et seq.).

(28) The Follow Through program under section 222(2)(2) of the Economic Opportunity Act of 1964, except for determinations described under § 16.5(a)(1) and (4) (42 U.S.C. 2809(a)(2)).

(29) Title III of Public Law 81–874, as added by Part A of the Indian Education Act (20 U.S.C. 241aa).

### APPENDIX B—SOCIAL AND REHABILITATION SERVICE PROGRAMS

(1) Section 222 (a) and (b) of the Social Security Amendments of 1972 (P.L. 92–603) (42 U.S.C. 1395f note, 1395b–1).

(2) Section 426 of the Social Security Act (42 U.S.C. 626).

(3) Section 707 of the Social Security Act (42 U.S.C. 906).

(4) Section 1110 of the Social Security Act (42 U.S.C. 1310).

(5) Section 1115 of the Social Security Act (42 U.S.C. 1315).

(6) Sections 121, 122, 141 of the Developmental Disabilities Services and Facilities Construction Act (42 U.S.C. 2661, 2661a, 2678).

(7) Sections 202, 203, 301, 302 and 304 of the Rehabilitation Act of 1973 (29 U.S.C. 762, 763, 771, 772, 774).

(8) Section 1115 of the Social Security Act (42 U.S.C. 1315).

(9) Sections 305, 401, and 501 of the Older Americans Act of 1965 (42 U.S.C. 3024a, 3031, 3041).

### APPENDIX C—PUBLIC HEALTH PROGRAMS

(1) Section 225 of the Public Health Service Act (42 U.S.C. 234).

(2) Section 301 of the Public Health Service Act (42 U.S.C. 241).

(3) Section 303 of the Public Health Service Act (42 U.S.C. 242a).

(4) Section 304 of the Public Health Service Act (42 U.S.C. 242b).

(5) Section 306 of the Public Health Service Act (42 U.S.C. 242d).

(6) Section 308 of the Public Health Service Act (42 U.S.C. 242f).

(7) Section 309 of the Public Health Service Act (42 U.S.C. 242g).

(8) Section 310 of the Public Health Service Act (42 U.S.C. 242h).

(9) Section 314 (b), (c), and (e) of the Public Health Service Act (42 U.S.C. 246 (b), (c), and (e)).

(10) Section 317 of the Public Health Service Act (42 U.S.C. 247b).

(11) Section 318 of the Public Health Service Act (42 U.S.C. 247c).

(12) Section 393 of the Public Health Service Act (42 U.S.C. 280b-3).

(13) Section 394 of the Public Health Service Act (42 U.S.C. 280b–4).

(14) Section 395 of the Public Health Service Act (42 U.S.C. 280b–5, 6).

(15) Section 396 of the Public Health Service Act (42 U.S.C. 280b–7).

(16) Section 397 of the Public Health Service Act (42 U.S.C. 280b–8).

(17) Section 398 of the Public Health Service Act (42 U.S.C. 280b–9).

(18) Section 402 of the Public Health Service Act (42 U.S.C. 282).

(19) Section 407 of the Public Health Service Act (42 U.S.C. 286a).

(20) Section 412 of the Public Health Service Act (42 U.S.C. 287a).

(21) Section 413 of the Public Health Service Act (42 U.S.C. 287b).

(22) Section 422 of the Public Health Service Act (42 U.S.C. 288a).

(23) Section 431 of the Public Health Service Act (42 U.S.C. 289a).

(24) Section 433 of the Public Health Service Act (42 U.S.C. 289c).

(25) Section 434 of the Public Health Service Act (42 U.S.C. 289c–1).

(26) Section 444 of the Public Health Service Act (42 U.S.C. 289g).

(27) Section 453 of the Public Health Service Act (42 U.S.C. 289k).

(28) Section 704 of the Public Health Service Act (42 U.S.C. 292c).

(29) Section 720 of the Public Health Service Act (42 U.S.C. 293).

(30) Section 767 of the Public Health Service Act (42 U.S.C. 295e–1).

(31) Section 768 of the Public Health Service Act (42 U.S.C. 295e–2).

(32) Section 769 of the Public Health Service Act (42 U.S.C. 295e–3).

(33) Section 769A of the Public Health Service Act (42 U.S.C. 295e–4).

(34) Section 771 of the Public Health Service Act (42 U.S.C. 295f–1).

(35) Section 772 of the Public Health Service Act (42 U.S.C. 295f–2).

(36) Section 773 of the Public Health Service Act (42 U.S.C. 295f–3).

(37) Section 774 of the Public Health Service Act (42 U.S.C. 295f–4).

(38) Section 784 of the Public Health Service Act (§ 106(c) Public Law 92–157).

(39) Section 791 of the Public Health Service Act (42 U.S.C. 295h).

(40) Section 792 of the Public Health Service Act (42 U.S.C. 295h–1).

(41) Section 793 of the Public Health Service Act (42 U.S.C. 295h–2).

(42) Section 794A of the Public Health Service Act (42 U.S.C. 295h–3a).

(43) Section 794B of the Public Health Service Act (42 U.S.C. 295h–3b).

(44) Section 794C of the Public Health Service Act (42 U.S.C. 295h–3c).

(45) Section 802 of the Public Health Service Act (42 U.S.C. 296a).

(46) Section 805 of the Public Health Service Act (42 U.S.C. 296d).
(47) Section 810 of the Public Health Service Act (42 U.S.C. 296l).
(48) Section 821 of the Public Health Service Act (42 U.S.C. 297).
(49) Section 868 of the Public Health Service Act (42 U.S.C. 298c-7).
(50) Section 903 of the Public Health Service Act (42 U.S.C. 299c).
(51) Section 904 of the Public Health Service Act (42 U.S.C. 299d).
(52) Section 1001 of the Public Health Service Act (42 U.S.C. 300).
(53) Section 1003 of the Public Health Service Act (42 U.S.C. 300a-1).
(54) Sections 1004 and 1005 of the Public Health Service Act (42 U.S.C. 300a-2, 300a-3).
(55) Section 1101 of the Public Health Service Act (42 U.S.C. 300b).
(56) Section 1102 of the Public Health Service Act (42 U.S.C. 300b-1).
(57) Section 1111(a)(1) of the Public Health Service Act (42 U.S.C. 300c(a)(1)).
(58) Section 1111(a)(2) of the Public Health Service Act (42 U.S.C. 300c(a)(2)).
(59) Section 220 of the Community Mental Health Centers Act (42 U.S.C. 2688).
(60) Section 241 of the Community Mental Health Centers Act (42 U.S.C. 2688f).
(61) Section 242 of the Community Mental Health Centers Act (42 U.S.C. 2688g).
(62) Section 243 of the Community Mental Health Centers Act (42 U.S.C. 2688h).
(63) Section 246 of the Community Mental Health Centers Act (42 U.S.C. 2866j-1).
(64) Section 247 of the Community Mental Health Centers Act (2688j-2).
(65) Section 251 of the Community Mental Health Centers Act (42 U.S.C. 2688(k).
(66) Section 252 of the Community Mental Health Centers Act (42 U.S.C. 26881)
(67) Section 253 of the Community Mental Health Centers Act (42 U.S.C. 26881-1).
(68) Section 256 of the Community Mental Health Centers Act (42 U.S.C. 2688n-1).
(69) Section 264 of the Community Mental Health Centers Act (42 U.S.C. 2688r).
(70) Section 271 of the Community Mental Health Centers Act (42 U.S.C. 2688u).
(71) Section 272 of the Community Mental Health Centers Act (42 U.S.C. 2688v).
(72) Section 410 of Public Law 92-255—The Drug Abuse Office and Treatment Act of 1972 (21 U.S.C. 1177).
(73) Section 501 of the Coal Mine Health and Safety Act (30 U.S.C. 951).
(74) Section 20 of the Occupational Health and Safety Act (29 U.S.C. 669).
(75) Section 21 of the Occupational Health and Safety Act (29 U.S.C. 670).
(76) Section 503(2) of the Social Security Act (42 U.S.C. 703(2)).
(77) Section 504(2) of the Social Security Act (42 U.S.C. 704(2)).
(78) Section 511 of the Social Security Act (42 U.S.C. 711).
(79) Section 512 of the Social Security Act (42 U.S.C. 712).
(80) Section 101 of the Lead Based Paint Poisoning Prevention Act (42 U.S.C. 4801).
(81) Section 201 of the Lead Based Paint Poisoning Prevention Act (42 U.S.C. 4801).
(82) Section 776 of the Public Health Service Act (42 U.S.C. 295f-6).
(83) Section 1202 of the Public Health Service Act (42 U.S.C. 300d-1).
(84) Section 1203 of the Public Health Service Act (42 U.S.C. 300d-2).
(85) Section 1204 of the Public Health Service Act (42 U.S.C. 300d-3).
(86) Section 1205 of the Public Health Service Act (42 U.S.C. 300d-4).
(87) Section 1303 of the Public Health Service Act (42 U.S.C. 300e-2).
(88) Section 1304 of the Public Health Service Act (42 U.S.C. 300e-3).
(89) Sections 222 and 232 of the Economic Opportunity Act, except for determinations described under § 16.5(a) (1) and (4) (42 U.S.C. 2809, 2625).
(90) Section 104(b)(1) of the Indian Self-Determination Act (25 U.S.C. 450(h)(b)(1)).

APPENDIX D—FOOD AND DRUG PROGRAMS

(1) Food and drug research—project grants, section 301 of the Public Health Service Act (42 U.S.C. 241).
(2) Food and drug research—product safety research, section 301(d) of the Public Health Service Act (42 U.S.C. 241).
(3) Food and drug research—pesticides research, section 301(d) of the Public Health Service Act (42 U.S.C. 241).
(4) Radiological Health Research—section 356(b) of the Public Health Service Act (42 U.S.C. 263d).

APPENDIX E—HUMAN DEVELOPMENT PROGRAMS

(1) Sections 102, 201, 301, and 302 of the Juvenile Delinquency Prevention Act (42 U.S.C. 3812, 3861, 3871, 3872).
(2) Sections 207(g), 308, 403, 404, 411, 421, 501, and 511 of the Older Americans Act of 1965 (42 U.S.C. 3017(g), 3028, 3033, 3034, 3035, 3036, 3041, 3042).
(3) Sections 222 and 232 of the Economic Opportunity Act, except for determinations described under § 16.5(a) (1) and (4) (42 U.S.C. 2809, 2825).
(4) Section 426 of the Social Security Act (42 U.S.C. 626).

PART IV:

# VETERANS ADMINISTRATION

## PRIVACY ACT OF 1974

Safeguarding Personal Information in Veterans Administration Records

Title 38—Pensions, Bonuses, and Veterans' Relief

CHAPTER I—VETERANS ADMINISTRATION

PART 1—GENERAL PROVISIONS

Safeguarding Personal Information in Veterans Administration Records

On page 27261 of the FEDERAL REGISTER of June 27, 1975, there was published a notice of proposed regulatory development to add §§ 1.576 through 1.584 to Title 38, Code of Federal Regulations, to implement the provisions of sections 2 and 3 of Pub. L. 93-579 (88 Stat. 1896). The § 1.575 series concern the safeguarding of individual privacy from the misuse of Federal records and provide that individuals be granted access under certain conditions to records concerning them which are maintained by the Veterans Administration.

Interested persons were given 30 days in which to submit comments, suggestions, or objections regarding the proposed regulations.

One written comment has been received. It was suggested that the term "Officer or employee of the Veterans Administration" be more clearly defined as used throughout the text of the proposal. The term is the same as that in the statute and therefore will not be changed. However, after review of the final OMB guidelines, published in the Federal Register of July 9, 1975 (40 F.R. 28975, 28976) it has been decided to add paragraph (g) to § 1.576 to incorporate the provisions of 5 U.S.C. 552a(m). Therefore, the proposed regulations with this addition are adopted as set forth below.

*Effective date.* These VA Regulations are effective September 27, 1975.

Approved: August 4, 1975.

By direction of the Administrator.

[SEAL] ODELL W. VAUGHN,
*Deputy Administrator.*

A new center heading is added, §§ 1.576 through 1.584 are added and the Table of Contents entries are added to read as set forth below.

SAFEGUARDING PERSONAL INFORMATION IN VETERANS ADMINISTRATION RECORDS

Sec.

1.576 General policies, conditions of disclosure, accounting of certain disclosures, and definitions.
1.577 Access to records.
1.578 Veterans Administration system of record requirements.
1.579 Access to personal information from Veterans Administration records.
1.580 Administrative review.
1.581 Judicial review.
1.582 Exemptions.
1.583 Mailing lists.
1.584 Reports.

SAFEGUARDING PERSONAL INFORMATION IN VETERANS ADMINISTRATION RECORDS

NOTE: Sections 1.575 through 1.584 concern the safeguarding of individual privacy from the misuse of information from files, records, reports, and other papers and documents in Veterans Administration custody. As to the release of information from Veterans Administration claimant records see § 1.500 series. As to the release of information from Veterans Administration records other than claimant records see § 1.550 series. Section 1.575 series implement the provisions of Pub. L. 93-579, December 31, 1974, adding a section 552a to title 5, United States Code providing that individuals be granted access to records concerning them which are maintained by Federal agencies, and for other purposes.

**§ 1.576 General policies, conditions of disclosure, accounting of certain disclosures, and definitions.**

(a) The Veterans Administration will safeguard an individual against an invasion of personal privacy. Except as otherwise provided by law or regulation its officials and employees will:

(1) Permit an individual to determine what records pertaining to him or her will be collected, maintained, used, or disseminated by the Veterans Administration.

(2) Permit an individual to prevent records pertaining to him or her, obtained by the Veterans Administration for a particular purpose, from being used or made available for another purpose without his or her consent.

(3) Permit an individual to gain access to information pertaining to him or her in Veterans Administration records, to have a copy made of all or any portion thereof, and to correct or amend such records.

(4) Collect, maintain, use, or disseminate any record of identifiable personal information in a manner that assures that such action is for a necessary and lawful purpose, that the information is current and accurate for its intended use, and that adequate safeguards are provided to prevent misuse of such information.

(5) Permit exemptions from records requirements provided in 5 U.S.C. 552a only where an important public policy need for such exemption has been determined pursuant to specific statutory authority.

(b) The Veterans Administration will not disclose any record contained in a system of records by any means of communication to any person or any other agency except by written request of or prior written consent of the individual to whom the record pertains unless such disclosure is:

(1) To those officers and employees of the agency which maintains the record and who have a need for the record in the performance of their duties;

(2) Required under 5 U.S.C. 552;

(3) For a routine use of the record compatible with the purpose for which it was collected;

(4) To the Bureau of the Census for purposes of planning or carrying out a census or survey or related activity pursuant to title 13, United States Code;

(5) To a recipient who has provided the Veterans Administration with advance adequate written assurance that the record will be used solely as a statistical research or reporting record, and the record is to be transferred in a form that is not individually identifiable;

(6) To the National Archives of the United States as a record which has sufficient historical or other value to warrant its continued preservation by the U.S. Government, or for evaluation by the Administrator of General Services or designee to determine whether the record has such value;

(7) To another agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law, and if the head of the agency or instrumentality has made a written request to the Veterans Administration specifying the particular portion desired and the law enforcement activity for which the record is sought;

(8) To a person pursuant to a showing of compelling circumstances affecting the health or safety of an individual if upon such disclosure notification is transmitted to the last known address of such individual;

(9) To either House of Congress, or, to the extent of matter within its jurisdiction, any committee or subcommittee thereof, any joint committee of Congress or subcommittee of any such joint committee;

(10) To the Comptroller General, or any authorized representatives, in the course of the performance of the duties of the General Accounting Office; or

(11) Pursuant to the order of a court of competent jurisdiction.

(c) With respect to each system of records (i.e., a group of records from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual) under Veterans Administration control, the Veterans Administration will (except for disclosures made under paragraph (b) (1) or (2) of this section) keep an accurate accounting as follows:

(1) For each disclosure of a record to any person or to another agency made under paragraph (b) of this section, maintain information consisting of the date, nature, and purpose of each disclosure, and the name and address of the person or agency to whom the disclosure is made;

(2) Retain the accounting made under paragraph (c)(1) of this section for at least 5 years or the life of the record, whichever is longer, after the disclosure for which the accounting is made;

(3) Except for disclosures made under paragraph (b)(7) of this section, make the accounting under paragraph (c)(1) of this section available to the individual named in the record at his or her request; and

(4) Inform any person or other agency about any correction or notation of dispute made by the agency in accordance with § 1.577 of any record that has been disclosed to the person or agency if an accounting of the disclosure was made.

(d) For the purposes of §§ 1.575 through 1.584, the parent of any minor, or the legal guardian of any individual who has been declared incompetent due to physical or mental incapacity or age by a court of competent jurisdiction, may act on behalf of the individual.

(e) Section 552a(i), title 5, United States Code, provides that:

(1) Any officer or employee of the Veterans Administration, who by virtue of his or her employment or official position, has possession of, or access to, Veterans Administration records which contain individually identifiable information the disclosure of which is prohibited by 5 U.S.C. 552a or by § 1.575 series established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than $5,000.

(2) Any officer or employee of the Veterans Administration who willfully maintains a system of records without meeting the notice requirements of 5 U.S.C. 552a(e)(4) (see § 1.578(d)) shall be guilty of a misdemeanor and fined not more than $5,000.

(3) Any person who knowingly and willfully requests or obtains any record concerning an individual from the Veterans Administration under false pretenses shall be guilty of a misdemeanor and fined not more than $5,000.

(f) For purposes of § 1.575 series the following definitions apply:

(1) The term "agency" includes any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the government (including the Executive Office of the President), or any independent regulatory agency.

(2) The term "individual" means a citizen of the United States or an alien lawfully admitted for permanent residence.

(3) The term "maintain" includes maintain, collect, use, or disseminate.

(4) The term "record" means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his or her education, financial transactions, medical history, and criminal or employment history and that contains his or her name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph.

(5) The term "system of records" means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

(6) The term "statistical record" means a record in a system of records maintained for statistical research or reporting purposes only and not used in whole or in part in making any determination about an identifiable individual except as provided by section 8 of title 13, United States Code.

(7) The term "routine use" means, with respect to the disclosure of a record, the use of such record for a purpose which is compatible with the purpose for which it was collected.

(g) When the Veterans Administration provides by a contract for the operation by or on behalf of the Veterans Administration of a system of records to accomplish a Veterans Administration function, the Veterans Administration will, consistent with its authority, cause the requirements of 5 U.S.C. 552a (as required by subsection (m)) and those of the § 1.575 series to be applied to such system. For the purposes of 5 U.S.C. 552a(i) and § 1.576(e) any such contractor and any employee of such contractor, if such contract is agreed to on or after September 27, 1975, will be considered to be an employee of the Veterans Administration.

**§ 1.577 Access to records.**

(a) Except as otherwise provided by law or regulation any individual upon request may gain access to his or her record or to any information pertaining to him or her which is contained in any system of records maintained by the Veterans Administration. The individual will be permitted, and upon his or her request, a person of his or her own choosing permitted to accompany him or her, to review the record and have a copy made of all or any portion thereof in a form comprehensible to him or her. The Veterans Administration will require, however, a written statement from the individual authorizing discussion of that individual's record in the accompanying person's presence.

(b) Any individual may request amendment of any Veterans Administration record pertaining to him or her. Not later than 10 days (excluding Saturdays, Sundays, and legal public holidays) after the date of receipt of such request, the Veterans Administration will acknowledge in writing such receipt. The Veterans Administration will also promptly either;

(1) Correct any part thereof which the individual believes is not accurate, relevant, timely, or complete; or

(2) Inform the individual of the Veterans Administration's refusal to amend the record in accordance with his or her request, the reason for the refusal, the procedures by which the individual may request a review of that refusal by the Administrator or designee, and the name and address of such official.

(c) Any individual who disagrees with the Veterans Administration's refusal to amend his or her record may request a review of such refusal. The Veterans Administration will complete such review not later than 30 days (excluding Saturdays, Sundays, and legal public holidays) from the date on which the individual requests such review and make a final determination unless, for good cause shown, the Administrator extends such 30-day period. If, after review, the Administrator or designee also refuses to amend the record in accordance with the request the individual will be advised of the right to file with the Veterans Administration a concise statement setting forth the reasons for his or her disagreement with the Veterans Administration's refusal, and also advised of the provisions for judicial review of the reviewing official's determination (5 U.S.C. 552a(g)(1)(A)).

(d) In any disclosure, containing information about which the individual has filed a statement of disagreement, occurring after the filing of the statement under paragraph (c) of this section, the Veterans Administration will clearly note any part of the record which is disputed and provide copies of the statement (and, if the Veterans Administration deems it appropriate, copies also of a concise statement of the Veterans Administration's reasons for not making the amendments requested) to persons or other agencies to whom the disputed record has been disclosed.

(e) Nothing in 5 U.S.C. 552a, however, allows an individual access to any information compiled in reasonable anticipation of a civil action or proceeding.

**§ 1.578 Veterans Administration system of records requirements.**

(a) The Veterans Administration will maintain in its records only such information about an individual as is relevant and necessary to accomplish a purpose of the Veterans Administration required to be accomplished by statute or Executive order of the President.

(b) The Veterans Administration will collect information to the greatest extent practicable directly from the subject individual when the information may result in adverse determinations about an individual's rights, benefits, and privileges under Federal programs.

(c) The Veterans Administration will inform each individual whom it asks to supply information, on the form which it uses to collect the information or on a separate form that can be retained by the individual, of:

(1) The authority (whether granted by statute or Executive order of the President) which authorizes the solicitation of the information and whether disclosure of such information is mandatory or voluntary;

(2) The principal purpose or purposes for which the information is intended to be used;

(3) The routine uses which may be made of the information, as published pursuant to paragraph (d)(4) of this section; and

(4) The effects on him or her, if any, of not providing all or any part of the requested information.

(d) Subject to the provisions of paragraph (k) of this section, the Veterans Administration will publish in the FEDERAL REGISTER at least annually a notice of the existence and character of its system of records. This notice will include:

(1) The name and location of the system or systems;

(2) The categories of individuals on whom records are maintained in the system or systems;

(3) The categories of records maintained in the system or systems;

(4) Each routine use of the records contained in the system or systems, including the categories of users and the purpose of such use;

(5) The policies and practices of the Veterans Administration regarding storage, retrievability, access controls, retention, and disposal of the records;

(6) The title and business address of the Veterans Administration official or officials responsible for the system or systems of records;

(7) The Veterans Administration procedures whereby an individual can be notified at his or her request if the system or systems of records contain a record pertaining to him or her;

(8) The Veterans Administration procedures whereby an individual can be notified at his or her request how he or she can gain access to any record pertaining to him or her contained in the systen. or systems of records, and how he or she can contest its content; and

(9) The categories of sources of records in the system or systems.

(e) All records used by the Veterans Administration in making any determination about any individual will be maintained with the accuracy, relevance, timeliness, and completeness reasonably necessary to assure fairness to the individual in the determination.

(f) Before disseminating any record about an individual to any person other than an agency the Veterans Administration will make reasonable efforts to assure that such records are accurate, complete, timely, and relevant for Veterans Administration purposes unless the dissemination is required pursuant to 5 U.S.C. 552.

(g) The Veterans Administration will maintain no record describing how any individual exercises rights guaranteed by the First Amendment unless expressly authorized by statute or by the individual about whom the record is maintained or unless pertinent to and within the scope of an authorized law enforcement activity.

(h) The Veterans Administration will make reasonable efforts to serve notice on an individual when any record on such individual is made available to any person under compulsory legal process when such process becomes a matter of public record.

(i) The Veterans Administration will establish rules of conduct for persons involved in the design, development, operation, or maintenance of any system of records, or in maintaining any record. Each such person will be instructed regarding such rules and the requirements of 5 U.S.C. 552a. The instruction will include any other rules and procedures adopted pursuant to 5 U.S.C. 552a, and the penalties it provides for noncompliance.

(j) The Veterans Administration will establish appropriate administrative, technical, and physical safeguards to insure the security and confidentiality of records and to protect against any anticipated threats or hazards to their security or integrity which could result in substantial harm, embarrassment, inconvenience, or unfairness to any individual on whom information is maintained.

(k) At least 30 days prior to the publication of a notice in the FEDERAL REGISTER at least annually regarding the routine use of the records contained in the Veterans Administration system or systems of records including the categories of users and the purpose of such use, pursuant to paragraph (d)(4) of this section, the Veterans Administration will also:

(1) Publish a notice in the FEDERAL REGISTER of any new use or intended use of the information in the system or systems; and

(2) Provide an opportunity for interested persons to submit written data, views, or arguments to the Veterans Administration.

**§ 1.579 Access to personal information from Veterans Administration records.**

(a) The Veterans Administration will promulgate regulations, as necessary, to insure compliance with the provisions of 5 U.S.C. 552a, developed in accordance with the provisions of 5 U.S.C. 553, as applicable, and § 1.12.

(b) Any individual will be notified upon request if any Veterans Administration system of records named contains a record pertaining to him or her. Such request must be in writing, over the signature of the requester. The request must contain a reasonable description of the Veterans Administration system or systems of records meant, as described at least annually by notice published in the FEDERAL REGISTER describing the existence and character of the Veterans Administration's system or systems of records pursuant to § 1.578(d). The request should be made to the office concerned (having jurisdiction over the system or systems of records meant) or, if not known, to the Director, or Veterans Services Officer in the nearest VA regional office or to the Veterans Administration Central Office, 810 Vermont Avenue, NW., Washington, DC 20420. Personal contacts should normally be made during the regular duty hours of the office concerned, which are 8 a.m. to 4:30 p.m. Monday through Friday for VA Central Office and most field stations. Identification of the individual requesting the information will be required consisting of name, signature, address, and claim, insurance or other identifying file number, if any, as a minimum. Additional identifying data or documents may be required in specified categories as determined by operating requirements and established and publicized by the promulgation of VA regulations.

(c) The department or staff office having jurisdiction over the records involved will establish appropriate disclosure procedures and will notify the individual requesting disclosure of his or her record or information pertaining to him or her of the time, place and conditions under which the Veterans Administration will comply to the extent permitted by law and VA regulation. Special procedures will be established by the department or staff office concerned governing the disclosure to an individual of medical records, including psychological records pertaining to him or her.

(d) The department or staff office having jurisdiction over the records involved will also establish procedures for reviewing a request from an individual concerning the amendment of any record or information pertaining to the individual, for making a determination on the request, for an appeal within the Veterans Administration of an initial adverse Veterans Administration determination, and for whatever additional means may be necessary for each individual to be able to exercise fully his or her rights under 5 U.S.C. 552a.

(e) Fees to be charged, if any, to any individual for making copies of his or her record, excluding the cost of any search for and review of the record, will be as follows:

(1) Photocopy reproductions from all types of copying processes, each reproduction image, $0.05.

(2) Where the Veterans Administration undertakes to perform for a requester or for any other person services which are very clearly not required to be performed under section 552a, title 5, United States Code, either voluntarily or because such services are required by some other law (e.g., the formal certification of records as true copies, attestation under the seal of the Veterans Administration, etc.), the question of charging fees for such services will be determined by the official or designee authorized to release the information under § 1.556, in the light of the Federal user charge statute, 31 U.S.C. 483a, any other applicable law, and the provisions of §§ 1.526(i) and 1.555(h).

**§ 1.580 Administrative review.**

(a) Upon denial of a request under § 1.577, the responsible Veterans Administration official or designated employee will inform the requester in writing of the denial, cite the reason or reasons and the VA regulations upon which the denial is based, and advise that the denial may be appealed to the Administrator.

(b) The final agency decision in such appeals will be made by the Administrator or Deputy Administrator.

**§ 1.581 Judicial review.**

Any person may file a complaint against the Veterans Administration in the appropriate U.S. district court, as provided in 5 U.S.C. 552a(g), whenever the Veterans Administration:

(a) Makes a determination under § 1.577 not to amend an individual's record in accordance with his or her request, or fails to make such review in conformity with that section;

(b) Refuses to comply with an individual request under § 1.577;

(c) Fails to maintain any record concerning any individual with such accuracy, relevance, timeliness, and completeness as is necessary to assure fairness in any determination relating to the qualifications, character, rights, or opportunities of, or benefits to the individual that may be made on the basis of such record, and consequently a determination is made which is adverse to the individual; or

(d) Fails to comply under any other provision of 5 U.S.C. 552a, or any VA regulation promulgated thereunder, in

such a way as to have an adverse effect on an individual.

**§ 1.582 Exemptions.**

No Veterans Administration records system or systems as such are exempted from the provisions of 5 U.S.C. 552a as permitted under certain conditions by 5 U.S.C. 552a(j) and (k). See §§ 1.500 through 1.527; §§ 1.550 through 1.558; and § 1.554 in particular.

**§ 1.583 Mailing lists.**

An individual's name and address may not be sold or rented by the Veterans Administration unless such action is specifically authorized by law. This section does not require the withholding of names and addresses otherwise permitted to be made public. (See also §§ 1.518 and 1.519.)

**§ 1.584 Reports.**

(a) The Administrator or designee will provide adequate advance notice to Congress and the Office of Management and Budget of any proposal to establish or alter any Veterans Administration system or systems of records, as required by 5 U.S.C. 552a(o). This will permit an evaluation of the probable or potential effect of such proposal on the privacy and other personal or property rights of individuals or the disclosure of information relating to such individuals, and its effect on the preservation of the constitutional principles of federalism and separation of powers.

(b) If at any time a Veterans Administration system or systems of records is determined to be exempt from the application of 5 U.S.C. 552a in accordance with the provisions of 5 U.S.C. 552a (j) and (k), the number of records contained in such system or systems will be separately listed and reported to the Office of Management and Budget in accordance with the then prevailing guidelines and instructions of that agency.

VOL. 40 NO. 156
AUG 12 75
XU

## OFFICE OF MANAGEMENT AND BUDGET

### RESCISSIONS AND DEFERRALS, AUGUST 1975

#### Cumulative Report

This report includes all rescissions and deferrals contained in the first two special messages transmitted to the Congress for fiscal year 1976. These messages were transmitted to the Congress on July 1, 1975, and July 25, 1975.

RESCISSIONS (ATTACHMENT A)

Attachment A to this report shows that as of August 1, 1975, $213.9 million in 1976 budget authority had been proposed for rescission by the President. None of the eight proposals which comprise the total had been acted on by the Congress.

DEFERRALS (ATTACHMENT B)

As of August 1, 1975, $3,224.5 million in 1976 budget authority was being deferred from obligation. The 50 deferrals transmitted in the two 1976 special messages are tabulated in Attachment B. Over 60 percent of the dollar amount deferred on August 1 was for two items in the Department of Defense. About 12 percent of the total deferred was for Agriculture Department programs. Another approximately 12 percent of the total was for Interior Department deferrals. The remainder of the deferrals are found in 10 other agencies.

On July 10, 1975, the Congress passed an impoundment resolution requiring release of Youth Conservation Corps funds reported two days earlier by the General Accounting Office as being deferred. Funds were released on July 16, 1975.

INFORMATION FROM SPECIAL MESSAGES

The two special messages containing information on each of the rescissions and deferrals covered by the cumulative report are contained in the FEDERAL REGISTERS of:

Wednesday, July 9, 1975 (Vol. 40, No. 132, Part V).
Wednesday, July 30, 1975 (Vol. 40, No. 147, Part II).

PAUL H. O'NEILL,
*Acting Director.*

federal register

Area Code 202 Phone 523–5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $45 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

# contents

## Title 3—The President

Executive Order 11875 • August 9, 1975

### Delegating Certain Functions to the Secretary of Transportation

By virtue of the authority vested in me by Section 301 of Title 3 of the United States Code, the Secretary of Transportation is hereby designated and empowered, in consultation with the Secretaries of State and Defense, and the heads of other appropriate agencies, to conduct the full and complete investigation and study, concerning the possible expansion of war risk insurance, required by Section 3 of H.R. 8564 which I have today signed into law, and to prepare a report on the results of the investigation and study, together with any recommendations for legislation. Since Section 3(c) of H.R. 8564 provides for the President to transmit the report to the Congress within 90 days of enactment of this legislation, the proposed report should be submitted to me, through the Director of the Office of Management and Budget, within 70 days.

Gerald R. Ford

THE WHITE HOUSE,

# rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

## Title 5—Administrative Personnel

### CHAPTER I—CIVIL SERVICE COMMISSION

### PART 213—EXCEPTED SERVICE

#### Department of the Treasury

Section 213.3105 is amended to show that 18 additional positions of Customs Patrol Officers in the Papago Indian Agency in the State of Arizona are excepted under Schedule A. This section is further amended to show the change in headnote from Bureau of Customs to U.S. Customs Service.

Effective on August 13, 1975. Section 213.3105(b)(9) is amended as set out below:

**§ 213.3105 Department of the Treasury.**

* * * * *

(b) *U.S. Customs Service.* * * *

(9) Not to exceed 25 positions of Customs Patrol Officers in the Papago Indian Agency in the State of Arizona when filled by the appointment of persons of one-fourth or more Indian blood.

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954–1958 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] JAMES C. SPRY,
*Executive Assistant to the Commissioners.*

[FR Doc.75-21154 Filed 8-12-75;8:45 am]

### PART 213—EXCEPTED SERVICE

#### Equal Employment Opportunity Commission

Section 213.3377 is amended to show that one position of Special Assistant to the Executive Director is excepted under Schedule C.

Effective on August 13, 1975, § 213.3377 (i) is added as set out below:

**§ 213.3377 Equal Employment Opportunity Commission.**

* * * * *

(i) One Special Assistant to the Executive Director.

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954–1958 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,

## Title 7—Agriculture

### CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Avocado Regulation 17, Amendment 7]

### PART 915—AVOCADOS GROWN IN SOUTH FLORIDA

#### Maturity Requirements

This amendment revises the maturity requirements for the Waldin, Nesbitt, Beta, and Tower 2 varieties of avocados. These varieties will mature one week sooner than they currently can be shipped because growing conditions in the production area have hastened maturity. Weight or diameters and picking dates are indices used at harvest to assure that avocados are mature and will ripen satisfactorily after picking.

*Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 915, as amended (7 CFR Part 915), regulating the handling of avocados grown in South Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendation of the Avocado Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the maturity requirements for the handling of avocados, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) The need for the amendment stems from the current avocado crop maturity situation. Maturity studies on the specified varieties completed recently indicate that avocados of such varieties will be mature at the hereinafter specified dates, minimum weights, or diameters.

(3) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; and this amendment relieves restrictions on the handling of specified varieties of avocados.

*Order.* The provisions of subparagraph (a)(2) of § 915.317 (Avocado Regulation 17; 40 FR 24006; 26501; 28048; 29068; 29812; 30793) are amended by revising in Table I the dates applicable to the Waldin, Beta, Nesbitt, and Tower 2 varieties so that after such revision the portion of Table I relating to such varieties of avocados reads as follows:

| Variety | Date | Minimum weight or diameter | Date | Minimum weight or diameter | Date | Minimum weight or diameter | Date |
|---|---|---|---|---|---|---|---|
| (1) | (2) | (3) | (4) | (5) | (6) | (7) | (8) |
| Waldin | 8-11-75 | 16 oz/3 9/16 in. | 9- 1-75 | 14 oz/3 1/16 in. | 9-15-75 | 12 oz/3 1/16 in. | 9-29-75 |
| Nesbitt | 8- 4-75 | 22 oz/3 13/16 in. | 8-11-75 | 18 oz/3 5/16 in. | 9-25-75 | 16 oz/3 9/16 in. | 9-15-75 |
| Beta | 8-11-75 | 18 oz/3 5/16 in. | 8-25-75 | 16 oz/3 9/16 in. | 9-15-75 | | |
| Tower 2 | 8-11-75 | 14 oz. | 9- 1-75 | 12 oz. | 9-29-75 | | |

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated, August 8, 1975, to become effective August 11, 1975.

D. S. KURYLOSKI,
*Acting Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.*

[FR Doc.75-21207 Filed 8-12-75;8:45 am]

[Tokay Grape Reg. 11]

## PART 926—TOKAY GRAPES GROWN IN SAN JOAQUIN COUNTY, CALIFORNIA

### Regulation of the Grade and Container Markings

This regulation, issued pursuant to the amended marketing agreement and Order No. 926, as amended (7 CFR Part 926), specifies certain grade and container marking requirements for fresh Tokay grapes shipped from San Joaquin County, California, during the period August 15 through September 30, 1975. The requirements are that such grapes meet the grade and size specifications of U.S. No. 1 Table grade and that at least 30 percent, by count, of the berries in the lower 25 percent, by count, of each bunch shall show characteristic color. Each container of such grapes must bear a Federal-State Inspection Service lot number in plain letters and figures on one outside end. These regulatory provisions are the same as the provisions that were in effect during the previous three seasons.

*Findings.* (1) Pursuant to the amended marketing agreement and Order No. 926, as amended (7 CFR Part 926), which regulate the handling of fresh Tokay grapes grown in San Joaquin County, California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations of the Industry Committee, established under the aforesaid marketing agreement and order, and other available information, it is hereby found that the regulation of Tokay grapes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) This regulation is based upon an appraisal of the current and prospective crop and marketing conditions for Tokay grapes. The committee estimates that 1975 production of Tokay grapes will be 195,094 tons. This is 26,309 tons less than the 1974 crop of 221,403 tons. Fresh shipments are estimated at 34,500 tons as compared to 31,100 tons last season. The grade and container requirements hereinafter provided are necessary to prevent the handling of fresh Tokay grapes of lesser quality so as to provide consumers with good quality fruit, consistent with the overall quality of the crop, while maintaining orderly marketing conditions in the interest of producers and consumers. The requirement for more even distribution of color (30 percent of the grapes in the lower quarter of each bunch showing characteristic color) is also included to assure the availability, to consumers, of Tokay grapes of satisfactory quality. Compliance with the container marking requirement will verify inspection thus assuring compliance with the quality requirements specified herein.

(3) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than August 15, 1975. A reasonable determination as to supply of, and the demand for, Tokay grapes must await the development of the crop thereof, and adequate information thereon was not available to the Industry Committee until July 25, 1975, on which date an open meeting was held, after giving due notice thereof, to consider the need for and the extent of regulation of shipments of such grapes. Interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; shipments of the current crop of such grapes are expected to begin on or about August 15, 1975; this regulation should be applicable to all such shipments in order to effectuate the declared policy of the act; the provisions of this regulation are identical with the aforesaid recommendation of the committee, information concerning such provisions and effective time has been disseminated among handlers of such grapes; and compliance with the provisions of this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

Section 926.312 is revised to read as set forth below:

§ 926.312 Tokay Grape Regulation 11.

(a) *Order.* During the period August 15, 1975, through September 30, 1975, no handler shall ship:

(1) Any Tokay grapes, grown in the production area, which do not meet the grade and size specifications of U.S. No. 1 Table Grapes and the following additional requirement: Of the 25 percent, by count, of the berries of each bunch which are attached to the lower part of the main stem, including laterals, at least 30 percent, by count, shall show characteristic color; or

(2) Any container of Tokay grapes, grown in the production area, unless such container bears, in plain letters and figures on one outside end, a Federal-State Inspection Service lot stamp number showing that such grapes have been inspected in accordance with the established grade set forth in this section.

(b) *Definitions.* As used herein, the terms "handler", "ship", and "production area" shall have the same meaning as when used in the amended marketing agreement and order; "U.S. No. 1 Table Grapes" and "characteristic color" shall have the same meaning as when used in the United States Standards for Table Grapes (7 CFR 51.880–51.912).

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: August 8, 1975.

D. S. KURYLOSKI,
*Acting Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.*

[FR Doc.75-21119 Filed 8-12-75;8:45 am]

## PART 948—IRISH POTATOES GROWN IN COLORADO

### Handling Regulation; Area No. 3

This regulation, designed to promote orderly marketing of Colorado Area No. 3 potatoes, imposes minimum quality standards and requires inspection of fresh shipments to keep low quality potatoes from being shipped to consumers.

Notice of rule making with respect to a proposed handling regulation to be made effective under Marketing Agreement No. 97 and Order No. 948, both as amended (7 CFR Part 948), regulating the handling of Irish potatoes grown in Colorado, Area No. 3, was published in the FEDERAL REGISTER July 18, 1975 (40 F.R. 30276). This program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.). Interested persons were afforded an opportunity to file written data, views, or arguments pertaining thereto through August 6, 1975. None was filed.

After consideration of all relevant matters presented, including the proposal set forth in the notice which was recommended by the Colorado Area No. 3 Potato Committee, established pursuant to said marketing agreement and order, it is hereby found that the handling regulation, as hereinafter set forth, will tend to effectuate the declared policy of the act.

The recommendations of the committee reflect its appraisal of the composition of the 1975 crop of Colorado potatoes and of the marketing prospects for this season. The grade, size, cleanliness and maturity requirements provided herein, which were the same as those in effect (39 F.R. 27554) through June 30, 1975, are necessary to prevent potatoes of lesser maturities, lower quality, or undesirable sizes from being distributed in fresh market channels. Also, they will provide consumers with good quality potatoes consistent with the overall quality of the crop.

Exceptions are provided to certain of these requirements to recognize special situations in which such requirements would be inappropriate or unreasonable.

Shipments may be made to certain special purpose outlets without regard to the grade, size, maturity and inspection requirements, provided that safeguards are met to prevent such potatoes from reaching unauthorized outlets. Certified seed is so exempted because requirements for this outlet differ greatly from those for fresh market. Shipments for use as livestock feed are likewise exempt. Since no purpose would be served by regulating potatoes used for charity purposes, such shipments are exempt. Also potatoes for most processing uses are exempt under the legislative authority for this part.

Potatoes for prepeeling may be handled without regard to maturity requirements since skinning of such potatoes is of no consequence.

It is hereby further found that good cause exists for not postponing the effective date of this section until 30 days after its publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) shipments of potatoes grown in the production area will begin on or about the effective date specified herein, (2) to maximize benefits to producers, this regulation should apply to as many shipments as possible during the marketing season, (3) information regarding the provisions of this regulation, which are similar to those which were in effect during the previous marketing season, has been made available to producers and handlers in the production area, and (4) compliance with this regulation will not require any special preparation on the part of persons subject thereto which cannot be completed by such effective date.

Section 948.373 is added as follows:

§ 948.373 **Handling regulation.**

During the period August 18, 1975, through June 30, 1976, no person shall handle any lot of potatoes grown in Area No. 3 unless such potatoes meet the requirements of paragraphs (a), (b) and (c) of this section, or unless such potatoes are handled in accordance with paragraphs (d), (e), or (f) of this section.

(a) *Grade and size requirements—All varieties.* U.S. No. 2 or better grade, 1⅞ inches minimum diameter or 4 ounces minimum weight. However, Size B may be handled if U.S. No. 1 or better grade.

(b) *Maturity (skinning) requirements—All varieties.* For U.S. No. 2 grade, not more than "moderately skinned," and for all other grades, not more than "slightly skinned."

(c) *Inspection.* (1) No handler shall handle any potatoes for which inspection is required unless an appropriate inspection certificate has been issued with respect thereto and the certificate is valid at the time of shipment. For purpose of operation under this part it is hereby determined pursuant to paragraph (d) of § 948.40, that each inspection certificate shall be valid for a period not to exceed five days following the date of inspection as shown on the inspection certificate.

(2) No handler may transport or cause the transportation by motor vehicle of any shipment of potatoes for which an inspection certificate is required unless each shipment is accompanied by a copy of the inspection certificate applicable thereto and the copy is made available for examination at any time upon request.

(d) *Special purpose shipments.* (1) The grade, size, maturity and inspection requirements of paragraphs (a), (b) and (c) of this section shall not be applicable to shipments of potatoes for:

(i) Livestock feed;

(ii) Charity;

(iii) Canning, freezing, and "other processing" as hereinafter defined; and

(iv) Certified seed potatoes (§ 948.6).

(2) The maturity requirements set forth in paragraph (b) of this section shall not be applicable to shipments of potatoes for prepeeling.

(e) *Safeguards.* Each handler making shipments of potatoes pursuant to paragraph (d) of this section shall,

(1) Prior to shipment, apply for and obtain a Certificate of Privilege from the committee.

(2) Furnish the committee such reports and documents as required, including certification by the buyer or receiver on the use of such potatoes, and

(3) Bill each shipment directly to the applicable buyer or receiver.

(f) *Minimum quantity.* For purposes of regulation under this part, each person may handle up to but not to exceed 1,000 pounds of potatoes per day without regard to the requirements of paragraphs (a) and (b) of this section, but this exception shall not apply to any shipment of over 1,000 pounds of potatoes.

(g) *Definitions.* The terms "U.S. No. 1," "U.S. No. 2," "Size B," "moderately skinned" and "slightly skinned," shall have the same meaning as when used in the United States Standards for Grades of Potatoes (§§ 51.1540–51.1566 of this title) including the tolerances set forth therein. The term "prepeeling" means potatoes which are clean, sound, fresh tubers prepared commercially in a prepeeling plant by washing, removing the outer skin or peel, trimming, and sorting preparatory to sale in one or more of the styles of peeled potatoes described in § 52.2422 (United States Standards for Grades of Peeled Potatoes, §§ 52.2421–52.2433 of this title). The term "other processing" has the same meaning as the term appearing in the act and includes, but is not restricted to, potatoes for dehydration, chips, shoestrings, starch, and flour. It includes only that preparation of potatoes for market which involves the application of heat or cold to such an extent that the natural form or stability of the commodity undergoes a substantial change. The act of peeling, cooling, slicing, dicing, or applying material to prevent oxidation does not constitute "other processing."

(h) *Applicability to imports.* Pursuant to § 8e of the act and § 980.1, "Import regulations" (7 CFR 980.1), round white varieties of Irish potatoes, except certified seed potatoes, imported into the United States during the period August 1–17, 1975, shall meet the U.S. No. 2 or better grade and 1½ inches minimum diameter requirements specified in § 948.126 General Cull Regulation (7 CFR 948) and during the period August 18, 1975, through June 4, 1976, shall meet the minimum grade, size, quality, and maturity requirements specified in paragraphs (a) and (b) of this section.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: August 8, 1975, to become effective August 18, 1975.

D. S. KURYLOSKI,
*Acting Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.*

## Title 14—Aeronautics and Space

## CHAPTER I—FEDERAL AVIATION ADMINISTRATION DEPARTMENT OF TRANSPORTATION

[Airspace Docket No. 75-EA-45]

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE AND REPORTING POINTS

### Alteration of Control Zone and Transition Area

On page 26685 of the FEDERAL REGISTER for June 25, 1975, the Federal Aviation Administration published a proposed rule which would alter the Hagerstown, Md., Control Zone (40 F.R. 387) and Transition Area (40 F.R. 505).

Interested parties were given 30 days after publication in which to submit written data or views. There were several objections originating from the fact that the transition area alteration would overlie Doersom Airport and Hickory Hill Farms Airport; both of Gettysburg, Pennsylvania. The amendment is altered so as to terminate the transition area 6 miles west of Charnita-Gettysburg Airport, which essentially vitiates the basis of the foregoing objections.

A further objection was received f .n The Soaring Center which sponsors sailplane operations in the subject area. The objection points out the hazard of aircraft operating IFR to Hagerstown Regional Airport and possible conflictions with sailplanes. It is opined that the area of operations would be within designated controlled airspace requiring basic VFR weather for sailplane operation which would preclude an IFR confliction.

Since the changes to the NPRM are less restrictive, further notice and public procedure are unnecessary.

In view of the foregoing, the proposed regulation is hereby adopted, effective 0901 g.m.t. October 9, 1975, as follows:

Amend Section 71.171 of Part 71 of the Federal Aviation Regulations by deleting the description of the Hagerstown, Md. Control Zone and by substituting the following in lieu thereof:

Within a 5-mile radius of the center, 39°-42'27" N., 77°43'50" W., of Hagerstown Regional Airport, Hagerstown, Md.; within 3 miles each side of the Hagerstown, Md. VOR 239° radial and 059° radial, extending from 8.5 miles southwest of the VOR to 2 miles northeast of the VOR; within 3 miles each side of the Hagerstown, Md. VOR 084° radial, extending from the 5-mile radius zone to the VOR; within 4.5 miles each side of the Hagerstown Regional Airport ILS Runway 27 localizer course, extending from the localizer to 13.5 miles east of the localizer. This control zone is effective from 0600 to 2230 hours, local time, daily.

Amend Section 71.181 of Part 71 of the Federal Aviation Regulations by deleting the description of the Hagerstown, Md. Transition Area and by substituting the following in lieu thereof:

That airspace extending upward from 700 feet above the surface within an 8-mile radius of the center, 39°42'27" N., 77°43'50" W., of Hagerstown Regional Airport, Hagerstown, Md.; within 3.5 miles each side of the Hagerstown, Md. VOR 239° radial and 059° radial, extending from 11 miles southwest of the VOR to 3 miles northeast of the VOR; within 5 miles each side of the Hagerstown Regional Airport ILS Runway 27 localizer course, extending from the localizer to 14.5 miles east of the localizer.

(Sec. 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348), sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in Jamaica, N.Y., on August 5, 1975.

L. J. CARDINALI,
*Acting Director, Eastern Region.*

[FR Doc.75-21081 Filed 8-12-75;8:45 am]

## Title 15—Commerce and Foreign Trade

## SUBTITLE A—OFFICE OF THE SECRETARY OF COMMERCE

## PART 9—PROCEDURES FOR A VOLUNTARY LABELING PROGRAM FOR HOUSEHOLD APPLIANCES AND EQUIPMENT TO EFFECT ENERGY CONSERVATION

### Definition of "Manufacturer" and List of Appliances

By notice issued in the FEDERAL REGISTER February 19, 1975 (40 FR 7099), the Department of Commerce announced its intention to amend Part 9 of Title 15, Code of Federal Regulations, providing Procedures for a Voluntary Labeling Program for Household Appliances and Equipment to Effect Energy Conservation.

Two amendments were proposed. The first proposed amendment would revise the definition of the term "manufacturer" to clarify the intention of the Department to include private brand labelers within that term. The second proposed amendment would revise the list of appliances and equipment covered by the Program to include television receivers.

Interested persons were afforded until March 21, 1975, to submit to the Assistant Secretary for Science and Technology written comments or suggestions relative to the proposed amendments. Only one letter of comment was received, and it is available for public inspection at the Department's Central Reference and Records Inspection Facility, Room 7068, Main Commerce Building, 14th Street between Constitution Avenue and E Street N.W., Washington, D.C. 20230. The letter of comment discussed the impracticality of attempting to measure the efficiency of television receivers because of the difficulty of assigning quantitative values to their output (picture and sound) in an objective manner. The letter suggested that television receivers should be in the Program, but should be rated in terms of energy consumption rather than efficiency in the engineering sense. These suggestions are in complete agreement with the present intentions of the Department of Commerce with regard to the labeling of television receivers, so the letter of comment is not considered in opposition to the issuance of the proposed amendments.

In consideration of the foregoing, Part 9 of Title 15, Code of Federal Regulations, is hereby amended as follows:

1. By revising paragraph (b) of § 9.2 to read as follows:

**§ 9.2 Definitions.**

• • • • • •

(b) The term "manufacturer" means any person engaged in the manufacturing or assembling of new appliances or equipment in the United States, or in the importing of such products for sale or resale, or any person whose brand or trademark appears on such products who owns such brand or trademark and has authorized its use on such products, if the brand or trademark of the person actually manufacturing or assembling the products does not appear on the products.

• • • • • •

2. By revising the first sentence of § 9.3 to read as follows:

**§ 9.3 Appliances and equipment included in program.**

The appliances and equipment included in this program are room and central air conditioners, household refrigerators, home freezers, clothes washers, dishwashers, clothes dryers, kitchen ranges and ovens, water heaters, comfort heating equipment, and television receivers.

• • • • • •

*Effective Date*—These amendments shall become effective September 12, 1975.

(Sec. 2, 31 Stat. 1449, as amended, sec. 1, 64 Stat. 371; 15 U.S.C. 272, Reorganization Plan No. 3 of 1946, Part VI; Message From the President of the United States Concerning Energy Resources, April 18, 1973 (119 Cong. Rec. H2886); 15 CFR Part 9)

Issued: August 6, 1975.

BETSY ANCKER-JOHNSON,
*Assistant Secretary for Science and Technology.*

## Title 16—Commercial Practices

## CHAPTER I—FEDERAL TRADE COMMISSION

## PROCEDURES AND RULES OF PRACTICE

### Trade Regulation Rulemaking Authority

The Commission announces the following rules, which are effective August 13, 1975, to implement further its trade regulation rulemaking authority pursuant to Public Law 93-637. Sections 1.11 and 1.13, which were promulgated on April 4, 1975 (40 FR 15232) are amended by these rules. Sections 1.12 through 1.20, which were proposed by the Commission on April 4, 1975 (40 FR 15237-15239) are promulgated with certain changes. Sections 3.2, 3.13(a), 3.21 (a)(5) and 4.9(b)(5) are amended to correct cross-references to new and renumbered rules.

### PART 1—GENERAL PROCEDURES

1. Subpart B (§ 1.11 through § 1.20) is revised to read as follows:

**Subpart B—Rules and Rulemaking Under Section 18(a)(1)(B) of the FTC Act As Amended by Public Law 93-637**

Sec.
1.11 Initial notice.
1.12 Final notice.
1.13 Rulemaking proceeding.
1.14 Promulgation.
1.17 Compensation for representation in rulemaking proceedings.
1.18 Public availability of rulemaking record.
1.19 Modification of a rule by the Commission at the time of judicial review.
1.20 Expeditious procedure.

AUTHORITY: (Sec. 6, 38 Stat. 721 (15 U.S.C. 46); sec. 18(a)(1)(B), 88 Stat. 2193 (15 U.S.C. 57a); sec. 552, 80 Stat. 378 (5 U.S.C. 552))

**Subpart B—Rules and Rulemaking Under Section 18(a)(1)(B) of the FTC Act As Amended by Public Law 93-637**

**§ 1.11 Initial notice.**

A trade regulation rule proceeding shall commence with an initial notice of proposed rulemaking. Such notice shall be published in the FEDERAL REGISTER and, to the extent practicable, otherwise made available to interested persons. The initial notice shall include: (a) the terms or substance of the proposed rule or a description of the subjects and issues involved; (b) reference to the legal authority under which the rule is proposed; (c) a statement describing with particularity the reason for the rule; (d) an invitation to all interested persons to propose issues which meet the criteria of § 1.13(d)(1)(i) for consideration in accordance with §§ 1.13(d)(5) and (d)(6); and (e) an invitation to all interested persons to comment on the proposed rule.

**§ 1.12 Final notice.**

A final notice of proposed rulemaking shall be published in the FEDERAL REGISTER, and to the extent practicable, otherwise made available to interested persons. The final notice shall include: (a) designated issues, unless there are none, which are to be considered in accordance with §§ 1.13(d)(5) and (d)(6); (b) the time and place of an informal hearing; (c) instructions to interested persons seeking to make oral presentations; (d) a requirement that interested persons who desire to avail themselves of the procedures of §§ 1.13(d)(5) and (d)(6) with respect to any issue designated in (a) above must identify their interests with respect to those issues in such manner as may be established by the presiding officer; and (e) an incorporation by reference of the contents of the initial notice.

**§ 1.13 Rulemaking proceeding.**

(a) *Written comments.* After commencement of a trade regulation rule proceeding, the Commission shall accept written submissions of data, views, and arguments on all issues of fact, law, and policy. Written comments other than under subsection (b) of this section shall be accepted until forty-five (45) days before commencement of the informal hearing.

(b) *Comments proposing issues subject to the procedures of §§ 1.13(d)(5) and (d)(6).* Written comments which propose issues for consideration in accordance with §§ 1.13(d)(5) and (d)(6) shall be accepted for a period of sixty (60) days after publication of the initial notice, or such other period as the Commission may establish in the initial notice.

(c) *Presiding officer.* Upon commencement of a proposed trade regulation rule proceeding, a presiding officer shall be appointed by the Special Assistant Director for Rulemaking, Bureau of Consumer Protection or, when the Commission or one or more of its members serves as presiding officer, by the Commission.

(1) *Powers of the presiding officer.* The presiding officer shall be responsible for the orderly conduct of the rulemaking proceeding. He shall have all powers necessary to that end including the following: (i) to publish a final notice in accordance with § 1.12 or issue any other public notice that may be necessary for the orderly conduct of the rulemaking proceeding; (ii) to designate or modify, issues for consideration in accordance with §§ 1.13(d)(5) and (d)(6); (iii) to set the time and place of the informal hearing and to change any time periods prescribed in this subpart; (iv) to prescribe rules or issue rulings to avoid unnecessary costs or delay. Such rules or rulings may include, but are not limited to, the imposition of reasonable time limits on each person's oral presentation; and requirements that any examination; including cross-examination, which a person may be entitled to conduct or have conducted be conducted by the presiding officer on behalf of that person in such a manner as the presiding officer determines to be appropriate and to be required for a full and true disclosure with respect to any issue designated for consideration in accordance with §§ 1.13(d)(5) and (d)(6); (v) to make rules and rulings limiting the representation of interested persons for the purpose of examination, including cross-examination, and governing the manner in which such examination is limited, including the selection of a representative from among a group of persons with the same or similar interests; (vi) to compel the attendance of persons or the production of documents or to obtain responses to written questions; (vii) to require that oral presentations at the informal hearing or responses to written questions be under oath, (viii) to require that oral presentations at the informal hearing be submitted in writing in advance of presentation; and (ix) to certify questions to the Commission for its determination.

(2) *Review of rulings by the presiding officer.*—(i) *Review after certification by the presiding officer.*—Except as otherwise provided in subsection (ii), applications for review of a ruling will not be entertained by the Commission prior to its review of the record pursuant to § 1.14, unless the presiding officer certifies in writing to the Commission that a ruling involves a controlling question of law or policy as to which there is substantial ground for difference of opinion and that an immediate review of the ruling may materially advance the ultimate termination of the proceeding or subsequent review will be an inadequate remedy. Within five (5) days after a ruling by the presiding officer, any interested person may petition to presiding officer for certification of that ruling to the Commission. Certification of a ruling shall not stay the rulemaking proceeding unless the presiding officer or the Commission shall so order. Within five (5) days after the presiding officer's certification of a question to the Commission for its determination any interested person may file an application for review, not to exceed fifteen (15) pages. Submissions by other interested persons, not to exceed fifteen (15) pages may be made within ten (10) days of the presiding officer's certification. All such filings shall be a part of the rulemaking record. The Commission may thereupon, in its discretion, permit the appeal. Commission review, if permitted, will be based on the application for review and any additional submissions, without oral argument or further briefs, unless otherwise ordered by the Commission.

(ii) *Review without certification by the presiding officer.*—Within ten (10) days after publication of the final notice, any interested person may petiiton the Commission for addition, modification or deletion of a designated issue, accompanied by a filing not to exceed fifteen (15) pages. Additional submissions on the issue by other interested persons, not to exceed fifteen (15) pages may be made within twenty (20) days of the publication of the final notice. The Commission may thereupon, in its discretion, permit the appeal. Commission review, if permitted, will be based on the petition and any additional submissions, without oral argument or further briefs, unless otherwise ordered by the Commission. A petition hereunder shall not stay the rulemaking proceeding unless the presiding officer or the Commission shall so order. All petitions filed under this subsection shall be a part of the rulemaking record. Notice of the filing of any such petition may be obtained from the Office of the Secretary of the Commission. In the event any designated issue is added or substantially modified by the Commission, interested persons shall be given a further opportunity to identify their interests with respect to those issues.

(d) *Informal hearings.* An informal hearing with the opportunity for oral presentations on all issues shall be conducted by the presiding officer. In addition, if an issue is designated pursuant to these rules for consideration in accordance with §§ 1.13(d)(5) and (6), the informal hearing on such issues shall be conducted in accordance with those subsections. For all other issues the presiding officer may in his discretion employ, in whole or in part, the procedures of those subsections.

(1) *Nature of issues for consideration in accordance with §§ 1.13(d)(5) and (d)(6).*—(i) *Issues that must be considered in accordance with §§ 1.13(d)(5) and (d)(6).* The only issues that must be designated for consideration in accordance with subsections (d)(5) and (d)(6) of this section are disputed issues of fact, that are determined by the Commission or the presiding officer to be material and necessary to resolve.

(ii) *Issues that may be considered in accordance with §§ 1.13(d)(5) and (d)(6).* The Commission and the presiding officer retain the power to designate any other issues for consideration in accordance with subsections (d)(5) and (d)(6) of this section.

(2) *Addition or Modification of issues for consideration in accordance with §§ 1.31(d)(5) and (d)(6).* The presiding officer may at any time on his own motion or pursuant to a written petition by interested persons, add or modify any issues designated pursuant to § 1.12(a). No such petition shall be considered unless good cause is shown why any such proposed issue was not proposed pursuant to § 1.13(b).

(3) *Identification of interests.* Not later than twenty (20) days after publication of the final notice each interested person who desires to avail himself of the procedures of subsections (d)(5) and (d)(6) of this section shall notify the presiding officer in writing of his particular interest with respect to each issue designated for consideration in accordance with those subsections. In the event that new issues are designated, each interested person shall promptly notify the presiding officer of his particular interest with respect to each such issue.

(4) *Examination and cross-examination by the presiding officer.* The presid-

ing officer may conduct any examination, including cross-examination, to which a person may be entitled. For that purpose he may require submission of written requests for presentation of questions to any person making oral presentations and shall determine whether to ask such questions or any other questions. All requests for presentation of questions shall be placed in the rulemaking record.

(5) *Examination, cross-examination, and the presentation of rebuttal submissions by interested persons*—(i) *In general.* The presiding officer shall conduct or allow to be conducted examination, including cross-examination of oral presentations and the presentation of rebuttal submissions relevant to the issues designated for consideration in accordance with subsections (d)(5) and (d)(6) of this section. Examination, including, cross-examination, and the presentation of rebuttal submissions, shall be allowed to the extent to which it is appropriate and is required for a full and true disclosure with respect to those issues.

Requests for an opportunity to examine, including cross-examine, or to present rebuttal submissions, shall be accompanied by a specific justification therefor. In determining whether or not to grant such requests, the presence of the following circumstances indicate that such requests should be granted:

(A) An issue for examination including cross-examination, or the presentation of rebuttal submissions, is an issue of specific, in contrast to legislative fact.

(B) A full and true disclosure with respect to the issue can only be achieved through examination including cross-examination rather than through rebuttal submissions or the presentation of additional oral submissions.

(C) Circumstantial guarantees of the trustworthiness of a presentation do not exist.

(D) The particular presentation is required for the resolution of a designated issue.

(ii) *Selection of representatives for cross-examination.* After consideration of the information supplied in response to the final notice, the presiding officer shall identify groups of persons with the same or similar interests in the proceeding. Such groups may be required to select a single representative for the purpose of examination, including cross-examination. If a group is unable to select a representative then the presiding officer may select a representative of each such group.

(iii) *Inability to select representative for examination, including cross-examination.* No person shall be denied the opportunity to conduct or have conducted, examination, including cross-examination, under subsection (d)(5)(i) of this section if he is a member of a group as described in subsection (d)(5)(ii) of this section and is unable to agree upon group representation with other group members after a good faith effort to do so and seeks to present substantial and relevant issues which will not be adequately presented by the group representative. In that event he shall be allowed to conduct or have conducted any examination, including cross-examination, to which he is entitled on issues designated for consideration in accordance with subsections (d)(5) and (d)(6) of this section and which affect his particular interest.

(6) *Requests to compel the attendance of persons or the production of documents or to obtain responses to written questions.* During the course of the rulemaking proceeding the presiding officer shall entertain requests from interested persons to compel the attendance of persons or the production of documents or to obtain responses to written questions on behalf of the Commissions' staff or any interested person. The presiding officer may require the payment of a fee to any person to whom such requests are directed in accordance with § 4.5 of this Chapter. Requests to compel the attendance of persons or the production of documents or to obtain responses to written questions shall contain a statement showing the general relevancy of the material, information or presentation, and the reasonableness of the scope of the request, together with a showing that such material, information or presentation is not available by voluntary methods and cannot be obtained through examination, including cross-examination, of oral presentations or the presentation of rebuttal submissions, and is appropriate and required for a full and true disclosure with respect to the issues designated for consideration in accordance with subsections (d)(5) and (d)(6) of this section. The Commission may, on its own motion, review a determination of the presiding officer under this subsection which requires the production of confidential Commission records or the appearance of an official or employee of the Commission or another government agency.

(e) *Written transcript.* A verbatim transcript shall be made of the informal hearing which transcript shall be placed in the rulemaking record.

(f) *Summary and findings.* After the close of the informal hearing, the presiding officer shall prepare a summary of the record, both written and oral, relating to the issues designated for consideration in accordance with subsections (d)(5) and (d)(6) of this section and make initial factual findings and conclusions as to these issues and other findings and conclusions as he sees fit.

(g) *Staff recommendations.* The staff shall make recommendations to the Commission in a report based on the rulemaking record and taking into account the presiding officer's findings of fact. Such report shall contain its analysis of the record and its recommendations as to the form of the final rule.

(h) *Post record comment.* The findings and conclusions of the presiding officer as well as the staff report shall be the subject of public comment for a period of sixty (60) days after the staff recommendations are placed in the rulemaking record. Such comments shall be confined to information already in the record and may include requests for review by the Commission of determinations made by the presiding officer.

**§ 1.14 Promulgation.**

(a) The Commission shall review the rulemaking record including the summary, findings, and conclusions of the presiding officer as to the issues designated for consideration in accordance with §§ 1.13 (d)(5) and (d)(6), the verbatim transcript of the informal hearing, the report and recommendations of the staff and any public comments thereon, to determine what form of rule, if any, it should promulgate. The Commission may issue, modify, or decline to issue any rule. Where it believes that it should have further information or additional views of interested persons as to the form and content of the rule, it may withhold final action pending the receipt of such additional information or views. If it determines to issue a rule, it shall adopt a Statement of Basis and Purpose to accompany the rule. If it determines not to issue a rule, it may adopt and publish an explanation for not doing so. The Statement of Basis and Purpose to accompany a rule promulgated under this subpart shall include (1) a statement as to the prevalence of the acts or practices treated by the rule, (2) a statement as to the manner and context in which such acts or practices are unfair or deceptive, and (3) a statement as to the economic effect of the rule, taking into account the effect on small businesses and consumers.

(b) In the event the Commission determines, upon its review of the rulemaking record, to propose a revised rule for further proceedings in accordance with this subpart, such proceedings, including the opportunity of interested persons to avail themselves of the procedures of §§ 1.13 (d)(5) and (d)(6), shall be limited to those portions of the revised rule, the subjects and issues of which were not substantially the subject of comment in response to a previous notice of proposed rulemaking.

(c) The final rule and Statement of Basis and Purpose shall be published in the FEDERAL REGISTER not less than thirty (30) days prior to the effective date of the rule except where the Commission for good cause found and published with the rule sets an earlier effective date.

**§ 1.17 Compensation for representation in rulemaking proceedings.**

(a) *Purpose of compensation.* The Commission may provide compensation for reasonable attorneys fees, expert witness fees and other costs of participation, including costs necessary for the preparation of oral or written presentations, to any person who has or represents an interest which would not otherwise be adequately represented in a rulemaking proceeding, and representation of which is necessary for a fair determination of the rulemaking proceeding taken as a whole, and who is unable effectively to participate in such proceeding because such person cannot afford to pay costs of making oral presentations, conducting cross-examination, and making rebuttal submissions in such proceeding.

(b) *Level of funding.* At or after the time of the initial notice of proposed rulemaking, the Commission may announce a tentative total level of funding for compensation for participation in that proceeding.

(c) *Applications.* An application for compensation for participation in a rulemaking proceeding may be filed at any time after the publication of the initial notice of proposed rulemaking. An application for compensation shall be filed prior to the time when the costs for which compensation is sought are incurred. Such application shall contain the following:

(1) A description of the interest the applicant has or represents in the rulemaking proceeding;

(2) A statement of the reasons representation of such interest is necessary for a fair determination of the proceeding taken as a whole;

(3) Insofar as possible, the reasons why such interest would not otherwise be adequately represented in the proceeding;

(4) A statement of the reasons the applicant is unable effectively to participate in the rulemaking proceeding without financial assistance including information relating to:

(i) The economic stake of the interest involved as compared with the costs of participation;

(ii) The feasibility of contributions to the costs of participation by individual representatives of the interest;

(iii) The resources of the applicant, or of the interest represented by the applicant;

(5) Insofar as possible, a specific statement of the expenses to be incurred for which compensation is sought, including an estimate of the total anticipated expenses; and

(6) A statement of the applicant's organizational and financial status in such form as the Commission may prescribe.

(d) *Determination of applications*—(1) *By the presiding officer.* The presiding officer shall consider applications for compensation filed under this section and forward initial findings to the Director of the Bureau of Consumer Protection as to whether the applicant meets the criteria of paragraph (a) of this section. In determining whether the representation of an interest is necessary for a fair determination of the proceeding taken as a whole, the presiding officer shall consider, among other factors, the number and complexity of the issues involved and the importance of a fair, balanced representation of all interests. In determining whether an applicant can afford to pay the costs of participation, the presiding officer shall consider, among other factors, the size of the economic stake of the interest involved as compared with the costs of participation; the resources of the applicant; and the feasibility of obtaining contributions from other parties who share the applicant's interest. In connection with his determination the presiding officer may conduct such inquiry of the applicant or require the production of such documents as he deems necessary.

(2) *By the Director of the Bureau of Consumer Protection.* The Director of the Bureau of Consumer Protection shall review applications and the initial findings of the presiding officer and determine, in his discretion, to what extent compensation shall be authorized under this section.

(e) *Payment of compensation*—(1) *In general.* The Commission will compensate the applicant only for those authorized expenses actually incurred. Appropriate proof of actual expenditures may be required by the Commission. The Commission may make any payments under this section in advance where necessary to permit effective participation in the rulemaking proceeding. Payment will be conditioned upon the execution by the applicant of an appropriate agreement setting forth the terms and conditions of the compensation.

(2) *Attorneys' fees; expert witness fees.* Attorneys' fees at a rate in excess of $50 per hour will be considered presumptively unreasonable and compensation will not be provided for such excess in the absence of special justification. Experts and consultants will be compensated at a rate not to exceed the highest rate at which experts and consultants to the Commission are compensated.

**§ 1.18 Public availability of rulemaking record.**

(a) *Rulemaking record.* For the purposes of these rules the term "rulemaking record" includes the rule, its Statement of Basis and Purpose, the verbatim transcript of the informal hearing, written submissions, the summary and findings of the presiding officer and the staff recommendations as well as any public comment thereon, and any other information which the Commission considers relevant to the rule.

(b) *Public availability of written submissions.* Written submissions commenting on the proposed rule as well as the verbatim transcript of the informal hearing, shall be made publicly available except when the presiding officer, for good cause shown, determines that it is in the public interest to allow any such submissions to be received *in camera* subject to the provisions of § 4.11 of this Chapter.

**§ 1.19 Modification of a rule by the Commission at the time of judicial review.**

In the event that a reviewing court determines under section 18(e)(2) of the Federal Trade Commission Act, as amended by Public Law 93-637, to allow further submissions and presentations on the rule, the Commission may modify or set aside its rule or make a new rule by reason of the additional submissions and presentations. Such modified or new rule shall then be filed with the court together with an appropriate Statement of Basis and Purpose and the return of such submissions and presentations.

**§ 1.20 Expeditious procedure.**

Any or all of the procedures established in this subpart may be dispensed with by the Commission, to the extent that they are not otherwise required by law, when it finds, for good cause, that such procedures are impractical, unnecessary, or contrary to the public interest. In that case the Commission shall publish with the rule or amendment a brief statement of its reasons for dispensing with any such procedures.

---

## PART 3—RULES OF PRACTICE FOR ADJUDICATIVE PROCEEDINGS

2. Sections 3.2, 3.13, and 3.21(a)(5) are revised to read as follows:

**§ 3.2 Nature of adjudicative proceedings.**

Adjudicative proceedings are those formal proceedings conducted under one or more of the statutes administered by the Commission which are required by statute to be determined on the record after opportunity for an agency hearing. The term includes hearings upon objections to orders relating to the promulgation, amendment, or repeal of rules under sections 4, 5 and 6 of the Fair Packaging and Labeling Act. It does not include other proceedings such as negotiations for the entry of consent orders; investigational hearings as distinguished from proceedings after the issuance of a complaint; hearings for the purpose of inquiring into the manner and extent of compliance with outstanding orders; proceedings for the promulgation of industry guides or trade regulation rules; proceedings for fixing quantity limits under section 2(a) of the Clayton Act; investigations under section 5 of the Export Trade Act; rulemaking proceedings under the Fair Packaging and Labelling Act up to the time when the Commission determines under § 1.26(g) of this chapter that objections sufficient to warrant the holding of a public hearing have been filed; or the promulgation of substantive rules and regulations, determinations of classes of products exempted from statutory requirements, the establishment of name guides, or inspections and industry counseling, under sections 4(d) and 6(a) of the Wool Products Labeling Act of 1939, sections 7, 8(b), and 8(c) of the Fur Products Labeling Act, and sections 7(c), 7(d), and 12(b) of the Textile Fiber Products Identification Act.

**§ 3.13 Adjudicative hearing on issues arising in rulemaking proceedings under the Fair Packaging and Labeling Act.**

(a) *Notice of hearing.* When the Commission, acting under § 1.26(g) of this chapter, determines that objections which have been filed are sufficient to warrant the holding of an adjudicative hearing in rulemaking proceedings under the Fair Packaging and Labeling Act, or when the Commission otherwise determines that the holding of such a hearing would be in the public interest, a hearing will be held before an Administrative Law Judge for the purpose of receiving evidence relevant and material to the issues raised by such objections or other issues specified by the Commission. In such case the Commission will pub-

lish a notice in the FEDERAL REGISTER containing a statement of:

(1) The provisions of the rule or order to which objections have been filed;

(2) The issues raised by the objections or the issues on which the Commission wishes to receive evidence;

(3) The time and place for hearing, the time to be at least thirty (30) days after publication of the notice; and

(4) The time within which, and the conditions under which, any person who petitioned for issuance, amendment, or repeal of the rule or order, or any person who filed objections sufficient to warrant the holding of the hearing, or any other interested person, may file notice of intention to participate in the proceeding.

**§ 3.21 Prehearing conferences.**

• • • • • •

(a) • • •

(5) Matters of which official notice will be taken and matters which may be resolved by reliance upon trade regulation and other rules pursuant to §§ 1.8, 1.22 (c) of this chapter; and

• • • • • •

## PART 4—MISCELLANEOUS RULES

3. Section 4.9(b)(5) is revised to read as follows:

**§ 4.9 Public records.**

• • • • • •

(b) • • •

(5) Petitions filed with the Secretary of the Commission for the promulgation or issuance, amendment, or repeal of industry guides and of rules or regulations within the scope of §§ 1.7 and 1.21 of this chapter, including petitions for exemptions, or for any other Commission action disclosure of which would not be inconsistent with the general policy established by § 2.2(d) of this chapter;

• • • • • •

(Sec. 6, 38 Stat. 721 (15 U.S.C. 46); sec. 18(a)(1)(B), 88 Stat. 2193 (15 U.S.C. 57a); sec. 552, 80 Stat. 378 (5 U.S.C. 552))

Issued by direction of the Commission dated July 29, 1975.

CHARLES A. TOBIN,
*Secretary.*

### Title 17—Commodity and Securities Exchanges

### CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

[Release No. IC-8878, File No. S7-562]

## PART 270—RULES AND REGULATIONS, INVESTMENT COMPANY ACT OF 1974

### Variable Annuities; Adoption of Exemptive Rule

On April 30, 1975, the Securities and Exchange Commission published notice that it had under consideration the adoption of Rule 22d-3 [17 CFR 270.22d-3] and an amendment to Rule 0-1(e) [17 CFR 270.0-1(e)] under the Investment Company Act of 1940 [15 U.S.C. 80a-1 et seq.] ("Act") and invited all interested persons to submit their views and comments on the proposal.[1] The Commission has considered all of the comments and suggestions received and has determined to adopt Rule 22d-3 and the amendment to Rule 0-1(e) in the form set forth below. Rule 22d-3 and the amendment to Rule 0-1(e) are adopted pursuant to the authority granted to the Commission by Sections 6(c), 22(d), and 38(a) [15 U.S.C. 80a-6(c), 80a-22(d), and 80a-37(a)] of the Act.
